A panel discussion on "The Past, Current, and Future of the Massachusetts Society of CPAs" will be presented at the Northeast Regional American Accounting Association Meeting of April 20-22, 2000. In preparation and in addition to my work on Harvey S. Chase, an early founder of the Massachusetts Society, I have reviewed the nineteenth century Boston City Directories at the Boston Public Library. The intent of this review was to include Boston into a work done by A. C. Littleton in 1942 on New York, Chicago, and Philadelphia accountants. Professor A. C. Littleton of the University of Illinois is, perhaps, the most recognized writer of the accounting history in the United States. Littleton wrote Directory of Early American Public Accountants as Bulletin No. 62 of the University of Illinois' Bureau of Economic and Business Research. The article was reprinted in 1988 in Stephen A. Zeff's The U.S. Accounting Profession in the 1890s and Early 1900s.

Boston city directories were published on a sporadic basis and held in microfilm form in the Boston Public Library from 1789. A business listing section was included in 1846. In 1849 the first listing for public accountants occurred. Table 1 shows the 13 different categories for the 50 years from 1849 through 1899.

MESSAGE FROM THE PRESIDENT

I hope that the New Year is proving to be a happy and productive one for each of you. The year has started well for the Academy thanks to the many members who have volunteered to serve on the Academy’s committees. The focus of our work this year is to identify the services that are desired by members and to develop plans to deliver those services. By now, each of you should have received a survey intended to obtain your input about the Academy’s future direction. I hope that you will complete and return it. This is your opportunity to help guide the organization’s path. If there is an area of concern that is not addressed in the questionnaire, please let me know.

Elsewhere in the newsletter is a list of Academy committees for this year along with their charges and members. Your responses to the survey will help several of those committees carry out their charges. The Committee to Review Academy Operations and Communications and the Strategic Action Committee will use your input to make recommendations concerning revising the Academy’s operations and communications and restructuring officer and committee responsibilities.

A key to involving members in the Academy’s activities is to be able to communicate with them in a timely manner. The Web Technology Committee is in the process of evaluating the Academy’s web site with a view to making it more dynamic and useful. Please take a few minutes to review the Academy’s home page at http://weatherhead.cwru.edu/accounting. If you have suggestions for the site, please let me know. If your email address is not included in the Membership Directory or if it is incorrect, please send an email message to the Academy’s Administrative Coordinator at krice@cba.ua.edu to update your address. We intend to communicate with members using email to a greater extent.

An integral part of planning for the future is to ensure that the Academy has sufficient members to remain a vital organization. The Membership Committee and the Overseas Relations Committee may request your help in distributing information about the Academy to your colleagues and doctoral students. I hope that you will be able to assist them. We especially want to encourage individuals from outside the United States to join the Academy since accounting history truly is an international discipline.

The Education Committee is in the process of assembling materials to help faculty integrate accounting history into the curriculum. If you have an accounting history case or project or a syllabus for an accounting history course, please consider sharing it with the Education Committee. They will make the materials available to all faculty on the Academy’s web site.

The Vangermeersch Manuscript Award Committee has revised the award criteria beginning with this year. The goal of the manuscript award is to encourage young academic scholars to pursue historical research. Any accounting faculty member who holds a full-time appointment and who received his or her masters or doctorate within seven years prior to the date of the submission is eligible to have a manuscript considered for the award. Co-authored manuscripts will be considered if at least one co-author meets the requirements. If you or your colleagues meet the award criteria, please consider submitting your manuscript for this award.

There are two program committees this year that are busy planning for the Academy’s annual fall research conference and for an international accounting history colloquium. The Academy’s annual fall research conference will be co-sponsored this year with the Ohio State University Accounting Hall of Fame. The conference will be held in Columbus, Ohio, at the Hyatt on Capitol Square on November 9-11, 2000. The program committee is arranging for many Hall of Fame members to present their views of the history of accounting and for the conference to be co-located with the Accounting History Roundtable.

