BIOGRAPHICAL NOTE

J.R. "Colonel" Cofield, was a studio photographer in Oxford, MS from 1928 through 1973, who made portraits of Oxford citizens, most notably, William Faulkner. J.R. also collected images of other local photographers work, as well as copied older photographs that struck his interest. J. R. Cofield was an enthusiastic storyteller and local historian, and these collected materials are no doubt part of the telling of that tale.
