Checklists and Illustrative Financial Statements for State and Local Governments

Introduction

.01 This publication includes the following information, extracted from sections 13,000 through 13,400 of the Financial Statement Preparation Manual (FSP):

- Financial Statements and Notes Checklist (FSP section 13,100)—This checklist can be used by preparers of governmental financial statements prepared in conformity with generally accepted accounting principles (GAAP) and by practitioners who audit, review, or compile those financial statements as they evaluate the adequacy of disclosures made in the basic financial statements, notes to the financial statements, and required supplementary information (RSI).

- Auditors’ Reports Checklist (FSP section 13,200)—This checklist can be used by auditors in reporting on audits of financial statements in accordance with generally accepted auditing standards (GAAS).

- Auditors’ Reports on Audits Performed Under Government Auditing Standards and OMB Circular A-133 Checklist (FSP section 13,300)—This checklist can be used by auditors in reporting on financial audits of financial statements in accordance with the Government Accountability Office’s* (GAO’s) Government Auditing Standards (also referred to as the Yellow Book), issued by the Comptroller General of the United States, and on audits performed under the Single Audit Act Amendments of 1996 and Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

- References to Illustrative Financial Statements (FSP section 13,400)—This section refers users to the various Governmental Accounting Standards Board (GASB) publications that illustrate the basic financial statements, notes to the financial statements, and RSI.

.02 These checklists consider relevant standards through those in the following listing. Users should modify the checklists, as appropriate, for subsequent standards. In determining the applicability of a standard, its effective date also should be considered.

- Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 150, Accounting for Certain Financial Instruments With Characteristics of Both Liabilities and Equity, and Revised SFASs issued through May 2004, including:
  - FASB Statement No. 132 (revised 2003), Employers’ Disclosures About Pensions and Other Postretirement Benefits
  - FASB Interpretation (FASBI) No. 46 (revised December 2003), Consolidation of Variable Interest Entities

• GASB Interpretation (GASBI) No. 6, Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements
• GASB Technical Bulletin (GTB) 04-1, Tobacco Settlement Recognition and Financial Reporting Entity Issues

• AICPA Statement on Auditing Standards (SAS) No. 101, Auditing Fair Value Measurements and Disclosures
• Auditing Interpretations No. 17 and No. 18 of SAS No. 58, Reports on Audited Financial Statements, as amended, titled “Clarification in the Audit Report of the Extent of Testing of Internal Control Over Financial Reporting in Accordance With Generally Accepted Auditing Standards,” and “Reference to PCAOB Standards in an Audit Report on a Nonissuer,” respectively

.03 The AICPA Accounting and Auditing Publications Staff has prepared these checklists as practice aids for preparers and auditors to use for the financial statements of and federal financial assistance received by state and local governments. The Audit and Accounting Guide State and Local Governments defines those entities that are state and local governments. This publication is an Other Auditing Publication as defined in SAS No. 95, Generally Accepted Auditing Standards (AICPA, Professional Standards, vol. 1, AU sec. 150), as amended. Other Auditing Publications have no authoritative status; however, they may help the auditor understand and apply SASs.

• The financial statements and notes checklist includes disclosures—whether in the basic financial statements, the notes to the financial statements, or RSI—that preparers and auditors should consider in governmental financial statements prepared in accordance with GAAP.1 The provisions of accounting and financial reporting standards, including disclosure provisions, need not be applied to immaterial items. The checklist does not include recognition and measurement issues relating to preparing governmental financial statements. It also does not address additional disclosures applicable only to supplementary information other than RSI that accompanies a government’s basic financial statements (for example, in a Comprehensive Annual Financial Report [CAFR]),2 specialized disclosure requirements for governmental health care organizations and public entity risk pools contained in the Audit and Accounting Guides Health Care Organizations and Property and Liability Insurance Companies, or disclosures required by pronouncements that are deemed remote for

