**WHAT IS  
THE CITIZENS'  
COUNCIL  
DOING?**

# IT IS . . .

- **Preserving Racial Segregation**, and maintaining the rights of states, local communities and individual citizens to govern themselves, free from Federal tyranny and coercion.
- **Leading the Resistance Movement** against the Negro revolution, and keeping advocates of racial strife out of many communities.
- **Protecting Our Sacred Heritage of Freedom** from those who would submit free Americans to thought control, and who constantly utilize the national communications media as propaganda outlets in their fanatical attempts to force Americans into a totalitarian pattern of regimentation and conformity.
- **Bringing Together** groups of patriotic men and women dedicated to the principles of individual freedom of choice and racial values.
- **Organizing Local Citizens' Councils** on a grass-roots basis, with recognized community leadership for each autonomous group.
- **Providing Speakers** for Council meetings, civic and patriotic groups, legislative and executive bodies, schools, colleges and conventions.
- **Taking the Truth to the Nation** on TV and radio through weekly **Citizens' Council Forum** programs scheduled on hundreds of stations from coast to coast, which feature interviews with Governors, Senators, Congressmen and other national leaders.
- **Molding Public Opinion** through the movement's official publication, **The Citizen**, a monthly magazine with nationwide circulation which is the authoritative source of information on the Council movement's plans and policies.

- **Preserving Our Social and Economic Order** by acting quietly and without fanfare, effectively and responsibly, to prevent racial strife.
- **Forming Strong Organizational Ties**, by banding together local Citizens' Councils into county, state and national organizations for mutual consultation, advice and coordination.
- **Distributing Literature** on all aspects of the race question, sending millions of copies to every part of the nation.
- **Conducting an Educational Program** in high schools and colleges, including annual essay contests and the formation of youth groups.
- **Corresponding** with thousands of supporters in every state and many foreign countries.
- **Accomplishing** much on a limited budget, and demonstrating conclusively that the movement's continued growth and success is limited only by the financial support received.
- **Making a Record of Achievement** of which all can be justly proud, getting the most out of every dollar, and mobilizing solid community resistance to forced integration.
- **Proving** again and again, day by day, that with adequate financing, we can and will **win this fight!**
- **Urging YOU to Join the Fight** — to join with others who are dedicated to the preservation of the white race—and to give your moral and financial support to help conduct the kind of thorough, aggressive and **sustained** campaign needed to **WIN!**

# Five-Point Action Program

1. **Prevent Race-Mixing.** Racial integrity is essential to civilization and liberty. The fate of the white man (and woman) in the Congo and other new African nations is a stern warning!
2. **Avoid Violence.** Experience has proved that where integration occurs, violence becomes inevitable. Peaceful operation of segregated schools in the South proves that social separation of the races is best for all concerned.
3. **Maintain and Restore Legal Segregation.** As growing disorder in Northern cities shows, if segregation breaks down, the social structure breaks down. The Communists hope to achieve **disintegration through integration** in America!
4. **Defend States' Rights.** The states are the source of all governmental power, local and Federal. Under the Tenth Amendment, the states have the reserved power to decide questions of segregation. Federal usurpation of any such power is a violation of the Constitution.
5. **Correct the Court and the Congress.** Both the Supreme Court's "Black Monday" decision and the Congressional "Civil Rights" Act are obviously un-Constitutional, based on false "science" in mockery of the law. If they stand, social segregation and laws against intermarriage are doomed. Such a prospect is intolerable! The "Black Monday" decision must be reversed, the "Civil Rights" Act repealed!
