INCORPORATED UNDER THE LAWS OF THE DISTRICT OF COLUMBIA

135 CEDAR STREET, NEW YORK

December 9, 1922.

To the Members and Associates of the  
American Institute of Accountants.

Gentlemen:-

Present indications point to a possible danger that the bill providing for creation of a C. P. A. board in the District of Columbia may be set aside in order to give priority to measures considered by many legislators more important.

As the members of the Institute know, the Capper Bill (No. 2531) which has the approval of the Institute, passed the Senate last March and has been favorably reported by the Committee on District of Columbia of the House of Representatives. It is therefore on the calendar and efforts will be made to have it called up for consideration.

In the meantime all members and associates of the Institute are earnestly requested to communicate with representatives with whom they may be acquainted and to urge that the bill be enacted.

If a general effort is made by members there is little reason to doubt that the bill will pass.

Please regard this communication as individually important and use your utmost endeavor to stimulate interest on the part of representatives.

The matter is urgent. There should be no delay.

Yours truly,

A. P. RICHARDSON,  
Secretary.

P. S. Refer to Senate Bill No. 2531 and House of Representatives Report No. 1200.
