FSP Section 17,000 Checklists and Illustrative Financial Statements for Property and Liability Insurance Companies

.01 These checklists and illustrative materials have been developed by the AICPA Accounting and Auditing Publications Team to serve as nonauthoritative practice aids for use by preparers and auditors of financial statements. The auditor's report checklist addresses those requirements most likely to be encountered when reporting on financial statements of a property and liability insurance company prepared in conformity with generally accepted accounting principles. It does not include reporting requirements relating to other matters such as internal control, agreed-upon procedures, etc. The financial statement and notes checklist includes disclosures that should be considered by property and liability insurance companies in preparing financial statements in conformity with generally accepted accounting principles disclosures that should be considered by property and liability insurance companies in preparing financial statements in conformity with generally accepted accounting principles (GAAP). The checklist does not include disclosures prescribed by pronouncements whose applicability to property and liability insurance companies is considered to be remote.

.02 Users of the financial statements and notes checklist should remember that it is a disclosure checklist only and not a comprehensive GAAP application or measurement checklist. Accordingly, application and measurement issues related to preparing financial statements in conformity with GAAP are not included in the checklist.

The financial statements and notes checklist has been updated to include relevant disclosure guidance in accounting pronouncements issued through December 31, 2003. Those pronouncements include:

- Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 150, Instruments With Characteristics of Both Liabilities and Equity, including revised Statements issued through December 2003
- FASB Interpretation (FASBI) No. 46 (revised December 2003), Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51
- FASB Technical Bulletin (FTB) No. 01-1, Effective Date for Certain Financial Institutions of Certain Provisions of Statement 140 Related to the Isolation of Transferred Financial Assets
- FASB Emerging Issues Task Force (EITF) consensuses adopted through the November 2003 EITF
- AICPA Statement on Auditing Standards (SAS) No. 101, Auditing Fair Value Measurements and Disclosures
- AICPA Statement of Position (SOP) 03-2, Attest Engagements on Greenhouse Gas Emissions Information
- AICPA Practice Bulletin (PB) No. 15, Accounting by the Issuer of Surplus Notes
- AICPA Statement on Standards for Accounting and Review Services (SSARS) No. 9, Omnibus Statement on Standards for Accounting and Review Services—2002
- AICPA Audit and Accounting Guide Audits of Property and Liability Insurance Companies (with conforming changes as of May 1, 2003)

The checklists and illustrative financial statements should be modified, as appropriate, for pronouncements issued subsequent to the above. In determining the applicability of a pronouncement, its effective date should also be considered.

.03 Users of the checklists and illustrative financial statements are urged to refer directly to applicable authoritative pronouncements when appropriate. If you have further questions, call the AICPA Technical Hotline at 888-777-7077.

Note: This publication was extracted from sections 17,000 through 17,600 of the AICPA *Financial Statement Preparation Manual* (FSP).

FSP Section 17,100 *Introduction*

.01 The primary purpose of the property and liability insurance business is the spreading of risks. The term risk generally has two meanings in insurance. It can mean either a peril insured against (e.g., fire is a risk to which most property is exposed) or a person or property protected (e.g., young drivers, who many insurance companies believe are not good risks). For a payment known as a premium, insurance companies undertake to relieve the policyholder of all or part of a risk and to spread the total cost of similar risks among large groups of policyholders.

.02 The functions of the property and liability insurance business include marketing, underwriting (e.g., determining the acceptability of risks and the amounts of the premiums), billing and collecting premiums, investing and managing assets, investigating and settling claims made under policies, and paying expenses associated with these functions.

.03 In conducting its business, an insurance company accumulates a significant amount of investable assets. In addition to funds raised as equity and funds retained as undistributed earnings, funds accumulated from premiums collected in advance; from sums held for the payment of claims in the process of investigation, adjustment, or litigation; and from sums held for payment of future claims settlement expenses. The accumulation of these funds, their investment, and the generation of investment income are major activities of insurance companies.

.04 Property and liability insurance companies must file an annual statement, prepared on the basis of Statutory Accounting Practice ("SAP"), with each state in which the companies are licensed. The primary purpose of the extensive regulatory laws enacted by the states has been the protection of the policyholders. The annual statements filed with the regulatory authorities are used to monitor the financial condition of insurance companies in the periods between examinations by state or zone auditors.

.05 In 1999, the National Association of Insurance Commissioners (NAIC) completed a process to codify statutory accounting practices for certain insurance enterprises, resulting in a revised *Accounting Practices and Procedures Manual*. The insurance laws and regulations of most states require insurance companies domiciled in those states to comply with the guidance provided in the NAIC Accounting Practices and Procedures Manual except as prescribed or permitted by state law.

.06 In December 2001, the AICPA issued SOP 01-5, Amendment to Specific AICPA Pronouncements for Changes Related to the NAIC Codification, which amends SOP 94-5, Disclosures of Certain Matters in the Financial Statements of Insurance Enterprises, as a result of the completion of the National Association of Insurance Commissioners (NAIC) Codification of statutory accounting practices for certain insurance enterprises.

.07 The amendments to SOP 94-5 included in SOP 01-5 require insurance enterprises to disclose, at the date each balance sheet is presented, a description of the prescribed or permitted statutory accounting practice and the related monetary effect on statutory surplus of using an accounting practice that differs from either state prescribed statutory accounting practices or NAIC statutory accounting practices.

.08 Those disclosures should be made if (*a*) state prescribed statutory accounting practices differ from NAIC statutory accounting practices or (*b*) permitted state statutory accounting practices differ from either state prescribed statutory accounting practices or NAIC statutory accounting practices, and the use of prescribed or permitted statutory accounting practices (individually or in the aggregate) results in reported

Property and Liability Insurance Companies

statutory surplus or risk-based capital that is significantly different from the statutory surplus or risk-based capital that would have been reported had NAIC statutory accounting practices been followed.

.09 Those disclosures should be applied by a U.S. insurance enterprise, a U.S. enterprise with a U.S. insurance subsidiary, or a foreign enterprise with a U.S. insurance subsidiary, if the enterprise prepares U.S. generally accepted accounting principles (GAAP) financial statements. If a foreign insurance enterprise that does not have a U.S. insurance subsidiary prepares U.S. GAAP financial statements or is included in its parent's consolidated U.S. GAAP financial statements, the notes to the financial statements should disclose permitted regulatory accounting practices that significantly differ from the prescribed regulatory accounting practices of its respective regulatory authority and their monetary effects.

.10 SOP 01-5 also includes the following auditing guidance that has been updated as a result of the completion of the NAIC Codification: AICPA SOP 95-5, *Auditor's Reporting on Statutory Financial Statements of Insurance Enterprises*; SOP 94-1, *Inquiries of State Insurance Regulators*; and AICPA Auditing Interpretation No. 12, "Evaluation of the Appropriateness of Informative Disclosures in Insurance Enterprises' Financial Statements Prepared on a Statutory Basis," of Statement on Auditing Standards (SAS) No. 62, Special Reports (AICPA, Professional Standards, vol. 1, AU sec. 9623.60–.81). The included auditing guidance has been approved by the Auditing Standards Board.

FSP Section 17,200 Checklists—General

.01 AICPA disclosure checklists have been designed as practice aids to assist accountants in the preparation of financial statements and to assist auditors in their evaluation of the adequacy of disclosures in the financial statements they audit. Authoritative literature does not require the use of checklists, nor does it prescribe their format or content.

.02 This checklist consists of a number of questions or statements that are accompanied by references to the established sources of generally accepted accounting principles (GAAP) in which the disclosure requirements are found. These sources include Statements of Financial Accounting Standards, FASB Interpretations, Accounting Principles Board Opinions, Accounting Research Bulletins, AICPA Audit and Accounting Guides, AICPA Statements of Position, and EITF consensuses. Checklists are designed to serve as convenient memory aids but should not be used as a substitute for direct reference to authoritative literature.

.03 These checklists consist of a number of questions or statements that are accompanied by references to applicable authoritative pronouncements. The checklists provide spaces for checking off or initialing each question or point to indicate that it has been considered. Users should check or initial—

- Yes—If the disclosure is required and has been made appropriately.
- No—If the disclosure is required but is not made.
- N/A (not applicable)—If the disclosure is not required to be made.

Users may find it helpful to include references to the place where each disclosure for which a "Yes" is indicated can be found in the financial statements. It may also be helpful to include either on the checklist or elsewhere the reasons that items marked "N/A" do not apply in the circumstances of the particular report.

.04 It is important that the effect of any "No" response be considered on the auditor's report. A "No" response that is material to the financial statements may warrant the issuance of a qualified or adverse report on the financial statements. (See paragraphs 35–60 of SAS No. 58, *Reports on Audited Financial Statements*, as amended [AICPA, *Professional Standards*, vol. 1, AU sec. 508.35–.60]. If a "No" response is indicated, the authors recommend that a notation be made in the margin to explain why the disclosure was not made (for example, because the item was not considered to be material to the financial statements) or to indicate the effect that the response will have on the auditor's report.

.05 At the beginning of certain sections, a \Box appears in the "N/A" column. If the entire section is deemed to be non-applicable, place a check mark in the \Box and proceed to the next section.

- .06 As you use this checklist, please remember that:
- The exercise of sound professional judgment is of paramount importance in applying the checklist provisions.
- The checklist may require modification based on the engagement circumstances. The checklist may not be all-inclusive.
- Users need to modify the checklist for any pronouncements issued subsequent to those mentioned in the checklist.

.07 These checklists and illustrative materials have been prepared by the AICPA staff. They have not been reviewed, approved, disapproved, or otherwise acted on by any senior technical committee of the AICPA and do not represent official positions or pronouncements of the AICPA.

FSP Section 17,300 Financial Statements and Notes Checklist

.01 This checklist has been developed by the staff of the Accounting and Auditing Publications Team of the AICPA as a nonauthoritative practice aid. This checklist and the reporting checklists include disclosures commonly encountered in the financial statements of property and liability insurance companies and reporting issues likely to be encountered by accountants who audit, compile, and review these types of financial statements. They do not include all disclosures and presentation items required by GAAP or all reporting situations required by GAAS and SSARS. Pronouncements deemed unlikely to be encountered in financial statements of property and liability companies are not included.

E1. Business Combinations

Notes: This section applies if the provisions of SFAS 141 are being applied to the financial statements. The provisions of SFAS 141 apply to all business combinations initiated after June 30, 2001. SFAS 141 also applies to all business combinations accounted for using the purchase method for which the date of acquisition is July 1, 2001, or later. If the provisions of SFAS 141 are not being applied, refer to section E above.

