27th March, 1956.

Dear Doctor Silver,

Thank you very much indeed for your long letter of March 21st, which was absolutely fascinating. It is obviously quite impossible to judge what is going on in the South today unless one is living there.

Let me know in due course about the labour article. I told Keith Kyle to discuss it with you and it may be that you will have decided between you that he should do it in a rather wider setting. I imagine that he will have been in touch with you before you get this letter but I am not quite sure exactly how he plans to do his trip.

I had Madeline Miller staying with me last week in very good form.

Yours sincerely,

Nancy Balfour
