Descriptive Summary

Title:	Sanford C. Gladden Collection
Dates:	1920-1979
Collector:	Gladden, Sanford Charles, 1902-
Physical Extent:	2 boxes (.834 linear feet)
Repository:	University of Mississippi. Department of Archives and Special Collections. University, MS 38677, USA
Identification:	MUM00560
Language of Material:	English
Abstract:	Materials related to Sanford Gladden, UM Professor Department of Physics and Astronomy. Includes correspondence, official reports and historical studies authored by Gladden and miscellaneous materials related to Gladden's life and work.

Administrative Information

Acquisition Information

Donated by Sanford Gladden, October 1979

Processing Information

Collection processed by Archives & Special Collections staff.

Additions

No further additions are expected to this collection.

Subject Terms

Gladden, Sanford Charles, 1902-
Physics
University of Mississippi -- History

Formats

correspondence
clippings (information artifacts)
manuals (instructional materials)
manuscripts for publication

Biographical Note

Sanford Charles Gladden (UM 1924) taught in the University of Mississippi Department of Physics and Astronomy from 1930 to 1945; in 1933, he wrote a history of the department. In 1950, Gladden began working for the National Bureau of Standards (NBS). Gladden worked in the Boulder, Colorado NBS facilities from 1954 until his retirement in 1968. Following his retirement, Gladden began researching the history of Boulder and his own genealogy.

Preferred Citation

Sanford C. Gladden Collection, Archives and Special Collections, J.D. Williams Library, The University of Mississippi

Access Restrictions

The Sanford C. Gladden Collection is open for research.

Copyright Restrictions

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use", that user may be liable for copyright infringement.
