FIRST CAPITOL BUILDING

Today but a historic memory, Mississippi's State House, or Capitol, was a small brick building which stood where the Harding Building now stands at the corner of Capitol and President Streets. It was here that Robert J. Walker, a Mississippian who achieved national fame, was elected to the United States Senate. Andrew Jackson spoke in it when a candidate for President of the United States.

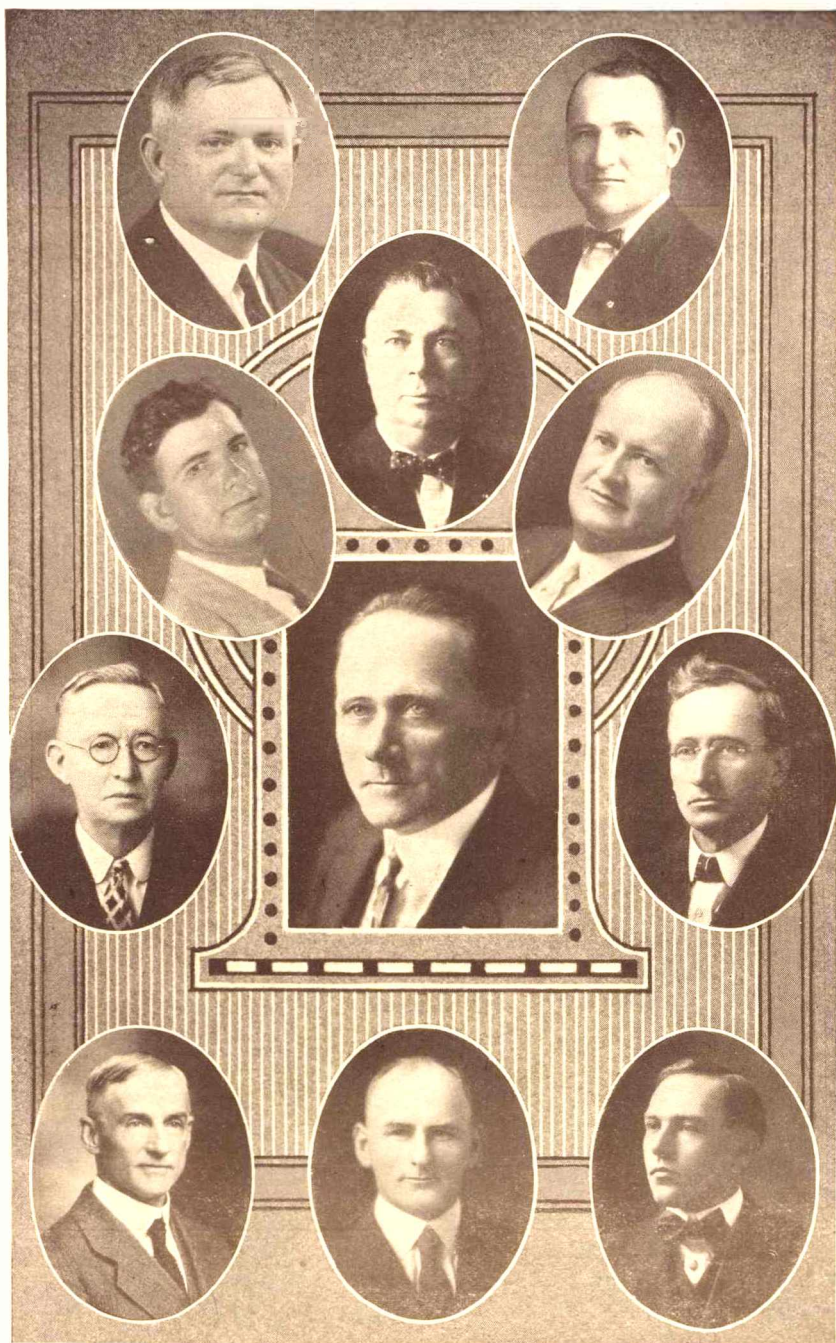

OLD CAPITOL BUILDING

Aside from its value as a historic landmark, the Old Capitol possesses intrinsic value as a piece of architecture of harmonious outline and admirable proportions. Built in 1840, it was the scene of stormy debate and fateful decisions during the Civil War and re-construction periods. The Legislature of 1916 at the instance of the women's patriotic organizations of the state appropriated money for the restoration of the exterior and the remodeling of the interior as offices to accommodate departments of the state government.