GENERAL INFORMATION

The 8th World Congress of Accounting Historians coincides with the end of the second millennium of the Christian Era. This millennium has been precisely the period in which the Western Civilization found its origin, development and consolidation, building up on the foundations of the Ancient Roman Culture. At the same time, it was also the space in which accounting, an activity as old as humanity, found its modern form in the shape of double entry. In this sense, the World Congress to be held in the year 2000 constitutes a real milestone in the chain of our Congresses and has to take duly into account all these facts. Strictly speaking, there is no history of the past, but history of the present. Thus, the study of the paths followed to reach the point where we are results in the past becoming present.

The 8th World Congress of Accounting Historians will be held in the Social Science campus of the Universidad Carlos III de Madrid. In addition to the regular services provided in a campus of this type, the University residence will be available to Congress participants. The Social Science campus is located in Getafe, a satellite village, 11 kms (7 miles) from downtown Madrid. The village has good connections with Madrid by train and bus. A special shuttle bus service will be arranged for Congress attendees who prefer accommodations in downtown hotels.

An academic event in combination with a plenary session of the Congress will be held at the Universidad de Alcala de Henares, which is the oldest University in the community of Madrid and one of the oldest in Spain. The organizer of the 8th World Congress of Accounting Historians is the Asociacion Espanola de Contabilidad y Administracion de Empresas (AECA), i.e. the Spanish Association of Accounting and Business Administration, through its Comision de Historia de la Contabilidad (Commission of Accounting History), patronized by the Colegio Central de Titulados Mercantiles y Empresariales (Central Institute of Graduates in Commerce and Business Administration). This institution together with the Consejo Superior de Colegios Oficiales de Titulados Mercantiles y Empresariales de Espana (High Council of Spanish Official Institutes of Graduates in Commerce and Business Administration), which federates all Colegios in Spain, will act as co-organizers of the Congress.

Besides the Consejo Superior and the Colegio Central, AECA will count on the co-operation of the six State Universities located in the Community of Madrid: Universidad Carlos III de Madrid, Universidad de Alcala de Henares, the Universidad Autonoma de Madrid, the Universidad Complutense, the Universidad Nacional de Educacion a Distancia (UNED) and the recently created Universidad Rey Juan Carlos de Madrid.

1. The meeting was convened at 1:10 p.m. by Tom Lee.
2. The minutes of the Tuscaloosa officers’ and trustees’ meeting on May 22, 1999, were approved.
3. Kathy Rice’s report indicated that membership dropped by 49 individuals to 808 members from August 10, 1998, to August 10, 1999. Membership is an issue that must be addressed next year. Kathy Rice’s report indicated that it would not be financially sound to acquire a bulk mail permit.
4. Sarah Holmes gave the Treasurer’s Report. The 2000 proposed budget will be finalized by the November 1999 meeting. The November 1999 Research Conference had received funds from KPMG, $2,000; GM, $1,500, and Deloitte and Touche, $5,000. There are two requests outstanding to Arthur Andersen and Ernst and Young. The conference budget is $8,500 and has been met by the gifts. We will have to withdraw some funds from the savings account to cover the balance of the year’s expenses. No additional funding was received for the May 1999 Comparative International Accounting History Research Consortium. The conference was funded out of the 1999 conference budget.
5. Editorial reports were received from Elliott Slocum and Finley Graves.
   The Notebook will go to the printer in mid-September. Finley reported that Keith McMillan’s dissertation will be published by the monograph series if it can be made camera ready by Keith. Dale Flesher has a large supply of the Garner monograph. It can be made available to the membership committee.
6. Dale Flesher reported that the EDP/Auditing Archival Center has new furniture and is ready for members to use. The Tax History Research Center and the McMickle Library are also ready for use.
   Elliott Slocum reported that the Accounting History Research Center is in the process of completing the shelving of the Jimmy Jones collection. The Center has a number of extra books that can be used for the Silent Auction in Toronto. Elliott will look into purchasing a new computer for the center to facilitate cataloging collections.
7. Reports on Research Conferences—Richard Vangermeersch proposed that the Academy investigate making a proposal for the Ninth World Congress and to hold it in St. Louis in the year 2004. He also indicated that we should commend the CPA Journal for its coverage of accounting history.
   Tom Lee reported that the 1999 Research Conference planning is well under way.
   Kathy Sinning reported that the 2000 Research Conference will be held in Columbus, Ohio, as a joint conference with the Accounting Hall of Fame. The meeting will be held at the Hyatt at Capital Square from November 9 through November 11, 2000.
   Finley Graves reported that the 2001 conference will be held at the La
Fonda Inn in Sante Fe. Joni Young and Tom Mouck, of the University of New Mexico, will co-chair the conference. The conference will be held November 15 - 17, 2001. The academy needs to sign a contract with the hotel to guarantee the very favorable rates.

