THE

RABBLE UNDERGROUND

DEDICATED TO STATES' RIGHTS...

no longer will our right to trample upon the rights of others be trampled upon...

VOLUME I NUMBER 1

MARCH 1964

WHITE MAN

Awarded monthly to those white men in Mississippi who have proven themselves to be stalwart men of vision and intelligence. Among past recipients of the Award are Baron La Beckmit, Charles Ills of the Jackson CARRION-WEDGER and Freddy Boss of the welfare department. We will continue to recognize men like these who are outstanding personalities in their respective fields.

This month we are pleased to award the honor of White Man of the Month to a distinguished member of the state legislature, Representative Weak of Porupa, Mississippi. Representative Weak was selected by the judges in recognition of his efforts to place illegitimacy on an illegal basis.

The bill introduced by Mr. Weak in the House would make the birth of more than one illegitimate child a felony. This felony would be punished, under his bill, by either three years imprisonment in the state penitentiary or sterilization of the offending parent - presumably the mother, since the child would not be illegitimate if the father could be found.

As introduced, the bill has been lauded by fellow legislators and prominent lawyers as being "tolerant and fair." Spurred on by the enthusiasm created by the bill, Representative Weak now has plans afoot to amend it slightly in order to go a few steps further in this area, in order to promote the general welfare of the citizens of the state.

Representative Weak stated to the awards committee that he and Representative Earl Mammon from South Mississippi were now drafting several proposed amendments. He explained that the bill now only punishes the results of unlawful cohabitation. He said that he felt a slight increase in the authority of the expanded police powers bill asked by the governor would enable the state to set up a special department that could get

OF THE MONTH

to the very root of the problem.

On further questioning, Representative Weak declared that a department for the investigation of suspected illegal procreation could be created. His plans call for the head of the department to be appointed by the governor for a two-year term of office. The department, officially known as the Police Examiners for Errant Procreation (PEEP), would be empowered to make investigations into suspected violators and to apprehend and bring to trial these enemies of society. The crime of illegal procreation would be punishable as a felony. The burden of proof would fall on the defendant to show non-intent to procreate. It has been suggested that the punishment of first offenders would be a one-week all expense paid trip to Sunflower County, Mississippi and the second offense would bring a two-week trip into Humphreys County. A third offense would constitute a ruling of habitual procreation. The offender would be held at the University Medical Center in Jackson to be used for lung, heart, and brain transplants for experimental purposes, in lieu of a shortage of prisoners from the state penitentiary.

Ideas for a special school in the new police academy for the PEEP department were also revealed. It was quite self-evident that advanced criminology methods would be needed to catch this latest loathsome criminal. Advanced courses in Kama Sutra and Kinsey Reports would be offered to those outstanding officers who show special promise in this field. A knowledge of sensitive electronic devices would also be required.

These thoughtfully laid-out plans were essentially the brainchild of Representative Weak, with invaluable assistance from Representative Mammon. We are sure that Mississippians will feel a new burst of pride for their American Way of Life

WHITE MAN OF THE MONTH (continued)
and guardian of our precious liberties.
Again, we salute you... Representative
Weak! Your type of vision is what has
made and kept Mississippi great!

THE PASSING SEEN

Politics today is a pale imitation of its
former excellence. Our Pa's remember
back in '17 when Vardaman was running for
office - that he once had himself towed
into Jackson clad in solid white, by
twelve solid white oxen, surrounded by
numerous vestal virgins.

O SOVEREIGNTY

O Sovereign State!
Dear Homeland!
Stand ye firm in these crisis days.
Let not Truth confuse thee;
God is on our side...

Seems to us that if the campus administra-
tion would get smart, they would take
their requests for appropriations...not
Hat in Hand to the Legislature...but with
drama, thusly:

O Sons of Mississippi...
Remember your mothers!
Remember your fathers and
grandfathers.
Remember your greatgrandfathers
and great aunts.
Remember and salute...

WHY NOT stage a pageant...re-enacting uh
annually the glory and honor of Ole Miss
students as they took their stand against
federal rape of the campus?

How, in this wilderness, they sowed
And we reap what they sowed.
It is all for us, the Sovereign
State
Of flowing rivers and happy
Delta land.

The law students and future state politi-
cians could play SOUTHERN TRADITION, nobly
defended by the flower of southern manhood

AH...but where would we get marshals???

Across thy fertile plains,
tell mansions rise;
Built with foresight and gentility
Every tiny crumbling shack
has a flowering rose bush.
We are an happy people.

REPRINTED FROM GARRION WEDGER, March 17
quite without permission...