1 SAS No. 69, The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles (AICPA, Professional Standards, vol. 1, AU sec. 411.12 and .13), as amended, contains the hierarchy of GAAP for state and local governments. This publication is Other Accounting Literature under that hierarchy.
2 For example, the financial statements and notes checklist does not address the provisions of GASB Statement No. 44, Economic Condition Reporting: The Statistical Section, which establishes and modifies requirements for the supplementary information presented in a statistical section that accompanies the basic financial statements.
governmental financial statements. The items (including Appendix A) in the checklist that are derived solely from private-sector standards (such as those promulgated by the FASB and the Accounting Principles Board [APB]) may have limited applicability for governmental financial statements. To determine the applicability of private-sector pronouncements to governmental financial statements, see SAS No. 69, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles* (AICPA, *Professional Standards*, vol. 1, AU sec. 411), as amended, and GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, as amended by GASB Statements No. 29, *The Use of Not-for-Profit Accounting and Financial Reporting Principles by Governmental Entities*, and No. 34.

- The auditors' report checklist addresses those requirements most likely to be encountered when reporting on GAAS audits of governmental financial statements prepared in conformity with GAAP. It does not include reporting requirements relating to other matters, such as agreed-upon procedures.

- GASB Statement No. 34 and its related pronouncements become effective in three phases depending on an entity’s total annual revenues (as defined in GASB Statements No. 34 and No. 35) in the first fiscal year ending after June 15, 1999, as shown in the following chart. For all phases, earlier application is encouraged. Special transition provisions apply for component units, reporting general infrastructure assets, and certain note disclosures.

- The provisions of GASB Statement No. 38 become effective when the requirements of GASB Statement No. 34 are required to be implemented. However, because the provisions of GASB Statement No. 38 are not required to be implemented simultaneously with the provisions of GASB Statement No. 34, a government could early implement GASB Statement No. 34 without early implementing GASB Statement No. 38. Although the financial statements and notes checklist in this publication reflect provisions from GASB Statement No. 38, they alert the user to disclosure requirements if the entity is not yet implementing GASB Statement No. 38.

- The Audit and Accounting Guide *State and Local Governments*, which addresses auditing and reporting on financial statements prepared in conformity with the new financial reporting model, is effective for audits of financial statements for the first fiscal period ending after June 15, 2003, in which a government does apply or is required to apply the provisions of GASB Statement No. 34.

Additional guidance concerning the implementation of GASB Statement No. 34, as amended, is provided in the GASB staff's *Comprehensive Implementation Guide*, and the AICPA Practice Aids, *Understanding and Implementing GASB's New Financial Reporting Model, A Question and Answer Guide for Preparers and Auditors of State and Local Governmental Financial Statements—Revised Edition* (product no. 022516) and *Applying OCBOA in State and Local Governmental Financial Statements* (product no. 003314). Practical guidance concerning the
AICPA Audit and Accounting Guide *State and Local Governments*, is in the AICPA Practice Aid *Auditing Governmental Financial Statements: Programs and Other Practice Aids* (product no. 006602).

.05 These checklists sometimes uses the term *financial position statements* in a generic manner to refer to one or more of the following—the government-wide statement of net assets, the governmental funds balance sheet, the proprietary funds statement of fund net assets or balance sheet, and the fiduciary funds statement of fiduciary net assets. These checklists also sometimes uses the term *activity statements* in a generic manner to refer to one or more of the following—the government-wide statement of activities; the governmental funds statement of revenues, expenditures, and changes in fund balances; the proprietary funds statement of revenues, expenses, and changes in fund net assets or fund equity; and the fiduciary funds statement of changes in fiduciary net assets.

.06 These checklists contain references to authoritative accounting and auditing standards using the following abbreviations and acronyms:

.07 The checklists provide spaces for checking off or initialing each item to indicate that it has been considered. Users should check or initial—

- **Yes**—If the item is required and has been made appropriately.
- **No**—If the item is required but not made.
- **N/A**—If the item is not required.

FSP §13,000.05
.08 Users may find it helpful to include references to the location in the financial report where each item marked "Yes" can be found. It also may be helpful to include on the checklists or elsewhere the reasons that items marked "N/A" do not apply. It is important that any items in the financial statements and notes checklist marked "No" be considered in the auditor's report on the financial statements. A "No" response to a required disclosure that is material may warrant the issuance of a qualified or adverse opinion on the financial statements of the affected opinion unit\(^3\) or an explanatory paragraph on RSI. For each item with a "No" response, users should consider noting why the disclosure was not made (for example, because the item was not considered material to the financial statements of the affected opinion unit) and the effect on the auditor's report.