Tom Lee reminded members of the Eighth World Accounting History Conference to be held on July 19-21, 2000, in Madrid, Spain.

8. Committee reports were reviewed and discussed. No manuscripts were received by the Vangermeersch Manuscript Award Committee. It was recommended that the guidelines be altered to allow co-authored papers. The committee was asked to change the guidelines for next year. Finley Graves was to contact Keith McMillan regarding the work of the Research Committee.

9. New Business - Other business discussed included:

A special issue of AHJ dealing with accounting history in Asia was discussed. It was agreed that the editor of the journal should make that decision.

Decision was made on the appointment of Steve Walker to replace Dick Fleischman as Editor of The Accounting Historians Journal. Need for a revised budget to allow for Steve's location.

Tom Lee discussed the report of the Comparative International Accounting History Research Consortium. The consortium will not continue on an annual basis, but future conferences will be considered.

Donation of $100 to North Texas (re Jim Merino).

Leadership retreat - to be held on Friday, April 14 in Indianapolis at the Midwest AAA meeting site.

Discussion will include the duties of the officers in the future.

Need budget for international travel by president.

Secretary and vice presidents to review duties and responsibilities of officers.

10. Meeting adjourned at 3:10 p.m.

TRUSTEES AND OFFICERS MEETING
November 20, 1999
Westin Hotel, Toronto, Canada

The meeting was called to order by Tom Lee at 3:30 p.m.

1. The minutes of the previous meeting in San Diego were approved as circulated.

2. Editors’ Report
   a. Accounting Historians Journal (Dick Fleischman) - report attached
      • submissions to the Journal are down largely due to competition from other publications
      • the transition from Dick Fleischman to Steve Walker as editor will occur in July 2000
      • the editorial board of the journal will be reconfigured at that time to reduce its size and balance membership against current areas of historical scholarship
      • it was suggested that the Academy examine the AAA editorial succession policy and that a policy of this TRUSTEES...continued on page 32

Non-members in attendance: David Cooper and Jeffrey Kantor

Tom Lee called the meeting to order at 2:00 p.m.

1. Approval of Minutes - the minutes of the last Officers and Trustees meeting were approved.

2. President's Report (Tom Lee)
   • Tom expressed the opinion that a one year term for President may not be enough to allow for learning and implementation of an agenda. His theme this year has been the internationalization of the Academy. Key initiatives were the Comparative International Accounting History Consortium held in Tuscaloosa and the Toronto Research Conference. He has also tried to change committee memberships to reflect the distribution of the Academy's membership. A second theme has been the need to generate support for and awareness of the Academy and accounting history. Tom has attempted to do this through his presence at numerous conferences and workshops. He expressed his thanks to members of the Academy for their support in this role.

3. Secretary's Report (Alan Richardson)
   • Alan recognized the important role that Kathy Rice (Academy administrator, University of Alabama) has played in taking over many of the Secretary's duties. He presented membership reports that show a decline in membership over the last year. The decline was mostly attributable to the loss of US members. The total decline was off-set by an increase in institutional membership.

4. Treasurer's Report (Sarah Holmes)
   • Sarah reviewed the year's financial operations and distributed a set of financial statements.