For combinations between two or more **mutual enterprises**, SFAS 141 will not be effective until interpretative guidance related to application of the purchase method to those transactions is issued. The FASB intends to consider issues related to the application of the purchase method to combinations between two or more mutual enterprises in a separate project.

- 1. Do the notes to the financial statements of a combined entity disclose the following information in the period in which a material business combination is completed:
 - *a.* The name and a brief description of the acquired entity and the percentage of voting equity interests acquired?
 - *b.* The primary reasons for the acquisition, including a description of the factors that contributed to a purchase price that results in recognition of goodwill?
 - *c.* The period for which the results of operations of the acquired entity are included in the income statement of the combined entity?
 - *d*. The cost of the acquired entity and, if applicable, the number of shares of equity interests (such as common shares, preferred shares, or partnership interests) issued or issuable, the value assigned to those interests, and the basis for determining that value?

H. Financial Instruments

Derivative Instruments and Hedging Activities

- 1. If an entity holds or issues derivative instruments (or nonderivative instruments that are designated and qualify as hedging instruments pursuant to paragraphs 37 and 42 of SFAS 133, as amended by SFAS 138) has disclosure been made of its objectives for holding or issuing those instruments, the context needed to understand those objectives, and its strategies for achieving those objectives?
- 2. Does the description distinguish between derivative instruments (and nonderivative instruments) designated as fair value hedging instruments, derivative instruments designated as cash flow hedging instruments, derivative instruments (and nonderivative instruments) designated as hedging instruments for hedges of the foreign currency exposure of a net investment in a foreign operation, and all other derivatives?
- 3. Does the description also indicate the entity's risk management policy for each of those types of hedges, including a description of the items or transactions for which risks are hedged?
- 4. For derivative instruments not designated as hedging instruments, does the description indicate the purpose of the derivative activity?
- 5. Qualitative disclosures about an entity's objectives and strategies for using derivative instruments may be more meaningful if such objectives and strategies are described in the context of an entity's overall risk management profile. If appropriate, an entity is **encouraged**, **but not required**, to provide such additional qualitative disclosures. Have such disclosures been made? [SFAS 133, par. 44 (AC D50)]
- 6. Do the entity's disclosures for every reporting period for which a complete set of financial statements is presented also include the following:

Yes

No

Fair value hedges

- *a.* For derivative instruments, as well as nonderivative instruments that may give rise to foreign currency transaction gains or losses under SFAS 52, that have been designated and have qualified as fair value hedging instruments and for the related hedged items:
 - (1) The net gain or loss recognized in earnings during the reporting period representing (a) the amount of the hedges' ineffectiveness and (b) the component of the derivative instruments' gain or loss, if any, excluded from the assessment of hedge effectiveness, and a description of where the net gain or loss is reported in the statement of income or other statement of financial performance?
 - (2) The amount of net gain or loss recognized in earnings when a hedged firm commitment no longer qualifies as a fair value hedge?

[SFAS 133, par. 45a (AC D50)]

Cash flow hedges

- *b*. For derivative instruments that have been designated and have qualified as cash flow hedging instruments and for the related hedged transactions:
 - (1) The net gain or loss recognized in earnings during the reporting period representing (a) the amount of the hedges' ineffectiveness and (b) the component of the derivative instruments' gain or loss, if any, excluded from the assessment of hedge effectiveness, and a description of where the net gain or loss is reported in the statement of income or other statement of financial performance?
 - (2) A description of the transactions or other events that will result in the reclassification into earnings of gains and losses that are reported in accumulated other comprehensive income, and the estimated net amount of the existing gains or losses at the reporting date that is expected to be reclassified into earnings within the next 12 months?
 - (3) The maximum length of time over which the entity is hedging its exposure to the variability in future cash flows for forecasted transactions excluding those forecasted transactions related to the payment of variable interest on existing financial instruments?
 - (4) The amount of gains and losses reclassified into earnings as a result of the discontinuance of cash flow hedges because it is probable that the original forecasted transactions will not occur by the end of the originally specified time period (as documented at the inception of the hedging relationship) or within an additional two-month period of time thereafter? [SFAS 133, par. 45b, as amended by SFAS 138, par. 4r (AC D50)]

Hedges of the net investment in a foreign operation

The quantitative disclosures about derivative instruments may be more useful, and less likely to be perceived to be out of context or otherwise misunderstood, if similar information is disclosed about other financial instruments or nonfinancial assets and liabilities to which the derivative instruments are related by activity. Accordingly, in such situations, has the entity presented a more complete picture of its activities by disclosing that information? (*Encouraged, but not required.*) [SFAS 133, par. 45 (AC D50)]

Disclosures About Fair Value of Financial Instruments

- Has the entity disclosed, either in the body of the financial statements or in the accompanying notes,² the fair value of financial instruments (except for those excluded in paragraphs 8 and 13 of SFAS 107) for which it is practicable to estimate fair value? [SFAS 107, par. 10 (AC F25)]
- 9. Has the fair value disclosed in the notes been presented together with the related carrying amount in a form that makes it clear whether the fair value and carrying amount represent assets or liabilities and how the carrying amounts relate to what is reported in the statement of financial position? [SFAS 107, par. 10 (AC F25)]
- 10. In disclosing the fair value of a financial instrument, has the entity taken care not to net that fair value with the fair value of other financial instruments—even if those financial instruments are of the same class or are otherwise considered to be related, for example, by a risk management strategy—except to the extent that the offsetting of carrying amounts in the statement of financial position is permitted under the general principle in paragraphs 5 and 6 of FASBI 39, *Offsetting of Amounts Related to Certain Contracts*, or the exceptions for master netting arrangements in paragraph 10 of FASBI 39 and for amounts related to certain repurchase and reverse repurchase agreements in paragraphs 3 and 4 of FASBI 41, *Offsetting of Amounts Related to Certain Repurchase and Reverse Repurchase Agreements*? [SFAS 107, par. 14 (AC F25)]
- 11. If it is not practicable to estimate the fair value of a financial instrument or a class of financial instruments, are the following disclosed:
 - *a.* Information pertinent to estimating the fair value of that financial instrument or class of financial instruments, such as the carrying amount, effective interest rate, and maturity?
 - b. The reasons why it is not practicable to estimate fair value? [SFAS 107, par. 14 (AC F25)]

Are nonpublic entities. b. Have total assets of less than \$100 million on the date of the financial statements. c. Have no instrument that, in whole or in part, is accounted for as a derivative instrument under SFAS 133, Accounting for Derivative Instruments and Hedging Activities, during the reporting period. Disclosure About Concentrations of Credit Risk of All Financial Instruments 12. Except as indicated in paragraph 15B³ of SFAS 107, has the entity disclosed all significant concentrations of credit risk arising from all financial instruments, whether from an individual counterparty or groups of counterparties (Group concentrations of credit risk exist if a number of counterparties are engaged in similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions)? [SFAS 107, par. 15A (AC F25)] 13. Has the entity made the following disclosures about each significant concentration: a. Information about the (shared) activity, region, or economic characteristic that identifies the concentration? b. The maximum amount of loss due to credit risk that, based on the gross fair value of the financial instrument, the entity would incur if parties to the financial instruments that make up the concentration failed completely to perform according to the terms of the contracts and the collateral or other security, if any, for the amount due proved to be of no value to the entity? c. The entity's policy of requiring collateral or other security to support financial instruments subject to credit risk, information about the entity's access to that collateral or other security, and the nature and a brief description of the collateral or other security supporting those financial instruments? *d*. The entity's policy of entering into master netting arrangements to mitigate the credit risk of financial instruments, information about

[•] In April 2003 the FASB issued SFAS 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*, which, among other matters, amends paragraph 2(c) of SFAS 126, as amended by SFAS 133, by adding the following phrase, *other than commitments related to the origination of mortgage loans to be held for sale*, before the phrase, *during the reporting period*. SFAS 149 is effective for contracts entered into or modified after June 30, 2003, except as stated in paragraph 40 of the Statement. SFAS 149 is also effective for hedging relationships designated after June 30, 2003, except as stated in paragraph 40 of the Statement. All provisions of the Statement should be applied prospectively, except as stated in paragraph 40.

³ SFAS 107, paragraph 15B, provides that these disclosure requirements do not apply to the following financial instruments, whether written or held:

a. Financial instruments of a pension plan, including plan assets, when subject to the accounting and reporting requirements of SFAS 87 (financial instruments of a pension plan, other than the obligations for pension benefits, when subject to the accounting and reporting requirements of SFAS 35, *Accounting and Reporting by Defined Benefit Pension Plans*, are subject to the reporting of paragraph 15A).

b. The financial instruments described in paragraphs 8(a), 8(c), 8(e), and 8(f) of SFAS 107, as amended by SFAS 112, Employers' Accounting for Postemployment Benefits, SFAS 123, Accounting for Stock-Based Compensation, and SFAS 140, except for reinsurance receivables and prepaid reinsurance premiums.

14. Has the entity disclosed quantitative information⁴ about the market risks of financial instruments that is consistent with the way it manages or adjusts those risks? (*Encouraged, but not required.*) [SFAS 107, par. 15C (AC F25)]

- 15. Are the classification and presentation consensuses reached in EITF 00-19, regarding derivative financial instruments indexed to, and potentially settled in, a company's own stock complied with? [EITF 00-19]
- 16. Are gains and losses (realized and unrealized) on all derivative instruments within the scope of SFAS 133 shown net when recognized in the income statement, whether or not settled physically, if the derivative instruments are held for trading purposes? [EITF 02-3]

Disclosures About Certain Financial Instruments With Characteristics of Both Liabilities and Equity

Important: Depending upon whether an entity is a nonpublic entity, a public entity, or an SEC registrant, FSP 150-3 defers the effective date for applying the provisions of SFAS 150, *Accounting for Certain Financial Instruments With Characteristics of Both Liabilities and Equity.* Readers should read FSP 150-3 to understand the various effective dates of SFAS 150. FSP 150-3 is available at the FASB Web site at www.fasb.org.

Early adoption of the provisions of SFAS 150 for instruments within the scope of the indefinite deferrals established by FSP 150-3 is precluded during the deferral period.

During the deferral period, all public entities as well as nonpublic entities that are SEC registrants are required to follow the disclosure requirements in paragraphs 26 and 27 of SFAS 150 (Questions 19 and 20 below) as well as disclosures required by other applicable guidance.

