	Summary	47
	Schedule 1 Scholarship Awards by Individual	48-51
	Schedule 2 Scholarship Awards by School	52-53

INTRODUCTION

In response to the need for better information on the supply of minority accounting graduates, the employment of those graduates and the employment of minorities in major and minority public accounting firms, the American Institute of Certified Public Accountants publishes this annual study.

The information for minority employment and placement of minority graduates is taken from responses to questionnaires, which were in the same form as the tables presented in this report. Requests were mailed to those firms having more than 25 AICPA members, 183 this year, and to 221 minority firms. Requests were also mailed to 69 traditionally Black and minority colleges and universities.

The third section of the report presents details of the AICPA scholarship awards in July and December, 1987 of \$352,500 to 505 students.

While this report indicates that some progress has been made, it is apparent that additional and greater efforts are required to accomplish the goal, as stated by the AICPA Council of "integrating the accounting profession in fact as well as ideal."
