# REPORT OF SECRETARY OF STATE

OFFICE OF SECRETARY OF STATE,

JACKSON, MISS., October 1, 1911.

*Hon. E. F. Noel,*

*Governor of the State of Mississippi.*

DEAR SIR: I have the honor to submit for your consideration, in compliance with the law, and for such recommendations as you may deem fit to make to the Legislature of the State of Mississippi, my report of the transactions of my department covering the period from October 1st, 1909, the date of my last report, to June 30th, 1911, inclusive.

This report is more comprehensive than heretofore, due to the fact that I have incorporated in it much statistical matter, of considerable reference value, and for which I find there is a widespread public demand.

The Code of 1906 made a radical departure from the old law governing the creation of corporations by incorporating a provision which requires all new corporations to make reports of their organization to this office within 30 days after organizing, otherwise the charters become null and void. Because of this provision and its vital consequence to corporations created under the law and to persons having business dealings with them, I have deemed it advisable to incorporate in my report a complete roster or list of all corporations created since the Code of 1906 became effective, listing separately those which made their reports of organization and those which failed to make such reports.

The report also contains a full list of all the various county and county-district officers, District Attorneys and State Officials, nominated by the primary elections throughout the State last August, and the usual roster of Congressmen, officers, and trustees of the various State institutions, public boards, and commissions of all kinds; a roster of the municipal officers of the various municipalities reporting their officers to this office under the Municipal Chapter of the Code; a roster of the Judiciary of the State, of the county boards of election commissioners, notaries public, etc.

Part of this report has been delayed in order to get a full report of the official returns of the two primary elections held in August, by counties, and a separate compilation of the vote for United States Senator and Lieutenant-Governor, by Congressional Districts.

It was my desire to include the population statistics showing population of the State by counties as enumerated by the United States Census of 1910, but I am advised by the Census Department at Washington that these figures are not obtainable at this time.

The collection and arrangement of this array of statistical matter, though not entailing any additional expense on the office, has not been unattended by considerable trials and difficulties, but I think it will be found well worth the trouble and labor of its preparation.

The records of incorporations show that the average rate of investment of capital in corporate enterprises is being maintained throughout the State. Eliminating such enterprises as have not materialized, chiefly prospective railroad ventures, the records show an aggregate of corporate capital organized for investment, in the 21 months covered by this report, of \$8,000,000.00, embracing mercantile and manufacturing companies, banks, lumber mills, canning and bottling works, etc.

While on the subject of corporations I beg to call your attention to the growing demand for a Trade Mark Protection Law in Mississippi, a law providing for the registration of trade marks, labels or brands in this office, by the owners and proprietors of same, who desire the exclusive right to use same in identifying and advertising their manufactured products or commercial articles. Mississippi is one of the only four States in the Union which has no such law, and the other three States have such statutes pending for adoption. These registration laws are generally uniform in their main provisions. They require owners of trade marks desiring the exclusive right to use same to file and register in the office of the Secretary of State a facsimile copy of such mark, accompanied by affidavit of ownership, and such registration vests in the owner the exclusive right to use the mark so registered. It protects the owners of trade marks, prevents counterfeiting or infringement, and prevents conflicts of title and often disastrous litigation. So important has this question become in Mississippi that we are daily in receipt of inquiries from all parts of the country as to the status of our legislation on the subject, and are being constantly importuned by trade mark owners for permission to file their marks for protection in the absence of statutory regulations. The question will become a serious one, as the manufacturing interests and commerce of the State develop.

Another suggestion I wish to make in regard to corporations is as to the granting of charters to railroads. I have reason to believe that some abuse has been made in the past of the too liberal provisions of the present law by "promoters" who were not acting in good faith or with reasonable belief in the probability that the projected lines would ever be built under their charter. While it would be ill-advised to hamper railroad development and discourage the investment of capital in such enterprises by needless restrictions and statutory obstacles, still I think it would be wise to require some reasonable guarantee of good faith on the part of the persons proposing to organize a railroad company, or to give the Governor authority to revoke a charter where actual construction was not begun within a reasonable time, or where he was advised that the promoters were not acting in good faith, and were only using their charter franchise to exploit a fatuous project for their

own gain, at the expense of a trusting public and without any possibility of the ultimate materialization of the road.