5. Nominations Committee (Gary Previts)
   • Gary Previts, on behalf of the committee, proposed the following slate of officers:
     Past President – Tom Lee
     President – Kathy Sinning
     President Elect – Finley Graves
     First Vice President – Bill Samson
     Second Vice President – Alan Richardson
     Secretary – Gary Spraakman
     Treasurer – Sarah Holmes (Treasurer-elect Cheryl McWatters)
     Trustees – Tom Lee; Salvador Carmona; Garry Carnegie; Peter Clarke
   • There was a call for nominations from the floor. There were none.
   • Moved: to accept the slate of officers and trustees. Motion approved

6. Other Business
   • Vaughan Radcliffe moved that a committee be struck to revise the by-laws of the Academy in order to improve the transparency and accessibility of Academy governance processes.
     There was a vigorous discussion of this motion. It was questioned whether or not the problem alluded to...
required a change in by-laws or simply better communication methods between the officers and membership. Concern was raised about the impact of by-law changes on the Academy’s charter and non-profit status. Various aspects of the problem were described including lack of knowledge among the members about how to join committees or run for office, the total time commitment required to achieve the Presidency, and whether or not positions in the governance structure should be used to reward service to the Academy. In contradistinction, the concern was expressed that it is most often a problem of finding people to serve in heavy workload positions and that volunteers were always welcomed. Further, it was pointed out that there was a provision for nominations from the floor to balance the institutional need to have a full slate of officers put forward to ensure continuity of the Academy.

The motion was called. A count of hands showed the motion deadlocked at 10 votes in favour and 10 votes against the motion with two abstentions. The motion was ruled to have failed.

• President-elect Sinning offered that during her term as President she would be conducting a survey of the desires of membership for new or different services and would form an ad-hoc committee to examine impediments to participation in the governance of the Academy.

7. The meeting was adjourned at 3:25 p.m.

ADMINISTRATIVE POLICIES COMMITTEE
The Academy of Accounting Historians October 13, 1999

I have received back from the committee members their comments, and will incorporate them in the policy and procedure manual and forward it on to both of you either this week or next week. I would like to commend the committee members for doing an outstanding job!

The next step, if you care to take it, is to have the different affected individuals read the responsibilities of their position and respond to it in further refining the manual. There is no time frame on taking that step though, and it can be done as well after the Toronto meeting as before. I don’t know that a policies and procedures manual is ever complete; it is always evolving.

EDUCATION COMMITTEE
The Academy of Accounting Historians
October 28, 1999

In order to promote the integration of accounting history into curricula at the undergraduate and graduate levels, the Education Committee presents the below two recommendations for the current and future administration. Furthermore, the committee is currently involved in collecting resource materials that can be used to integrate accounting history into curricula. Once collected, these materials will be posted on the Academy’s web page.

Recommendations:

1. While participating in the AAA’s doctoral consortium, the Academy should strive to increase doctoral students’ awareness of the importance of accounting history in general, and the specific benefits that can be obtained by integrating accounting history into accounting courses. Most doctoral students have not been exposed to accounting history and most lack an appreciation of its importance to accounting curricula. At the doctoral consortium, the Academy’s representative can expose doctoral students to the importance of accounting history and can encourage them to include a history of their research topic in the litera-
ture review section of their dissertation.

2. Academy members at doctoral granting institutions should encourage doctoral candidates to write dissertations on accounting history topics, or at the minimum, encourage them to include some coverage of accounting history - relevant to their particular research topic - in the literature review chapter.

Implementation

The Committee is currently in the process of collecting course syllabi from Academy members that either teach an accounting history course or integrate accounting history topics into other accounting courses they teach. The Committee is also in the process of collecting information on resource materials (e.g. articles, books, etc.) that illustrate how accounting history can be integrated into curricula. The collected materials will be organized and posted on the Academy's web page.

