Checklists and Illustrative Financial Statements for Health and Welfare Benefit Plans

Description

.01 Employee benefit plans include defined benefit pension plans, defined contribution pension plans, and health and welfare benefit plans. Health and welfare benefit plans include plans that provide:

- Medical, dental, visual, psychiatric, or long-term health care; life insurance (offered separately from a pension plan); certain severance benefits; or accidental death or dismemberment benefits.
- Benefits for unemployment, disability, vacations, or holidays.
- Other benefits such as apprenticeships, tuition assistance, day care, dependent care, housing subsidies, or legal services.

.02 Defined-benefit health and welfare plans specify a determinable benefit, which may be in the form of a reimbursement to the covered plan participant or a direct payment to providers or third-party insurers for the cost of specified services. Such plans may also include benefits that are payable in a lump sum, such as death benefits. The level of benefits may be defined or limited based on factors such as age, years of service, and salary. Contributions may be determined by the plan's actuary or be based on actual claims paid or other factors determined by the plan's sponsor. Even when a plan is funded pursuant to agreements that specify a fixed rate of employer contributions (e.g., a collectively bargained multiemployer plan), such a plan may nevertheless be a defined-benefit health and welfare plan if its substance is to provide a defined benefit.

.03 Defined-contribution health and welfare plans maintain an individual account for each plan participant. They have terms that specify the means of determining the contributions to participants' accounts, rather than the amount of benefits the participants are to receive. The benefits of a plan participant are limited to the amount contributed to the participant's account, investment experience, expenses, and any forfeitures allocated to the participant's account. These plans also include flexible spending arrangements.

.04 Plan participants may be active or terminated employees (including retirees), as well as covered dependents and beneficiaries, of a single employer or group of employers. Employer contributions may be voluntary or required under the terms of a collective bargaining agreement negotiated with one or more labor organizations. Plans may require contributions from employers and participants (contributory plans) or from employers only (noncontributory plans). During periods of unemployment, a noncontributory plan may require contributions by participants to maintain their eligibility for benefits. Benefits may be provided through insurance contracts paid for by the plan (an insured plan), from net assets accumulated in a trust established by the plan (a self-funded plan), or both.

.05 A health and welfare plan may process benefit payments directly or it may retain a third-party administrator. In either case, a plan that is fully or partially self-funded is obligated for the related benefits.
Regulatory Requirements

.06 The Employee Retirement Income Security Act of 1974 (ERISA) provides for substantial federal government oversight of the operating and reporting practices of employee benefit plans. Under ERISA, the Department of Labor (DOL) and the Internal Revenue Service (IRS) have the authority to issue regulations covering reporting and disclosure requirements.

.07 ERISA generally requires that the administrator of an employee benefit plan prepare and file various documents with the DOL, the IRS, and the PBGC. The annual report to be filed for employee benefit plans generally is the Form 5500 Series. The Form 5500, a joint-agency form developed by the IRS, the DOL, and the PBGC, may be used to satisfy the annual reporting requirements of the Internal Revenue Code (IRC) and Titles I and IV of ERISA. (See FSP section 10,000.20–22 for a discussion of the newly revised Form 5500.)

Financial Accounting and Reporting Standards

.08 The AICPA Statement of Position (SOP) 92-6, Accounting and Reporting by Health and Welfare Benefit Plans, as amended by SOP 99-3, Accounting for and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters, establishes generally accepted accounting principles (GAAP) for health and welfare benefit plans. The AICPA Audit and Accounting Guide Audits of Employee Benefit Plans (the Guide) provides guidance on auditing and reporting on the financial statements of employee benefit plans. Plans that have adopted the provisions of SOP 92-6, as amended (see the transition section below), should follow the accounting and disclosure requirements set forth in chapter 4 of the Guide. SOP 92-6, as amended, requires restatement of prior period financial statements to comply with the provisions of SOP 92-6 in the year of adoption.

.09 SOP 94-4, Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans, as amended by SOP 99-3, specifies the accounting and reporting for health and welfare plans for investment contracts.

.10 FASB Statement of Financial Accounting Standards (SFAS) No. 35, Accounting and Reporting by Defined Benefit Pension Plans, does not apply to health and welfare benefit plans. However, the methods of valuing plan investments and the requirements for financial statement disclosures are generally the same as those specified in SFAS No. 35.

.11 SFAS No. 106, Employers' Accounting for Postretirement Benefits Other Than Pensions, establishes standards of financial accounting and reporting by employers for health and welfare benefits expected to be provided to a participant during retirement. While SFAS No. 106 does not apply to health and welfare benefit plans, the Guide adopted certain of its measurement concepts. Also, terminology used in discussing postretirement benefits in the Guide follows the usage and definitions provided in SFAS No. 106.

.12 In July 1999, SOP 99-2, Accounting for and Reporting of Postretirement Medical Benefit (401(h)) Features of Defined Benefit Pension Plans, was issued. SOP 99-2 amends chapters 2 and 4 of the Guide and specifies the accounting for and disclosure of 401(h) features of defined benefit pension plans, by both defined benefit pension plans and health and welfare benefit plans. The SOP is effective for financial statements for plan years beginning after December 15, 1998, with earlier application encouraged. Accounting changes adopted to conform to the provisions of this SOP should be made retroactively by a restatement of financial statements for prior periods. SOP 99-2 requires—

a. Defined benefit pension plans to record the aggregate amount of net assets held in a 401(h) account related to health and welfare plan obligations for retirees as both assets and liabilities on the face of the statement of net assets available for pension benefits in order to arrive at net assets available for pension benefits.

b. 401(h) account assets used to fund health benefits, and the changes in those assets, to be reported in the financial statements of the health and welfare benefit plan. Benefit obligations related to the 401(h) account are also required to be reflected in the health and welfare plan financial statements.
c. Defined benefit pension plans to disclose the fact that the 401(h) account assets are available only to pay retirees’ health benefits.

d. Health and welfare benefit plans to disclose in the notes to the financial statements the fact that retiree health benefits are funded partially through a 401(h) account of the defined benefit pension plan.

.13 In September 1999, SOP 99-3, Accounting for and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters, was issued. SOP 99-3 amends chapters 3 and 4 of the Guide, SOP 94-4, and SOP 92-6. SOP 99-3 simplifies disclosures for certain investments and supersedes AICPA Practice Bulletin 12, Reporting Separate Investment Fund Option Information of Defined- Contribution Pension Plans (PB 12). This SOP is effective for financial statements for plan years ending after December 15, 1999 with earlier application encouraged for fiscal years for which annual financial statements have not been issued. If the previously required “by-fund” disclosures are eliminated, the reclassification of comparative amounts in financial statements for earlier periods is required. SOP 99-3—

a. Amends paragraph 3.20 of the Guide to eliminate the previous requirement for a defined contribution plan to present plan investments by general type for participant-directed investments in the statement of net assets available for benefits.

b. Amends paragraph 3.28(k) and supersedes paragraph 3.28(l) of the Guide and supersedes PB 12 to eliminate the requirement for a defined contribution plan to disclose participant-directed investment programs and to eliminate the requirement to disclose the total number of units and the net asset value per unit during the period, and at the end of the period, by defined contribution pension plans that assign units to participants.

c. Amends paragraph 3.28(g) of the Guide to require a defined contribution plan to identify nonparticipant-directed investments that represent 5 percent or more of net assets available for benefits.

d. Amends paragraphs 3.28(p) and 4.57 of the Guide, paragraph 53 of SOP 92-6, and paragraph 15 of SOP 94-4 to eliminate the requirement for defined contribution plans, including both health and welfare benefit plans and pension plans, to disclose benefit-responsive investment contracts by investment fund option.

**Accounting and Reporting by Health and Welfare Benefit Plans**

.14 The financial statements of a defined-benefit health and welfare plan prepared in accordance with GAAP should be prepared on the accrual basis and should include the following:

- A statement of net assets available for benefits as of the end of the plan year.
- A statement of changes in net assets available for benefits for the year then ended.
- Information regarding the plan’s benefit obligations as of the end of the plan year.
- Information regarding the effects, if significant, of certain factors affecting the year-to-year change in the plan’s benefit obligations.

.15 Information regarding the benefit obligations should be presented on the face of one or more financial statements. Note disclosure is not appropriate.

.16 The financial statements of a defined-contribution health and welfare plan prepared in accordance with GAAP should be prepared on the accrual basis and should include the following:

- A statement of net assets available for benefits of the plan as of the end of the plan year.
- A statement of changes in net assets available for benefits of the plan for the year then ended.
Because a defined-contribution plan's obligation to provide benefits is limited to the amounts accumulated in an individual's account, information regarding benefit obligations is not applicable.

Plan investments should be reported at their fair value except a defined-contribution health and welfare plan should report investment contracts with fully benefit-responsive features (as defined in SOP 94-4, as amended) at contract value. Assets used in the administration of the plan are stated at cost less accumulated depreciation and amortization.

Whether or not a plan is subject to ERISA, insurance contracts, as defined by SFAS No. 60, Accounting and Reporting by Insurance Enterprises, are to be included in plan assets in the manner required by ERISA's annual reporting requirements and are to be reported in a manner consistent with the requirements of DOL Form 5500.

In addition to the reporting requirements of SOP 92-6, as amended (and chapter 4 of the Guide, as appropriate), health and welfare benefit plans may have reporting requirements under ERISA. On February 2, 2000, the DOL, Internal Revenue Service (IRS), and the Pension Benefit Guarantee Corporation (PBGC) announced the adoption of a substantially revised and improved Form 5500, Annual Return/Report of Employee Benefit Plan. Beginning with the 1999 filing year, the agencies have replaced the Form 5500 Series with one form, the Form 5500, intended to streamline the report and the methods by which it is filed and processed. Beginning July 1, 2000, the DOL took over the processing responsibilities for the Form 5500 and Form 5500-EZ from the IRS. The DOL has developed a new computerized system that will simplify and expedite the receipt and processing of the Form 5500 by relying on computer-scannable forms and electronic filing technologies. This system, called the ERISA Filing Acceptance System (EFAST), will reduce government and filer costs associated with filing, receiving, and processing annual reports.

The 1999 Form 5500 continues to require that certain supplemental schedules be attached to the annual Form 5500 filing. The information reported in these schedules has not changed from prior years. However, reporting has now been standardized in that some of these schedules are now required to be reported on Schedule G, "Financial Transactions Schedules" of Form 5500. The following schedules are required to be reported on Schedule G:

- Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible
- Schedule of Leases in Default of Classified as Uncollectible
- Schedule of Nonexempt Transactions

The following schedules are still required to be attached to the Form 5500 filing:

- Schedule of Assets Held for Investment Purposes At End of Year
- Schedule of Assets Both Acquired and Disposed of Within the Plan Year
- Schedule of Reportable Transactions

Please refer to the Instructions to Form 5500 for schedule requirements.

The EFAST computerized filing system will process the new 1999 Form 5500 in two computer-scannable formats: machine print and hand print (the questions are the same, only the appearance is different). Except for those who file electronically, use of computer-scannable forms is mandatory for 1999:

---

1 **Practice Tip** — Historical cost information is no longer required on the Schedule of Assets Held for Investment Purposes at End of Year for participant-directed investments.

2 **Practice Tip** — Participant- or beneficiary-directed transactions are no longer required to be taken into account for purposes of preparing the schedule of reportable transactions. In a plan's initial year, the 5 percent threshold for the schedule of reportable transactions is based on the end-of-year balance of the plan's assets.
plan year reports, which generally will be due starting in July, 2000. For more information on the 1999 Form 5500 and EFAST computerized filing system, see the DOL's EFAST Web site at http://www.efast.dol.gov and the "What's new" area on the PWBA's home page at http://www.dol.gov/whd/pwba. See also the AICPA publication, Employee Benefit Plans Industry Developments—2000 (product number 022245) for a more in-depth discussion of the revisions to the Form 5500 series and the new "EFAST" computerized filing system.

