Checklists and Illustrative Financial Statements for Not-for-Profit Organizations

.01 The checklists and illustrative financial statements included in this section are designed to be applied to organizations meeting the definition of a not-for-profit organization included in Appendix D of SFAS 116, Accounting for Contributions Received and Contributions Made.

.02 The checklists and illustrative financial statements have been developed by the staff of the Accounting and Auditing Publications Team of the AICPA as nonauthoritative technical practice aids. At the request of certain AICPA members, the checklists and illustrative financial statements are also being made available for purchase by AICPA members subject to their recognition of the following:

- The checklists and illustrative financial statements do not include all disclosures and presentation items promulgated. Pronouncements for which the likelihood of applicability to not-for-profit organizations is deemed remote are not included in this document.
- The checklists and illustrative financial statements are “tools” and in no way represent official positions or pronouncements of the AICPA.
- The checklists and illustrative financial statements have been updated to include relevant accounting pronouncements through AICPA Statement on Auditing Standards No. 82, AICPA Statement on Standards for Accounting and Review Services No. 7, FASB Statement of Financial Accounting Standards No. 129, FASB Interpretation No. 42, FASB Technical Bulletin No. 94-1, AICPA Statement of Position 96-1, Practice Bulletin 14, the AICPA Audit and Accounting Guide Not-for-Profit Organizations—1997 edition, and EITF Consensuses adopted up to and including the March 13, 1997 Emerging Issues Task Force meeting. The checklists and illustrative financial statements should be modified, as appropriate, for subsequent pronouncements. In determining the applicability of a pronouncement, its effective date should also be considered.
- The checklists and illustrative financial statements should be used by, or under the supervision of, persons having adequate technical training and proficiency in the application of generally accepted accounting principles, generally accepted auditing standards, and statements on standards for accounting and review services.
- The checklists and illustrative financial statements do not represent minimum requirements and do not purport to be all-inclusive. The referenced standards should be reviewed if clarification is needed to determine whether the disclosure indicated is required or suggested, and to what extent each disclosure is relevant to the statements being presented.

.03 Users of the checklists and illustrative financial statements are urged to refer directly to applicable authoritative pronouncements when appropriate. If you have further questions, call the AICPA Technical Hotline at 1-800-862-4272.

Note: This publication was extracted from sections 14,000 through 14,700 of the AICPA Financial Statement Preparation Manual (FSP).
FSP Section 14,100

Introduction

.01 In June 1993, the FASB issued SFAS 117, Financial Statements for Not-for-Profit Organizations, to enhance the relevance, understandability, and comparability of financial statements of not-for-profit organizations. The Statement requires that all not-for-profit organizations provide a statement of financial position, a statement of activities, and a statement of cash flows. These financial statements present the organization’s total assets, liabilities, and net assets; the balances of and changes in each of three classes of net assets—permanently restricted, temporarily restricted, and unrestricted; and the change in cash and cash equivalents.

.02 Prior to adoption of SFAS 117, most not-for-profit organizations generally presented their expenses classified on a functional basis (according to the purpose for which costs are incurred, such as specific programs and supporting services) with the exception of those receiving no significant support from the general public, which often reported expenses by natural classification (i.e., salaries, employee benefits, and purchased services). Upon adoption of SFAS 117, all not-for-profit organizations are required to report expenses on a functional basis. An additional reporting requirement is placed on voluntary health and welfare organizations, which are required to include a separate statement of functional expenses (presenting information about their expenses by both functional and natural classifications) as part of their general-purpose external financial statements.

.03 A wide variety of users are interested in the financial statements of not-for-profit organizations. Among the principal users are (1) contributors to the organization, (2) beneficiaries of the organization, (3) the organization’s trustees or directors, (4) employees of the organization, (5) governmental units, (6) the organization’s creditors and potential creditors, and (7) constituent organizations.

.04 A principal purpose of a not-for-profit organization’s financial statements is to communicate the ways resources have been used to carry out the organization’s objectives. In addition, while adequate measures of program accomplishment generally are not available in the context of present financial statements, the financial statements should identify the organization’s principal programs and their costs. A third aspect of financial reporting for not-for-profit organizations is disclosure of the degree of control exercised by donors over use of resources. A fourth aspect is that the financial statements of a not-for-profit organization should help the user evaluate the organization’s ability to carry out its fiscal objectives.