PRESENTATION OF THE 1999 ENRIQUE FERNANDEZ PENA ACCOUNTING HISTORY AWARD

The tenth congress of the AECA in Zaragoza, September 23-25, 1999, provided the opportunity to announce the person chosen to receive the Enrique Fernandez Pena Accounting History Award for 1999. A bronze trophy was sculptured by Jose Luis Fernandez based on the drawing named Exacedron Abscisus Vacuus by Leonardo da Vinci to illustrate the work of his good friend, Luca Pacioli. The award was first made in 1995 in honor of the memory of professor and accounting professional, Enrique Fernandez Pena, a founding member of AECA and principal force of the Accounting History Commission. Each year the award is given for a major study of accounting history in any of the Iberian languages published or presented during the year prior to June 30 of the year of the award.

For the fourth edition of the award, nineteen works complied with the requirements. Antinori, Carlo: El campo de estudio de la historia de la contabilidad y su evolucion en el tiempo.

Benito Mundet, Helena: La contabilidad de la Harinera La Montserrat durante el periodo de la Guerra Civil 1936-1939.

Bernal, Antonio-Miguel: La contabilidad como instrumento de conciliacion y arbitraje en la Carrera de Indias (siglos XV-XVIII).

The selection committee unanimously chose the book, Els origen de la Banca Publica. Las Taules de Canvi Municipals by Josep Maria Passola. This book provided an extensive and important study, based on primary sources, about the Taules de Canvi of the kingdom of Aragon and especially about Taules de Canvi de Vic. These institutions constituted the first public banks and laws established by the initiative of the city populations were located. The Taula de Canvi of Barcelona was founded in 1401 and served as a model for those established in the Mediterranean area.

As on previous occasions, accounting history was a part of the tenth congress of the AECA in Zaragoza on September 23-25. The congress and the accounting history sessions were a complete success. Twelve presentations were made in three parallel sessions.

Salvador Carmona y Rafael Donoso: Precios, espíritu de beneficios y sistemas de costes.

Esteban Hernandez Esteve: Literatura contable espanola 1522-1943.

J. Julian Hernandez Borreguero y Rafael Donoso Anes: Posibilidades y perspectivas para la investigacion historico-contable en los fondos del Archivo de la Catedral de Sevilla.

Fernando Martin Lamouroux: La crisis de la moneda de vellon en el siglo XVII.

Ramon Martinez Tapia: <Le parfait negociant> de Jacques Savary.

Miriam Nunez Torrado: Cambio economico y sistemas de informacion: la renta de la polvora en Nueva Espana.

Josep Maria Passola: El nacimiento de la banca publica. Las Taules de Canvi.

Jorge Tua Pereda, Lorenzo Mate Sadornil y Begona Prieto Moreno: El Libro de la Obra de la Iglesia de Santo Domingo de Silos.

The presentation was of major interest to those from other countries as well as Spain and involved subjects from the fourteenth to twentieth century. The subjects were diverse, but many involved public accounting, English accounting, and Spanish accounting. The discussion following the presentations was extensive and interesting.
This book was intended for business students as part of a course of study. The author encourages readers to memorize and understand its contents – definitions, rules, and procedures to expedite completion of the course. The author, S. S. Calkins, is listed as the proprietor of a commercial institute in Oberlin, Ohio. The book consists of only 8 pages. Particular emphasis is placed on double-entry bookkeeping rules along with explanations to aid the students in their studies.

The terms analyzed in the book includes the following:
- account
- capital stock
- consignor
- credit
- daybook
- debit
- discount
- double entry
- interest
- journal

The book also includes business abbreviations such as:
- bal. – balance
- cr. – credit
- dr. – debit
- ins. – insurance
- pd. – paid
- mdse. – merchandise

“Loss and Gain” equal; then Capital invested is the P. W.

A “Commission Merchant” is one who buys and sells Merchandise for others, receiving for his services as Agent, a Compensation equal to a specified per centage of the total sales, or purchases. Therefore “Commission” is labor compensated by an allowance of a per cent of the amount of sales, purchases, or productions.

One Person engaged in trade is called a “Sole Trader”, and his capital invested is usually represented in the Ledger under the title of “Capital Stock.” When the capital of the concern is represented thus, the books are called a “Stock Set.”

