Dear Doctor Silver,

Thank you very much indeed for your letter of October 19th and for copies of your correspondence with Meg Greenfield which we found fascinating. I knew that you would be having a very trying time but didn't realise quite how bad it would be. We certainly do want an article from you in December if when that month comes it seems to you to be a time for taking a long look at the situation. We really want to know what the aftermath of the Meredith affair has been, how life at the university is going, how people in Mississippi are thinking, etc. I am sure that your judgment on that will be very satisfactory. There is no need to let me know yet when the article is coming; I leave it to you to decide. If we feel that it is particularly timely I will either write or cable you suggesting that you should send it.

Yours sincerely,

Nancy Balfour