.09 The use of these or any other checklists requires the exercise of individual professional judgment and should be used by, or under the supervision of, persons having adequate technical training and proficiency in the application of GAAP, GAAS, and other applicable standards and requirements. These checklists are not substitutes for original authoritative standards and requirements. Users of these checklists are urged to refer directly to applicable standards and requirements when appropriate. The checklists are not all-inclusive and are not intended to present minimum requirements. Users of the checklists are encouraged to tailor them as required to meet specific circumstances of each particular engagement. Users who have further questions may call the AICPA Technical Hotline at 1-888-777-7077.

Note: This publication was extracted from sections 13,000 through 13,400 of the AICPA Financial Statement Preparation Manual (FSP).

Financial Statements and Notes Checklist

.01 This checklist can be used by preparers of governmental financial statements prepared in conformity with generally accepted accounting principles (GAAP) and by practitioners who audit, review, or compile those financial statements as they evaluate the adequacy of disclosures. This checklist is organized into the sections listed below. Carefully review the topics listed and consider whether they represent potential disclosure items for the government. Place a checkmark by those topics or sections considered applicable. Place an N/A by those sections considered not applicable; those sections need not be completed. For example, if the entity does not use the modified approach for infrastructure assets, place an N/A by item C, “Modified Approach for Eligible Infrastructure Assets” in the section titled “Required Supplementary Information.”

I. General Reporting

A. Overview

1. Does the entity’s financial report consist of, at a minimum, a management’s discussion and analysis (MD&A), basic financial statements (including the notes thereto), and applicable required supplementary information (RSI) other than MD&A?

   Yes  No  N/A
2. Except for certain entities as discussed in Questions 3 through 5 below, do the entity's basic financial statements present both government-wide financial statements (GWFS) and fund financial statements? [GASB 34, par. 6 (GASB Cod. Sec. 2200.102)]

3. If the entity is a special-purpose government engaged in a single governmental program, has it chosen to combine the fund financial statements and the GWFS using a columnar format that reconciles individual line items of fund financial data to government-wide data in a separate column on the face of the financial statements rather than at the bottom of the statements or in an accompanying schedule? (Alternatively, a single-program government may present separate government-wide and fund financial statements and may present its government-wide statement of activities using a different format—for example, by presenting a single column that reports expenses first followed by revenues (by major sources), with the resulting net revenue (expense) followed by contributions to permanent and term endowments, special and extraordinary items, transfers, and beginning and ending net assets.) [GASB 34, pars. 136 and 137 (GASB Cod. Sec. Sp20.105 and .106)]

4. If the entity is a special-purpose government engaged only in business-type activities, does it present only the financial statements required for enterprise funds? (Note that entities that reported as of June 30, 1999, using SOP 78-10, Accounting Principles and Reporting Practices for Certain Nonprofit Organizations, or Industry Audit Guide Audits of Voluntary Health and Welfare Organizations, but that do not meet the criteria for reporting using enterprise funds may nevertheless choose to report as special-purpose governments engaged only in business-type activities.) [GASB 29, par. 5, as amended by GASB 34, par. 147 (GASB Cod. Sec. Sp20.111); GASB 34, par. 138 (GASB Cod. Sec. Sp20.107)]

5. If the entity is a special-purpose government engaged only in fiduciary activities, does it present only the financial statements required for fiduciary funds? [GASB 34, par. 139 (GASB Cod. Sec. SP20.108)]

6. Is each financial statement properly titled? [Generally Accepted]

7. Is each page of the basic financial statements referenced to the notes to the financial statements (and to the summary of significant accounting policies, if presented as a stand-alone summary)? [NCGAI 6, par. 8, as amended by GASB 34, par. 6 (GASB Cod. Sec. 2300.110)]

B. Comparative Financial Information

2. If changes occurred in the manner of or basis for presenting corresponding items for two or more periods, are appropriate explanations of the changes disclosed? [ARB 43, Ch. 2A, par. 3 (AC F43.103)]
3. If prior-period financial information is presented in a partial or summarized manner and does not include the minimum information required by GAAP, is the nature of the prior-period information described by the use of appropriate titles on the face of the financial statements and in a note to the financial statements?

