Accounting firms and practitioners 1957

AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

270 Madison Avenue, New York 16, N. Y.

AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

FOREWORD

Certified public accountants in public practice as well as those in industry and groups outside the profession have long found a need for a *directory of members* of the American Institute of Certified Public Accountants. A *directory of firms and individual practitioners* by geographical location has also been found widely useful within the profession and to bankers and other credit grantors, government officials, lawyers and members of business advisory professions generally.

In past years, these two directories have been published separately and in alternate years. Henceforth, the *directory of members*, last published in 1956, will be issued at five year intervals, the next volume to appear in 1961. The *directory of firms and practitioners* will continue to be published every two years.

In this *directory of firms and practitioners*, only those members have been listed who are partners of accounting firms or who are practicing accounting as individual practitioners, except that in branch offices where there is no partner, the manager, if a member of the Institute, has been listed. It is understood that a partner or individual practitioner is resident in the location where he is listed. Partners are listed in order of seniority where this has been requested—otherwise alphabetically. The number shown in parentheses is the postal zone number.
