The foundation for our commitment to progressive excellence is our people. Through them, we are able to go "Beyond the Bottom Line™" in providing our clients with professional services of the highest quality. That foundation has strength and vitality because highly qualified personnel with the performance record and growth capacity required for progressive excellence are recognized and advanced at all levels of our firm. Entry to and advancement within the management group does indicate a high level of professional achievement. So it is with pride that we announce our new partners, directors and managers for 1979.

Through a competitive and demanding evaluation process these people have exhibited common characteristics — a high level of professional competence, integrity and dedication to services to clients. At the same time, each has a unique individuality which adds greatly to the character and flavor of the firm.

We welcome these men and women to our management ranks with the confidence that their collective capabilities will carry on the tradition of the firm and meet the complex challenges of our times.

Charles G. Steele
