- **Substitutions:** Burhanettin Kekin (Roy Thurston),
- **Absent:** Kathleen Fuller, April Holm, Beth Ann Fennelly, Kimberly Kaiser, Ana Velitchkova, Le'Trice Donaldson, Laura Prior, Carolyn Higdon, Tamara Warhol,
- **Call Meeting to Order**
  - 6:00 meeting called to order
- **Approval of March 5, 2019 Minutes**
  - Motion - Corina Petrescu
  - Second - Thomas Peattie
  - Vote:
    - All in favor
- **Jim Zook, Chief Marketing and Communications Officer:**
  - Upcoming efforts (including workshops involving faculty) to develop outreach and branding strategies aimed at recruitment and fund raising.
  - Workshops are the first phase of a new body of market research that the university is conducting to determine “Who we are at our best”
  - This is an effort to get a handle on what people from the outside think of the institution
  - We are in the midst of our second leadership change, we haven’t had these conversations for 6 years

- This research is the foundation for a longer-term marketing campaign for the university
- Questions:
  - Q: Are we potentially moving away from the “Ole Miss” label?
    - A: I wouldn’t read that much into it at this point, we are trying to get a sense of what people think of the institution currently. We want to keep an open mind and then use the research to drive our decisions.
  - Q: Will there be a sharing of the results of these events?
    - A: We will have a campus wide session to share the results of these sessions.
      - f/u: what was the impetus for this study?
        - A: We don’t currently have a clear narrative for how we talk about our institution. We have had a number of issues this year, but that wasn’t the sole driver of this decision.
  - Q: How will you know that you get a representative group?
    - A: We are watching on the backend and will plan our moves going forward based on what we get.
  - Q: How do know that what you get from talking to campus constituents will resonate with people off of the campus?
    - A: We will be using different research methods to cross validate the findings. We have also been careful in choosing the research firm and potential marketing company that have extensive experience in this area.
- **Erin Cromeans, Tobacco Free Generation Campus Initiative:**
  - This coalition will be meeting with campus groups to discuss the implementation of an externally funded initiative to make UM a tobacco-free campus.
  - Erin Cromeans was asked to write a grant with the American Cancer Society and the Truth Campaign to investigate how ready the campus is to go totally tobacco free (we are currently smoke free – but this doesn’t include things like chewing tobacco and vaping).
  - We have already conducted focus groups with students and staff will be having their focus groups tomorrow
  - A coalition exists that is broadly representative of the campus community

- Three things:
  - Find out from departments what are the facilitators and barriers with these policy changes
  - What things need to be adjusted in the strategic plan to ensure our success?
    - Does this need to be step-wise process as it was with smoking?
- Questions:
  - Q: Will the goal be to maintain the universally accepted non-enforcement areas?
    - A: We will be looking further into that.
      - f/u: It seems that enforcement has been a long-term issue
        - A: One of the comments that came from the student focus groups was that faculty could take on that enforcement role.
  - Q: I assume that the new policy will include e-cigarettes?
    - A: That is difficult to enforce, but we are certainly interested in that.
  - Q: Do you have any educational programs in place because students may not know how dangerous e-cigs are?
    - A: Yes we have funding within our grant to develop these programs which will be housed in the William McGee center.
- **Committee Reports**
  - Academic Instructional Affairs (Corina Petrescu)
    - Nothing to report
  - Academic Conduct (Vivian Ibrahim)
    - Nothing to report
  - Finance & Benefits (Phillis George)
    - SEE ATTACHED REPORT ON DEPENDENT BENEFITS
    - Questions:
      - Q: HR requirement about only one class can be taken during the work day, which can be frustrating, is that something that you discussed?
        - A: That is difficult, but is something that really falls to the faculty to potentially think about offering classes outside of traditional working times.