The Sole Trader may commence business in three ways, and close with thirteen different results, as follows:
- Commence Solvent with Capital, or above 0, and close with
  - Gain; then G. + C. = P. W.
  - Loss less than amount invested; then C.- L. = P. W.
  - Loss equal to amount invested; then C.- L. = 0.
  - Loss greater than amount invested; then L. - C. = Insolvency.

- Commence Insolvent, (or below 0,) and close with
  - L. = G, with condition as at commencing;
  - L. then In. + L. = In. at closing;
  - G. < In. “In. - G. = In. at closing;
  - G. = In.” G.- In. = 0.
and he is the “Consignee,” the party who consigned it is the “Consignor.” The Consignee opens an account with the “Consignment,” when he receives it, and Debits it for charges he may have against it for freight, drayage, etc; also it is charged for any part of the value of the property which he may advance to the Consignor before it is sold.

When the property is sold, “Consignment” account is credited for the sales. When all is sold, the account with the “Consignment” is closed, and “Account sales” rendered to the Principal. The process of closing a Consignment is as follows:

Compute Commission on the total sales at the established rate, and Debit the Consignment for Commission, and also all charges for Storage, Labor, Advertising, Drayage, etc., as may be necessary, and Credit “Commission” and “Charges” accounts for the same.

Then deduct all these charges (including freight, etc.) from the total sales, and the balance will be the “Net Proceeds” of the Principal. Debit the Consignment account for this balance, and Credit the Principal for the same. If the proceeds are remitted to the Principal, then he is not credited, but credited instead the account of the thing sent.

The Consignor Debits “Shipment” account for the value of the Merchandise he ships to be sold on his own account, and Credits the same account for the proceeds when he receives the “Account Sales.”

The books required specially by the Commission Merchant, are the Receiving Book, and Commission Sales Book; and these may be combined.

Compound Company Business—When the Consignment is to be sold for the joint account of the Consignor and Consignee, a temporary partnership is formed, and both parties share in the Gain or Loss. The Consignor Debits “Shipment Company,” or “Adventure Company” for his share of the cost or value of the Merchandise, and Debits the Consignee for this share.

The Consignee Debits “Merchandise Company, or “Sales Company” for his interest in the joint property, and Credits the Consignor, from whom he receives that interest. He also charges the same account for any expenses he may pay for freight, etc. The “Merchandise Company” account is Credited for the total sales, and when the property is all sold, the account is closed, and “Account Sales” is rendered to the other interested parties.

If a third party has an interest in the property to be thus sold, he debits “Adventure Company,” and credits the party who furnished his share.

The process of CLOSING is as follows: Compute Commission on the total sales, and make out all other charges against the Company, and Debit the account (Merchandise Company) for the same. Then deduct all the Company Expense from the total sales, to find the Net Proceeds of the Company; which you will then divide between the interested parties. Credit the partner (or partners, for the Company may be composed of several firms,) for this Net Proceeds, and for your Gain, and Debit the “Merchandise Company” for the same amounts. If you have LOST, “Loss and Gain” account must be Debited for the Loss, and the “Merchandise Company” be Credited for the same.

Your Gain or Loss is found by getting the difference between YOUR NET PROCEEDS and YOUR SHARE of the first cost of the Company Merchandise.

The entries as above are made when the accounts are kept on the “half system.” The “whole system” will be illustrated to students.

[In all examples of Commission and Compound Company Business, the Student should make out all Bills, Invoices, Commercial Paper, and Account Sales, which the transactions involve. If proficiency or graduation is desired, this direction must invariably be complied with.]
An increasing amount of research in accounting history is being published throughout the world in various books and periodicals other than those published by the Academy. The editors of The Notebook provide this section to identify accounting history research that may be of interest and use by members of the Academy. We encourage you, the readers of The Notebook, to advise us of many such publications in an effort to provide the broadest coverage and recognition of accounting history research.

