THE ACADEMY OF ACCOUNTING HISTORIANS
2010 VANGERMEERSCH MANUSCRIPT AWARD

In 1988, The Academy of Accounting Historians established an annual manuscript award to encourage scholars new to the field to pursue historical research. An historical manuscript on any aspect of the field of accounting, broadly defined, is appropriate for submission.

ELIGIBILITY AND GUIDELINES FOR SUBMISSIONS

Any accounting faculty member, who holds a full-time appointment and who received his/her masters/doctorate within seven years previous to the date of submission, is eligible to be considered for this award. Coauthored manuscripts will be considered (if at least one coauthor received his/her master/doctorate within the last seven years). Manuscripts must conform to the style requirements of the Accounting Historians Journal. Previously published manuscripts or manuscripts under review are not eligible for consideration.

Each manuscript should be submitted by **August 1, 2010** in a Word file as an e-mail attachment to the chair of the Vangermeersch Manuscript Award Committee, Dr. Gary Giroux (g-giroux@tamu.edu).

A cover letter, indicating the author’s mailing address, the date of the award of the masters/doctoral degree, and a statement that the manuscript has not been published or is not currently being considered for publication should be included in the submission packet.

REVIEW PROCESS AND AWARD

The Vangermeersch Manuscript Award Committee will evaluate submitted manuscripts on a blind-review basis and select one recipient each year. The author will receive a $500 (U.S.) award and a plaque to recognize his/her outstanding achievement in historical research. In the case of coauthored manuscripts, only the junior faculty member(s) will receive prizes. The winning manuscript will be published in the Accounting Historians Journal after an appropriate review. The award will be given annually unless the Manuscript Award Committee determines that no submission warrants recognition as an outstanding manuscript.

The museum is built and exhibited independent of any SEC oversight.

The work of the curator for the Gallery on audit regulation will begin in fall 2010 and conclude in September 2012. The work will include:

- Preparing a minimum of 20 developments relating to the key themes of the Gallery, with explanatory text, for inclusion in the Timeline in the virtual museum and archive.
- Preparing an organizational plan for the Gallery, which will link the primary material with the essay.

The curator will have flexibility in determining the schedule for work, and will work from his/her home or office. The curator must be present in Washington, D.C. for the June 7, 2012 Annual Meeting program. Meetings and communications with the Society and the Museum Committee will be by conference call or email. Research travel will be scheduled by the curator.

The curator will receive a fee of $20,000, paid in installments in 2011 and 2012 upon satisfactory completion of benchmarks in the Gallery’s development. Travel and research costs, with documentation, will be reimbursed in addition to the fee.

In the proposal, please indicate the key themes to be addressed in the Gallery, the plan and proposed sites for research, and the schedule for development and delivery of the material listed above. Call for Expressions of Author Interest:
*A Global History*
A Multi-volume set of Research on Accounting, Financial Reporting and Public Policy

Professors Gary Previts (Case Western Reserve University, USA), Peter Wolnizer (University of Sydney, Australia) and Peter Walton (ESSEC Business School, France) are preparing to jointly edit a multi-volume set of essays, each of which deals with the evolution of financial reporting in a particular nation or jurisdiction.

The motivation is to establish a benchmark comparable reference source that addresses the evolution of accounting, financial reporting and related institutions for all major economies/capital markets in the world. A corollary objective is to provide an understanding of key economies and how accounting has evolved within them.

We will provide a template and model essay to guide the development of comparable content to those who write to express an interest to work on the project. Our decision to provide an invitation to participate would be followed by a formal contracting document. Scholars established in such endeavors are particularly invited and scholarly interest from emerging and developing historians is also welcome. Several national essays have already been agreed upon. However many opportunities remain. Please contact us as indicated below if you are interested in being a contributor in respect of one of the following jurisdictions:

*Americas:* Argentina, Brazil, Canada, Haiti, Mexico,
*Europe:* Austria, Italy, Switzerland, Spain
*Asia/Oceania:* Hong Kong, India, Indonesia, Japan, India, Indonesia, Korea
*Eurasia/Middle East/Africa:* Russia, Israel, Saudi Arabia, South Africa, Turkey

The set of volumes will be contracted for and published by Emerald Group Publishing of the United Kingdom, with the first volume to go into production in 2010 and appear in 2011. Thanks to the generosity of the Accounting Foundation at the University of Sydney, each chapter will be supported by an honorarium of US$1,000 to be awarded upon formal acceptance and publication.

Please send your expressions of interest via e-mail to Ms Elizabeth Gozdik at ESSEC Business School (gozdik@essec.fr). She will refer messages to the editors and will also provide a more detailed brief and a sample chapter.

