Call for Papers
13TH ACCOUNTING AND
MANAGEMENT HISTORY
CONFERENCE

Orléans (France)
March 27th 28th 2008

The French Accounting and Management History Conference has been, since its first edition in 1995, a key annual meeting for those who are interested in the history of management. Since 1995, we intend to bring together researchers in accounting, management, history, sociology, law or economics; all convinced that the past is often unexpected and has still much to learn to us.

As usual, all subject matters will be welcomed, but we would like to suggest a particular theme for the 2008 edition:

"The FAILURE"

This theme could include several kinds of papers :

- § the history of a failure
- § the consequence and the lessons of a failure
- § the management of a failure
- § the integration of failure in management
- § some particular themes like bankruptcy, dismissal, financial crash, crisis etc.

We would like to shed light on failure from different points of view, i.e. accounting, management control, human resource management, marketing, finance, corporate strategy, etc.