[AAG-SLV, par. 2.51]  

C. Accounting Changes  

1. Is the implementation of any new GASB standard reported as provided in the transition section of the standard?  
[Generally Accepted]  

2. Are changes in accounting principles, addressed in APB 20, Accounting Changes, as amended, reported as restatements of beginning net assets/fund equity, not as a separately identified cumulative effect in the current-period statement of activities or proprietary fund statement of revenues, expenses, and changes in fund net assets?  

[GASB 34, fn. 13 (GASB Cod. Sec. 1600, fn. 3)]  

3. For an accounting change, does disclosure in the period of the change include:  
   a. Nature of the change?  
   b. Justification for the change and a clear explanation of why the newly adopted principle is preferable?  
   c. Amount of the change?

C. Statement of Activities

1. Does the statement present activities accounted for in governmental funds by function and activities accounted for in enterprise funds by different identifiable activities? (Hereinafter, this checklist uses the term function to refer to the minimum required level of detail for both governmental and business-type activities in the statement of activities.)
   [GASB 37, par. 10 (GASB Cod. Secs. 1800.123 and 2200.124)]

B. Nonexchange Transactions

**Practice Tip**

In a nonexchange transaction, a government (including the federal government, as a provider) either gives value (benefit) to another party without directly receiving equal value in exchange, or receives value (benefit) from another party without directly giving equal value in exchange. There are four classes of nonexchange transactions: derived tax revenues; imposed nonexchange revenues; government-mandated nonexchange transactions; and voluntary nonexchange transactions. Derived tax revenues result from assessments imposed by governments on exchange transactions. Examples include taxes on personal income, corporate income, and retail sales of goods and services. Imposed nonexchange revenues result from assessments by governments on nongovernmental entities, including individuals, other than assessments on exchange transactions. Examples include property (ad valorem) taxes; fines and penalties; and property forfeitures, such as seizures and escheats. Government-mandated nonexchange transactions occur when a government (including the federal government) at one level provides resources to a government at another level and requires that government to use them for a specific purpose or purposes established in the provider's enabling legislation. Examples include federal programs that state or local governments are mandated to perform, and state programs that local governments are mandated to perform. Voluntary nonexchange transactions result from legislative or contractual agreements, other than exchanges, entered into willingly by two or more parties. Examples include certain grants, certain entitlements, and donations by nongovernmental entities, including individuals (private donations).

   [GASB 24, par. 6 and fn. 5 (GASB Cod. Sec. F60.101 and fn. 3); GASB 34, par. 12 (GASB Cod. Sec. F60.102)]

C. Inventories

1. Are significant amounts of governmental fund inventories (for example, materials and supplies) reported in the balance sheet?

   [NCGA 1, par. 73 (GASB Cod. Sec. 1600.127)]

D. Capital Assets

Practice Tips

Capital assets includes land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Infrastructure assets are long-lived capital assets that normally are stationary in nature and that normally can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems. Buildings, except those that are an ancillary part of a network of infrastructure assets, should not be considered infrastructure assets.

   [GASB 34, par. 19 (GASB Cod. Sec. 1400.103)]

GASB 34 requires prospective reporting of general infrastructure assets in the statement of net assets beginning at the effective dates of the Statement. It also encourages retroactive reporting of all major general infrastructure assets at that date. Phase 1 governments should retroactively report all major general infrastructure assets for fiscal years beginning after June 15, 2005. Phase 2 governments should retroactively report all major general infrastructure assets for fiscal years beginning after June 15, 2006. Phase 3 governments are encouraged but are not required to report major general infrastructure assets retroactively. Major general infrastructure assets are (1) subsystems of general infrastructure assets for which the cost or estimated cost is expected to be at least 5 percent of the total cost of all general capital assets reported in the first fiscal year ending after June 15, 1999, or (2) networks of general infrastructure assets for which the costs or estimated cost is expected to be at least 10 percent of the total cost of all general capital assets reported in the first fiscal year ending after June 15, 1999.