- 17. For items within the scope of SFAS 150, are they presented as liabilities (or assets in some circumstances), and are those items not presented between the liabilities section and the equity section of the statement of financial position? [SFAS 150, par. 18]
- 18. If the entity has no equity instruments outstanding but has financial instruments in the form of shares, all of which are mandatorily redeemable financial instruments:

⁴ Appropriate ways of reporting the quantitative information encouraged will differ for different entities and will likely evolve over time as management approaches and measurement techniques evolve. Possibilities include disclosing (*a*) more details about current positions and perhaps activity during the period, (*b*) the hypothetical effects on comprehensive income (or net assets), or annual income, of several possible changes in market prices, (*c*) a gap analysis of interest rate repricing or maturity dates, (*d*) the duration of the financial instruments, or (*e*) the entity's value at risk from derivatives and from other positions at the end of the reporting period and the average value at risk during the year. This list is not exhaustive, and an entity is encouraged to develop other ways of reporting quantitative information.

19.	Do the entities referred to in Question 17 above disclose the compo- nents of the liability that would otherwise be related to shareholders' interest and other comprehensive income, if any, subject to the re- demption feature (for example, par value and other paid-in amounts of mandatorily redeemable instruments should be disclosed sepa- rately from the amount of retained earnings or accumulated deficit)? [SFAS 150, par. 28]			
20.	For issuers of financial instruments within the scope of SFAS 150:			
	a. Are the nature and terms of the financial instruments and the rights and obligations embodied in those instruments disclosed?			
	 Does that disclosure include information about settlement alternatives, if any, in the contract and identify the entity that controls the settlement alternatives? [SFAS 150, par. 26] 			
21.	For all outstanding financial instruments within the scope of SFAS 150 and for each settlement alternative, do issuers disclose:			
	a. The amount that would be paid, or the number of shares that would be issued and their fair value, determined under the conditions specified in the contract if the settlement were to occur at the reporting date?			
	<i>b.</i> How changes in the fair value of the issuer's equity shares would affect those settlement amounts (for example, "the issuer is obligated to issue an additional <i>x</i> shares or pay an additional <i>y</i> dollars in cash for each \$1 decrease in the fair value of one share")?			
	c. The maximum amount that the issuer could be required to pay to redeem the instrument by physical settlement, if applicable?			
	<i>d</i> . The maximum number of shares that could be required to be issued, if applicable?			
	e. That a contract does not limit the amount that the issuer could be required to pay or the number of shares that the issuer could be required to issue, if applicable?	·		
	f. For a forward contract or and option indexed to the issuer's equity shares, the forward price or option strike price, the number of issuer's shares to which the contract is indexed, and the settlement date or dates of the contract, as applicable? [SFAS 150, par. 27]			
22.	Are mandatorily redeemable financial instruments classified as li- abilities unless the redemption is required to occur only upon the liquidation or termination of the reporting entity? [SFAS 150, par. 9]			

- 23. Are financial instruments, other than an outstanding share, that, at inception, (a) embodies an obligation to repurchase the issuer's equity shares, or is indexed to such an obligation, and (b) requires or may require the issuer to settle the obligation by transferring assets, classified as liabilities (or assets in some circumstances?) [SFAS 150, par.11]
- 24. Are financial instruments that embody an unconditional obligation, or financial instruments other than an outstanding share that embodies a conditional obligation, that the issuer must or may settle by issuing a variable number of its equity shares, classified as liabilities (or assets in some circumstances) if, at inception, the monetary value of the obligation is based solely or predominantly on any one of the items indicated in paragraph 12 of SFAS No. 150? [SFAS 150, par. 12]

I. Impairment of Long-Lived Assets

Note: If the provisions of SFAS 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, are effective, these questions do not apply. See section I1 below. The provisions of SFAS 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years. Early application is encouraged.

- 1. If an impairment loss is recognized for assets to be held or used, are the following disclosures made in financial statements that include the period of impairment write-down:
 - *a.* A description of the impaired assets and the facts and circumstances leading to the impairment?
 - b. The amount of the impairment and how fair value was determined?
 - *c.* The caption in the income statement in which the impairment loss is aggregated if that loss has not been presented as a separate caption or reported parenthetically on the face of the statement?
 - d. The business segment(s) affected, if applicable? [SFAS 121, par. 14]
- 2. If assets to be disposed of are accounted for in accordance with paragraphs 15–17 of SFAS 121, are all of the following disclosed in financial statements that include a period which those assets are held:
 - *a.* A description of assets to be disposed of, the facts and circumstances leading to the expected disposal, the expected disposal date, and the carrying amount of those assets?
 - b. The business segment(s) in which assets to be disposed of are held, if applicable?
 - c. The loss resulting from the application of paragraph 15 of SFAS 121?
 - *d.* The gain or loss, resulting from changes in the carrying amounts of assets to be disposed of that arises from application of paragraph 17 of SFAS 121?
 - *e*. The caption in the income statement in which the gains or losses in steps *c* and *d* are aggregated if those gains have not been presented as a separate caption or reported parenthetically on the face of the statement?

[EITF 01-10]

M. Environmental Remediation Liabilities

- 1. Is there disclosure of the following accounting policies:
 - *a.* Whether accruals for environmental remediation liabilities are measured on a discounted basis?
 - b. The policy concerning the timing of recognition of recoveries? (*Encouraged, but not required.*) [SOP 96-1 (Ch. 7, pars. 11 and 12)]
- Do the financial statements disclose the event, situation, or set of circumstances that triggered recognition of loss contingencies that arose out of the reporting entity's environmental remediation-related obligations? (*Encouraged, but not required.*) [SOP 96-1 (Ch. 7, par. 12)]

Recognized Losses and Recoveries of Losses, and Reasonably Possible Loss Exposures

- 3. With respect to recorded accruals for environmental remediation loss contingencies and assets for third-party recoveries related to environmental remediation obligations, are the following disclosed:
 - *a.* The nature of the accruals, if such disclosure is necessary for the financial statements not to be misleading, and, in situations where disclosure of the nature of the accruals is necessary, the total amount accrued for the remediation obligation, if such disclosure is also necessary for the financial statements not to be misleading?
 - *b.* If any portion of the accrued obligation is discounted, the undiscounted amount of the obligation and the discount rate used in the present-value determinations?
 - *c*. If the criteria of SOP 94-6 (it is at least reasonably possible that an estimate of the effect on the financial statements of a matter that existed at the balance-sheet date will change in the near term and the effect of the change would be material to financial statements) are met with respect to the accrued obligation or to any recognized

asset for third-party recoveries, an indication that it is at least reasonably possible that a change in the estimate of the obligation or of the asset will occur in the near term? [SOP 96-1 (Ch. 7, par. 20)]

- 4. With respect to reasonably possible loss contingencies, including reasonably possible loss exposures in excess of the amount accrued, are the following disclosed:
 - *a*. The nature of the reasonably possible loss contingency, that is, a description of the reasonably possible remediation obligation, and an estimate of the possible loss exposure or the fact that such an estimate cannot be made?
 - *b.* If the criteria of SOP 94-6 are met with respect to estimated loss (or gain) contingencies, an indication that it is at least reasonably possible that a change in the estimate will occur in the near term?
 - *c.* The estimated time frame of disbursements for recorded amounts if expenditures are expected to continue over the long term? (*Encouraged, but not required.*)
 - *d*. The estimated time frame for realization of recognized probable recoveries, if realization is not expected in the near term? (*Encouraged, but not required.*)
 - *e.* If the criteria of SOP 94-6 are met with respect to the accrued obligation, to any recognized asset for third-party recoveries, or to reasonably possible loss exposures or disclosed gain contingencies, the factors that cause the estimate to be sensitive to change? (*Encouraged, but not required.*)
 - f. If an estimate of the probable or reasonably possible loss or range of loss cannot be made, the reasons why it cannot be made? (*Encouraged, but not required.*)
 - *g.* If information about the reasonably possible loss or the recognized and additional reasonably possible loss for an environmental remediation obligation related to an individual site is relevant to an understanding of the financial position, cash flows, or results of operations of the entity, the following with respect to the site: (*Encouraged, but not required.*)
 - (1) The total amount accrued for the site?
 - (2) The nature of any reasonably possible loss contingency or additional loss, and an estimate of the possible loss or the fact that an estimate cannot be made and the reasons why it cannot be made?
 - (3) Whether other potentially responsible parties are involved and the entity's estimated share of the obligation?
 - (4) The status of regulatory proceedings?
 - (5) The estimated time frame for resolution of the contingency? [SOP 96-1 (Ch. 7, pars. 21 and 22)]

Probable But Not Reasonably Estimable Losses

5. If the reporting entity's probable but not reasonably estimable environmental remediation obligations may be material, are the nature of the probable contingency (that is, a description of the remediation obligation) and the fact that a reasonable estimate cannot currently be made disclosed? O. Employee Stock Ownership Plans

- 1. If an employer sponsors an employee stock ownership plan (ESOP), do the employer's disclosures include:
 - *a.* A description of the plan, the basis for determining contributions, including the employee groups covered, and the nature and effect of significant matters affecting comparability of information for all periods presented:
 - (1) For leveraged ESOPs and pension reversion ESOPs, does the description include the basis for releasing shares and how dividends on allocated and unallocated shares are used?
 - *b.* A description of the accounting policies followed for ESOP transactions, including the method of measuring compensation, the classification of dividends on ESOP shares, and the treatment of ESOP shares for EPS computations?
 - (1) If the entity has both old ESOP shares for which it does not adopt the guidance in SOP 93-6 and new ESOP shares for which the guidance in SOP 93-6 is required, are the accounting policies for both blocks of shares disclosed?
 - c. The amount of compensation cost recognized during the period?
 - *d*. The number of allocated shares, committed-to-be-released shares, and suspense shares held by the ESOP at the balance-sheet date?
 - (1) If the entity has both old ESOP shares for which it does not adopt the guidance in SOP 93-6 and new ESOP shares for which the guidance in SOP 93-6 is required, is the above disclosure made separately for both blocks of shares?
 - *e.* The fair value of unearned ESOP shares at the balance-sheet date for shares accounted for under SOP 93-6?⁵
 - f. The existence and nature of any repurchase obligation, including disclosure of the fair value of the shares allocated as of the balancesheet date, which are subject to a repurchase obligation?⁶ [SOP 93-6, par. 53]
- Are all the items listed in Question 8 above disclosed even if the employer with an ESOP does not adopt SOP 93-6 for shares held by the ESOP on December 31, 1992? [SOP 93-6, par. 55]
- 3. For leveraged ESOPs and for nonleveraged ESOPs where the assets from the pension plan are used by the ESOP to purchase shares, when the employer reports the issuance of shares or the sale of treasury shares to the ESOP, is the charge to unearned ESOP shares presented as a separate item in the balance sheet as a contra-asset account? [SOP 93-6, pars. 13 and 46]
- 4. If the employer sponsors an ESOP with an indirect loan, is the outside loan reported as a liability and the receivable from the ESOP not reported on the employer's balance sheet? [SOP 93-6, par. 26]

⁵ This disclosure need not be made for old ESOP shares for which the entity does not apply the guidance in SOP 93-6.

