OCT. 1, 1923

Biennial Report Secretary State

Office of Secretary of State,

Jackson, Miss., January 1, 1926.

HON. HENRY L. WHITFIELD,
Governor of the State of Mississippi.

Dear Sir:

I have the honor to submit for your consideration, in compliance with law, and such recommendations as you may desire to make to the legislature of the State of Mississippi, a report of the transactions of this department from the 1st day of October, 1923, to the 1st day of October, 1925, except that I have brought up the financial transactions to the 1st day of January, 1926, so as to give some comparative figures.

The summary showing the financial transactions of this department will speak for itself. I have reproduced the receipts of the office for the years 1922 and 1923 and have added to them the receipts of the office for 1924 and 1925.

The receipts of the office for the years 1922 and 1923 amounted to \$59,659.64.

For the years 1924 and 1925 the receipts were \$87,305.65, showing an increase for 1924 and 1925 of \$27,646.01, or at the rate of 46 3/10 per cent.

In the financial statement the receipts are shown by months and cover Charter fees, Notary fees and sale of laws, etc. The great bulk of the receipts covers Charter fees.

In addition to the financial statement I have made up a table showing the amount of capital stock invested in the state by both Domestic and Foreign corporations for the years 1922, 1923, 1924 and 1925.

During the last two years of the Russell administration there was invested in Mississippi the following capital stock:

Domestic	\$ 15,714,600.00
Foreign	14,638,000.00
Total	\$ 30,352,600.00

During the first two years of the Whitfield administration there was invested in Mississippi the following capital stock:

Domestic	\$ 28,241,130.00
Foreign	9,192,240.00
Total	\$ 37,433,370.00

Domestic and Foreign Capital invested in the State dur-

ing the years 1922, 1923, 1924, 1925 \$67,785,970.00

During the administration of Governor Russell there was filed in this office one Foreign Corporation with NON PAR STOCK and during the administration of Governor Whitfield 13 Foreign Corporations with NON PAR STOCK were filed in this office.

It is not possible for this office to determine the capital stock of such corporations so the full fee of \$500.00 is required.

The capital stock of these NON PAR corporations can easily be based at \$250,000.00 which would require the maximum fee of \$500.00. Therefore you can easily add \$250,000.00 in capital during the Russell administration and for the 13 NON PAR STOCK corporations during the administration of Whitfield you can add \$3,250,000.00 capital.

I attribute the good showing made for the last two years to the action of the legislature in evidencing a more liberal spirit toward capital.

There is no doubt that the work of the last legislature has had a good effect not only in Mississippi but throughout the entire nation and if the incoming legislature will keep up the good work the state of Mississippi should go forward with leaps and bounds.

CAPITOL BUILDINGS

As keeper of the capitol buildings I want to call your attention to their general condition:

The new capitol was first occupied on the 26th day of September, 1903, and has been in constant use from that time to the present. While the legislature has made small appropriations at their several sessions and enabled us to keep the building in comparative good shape, the fact of more than 23 years occupancy is beginning to tell on the building. There is nothing seriously wrong with the building, it just needs a general overhauling.

It needs cleaning on the outside.

The interior needs a general overhauling.

Much of the tiling about the building is loose.

Some of the wiring has been short circuited.

The elevator is antiquated, needs a new switch board. When we have a break it is next to impossible to get pieces to make repairs and with the heavy loads we are forced to carry during the sessions of the legislature we are always nervous, fearing that at some time there may be a serious accident.

The plumbing is getting in bad shape and needs a general overhauling.

Need a toilet for the ladies on the second floor, can use the elevator shaft that is not now being used.

One of the engines needs a new set of flues, costing approximately \$800.00.

The walks about the building need repairing, on account of marl formation the walks are sinking in some places and uplifting in others.

Work is needed on the roof of the new building and the tin work on the roof of the old building needs a couple of coats of paint to keep it from rusting.

On the lower floor of the new capitol all of the wood work is being ruined with the dry rot. You can easily run your finger into a casing that looks solid. That class of work is very expensive and will require experts to replace the wood work.

During the last summer the Capitol Commission was compelled to spend approximately \$900.00 in renewing the heating and water pipes in the Old Capitol. The building sets low to the ground and the sweating of the pipes and general dampness under the building caused the pipes to rust and decay and we could not place heat in the building.

The engineer of the building with the help of common labor overhauled the heating plant and we are now having the building properly heated.

We need new shades for the entire building.

I would suggest that the Committee on Buildings and Grounds make a minute inspection of the two Capitol buildings and draw up a bill to have all necessary work done to put them in first class condition.

The time has arrived when it is necessary to have a man constantly on the job as carpenter, looking after the general condition of the Capitols and the Mansion. When we use a carpenter now we are paying at the rate of 75 cents per hour and by employing by the month or year we can operate at a less cost.

The work of this office is constantly increasing but we can manage to operate for the next two years at least without additional help. We are recording and filing not less than six hundred charters per year besides issuing hundreds of Notary Commissions, commissions for municipal and county officers that run into the thousands each year.

One thing that the office needs is a complete index of the corporations, as it is now each record book contains the index for the charters recorded in that book and as we are now working on Record Book No. 26 it is some job to handle from No. 1 to No. 26 in looking up a charter. I want enough appropriated to employ an expert to index all the corporations into one index record so that we can find a corporation without losing several hours looking them up. I think that I can get a competent man for about \$1,800.00 or \$2,000.00 who can do the job in about a year.

The constant handling of the record books in looking up charters is causing the backs to tear off and the expense of rebinding will be a considerable item.

In closing this report I want to tender you my thanks for the kindly consideration and uniform courtesy you have shown me on all occasions.

Respectfully submitted,

JOS. W. POWER,

Secretary of State.
