Overview of AICPA and Its Committee Structure

MISSION STATEMENT AND STRATEGIC THEMES

AICPA MISSION STATEMENT

The AICPA is committed to global preeminence in enabling its members to provide value-added services that optimize clients', employers' and other users' decision-making effectiveness, ever mindful of the profession's covenant to serve the public interest with integrity and objectivity.

AICPA STRATEGIC THEMES

These Strategic Themes establish the framework for AICPA planning activities. They are intended to guide the development and alignment of AICPA activities to the CPA vision.

- Enabling Members to Deliver*
- Driving Markets to Members*
- Mobilizing The Membership*
- Representing Members*
- Establishing Rules and Regulations*
- Protecting the Public Interest*
- Being More Competitive in the Marketplace*

ROLE OF VOLUNTEER MEMBERS

The AICPA's mission is carried out through the volunteer work of approximately 2,000 members serving on the Institute's governing Council, Board of Directors, and its boards, committees, subcommittees, and task forces. Council is the governing body of the AICPA with 263 members from every state and U.S. licensing jurisdiction. It meets twice a year and is responsible for establishing the Institute's general policy. It is composed of AICPA members from each state/jurisdiction. One AICPA member is designated by each state society for a one-year term and members from state societies with vacancies on Council are elected each year for a three-year term. In addition, the 23 members of the Board of Directors, past Institute Chairs, and 21 members-at-large serve on Council.

The Board of Directors acts as the executive committee of Council, directing Institute activities between Council meetings: It meets five times a year. The 23-member board includes 16 directors and three public members who serve for three-year terms; the chair, vice chair, and immediate past chair; and the president, who is a member of the Institute staff.

Each year, the chair of the Board of Directors appoints approximately 1,300 members to serve on committees and subcommittees, and all major segments of the membership are represented. Another approximately 500 members serve on boards, committees, and task forces that are separate from the appointments by the Board chair.

COMMITTEE TERMINOLOGY

Board

The bylaws for a Board of Directors, a Joint Trial Board, an AICPA Peer Review Board and a Board of Examiners. Hence the term "Board" is used in connection with these bodies.

Special Committee

A special committee is a committee appointed by the Board of Directors or by the Chair of the Board solely to undertake a special one-time project and to be disbanded upon the completion of that mission. A special committee is distinguished from a task force by the fact that it is not responsible to an activity executive committee and is not created or appointed by an activity executive committee chair.

Division

A division is the combination of executive committees, subcommittees, task forces and staff having responsibility for a major area of activity and assigned divisional status by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Executive Committee

An executive committee is the standing parent group responsible for policy-setting in an area of activity that has been assigned divisional status. Executive committee members are appointed by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws.

Committee

A committee is a standing committee responsible for policy-setting in an area of activity that has not been assigned divisional status. Committee members are appointed by the Chair of the Board with the concurrence of the Board of Directors when required by the bylaws. Committees designated as advisory are not responsible for policy-setting, but are appointed to provide the views of membership groups to policy-setting boards and committees.

Subcommittee

A subcommittee is standing group which may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. Subcommittees shall be appointed by the Chair of the Board except that a planning subcommittee may be appointed by the chair of the related executive committee or committee. The work of a subcommittee is subject to overall review by the related executive committee or committee.

Task Force

A task force is a group appointed to undertake a specific project which will terminate on the completion of its assignment. It may be entirely or partially composed of some of the members of the related executive committee or committee or may be composed entirely of other persons. A task force is appointed by and reports to the chair of the related executive committee or committee.

Technical Resource Panels

Technical Resource Panels will identify technical issues in their areas of responsibility, make recommendations to and assist standing Committees in forming Task Forces to develop comments to represent members tax interests in Washington, and help maintain appropriate liaisons with government and other organizations. Resource Panels will be small and proactive, with members who are current and knowledgeable in the assigned technical areas. Technical Resource Panels will work in the areas of greatest interest to our members, including legislative and regulatory activity.

Senior Committees

The bylaws provide that the Council may designate committees as "senior" committees. Appointments to a senior committee require the approval of the Board of Directors. The following committees have been designated as senior:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Assurance Services Executive Committee
- Auditing Standards Board
- Board of Examiners
- CPE Executive Committee
- Information Technology Executive Committee
- Consulting Services Executive Committee
- Personal Financial Planning Executive Committee
- PCPS Executive Committee
- Professional Ethics Executive Committee
- SEC Practice Section Executive Committee
- Tax Executive Committee

The following senior committees have been designated as "senior technical" committees and are authorized to make public statements, without clearance from the Council or the Board of Directors, on matters related to their area of practice:

- Accounting and Review Services Committee
- Accounting Standards Executive Committee
- AICPA Peer Review Board
- Assurance Services Executive Committee
- Auditing Standards Board
- Consulting Services Executive Committee
- Personal Financial Planning Executive Committee
- PCPS Executive Committee
- Professional Ethics Executive Committee
- SEC Practice Section Executive Committee
- Tax Executive Committee

AICPA BOARD POLICY STATEMENT ON DISCRIMINATION AND SEXUAL AND OTHER FORMS OF HARASSMENT IN THE WORKPLACE

Committee members are reminded that the following AICPA Board Policy Statement which was recently published in The CPA Letter applies not only to Institute Staff but also to all committee members while engaged in committee activities.

The purpose of this statement is to reaffirm the policy of the American Institute of Certified Public Accountants of condemning discrimination and sexual and other forms of harassment – which are violations of federal, state and municipal law – in the accounting workplace and the client organizations our members serve. The AICPA believes that incidents of discrimination and harassment are inexcusable and should not be tolerated in the accounting profession.

