Academy of Accounting Historians
Many works involving accounting history appear in other than Academy publications during the year. These publications help us to recognize the extensive research that exists in accounting history and the many fine outlets for publishing of historical research. Readers of The Notebook are encouraged to help the editor to locate such publications which should be listed in this column. Readers in Asia and Australia may send their suggestions to Dr. Robert Gibson, School of Management, Deakin University, Victoria 3217 AUSTRALIA who graciously acts as intermediary.