Transition

.23 SOP 92-6, as amended, is effective for audits of financial statements of single employer plans for plan years beginning after December 15, 1992, except that the application of SOP 92-6 to plans of single employers with no more than 500 participants in the aggregate is effective for plan years beginning after December 15, 1994. SOP 92-6 is effective for audits of financial statements of multiemployer plans for plan years beginning after December 15, 1995.

.24 On November 25, 1998, the Pension and Welfare Benefits Administration (PWBA) announced that it will not adopt a proposed non-enforcement policy affecting Form 5500s filed by multiemployer welfare benefit plans. Accordingly, annual reports of multiemployer welfare benefit plans filed for plan years commencing on or after January 1, 2000, will be subject to rejection by the PWBA if there is any material qualification in the accountant's opinion accompanying the annual report due to a failure to comply with the requirements of SOP 92-6, as amended.

Note: This checklist is applicable to those plans that have adopted SOP 92-6, as amended.

Exposure Draft—Proposed Statement of Position to Amend SOP 92-6

.25 In March 2000 the AICPA Accounting Standards Executive Committee issued an exposure draft for a proposed SOP, Accounting for and Reporting of Certain Health and Welfare Benefit Plan Transactions. This proposed SOP would amend chapter 4 of the AICPA Audit and Accounting Guide Audits of Employee Benefit Plans, and SOP 92-6. It would revise the standards for measuring, reporting, and disclosing estimated future postretirement benefit payments that are to be funded partially or entirely by plan participants. It would specify the presentation requirements for benefit obligation information and establish standards of financial accounting and reporting for certain postemployment benefits provided by health and welfare benefit plans. Specifically, it would allow information about the benefit obligations to be presented in a separate statement, combined with other information in a financial statement, or presented in a note to the financial statements. The proposed SOP would also clarify the measurement date for benefit obligations and the identification of 5 percent investment disclosures.

.26 The provisions of this proposed SOP would be effective for financial statements for plan years beginning after December 15, 2000, with earlier application encouraged. Financial statements for prior plan years would be required to be restated to comply with the provisions of this proposed SOP. The comment period for this exposure draft ended June 22, 2000. This exposure draft is available to download as an Adobe Portable Document Format (PDF) file from the AICPA Web site, http://www.aicpa.org.

Note: Practitioners should note that the purpose of AICPA exposure drafts is to solicit comments from preparers, auditors, users of financial statements, and other interested parties. They are nonauthoritative and cannot be used as a basis for changing GAAP.

Note: This publication was extracted from sections 10,000 through 10,400 of the AICPA Financial Statement Preparation Manual (FSP).

[3] To help filers make the transition to the new EFAST system, the PWBA will not reject, during the first processing year of the new EFAST system, any 1999 annual return/report filing solely because it was submitted in whole or in part on an unofficial computer generated version of the 1999 hand-print form. However, certain minimum standards must be met. See the questions and answers on the EFAST Web site (www.efast.dol.gov) for more information on this topic.

Instructions

General

.01 This publication includes:

- **Financial Statements and Notes Checklist**—For use by preparers of health and welfare benefit plan financial statements and by practitioners who audit them as they evaluate the adequacy of disclosures.

- **Auditors’ Report Checklist**—For use by auditors in reporting on audited health and welfare benefit plan financial statements.

- **Illustrative Financial Statements and Auditor’s Reports**—Illustrating full sets of health and welfare benefit plan financial statements.

.02 The checklists and illustrative financial statements included in this section have been developed by the staff of the Accounting and Auditing Publications Team of the AICPA as nonauthoritative practice aids to be used as a memory jogger to aid in the audit of financial statements of health and welfare benefit plans.

The checklists have been updated to include guidance relevant to employee benefit plans contained in official pronouncements issued through:

- FASB Statement of Financial Accounting Standards No. 137, *Accounting for Derivative Instruments and Hedging Activities—Deferral of the Effective Date of FASB Statement No. 133*
- FASB Interpretation No. 43, *Real Estate Sales*
- FASB Technical Bulletin No. 97-1, *Accounting under Statement 123 for Certain Employee Stock Purchase Plans with a Look-Back Option*
- AICPA Statement on Auditing Standards No. 90, *Audit Committee Communications*
- AICPA Statement of Position 00-1, *Auditing Health Care Third-Party Revenues and Related Receivables*
- AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans* (with conforming changes as of May 1, 2000)
- AICPA Practice Bulletin No. 15, *Accounting by the Issuer of Surplus Notes*
- EITF consensuses adopted through the January 2000 Emerging Issues Task Force (EITF) meeting

The checklists and illustrative financial statements should be modified, as appropriate, for subsequent pronouncements. In determining the applicability of a pronouncement, its effective date should also be considered.

Instructions

.03 The checklists consist of a number of questions or statements that are accompanied by references to the applicable authoritative pronouncements. The checklists provide for checking off or initialing each
question or point to show that it has been considered. Users should check: “yes” if the disclosure has been appropriately made, “no” if the disclosure has not been made, or “n/a” if the disclosure is not applicable to the engagement. The auditor should consider the effect of a “no” answer on his/her report. A “no” answer that is material to the financial statements may warrant a departure from an unqualified opinion (see paragraphs 20–63 of SAS No. 58, Reports on Audited Financial Statements, as amended [AICPA, Professional Standards, vol. 1, AU sec. 508.20–63]). If a “no” answer is checked, the authors recommend that a note be made in the right margin to explain why the disclosure was not made (for example, if the disclosure was not made because it was not material to the financial statements, write “not material” in the right margin). The right margin may be used for other remarks or comments as appropriate, including cross-referencing to applicable work papers where the support to a disclosure may be found. Use of the checklists requires the exercise of individual professional judgment and may likely require some modification based on the circumstances of individual engagements.

.04 The checklist is not a substitute for the authoritative pronouncements. Users of the checklists and illustrative financial statements are urged to refer directly to applicable authoritative pronouncements when appropriate. The checklists and illustrative financial statements do not include all disclosures and presentation items promulgated nor do they represent minimum requirements. Pronouncements deemed remote for health and welfare benefit plans are not included in this document. The checklists and illustrative financial statements are “tools” and in no way represent official positions or pronouncements of the AICPA.

.05 If you have further questions, call the AICPA Technical Hotline 1-888-777-7077.

.03 Checklist Questionnaire:

This financial statement disclosure checklist is organized into the sections listed below. Carefully review the topics listed and consider whether they represent potential disclosure items for the health and welfare benefit plan. Place a check mark by the topics or sections considered not applicable; these sections need not be completed. For example, if the plan has not or is not being terminated, place a check by Other Financial Statement Disclosures, Section H, "Plan Terminations," and skip this section when completing the checklist.

1 ERISA requires that the “Statement of Net Assets” available be presented in comparative form.
Statement of Net Assets Available for Benefits

A. General

1. Do disclosures include restrictions, if any, on plan assets (e.g., legal restrictions on multiple trusts)?
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  

B. Investments

1. Are the plan's investments presented in enough detail to identify the types of investments and whether reported fair values have been measured by quoted prices in an active market or have been otherwise determined?  
   [AAG, par. 4.30; SOP 92-6, par. 32, as amended by SOP 94-4]

2. Are the following investments reported as separate line items in the "Statements of Net Assets Available for Benefits":
   a. Government securities?  
   b. Short-term securities?  
   c. Corporate bonds?  
   d. Common stocks?  
   e. Mortgages?  
   f. Real estate?  
   g. Investments in bank common and commingled trust funds?  
   h. Master trusts?  
   i. Investment contracts with insurance companies, including separate accounts, and deposit administration and immediate participation guarantee contracts?  
   [Generally Accepted]

3. Are investments that represent 5 percent or more of total plan assets’ separately identified in the financial statements or notes thereto?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

4. Has consideration been given to disclosing provisions of insurance contracts included as plan assets that could cause an impairment of the asset value upon liquidation or other occurrence (for example, surrender charges and market value adjustments)?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

5. If fully benefit-responsive investment contracts are held by a defined-contribution health and welfare plan, is the following information disclosed in the aggregate by:
   a. The average yield for each period for which a statement of net assets available for benefits is presented?  
   b. The crediting interest rate as of the date of each statement of net assets available for benefits presented?  

---

* Generally, 5 percent of total net assets is used in calculating this amount (this is consistent with SFAS 35).
c. The amount of valuation reserves recorded to adjust contract amounts (for example, due to problems with the credit worthiness of the contract issuer or third party guarantor)?

d. The fair value of investment contracts reported at contract value, in accordance with SFAS 107, as amended?

e. A general description of the basis and frequency of determining crediting interest-rate resets and any minimum crediting interest rate under the terms of the contracts and any limitations on related liquidity guarantees (for example, plant closings, layoffs, plan termination, and mergers)?

f. For ERISA-covered plans in which a fully benefit-responsive investment contract does not qualify for contract-value reporting in the DOL Form 5500 but is reported in the financial statements at contract value and the contract value does not approximate fair value, a statement explaining the differences between amounts reported in the financial statements and DOL Form 5500?

[SOP 92-6, par. 58, as amended by SOP 94-4; AAG, par. 4.59]

C. Assets Held in 401(h) Account

1. Are the 401(h) assets and liabilities shown either as a single line item on the face of the statements of net assets available for plan benefits, or included in individual asset and liability line items with separate disclosure in the footnotes about the 401(h) amounts included in those individual line items?

[SOP 99-2, par. 11; AAG, par. 4.54]

2. Do the notes to the financial statements disclose:

   a. The fact that retiree health benefits are funded partially through a 401(h) account of the defined benefit pension plan?

   b. The fact that the assets in the 401(h) account are available only to pay retiree health benefits?

   c. The significant components of net assets and changes in net assets of the 401(h) account?

[SOP 99-2, par. 15; AAG, pars. 4.54 and 4.55]

D. Contributions Receivable

1. Are the following contributions receivable separately identified and accrued as of the date of the financial statements:

   a. Receivables from employer(s)?

   b. Receivables from participants?

   c. Other sources of funding (i.e., state subsidies or federal grants) pursuant to formal commitments as well as legal or contractual requirements?