.05 Many not-for-profit organizations receive resources restricted for particular purposes. To facilitate observance of limitations, the accounts are often maintained using fund accounting, by which resources are classified for internal purposes into funds associated with specific activities or objectives. Each fund is a separate accounting entity with a self-balancing set of accounts for recording assets, liabilities, fund balance, and changes in the fund balance. Although separate accounts may be maintained for each fund for internal purposes, financial statements prepared in accordance with SFAS 117 focus on the organization as a whole rather than on fund balances and changes in fund balances.

Checklists—General

.01 AICPA disclosure checklists have been designed as practice aids to assist accountants in the preparation of financial statements and to assist auditors in their evaluation of the adequacy of disclosures in the financial statements they audit. Authoritative literature does not require the use of checklists, nor does it prescribe their format or content.

.02 This checklist consists of a number of questions or statements that are accompanied by references to the established sources of GAAP in which the disclosure requirements are found. These sources include Statements of Financial Accounting Standards, FASB Interpretations, Accounting Principles Board Opinions, Accounting Research Bulletins, AICPA Audit and Accounting Guides, AICPA Statements of Position, and EITF consensuses. Checklists are designed to serve as convenient memory aids but should not be used as a substitute for direct reference to authoritative literature.

.03 To use this checklist, simply check “yes,” “no,” or “not applicable” for each question. If additional information needs to be documented, include separate cross-referenced memoranda.

.04 As you use this checklist, please remember that:

- The exercise of sound professional judgment is of paramount importance in applying the checklist provisions.
- The checklist may require modification based on the engagement circumstances.
- The checklist may not be all-inclusive.
- Users need to modify the checklist for any pronouncements issued subsequent to those mentioned in the checklist.

.03 Some questions in this checklist do not cite a specific authoritative reference but indicate that the disclosure is generally accepted. Most organizations disclose that information even though a requirement to do so in the authoritative literature cannot be identified.

This checklist is organized into the sections listed below. Carefully review the topics listed and consider whether they represent potential disclosure items for the not-for-profit organization. Place a check mark by the topics or sections considered not applicable; these sections need not be completed. For example, if the organization does not have any extraordinary items, place a check by “Extraordinary Items” and skip this section when completing the checklist.

2 Category of financial instrument refers to class of financial instrument, business activity, risk, or other category that is consistent with the management of those instruments. If disaggregation of financial instruments is other than by class, the entity also should describe for each category the classes of financial instruments included in that category. Practices for grouping and separately identifying similar financial instruments into classes in statements of financial position, in notes to financial statements, and in various regulatory reports have developed and become generally accepted, largely without being codified in authoritative literature. In SFAS 105 [AC F25], "class of financial instrument" refers to those classifications.

Is the fair value of financial instruments for which it is practicable to estimate that value (except for those excluded in paragraphs 8 and 13 of SFAS 107) disclosed, together with the related carrying amount in a form that makes it clear whether the fair value and carrying amount represent assets or liabilities and how the carrying amounts relate to what is reported in the statement of financial position?4 [SFAS 107, par. 10 as amended by SFAS 119, par. 15 (AC F25.115C)]

Auditors' Reports on Audits Performed
Under Government Auditing Standards
and Under OMB Circular A-133 Checklist

NOTE
The single audit policy is currently undergoing a massive overhaul. Several important developments have already taken place and others continue to be finalized. At the time this checklist went to print, guidance is still being developed on reporting under the Single Audit Act Amendments of 1996 and OMB Circular A-133. The new guidance will be effective for fiscal years beginning after June 30, 1996.

