Dear Professor Silver:

Just a note of commendation for the courageous speech which you made at the West Tennessee Education Association convention. It is gratifying to know that there are those who are willing to stand on principle during the present crisis in the South. People like yourself provide the hope for our Country's future.

I hope you will not think me presumptuous in writing this letter. I just wanted you to know that you have the support of some people. I admire your courage to speak out in the face of persecution and harassment.

Sincerely yours,

Archie Dykes, Director