NEW CAPITOL BUILDING

This domicile of Mississippi's government is admittedly one of the handsomest capitol buildings in the entire Union. Built of Bedford limestone and containing every type of marble used for interior decoration, this structure, at a period when graft in public buildings was epidemic throughout the country, was built within the appropriation of one million dollars, without graft and without the sale of bonds or the increase of the tax levy.

Late beloved Governor of the State of Mississippi, who rendered his people service as Chief Executive from January 21, 1924, until his life's work was closed on March 18, 1927.

Biennial Report Secretary State

Office of Secretary of State,

Jackson, Miss., January 1, 1928.

Hon. Dennis Murphree,

Governor of the State of Mississippi.

My Dear Sir:

I have the honor to submit to you for your consideration, in compliance with law, a report of the business transacted by this Department during the past fiscal biennium from October 1, 1925, to October 1, 1927.

Elsewhere you will find a table prepared showing the foreign and domestic capital that has come into the state by months during the years from 1916 to 1926 and to October 1, 1927, covering the past three administrations. The marked increase in both State and foreign capital voices a most deserved confidence in the State and expresses in no uncertain terms that Mississippi's possibilities offer inducement for investment of capital equal to any other State. The liberal laws passed by the 1926 session of the Legislature have been an outstanding factor that has put capital to work in Mississippi.

The grand totals of State and foreign capital to qualify in the State for the four-year period from 1916 to 1919 are:

State Capital	\$ 41,114,800
Foreign Capital	229,480,000
	<hr/>
Total State and Foreign	\$270,594,800

For Years 1920 to 1923

State Capital	\$ 49,141,210
Foreign Capital	62,907,400
	<hr/>
Total State and Foreign	\$112,048,610

For Years 1924 to 1927

State Capital	\$ 67,682,930.00
Foreign Capital	815,907,890.00
	<hr/>
Total State and Foreign	\$883,590,820.00

BIENNIAL REPORT
CAPITOL BUILDINGS

As keeper of the Capitol Buildings and Grounds, I want to call your attention to their general condition.

The New Capitol Building was first occupied in 1903 and has been in use for 24 years. The time has arrived when the building should be gone over and considerable repair work done. I suggest that the Committee on Building and Grounds make a minute inspection of the two Capitols and grounds and draw a bill to have all necessary work done to put them in first class condition.

In the New Capitol:

The interior needs a general overhauling.

Much of the tiling about the building is loose.

Some of the wiring has been short circuited.

The plumbing is getting in bad shape and needs a general overhauling.

Need a toilet for the ladies on the second floor.

The walks about the grounds need repairing. On account of marl formation the walks are sinking in some places and uplifting in others.

The Capitol Commission had \$12,800.00 for new roof at the Old Capitol, repairing roof at the New Capitol, placing new shades in Capitol Buildings, repairing wood-work on basement floor of New Capitol, putting in new flues in boilers, etc. A new roof has been put on the Old Capitol, wood-work on the basement floor of the New Capitol repaired, flues put in boiler, and other improvements made. \$1,500.00 of this appropriation was for a new elevator. A new elevator of modern type will cost \$5,000.00 installed, consequently this matter was deferred for the further consideration of the Legislature.

The chairs and desks in the Senate and House were in bad condition and they have been worked over and put in first class condition. In the Senate Gallery an old unsanitary carpet was removed, the floor worked over and rubber matting laid. The House gallery has been worked over and put in good condition. A number of floors in the New Capitol have been put in good condition.

Fencing has been put up to keep automobiles from parking on the grounds, and additional parking space provided. The trees and shrubbery have been trimmed and worked around, trees set out and the grounds kept in as good condition as possible.

The work that is necessary to keep the buildings and grounds up and in good condition varies materially and is of such volume that it is impossible to itemize it, but by keeping up with it and having it done promptly the buildings and grounds, generally speaking, are in good condition.

