Sunday Morning.

My dear Mother.

One week has  
passed and as yet  
I have not heard

from home. I hope  
everything is getting  
along fine and  
would feel better  
if I knew that  
everything was getting  
along O.K. How does  
Father like the new  
man. I hope that  
he finds a man

that will go along with things  
so as to save him all  
the possible worry.

The food here is much  
better than I expected.  
about every three or four days  
They vaccinate us for something  
and so far I have escaped  
having any to take. I will have  
to take a rather stiff shot  
to-morrow for the 2nd  
typhoid an also another  
one week off. I have a  
slight cold and besides  
that I am all R.N.

The government takes  
care of its men so do  
not worry me bit  
about me. The Field  
Artillery is claimed  
to be the hardest in  
which to receive a  
commission but I  
feel that my Math

will help me out.

Give my regards  
to every one and

with love to all

of the family.

Your aff. son

Roger

P.S.

We have to write

on our laps so you will  
understand.