[SOP 92-6, par. 33, as amended by SOP 94-4]

2. Do contributions receivable include an allowance for uncollectible amounts?

[AAG, par. 4.31; SOP 92-6, par. 33, as amended by SOP 94-4]
E. Deposits With and Receivables From Insurance Companies and Other Service Providers

1. Premium deposits and premium stabilization reserves should be reported as assets of the plan until such time as they are used to pay premiums. Is the nature of this type of deposit or reserve disclosed?
   [AAG, par. 4.32; SOP 92-6, par. 34, as amended by SOP 94-4]

2. If the policy year does not coincide with the plan’s fiscal year and it is probable that a refund is due and the amount cannot be reasonably estimated, is this fact disclosed?
   [AAG, par. 4.33; SOP 92-6, par. 35, as amended by SOP 94-4]

F. Operating Assets

1. For depreciable assets, do the financial statements include disclosure of:
   a. Depreciation expense for each period?
   b. Balances of major classes of depreciable assets by nature or function?
   c. Accumulated depreciation, either by major classes of assets or in total?
   d. The method or methods used in computing depreciation for each major class of depreciable assets?
      [APB 12, pars. 5a–d (AC D40.105a–d)]

2. If an impairment loss is recognized for assets to be held and used, do disclosures include:
   a. A description of the impaired assets and the facts and circumstances leading to the impairment?
   b. The amount of the impairment loss and how fair value was determined?
   c. The caption in the “Statement of Changes in Net Assets Available for Benefits” in which the impairment loss is aggregated if that loss has not been presented as a separate caption or reported parenthetically on the face of the statement?
      [SFAS 121, par. 14 (AC I08.133)]

3. If assets to be disposed of are accounted for in accordance with paragraphs 15–17 of SFAS 121, do disclosures include:
   a. A description of assets to be disposed of, the facts and circumstances leading to the expected disposal, the expected disposal date, and the carrying amount of those assets?
   b. The loss, if any, resulting from applying paragraph 15 of SFAS 121?
   c. The gain or loss, resulting from changes in the carrying amounts of, assets to be disposed of, that arises from applying paragraph 17 of SFAS 121?
d. The caption in the “Statement of Changes in Net Assets Available for Benefits” in which the gains or losses in Steps b. and c. are aggregated if those gains or losses are not presented as a separate caption or reported parenthetically on the face of the statement? ___________________ ___________ ___________

e. The results of operations for assets to be disposed of to the extent that those results are included in the plan’s results of operations for the period and can be identified? [SFAS 121, par. 19 (AC 108.138)]

4. If an impairment loss is recognized, is it reported as a component of net assets available for benefits? [SFAS 121, pars. 13 and 18 (AC 108.137)]

G. Cash
1. Is separate disclosure made of restricted cash? [ARB 43, Ch. 3A, par. 6 (AC B05.107)]

H. Liabilities
1. Are liabilities other than for benefits (such as securities purchased, income taxes payable by the plan, and other expenses) deducted in arriving at net assets available for benefits? [AAG, par. 4.37; SOP 92-6, par. 38, as amended by SOP 94-4]

2. Consider stating separately:
   a. Due to broker for securities purchased? ___________________ ___________ ___________
   b. Accounts payable? ___________________ ___________ ___________
   c. Accrued expenses? ___________________ ___________ ___________
      [AAG, par. 4.37 and App. F, exhibits F-1 and F-6]

Statement of Changes in Net Assets Available for Benefits
1. Is the statement of changes in net assets available for benefits presented in enough detail to identify the significant changes during the year including, as applicable:
   a. Contributions from employers, segregated between cash and non-cash contributions (a noncash contribution should be reported at fair value at the date of the contribution; the nature of noncash contributions should be described either parenthetically or in a note)? ___________________ ___________ ___________
   b. Contributions from participants, including those collected and remitted by the sponsor? ___________________ ___________ ___________
   c. Contributions from other identified sources (e.g., state subsidies or federal grants)? ___________________ ___________ ___________
   d. The net appreciation or depreciation in fair value for each significant class of investments, segregated between investments whose fair values have been measured by quoted prices in an active market and those whose fair values have been otherwise determined? ___________________ ___________ ___________

Practice Tip
Net appreciation or depreciation includes realized gains and losses on investments that were both purchased and sold during the period. Ordinarily, information regarding the net appreciation or depreciation in the fair value of investments is found in the notes to the financial statements. [AAG, par. 4.38, fn. 24; SOP 92-6, par. 39, fn. 13, as amended by SOP 94-4]
Statement of Plan’s Benefit Obligations

Practice Tip
Information regarding benefit obligations should be presented on the face of one or more financial statements and may be presented in either a separate statement or with other information on another financial statement. However, all the information must be located in one place. [AAG, par. 4.41]

1. Do benefit obligations of defined-benefit health and welfare benefit plans include the actuarial present value of the following:
   a. Claims payable and currently due for active and retired participants?
   b. Premiums due under insurance arrangements?
   c. Claims incurred but not reported to the plan for active participants?

Practice Tip
Claims incurred by eligible participants but not yet reported to the plan (IBNR) may be computed in the aggregate for active participants and retirees. When the IBNR for retirees is not included in the postretirement benefit obligation, it may be included in claims incurred but not reported. [AAG, par. 4.40, fn. 27; SOP 92-6, par. 41, fn. 16]

d. Accumulated eligibility credits for active participants?

e. Postretirement benefits for:
   (1) Retired participants, including their beneficiaries and covered dependents?
(2) Active or terminated participants who are fully eligible to receive benefits?  

(3) Active participants not yet fully eligible to receive benefits?  

[AAG, par. 4.40; SOP 92-6, par. 41, as amended by SOP 94-4]

Practice Tip

Postretirement benefit obligations should be determined as of the end of the plan year or, if used consistently from year to year, as of a date not more than three months prior to that date, in accordance with paragraph 72 of SFAS 106. [AAG, par. 4.40, fn. 28; SOP 92-6, par. 41, fn. 17]

2. Does the postretirement benefit obligation information include the following classifications:
   
a. Obligations related to retired plan participants, including their beneficiaries and covered dependents?  

b. Obligations related to active or terminated participants who are fully eligible to receive benefits?  

c. Obligations related to other plan participants not yet fully eligible for benefits?  

[AAG, par. 4.53; SOP 92-6, par. 54, as amended by SOP 94-4]

3. Is consideration given to separately disclosing each significant benefit (e.g., medical and death) for each classification listed in Step 2 above, as appropriate?  

[AAG, par. 4.53; SOP 92-6, par. 54, as amended by SOP 94-4]

4. Premium deficits should be included in benefit obligations if (a) it is probable that the deficit will be applied against the amounts of future premiums or future experience-rating refunds and (b) the amount can be reasonably estimated. If no obligation is accrued for a premium deficit because either or both of the conditions listed above are not met, or if an exposure to loss exists in excess of the amount accrued, is disclosure of the premium deficit made if it is reasonably possible that a loss or an additional loss has been incurred?  

[AAG, par. 4.46; SOP 92-6, par. 47, as amended by SOP 94-4]

5. Are 401(h) obligations reported in the health and welfare benefit plan's statement of benefit obligations as required by SOP 92-6?  

[SOP 99-2, par. 11; AAG, par. 4.54]

Statement of Changes in Plan’s Benefit Obligations

Practice Tip

Like the benefit obligation information, the changes should be presented within the body of the financial statements. [AAG, par. 4.56; SOP 92-6, par. 55, as amended by SOP 94-4]

A. General

1. Are changes in benefit obligations presented in the following categories:
   
a. Claims payable and premiums due to insurance companies?  

b. IBNR and eligibility credits?  

c. Postretirement benefit obligations?  

[AAG, par. 4.56; SOP 92-6, par. 55, as amended by SOP 94-4]
B. Claims Paid Through 401(h) Account

1. Does the health and welfare benefit plan's statement of changes in benefit obligations include claims paid through the 401(h) account? [SOP 99-2, par. 11; AAG, par. 4.54]  

C. Minimum Disclosure Requirements Regarding Changes in Benefit Obligations

Practice Tip
If only the minimum disclosure is presented, presentation in a statement format will necessitate an additional unidentified “other” category to reconcile the initial and ultimate amounts. [AAG, par. 4.57; SOP 92-6, par. 56, as amended by SOP 94-4]  

1. Is information provided with respect to the significant effects of:  
   a. Plan amendments?  
   b. Changes in the nature of the plan (mergers or spinoffs)?  
   c. Changes in actuarial assumptions (health care cost-trend rate or interest rate)?[2] [AAG, par. 4.57; SOP 92-6, par. 56, as amended by SOP 94-4]  

2. Are significant effects of other factors identified, for example, benefits accumulated, the effects of the time value of money (for interest), and benefits paid? [AAG, par. 4.57; SOP 92-6, par. 56, as amended by SOP 94-4]  

Practice Tip
Financial statements prepared on a comprehensive basis of accounting other than GAAP should disclose information regarding benefit obligations. [AAG, par. 4.17, fn. 15, and 13.22; SOP 92-6, par. 5]  

Summary of Significant Accounting Policies

A. Accounting Policies

1. Is a description of all significant accounting policies of the plan presented in a separate “summary of significant accounting policies” preceding the notes to the financial statements or as the initial note? [APB 22, pars. 8 and 15 (AC A10.102 and 108)]  

2. Does the disclosure of significant accounting policies identify and describe all significant accounting principles followed by the reporting entity and the methods of applying those principles that materially affect the determination of financial position and results of operations including instances in which there:  
   a. Is a selection from existing acceptable alternatives?  
   b. Are principles and methods peculiar to the industry in which the reporting entity operates, even if such principles and methods are predominantly followed in that industry?  

2 Changes in actuarial assumptions are to be considered as changes in accounting estimates and therefore previously reported amounts should not be restated. [AAG, par. 4.57, SOP 92-6, par. 56, as amended by SOP 94-4]

3 Actuarial experience gains or losses may be included with the effects of additional benefits accumulated rather than separately disclosed. If the effects of changes in actuarial assumptions cannot be separately determined, those effects should be included in benefits accumulated and described accordingly. [AAG, par. 4.57, fn. 33; SOP 92-6, par. 56, fn. 22, as amended by SOP 94-4]
c. Are unusual or innovative applications of GAAP?
   [APB 22, par. 12 (AC A10.105)]

3. Does the disclosure of significant accounting policies include appropriate reference to details presented elsewhere (in the statements and notes thereto), so duplication of details is avoided?
   [APB 22, par. 14 (AC A10.107)]

4. Is an explanation that the preparation of financial statements in conformity with GAAP requires the use of management's estimates included?
   [SOP 94-6, par. 11]

5. Does the disclosure of significant accounting policies include a description of the method(s) and significant assumption(s) used to determine the fair value of investments and the reported value of insurance contracts?
   [AAG, par. 4.58; SOP 92-6, par. 57, as amended by SOP 94-4]

6. Does the disclosure of significant accounting policies include a description of the method and significant actuarial assumptions used to determine the plan's benefit obligations?
   [AAG, par. 4.58; SOP 92-6, par. 57, as amended by SOP 94-4]

7. Are any significant changes in assumptions between financial statement dates described?
   [AAG, par. 4.58; SOP 92-6, par. 57, as amended by SOP 94-4]

8. Are the effects of any significant changes in actuarial assumptions made between financial statement dates described?
   [AAG, par. 4.58; SOP 92-6, par. 57, as amended by SOP 94-4]

9. Do disclosures include the adjustment of the assumed rates of return for administrative expenses expected to be paid by the plan (not those paid by the sponsor) that are associated with providing accumulated benefit obligations?
   [AAG, par. 4.40, fn. 26; SOP 92-6, par. 41, fn. 15]

10. For defined-contribution health and welfare plans, does the disclosure of significant accounting policies include the accounting policy for, and the amount and disposition of forfeited nonvested accounts? (Specifically, identification of whether those amounts will be used to reduce future employer contributions or will be allocated to participants accounts.)
    [AAG, par. 4.59]

B. Certain Significant Estimates

1. If known information available before the financial statements are issued indicates that: (a) it is at least reasonably possible that the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events, and (b) the effect of the change would be material to the financial statements:
   a. Is disclosure made of the nature of the uncertainty, including an indication that it is at least reasonably possible that a change in the estimate will occur in the near term?
b. If the estimate involves a loss contingency covered by SFAS 5, does the disclosure include an estimate of the possible range of loss, or state that such an estimate cannot be made?  

\[ \text{Yes} \quad \text{No} \quad \text{N/A} \]

c. Does the disclosure describe the factors that cause the estimate to be sensitive to change?  
[SOP 94-6, pars. 13 and 14]

Other Financial Statement Disclosures

A. Changes in Accounting

1. For all changes in accounting principles, are disclosures made in the year of the change as to the:
   a. Nature of the change?  
   \[ \text{Yes} \quad \text{No} \quad \text{N/A} \]
   b. Justification for the change including a clear explanation of why the newly adopted accounting principle is preferable?  
   \[ \text{Yes} \quad \text{No} \quad \text{N/A} \]
   c. Effect on net additions (deductions) to the plan’s net assets?  
   [APB 20, pars. 17 and 19 (AC A06.113 and .115)]