A brief rundown of four key pieces of guidance which have been or are currently being revised follows:

   - Passed July 5, 1996
   - Effective date: Fiscal years beginning after June 30, 1996
   - For more info.:
     - AICPA Fax Hotline, dial (201) 938-3787 from a fax machine and select document # 402
     - Full text available online at http://www.sbaonline.sba.gov/ignet

2. **OMB Circular A-133**
   - Proposed revision issued November 5, 1996; final document expected to be issued in May, 1997
   - Effective date: Fiscal years beginning after June 30, 1996
   - Once finalized, final revision available from:
     - Federal Register
     - OMB fax information line 202-395-9063, document # 1133
     - Call or write the OMB

3. **Compliance Supplement**
   - Provisional supplement expected to be issued in May 1997; final supplement anticipated for 1998.
   - Auditors should use the provisional supplement until the final supplement is issued.
   - For more info.:
     - AICPA's CPA Letter
     - AICPA Internet home page at http://www.aicpa.org
4. AICPA Statement of Position (SOP)

As a result of the changes described in 1–3 above, SOP 92-9, Audits of Not-for-Profit Organizations Receiving Federal Awards, has become outdated. The AICPA is in the process of developing a new SOP that will supersede SOP 92-9. It is expected to be issued in late summer 1997 and it will include guidance on the work performed and reports issued for audits under the 1996 Amendments and Circular A-133. It will also include simplified illustrative audit reports. The new illustrative reports will include one report on the financial statements, one that will meet the requirements for reporting on compliance and internal control under Government Auditing Standards, and one report that will meet the requirements of the 1996 Amendments and Circular A-133 for reporting on single audits of federal awards. The AICPA expects to make these illustrative audit reports available on the AICPA Internet home page and the AICPA Fax Hotline before the final issuance of the new SOP.

The reporting guidance in the new SOP and illustrative audit reports will be included in section 14,500, as an update to the looseleaf service, as it becomes available. Additionally, it will be incorporated into the 1998 bound edition of this checklist.

Auditors issuing reports on audits performed under Government Auditing Standards and under OMB Circular A-133 for fiscal years beginning after June 30, 1996 should closely follow developments in this area and look for the illustrative audit reports on the AICPA Internet home page or the AICPA Fax Hotline.

Independent Auditor's Report

The Board of Directors
Big Brothers of Any County, Inc.

We have audited the accompanying statement of financial position of Big Brothers of Any County, Inc. (an Any State not-for-profit corporation) as of December 31, 19X4 and the related statements of activities, cash flows, and functional expenses for the year then ended. These financial statements are the responsibility of the Organization’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Big Brothers of Any County, Inc. as of December 31, 19X4, and the changes in net assets and its cash flows for the year then ended in conformity with generally accepted accounting principles.

As discussed in Note 10 to the financial statements, in 19X4 the Organization changed its method of accounting for contributions, its method of accounting for investments, and its method of financial reporting and financial statement presentation.

BIG BROTHERS OF ANY COUNTY, INC.

Notes to Financial Statements
For the Year Ended December 31, 19X4

Note 1: Nature of Organization and Significant Accounting Policies

Big Brothers of Any County, Inc. (the Organization) is a nonprofit organization dedicated to helping single-parent children in southeastern AnyState by building friendships through a one-on-one matching program with screened adult volunteers. Revenues are derived principally from the Organization's programs and from contributions.

Support and Expenses. Contributions received and unconditional promises to give are measured at their fair values and are reported as an increase in net assets. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

The Organization reports gifts of goods and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Donated Services, Goods, and Facilities. A substantial number of volunteers have donated approximately 20,000 hours to the Organization's program services and fund-raising campaigns during the year; however, these donated services are not reflected in the financial statements since the services do not require specialized skills. Donated professional services (which include accounting and legal services) are reflected in the statement of activities at their fair value.

Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the date of receipt.

Conditional Promises to Give. As of December 31, 19X4, the Organization had received conditional promises to give aggregating $13,000 that are contingent upon the Organization's raising matching corporate gifts.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents. Cash and cash equivalents consist of cash held in checking and money market accounts and certificates of deposit with maturities of less than 90 days. At year-end and throughout the year, the organization's cash balances were deposited in several banks. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents.

Investments. Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statement of financial position. Invest-
ment income or loss (including gains and losses on investments, interest, and dividends) is
included in the statement of activities as increases or decreases in unrestricted net assets unless
the income or loss is restricted by donor or law.