   [GASB 34, pars. 148 and 156 (GASB Cod. Secs. 1400.125 and .133)]

1. Are capital assets of proprietary funds reported in both the government-wide and fund financial statements?

   [NCGA 1, pars. 32 and 34, as amended by GASB 34, pars. 6, 30, and 92 (GASB Cod. Sec. 1400.101); GASB 34, par. 92 (GASB Cod. Sec. 1400.115)]

2. Are capital assets of fiduciary funds (and similar component units) reported only in the statement of fiduciary net assets?

   [NCGA 1, pars. 32 and 34, as amended by GASB 34, pars. 6 and 108 (GASB Cod. Sec. 1400.101); GASB 34, par. 108 (GASB Cod. Sec. 1400.116)]

FSP §13,100.02
3. Are all other of the entity's capital assets (general capital assets) not reported as assets in governmental funds but reported in the government-wide statement of net assets? [NCGA 1, par. 32, as amended by GASB 34, pars. 6, 30, and 80 (GASB Cod. Sec. 1400.101); GASB 34, par. 80 (GASB Cod. Sec. 1400.114)]

4. Subject to the general rules for asset capitalization indicated above:
   a. For eligible infrastructure assets for which the entity uses the modified approach, are additions and improvements to those assets capitalized? (All other expenditures made for those assets should be expensed.) [GASB 34, par. 25 (GASB Cod. Sec. 1400.107)]
   b. Are works of art, historical treasures, and similar assets capitalized unless the collection meets all of the following—held for public exhibition, education, or research in furtherance of public service, rather than financial gain; protected, kept unencumbered, cared for, and preserved; subject to an organizational policy that requires the proceeds from sales of collection items to be used to acquire other items for collections; and not capitalized at June 30, 1999? [GASB 34, par. 27 and fn. 22 (GASB Cod. Sec. 1400.109 and fn. 8)]

5. In the government-wide statement of net assets:
   a. Are capital assets that are being or that have been depreciated reported net of accumulated depreciation? (Accumulated depreciation may be reported on the face of the statement or disclosed in the notes.)
   b. Are capital assets that are not being depreciated, such as land or infrastructure assets reported using the modified approach, reported in a separate line item if the entity has a significant amount of these assets? [GASB 34, par. 20 (GASB Cod. Sec. 1400.112)]

5 If debt service fund resources have been provided during the current year for payment of principal and interest due early in the following year, the expenditure and related liability may be recognized in the debt service fund. “Early in the following year” refers to a short time period—usually one to several days and not more than one month. Accumulations of financial resources that do not meet the criterion for recognition of an additional debt service fund liability and expenditure should be reported as part of fund balance.

a. The creditor has waived or subsequently lost the right to demand repayment for more than one year (or operating cycle, if longer) from the financial statement date.

b. For long-term obligations containing a grace period within which the debtor may cure the violation, it is probable that the violation will be cured within that period, thus preventing the obligation from becoming callable.

[SFAS 78, par. 5 (AC B05.109A)]

20. If an obligation as discussed in Question 19 above is classified as a long-term liability, are the circumstances disclosed?

[SFAS 78, par. 5 (AC B05.118)]

---

**Contingent Liabilities**

21. If fund liabilities for which the entity is contingently liable (for example, through a general obligation backing on enterprise fund debt) are in default—or where for other reasons it appears probable that they will not be paid on a timely basis from the resources of these funds and default is imminent—are the liabilities reported separately from other liabilities in the financial position statements and are all significant facts with respect to the situation disclosed?

VI. Note Disclosures

Practice Tips

The notes to the financial statements, which form an integral part of the basic financial statements, should communicate information essential for fair presentation of the basic financial statements that is not displayed on the face of the financial statements.

[GASB 34, par. 113 (GASB Cod. Sec. 2300.102)]

Disclosure in the notes to the financial statements is needed only when the information required to be disclosed is not displayed on the face of the financial statements.