A tabulated statement of the fees collected by this department and paid into the State Treasury, showing the monthly receipt from all sources for the two years from October 1, 1909, to October 1, 1911.

The aggregate sum, which is \$26,245.75, is for the most part derived from recording charters.

Following are the Constitutional Amendments voted on in the General Election November 8, 1910.

### CONSTITUTIONAL AMENDMENTS.

*A concurrent resolution proposing an amendment to Section 36 of the Constitution of the State of Mississippi, fixing the date for regular legislative sessions.*

RESOLVED, By the Legislature of the State of Mississippi, two-thirds of each House agreeing thereto, that the following amendment to the State Constitution be submitted to the qualified electors of the State for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1910, to-wit:

Amend Section 36 of the State Constitution so that it shall read as follows:

SECTION 36. The Legislature shall meet at the seat of government in regular sessions on the first Tuesday after the first Monday in January of the year A. D., 1912, and every two years thereafter unless sooner convened by the Governor.

*A concurrent resolution proposing an amendment to the Constitution providing for the election by the people of judges of the circuit and chancery courts.*

RESOLVED, By the Legislature of the State of Mississippi, two-thirds of each House concurring therein, That the following amendment to the State Constitution be submitted to the qualified electors of the State for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1910, viz.:

Amend Section 153 of the Constitution so as to read as follows:

SECTION 153. The judges of the circuit and chancery courts shall be elected by the people in a manner and at a time to be provided by the Legislature and the judges shall hold their office for a term of four years.

*A concurrent resolution proposing an amendment to the Constitution requiring that all amendments, changes or alterations be inserted by the Legislature at the next succeeding session after the election requiring such change, alteration or amendment.*

RESOLVED, By the Legislature of the State of Mississippi, two-thirds of each House agreeing thereto, That the following amendment to the State Constitution be submitted to the qualified electors of the State for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1910, viz.:

Amend Section 273 of the Constitution so that it will read as follows:

SECTION 273. Whenever two-thirds of each House of the Legislature shall deem any change, alteration or amendment necessary to this Constitution, such proposed amendment, change or alteration shall be read and passed by two-thirds vote of each House respectively on each day, for three several days; public notice shall then be given by the Secretary of State at least three months preceding an election, at which the qualified electors shall vote directly for or against such change, alteration or amendment, and if more than one amendment shall be submitted at one time, they shall be submitted in such manner and form that the people may vote for or against each amendment separately, and if it shall appear that a majority of the qualified electors voting shall have voted for the proposed change, alteration or amendment, then it shall be inserted at the next succeeding session of the Legislature as a part of the Constitution, and not otherwise.

JACKSON, MISS., July 28, 1911.

*To the State Board of Election Commissioners:*

GENTLEMEN. I hereby certify that on the fifteenth day of June, 1911, the State Executive Committee of the Socialist party of Mississippi, duly met and fixed the ninth day of August, 1911, as the day for holding the first primary election of said party for nominations of candidates for offices to be voted on at the regular November election in 1911. That, on the twenty-seventh day of July, 1911, the time having expired under Section 3715, of the Code, within which names could be furnished to this committee as candidates for nominations in the said primaries, this committee met at the court house in Hinds County, Jackson, Mississippi, on the twenty-seventh day of July, 1911, and there being but one candidate for offices hereinafter named, the following were declared to be the nominees of the Socialist party of Mississippi for the said November election, and the committee requests that in compliance with Section 3715, of the Code, the names be placed upon the official ballot for said election.

W. A. KNIGHT,

*Secretary of State Socialist Party Executive Committee of Mississippi.*

Since the adoption of the Code of 1906, the law requires all corporations created under the Code Chapter to report organization to this office within 30 days after organizing under their charters. Failure to do this, under Section 930 of the Code, renders the charter null and void, and all parties doing business under such charters are liable as partners in business. In view of this important fact I have compiled from the charter records a complete list of all corporations chartered under the Code, showing those which reported organization and those which failed to do so. For greater convenience the two lists have been separately compiled.

LIST OF CORPORATIONS WHICH HAVE REPORTED
