Accounting, Business & Financial History
13th Annual Conference
Cardiff Business School
12-13 September 2001

Sponsored by the Centre for Business Performance,
Institute of Chartered Accountants in England & Wales

Guest Speaker - Dr Geoff Jones

Theoretical, empirical and review papers are welcomed in all areas of accounting, business and financial history.

The conference provides delegates with the opportunity of presenting and discussing, in an informal setting, papers ranging from early working drafts to fully developed manuscripts. The format of the conference allows approximately 40 minutes for presentation and discussion in order to help achieve worthwhile feedback from those attending.

In the past, many papers presented at Cardiff have subsequently appeared in print in Accounting, Business and Financial History, edited by John Richard (Dick) Edwards and Trevor Boyns, or in another of the full range of international, refereed academic accounting, business and economic history journals.

The conference will be held, this year, at the Cardiff Business School, Colum Drive, Cardiff, CF1 3EU, UK, from lunchtime on Wednesday, 12 September to Midafternoon on 13 September.

The fully inclusive conference fee (covering all meals, the conference dinner on Wednesday and ensuite accommodation) is £100.

A hundred years of life of

Rivista Italiana di Ragioneria e di Economia Aziendale

The year 2000 represents the hundredth year of life of Rivista Italiana di Ragioneria e di Economia Aziendale, since the journal was founded in 1901 and publication was never interrupted, not even during the two World Wars. Many accountability journals came into being in Italy towards the end of the nineteenth and the beginning of the twentieth century but practically all of them had only very brief lives. Throughout the 20th century the Rivista has been both witness and protagonist of the ideological vicissitudes of accountancy in Italy, and its successive issues have become an imposing book on the history of accountancy written by the selfsame protagonists of that history while it was being made.

There is reason to believe that Rivista Italiana di Ragioneria e di Economia Aziendale is oldest sectoral journal not only in Italy, but also in the world to have arrived at the threshold of the new millennium without ever having ceased publication in the hundred years following its foundation.