THE EUROPEAN ACCOUNTING REVIEW

ON

MAPPING VARIETY IN THE HISTORY OF ACCOUNTING AND MANAGEMENT PRACTICES

Guest Editors: Salvador Carmona & Luca Zan

CALL FOR PAPERS

Research in accounting and management history has attracted considerable academic interest during the past decades. The academic debate has witnessed both the emergence of new forms of inquiry and interpretation of accounting and management practices (e.g., the New Accounting History) and the increasing reputation of Conventional Accounting History research. Accounting history research, accordingly, has become a constitutive element for the overall accounting research agenda. The European Institute for Advanced Studies in Management (EIASM) echoed the rising importance of the field and launched a series of accounting and management history workshops to dynamize research and interaction among interested scholars.

The Special Section aims at publishing high quality, primary source based papers. We encourage submissions that reflect the rich variety of the settings, issues and research traditions that characterize present developments in accounting and management history research. Contributions to the Special Section may either provide detailed descriptions of relevant management and accounting practices or draw on primary, archival sources to address and extend a theoretical framework. We welcome investigations drawing on a wide range of contexts. Accordingly, the Special Section could include, for example, papers focusing on the evolution of accounting and management practices either within single organizations, or within systems such as networks and districts, or across populations of organizations; papers dealing with private, profit-seeking firms as opposed to public and non-for-profit organizations; or articles which examine the nature and changes in the wider institutional context of firms (e.g., legal systems and norms). A focus on different time horizons is encouraged, especially on protoindustrial settings. Research on the evolution of the accounting and management professions, and the market at large, are also welcome. Such analyses may either address historical settings characterized by tough competition and the self-regulatory role of the accounting profession or focus on the imposing role of the different forms of the public sector on the economy and the profession. In particular, we encourage submissions covering comparative, international issues. Lastly, the Special Section seeks contributions on a sweeping number of topics. We encourage, thus, submissions examining topics of recurrent interest for accounting historians (e.g., the implementation of the double-entry bookkeeping method) as well as those that entered more recently the research agenda of the field (e.g., the role of accounting systems in the construction of the economic rationality).

Authors are asked to follow the Instruction for Authors' guidelines of The European Accounting Review. All papers will be subject to the EAR's normal refereeing process. Authors wishing to discuss their papers prior to submission may contact any of the Special Section guest editors. Though longer papers may be submitted for publication consideration, final papers should limit their length to a maximum of 8,000 words. The deadline for submission of papers is October 15, 2000. Authors should submit five copies of the manuscript to just one of the guest editors, Salvador Carmona, to simplify the procedure.

Certainly Boston was slightly ahead of Chicago and Philadelphia in the latter part of the 19th Century. New York City really took off, in relation to Boston in the 1890s. I have compiled two other Boston schedules which are too long to be presented herein, but which I will provide to anyone who requests them. The first schedule is a listing of accountants/accounting firms in the Business Section of the Boston City Directory from 1849 by classification and by advertising noted. There were some very long lasting Boston accountants/accounting firms through 1899, such as:

<table>
<thead>
<tr>
<th>Name</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>Amos D. Albee</td>
<td>1886-1899</td>
</tr>
<tr>
<td>John W. Anderson</td>
<td>1879-1880</td>
</tr>
<tr>
<td>C. E. Comer</td>
<td>1886-1899</td>
</tr>
<tr>
<td>M. J. Fitzgerald</td>
<td>1891-1899</td>
</tr>
<tr>
<td>E. L. Goodwin</td>
<td>1874, 1877</td>
</tr>
<tr>
<td>E. A. Grothusen</td>
<td>1881-1899</td>
</tr>
<tr>
<td>Wm. Franklin Hall</td>
<td>1887-1899</td>
</tr>
<tr>
<td>H. Kenney, Jr.</td>
<td>1885-1899</td>
</tr>
<tr>
<td>John M. Kingsbury</td>
<td>1887-1899</td>
</tr>
<tr>
<td>C. C. Kurtz</td>
<td>1869-1899</td>
</tr>
<tr>
<td>Rodney McLaughlin</td>
<td>1883-1899</td>
</tr>
<tr>
<td>H. A. Piper</td>
<td>1879-1899</td>
</tr>
<tr>
<td>J. L. Robinson</td>
<td>1881-1899</td>
</tr>
<tr>
<td>George T. Stoddard</td>
<td>1879-1899</td>
</tr>
<tr>
<td>A. C. Turner</td>
<td>1868-1899</td>
</tr>
</tbody>
</table>

