My dearest Mother,

I wrote you a letter last night but ^{it was} just after I had returned from my trip so of course it was not as interesting as if like to have letter. I am feeling fine to-night and have received my trunk locker. I have been looking at my kodak pictures and destroying letters because I am limited to space and need quite an accumulation of junk. It is great to see my little treasures keepakes again after so long a time.

Nothing as yet has been done with the school here. But we are expecting some decisions any day and we are anxious to know "Where do we go from here". Home would sound good to me although I won't say a word

if they send me back to
help my division occupy the
German's land.

In Tours a few days ago
I saw ~~off~~ Willard Potter who was
taking a course as an aerial
observer. I had a most wonder-
ful ride in an aeroplane
and I wish often that I
was in that branch for I
would probably have better chances.
My promotion was to go in this
week but have just received
an order saying no more
promotions. But one thing sure is
that I have seen quite a bit
more and earned mine more than
these birds over in the states.
I would not swap places with
a one of them.

Had a letter to-day from a
Captain that I instructed two months

ago telling me about his experiences
in the line. Two of his Lts are
in hospital now. One fine fellow
that I instructed from St. Louis
was killed instantly, one blinded
and several injured.

I had a jolly good time
in Paris. Saw most of the
scenery and went to see
the Palais-Berger and the
Casino de Paris. Both had
good shows. Then I was up
at the front for a few
days but did not get to
see my outfit because they
were on their way to Germany.
It was quite a change from
the previous three months
here at Louge. Bought Sister
a beautiful little card case and
money purse made by hand.
Am mailing it in the morning.

In your letter last night you gave me Barry's address and I could not locate him by the old address. Wish I could have rec'd it before I made the trip. My orderly had his brother who is a Lt. in Aviation Corps here this afternoon and they came over to have him ~~to~~ get the afternoon off. He is a good orderly and I was glad to ~~to~~ let him off.

I am rooming with a fine man, Lt. James H. Wilson of the 5th Lt. He is from Vermont. He is a Rhodes man and made a wonderful record at Oxford, England. He went over to the coast to-night on horse back and will not return until tomorrow afternoon.

Your last letter was dated

the 30th of Oct. so it made
very fine time. I see that Piers
has gone back to ~~Southport~~
Burlington and on to Clinton. I
will write her a letter to - night.
I am indeed glad to hear the
fine compliments every one is
making about Sister. Every one
says in their letters that she
is getting to be a beautiful
lady and just as sweet as
can be.

Lots of love to Dad, Mum
Minnie, Sister and the boys.
Your devoted son,
Peggy.