2. For those changes in accounting principles requiring disclosure of cumulative effect and pro forma amounts, are such disclosures made? If it is not possible to determine such effect, is the reason for not reporting the cumulative effect of the change or the pro forma amounts of prior years disclosed?  
[APB 20, pars. 19–22 and 25 (AC A06.115–118)]

3. Is the correction of an error shown as a prior-period adjustment with disclosure of the following in the period of its discovery and correction?  
   a. Nature of the error in previously issued financial statements?  
   \[ \text{Yes} \quad \text{No} \quad \text{N/A} \]
   b. Effect of its correction on the changes in the net assets available for benefits and plan benefit obligations?  
   [APB 20, par. 37 (AC A35.105)]

4. For changes in accounting estimate:
   a. If a change in accounting estimate affects several future periods, is its effect on the change in net assets available for benefits of the current period disclosed?  
   [APB 20, par. 33 (AC A06.132)]
   b. If a change in accounting estimate has no material effect in the period of change, but is reasonably certain to materially affect later periods, is the change disclosed in the financial statements of the period of change?  
   [APB 20, par. 38 (AC A06.133)]

5. For a change in reporting entity, such as a merger of two or more plans, are transferred assets reported as a separate line item in the “Statement of Changes in Net Assets,” and are the nature of the change and the reason for it disclosed?  
[APB 20, pars. 34 and 35 (AC A35.112 and .113)]

B. Commitments and Contingencies

1. Are the nature and amount of accrued loss contingencies, including those related to litigation, claims, and assessments, disclosed as necessary to keep the financial statements from being misleading?  
   [SFAS 5, pars. 9 and 34 (AC C59.108 and .140)]
2. For loss contingencies not accrued when there is at least a reasonable possibility that a loss may have been incurred or an exposure to loss exists in excess of the amount accrued for a loss contingency, including those related to litigation, claims, and assessments, do disclosures indicate:
   
a. Nature of the contingency?  
   
b. Estimate of possible loss or range of loss, or a statement that such estimate cannot be made?  
   [SFAS 5, pars. 10 and 33–39 (AC C59.109, .111, and .139–.145)]

3. Are gain contingencies disclosed with care to avoid any misleading implications about the likelihood of realization?  
   [SFAS 5, par. 17 (AC C59.118)]

4. Are the nature and amount of any guarantees (e.g., guarantees of indebtedness of others) disclosed even though the possibility of loss may be remote?  
   [SFAS 5, par. 12 (AC C59.113); FASBI 34, pars. 1–3 (AC C59.114); EITF 85-20]

5. Do disclosures include material lease commitments and other commitments?  
   [SFAS 5, pars. 18 and 19 (AC C59.120); AAG, par. 4.57; SOP 92-6, par. 58, as amended by SOP 94-4]

C. Current Vulnerabilities Due to Certain Concentrations

1. Is disclosure including information that is adequate to inform users of the general nature of the risk associated with concentrations in the volume of business transacted with a particular customer, supplier, lender, grantor, or contributor; in revenue from particular products, services, or fund-raising events; in the available sources of supply of materials, labor, or services, or licenses or other rights used in the reporting entity’s operations; or in the market or geographic area in which the reporting entity conducts its operations made if, based on information known to management before the financial statements are issued, (a) the concentration existed at the date of the financial statements, (b) made the enterprise vulnerable to the risk of a near-term severe impact, and (c) it is at least reasonably possible that the events that could cause the severe impact will occur in the near term?  
   [SOP 94-6, pars. 21 and 22]

D. Description of Health and Welfare Benefit Plans

1. Do disclosures include a brief, general description of the plan agreement, including, but not limited to, participants covered, vested, and benefit provisions?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4; SOP 94-6, par. 10]

Practice Tip

If a plan agreement or a description thereof providing this information is otherwise published or made available, the description in the financial statement disclosures may be omitted provided that a reference to the other source is made. [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]
2. Does the description of the plan include the termination provisions of the plan and priorities for distribution of assets, if applicable?  
[AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

F. Financial Instruments

*Note: If SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended by SFAS 137, *Accounting for Derivative Instruments and Hedging Activities—Deferral of the Effective Date of FASB Statement No. 133*, has been adopted, the following steps do not apply. See section F1 for the required disclosures. SFAS 133, as amended, is effective for all fiscal quarters of fiscal years beginning after June 15, 2000.

On March 3, 2000 the FASB issued an exposure draft, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*, that would amend SFAS 133. Readers should be alert to the issuance of a final standard.

1. If the plan holds or is party to financial instruments with off-balance-sheet credit risk (except for those excluded in SFAS 105 (AC F25)), are the following disclosed, by category of financial instrument:
   a. The face or contract amount (or notional principal amount if there is no face or contract amount)?

   b. The nature and terms, including, at a minimum, a discussion of:
      (1) The credit and market risk of those instruments?  
      | Yes | No | N/A |
      |-----|----|-----|
      |     |    |     |

      (2) The cash requirements of those instruments?  
      | Yes | No | N/A |
      |-----|----|-----|
      |     |    |     |

      (3) The related accounting policy pursuant to the requirements of APB 22 (AC A10)?  
      [SFAS 105, par. 17, as amended by SFAS 119, par.14b (AC F25.112)]  
      | Yes | No | N/A |
      |-----|----|-----|
      |     |    |     |

**Practice Tip**

"Category of financial instrument" refers to class of financial instrument, business activity, risk, or other category that is consistent with the management of those instruments. If disaggregation of financial instruments is other than by class, the plan also should describe for each category the classes of financial instruments included in that category.

2. Do the disclosures noted in Steps 1.a. and 1.b. distinguish between financial instruments with off-balance-sheet risk held or issued for trading purposes, and financial instruments with off-balance-sheet risk held or issued for purposes other than trading?  
[SFAS 105, par. 17, as amended by SFAS 119, par. 14d (AC F25.112A); AAG, par. 4.62]  

3. For financial instruments with off-balance-sheet credit risk (except for those excluded by paragraphs 14 and 15 of SFAS 105), are the following disclosed, by category of financial instrument:
a. The amount of accounting loss the plan would incur if any party to the financial instrument failed completely to perform according to the terms of the contract and if the collateral or other security, if any, for the amount due proved to be of no value to the plan?

b. The plan’s policy of requiring collateral or other security to support financial instruments subject to credit risk?

c. Information about the plan’s access to that collateral or other security?

d. The nature and a brief description of the collateral or other security supporting those financial statements?

[SFAS 105, par. 18, as amended by SFAS 119, par. 14b (AC F25.113); AAG, par. 4.62; SOP 92-6, par. 63, as amended by SOP 94-4]

4. Do disclosures of all significant concentrations of credit risk arising from all financial instruments, whether from an individual counterparty or groups of counterparties (except for certain insurance and investment contracts, purchase and pension obligations), include:

   a. Information about the (shared) activity, region, or economic characteristic that identifies the concentration?

   b. The amount of the accounting loss due to credit risk the plan would incur if parties to the financial instruments that make up the concentration failed completely to perform according to the terms of the contracts and the collateral or other security, if any, for the amount due proved to be of no value to the plan?

   c. The plan’s policy of requiring collateral or other security to support financial instruments subject to credit risk?

   d. Information about the plan’s access to that collateral or other security?

   e. The nature and a brief description of the collateral or other security supporting those financial statements?

[SFAS 105, par. 20 (AC F25.115); AAG, par. 4.63; SOP 92-6, par. 61, as amended by SOP 94-4]

Practice Tip

SFAS 126, Exemption from Certain Required Disclosures about Financial Instruments for Certain Nonpublic Entities, makes the disclosures about fair values of financial instruments prescribed in SFAS 107 optional for reporting entities that:

- Are nonpublic entities,
- Have total assets of less than $100 million on the date of the financial statements, and
- Did not hold or issue any derivative financial instruments, as defined in SFAS 119, other than loan commitments, during the reporting period.

5. For financial instruments for which it is practicable to estimate fair value (except for those excluded in paragraphs 8 and 13 of SFAS 107) are the following disclosed:

   a. The fair value of the financial instruments?

   b. The methods and significant assumptions used to estimate the fair values of the instruments? (Note: This disclosure is not required
for trade receivables and payables when their carrying amounts approximate fair value.)

[SFAS 107, par. 10 (AC F25.115C)]

6. Are the fair values disclosed in the notes presented together with the related carrying amount in a form that makes it clear whether the fair value and carrying amount represent assets or liabilities and how the carrying amounts relate to what is reported in the “Statement of Net Assets Available for Benefits”?4

[SFAS 107, par. 10, as amended by SFAS 119, par. 15b (AC F25.115C); AAG, par. 4.64]

7. Do the disclosures distinguish between financial instruments held or issued for trading purposes, including dealing and other trading activities measured at fair value with gains and losses recognized in earnings, and financial instruments held or issued for purposes other than trading?

[SFAS 107, par. 10, as amended by SFAS 119, par. 15c (AC F25.115C)]

8. If it is not practicable to estimate the fair value of a financial instrument, or a class of financial instruments, are the following disclosed:

a. Information pertinent to estimating the fair value of the financial instrument or class of financial instruments, such as the carrying amount, effective interest rate, and maturity?

b. The reasons why it is not practicable to estimate fair value?

[SFAS 107, par. 14 (AC F25.115J)]

9. In disclosing the fair value of a derivative financial instrument, does the plan not:

a. Combine, aggregate, or net the fair value with the fair value of a nonderivative financial instrument?

b. Net the fair value with the fair value of other derivative financial instruments?

[SFAS 107, par. 13, as amended by SFAS 119, par. 15d (AC F25.115I)]

---

**Practice Tip**

In certain situations, offsetting may be permitted under FASB 39, *Offsetting of Amounts Related to Certain Contracts*, as modified by FASB 41, *Offsetting of Amounts Related to Certain Repurchase and Reverse Repurchase Agreements*.

---

10. For options held and other derivative financial instruments not within the scope of SFAS 105 (because they do not have off-balance-sheet risk of accounting loss) are the following disclosures made by category of financial instrument:

a. The face or contract amount (or notional principal amount if there is no face or contract amount)?5

---

4 If disclosed in more than a single note, one of the notes should include a summary table containing the fair value and related carrying amounts and cross-references to the location(s) of the remaining disclosures required by SFAS 107, as amended.

5 Unless, as described in footnote 2 of SFAS 119, the disclosure of the face or contract amount would be misleading because the instruments are leveraged and the leverage features are not adequately disclosed.
b. The nature and terms, including, at a minimum, a discussion of:

<table>

12. If the plan holds or issues derivative financial instruments for trading purposes are the following disclosed:

1. A description of the anticipated transactions whose risks are hedged, including the expected time period of occurrence?

2. A description of the classes of derivative financial instruments used to hedge?

3. The amount of explicitly deferred hedging gains and losses?

4. A description of the transactions or events that result in the recognition in earnings of the deferred gains or losses?

[SFAS 119, par. 11 (AC F25.115O)]

14. Is quantitative information about the following considered for disclosure (Encouraged, but not required):?

a. Interest rate?

b. Foreign exchange?

c. Commodity price?

d. Other market risks consistent with management’s strategies?

### F1. Financial Instruments

**Note:** The following disclosures apply only if SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended, has been adopted. SFAS 133, as amended, is effective for all fiscal quarters of fiscal years beginning after June 15, 2000.

On March 3, 2000 the FASB issued an exposure draft, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*, that would amend SFAS 133. Readers should be alert to the issuance of a final standard.

*Derivative Instruments and Hedging Activities*

1. If a plan holds derivative instruments (or non-derivative instruments that are designated and qualify as hedging instruments pursuant to paragraphs 37 and 42 of SFAS 133, as amended) has disclosure been made of its objectives for holding those instruments, the context needed to understand those objectives, and its strategies for achieving those objectives?
2. Does the description distinguish between derivative instruments (and non-derivative instruments) designated as fair value hedging instruments, derivative instruments (and non-derivative instruments) designated as hedging instruments for hedges of the foreign currency exposure of a net investment in a foreign operation, and all other derivatives?  