⁶ Employers may wish to disclose additional information about the obligation, particularly information about the timing of payments. [SOP 93-6, par. 95]

- 5. If the employer sponsors an ESOP with an employer loan, is the ESOP's note payable and the employer's note receivable from the ESOP not reported in the employer's balance sheet? [SOP 93-6, par. 27]
- 6. If SOP 76-3 is still being followed for ESOP shares purchased before December 31, 1992 and if the reporting entity has guaranteed the debt of an ESOP or made a commitment to make future contributions to the ESOP sufficient to meet debt service requirements, are the compensation element and the interest element of annual contributions reported separately and are the interest rate and debt terms disclosed in the notes to the financial statements? [SOP 76-3, par. 10]

P. Employers' Disclosures About Pensions and Other Postretirement Benefits*

Note: In December 2003, the FASB issued a revised SFAS 132, *Employers'* Disclosures About Pensions and Other Postretirement Benefits. This revised Statement retains the disclosure requirements contained in the original SFAS 132, which it replaces. It requires additional disclosures to those in the original SFAS 132. The following disclosures reflect the revised SFAS 132. Disclosures added by the revision are indicated at the end of the question. The provisions of SFAS 132 remain in effect until the provisions of the revised Statement are adopted. The revised SFAS 132 is effective for financial statements with fiscal years ending after December 15, 2003. The interim-period disclosures required by the revised SFAS 132 are effective for interim periods beginning after December 15, 2003. Disclosure of estimated future benefit payments required by paragraph 5(f) of revised SFAS 132 is effective for fiscal years ending after June 15, 2004. Disclosure of information for nonpublic entities required by paragraphs 8(c)-(f) and 8(j) of revised SFAS 132 (Questions 9*c*-*f* and 9*j* below) is effective for fiscal years ending after June 15, 2004. See the revised SFAS 132 for information about the effective date of disclosure information about foreign plans.

Reduced Disclosure Requirements for Nonpublic Entities

Note: A nonpublic entity is not required to disclose the information required by paragraphs 5(a)-(c), 5(h), 5(m), and 5(o)-(r) of SFAS 132. See the related disclosure questions below under the "Pension and Other Postretirement Benefits" section.

- 1. For a nonpublic entity⁷ that sponsors one or more defined benefit pension plans or one or more other defined benefit postretirement plans, has the following information been disclosed, separately for pension plans and other postretirement benefit plans:
 - a. The benefit obligation, fair value of plan assets, and funded status of the plan?
 [SFAS 132, par. 8a (AC P16.150A, P40.169A)]

^{*} EITF 03-4, Determining the Classification and Benefit Attribution Method for a "Cash Balance" Pension Plan, states that cash balance plans should be considered a defined benefit plan.

⁷ A nonpublic entity is any entity other than one (*a*) whose debt or equity securities trade in a public market either on a stock exchange (domestic or foreign) or in the over-the-counter market including securities quoted only locally or regionally, (*b*) that makes a filing with a regulatory agency in preparation for the sale of any class of debt or equity securities in a public market or (*c*) that is controlled by an entity covered by (*a*) or (*b*).

- b. Employer contributions, participant contributions, and benefits paid? [SFAS 132, par. 8b (AC P16.150A, P40.169A)]
- c. Information about plan assets:
 - (1) For each major category of plan assets which shall include, but is not limited to, equity securities, debt securities, real estate, and all other assets, the percentage of the fair value of total plan assets held as of the measurement date used for each statement of financial position presented? (Added by revised SFAS 132.)
 - (2) A narrative description of investment policies and strategies, including allocation percentages or range of percentages for each major category of plan assets presented on a weightedaverage basis as of the measurement date(s) of the latest statement of financial position presented, if applicable, and other factors that are pertinent to an understanding of the policies or strategies such as investment goals, risk management practices, permitted and prohibited investments including the use of derivatives, diversification, and the relationship between plan assets and benefit obligations? (Added by revised SFAS 132.)
 - (3) A narrative description of the basis used to determine the overall expected long-term rate-of-return-on-assets assumption, such as the general approach used, the extent to which the overall rate-of-return-on-assets assumption was based on historical returns, the extent to which adjustments were made to those historical returns in order to reflect expectations of future returns, and how those adjustments were determined? (Added by revised SFAS 132.)

Note: Disclosure of additional asset categories and additional information about specific assets within a category is encouraged if that information is expected to be useful in understanding the risks associated with each asset category and the overall expected long-term rate of return on assets. (*Added by revised SFAS 132.*)

[SFAS 132, par. 8c]

- d. For defined benefit pension plans, the accumulated benefit obligation? (Added by revised SFAS 132.)
 [SFAS 132, par. 8d]
- *e*. The benefits (as of the date of the latest statement of financial position presented) expected to be paid in each of the next five fiscal years, and in the aggregate for the five fiscal years thereafter? (The expected benefits should be estimated based on the same assumptions used to measure the company's benefit obligation at the end of the year and should include benefits attributable to estimated future employee service.) (*Added by revised SFAS 132.*) [SFAS 132, par. 8e]
- f. The employer's best estimate, as soon as it can reasonably be determined, of contributions expected to be paid to the plan during the next fiscal year beginning after the date of the latest statement of financial position presented? (Estimated contributions may be presented in the aggregate combining (*a*) contributions required by funding regulations or laws, (*b*) discretionary contributions, and (*c*) noncash contributions.) (Added by revised SFAS 132.) [SFAS 132, par. 8f]

- g. The amounts recognized in the statements of financial position, including net pension and other postretirement benefit prepaid assets or accrued liabilities and any intangible asset and the amount of accumulated other comprehensive income recognized pursuant to paragraph 37 of SFAS 87, as amended? [SFAS 132, par. 8g]
- h. The amount of net periodic benefit cost recognized and the amount included within other comprehensive income arising from a change in the minimum pension liability recognized pursuant to paragraph 37 of SFAS 87, as amended? [SFAS 132, par. 8h]
- *i*. On a weighted-average basis, the following assumptions used in the accounting for the plans: assumed discount rates, rates of compensation increase (for pay-related plans), and expected long-term rate specifying, in a tabular format, the assumptions used to determine the benefit obligation and the assumptions used to determine net benefit cost? (*Partly added by revised SFAS 132.*) [SFAS 132, par. 8i]
- *j*. The measurement date(s) used to determine pension and other postretirement benefit measurements for the pension plans and other postretirement benefit plans that make up at least the majority of plan assets and benefit obligations? (Added by revised SFAS 132.) [SFAS 132, par. 8j]
- *k*. The assumed health care cost trend rate(s) for the next year used to measure the expected cost of benefits covered by the plan (gross eligible charges) and a general description of the direction and pattern of change in the assumed trend rates thereafter, together with the ultimate trend rate(s) and when that rate is expected to be achieved?

[SFAS 132, par. 8k]

- 1. If applicable, the amounts and types of securities of the employer and related parties included in plan assets, the approximate amount of future annual benefits of plan participants covered by insurance contracts issued by the employer or related parties, and any significant transactions between the employer or related parties and the plan during the period? [SFAS 132, par. 8]
- m. The nature and effect of significant nonroutine events, such as amendments, combinations, divestitures, curtailments, and settlements? [SFAS 132, par. 8m]
- Are amounts related to the employer's results of operations disclosed for each period for which a statement of income is presented? [SFAS 132, par. 8]
- Are amounts related to the employer's statement of financial position disclosed as of the measurement date used for each statement of financial position presented? [SFAS 132, par. 8]

Disclosures in Interim Financial Reports

4. If the entity is publicly traded, does it disclose the following information in its interim financial statements that include a statement of income:

- a. The amount of net periodic benefit cost recognized, for each period for which a statement of income is presented, showing separately the service cost component, the interest cost component, the expected return on plan assets for the period, the amortization of the unrecognized transition obligation or transition asset, the amount of recognized gains or losses, the amount of prior service cost recognized, and the amount of gain or loss recognized due to a settlement or curtailment? (Added by revised SFAS 132.)
- b. The total amount of the employer's contributions paid, and expected to be paid, during the current fiscal year, if significantly different from amounts previously disclosed pursuant to paragraph 5(g) of SFAS 132? (Estimated contributions may be presented in the aggregate combining (*a*) contributions required by funding regulations or laws, (*b*) discretionary contributions, and (*c*) noncash contributions.) (*Added by revised SFAS 132.*) [SFAS 132, par. 9]
- 5. If the entity is nonpublic, does it disclose in interim periods, for which a complete set of financial statements is presented, the total amount of the employer's contributions paid, and expected to be paid, during the current fiscal year, if significantly different from amounts previously disclosed pursuant to paragraph 8(f) of SFAS 132? (Estimated contributions may be presented in the aggregate combining (*a*) contributions required by funding regulations or laws, (*b*) discretionary contributions, and (*c*) noncash contributions.) (*Added by revised SFAS 132.*) [SFAS 132, par. 10]

Pensions and Other Postretirement Benefits

- 1. If an employer sponsors one or more defined benefit pension plans or one or more defined benefit postretirement plans has the following information been provided, separately for pension plans and other postretirement benefit plans:
 - a. A reconciliation of beginning and ending balances of the benefit obligation⁸ showing separately, if applicable, the effects during the period attributable to each of the following: service cost, interest cost, contributions by plan participants, actuarial gains and losses, foreign currency exchange rate changes⁹ benefits paid, plan amendments, business combinations, divestitures, curtailments, settlements, and special termination benefits? [SFAS 132, par. 5a (AC P16.150, P40.169)]
 - b. A reconciliation of beginning and ending balances of the fair value of plan assets showing separately, if applicable, the effects during the period attributable to each of the following: actual return on plan assets, foreign currency exchange rate changes,¹⁰ contributions by the employer, contributions by plan participants, benefits paid, business combinations, divestitures, and settlements? [SFAS 132, par. 5b (AC P16.150, P40.169)]

⁹ The effects of foreign currency exchange rate changes that are to be disclosed are those applicable to plans of a foreign operation whose functional currency is not the reporting currency pursuant to SFAS 52, *Foreign Currency Translations*.

