 - Chair approached by the staff council to establish a University Committee
 - Concerns expressed by the executive
 - Could this become a “large” body that potentially bypasses the other organizations?
 - Could the organizations have competing interests? And how would they be handled?

- Currently the idea would be that the committee would be comprised of two members from each of the bodies on campus and would get together to discuss issues of mutual interest as needed or quarterly basis
- It will be moving forward with consultation from the Senate
- Questions:
 - Q: What are the bodies?
 - A: Graduate Student Council, Associated Student Body, Staff Council, and Faculty Senate (potential contingent faculty body in the future)
 - Q: We would retain the ability to make recommendations to upper administration, and then also issue joint recommendations as needed?
 - A: Yes, and it would also enable better communication amongst the bodies
- Email alias – Resolution has been called back because it wasn't brought through the appropriate channels within the GSC
- Consensual relationship policy
 - A policy is currently moving through upper administration
 - Suggestion by upper administration that it be brought back to the Senate