3. Does the description also indicate the plan’s risk management policy for each of those types of hedges, including a description of the items or transactions for which risks are hedged?  

4. For derivative instruments not designated as hedging instruments, does the description indicate the purpose of the derivative activity?  

5. Qualitative disclosures about a plan’s objectives and strategies for using derivative instruments may be more meaningful if such objectives and strategies are described in the context of a plan’s overall risk management profile. If appropriate, a plan is encouraged, but not required, to provide such additional qualitative disclosures. Have such disclosures been made?  

   [SFAS 133, par. 44 (AC D50)]

6. For derivative instruments, as well as non-derivative instruments that may give rise to foreign currency transaction gains or losses under SFAS 52, that have been designated and have qualified as hedging instruments for hedges of the foreign currency exposure of a net investment in a foreign operation, do the plan’s disclosures also include the net amount of gains or losses included in the cumulative translation adjustment during the reporting period for every reporting period for which a complete set of financial statement is presented?  

   [SFAS 133, par. 45c (AC D50)]

7. The quantitative disclosures about derivative instruments may be more useful, and less likely to be perceived to be out of context or otherwise misunderstood, if similar information is disclosed about other financial instruments or non-financial assets and liabilities to which the derivative instruments are related by activity. Accordingly, in such situations, has the plan presented a more complete picture of its activities by disclosing that information? (Encouraged, but not required.)  

   [SFAS 133, par. 45 (AC D50)]

*Disclosures About Fair Value of Financial Instruments*

8. Has the plan disclosed, either in the body of the financial statements or in the accompanying notes, the fair value of financial instruments (except for those excluded in paragraphs 8 and 13 of SFAS 107) for which it is practicable to estimate fair value?  

   [SFAS 107, par. 10 (AC F25)]

9. Has the fair value disclosed in the notes been presented together with the related carrying amount in a form that makes it clear whether the fair value and carrying amount represent assets or liabilities and how the carrying amounts relate to what is reported in the statement of net assets available for benefits?  

   [SFAS 107, par. 10 (AC F25)]

---

6 If disclosed in more than a single note, one of the notes shall include a summary table. The summary table shall contain the fair value and related carrying amounts and cross-references to the location(s) of the remaining disclosures required by this Statement as amended.
10. In disclosing the fair value of a financial instrument, has the plan taken care not to net the fair value with the fair value of other financial instruments—even if those financial instruments are the same class or are otherwise considered to be related, for example, by a risk management strategy—except to the extent that the offsetting of carrying amounts in the statement of net assets available for benefits is permitted under the general principle in paragraphs 5 and 6 of FASB 39, *Offsetting of Amounts Related to Certain Contracts*, or the exceptions for master netting arrangements in paragraph 10 of FASB 39 and for amounts related to certain repurchase and reverse repurchase agreements in paragraphs 3 and 4 of FASB 41, *Offsetting of Amounts Related to Certain Repurchase and Reverse Repurchase Agreements? [SFAS 133, par. 531c (AC F25)]

11. If it is not practicable to estimate the fair value of a financial instrument or a class of financial instruments, are the following disclosed:

a. Information pertinent to estimating the fair value of a financial instrument or a class of financial instruments, such as the carrying amount, effective interest rate, and maturity?

b. The reasons why it is not practicable to estimate fair value? [SFAS 107, par. 14 (AC F25)]

**Practice Tip**

SFAS 126, *Exemption from Certain Required Disclosures about Financial Instruments for Certain Non-public Entities*, makes the disclosure about fair values of financial instruments prescribed in SFAS 107 optional for entities that:

- Are nonpublic entities,
- Have total assets of less than $100 million on the date of the financial statements, and
- Have no instrument that, in whole or in part, is accounted for as a derivative instrument under SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*, as amended, during the reporting period.

**Disclosure About Concentrations of Credit Risk of All Financial Instruments**

12. Except as indicated in paragraph 15B7 of SFAS 107, has the plan disclosed all significant concentrations of credit risk arising from all financial instruments, whether from an individual counterparty or groups of counterparties (Group concentrations of credit risk exist if a number of counterparties are engaged in similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions)? [SFAS 107, par. 15A; SFAS 133, par. 531d (AC F25)]

13. Has the plan made the following disclosures about each significant concentration:

---

7 SFAS 107, paragraph 15B provides that these disclosure requirements do not apply to the following financial instruments, whether written or held:

1. Financial instruments of a pension plan, including plan assets, when subject to the accounting and reporting requirements of SFAS 87 (financial instruments of a pension plan, other than the obligations for pension benefits, when subject to the accounting and reporting requirements of SFAS 35, Accounting and Reporting by Defined Benefit Pension Plans, are subject to the reporting of paragraph 15A).

2. The financial instruments described in paragraphs 8(a), 8(c), and 8(f) of SFAS 107, as amended by SFAS 112, *Employers' Accounting for Post-Employment Benefits*, SFAS 123, *Accounting for Stock Based Compensation*, and SFAS 125, except for reinsurance receivables and prepaid reinsurance premiums.
a. Information about the (shared) activity, region, or economic characteristic that identifies the concentration?  

   Yes  No  N/A

b. The maximum amount of loss due to credit risk that, based on the gross fair value of the financial instrument, the plan would incur if parties to the financial instruments that make up the concentration failed completely to perform according to the terms of the contracts and the collateral or other security, if any, for the amount due proved to be of no value to the plan?

   ____  ____  ____

c. The plan’s policy of requiring collateral or other security to support financial instruments subject to credit risk, information about the plan’s access to that collateral or other security, and the nature and a brief description of the collateral or other security supporting those financial instruments?

   ____  ____  ____

d. The plan’s policy of entering into master netting arrangements to mitigate the credit risk of financial instruments, information about the arrangements to which the plan is a party, and a brief description of the terms of those arrangements, including the extent to which they would reduce the plan’s maximum amount of loss due to credit risk?  

   [SFAS 133, par. 531d (AC F25)]

   ____  ____  ____

14. Has the plan disclosed quantitative information about the market risks of financial instruments that is consistent with the way it manages or adjusts those risks? (Encouraged but not required.)  

   [SFAS 133, par. 531d (AC F25.116C)]

   ____  ____  ____

G. Income Tax Status

1. Do disclosures include the federal income tax status of the plan?  

   [AAG, par. 4.57; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

H. Plan Terminations

1. If a decision is made to terminate the plan or a wasting trust exists, are all relevant circumstances disclosed?  

   [AAG, par. 4.73; SOP 92-6, par. 63, as amended by SOP 94-4]

   ____  ____  ____

2. If a decision is made to terminate the plan before the date of the plan financial statements, have all benefits been determined on a liquidation basis?  

   [AAG, par. 4.73; SOP 92-6, par. 63, as amended by SOP 94-4]

   ____  ____  ____

I. Related-Party Transactions

1. For related-party transactions, do disclosures include:

   a. The nature of the relationships involved?

   ____  ____  ____

---

\* Appropriate ways of reporting the quantitative information encouraged will differ for different plans and will likely evolve over time as management approaches and measurement techniques evolve. Possibilities include disclosing (a) more details about current positions and perhaps activity during the period, (b) the hypothetical effects on comprehensive income (or net assets), or annual income, of several possible changes in market prices, (c) a gap analysis of interest rate re-pricing or maturity dates, (d) the duration of the financial instruments, or (e) the plan’s value at risk from derivatives and from other positions at the end of the reporting period and the average value at risk during the year. This list is not exhaustive, and a plan is encouraged to develop other ways of reporting quantitative information.

\* There is no determination letter program for health and welfare plans however a 501(c)(9) VEBA trust must obtain a determination letter to be exempt from taxation.
b. For each period for which a statement of changes in net assets is presented:

1. A description of the transactions, including transactions to which no amounts or nominal amounts were ascribed?

2. Other information deemed necessary to gain an understanding of the effects of the transactions on the financial statements?

3. The dollar amount of transactions?

4. The effects of any changes in the method of establishing the terms from that used in the preceding period?

c. Amounts due from or to related parties as of the date of each “Statement of Net Assets Available for Benefits” presented and, if not otherwise apparent, the terms and manner of settlement? [SFAS 57, pars. 2-4 (AC R36.102-.104)]

2. Is the nature of a controlled relationship disclosed (even if there are no transactions between the entities) if the plan and one or more other entities are under common ownership or management control, and the existence of the control could result in operating results or financial position of the plan being significantly different from those that would have resulted if the plan were autonomous? [SFAS 57, pars. 2-4 (AC R36.102-.104)]

3. If representations about transactions with related parties are made, do they avoid the implication that the related party transactions were consummated at arm’s length, or if such implications are made, can they be substantiated? [SFAS 57, par. 3 (AC R36.103)]

4. Are the nature and extent of leasing transactions with related parties appropriately disclosed? [SFAS 13, par. 29 (AC L10.125)]

5. Do the financial statements include a description of any agreements and transactions with persons known to be parties-in-interest? [AAG, App. A, par. A.51c]

Practice Tip
ERISA defines a party-in-interest generally as any fiduciary or employee of the plan, any person who provides services to the plan, an employer whose employees are covered by the plan, an employee association whose members are covered by the plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of a person described above. [AAG, par. 11.01 and App. A, par. A.91, fn. 97; ERISA sec. 3(14)]

J. Subsequent Events

1. Are the financial statements adjusted for any changes in estimates resulting from subsequent events that provide additional evidence about conditions that existed at the date of the “Statement of Net Assets Available for Benefits”? [SFAS 5, par. 8 (AC C59.105); SAS 1, sec. 560.03, .04, and .07 (AU 560.03, .04, and .07)]
2. Are subsequent events that provide evidence about conditions that did not exist at the date of the “Statement of Net Assets Available for Benefits,” but arose subsequent to that date, adequately disclosed (e.g., a decision to terminate the plan after the year end but before the year-end financial statements have been issued)?

   [SFAS 5, par. 11 (AC C59.112); SAS 1, sec. 560.05–.07 and .09 (AU 560.05–.07 and .09); AAG, par. 4.73; SOP 92-6, par. 63, as amended by SOP 94-4]

   ____  ____  ____

3. Do disclosures include any unusual or infrequent events or transactions occurring after the financial statement date, but before the issuance of the financial statements, that might significantly affect the usefulness of the financial statements in assessing the plan’s present and future ability to pay benefits?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

4. For those unusual or infrequent events or transactions identified in Step 3 above, do disclosures include the effects of such events or transactions, if reasonably determinable, or the reasons why such effects are not reasonably determinable?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

K. Other Matters

1. Do the plan’s financial statements provide information about plan resources and the manner in which the stewardship responsibility for those resources has been discharged?

   [AAG, par. 4.17; SOP 92-6, par. 22]

   ____  ____  ____

2. Do disclosures include the funding policy of the plan and any changes in such policy during the plan year?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

   a. If the benefit obligations exceed the net assets of the plan, is the method of funding this deficit, as provided for in the plan agreement or collective bargaining agreement, disclosed?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

   b. For a contributory plan, does the disclosure on funding policy state the method of determining participants’ contributions?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

   c. If significant plan administration or related costs are being borne by the employer, is that fact disclosed?

   [AAG, par. 4.59, fn. 37; SOP 92-6, par. 58, as amended by SOP 94-4, fn. 26]

   ____  ____  ____

3. Do disclosures include the policy regarding the purchase of contracts with insurance companies that are excluded from plan assets?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

4. With respect to contracts with insurance companies that are excluded from plan assets, is consideration given to disclosing the type and extent of insurance coverage, as well as the extent to which risk is transferred (e.g., coverage period and claims reported or claims incurred)?

