M. C. and Building Association.

The amended charter of this institution contains liberal grants of power in perpetuity, and a reorganization thereunder is now progressing. Purchase, improvements, and sale of real estate, and making oaks of money upon real estate, to be used in the erection of manufacturing establishments and homes for the members, embraces the general business transactions of the Association.

The first and original issue of half a million of stock is now offered to the citizens of Louisville and Kentucky.

Thirty-six dollars the first year, and $30 per annum until the shares are paid up, is the minimum, and $100 per annum the maximum payments on one share of stock.

It is confidently hoped that there is sufficient enterprise in Louisville to warrant a subscription of one thousand shares of stock at once. No one can gainsay that the investment will be profitable and secure beyond contingency, (real estate security) or that the work of the Association, and its effects will prove of incalculable benefit to our city.

Stock certificates are receivable at par in discharge of liens held by the Association.

The stock books are now open at the office of the undersigned. Payments on stock will commence on the 1st day of June, 1870.