- *c.* The funded status of the plans, the amounts not recognized in the statement of financial position, and the amounts recognized in the statement of financial position, including:
 - (1) The amount of any unamortized prior service cost?
 - (2) The amount of any unrecognized net gain or loss (including asset gains and losses not yet reflected in market-related value)?
 - (3) The amount of any remaining unamortized, unrecognized net obligation or net asset existing at the initial date of application of SFAS 87 or SFAS 106?
 - (4) The net pension or other postretirement benefit prepaid assets or accrued liabilities?
 - (5) Any intangible asset and the amount of accumulated other comprehensive income recognized pursuant to paragraph 37 of SFAS 87, as amended? [SFAS 132, par. 5c (AC P16.150, P40.169)]
- d. Information about plan assets:
 - (1) For each major category of plan assets, which shall include, but is not limited to, equity securities, debt securities, real estate, and all other assets, the percentage of the fair value of total plan assets held as of the measurement date used for each statement of financial position presented? (Added by revised SFAS 132.)
 - (2) A narrative description of investment policies and strategies, including target allocation percentages or range of percentages for each major category of plan assets presented on a weighted-average basis as of the measurement date(s) of the latest statement of financial position presented, if applicable, and other factors that are pertinent to an understanding of the policies or strategies such as investment goals, risk management practices, permitted and prohibited investments including the use of derivatives, diversification, and the relationship between plan assets and benefit obligations? (Added by revised SFAS 132.)
 - (3) A narrative description of the basis used to determine the overall expected long-term rate-of-return-on-assets assumption, such as the general approach used, the extent to which the overall rate-of-return-on-assets assumption was based on historical returns, the extent to which adjustments were made to those historical returns in order to reflect expectations of future returns, and how those adjustments were determined? (Added by revised SFAS 132.)
 - (4) Disclosure of additional asset categories and additional information about specific assets within a category is encouraged if that information is expected to be useful in understanding the risks associated with each asset category and the overall expected long-term rate of return on assets? (Added by revised SFAS 132.) [SFAS 132, par. 5d]
- e. For defined benefit pension plans, the accumulated benefit obligation? (Added by revised SFAS 132.) [SFAS 132, par. 5e]

- *f.* The benefits (as of the date of the latest statement of financial position presented) expected to be paid in each of the next five fiscal years, and in the aggregate for the five fiscal years thereafter. The expected benefits should be estimated based on the same assumptions used to measure the company's benefit obligation at the end of the year and should include benefits attributable to estimated future employee service? (*Added by revised SFAS 132.*) [SFAS 132, par. 5f]
- *g*. The employer's best estimate, as soon as it can reasonably be determined, of contributions expected to be paid to the plan during the next fiscal year beginning after the date of the latest statement of financial position presented. Estimated contributions may be presented in the aggregate combining (*a*) contributions required by funding regulations or laws, (*b*) discretionary contributions, and (*c*) noncash contributions? (*Added by revised SFAS 132.*)

[SFAS 132, par. 5g]

- h. The amount of net periodic benefit cost recognized, showing separately the service cost component, the interest cost component, the expected return on plan assets for the period, the amortization of the unrecognized transition obligation or transition asset, the amount of recognized gains and losses, the amount of prior service cost recognized, and the amount of gain or loss recognized due to a settlement or curtailment? [SFAS 132, par. 5h]
- *i.* The amount included within other comprehensive income for the period arising from a change in the additional minimum pension liability recognized pursuant to paragraph 37 of SFAS 87, as amended?

[SFAS 132, par. 5i]

- j. On a weighted-average basis, the following assumptions used in the accounting for the plans: assumed discount rates, rates of compensation increase (for pay-related plans), and expected longterm rates of return on plan assets specifying, in a tabular format, the assumptions used to determine the benefit obligation and the assumptions used to determine net benefit cost? (*Partly added by revised SFAS 132.*) [SFAS 132, par. 5j]
- k. The measurement date(s) used to determine pension and other postretirement benefit measurements for the pension plans and other postretirement benefit plans that make up at least the majority of plan assets and benefit obligations? (*Added by revised SFAS* 132.)
 [SFAS 132, par. 5k]
- 1. The assumed health care cost trend rate(s) for the next year used to measure the expected cost of benefits covered by the plan (gross eligible charges) and a general description of the direction and pattern of change in the assumed trend rates thereafter, together with the ultimate trend rate(s) and when that rate is expected to be achieved? [SFAS 132, par. 51]
- *m.* The effect of a one-percentage-point increase and the effect of a one-percentage-point decrease in the assumed health care cost

(For purposes of this disclosure, all other as- sumptions shall be held constant, and the effects shall be measured based on the substantive plan that is the basis for the accounting). [SFAS 132, par. 5m]			
	 <i>n</i>. If applicable, the amounts and types of securities of the employer and related parties included in plan assets, the approximate amount of future annual benefits of plan participants covered by insurance contracts issued by the employer or related parties, and any significant transactions between the employer or related par- ties and the plan during the period? [SFAS 132, par. 5n] 			
	 If applicable, any alternative amortization method used to amor- tize prior service amounts or unrecognized net gains and losses pursuant to paragraphs 26 and 33 of SFAS 87 or paragraphs 53 and 60 of SFAS 106? [SFAS 132, par. 50] 			
	p. If applicable, any substantive commitment such as past practice or a history of regular benefit increases, used as the basis for accounting for the benefit obligation? [SFAS 132, par. 5p]			
	 If applicable, the cost of providing special or contractual termination benefits recognized during the period and a description of the nature of the event? [SFAS 132, par. 5q] 			
	 An explanation of any significant change in the benefit obligation or plan assets not otherwise apparent in the other disclosures required by SFAS 132? [SFAS 132, par. 5r] 			
2.	Are amounts related to the employer's results of operations disclosed for each period for which an income statement is presented? [SFAS 132, par. 5 (AC P16.150, P40.169)]			
3.	Are amounts related to the employer's statement of financial position disclosed for each balance sheet presented? [SFAS 132, par. 5 (AC P16.150, P40.169)]			
Em	ployers With Two or More Plans			
1.	Are the disclosures required by SFAS 132 aggregated for all of an employer's defined benefit pension plans and for all of an employer's other defined benefit postretirement plans unless disaggregating in groups is considered to provide useful information or is otherwise required by paragraph 6 of SFAS 132 and paragraph 7 of SFAS 132? [SFAS 132, par. 6]			
2.	Unless otherwise stated, are disclosures as of the measurement date for each statement of financial position presented? [SFAS 132, par. 6]			
3.	Does the disclosure of amounts recognized in the statement of finan- cial position present prepaid benefit costs and accrued benefit liabili- ties separately? [SFAS 132, par. 6]			

<u>Yes</u> <u>No</u> <u>N/A</u>

Note: Disclosures about pension plans with assets in excess of the accumulated benefit obligation generally may be aggregated with disclosures about pension plans with accumulated benefit obligations in excess of assets. The same aggregation is permitted for other postretirement benefit plans. [SFAS 132, par. 6]

- 4. If aggregate disclosures are presented, does the employer disclose:
 - *a.* The aggregate benefit obligation and aggregate fair value of plan assets for plans with benefit obligations in excess of plan assets as of the measurement date of each statement of financial position presented?
 - b. The aggregate pension accumulated benefit obligation and aggregate fair value of plan assets for pension plans with accumulated benefit obligations in excess of plan assets? [SFAS 132, par. 6]
- 5. If a U.S. reporting entity combines disclosures about pension plans or other postretirement benefit plans outside the United States with those for U.S. plans, are the benefit obligations of the plans outside the United States not significant relative to the total benefit obligation and do those plans not use significantly different assumptions? [SFAS 132, par. 7]

Note: A foreign reporting entity that prepares financial statements in conformity with U.S. generally accepted accounting principles (GAAP) shall apply the preceding guidance to its domestic and foreign plans.

Defined Contribution Plans

- Does the employer disclose the amount of cost recognized for defined contribution pension plans and for other defined contribution postretirement benefit plans for all periods presented separately from the amount of cost recognized for defined benefit plans? [SFAS 132, par. 11]
- Do the disclosures include a description of the nature and effect of any significant changes during the period affecting comparability, such as a change in the rate of employer contributions, a business combination, or a divestiture? [SFAS 132, par. 11]

Multiemployer Plans

- Has the employer disclosed the amount of contributions to multiemployer plans for each annual period for which a statement of income is presented? [SFAS 132, par. 12]
- 2. If the employer chooses to disclose total contributions to multiemployer plans without disaggregating the amounts attributable to pension plans and other postretirement benefit plans, do the disclosures include a description of the nature and effect of any changes affecting comparability, such as a change in the rate of employer contributions, a business combination, or a divestiture? [SFAS 132, par. 12]

Yes

No

_N/A

- 3. In some situations, withdrawal from a multiemployer plan may result in an employer having an obligation to the plan for a portion of the unfunded benefit obligation of the pension plans and other postretirement benefit plans. If withdrawal under circumstances that would give rise to an obligation is either probable or reasonably possible, have the provisions of SFAS 5, *Accounting for Contingencies*, been applied (SFAS 87, paragraph 70)? [SFAS 132, par. 13]
- 4. If it is either probable or reasonably possible that (*a*) an employer would withdraw from the plan under circumstances that would give rise to an obligation or (*b*) an employer's contribution to the fund would be increased during the remainder of the contract period to make up a shortfall in the funds necessary to maintain the negotiated level of benefit coverage (a "maintenance of benefits" clause), has the employer applied the provisions of SFAS 5 (SFAS 106, paragraph 83)? [SFAS 132, par. 13]

Other Matters

 If the matters addressed in EITF 03-2, Accounting for the Transfer to the Japanese Government of the Substitutional Portion of Employee Pension Fund Liabilities, apply, are the disclosure requirements of that EITF Issue complied with? [EITF 03-2]

