To Those Receiving  
This Communication-

With this note, you will receive a copy of the Federal Tax Revision Program of the Committee on Federal Taxation of the American Institute of Accountants, as presented in the 1939 report of the committee. The report was approved by Council of the American Institute at its annual meeting in San Francisco on September 18 last.

Please note that the recommendations offered in detail in the body of the report are summarized in page 2 of the enclosed booklet.

In making its recommendations, the Committee on Federal Taxation has acted in a spirit of cooperation with the Federal government, in an effort to prove the need for certain changes in tax requirements which, in the judgment of the committee, will operate in the public interest.

Very truly yours,

John L. Caroy  
Secretary