The AICPA encourages all employers in the accounting profession, regardless of size, to condemn discrimination and harassment of all kinds by communicating to their management and employees that such discrimination and harassment will not be tolerated; that they will investigate complaints of such discrimination and harassment immediately and confidentially; and take whatever action is necessary, including dismissal of personnel, to eliminate the problem. The AICPA also encourages all such employers to attempt to prevent discrimination and harassment of all kinds through the adoption of comprehensive policies and by implementing education programs to inform management and employees of their rights and obligations under such policies.

No person, either male or female, professional or administrative, should be subject to unsolicited and unwelcomed verbal or physical conduct of a discriminatory or sexual nature. Such conduct could include stereotyped or demeaning remarks or gestures offensive to either gender or to racial, ethnic or religious groups. Accordingly, all professional and administrative personnel who believe they have been subjected to discrimination or

harassment from other personnel or third parties should be encouraged to report such incidents or conduct to appropriate persons in the organization immediately to assure that suitable actions are taken to curtail and prevent such conduct.

In the event of substantiated discrimination or harassment by a client, customer, supplier or another employee, the organization's management should take prompt remedial action to ensure a discrimination/harassment-free workplace for the individual. Although there are limits on the ability to influence client or supplier behavior, possible remedial steps could include immediate discussion with the client, sending a letter of objection or refusal to continue the business relationship. In any event, the message should be clear that such conduct will not be tolerated and must stop immediately. All workplace policies against discrimination and harassment should be clear that it is the obligation of every person within the organization to comply with the policies against discrimination and harassment in both practice and spirit.

The AICPA is committed to raising awareness about discrimination and sexual and other forms of harassment and its prevention in the accounting workplace through the following activities:

- Publishing articles in the *Practicing CPA* and the *Journal of Accountancy* relevant to the identification, prevention and resolution of discrimination/harassment complaints.
- Publishing guidance for firms in the *Management of an Accounting Practice Handbook* for the establishment and management of an antidiscrimination/harassment policy, including a sample of such policy.
- Presenting educational workshops that enhance awareness of such discriminatory/harassment conduct and its prevention.

APPENDIX J

COMMITTEE, TECHNICAL RESOURCE PANEL, TASK FORCE MEMBER LISTS AND COMPLETED TASK FORCE PROJECTS

TAX EXECUTIVE COMMITTEE

PURPOSE

The Tax Executive Committee's purpose is to speak for the AICPA on tax matters to policy makers and the public. The Committee is guided by the Tax Section's mission which is defined in the February 1997 Report of the Strategic Planning Task Force. The mission does not change under the CPA Vision since it is aligned with that Vision and was adopted at a time when a Vision focus was already important.

The Tax Section is comprised of AICPA members who have a significant interest in taxation in their professional careers. These members, who have joined the Tax Section, receive educational and informational materials and have the opportunity to participate in Section activities.

The Tax Section:

- supports and represents the interests of all AICPA members in tax matters;
- provides resources, information and communication opportunities to enable members to quickly and efficiently adapt to a changing tax practice environment;
- operates in the public interest; and
- promotes sound tax policy and administration.

The mission is carried out through committees, technical resource panels (TRPs), and task forces of appointed members and professional staff (referred to collectively as the Tax Division). The Tax Division deals with a wide variety of current and long-term tax matters by, among other things, developing practice guides and policy statements and by influencing the development and administration of laws and regulations.

ROLE AND OBJECTIVES

The Tax Executive Committee has general authority to act in the area of taxes on behalf of the AICPA. It plans, initiates, supervises and coordinates all projects, programs and activities of the Division. The Tax Executive Committee approves or disapproves all policy recommendations of the committees, technical resource panels and task forces and authorizes all statements made by the AICPA in the area of taxes. It directs the work of all Tax Division committees, technical resource panels and task forces, maintains liaison with other national tax professional organizations and ensures that the Tax Division maintains an appropriate level of governmental liaison, either directly (particularly where no other Division body has jurisdiction, e.g., the small business area) or through other Tax Division committees, TRPs or task forces. It has overall responsibility for programs of the voluntary membership of the AICPA Tax Division.

RELATIONS WITH THE IRS COMMITTEE

PURPOSE

The purpose of the Relations with the IRS Committee is to act as the AICPA's primary resource for day-to-day liaison on procedural and general administrative matters with the National Office of the Internal Revenue Service, its four operating divisions and support infrastructure to improve the current system of tax administration for the benefit of members, clients, the public and the government.

OBJECTIVES

Maintain ongoing communications with the IRS, the CPA practitioner community and the state CPA societies on matters affecting the administration of our federal tax system (including through a quarterly column in The Tax Adviser and the coordination of the National CPA/IRS Tax Issues meeting).

Initiate dialogue with the IRS on issues of concern to members, and propose solutions regarding tax administration matters, where the matter may evidence widespread or systemic problems.

Monitor legislative and regulatory developments related to procedural and general administrative matters and develop technical and policy recommendations as deemed appropriate for the Tax Executive Committee's approval to submit to Congress, the General Accounting Office, the Treasury Department and/or the IRS.

Monitor/review Federal tax forms, instructions, publications, and taxpayer educational materials and make recommendations to improve and simplify these materials.

Work with the Service to assure that IRS organizational efforts are responsive to our members' needs.

Act as a resource to assist the other committees, technical resource panels and task forces, as appropriate, on matters of tax administration and procedure.