Q. Transfers and Servicing of Financial Assets and Securitizations

- 1. If it is not practicable to estimate the fair value of certain assets obtained or liabilities incurred in transfers of financial assets during the period, are those items and the reasons why it is not practicable to estimate fair value described in the notes to the financial statements? [SFAS 140, par. 17(d)]
- 2. For all servicing assets and servicing liabilities are the following disclosures made:
 - *a.* The amounts of servicing assets or liabilities recognized and amortized during the period?
 - *b.* The fair value of recognized servicing assets and liabilities for which it is practicable to estimate that value and the method and significant assumptions used to estimate the fair value?
 - *c.* The risk characteristics of the underlying financial assets used to stratify recognized servicing assets for purposes of measuring impairment in accordance with paragraph 37 of SFAS 125, or paragraph 63 of SFAS 140, if SFAS 140 has been adopted?
 - d. The activity in any valuation allowance for impairment of recognized servicing assets—including beginning and ending balances, aggregate additions charged and reductions credited to operations, and aggregate direct write-downs charged against the allowances for each period for which results of operations are presented? [SFAS 140, par. 17(e)]
- 3. If the entity has securitized financial assets during any period presented and accounts for that transfer as a sale, are the following items disclosed for each major asset type:

FSP §17,300.03

- *a.* Its accounting policies for initially measuring the retained interests, if any, including the methodology (whether quoted market price, prices based on sales of similar assets and liabilities, or prices based on valuation techniques) used in determining their fair value?
- *b.* The characteristics of securitizations (a description of the transferor's continuing involvement with the transferred assets, including, but not limited to, servicing, recourse, and restrictions on retained interests) and the gain or loss from sale of financial assets in securitizations?
- *c.* The key assumptions^{*} used in measuring the fair value of retained interests at the time of securitization (including, at a minimum, quantitative information about discount rates, expected prepayments including the expected weighted-average life of prepayable financial assets, and anticipated credit losses, if applicable)?
- d. Cash flows between the securitization SPE and the transferor, unless reported separately elsewhere in the financial statements or notes (including proceeds from new securitizations, proceeds from collections reinvested in revolving-period securitizations, purchases of delinquent or foreclosed loans, servicing fees, and cash flows received on interests retained)? [SFAS 140, par. 17(f)]
- 4. If the entity has retained interests in securitized financial assets at the date of the latest statement of financial position presented, are the following items disclosed for each major asset type:
 - *a.* Its accounting policies for subsequently measuring those retained interests, including the methodology (whether quoted market price, prices based on sales of similar assets and liabilities, or prices based on valuation techniques) used in determining their fair value?
 - b. The key assumptions used in subsequently measuring the fair value of those interests (including, at a minimum, quantitative information about discount rates, expected prepayments including the expected weighted-average life of prepayable financial assets, and anticipated credit losses, including expected static pool losses, if applicable)?
 - *c.* A sensitivity analysis or stress test showing the hypothetical effect on the fair value of those interests of two or more unfavorable variations from the expected levels for each key assumption that is reported under *b*. above independently from any change in another key assumption, and a description of the objectives, methodology, and limitations of the sensitivity analysis or stress test?
 - *d*. For the securitized assets and any other financial assets that it manages together with them:^{**}
 - (1) The total principal amount outstanding, the portion that has been derecognized, and the portion that continues to be recognized in each category reported in the statement of financial position, at the end of the period?

- Accompanied by disclosure of the nature and financial effects of each event? [APB 30, par. 26 (AC I22.101)]
- 8. If the losses and costs incurred as a result of the September 11, 2001 attacks meet the criteria for disclosure of unusual or infrequently occurring items, are they reported as a separate component of income from continuing operations, either on the face of the statement of operations or in the notes to the financial statements? [EITF 01-10]
- 9. Is the following information disclosed in the notes to the financial statements in the period(s) in which business interruption (BI) insurance recoveries are recognized:
 - a. The nature of the event resulting in business interruption losses?
 - b. The aggregate amount of BI insurance recoveries recognized during the period and the line item(s) in the statement of operations in which those recoveries are classified (including amounts reported as an extraordinary item pursuant to APB 30)? [EITF 01-13]

G. Earnings Per Share

Note: SFAS 128, *Earnings per Share*, applies only to entities with publicly held common stock or potential common stock.

- If the reporting entity has a simple capital structure (only common stock outstanding), are basic per-share amounts for income from continuing operations and for net income presented on the face of the income statement for all periods for which an income statement or summary of earnings is presented? [SFAS 128, pars. 36 and 38 (AC E11.131 and .133)]
- 2. If the reporting entity has other than a simple capital structure, are basic and diluted per-share amounts for income from continuing operations and for net income presented on the face of the income statement with equal prominence for all periods for which an income statement or summary of earnings is presented? (*Note:* If diluted EPS data are reported for at least one period, they should be reported for all periods presented, even if they are the same amounts as basic EPS.) [SFAS 128, pars. 36 and 38 (AC E11.131 and .133)]
- 3. If discontinued operations, extraordinary items, or the cumulative effect of accounting changes are reported in the period, are the basic and diluted per share amounts for those line items presented on the face of the income statement or in the notes? [SFAS 128, par. 37 (AC E11.132)]
- 4. If per share amounts not required to be presented by SFAS 128 are disclosed, are they disclosed only in the notes and do the disclosures indicate whether the per share amounts are pretax or net of tax? [SFAS 128, par. 37 (AC E11.132)]

- 5. Are the following disclosed for each period for which an income statement is presented:
 - *a.* A reconciliation of the numerators and denominators of the basic and diluted per share computations for income from continuing operations?
 - *b.* The effect that has been given to preferred dividends in arriving at income available to common shareholders' in computing basic EPS?
 - *c.* Securities (including those issuable pursuant to contingent stock agreements) that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been antidilutive for the period(s) presented? [SFAS 128, par. 40 (AC E11.135)]
- 6. For the latest period for which an income statement is presented, do disclosures include a description of any transaction that occurs after the end of the most recent period but before issuance of the financial statements that would have changed materially the number of common shares or potential common shares outstanding at the end of the period if the transaction had occurred before the end of the period? [SFAS 128, par. 41 (AC E11.136)]

H. Comprehensive Income

- Are all components of comprehensive income reported in the financial statements in the period in which they are recognized? [SFAS 130, par. 14 (AC C49.108)]
- Is a total amount for comprehensive income displayed in the financial statement where the components of other comprehensive income are reported? [SFAS 130, par. 14 (AC C49.108)]
- Is an amount for net income displayed and included as a component of comprehensive income? [SFAS 130, pars. 15 and 22 (AC C49.109 and .116)]
- Are items included in other comprehensive income classified separately into foreign currency items, minimum pension liability adjustments, and unrealized gains and losses on certain investments in debt and equity securities? [SFAS 130, par. 17 (AC C49.111)]
- 5. Are reclassification adjustments made to avoid double counting in comprehensive income of items that are displayed as part of net income for a period that also had been displayed as part of other comprehensive income in that period or other periods presented on the face of the financial statement in which comprehensive income is reported or disclosed in the notes? [SFAS 130, par. 20 (AC C49.114)]
- 6. Are comprehensive income and its components displayed in a financial statement that is displayed with the same prominence as the other financial statements? (*Note:* SFAS 130 encourages but does not require that the components of other comprehensive income and total comprehensive income be displayed below the total for net income in a statement that

reports results of operations or in a separate statement of comprehensive income that begins with net income.) [SFAS 130, pars. 22 and 23 (AC C49.116 and .117)]

- Are the components of other comprehensive income displayed either net of related tax effects, or before related tax effects with one amount shown for the aggregate tax effect related to the total of other comprehensive income items? [SFAS 130, par. 24 (AC C49.118)]
- Is the amount of income tax expense or benefit allocated to each component of other comprehensive income (including reclassification adjustments) displayed on the face of the statement in which those components are displayed or disclosed in the notes to the financial statements?
 [SFAS 130, par. 25 (AC C49.119)]
- 9. Is the total of other comprehensive income for a period transferred to a component of equity that is displayed separately from retained earnings and additional paid-in-capital in the balance sheet with a descriptive title such as *accumulated other comprehensive income*? [SFAS 130, par. 26 (AC C49.120)]
- Are accumulated balances for each classification within accumulated other comprehensive income disclosed on the face of the balance sheet, in the statement of changes in shareholders' equity, or in the notes?
 [SFAS 130, par. 26 (AC C49.120)]
- Has the enterprise reported a total for comprehensive income in condensed financial statements of interim periods? [SFAS 130, par. 27 (AC C49.121)]
- 12. Has the entity displayed as a separate classification within other comprehensive income the net gain or loss on derivative instruments designated and qualifying as cash flow hedging instruments that are reported in comprehensive income pursuant to paragraphs 30 and 41 of SFAS 133? [SFAS 133, par. 46 (AC D50)]
- 13. As part of the disclosures of accumulated other comprehensive income, pursuant to paragraph 26 of SFAS 130, *Reporting Comprehensive Income*, has the entity separately disclosed the beginning and ending accumulated derivative gain or loss, the related net change associated with current period hedging transactions, and the net amount of any reclassification into earnings? [SFAS 133, par. 47 (AC D50)]
- 14. If an additional liability required to be recognized pursuant to SFAS 87, paragraph 36 (AC P16.130), exceeds unrecognized prior-service cost, is the excess (which would represent a net loss not yet recognized as net periodic pension cost) reported in other comprehensive income, net of any tax benefits that result from considering such losses as temporary differences, for purposes of applying the provisions of SFAS 87, paragraph 37 (AC I27) and SFAS 109, paragraph 287? Note: Consult the Topical Index to the AICPA *Professional Standards* under "Departures From Established Principles," "Adverse Opinions," and "Qualified Opinions," for additional references to specific types of GAAP departures that could result in either a qualified or adverse opinion.

- 26. If information accompanies the basic financial statements and auditor's report in an auditor-submitted document, is it accompanied by a report that:
 - *a.* States that the audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole?
 - b. Specifically identifies the accompanying information?
 - *c.* States that the accompanying information is presented for purposes of additional analysis and is not a required part of the basic financial statements?

FSP Section 17,500

Supplemental Information for Property and Liability Insurance Companies That Are Securities and Exchange Commission Registrants

.01 Footnote 3 to SAS 69 states, in part, that, for Securities and Exchange Commission (SEC) registrants, rules and releases of the SEC have an authority similar to other officially established accounting principles. Regulation S-X is the primary source of requirements for financial statements and related footnotes required to be included in documents filed with the SEC. In addition to Regulation S-X, preparers and auditors of financial statements should be familiar with the SEC's Financial Reporting Releases (FRR) and Staff Accounting Bulletins (SAB). FRRs communicate the SEC's position on accounting and auditing principles and practices. SABs represent interpretations and practices followed by the Division of Corporation Finance and the Office of the Chief Accountant of the SEC.

