Say Jim

What are you trying to prove? That you are stupid or stubborn? That equal rights crap is getting stale. Your kind has just as much chance for an education as the white guy, so don't try to kill anyone.

You know those people down there have no use for you. They don't want your kind around them. You'll never be accepted in a million years. Hell, if I found out I wasn't wanted, regardless of what the color I'd take off. You sure must be enjoying yourself. If you are you must have some thing wrong with your head. Your climbing up the wrong tree.

I'm a white man but I don't hate a Negro but I'd rather be with my kind all the way than. I was born that way. And about 99% of the Negroes feel the same about their kind. So don't think of pulling knives or maybe a gun. You're just a silly fool. I've heard your own kind up here say so. Most of the people up here don't sympathize with you, so consider up before you may get hurt or killed.

Your remarks about colored troops being absent shows how foolish you are. Maybe you think if they were there they would probably start some shooting on your part. Get those ideas out of your head. Because if it ever came to shooting I'd feel sorry for your kind & color. You know you may kill a lot of whites if that ever happened BUT ALL of your colored people would get killed.

I'll tell you some more. It's not only the white folks who don't want to tolerate a Negro. It's other nationalities also, or other Colors I should say. The Indians feel the same towards your kind. Red men. So do the Indians of Asia. So do the Chinese & Japs. Well you name them & you get them. You know its true. Do pull out & get with your own kind.

Even your own beloved N. A. A. C. P. has turned on you according to your statements. Stay right in there here you may get a hole sooner than you think.

My last remark is what I think when they were giving the brains out you were in wheel around.

Chicago
Did you people have an entire continent to utilize & improve. Why not show you can do it? That proves you folks can't get along without the help of the white & other races, except Negroes of course.