   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]

   ____  ____  ____

---

10 Also consider the appropriateness of dual dating the auditor’s report for the subsequent event. [SAS 1, sec. 530.05 (AU 530.05)]
5. Do disclosures include:
   a. The amounts and types of securities of the employer and related parties included in plan assets, and the approximate amount of future annual benefits of plan participants covered by insurance contracts issued by the employer and related parties?  
      [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  
      Yes    No    N/A

   b. Significant real estate or other transactions in which the plan and any of the following parties are jointly involved: the sponsor, the plan administrator, employers, or employee organizations?  
      [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  
      Yes    No    N/A

6. Do disclosures include the assumed health care cost-trend rate(s) used to measure the expected cost of benefits covered by the plan for the next year, a general description of the direction and pattern of change in the assumed trend rates thereafter, the ultimate trend rate(s), and when the rate is expected to be achieved?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  
   Yes    No    N/A

7. For health and welfare benefit plans providing postretirement health care benefits, is the effect of a one-percentage-point increase in the assumed health care cost-trend rates for each future year on the postretirement benefit obligation disclosed?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  
   Yes    No    N/A

8. Do disclosures include any modification of the existing cost-sharing provisions that are encompassed by the substantive plan(s) and the existence and nature of any commitment to increase monetary benefits provided by the plan and their effect on the plan's financial statements?  
   [AAG, par. 4.59; SOP 92-6, par. 58, as amended by SOP 94-4]  
   Yes    No    N/A

ERISA Reporting Requirements

A. Form 5500 Series Report

1. Did plans with 100 or more participants at the beginning of the plan year file an annual report (Form 5500) containing financial statements prepared in accordance with either GAAP, or an other comprehensive basis of accounting (OCBOA), such as the cash basis or modified cash basis of accounting, separate schedules, notes (required for a full and fair presentation), and an independent public accountant's report prepared under generally accepted auditing standards?  
   [AAG, par. 13.20 and App. A, par. A.18]  
   Yes    No    N/A

Practice Tip

DOL regulations permit plans that have between 80 and 120 participants (inclusive) at the beginning of the plan year to complete the Form 5500 in the same category ("large plan" or "small plan") as was filed for the previous year. For 1999, this means that plans with between 80 and 120 participants at the beginning of the plan year that filed a Form 5500-C/R in 1998 could elect to complete the 1999 Form 5500 following the requirements for a "small plan." The Form 5500 is filed with the FWBA in Lawrence, Kansas, in accordance with the instructions to the form. (See FSP section 10,000.20-22 for a discussion about the newly revised Form 5500.)

B. Financial Statement Disclosures Required Under the Alternative Method of Compliance for Health and Welfare Benefit Plans Pursuant to DOL Regulations Section CFR 2520.103 and Section 103 of ERISA

1. If the financial statements are filed under the "alternative method" pursuant to DOL Regulations section CFR 2520.103-1(a)(2), do the disclosures in the financial statements include:
a. A description of accounting principles and variances from GAAP?  
Yes No N/A  
b. A description of the plan, including significant changes in the plan and the effect of the changes on benefits?  
Yes No N/A  
c. The funding policy and changes in the funding policy from the prior year?  
Yes No N/A  
d. A description of material lease commitments, and other commitments and contingent liabilities?  
Yes No N/A  
e. A description of any agreements and transactions with persons known to be parties-in-interest?  
Yes No N/A  
f. A general description of priorities in the event of plan termination?  
Yes No N/A  
g. Whether a tax ruling or determination letter has been obtained?  
Yes No N/A  
h. An explanation of any differences between the separate financial statements and the financial information required on Form 5500?  
Yes No N/A  

[AAG, App. A, par. A.51c]

Practice Tip
Because ERISA requires 401(h) assets to be reported as assets of the defined benefit pension plan and not as assets of the health and welfare benefit plan, a reconciliation of the net assets reported in the financial statements to those reported in Form 5500 is required.
[SOP 99-2, par. 16; AAG, par. 4.55]

C. Required Financial Statements and Supporting Schedules

1. For plans filing under either method (statutory or alternative), are the following financial statements included and covered by the auditor’s report:

   a. Statement of plan assets and liabilities by category at fair value and in comparative form for the beginning and end of the plan year?  
      Yes No N/A  
   b. Separate or combined statements of plan income and expenses and of changes in net assets?  
      Yes No N/A  

   [AAG, App. A, par. A.51a]

2. On February 2, 2000, the DOL, IRS, and the PBGC announced the adoption of a substantially revised and improved Form 5500, Annual Return/Report of Employee Benefit Plan. Beginning with the 1999 filing year, the agencies have replaced the Form 5500 Series with one form, the Form 5500, intended to streamline the report and the methods by which it is filed and processed. The 1999 Form 5500 continues to require that certain supplemental schedules be attached to the annual Form 5500 filing. The information reported in these schedules has not changed from prior years. However, reporting has now been standardized in that some of these schedules are now required to be reported on Schedule G, “Financial Transactions Schedules” of Form 5500. Pursuant to DOL regulations, are the following separate schedules included with the financial statements of the plan and covered by the auditor’s report:

Practice Tip
The instructions to the Form 5500 provide specific information as to the form and content of the various schedule requirements.
a. The “Schedule of Assets Held for Investment Purposes at End of Year.” Does the schedule use the format shown here and is it clearly labeled “Schedule of Assets Held for Investment Purposes At End of Year?” (If filing under the alternative method, a separate schedule of assets held at plan year-end and a schedule of certain assets acquired and disposed of within the plan year.)

<table>
<thead>
<tr>
<th>(a)</th>
<th>Identity of issue, borrower, lessor or similar party</th>
<th>(b) Description of investment including maturity date, rate of interest, collateral, par, or maturity value</th>
<th>(c) Cost</th>
<th>(d) Current value</th>
</tr>
</thead>
</table>

b. The “Schedule of Investment Assets Both Acquired and Disposed of Within the Plan Year” (see 2520.103-11). Is the schedule clearly labeled “Schedule of Investment Assets Both Acquired and Disposed of Within the Plan Year” and does it use the following format?

<table>
<thead>
<tr>
<th>(a) Identity of issue, borrower, lessor or similar party</th>
<th>(b) Description of investment including maturity date, rate of interest, collateral, par, or maturity value</th>
<th>(c) Cost of acquisitions</th>
<th>(d) Proceeds of dispositions</th>
</tr>
</thead>
</table>

c. The “Schedule of Reportable Transactions.” Is this schedule clearly labeled “Schedule of Reportable Transactions” and does it use the following format?

<table>
<thead>
<tr>
<th>(a) Identity of party involved</th>
<th>(b) Description of asset (include interest rate and maturity in case of a loan)</th>
<th>(c) Purchase price</th>
<th>(d) Selling price</th>
<th>(e) Lease rental</th>
<th>(f) Expense incurred with transaction</th>
<th>(g) Cost of asset</th>
<th>(h) Current value of asset on transaction date</th>
<th>(i) Net gain or (loss)</th>
</tr>
</thead>
</table>

d. Are the following schedules reported on Schedule G, Financial Transactions Schedules, of the Form 5500:

1. Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible?
2. Schedule of Leases in Default or Classified as Uncollectible?
3. Schedule of Nonexempt Transactions?

Practice Tip
Plans filing their annual reports under the statutory method are required to report transactions that exceed 3 percent of the fair value of plan assets at the beginning of the year while plans that file pursuant to the alternative method of compliance prescribed in DOL regulations are required to report transactions that exceed 5 percent of the fair value of plan assets at the beginning of the year. For a new plan, the percentage amount applies to the initial contribution to the plan.

Auditors’ Report Checklist

.01 This checklist has been developed by the staff of the Accounting and Auditing Publications Team of the AICPA as a nonauthoritative practice aid.

.02 Explanation of References:
AAG = AICPA Audit and Accounting Guide Audits of Employee Benefit Plans (with conforming changes as of May 1, 2000)
SAS = AICPA Statement on Auditing Standards
AU = Reference to section number in AICPA Professional Standards (vol. 1)
SSARS = AICPA Statement on Standards for Accounting and Review Services
AR = Reference to section number in AICPA Professional Standards (vol. 2)
DOL = Department of Labor
CFR = Code of Federal Regulations

.03 Checklist Questionnaire:

1. Is each financial statement audited, specifically identified in the introductory paragraph of the auditor’s report? [SAS 58, par. 6 (AU 508.06)]
   _Yes_ _No_ _N/A_

2. Do the titles of the financial statements referred to in the introductory paragraph of the auditor’s report match the titles of the financial statements presented? [Generally Accepted]
   _Yes_ _No_ _N/A_

3. Do the dates of the financial statements referred to in the introductory paragraph of the auditor’s report match the dates of the financial statements presented? [Generally Accepted]
   _Yes_ _No_ _N/A_

4. Is the report appropriately addressed? [SAS 58, par. 9 (AU 508.09)]
   _Yes_ _No_ _N/A_

5. Does the auditor’s report include:
   a. A title that includes the word independent? [SAS 58, par. 8a (AU 508.08a)]
     _Yes_ _No_ _N/A_

   b. A statement that the financial statements identified in the report were audited? [SAS 58, par. 8b (AU 508.08b)]
     _Yes_ _No_ _N/A_

   c. A statement that the financial statements are the responsibility of management and that the auditor’s responsibility is to express an opinion on the financial statements based on his or her audit? [SAS 58, par. 8c (AU 508.08c)]
     _Yes_ _No_ _N/A_
d. A statement that the audit was conducted in accordance with generally accepted auditing standards?

or

i. If the plan prepares its financial statements on a comprehensive basis of accounting other than GAAP:

(1) Does the report include a paragraph that:

   (i) States the basis of presentation and refers to the note to the financial statements that describes the basis?

<table>

**Practice Tip**

DOL regulations require the auditor’s report to be dated and manually signed and to identify the city and state where issued.

6. If a subsequent event disclosed in the financial statements occurs after completion of field work but before the issuance of the auditor’s report, has the need for dual-dating of the report been considered?
[SAS 1, sec. 530, pars. 3–5 (AU 530.03–.05)]

7. If the auditor is not independent, is a compilation report indicating the lack of independence issued?
[SAS 26, par. 10 (AU 504.10); SSARS 1, pars. 22 and 38 (AR 100.22 and .38)]

8. Does the report include appropriate language for the following situations:
   a. Only one basic financial statement is presented and there are no scope limitations?
   [SAS 58, pars. 33 and 34 (AU 508.33 and .34)]
   b. Audited and unaudited financial statements are presented in comparative form?
   [SAS 26, pars. 14–17 (AU 504.14–.17)]
   c. The financial statements of the plan contain supplemental schedules relating to ERISA and DOL Regulations?
   [AAG, pars. 13.10–13.19]

**Practice Tip**

AAG includes additional auditor reports with respect to "financial statements of a trust" and "inadequate procedures to value investments." [AAG, pars. 13.31 and 13.36]

**Explanatory Paragraphs**

9. If the opinion is based in part on the report of another auditor:
   a. Does the introductory paragraph of the standard report disclose the fact that the opinion is based, in part, on the report of other auditors?
   [SAS 58, pars. 11a, 12, and 13 (AU 508.11a, .12, and .13)]
   b. Does the opinion paragraph include a reference to the report of the other auditor?
   [SAS 58, pars. 11b and 15 (AU 508.11b and .15)]

10. If, to prevent the financial statements from being misleading because of unusual circumstances, the financial statements contain a departure from an accounting principle promulgated by a body designated by the AICPA Council to establish such principles, does the report include, in a separate paragraph or paragraphs, the information required by the rule?
[SAS 58, pars. 11b and 15 (AU 508.11b and .15)]

11. If there is substantial doubt about the entity’s ability to continue as a going concern:

---

\(^1\) If a subsequent event is disclosed, the appropriateness of dual dating the report should be considered. [SAS 1, sec. 530.05 (AU 530.05)]
a. Does the report include an explanatory paragraph, following the opinion paragraph, to reflect that conclusion?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

b. Is that conclusion expressed through the use of the phrase “substantial doubt about its (the entity’s) ability to continue as a going concern” or similar wording that includes the terms substantial doubt and going concern?  