The Clocks in the New Capitol have been in use 23 years and are worn out. The Western Union proposes to furnish new clocks and time service for 24 clocks for \$447.00 per year. An additional charge will be made of \$5.00 per clock for taking out the old ones and putting in new ones. We are now paying \$188.00 per year for the time service for our own clocks. Considering repairs, parts and the cost of the new clocks, the Western Union proposition is the better of the two.

The machinery in the engine room is in good shape and with the usual general repair expense, the machinery will run for the next few years without a general overhauling. The boiler settings and furnaces need a general rebuilding. In other words, will have to be torn down and re-built, and we estimate the cost of this work at approximately \$3,000.00.

In both Capitols additional office and storage space is needed. At the Old Capitol, some hallways have been pressed into service and equipped for use as offices. At the New Capitol, the Forestry Department is using the Speaker's and Clerk's rooms adjoining the House of Representatives. The Factory Inspector and State Service Commissioner are occupying committee rooms. A fire-proof storage room, under the direction of a competent filing clerk, would relieve the congestion for the present and rooms being used for storage could be converted into offices.

Grounds

The heavy auto traffic over the drive-ways at both Capitols make it necessary that they be widened and hard-surfaced to give the proper protection to the public. In their present condition the drive-ways are dangerous. The Highway Department has made a survey of the grounds and have furnished me with plans and specifications for improving the drive-ways. To concrete the drive-ways and take care of the drainage properly, they estimate the cost at \$25,000.00.

Many of the trees on the New Capitol grounds are in bad condition and young trees should be planted now to take the places of the old ones when they have to be removed.

I have requested Dr. McKay, Horticulturist at the A. & M. College, to work out a plan to systematically beautify the Capitol grounds, and in this way the work can be more economically done.

There should be a white man to work on and police the grounds and prevent persons from throwing into the trees, climbing them, breaking limbs, and doing damage to the shrubbery, and to prevent destructive trespassing on the grounds. There should be a few electric lights on the grounds of the New Capitol so that the grounds can be lighted up at night.

Office Work.

The work in the office of the Secretary of State has increased over 50 per cent during the past biennium. The work has been handled with practically no additional expense, due to the efficiency of the office force and by putting in extra hours.

I am requesting that the Legislature give my office a stenographer who is competent to keep all records systematically filed. The heavy increase in the business of the office requires the services of such a person.

Another thing the office needs is a complete general index of the corporations. As it is now, each record book contains the index for the charters recorded in that book, and as we are now using record book number 28, it is necessary to handle from 1 to 27 books in looking up a

BIENNIAL REPORT

charter. A modern index system should be installed. I think an appropriation of \$2,000.00 will cover this needed facility. The constant handling of the record books in looking up charters is causing the backs to wear off and a number of the books should be re-bound.

STATE PRINTING

The 1926 session of the Legislature appropriated for Public Printing \$45,000.00 for the year 1926 and \$35,000.00 for 1927, a total of \$80,000.00 to be disbursed by the State Board of Public Contracts. For each biennium of the past, I am informed, this fund has shown a deficit. It is impossible to tell exactly what the printing will amount to annually. The 1926-1927 biennium will show a deficit of approximately \$5,000.00.

Appropriations for printing have been made for different State departments in addition to the above appropriations. In my judgment, if all appropriations for printing and all printing was brought under the State contracts and paid for by the State Board of Public Contracts, some money could be saved the State.

RECEIPTS OF OFFICE

The receipts of the office are tabulated by months for the years from 1916 to January 1, 1928, and the respective four year periods, and cover charter fees, notary fees, sales of laws, etc. The major portion of the receipts of the office is from charter fees:

Receipts for period covering years 1916, 1917, 1918 and 1919.....	\$ 63,875.58
Receipts for period covering years 1920, 1921, 1922 and 1923.....	135,309.47
Receipts for period covering years 1924, 1925, 1926, 1927	215,953.82
Total receipts for biennium from Oct. 1, 1923 to Oct. 1, 1925.....	\$ 81,044.40
Total receipts for biennium from Oct. 1, 1925 to Oct. 1, 1927.....	123,341.43
Increase \$42,297.03. Rate of Increase slightly more than 50 per cent.