- Q: Did you examine any of the tuition exchange programs?
      - A: We didn't look at that closely, but we could include that as part of our investigation going forward. That is also part of the reason for why we included URLs in the hopes of IREP helping us to investigate that further.
- Development & Planning (Mary Roseman)
  - Nothing to report
- Governance (April Holm)
  - Nothing to report
- Research & Creative Achievement (Thomas Peattie)
  - Nothing to report
- University Services (Brad Jones)
  - Nothing to report
- Executive Committee (Brice Noonan)
  - Policy revisions
  - Sabbatical Leave Policy – **Discussion postponed**
    - Donna Strum is leading this ad-hoc committee and after meeting with the Provost there are some concerns with the version of the document being used, so that is being readdressed.
- Termination of Untenured Faculty Policy
  - Questions:
    - Q: The “no advance notice of separation of employment” sounds a little harsh, do we have any control over that?
      - A: This is currently how it is handled and for 1 yr contract instructors.
    - Contact Brice with further comments or thoughts
- Emeritus Policy
  - The current policy confirms emeritus status automatically for 10years of service and meeting retirement guidelines from PERS
  - This is being addressed people who have left the institution and potentially engaged in unbecoming behaviors. The

language now states that this designation can be revoked or not conferred.

- Questions:
  - Comment: I think it is really confusing to start with paragraph numbers and drop them etc. I think we should clean that up as part of this process.
- Results of Census of Faculty and apportionment of Senators for the coming academic year.
- Proposed edits to the Faculty Senate Bylaws
  - Motion Brice Noonan – change bylaws to reflect language to address the issue of senate seats lost mid-term based on calculations of the faculty census.
  - Second Vivian Ibrahim
  - Discussion:
    - The question becomes what do we do with departments who, for example, have two seats, but lose one and both are in the middle of multi-year terms. I am proposing that we remove the more recent of the two seats.
    - The real discussion and vote will happen during the May meeting of the Senate.
    - Question:
      - Q: The spreadsheet you sent out was not correct with respect to the library representation.
        - A: Yes that was pointed out to me, thank you. We can integrate those changes at our next meeting.
  - Motion: Brice Noonan- table discussion until our next meeting
  - Second: Brad Jones
  - Vote:
    - All in favor
- **Old Business**
  - None
- **New Business**
  - Hope to have the results of our current round of elections for our next meeting

- Officer elections to take place 7 May
- **Adjournment**
  - Motion: Nancy Wicker
  - Second: Brad Jones
  - Vote:
    - All in favor

Employee Dependent Tuition Policy Report  
Tuesday, April 9, 2019**

**SUMMARY**

Enclosed is an overview of the existing Employee Dependent Tuition policies at The University of Mississippi and 30 of its peer institutions. Together, these 31 institutions are referenced as the Southern University Group (SUG) Institutions.

Each institution provides some form of employee tuition assistance. Most of the SUG institutions provide a form of dependent tuition assistance. Additionally, there are some SUG institutions that also define their tuition assistance programs to include partners / spouses of eligible employees and retirees. A complete listing of the SUG institutions and their affiliate dependent policies is enclosed for review and consideration of revising The University of Mississippi's current policies regarding tuition assistance for employees, dependent children, and partners / spouses.

***PROPOSED PROCEDURAL RECOMMENDATIONS***

In order to strengthen the enclosed and preliminary analysis of our SUG peer institutions and their respective Employee Dependent Tuition policies, the Finance & Benefits sub-committee of the Faculty Senate recommends the analysis be expanded to include:

1. An evaluation of Employee Tuition Policies among aspirational and comparator peer institutions.
2. A more extensive evaluation and comparative analysis of Employee Tuition Policies among SEC, SREB, and SACSCOC peer institutions.

***PROPOSED FORMAL RECOMMENDATIONS***

The following recommendations are provided to help The University of Mississippi maintain its competitive edge by attending to pressing matters of talent recruitment, development, and retention:

1. Petition the Board of Trustees for the Mississippi Institutions of Higher Learning (IHL) along with the Mississippi Community College Board (MCCB) for the inclusion of all state public institutions (i.e., both two- and four-year degree granting) in the *employee* and *dependent* tuition policies. In doing so, eligible employees and their dependents will have the option to select courses external to the University of Mississippi's course offerings.
2. Increase the dependent tuition benefit from 50% per eligible employee to 100% per eligible employee and/or retiree.
3. Increase dependent eligibility age to include dependents age 30 and under.
4. Modify dependent eligibility policy to include unmarried and married dependents.
5. Expand the *employee* and *dependent* tuition policies to include undergraduate, graduate, and professional programs.

6. Increase the tuition scholarship for eligible employees to 9 credit hours per regular academic term (and 6 credit hours during the combined summer sessions).
7. Create a formal *partner / spousal* tuition policy to complement the revised *employee* and *dependent* tuition policies.