Dear Editor:
My heart is filled with pride and hope
after reading the excerpts from the "Rebel
Underground" papers from Millsaps and Ole
Miss in Mr. Hill's column. It is good to
know we have youth who are dedicated
enough to speak out their beliefs and to
expose those persons who are seemingly
trying to destroy even our belief in God.
It is sad to think that we have to depend
on our young people to initiate and fight
this fight for our adults who are either
afraid of what someone might think of
them or too busy with selfish trivial
things to be concerned.

O Sovereign State; pure and white.
O Sovereign State, where might...
makes right.
O Mississippi...our words are trite
But Thou art precious in his sight.

I am very proud of the students who are
risking so much to expose these facts and
sincerely hope and pray that all adults
will join them in ridding these two
schools of these professors. I only wish
I knew of something more I could do to
actively join in the fight."

Overheard in Dr. Silver's classroom and
dutifully reported to the white citizens
council:

"If Vandenburg wants to see what a
real undernourished junior college looks
like, he should see Rust."

"I am a member of the rabble...in
good standing."
-Hitler

from the pen of Johnny Rab...

Now that the liberty amendment is sure to pass, giving private enterprize a crack a federal boondoggles, we can see already the line forming for purchase of the TVA, the Post Office, etcetera.

BUT Johnny Rab's been saving his coins to purchase a little curio that has glittered in his mind's eye for some time now: THE F B I

BECAUSE the FBI would compete with the JUSTICE DEPARTMENT, which he assumes would be grabbed up by PBJ for a song, and naturally wishing to avoid any conflict with hose boys, he would use his newly purchased toy to investigate certain Goin's On at Ole Miss.

THE CAMPUS HANKY PANK is not news any more. A certain intrepid journalist in the capitol, ever vigilante, has exposed the role of the administration in the Howard K. Smith "infamy."

NATURALLY all us Right Thinkers assumed they would fire those responsible for the "black mark" on our fair institution. We anticipated the yelling and kicking and trying to hide behind ACADEMIC FREEDOM AND INDEPENDENCE FROM POLITICS.

WHO CARES if the accrediting board takes away our accredited status and makes our degrees worthless? Or if the Medical School, which even some Yankees admit is one of the best, is destroyed because of state politics? We never want to leave Mis'sippi anyhow.

NAW. We don't need accredited colleges. There aren't but one or two accredited Negro colleges. The State will take care of that in time and then nobody will have accredited colleges. That will be fine. We demand separate but equally non-accredited.

This brings ole Rab right back to the point. Since PBJ'S Man on Campus couldn't get to the bottom of the dastardly deed, this looks like a job for Super-Fed.

AND IF we are judicious, boys, private enterprise...that's us...can gain control of the FBI. We can then clean up this campus and go ahead with our normal carefree pursuits of drinkin', fraternizin' and jes' general liberty-lovin'.

yores.....JOHNNY RAB

LET THE CHIPS FALL

Alas! Where will it end? First, the faculty. Then, the administration. Now, the students - defacing our campus reputation.

How many of you innocents know that the Journeymen, so warmly praised by no less a vessel of truth than the Mississippian and cancelling out their appearance at Ole Miss March 19, were also the first in a series of entertainers who cancelled engagements in Jackson because of segregated seating policy?

Recollect that it was around last Thanksgiving when the Journeymen, along with Glenn Yarborough, et. al., instead of performance as scheduled in Jackson, went about 8 miles north to the Mix. And, we hear, a good time was had by all.

Nice work, ASB. We always knew that beneath that bluff exterior beats a heart as pure as Silver.

PLEASE...O PLEASE...BROTHER RABBIT

As R. U. goes to press, we contemplate our future in Mississippi belles-lettres.

Will we receive recognition as budding young Mississippi Authors, and take the consequences of our proper place in the Mississippi Room?

We frankly feel a little wistful about the prospects of Arrival. Trapped, what? By a giant man-eating plant, yes...we are to be like a tiny insect...inside the hot house? Like all hardy perennials who hope to survive unstunted, we prefer the fresh air...of the outside.

TO TELL THE TRUTH, we are nervous because fame may come too soon and spoil what might have been a promising literary future.

THE RABBLE UNDERGROUND

Charlie Hill down in Jackson has said better than anybody, why the Underground has to stay underground. It's because... we are an unpopular minority.

The minority always has to respect the rights of the majority.

SO, EVEN IN MISSISSIPPI, where there is free speech and all that, you can't just go around saying and thinking things the majority don't like. Out of respect for THE MAJORITY, we'll stay Right where we are. (Besides, what do you take us for??? Idiots???????)