.02 When determining compliance with SEC requirements, preparers and auditors should refer to the appropriate SEC pronouncements to ensure compliance with SEC disclosure rules. In particular, the following documents should be consulted:

- Regulation S-X, Article 3, General Instructions as to Financial Statements
- Regulation S-X, Article 4, Rules of General Application
- Regulation S-X, Article 7, Insurance Companies
- Staff Accounting Bulletins (SAB) SABs reflect the SEC staff's views regarding accounting-related disclosure practices. They represent interpretations and policies followed by the Division of Corporation Finance and the Office of the Chief Accountant in administering the disclosure requirements of the federal securities laws.
- Financial Reporting Releases (FRR) FRRs adopt, change, or interpret requirements relating to accounting, auditing, and disclosure issues.

FSP Section 17,600 Illustrative Financial Statements

.01 This section illustrates financial statements of a nonpublic property and liability insurance company and the accompanying disclosures that are unique to such companies. Disclosures concerning the company's pension plans, postretirement benefits other than pensions, stock options, lease commitments, long-term debt, extraordinary items, segments, accounting changes, and other items that are not unique to property and liability insurance companies have been omitted for purposes of this checklist. The format presented and the wording of the accompanying notes are only illustrative and are not necessarily the only possible presentations.

.02 Except for the treatment of gains and losses described in SFAS 97, Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and for Realized Gains and Losses from the Sale of Investments, insurance companies that are SEC registrants should follow Article 7 of SEC Regulation S-X, which prescribes the form and content of financial statements. Also, the SEC's Financial Reporting Release (FRR) No. 20, Rules and Guide for Disclosures Concerning Reserves for Unpaid Claims and Claim Adjustment Expenses of Property-Casualty Underwriters, requires property and liability insurance companies to disclose in financial statements filed with the SEC certain information concerning reserves for unpaid claims and claim adjustment expenses. The Exchange Act requires certain supplementary information with respect to quarterly financial data. Other SEC regulations also require additional disclosures (for example, details with respect to deferred acquisition costs).

.03 GASB 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, as amended and interpreted by various pronouncements,^{*} requires public entity risk pools to present additional information beyond these illustrative financial statements. This additional information includes reporting assessments receivable from pool participants for premium deficiencies, disclosures about revenues collected in anticipation of future catastrophe losses, the aggregate outstanding amount of claims outstanding that have been settled through the purchase of annuity contracts, and the pool risk transfer agreement. Also, outstanding claims by kind of contract and ten-year claims development information on a policy-year basis should be presented as required supplementary information.

.04 Interpretation No. 3 of AU section 410, "Adherence to Generally Accepted Accounting Principles" [AICPA, *Professional Standards*, vol. 1, AU sec. 9410] addresses the impact on an auditor's report on a FASB statement prior to the statement's effective date. Readers may want to familiarize themselves with the guidance in that Interpretation.

.05 Also, preparers and auditors of SEC-registrant financial statements are reminded that as discussed in SAB Topic 11M (SAB No. 74), and AU section 9410, Item 3, *The Impact on an Auditor's Report of an FASB Statement Prior to the Statement's Effective Date*, filings with the SEC that include financial statements for a period ending after the issuance of an accounting standard but before the required date of adoption of that accounting standard should include disclosure of the impact that the recently issued accounting standard will have on the financial position and results of operations of the registrant when such standard is adopted in a future period. The following disclosures should be considered by registrants:

^{*} The Governmental Accounting Standards Board (GASB) has issued GASB 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.* That Statement fundamentally changes the format and content of financial statements for all state and local governmental entities, including public entity risk pools, and becomes effective in three phases depending on an entity's total annual revenues (as specifically defined) in the first fiscal year ending after June 15, 1999. The first implementation phase is for financial statements for periods beginning after June 15, 2001, the second implementation phase is for financial statements for periods beginning after June 15, 2002, and the third implementation phase is for financial statements for periods beginning after June 15, 2003. For all phases, earlier application is encouraged. Special transition provisions apply for component units.

- A brief description of the new standard, the date that adoption is required and the date that the registrant plans to adopt, if earlier;
- A discussion of the methods of adoption allowed by the standard and the method expected to be utilized by the registrant, if determined;
- A discussion of the impact that adoption of the standard is expected to have on the financial statements of the registrant, unless unknown or not reasonably estimable. In that case, a statement to that effect may be made;
- Disclosure of the potential impact of other significant matters that the registrant believes might result from the adoption of the new standard (such as technical violations of debt covenant agreements, planned or intended changes in business practices, etc.).

The checklists and illustrative financial statements do not include all disclosures and presentation items required by GAAP.

^{*} SOP 01-6, Accounting by Certain Entities (Including Entities With Trade Receivables) That Lend to or Finance the Activities of Others, requires, among other things, that the summary of significant accounting policies include the basis for accounting for trade receivables, and the classification and method of accounting for other receivables. SOP 01-6 requires that a description of the accounting policies and methodology the entity used to estimate its allowance for doubtful accounts be included in the notes to the financial statements. Such a description should identify the factors that influenced management's judgment and may also include discussion of risk elements relevant to particular categories of financial instruments. In addition, SOP 01-6 requires that the summary of significant accounting policies include the policy for charging off uncollectible trade receivables.

SOP 01-6 contains other presentation and disclosure requirements that may apply to the financial statements of insurance entities. Readers should refer to the full text of SOP 01-6. All of the disclosure requirements of SOP 01-6 are not presented in these illustrative financial statements.

THE PROPERTY AND LIABILITY INSURANCE COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements

For the Years Ended December 31, 20X2 and 20X1

Note 1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations: The Property and Liability Insurance Company and subsidiaries (the Company) is a nonpublic insurance organization providing property and liability coverage to both domestic and foreign markets. The Company is principally involved in writing insurance for domestic commercial lines.

The significant accounting policies followed by the Company are summarized as follows:

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principles of Consolidation: The consolidated financial statements include the accounts, after intercompany eliminations, of the Company and its subsidiaries.

Basis of Presentation: The accompanying financial statements have been prepared in conformity with generally accepted accounting principles that differ from statutory accounting practices prescribed or permitted for insurance companies by regulatory authorities.

Trading Securities: Bonds, notes, and redeemable and non-redeemable preferred stock held principally for resale in the near term are classified as trading securities and recorded at their fair values. Realized and unrealized gains and losses on trading securities are included in other income.

Securities Held to Maturity: Bonds, notes, and redeemable and non-redeemable preferred stock for which the insurance company has the intent and ability to hold to maturity are reported at amortized cost, adjusted for amortization of premiums or discounts and other-than-temporary declines in fair value. Realized gains and losses are determined using the specific identification method.

Securities Available for Sale: Bonds, notes, common stock, and redeemable preferred stock not classified as either trading or held-to-maturity are reported at fair value, adjusted for other than temporary declines in fair value, with unrealized gains and losses, net of tax, reported as a net amount in other comprehensive income. Realized gains and losses are determined using the specific identification method.

Mortgage Loans on Real Estate: Reported at unpaid balances, adjusted for amortization of premium or discount, less a provision for credit losses.

Real Estate: Reported at cost, less allowances for depreciation and impairment of value.

Cash Equivalents: Cash equivalents are short-term, highly liquid investments with original maturities of three months or less.

Recognition of Premium Revenues: Property and liability premiums are generally recognized as revenue on a pro rata basis over the policy term. The portion of premiums that will be earned in the future are deferred and reported as unearned premiums.

Deferred Policy Acquisition Costs: Commissions and other costs of acquiring insurance that vary with and are primarily related to the production of new and renewal business are deferred and amortized over the terms of the policies or reinsurance treaties to which they relate. Amortization in 20X2 and 20X1 was approximately \$58,000,000 and \$55,000,000, respectively.

Property and Equipment: Property and equipment is recorded at cost and is depreciated principally under the straight-line method over the estimated useful lives of the respective assets.

Insurance Liabilities: The liability for losses and loss-adjustment expenses includes an amount determined from loss reports and individual cases and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on estimates and, while management believes that the amount is adequate, the ultimate liability may be in excess of or less than the amounts provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed, and any adjustments are reflected in earnings currently. The reserve for losses and loss-adjustment expenses is reported net of receivables for salvage and subrogation of approximately \$17,527,000 and \$16,276,000 at December 31, 20X2 and 20X1, respectively.

Participating Policies: Participating business represents 6 percent of total premiums in force and premium income at December 31, 20X2, and 8 percent at December 31, 20X1. The majority of participating business is composed of workers' compensation policies. The amount of dividends to be paid on these policies is determined based on the terms of the individual policies.

Reinsurance: In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. Amounts recoverable from reinsurers are estimated in a manner consistent with the reinsured policy. The amount by which the liabilities associated with the reinsured policies exceed the amounts paid for retroactive reinsurance contracts is amortized in income over the estimated remaining settlement period using the interest method. The effects of subsequent changes in estimated or actual cash flows are accounted for by adjusting the previously deferred amount to the balance that would have existed had the revised estimate been available at the inception of the reinsurance transactions, with a corresponding charge or credit to income.

Codification: The National Association of Insurance Commissioners revised the *Accounting Practices and Procedures Manual* in a process referred to as Codification. Codification became effective on January 1, 2001. The Company's state of domicile has adopted the provisions of the revised manual effective January 1, 2001. The revised manual has changed, to some extent, prescribed statutory accounting practices, and has resulted in changes to the Company's statutory-basis financial statements. The cumulative effect of changes in accounting principles adopted to conform to the revised *Accounting Practices and Procedures Manual* of \$____ has been reported as an adjustment to increase (decrease) surplus in the Company's statutory-basis financial statements as of January 1, 2001.

Income Taxes: Income tax provisions are based on the asset and liability method. Deferred federal income taxes have been provided for temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements. Such differences are related principally to the deferral of policy acquisition costs and the recognition of salvage and subrogation on an accrual basis.

Income per Share of Common Stock: Income per share of common stock is based on the weighted average number of shares of common stock outstanding during each year. The effect of stock options is not material to the computation of earnings per share.