[SAS 58, par. 11c (AU 508.11c); SAS 59, as amended by SAS 64, par. 12 (AU 341.12)]

---

**Practice Tip**

In a going concern paragraph, the auditor should not use conditional language in expressing a conclusion concerning the existence of substantial doubt about the entity’s ability to continue as a going concern. See SAS 77 for an example. [SAS 59, as amended by SAS 64 and SAS 77, par. 13]

12. If there has been a material change between periods in accounting principles or in the method of their application that has a material effect on the comparability of the reporting entity’s financial statements:

   a. Does the report include an explanatory paragraph, following the opinion paragraph, that refers to the change?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   b. Does the explanatory paragraph identify the nature of the change and refer the reader to the note to the financial statements that discusses the change in detail?  

   [SAS 58, as amended by SAS 79, pars. 11d and 16 (AU 508.11d and .16)]

---

**Note:** SAS 88 clarifies that the auditor need not add a consistency paragraph to the auditor’s report when a change in the reporting entity results from a transaction or event. However, the auditor would still be required to express a qualified or adverse opinion because of the departure from GAAP. [SAS 88, par. 4 (AU 420.08)]

---

**Practice Tip**

Changes in the format of presentation of accumulated benefit information or a change in the date as of which such information is presented does not require the auditor to add an explanatory paragraph to his or her report. [AU 9420.64 and .65; AAG, par. 13.25]

13. In an updated report, the opinion is different from the opinion previously expressed on the financial statements of a prior period (for example, when a plan initially adopts SOP 92-6, as amended, which requires restatement of prior year amounts):

   a. Does the report include an explanatory paragraph, preceding the opinion paragraph, that discloses all of the substantive reasons for the different opinion?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   b. Does the explanatory paragraph disclose:

   (1) The date of the auditor’s previous report?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   (2) The type of opinion previously expressed?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   (3) The circumstances or events that caused the auditor to express a different opinion?  

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   (4) That the auditor’s updated opinion on the financial statements of the prior period is different from his or her previous opinion on those statements?  

   [SAS 58, as amended by SAS 79, pars. 11e and 69 (AU 508.11e and .69)]

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
14. If financial statements of a prior period (presented for comparative purposes) have been audited by a predecessor auditor whose report is not presented:

   a. Does the introductory paragraph of the report indicate:
      (1) That the financial statements of the prior period were audited by another auditor? Yes No N/A
      (2) The date of the predecessor auditor's report? Yes No N/A
      (3) The type of report issued by the predecessor auditor? Yes No N/A
      (4) If the report was other than a standard report, the substantive reasons therefor, including a description of the nature of and reasons for the explanatory paragraph added to the predecessor's report or his or her opinion qualification? Yes No N/A

   b. If the financial statements have been restated, does the introductory paragraph indicate that the predecessor auditor reported on the financial statements of the prior period before restatement? [SAS 58, as amended by SAS 79, pars. 11e and 74 (AU 508.11e and .74)]

15. If supplementary information required by the FASB has been omitted, the presentation of such information departs materially from FASB guidelines, the auditor is unable to complete prescribed procedures with respect to such information, or the auditor is unable to remove substantial doubt about whether the supplementary information conforms to FASB guidelines, does the report include an additional paragraph stating that fact? [SAS 58, par. 11g (AU 508.11g); SAS 52, par. 8 (AU 558.08)]

16. If other information in a document containing audited financial statements is materially inconsistent with information appearing in the financial statements, has it been determined whether the financial statements, the auditor's report, or both require revision? [SAS 58, par. 11h (AU 508.11h); SAS 8, par. 4 (AU 550.04)]

17. If the auditor decides to emphasize a matter regarding the financial statements in the report, is the explanatory information presented in a separate paragraph that avoids use of phrases such as "with the foregoing (following) explanation"? [SAS 58, pars. 11 and 19, as amended by SAS 79 (AU 508.11 and .19); Interpretation 3 of SAS 1, sec. 410 (AU 9410.18); Interpretation 1 of SAS 57 (AU 9342.03)]

18. If the decision has been made to terminate a plan:

   a. Is the auditor's report modified by the addition of an explanatory paragraph that states that the plan is being terminated and that the financial statements (including the benefit information disclosures presented) have been prepared on a liquidation basis? [AAG, par. 13.39] Yes No N/A

   b. Does the explanatory paragraph state that the plan has changed the basis of accounting used to determine the amounts at which assets, liabilities, and benefit information are presented from the ongoing plan basis to a liquidation basis if the financial statements are presented along with financial statements of a period prior to adoption of a liquidation basis? [Interpretation 8 of SAS 58 (AU 9508.35)] Yes No N/A
Practice Tip

DOL Regulation section CFR 2520 requires that the auditor separately identify any exceptions to his or her report that are the result of DOL Regulations.

Departures From Unqualified Opinions

19. If it has not been possible to conduct the audit in accordance with GAAS or to apply all of the procedures considered necessary in the circumstances, has consideration been given to the need to issue a qualified opinion or to disclaim an opinion?

[SAS 58, as amended by SAS 79, par. 22 (AU 508.22)]

20. If a qualified opinion is to be expressed because of a scope limitation:

a. Are all of the substantive reasons for the qualification disclosed in one or more explanatory paragraphs preceding the opinion paragraph?

b. Does the qualified opinion include the word except or exception in a phrase such as except for or with the exception of?

c. Is the situation described and referred to in both the scope and opinion paragraphs?

d. Does the wording in the opinion paragraph indicate that the qualification pertains to the possible effects on the financial statements and not the scope limitation itself?

[SAS 58, as amended by SAS 79, pars. 22-27 (AU 508.22-27)]

Practice Tips

Scope limitations include situations in which the auditor is unable to obtain sufficient evidential matter to support management’s assertions about the nature of a matter involving an uncertainty and its presentation or disclosure in the financial statements. [SAS 58, as amended by SAS 79, par. 31]

If a plan auditor concludes that information about the nature of the services provided by a service organization that are part of the plan’s information system, and the service organization’s controls over those services, is not available to obtain a sufficient understanding to plan the audit, it would be considered a scope limitation. [SAS 70, as amended by SAS 88, par. 9]

Consult the Topical Index to the AICPA Professional Standards under “Scope of Audit—Limitations” for additional references to specific types of scope limitations that could result in either a qualified or disclaimer of opinion.

21. If an opinion is disclaimed because of a scope limitation:

a. Are all of the substantive reasons for the disclaimer stated in a separate paragraph or paragraphs?

b. Does the report state that the scope of the audit was not sufficient to warrant the expression of an opinion?

c. Does the report avoid identifying procedures that were performed?

d. Is the scope paragraph omitted?

e. If there are reservations about fair presentation of the financial statements in conformity with GAAP, are they described in the report?

[SAS 58, as amended by SAS 79, par. 63 (AU 508.63)]
22. If the financial statements are materially affected by a departure from GAAP (including inadequate disclosure, inappropriate accounting principles, and unreasonable accounting estimates), has consideration been given to the need to issue a qualified opinion or an adverse opinion?2

[SAS 58, as amended by SAS 79, par. 35 (AU 508.35)]

23. Is a qualified or adverse opinion expressed due to a departure from GAAP if all of the provisions of SOP 92-6 have not been adopted, including not presenting the postretirement benefit obligation amount in “Statement of Plan’s Benefit Obligations” and “Statement of Changes in Plan’s Benefit Obligations?”

24. If a qualified opinion is to be expressed because of a GAAP departure:

a. Are all of the substantive reasons that have led to the conclusion that there is a departure from GAAP disclosed in one or more separate explanatory paragraphs preceding the opinion paragraph?

b. Does the qualified opinion include the word except or exception in a phrase such as except for or with the exception of and a reference to the explanatory paragraph?

c. Does the explanatory paragraph disclose the principle effects of the departure on financial position, results of operations, and cash flows, if practicable, or state that the effects are not reasonably determinable, if not practicable to do so?

[SAS 58, as amended by SAS 79, pars. 37 and 38 (AU 508.37 and .38)]

25. If an adverse opinion is to be expressed because of a GAAP departure:

a. Are all of the substantive reasons for the adverse opinion disclosed in one or more separate explanatory paragraphs preceding the opinion paragraph?

b. Does the explanatory paragraph disclose the principle effects of the departure on financial position, results of operations, and cash flows, if practicable, or state that the effects are not reasonably determinable, if not practicable to do so?

c. State that the financial statements do not present fairly the financial position, or results of operations or cash flows in conformity with GAAP?

[SAS 58, as amended by SAS 79, pars. 58 and 59 (AU 508.58 and .59)]

26. If a limited scope audit is performed pursuant to DOL Regulations 29 CFR section 2520.103-8, is a disclaimer of opinion expressed?

[AAG, pars. 13.26–30]

Practice Tip

Consult the Topical Index to the AICPA Professional Standards under “Departures from Established Principles,” “Adverse Opinions,” and “Qualified Opinions” for additional references to specific types of GAAP departures that could result in either a qualified or adverse opinion.

---

2 The auditor should express a qualified or an adverse opinion if the auditor concludes that (a) a matter involving a risk or an uncertainty is not adequately disclosed, (b) the accounting principles used cause the financial statements to be materially misstated when the inability to make a reasonable estimate raises questions about the appropriateness of the accounting principles used, and (c) management’s estimate is unreasonable and that its effect is to cause the financial statements to be materially misstated. [SAS 58, as amended by SAS 70, pars. 46–49]
27. If information accompanies the basic financial statements and auditor's report in an auditor-submitted document, does the report on the accompanying information:

   a. State that the audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole? ___  ___  ___
   b. Specifically identify the accompanying information? ___  ___  ___
   c. State that the accompanying information is presented for purposes of additional analysis and is not a required part of the basic financial statements? ___  ___  ___
   d. State whether the accompanying information was subjected to the auditing procedures applied in the audit of the basic financial statements and includes the appropriate expression of opinion or disclaimer? [SAS 29, pars. 6-11 (AU 551.06-11)] ___  ___  ___
   e. State that the supplemental schedules are the responsibility of the plan's management? (Recommended but not a required disclosure.) [AAG, par. 13.11] ___  ___  ___

Practice Tip
Step 26 above does not apply to limited-scope audits pursuant to DOL Regulations 29 CFR section 2520.103-8. In these situations, see Step 25 above and AAG, par. 13.26.

28. Auditor's report requirements under DOL regulations:
   a. Is the auditor's report dated and manually signed? [AAG (fn. 88)] ___  ___  ___
   b. Does it indicate the city and state where issued? [AAG (fn. 88)] ___  ___  ___
   c. Does it identify the statements and schedules covered? [AAG (fn. 88)] ___  ___  ___
   d. Does it disclose any omitted auditing procedures deemed necessary by the auditor and the reasons for their omission? ___  ___  ___
   e. State clearly the auditor's opinion of the financial statements and schedules covered by the report and the accounting principles and practices reflected therein? ___  ___  ___
   f. State clearly the consistency of the application of the accounting principles between the current year and the preceding year or as to any changes in such principles which have a material effect on the financial statements? ___  ___  ___
   g. State clearly any matters to which the auditor takes exception, the exception, and, to the extent practical, the effect of such matters on the related financial statements? [29 CFR 2520.103-1(iv)] ___  ___  ___

(1) Are the exceptions, if any, further identified as (a) those that are the result of DOL regulations and (b) all others? [AAG, App. A, par. A.50r; DOL Regulations, sec. 29 CFR 2520] ___  ___  ___
FSP Section 10,400

Illustrative Financial Statements and Auditor’s Reports

.01 This section contains illustrations of the following auditor’s reports:

- Health and Welfare Benefit Plan—Unqualified Opinion
- Health and Welfare Benefit Plan—Limited-Scope Audit
- Health and Welfare Benefit Plan—Adverse Opinion (failure to adopt SOP 92-6, as amended)

.02 This section also illustrates certain applications of the provisions of chapter 4 of the Audit and Accounting Guide Audits of Employee Benefit Plans (the Guide), and SOP 99-2, Accounting and Reporting of Postretirement Medical Benefit (401(h)) Features of Defined Benefit Pension Plans, that apply for the annual financial statements of the following hypothetical pension plans:

- Allied Industries Benefit Plan—Multi-employer health and welfare benefit plan
- Classic Enterprises Benefit Plan—Single-employer health and welfare benefit plan

It does not illustrate other provisions of chapter 4 of the Guide that might apply in circumstances other than those assumed in this example. The format presented and the wording of accompanying notes are only illustrative and are not necessarily the only possible presentations. The illustrative financial statements have not been revised to reflect the provisions of SFAS 133, as amended.

