

## **A little joy drizzles**

A little joy drizzles  
on the windows  
blue light shines through  
hitting the windowsill  
and she's there  
and it's all  
blue

ireless, azure  
the happiest kind of blue  
an aquarium,  
clear sky,  
open ocean  
Miles Davis  
kind of blue;

Iris, Aster,  
oceans and seas  
and Pluto and Neptune  
a cool, whispering breeze  
washes over your face  
and blue light shines through  
rain beats against walls

deep, joyful  
blue
