Mr. James Meredith
Oxford, Miss

Dear Sir :

You now have control in some way of more people I am sure than any one person has ever had .

The only thing is you are not controlling any part of the lives of the most important ones .

You do have the power and you are probly the only one who does . That is to Intergrate the famlies of our Goverment . This will effect both races as the white race will follow when they see the Children of especally of the Attorney General going to school with those of the Negro race .

You have the power to get this demand on Television and in the Newspapers which will bring it to pass thus, stopping Riots , Deaths and Property damage .

The American people , both races can be led but not drove .

Thus you will be doing a wonderful service to your country and becoming more and more Popular your self and hasten the time when the Negro can hold his share of the Public offices . bringing some power to the Negro race he may spend years of accomplishing in any other way .

A well wisher .

P.S. I read an article in to*days paper about you protesting the Discrimination of the Negro Soldiers on the Campus of the Miss niversity . You will get results too.