This call will remain open indefinitely. Expressions of interest, especially as to European Countries, the first of the set of volumes, are requested as soon as possible.

2nd The Balkans and Middle East Countries International Conference on Auditing and Accounting History (2. BMAC)

Call for Papers

2nd The Balkans and Middle East Countries Conference on Auditing and Accounting History (BMAC) - the first of which was held in Edirne in 2007 - will be held in Istanbul between 15-18 September 2010. One of the prime reasons for choosing this venue is that Istanbul has been chosen as the European Capital of Culture for 2010. Another reason is that September is an ideal time, from the point of view of climate conditions and touristic activities, to visit this part of the world. Istanbul, is one of the most important cities in the area and possesses a deep historical character. This city has hosted several civilizations at various periods in history. It has been the capital city of three world empires: Roman, Byzantine and Ottoman.

With the dawn of the 21st Century, economic globalization has directed the Balkans and the Middle East towards a changing process of accounting recording and auditing rules, especially within the context of developments in the European Union. Africa, Central Asia and South East Asia have also been faced with the same requirements. On the one hand, these requirements have shown themselves in the globalization of accounting standards. On the other hand, they have made their presence felt in auditing standards. Naturally, this conference is oriented towards the requirements of a large geographical area.

It is not unremarkable that accounting history has been growing rapidly not only in western countries but also in the above mentioned national cultures in this geographic-region. In addition to that, the belief that today's accounting and auditing needs will be shaped by historical developments is being reinforced.

The conference theme is Auditing and Culture in Accounting from Past to Present. The conference topics are as follows:

- Development of internal and external auditing in accounting in today’s education, literature and practice areas,

- Accounting history (accounting history from old civilizations and empires to the 21st Century).

The official language of the conference is English. The papers must be submitted in English and the abstracts should not be over 150 words Papers should be submitted electronically to info@mufad.org before 30 April 2010. Notifications of acceptance will be sent by 30 May 2010.

The purpose of this conference will be to examine profit – whatever the origin, nature, explanation, justification or even the intended purpose and means of appropriation - in as much as it constitutes one of the determinants of the entrepreneur’s conduct – ‘entrepreneur’ being interpreted as either an individual or a collective. Management researchers, historians, sociologists, economists, legal scholars, and other social-science and humanities specialists, who wish to participate in these Journées, are invited to be part of our questioning into how the entrepreneur – merchant, banker, industrialist, or the farmer-general of the Ancien Régime – perceived profit *ex ante* or *ex post*. How were these perceptions created, what information did the decision maker use and prefer, on what techniques of observation, measurement and prediction did his judgement rely? How did these perceptions and the representations that flowed from them influence his actions, the development and implementation of strategies, their possible adaptation and/or the appearance of emergent strategies?

Particular attention will be paid to entrepreneurial discourse, whatever the circumstances; from thoughts confided to a personal journal, to those addressed to investors, by means of internal notes or correspondence, not to mention the translation provided by the accounting narrative. While the thought and action of the entrepreneur are at the heart of the matter, all other aspects of the profit concept may be examined, since they were likely to influence this thought and action. Our scope encompasses discourses undertaken and conveyed within the framework of diverse institutions which composed the cultural and social environment – for example religion, law, politics, literature or art – or, closer to our focus, the remarks of those whose role was to contribute to the entrepreneur’s training or to offer advice.

In keeping with the approach of previous conferences, research proposals that do not fit readily within this year’s theme, but which examine management issues within a historical perspective, are equally welcome. Our first consideration will be the novelty and originality of these proposals.

Under the aegis of the Association francophone de comptabilité, the 2011 Journées are being organised by the Laboratoire d’économie et de management de Nantes-Atlantique (LEMNA - EA 4272), in association with the researchers involved in the MARPROF project—Merchant accounting and merchant profits in Europe and America, 1750-1815 (ANR-08-BLAN-0329-03). The conference also will benefit from the generous technical assistance of the Maison des Sciences de l’Homme Ange-Guépin.

**Key Dates: 15 November 2010** : deadline for the submission of manuscripts, preferably complete. Written in either English or French, manuscripts should include an abstract in both languages. Submission of papers is by e-mail to the following address: Annie Busson, Maison des Sciences de l’Homme Ange Guépin, 5 allée Jacques-Berque, BP 12105 , 44021 Nantes cedex 1 France jhcm@univ-nantes.fr

Authors will be advised of the manuscript review committee’s decision no later than **January 15 2011.** The final version of accepted papers must be submitted before **February 28 2011.** Once accepted, unless indicated otherwise by the authors, the manuscript will be published on the XVIe Journées website. Conference presentations may be in either English or French, *simultaneous translation* will be provided.
