Cumulative Index

1955 — 1966
SELECTED PAPERS

Arranged by Subject

The index is made up of five general sections corresponding to the general classifications under which the particular papers have appeared in these volumes for a number of years, that is, the Accounting Profession, Accounting Principles and Problems, Auditing Procedures and Problems, Tax Considerations, and Management Advisory Services.

To find a paper on a particular subject, the reader should first decide the general area of his interest and then examine the list of subtitles. Under the subtitles papers have been listed in chronological order by year, and within any particular year alphabetically by author.
