Overview of AICPA and Its Committee Structure

MISSION STATEMENT AND OBJECTIVES

The current AICPA Mission Statement, as revised in November 1995, states that:

The American Institute of Certified Public Accountants is the national, professional organization for all Certified Public Accountants. Its mission is to provide members with the resources, information, and leadership that enable them to provide valuable services in the highest professional manner to benefit the public as well as employers and clients.

In fulfilling its mission, the AICPA works with state CPA organizations and gives priority to those areas where public reliance on CPA skills is most significant.

Additionally, to achieve its mission, the Institute pursues five objectives:

Advocacy

Serves as the national representative of CPAs before governments, regulatory bodies, and other organizations in protecting and promoting members' interests.

Certification and Licensing

Seeks the highest possible level of uniform certification and licensing standards and promotes and protects the CPA designation.

Communications

Promotes public awareness and confidence in the integrity, objectivity, competence, and professionalism of CPAs and monitors the needs and views of CPAs.

Recruiting and Education

Encourages highly qualified individuals to become CPAs and supports the development of outstanding academic programs.

Standards and Performance

Establishes professional standards; assists members in continually improving their professional conduct, performance, and expertise; and monitors such performance to enforce current standards and requirements.

ROLE OF VOLUNTEER MEMBERS

The AICPA's mission is carried out through the volunteer work of approximately 2,000 members serving on the Institute's governing Council, Board of Directors, and its boards, committees, subcommittees, and task forces. Council is the governing body of the AICPA with 261 members from every state and U.S. licensing jurisdiction. It meets twice a year and is responsible for establishing the Institute's general policy. It is composed of AICPA members from each state/jurisdiction. One AICPA member is designated by each state society for a one-year term and members from state societies with vacancies on Council are elected each year for a three-year term. In addition, the 23 members of the Board of Directors, the past Institute chair, and 21 members-at-large serve on Council.

The Board of Directors acts as the executive committee of Council, directing Institute activities between Council meetings: It meets seven times a year. The 23-member board includes 16 directors and three public members who serve for three-year terms; the chair, vice chair, and immediate past chair; and the president, who are members of the Institute staff.

The Committee on Committee Operations Committee evaluates activities of all Institute committees against the AICPA Mission Statement and Strategic Plan and advises the Board of Directors on the continuance of existing committees and on the need for appointment of new committees.

Each year, the chair of the Board of Directors appoints approximately 1,300 members to serve on some 100 committees and subcommittees, and all major segments of the membership are represented. Another 500 members serve on boards, committees, and task forces that are separate from the appointments by the Board chair.

COMMITTEE TERMINOLOGY

Board

The bylaws for a Board of Directors, a Joint Trial Board, a CPE Board of Management, an AICPA Peer Review Board and a Board of Examiners. Hence the term “Board” is used in connection with these bodies.

Special Committee

A special committee is a committee appointed by the Board of Directors or by the Chair of the Board solely to undertake a special one-time project and to be disbanded upon the completion of that mission. A special committee is distinguished from a task force by the fact that it is not responsible to an activity executive committee and is not created or appointed by an activity executive committee chair.

Division

A division is the combination of executive committees, subcommittees, task forces and staff having responsibility for a major area of activity and assigned divisional status by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Executive Committee

An executive committee is the standing parent group responsible for policy-setting in an area of activity that has been assigned divisional status. Executive committee members are appointed by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Committee

A committee is a standing committee responsible for policy-setting in an area of activity that has not been assigned divisional status. Committee members are appointed by the Chair of the Board with the concurrence of the Board of

Directors when required by the bylaws. Committees designated as advisory are not responsible for policy-setting, but are appointed to provide the views of membership groups to policy-setting boards and committees.

Subcommittee

A subcommittee is standing group which may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. Subcommittees shall be appointed by the Chair of the Board except that a planning subcommittee may be appointed by the chair of the related executive committee or committee. The work of a subcommittee is subject to overall review by the related executive committee or committee.

Task Force

A task force is a group appointed to undertake a specific project which will terminate on the completion of its assignment. It may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. A task force is appointed by and reports to the chair of the related executive committee or committee.

Senior Committees

The by laws provide that the Council may designate committees as “senior” committees. Appointments to a senior committee require the approval of the Board of Directors. The following committees have been designated as senior:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Auditing Standards Board
- Board of Examiners
- CPE Board of Management
- Information Technology Executive Committee
- Management Consulting Services Executive Committee
- Personal Financial Planning Executive Committee
- Private Companies Practice Executive Committee
- Professional Ethics Executive Committee
- SEC Practice Section Executive Committee
- Tax Executive Committee

The following senior committees have been designated as “senior technical” committees and are authorized to make public statements, without clearance from the Council or the Board of Directors, on matters related to their area of practice:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Auditing Standards Board

- Management Consulting Services Executive Committee
- Personal Financial Planning Executive Committee
- Private Companies Practice Executive Committee
- Professional Ethics Executive Committee
- SEC Practice Section Executive Committee
- Tax Executive Committee
