REQUIREMENTS ON LOCAL AND PRIVATE LEGISLATION

To the Members of the Senate and the House:

The Local and Private Committee is a constitutional committee and certain conditions have to be met before we can report any bills out favorably.

In order to meet the requirements, it will be necessary for you to furnish a certified copy of the order of the governing body of your municipality, or county, authorizing, or a resolution asking for the things that you cover in your bill and, in the case of bond issues, it will be necessary that your order recite that there will be publication of notice and an election in case twenty per cent of the electors protest, and in all orders it must state that the power granted is in the discretion of the governing body.

This Committee cannot, under the Constitution, report any bill out as a Local and Private Bill that can be covered by a general bill. We would like a statement from you of your reasons why this cannot be covered by a general bill to be attached to your bill, along with the papers required above.
