The Academy of Accounting Historians will host a research methodology conference on December 6-7, 1991 at The University of Mississippi. The conference is intended to provide a forum for the exchange of ideas on research methodologies, defined as critical, analytical approaches to historical research, whose incorporation into accounting history lends it substance and relevance.

Submissions should be postmarked by June 30, 1991. Revised papers must be available by October 31 for distribution. Papers selected for presentation will be provided to participants prior to the conference. Papers in the areas of accounting history are welcome. Editors of several academic journals plan to attend.
