ITS YOUR FIGHT, TOO!

In many Mississippi counties the white population is outnumbered by more than two to one by the negro population. The specter of negro political domination looms ominously with the apparent blessing of the Federal government.

Highly organized schemes are now being launched to force circuit clerks to register unqualified negro voters!

The only solution for the white Southerner is strong determined organization on every level. There is no acceptable alternative. Negro political domination would destroy property values, place the safety of all white people in jeopardy, and lead to complete chaos.

May we suggest that you reflect thoughtfully and seriously on so planning your giving that your contribution to your Citizens' Council may be commensurate with the results you want accomplished.
