New York, September 21, 1910.

Mr. George Wilkinson,
Secretary, Special Committee,
52 Broadway, New York City.

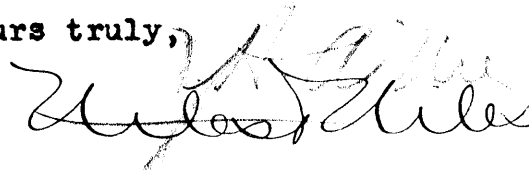

Dear Sir:

Referring to your several letters with reference to subscribing to the special guarantee fund, I enclose herewith my subscription made out on the form which you sent me.

I am not fully in accord with having the American Association represented by its working secretary. I believe that the best results will be obtained from representation by its officials, and I further think that this is the duty of those accepting official positions with the Association.

I have, therefore, delayed signing the paper, expecting to have a chance to discuss the matter, but I have been so busy that I have not had the opportunity. As I note that a number of accountants have subscribed, I have decided to do likewise.

Yours truly,

HAN-M
