New Partners, Directors and Managers 1978

We are proud to present our new partners, directors and managers. The annual addition of such outstanding individuals to these groups assures the continuing greatness of the firm.

These individuals have been selected for appointment through a very competitive evaluation process. They have each demonstrated a high level of professional competence and dedication to the welfare of the firm and the profession.

We welcome these men and women to their new positions and are confident that they will continue to distinguish themselves in serving our clients in these complex times.
