~~Unsympathetic~~ Washington D.C. ✓
Oct 15 1962

~~no sign or add.~~
As a result of the agitation
by negroes, forcing them-
selves into schools, colleges,
swimming pools and onto
private property etc and
their terrible crimes of
murder, rape, stab^{bing},
lynching, robbing etc, etc,
a great program of
enlightenment has
spread all over the
country on the Negro.

He has no racial
pride. He will send
his children by bus
twice a day across a
city just so they can
be in a school with a
few white children.

The whites, the Japanese,
the Chinese just love
their own schools.
Not the negro!

All over now the whites
are segregating them-
selves more than ever.

Mr Conant, former President
of Harvard Univ, of
Cambridge, Mass, in
his recent book on
education said "Educators
must bear in mind
that a negro is a negro".
Toynbee, the English
historian who has spent
his life studying and
writing about civilization
says: "Of our 21 civilizations
the black race has never
created any one of them".
People would have before
them what Jefferson,
Lincoln, Toombs,
Ridpath, the historian,
and others said about
the negro - It is the
same thing that the
Egyptians put in their
scrolls and carvings
from time to time about
the negro over a period

of 12000³ years! from
17000 B.C. down to 5000
B.C.!

For thousands of
years the negro had
over half of Africa
all to himself. No
one "was holding
him down". There
was no ~~no~~ white
supremacy, no
Jim Crow laws. In
fact they never
invented the wheel, nor
the sail, nor an
alphabet, nor a written
word, nor a house,
nor town. In 1450
the Portuguese went
into Africa and
showed them how to
thatch grass and
to build what today

is called "the native hut".
They had slavery and
the most horrible
cannibalism and voodoo-
ism. If there had been
no colonialism the
Negroes today would
be unable to read or
write. Yet they complain
about colonialism which
just reflects on their
intelligence.

There are now two
separate irrefutable
proofs that the Negro
arrived at the homo
sapiens stage of
development in
Africa only 40,000
years ago!! The
white man arrived
at that stage in
Europe 250,000
years ago and the
yellow race in

China some 200 000
 years ago! So the
 white man on the
 ladder of evolution
 is 210, 000 years
 ahead of the ^{Negro} white
 man. The Egyptians
 knew as much and
 told the world beginning
 some 19,000 years ago!
 Everybody knows all
 of this today -

What you are doing
 now, forcing yourself
 into that school is not
 doing the Negro race
 any good anywhere
 for it just confirms
 what people have been
 saying for years and
 years including the
 Egyptians - As Winston
 recently wrote

"You can't go around
banging on doors
and expect to be
admitted with either
respect or esteem"

With the world in the
state it is in, you a
man of 29 years,
studying a few little
subjects taught in
high schools across
the country and with
so much to be
done by men of
your age you
seem to have just
missed the boat -

Yours truly -