Concentrations of Credit and Market Risk. Financial instruments that potentially expose the Organiza-
tion to concentrations of credit and market risk consist primarily of cash equivalents and
investments. Cash equivalents are maintained at high-quality financial institutions and credit
exposure is limited to any one institution. The Organization has not experienced any losses on its
cash equivalents. The Organization's investments do not represent significant concentrations of
market risk inasmuch as the Organization's investment portfolio is adequately diversified among
issuers.

Vehicles and Office Equipment. Vehicles and office equipment acquisitions are recorded at cost.
Depreciation is provided over the estimated useful lives of the assets and computed on the
straight-line method.

Advertising Costs. Advertising costs are expensed as incurred.

Income Taxes. The Organization is a nonprofit corporation whose revenue is derived from
contributions and other fund-raising activities and is not subject to federal or state income taxes.

Note 2: Assets to Be Disposed Of

In January 19X4, management decided to dispose of the Organization's arcade-game equipment
due to the age and poor condition of the equipment. In connection with that decision, the
Organization incurred a $45,000 charge to write down the arcade-game equipment to fair market
value. The arcade-game equipment is expected to be disposed of by March 31, 19X5. After the
write-down, the equipment is recorded in unrestricted net assets at $5,000 and is no longer being
depreciated.

Note 3: Contributions Receivable

Note 4: Leasehold Interest

In December of 19X4, the Organization received a contribution of leasehold rights for 3,000 square
feet of office space for a ten-year term. The Organization's monthly rent under a signed lease
agreement is $1 per month. The present value of the fair market rent of $3,000 per month over the
lease term, which was determined using an 8% discount rate, has been recognized as temporarily
restricted support in the current year. The amounts are classified as follows:

Note 7: Lease Commitments

The Organization leased its Any City office facilities under a noncancellable operating lease which expired December 31, 19X4. Rental expense for the year ended December 31, 19X4 including common area expenses was $42,500.

In December 19X4, the Organization signed a lease agreement for new office facilities for a term of ten years. The Organization may cancel the lease at any time with a 30-day notice. See also note 3.

Note 8: Fair Value of Financial Instruments

The following methods and assumptions were used by the Organization in estimating the fair value of its financial instruments:

- Cash and cash equivalents: The carrying amount reported in the statement of financial position for cash and cash equivalents approximates its fair value.
- Investments: Fair values, which are the amounts reported in the statement of financial position, are based on quoted market prices, if available, or estimated using quoted market prices for similar securities.

The carrying amounts and fair values of the Organization’s financial instruments at December 31, 19X4 are as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Carrying Amount</th>

</thead>
<tbody>

</tr>
</tbody>
</table>

Note 9: Functional Allocation of Expenses

The costs of providing the various programs, fund-raising and other activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and fund-raising activities benefited.
Note 10: Change in Accounting Method

During 19X4, the Organization adopted the accounting treatment prescribed by Statement on Financial Accounting Standards (SFAS) No. 116, Accounting for Contributions Received and Contributions Made, SFAS No. 117, Financial Statements for Not-For-Profit Organizations, and SFAS No. 124, Accounting for Certain Investments Held by Not-for-Profit Organizations. In accordance with SFAS No. 116, contributions received are recorded as unrestricted support depending on the existence and/or nature of any donor restrictions. As permitted by SFAS No. 116, the Organization may retroactively apply the provisions of this new statement by restating the assets as of December 31, 19X3. The adjustment of $27,000 made to net assets as of December 31, 19X3, represents contributions not previously reported.

Note 11: Temporarily Restricted Net Assets

Temporarily restricted net assets are available for the following specific program services:

- Contributions receivable for the Combined Federal Campaign $ 18,100
- Donated facilities available for future years 248,450

Total $266,550

Note 12: Permanently Restricted Assets

Permanently restricted assets of $61,800 are restricted to investments in perpetuity, the income from which is expendable to support the Big Brother Outreach Campaign.

Note 13: Litigation

In November 19X4 a legal action was filed against the Organization by a former employee alleging wrongful termination and other charges. The plaintiff is seeking $2,000,000 in damages. The School believes the claim is without merit and has not accrued any loss contingency. While the School believes it has excellent defenses against the suit, the ultimate resolution of the matter, which is expected to occur within one year, could result in a loss of up to $300,000 after insurance coverage.
