HISTORY IN PRINT
Compiled by Elliott Slocum, Georgia State University

An increasing amount of research in accounting history is being published throughout the world in various books and periodicals other than those published by the Academy. The editors of The Notebook provide this section to identify accounting history research that may be of interest and use by members of the Academy. We encourage you, the readers of The Notebook, to advise us of many such publications in an effort to provide the broadest coverage and recognition of accounting history research.