There were also some accountants/accounting firms which were long-lasting but didn’t make it to 1899. There were:

<table>
<thead>
<tr>
<th>Name</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>E. T. Abbott</td>
<td>1884-1895</td>
</tr>
<tr>
<td>J. F. Ballister</td>
<td>1870-1892</td>
</tr>
<tr>
<td>H. D. Bradbury &amp; Co.</td>
<td>1883-1898</td>
</tr>
</tbody>
</table>

The second schedule is of ads placed in the Boston City Directory by accountants/accounting firms. I reviewed almost all the ads, but there were some missing pages in a few of the microfilm copies. I selected an ad the first time it appeared and if a material change was made in the ad for an accountants/accounting firm. This second schedule is important today for judgements about ads run where there were no professional restrictions on them. For the 20th Century it would be interesting and informative to trace the reactions to professional restrictions on ads to the ads in the Boston City Directories and, then, to ads in the Yellow Pages.

The first two ads in the schedule (1863, 1865) included accounting/bookkeeping as a minor part of (1863) a real estate firm and (1865) a commercial college. In 1866 the first accounting-only ad appeared as a business-card type of ad for George F. Hunting. (1866, p. 696)

GEORGE F. HUNTING,
Account and Book Adjuster,
No. 3 School St., Boston

Published by eGrove, 2000
Also, in 1866 a full-page ad for Trautmann-Perrin was placed with one line about accounting. The ads placed from 1867 through 1885 were relatively plain. In 1886 the Amos D. Albee ad featured him as an expert accountant as well as general agent from The Best Ink Well. The first more glitzy-type ad occurred in 1886 for N. P. Lamson & Loring S. Richardson.

(1866, p. 1704)

N. P. LAMSON & LORING S. RICHARDSON,
EXPERT ACCOUNTANTS.
Adjusters, Auditors and Examiners of Complicated Railroad, Banking, and Mercantile Accounts
MINOT'S BUILDING,
113 DEVONSHIRE ST., ROOM 35,
BOSTON, MASS.

The four ads from the 1890 Boston City Directory were more detailed than before. These were six ads from the 1893 Boston City Directory. The Protective Auditing Association seemed to be a corporate form of ownership with also Real Estate, Houses and Land for sale. John Reckers seemed to be a diversified firm with Private Lessons in Bookkeeping, Mathematics, and Navigation. T. G. Kimball used bold face to advertise as a Public Accountant. W. Norton-Reid had an ad with small print which advertised services. W. Norton-Reid was a Fellow of the American Association of Public Accountants.

Lastly, from 1893, Maurice J. Fitzgerald advertised himself as a Public Accountant.

(1893, p. 2211)

T. G. KIMBALL,
PUBLIC ACCOUNTANT.
27 SCHOOL STREET, - - BOSTON, MASS.
P.O. BOX 3581

In 1894, Edmund Willcox advertised himself as Gold Medallist, Institute of Expert Accountants and as “The Best Labor is the Cheapest.” In 1895, six ads for accountants were placed on one page. In 1897, Edmund Willcox had an ad as Certified Member of the American Association of Public Accountants with specialties in: Accountancy; Auditing; Investigation; Consultation; and Contracts. Of ten ads selected from 1899 Boston City Directory, the last three—Safeguard Account Co.; Boston Bookkeepers Protective Associates; and Interstate Mercantile Agency—appeared to be corporate in nature.

I hope that other researchers in other Massachusetts’ cities like Springfield and Worcester could add a similar listing for accountants/accounting firms and for ads in 19th Century Business City Directories.