BIENNIAL REPORT
OPEN SEASON FOR GAME

Napoleon said that self interest was the lever that moved the world. Self interest conjoined to patriotism is moving hunters everywhere in Mississippi, it is stated, to cooperate with the Forest Service in the matter of suppressing fires, since by doing so it preserves the fish and game. It may be of interest in this connection to print the open season for game in Mississippi. For big game it is:

Deer—November 15, February 15.

For upland game:

Squirrel—October 1, December 15.

Quail—November 20, January 15.

Grouse—No open season.

Introduced Pheasant—No open season.

Wild Turkey—January 1, March 31.

Migratory Game Birds:

Duck, goose, brandt, coot, gallinule—November 1, January 31.

Wilson snipe or jacksnipe—November 1, January 31.

Woodcock—November 1, December 31.

Rail—September 1, November 30.

Dove—October 16, January 31.

Squirrel—May 1, June 1 and October 1, December 15. Boards of supervisors may shorten or close seasons. Those interested may obtain regulations from sheriffs or county clerks at the county seats of the eighty-two counties of Mississippi.

ATTORNEY GENERAL'S OPINION ON GAME LAW

RENDERED SEPTEMBER 15, 1926

Many inquiries coming to this office daily concerning the game law of 1926 indicate that it is not thoroughly understood by the people. For the convenience of all concerned it is believed that an explanation of some of the features of the act may be helpful. Therefore, we give below our opinion on some of the points of the law, to-wit:

The Act of 1926 supersedes all other game laws, it being the only State Game Law now in effect.

The Federal Migratory Bird Act is not changed by the State Game Law but it is adopted in all of its particulars for Mississippi.

It is unlawful for any restaurant, cafe or hotel to serve any birds or animals mentioned in the act except rabbits, but they may cook and serve game to the hunters who killed the game.

Boards of Supervisors may further conserve game by shortening the open season, reducing the bag limit, or absolutely prohibiting the taking of any kind of game or fish, but the Board of Supervisors can not enlarge the open season, the bag limit or change the manner or method of taking any game or fish.

The Act of 1926 is not optional, but is state wide and mandatory and it is the duty of the Board of Supervisors of each County to comply with its terms.

The Game Warden provided for in the act must be appointed in each county regardless of whether he is petitioned for or not.

There is no license on resident fishermen.

A person desiring to hunt must have a license but the Board of Supervisors cannot increase the amount of the license above the maximum provided by the law.

The Board of Supervisors has no authority to levy a license on resident fishermen.

A resident of the State may purchase the State hunting license for \$3.00, which license will entitle him to hunt in any or all counties in the State, and the license should be issued and designated for the entire State, but if a person merely desires to hunt in one county, a county license will be sufficient, which county license shall be not less than \$1.00 nor more than \$3.00 to be fixed by the Board of Supervisors.

A person is not required to take out both State and county licenses, and neither is a person required to have a license to hunt on his own land.

The license for hunting must be paid by each person who hunts regardless of what nature of game he hunts or what he hunts with, and regardless of whether he hunts with dogs or not, and if hunting with dogs, regardless of whether he owns the dogs or any interest therein, he must pay the license.

As to whether or not one is hunting and liable for the license provided in the law is a question of fact to be determined by the Game Warden and the courts.

Hunters, trappers and non-resident fishermen must carry their licenses with them while hunting, trapping or fishing. Trappers must pay license separate and apart from any hunting license.

All of the foregoing applies to non-resident hunters, fishermen and trappers except that the licenses are as follows:

Non-resident fishermen—\$2.00 for each county in which they fish;

Non-resident hunters, county-license—\$10.00, State license \$15.00:

Non-resident trappers—\$500.00 for each county in which they trap.

A non-resident as defined in the act means any person who is not a bona fide resident of Mississippi. Licenses required must be renewed during the month of June of each year and are good for one year.

RUSH H. KNOX,

Attorney General.