.03 Although generally accepted accounting principles (GAAP) do not require comparative financial statements, ERISA requires a comparative statement of net assets available for benefits. The illustrative financial statements are intended to comply with the ERISA requirements for comparative statements.

.04 ERISA and DOL regulations require that certain information be included in supplemental schedules, which are not required under GAAP, and reported on by the independent auditor.
Independent Auditor’s Report

[Addressee]

We have audited the accompanying statements of net assets available for benefits and of plan benefit obligations of Allied Industries Benefit Plan as of December 31, 20X1 and 20X0, and the related statement of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 20X1. These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the plan as of December 31, 20X1 and 20X0, and the changes in its financial status for the year ended December 31, 20X1 in conformity with generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of [identify] are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan’s management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.¹

Independent Auditor’s Report

[Addressee]

We were engaged to audit the financial statements and supplemental schedules of Allied Industries Benefit Plan as of December 31, 20X1 and 20X0, and for the years then ended, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan’s management.

As permitted by 29 CFR 2520.103–8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note X, which was certified by ABC Bank, the trustee (or custodian) of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee (or custodian) holds the Plan’s investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 20X1 and 20X0, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee or custodian, have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALLIED INDUSTRIES BENEFIT PLAN
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Allied Industries Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General. The Plan provides health and other benefits covering all participants in the widgets industry in the Greater Metropolis area. The Plan and related trust were established on May 8, 1966, pursuant to a collective bargaining agreement between the Allied Employers' Trade Association and the Allied Union, Local 802. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits. The Plan provides health benefits (medical, hospital, surgical, major medical, and dental), life insurance coverage, long-term disability benefits, and death benefits to full-time participants (with at least 450 hours of work in the industry during a consecutive three-month period) and to their beneficiaries and covered dependents. Retired employees are entitled to similar health benefits (in excess of Medicare coverage) provided they have attained at least age sixty-two and have fifteen years of service with participating employers before retirement.

The Plan also provides health benefits to participants during periods of unemployment, provided they have accumulated in the current year or in prior years credit amounts (expressed in hours) in excess of the hours required for current coverage. Accumulated eligibility credits equal to one year's coverage may be carried forward.

Health, disability, and death claims of active participants, dependents, and beneficiaries are processed by the Administrator Group, but the responsibility for payments to participants and providers is retained by the Plan.

In 20X1 the board of trustees amended the Plan to increase the deductible under major medical coverage from $100 to $300 and to extend dental coverage to employees retiring after December 31, 20X2. The amendment will not affect participating employers' contributions to the Plan in 20X2 under the current collective bargaining agreement.

Contributions. Participating employers contribute 5.5 percent of wages pursuant to the current collective bargaining agreement between employers and the union (expiring February 19, 20X5). Employees and retirees may contribute specified amounts, determined periodically by the Plan's actuary, to extend coverage to eligible dependents.

Other. The Plan's board of trustees, as Sponsor, has the right under the Plan to modify the benefits provided to active employees. The Plan may be terminated only by joint agreement between industry and union, subject to the provisions set forth in ERISA.

Note 2: Summary of Accounting Policies

A. Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, IBNR, eligibility credits, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

B. Valuation of Investments. The Plan's investments are stated at fair value. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the plan year. Investments traded in the over-the-counter market and listed securities for
which no sale was reported on that date are valued at the average of the last reported bid and asked prices. For certain corporate bonds that do not have an established fair value, the Plan’s board of trustees has established a fair value based on yields currently available on comparable securities of issuers with similar credit ratings.

C. Postretirement Benefits. The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee’s full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee’s service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a 9.5 percent annual rate of increase in the per capita cost of covered health care benefits was assumed for 20X2; the rate was assumed to decrease gradually to 8.0 percent for 20X7 and to remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligation at December 31, 20X0.

The following were other significant assumptions used in the valuations as of December 31, 20X1 and 20X0.

<table>
<thead>
<tr>
<th>Weighted-average discount rate</th>
<th>8.0%—20X1; 8.25%—20X0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Average retirement age</td>
<td>60</td>
</tr>
<tr>
<td>Mortality</td>
<td>1971 Group Annuity Mortality Table</td>
</tr>
</tbody>
</table>

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

D. Other Plan Benefits. Plan obligations at December 31 for health claims incurred by active participants but not reported at that date, for accumulated eligibility of participants, and for future disability payments to members considered permanently disabled at December 31 are estimated by the Plan’s actuary in accordance with accepted actuarial principles. Such estimated amounts are reported in the accompanying statement of the Plan’s benefit obligations at present value, based on an 8.0 percent discount rate. Health claims incurred by retired participants, but not reported at year end, are included in the postretirement benefit obligation.

Note 3: Benefit Obligations

The Plan’s deficiency of net assets over benefit obligations at December 31, 20X1 and 20X0, relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current bargaining agreement. It is expected that the deficiency will be funded through future increases in the collectively bargained contribution rates.

The weighted-average health care cost-trend rate assumption (see note 2B) has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of December 31, 20X1 and 20X0, by $2,600,000 and $2,500,000, respectively.
Note 4: Investments

The Plan’s investments are held by a bank-administered trust fund. During 20X1 the Plan’s investments (including investments bought, sold, and held during the year) appreciated in value by $300,000 as follows:

Note 5: Other Matters

The trust established under the Plan to hold the Plan’s assets is intended to qualify pursuant to Section 501(c)9 of the Internal Revenue Code, and, accordingly, the trust’s net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan sponsor believes that the Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the internal revenue code.

Note 6: Reconciliation of Financial Statements to Form 5500

CLASSIC ENTERPRISES BENEFIT PLAN

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Classic Enterprises Benefit Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General. The Plan provides health and death benefits covering substantially all active and retired employees of Classic Enterprises (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits. The Plan provides health benefits (medical, hospital, surgical, major medical, and dental) and death benefits to full-time employees of the Sponsor (with at least 1,000 hours of service each year) and to their beneficiaries and covered dependents. Retired employees are entitled to similar health and death benefits provided they have attained at least age fifty-five and have at least ten years of service with the Sponsor.

Current health claims of active and retired participants and their dependents and beneficiaries are provided under group insurance contracts with ABC Carrier, which are experience rated after the anniversary dates of the policies (generally March 31). Death benefits are covered by a group-term policy with DEF Carrier.

Contributions. The Sponsor’s policy is to contribute the maximum amounts allowed as a tax deduction by the Internal Revenue Code. Under present law, the Sponsor is not permitted to deduct amounts for future benefits to current employees and retirees.

Employees and retirees may contribute specified amounts, determined periodically by the Plan’s insurance companies, to extend coverage to eligible dependents.

In 20X1 the Plan was amended to increase the deductible under major medical coverage from $100 to $300 and to extend dental coverage to employees retiring after December 31, 20X1. The amendment is not expected to significantly affect the Sponsor’s contribution to the Plan in 20X2.

Other. Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA.

Note 2: Summary of Accounting Policies

A. Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, IBNR, eligibility credits, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

B. Valuation of Investments. The Plan’s investments are stated at fair value. Securities traded on the national securities exchanges are valued at the last reported sales price on the last business day of the plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. For certain corporate bonds that do not have an established fair value, the Classic Enterprises Benefits Committee has established a fair value based on yields currently available on comparable securities of issuers with similar credit ratings.

C. Plan Benefits. The postretirement benefit obligation (see note 3) represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered
to December 31. Postretirement benefits include future benefits expected to be paid to or for (i) currently retired employees and their beneficiaries and dependents and (ii) active employees and their beneficiaries and dependents after retirement from service with the Sponsor. Prior to an active employee’s full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee’s service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes at December 31, 20X1, a 9.5 percent annual rate of increase in the per capita cost of covered health care benefits was assumed for 20X2; the rate was assumed to decrease gradually to 8.0 percent for 20X7 and to remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligation at December 31, 20X0.

The following were other significant assumptions used in the valuations as of December 31, 20X1 and 20X0.

<table>
<thead>
<tr>
<th>Weighted-average discount rate</th>
<th>8.0%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Average retirement age</td>
<td>60</td>
</tr>
<tr>
<td>Mortality</td>
<td>1971 Group Annuity Mortality Table</td>
</tr>
</tbody>
</table>

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Note 3: Benefit Obligations

Health costs incurred by participants and their beneficiaries and dependents are covered by insurance contracts maintained by the Plan. It is the present intention of the Sponsor and the Plan to continue obtaining insurance coverage for benefits. As stated in note 1, the Sponsor is not permitted under present tax law to deduct amounts for future benefits (beyond one year). Insurance premiums for future years in respect of the Plan’s postretirement benefit obligation will be funded by Sponsor contributions to the Plan in those later years.

The postretirement benefit obligation at December 31, 20X1 and 20X0, principally health benefits, relates to the following categories of participants (including their beneficiaries and dependents):

<table>
<thead>
<tr>
<th></th>
<th>20X1</th>
<th>20X0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current retirees</td>
<td>$3,900,000</td>
<td>$3,500,000</td>
</tr>
<tr>
<td>Other participants fully eligible for benefits</td>
<td>2,100,000</td>
<td>2,000,000</td>
</tr>
<tr>
<td>Participants not yet fully eligible for benefits</td>
<td>5,000,000</td>
<td>4,165,000</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>$11,000,000</td>
<td>$9,665,000</td>
</tr>
</tbody>
</table>

The health care cost-trend rate assumption (see note 2B) has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, that would increase the obligation as of December 31, 20X1 and 20X0, by $2,600,000 and $2,500,000 respectively.

Note 4: Investments

The Plan’s investments are held by a bank-administered trust fund. During 20X1 the Plan’s investments (including investments bought, sold, and held during the year) appreciated in value by $300,000 as follows:

Note 5: Other Matters

The trust established under the Plan to hold the Plan’s net assets is qualified pursuant to Section 501(c)9 of the Internal Revenue Code, and, accordingly, the Trust’s net investment income is exempt from income taxes. The Sponsor has obtained a favorable tax determination letter from the Internal Revenue Service and the Sponsor believes that the Trust, as amended, continues to qualify and to operate as designed.

Note A: 401(h) Account

Effective January 1, 20X0, the [Company's defined benefit pension plan] was amended to include a medical-benefit component in addition to normal retirement benefits to fund a portion of the postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the [defined benefit pension plan] for such contributions. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the [defined benefit pension plan's] obligations in the statement of accumulated plan benefits but are reported as obligations in the financial statements of the [health and welfare benefit plan].

Note E: 401(h) Account

A portion of the Plan's obligations are funded through contributions to the Company's [defined benefit pension plan] in accordance with IRC Section 401(h). The following table presents the components of the net assets available for such obligations and the related changes in net assets available.