Note 2. Investments

In reporting disclosures about investments in securities, entities should comply primarily with the requirements of paragraphs 6, 17, 19, 20, 21, and 22 of FASB Statement No. 115 (as amended); paragraphs 47 and 48 of FASB Statement No. 60 (as amended) and paragraphs 22, 23, and 28 of FASB Statement No. 91 (as amended). Other disclosure requirements may also be applicable.

Note 3. Reinsurance Activity

Substantial amounts of reinsurance are assumed, both domestic and foreign. Such reinsurance includes quota share, excess of loss, catastrophe, facultative, and other forms of reinsurance on essentially all property and casualty lines of insurance. The Company also cedes insurance to other companies and these reinsurance contracts do not relieve the Company from its obligations to policyholders. Failure of reinsurers to honor their obligations could result in losses to the Company evaluates the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities, or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvencies. At December 31, 20X2, reinsurance receivables with a carrying value of \$8 million and prepaid reinsurance premiums of \$5 million were associated with a single reinsurer. The Company holds collateral under related reinsurance agreements in the form of letters of credit totaling \$5 million that can be drawn on for amounts that remain unpaid for more than 120 days.

The Company limits the maximum net loss that can arise from large risks or risks in concentrated areas of exposure by reinsuring (ceding) certain levels of risks with other insurers or reinsurers, either on an automatic basis under general reinsurance contracts known as "treaties" or by negotiation on substantial individual risks. Ceded reinsurance is treated as the risk and liability of the assuming companies.

The effect of reinsurance on premiums written and earned for 20X2 and 20X1 are as follows:

	(Dollars in thousands)				
	202	20X2		20X1	
	Written	Earned	Written	Earned	
Direct	\$ 477 <i>,</i> 836	\$457,828	\$420,580	\$415 <i>,</i> 369

Net	\$ 582,099	\$570,885	\$541,808	\$524,746	

The amounts of recoveries pertaining to reinsurance contracts that were deducted from losses incurred during 20X2 and 20X1 were approximately \$4,892,000 and \$3,232,000, respectively.

Note 4. Liability for Unpaid Losses and Loss Adjustment Expenses

Activity in the liability for unpaid losses and loss adjustment expenses is summarized as follows:

	(Dollars in	(Dollars in thousands)	
	20X2	20X1	
Balance at January 1	\$1,030,345	\$947 <i>,</i> 890

As a result of changes in estimates of insured events in prior years, the losses and loss adjustment expenses (net of reinsurance recoveries of \$X and \$X in 20X2 and 20X1, respectively) decreased by \$275 in 20X2 reflecting lower-than-anticipated losses on Hurricane Howard, and increased by \$3,119 in 20X1 reflecting higher-than-anticipated losses and related expenses for claims for asbestos-related illnesses, toxic waste cleanup, and workers' compensation.

Note 5. Income Taxes

The U.S. Federal statutory income tax rate applicable to ordinary income is 34 percent for 20X2 and 20X1. The Company's effective federal income tax rate is less than the statutory rate due primarily to tax exempt interest, dividends-received deduction, and fresh start adjustments.

The components of the net deferred tax liability are as follows:

	(Dollars in thousands)		
	20X2	_20X1	
Deferred policy acquisition costs	\$17,093	\$17,298	
Salvage and subrogation	12,901	11,736	
Other	4,090	6,101	
Deferred tax liability	\$34,084	\$35,135	

The Company has net operating loss carryforwards for tax purposes of \$35,297 and investment tax credit carryforwards of \$49,396. The tax loss carryforwards (if not utilized against taxable income) and investment tax credit carryforwards expire beginning in 20XX and continuing through 20YY.

The Company paid income taxes of \$30,000 in 20X2 and \$21,300 in 20X1.

Note 6. Dividends From Subsidiaries

The funding of the cash requirements of the Company (parent company) is primarily provided by cash dividends from the Company's subsidiaries. Dividends paid by the insurance subsidiaries are restricted by regulatory requirements of the domiciliary states. Generally, the maximum dividend that may be paid without prior regulatory approval is limited to the greater of 10 percent of statutory surplus (shareholders' equity on a statutory basis) or 100 percent of net investment income for the prior year. Dividends exceeding these limitations can generally be made subject to approval by various state insurance departments. The subsidiaries paid cash dividends to the Company of \$24,754,000 and \$22,100,000 in 20X2 and 20X1, respectively. At December 31, 20X2, the maximum dividend that may be paid to the Company in 20X3 without regulatory approval is approximately \$146,000,000.

Note 7. Statutory Net Income and Shareholders' Equity

The Company, which is domiciled in ABC State, prepares its statutory financial statements in accordance with accounting principles and practices prescribed or permitted by the ABC state insurance department, which (state of domicile) recognizes for determining solvency under the (state of domicile) Insurance Law. The commissioner of the state of domicile Insurance Department has the right to permit other practices that may deviate from prescribed practices. Prescribed statutory accounting practices are those practices that are incorporated directly or by reference in state laws, regulations, and general administrative rules applicable to all insurance enterprises domiciled in (state of domicile). Permitted statutory accounting practices that are not prescribed; such practices differ from state to state, may differ from company to company within a state, and may change in the future.

Note: Although the following statutory financial information is not required to be disclosed in financial statements prepared in conformity with GAAP, insurance entities sometimes include such disclosures to facilitate use of those financial statements for purposes of filing with state regulatory authorities. The second disclosure on variances from NAIC SAP (as defined below) and permitted accounting practices is required under SOP 94-5, as amended by SOP 01-5.

Generally accepted accounting principles differ in certain respects from the accounting practices prescribed or permitted by insurance regulatory authorities (statutory basis). Statutory net income was approximately \$35.7 million and \$52.7 million in 20X2 and 20X1, respectively, and statutory shareholders' equity, including the effects of prescribed and permitted practices was approximately \$347.2 million and \$299.7 million at December 31, 20X2 and 20X1, respectively.

The Company's statutory financial statements are presented on the basis of accounting practices prescribed or permitted by the [*state of domicile*] Insurance Department. [*State of domicile*] has adopted the National Association of Insurance Commissioners' statutory accounting practices (NAIC SAP) as the basis of its statutory accounting practices, except that it has retained the prescribed practice of writing off goodwill immediately to statutory surplus in the year of acquisition.

In addition, the commissioner of [*state of domicile*] Insurance Department has the right to permit other specific practices that may deviate from prescribed practices. The commissioner has permitted the Company to record its home office property at estimated fair value instead of at depreciated cost, as required by NAIC SAP. This accounting practice increased statutory capital and surplus by \$_____ million and \$_____ million at December 31, 20X2 and 20X1, respectively, over what it would have been had the permitted practice not been allowed. The Company's statutory capital and surplus, including the effects of the permitted practice, was \$_____ million and \$_____ million at December 31, 20X2 and 20X1, respectively.

Had the Company amortized its goodwill over ten years and recorded its home office property at depreciated cost, in accordance with NAIC SAP, the Company's capital and surplus would have been \$_____ million and \$_____ million at December 31, 20X2 and 20X1, respectively.

Note 8. Contingencies

In November _____, California voters passed Proposition 103, requiring insurers doing business in that state to roll back property/casualty premium prices to November _____ levels, less an additional 20 percent discount. Insurers challenged the constitutionality of Proposition 103, and in May _____ the California Supreme Court upheld the proposition in large part. However, the Court also ruled that the rollback provision does not apply to an insurer who demonstrates through rate filings that the rate rollback would not allow a "fair and reasonable return." The Company filed for exemption from the rate rollback for all lines affected by Proposition 103. In September _____, the California Insurance Commissioner announced that the Company would be afforded a hearing and, using different assumptions and methods than prescribed for the original filing, determined that the Company should roll back its rates and refund premiums of \$19 million. The Company disagrees with the Commissioner's methods and conclusions, and no provision for potential rate rollbacks or premium refunds is reflected in the financial results.

In October _____, the Commissioner suspended the individual hearings and began a consolidated hearing, in which the Company is participating, intended to define the generic issue of the methods to be used to calculate potential rate rollbacks and analyze future rate filings. Until the generic issues are resolved in the Commissioner's consolidated hearing, there will be uncertainty as to whether the Company will ultimately be required to roll back any of its rates or refund any premiums. Management believes such rate rollbacks and premium refunds, if any, would not have a material adverse effect on the Company's financial position.

Note 9. Concentrations of Credit Risk

At December 31, 20X2, the Company held unrated or less-than-investment grade corporate debt securities of \$______ net of reserves for losses, with an aggregate market value of \$______.

Those holdings amounted to 6% of the Company's corporate debt securities investments and less than 3% of total assets. The holdings of less-than-investment grade securities are widely diversified and of satisfactory quality based on the Company's investment policies and credit standards. The Company also invests in mortgage loans principally involving commercial real estate. At December 31, 20X2, 20% of such mortgages (\$_____) involved properties located in California and Arizona. Such investments consist of first mortgage liens on completed income-producing properties, and mortgages on individual properties do not exceed \$_____.

Note 10. Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and Short Term Investments. For those short term instruments, the carrying amount is a reasonable estimate of fair value.

Investment in Securities. For investments in securities, fair values are based on quoted market prices or dealer quotes, if available. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities.

Mortgage Loans on Real Estate and Policy Loans. The fair value of mortgage loans on real estate is estimated using the quoted market prices for securities backed by similar loans, adjusted for differences in loan characteristics. The fair value of policy loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to contract holders with similar credit ratings and the same remaining maturities.

The estimated fair values of the Company's financial instruments which are not disclosed on the face of the balance sheet or elsewhere in the notes are as follows:

	20X2		20X1	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Mortgage on real estate loans Policy loans	\$472,509 19,862	\$474,163 20,974	\$398,426 18,623	\$401,582 19,953

c. The entity has no instrument that, in whole or in part, is accounted for as a derivative instrument under SFAS 133, Accounting for Derivative Instruments and Hedging Activities, other than commitments related to the origination of mortgage loans to be held

^{*} SFAS 126, Exemption From Certain Required Disclosures About Financial Instruments for Certain Nonpublic Entities (an amendment of SFAS 107), as amended by SFAS 133 and SFAS 149, amends SFAS 107, Disclosures About Fair Value of Financial Instruments, to make the disclosures about fair value of financial instruments prescribed in SFAS 107 optional for entities that meet all of the following criteria:

a. The entity is a nonpublic entity.

b. The entity's total assets are less than \$100 million on the date of the financial statements.