[GASB 38, par. 5 (GASB Cod. Sec. 2300.103)]

A. Focus of Note Disclosures

1. Do the note disclosures:
   a. Distinguish between information pertaining to the primary government (including its blended component units) and that of its discretely presented component units?
      [GASB 14, par. 62 (GASB Cod. Secs. 2300.104 and 2600.121)]
   b. Focus on the primary government—specifically, its governmental activities, business-type activities, major funds individually, and nonmajor funds in the aggregate (including blended component units)?
      [GASB 14, par. 63, as amended by GASB 34, par. 113 (GASB Cod. Secs. 2300.102 and 2600.122)]
   c. Encompass individual discretely presented component units considering both (1) the unit's significance relative to the total discretely presented component units and (2) the nature and significance of the unit's relationship to the primary government?
      [GASB 14, par. 63 (GASB Cod. Secs. 2300.105 and 2600.122)]

B. Summary of Significant Accounting Policies

1. Is a summary of significant accounting policies (SSAP) included as a stand-alone summary or as the initial note to financial statements?
   [NCGAI 6, par. 8 (GASB Cod. Sec. 2300.110); APB 22, par. 15 (AC A10.108)]

2. Does the SSAP include:
   a. A description of the government-wide financial statements, noting that neither fiduciary funds nor component units that are fiduciary in nature are included?
      [GASB 34, par. 115 (GASB Cod. Sec. 2300.106a)]
   b. A description of component units, their relationships to the primary government, how they are reported, the criteria for including component units, how to obtain separate financial statements for individual component units, and the effect of component units with differing fiscal years?
      [GASB 14, par. 60 (GASB Cod. Secs. 2300.901 and 2600.119); GASB 14, par. 61 (GASB Cod. Secs. 2300.106a and 901 and 2600.120)]

If the primary government is presented in more than a single column in the basic financial statements, a description of the activities accounted for in each major fund, the internal service funds, and the fiduciary fund types? **Joint Ventures and Jointly Governed Organizations**

**Practice Tip**

These questions apply to an entity’s participation in a joint venture or jointly controlled organization as defined in GASB 14, par. 69 (GASB Cod. Sec. J50.102). If an organization has several participants, but one participating government appoints a voting majority of the organization’s governing body (and joint control is precluded because that participant has the power to make decisions unilaterally), the organization is either a component unit or a related organization of that participating government and should be reported in that participating government’s financial statements as such. However, the other (minority) participants should report their participation in the organization as indicated in Questions 7 through 12 below.

7. In proprietary funds that participate in joint ventures in which there is an equity interest:

   b. Are amounts reported in the statement of revenues, expenditures, and changes in fund balances limited to amounts received or receivable from or paid or payable to the joint venture and that satisfy the revenue or expenditure recognition criteria for governmental funds? [GASB 14, par. 74 (GASB Cod. Sec. J50.107)]

9. In the government-wide financial statements, are equity interests in joint ventures reported in the same manner as in proprietary funds? (See Question 7.) [GASB 34, par. 16 (GASB Cod. Sec. J50.108)]

   a. A description of the participating government’s ongoing financial interest (including its equity interest, if applicable) or ongoing financial responsibility?
   b. Enough information to allow the reader to evaluate whether the joint venture is accumulating significant financial resources or is experiencing fiscal stress that may cause an additional financial benefit or burden on the participating government in the future?

12. For joint building or finance authorities, if the capital assets are leased back to the participating government, does the government report its respective shares of the assets, liabilities, and operations of the joint venture by using capital lease accounting and disclosures rather than by reporting a participant’s equity interest (if any) in the joint authority or by making joint venture disclosures? [GASB 14, par. 76 (GASB Cod. Sec. J50.110)]

13. When a joint venture or jointly governed organization is included as a component unit in the majority participant’s financial reporting entity, does the joint venture or jointly governed organization report any equity interests of the minority participants as “reserved for minority interests”? [GASB 14, par. 78 (GASB Cod. Sec. J50.112)]

Undivided Interests

14. Does an entity that participates in an undivided interest (no entity or organization is created by the participants and two or more parties own property in which title is held individually to the extent of each party’s interest) report its assets, liabilities, expenditures/expenses, and revenues that are associated with the joint operation?
15. If a separate organization is created in which there is both an undivided interest in specific assets and liabilities and equity interests in the other net resources of the organization (a hybrid arrangement), does the participant report using the guidance for both undivided interests and joint ventures?

[GAWB 03-1, par. 7 (GAWB Cod. Sec. 2300.601)]

d. If the derivative is entered into with the intention of effectively making the entity's debt obligation carry a synthetic interest rate, the derivative's net cash flow and the debt service requirements of the associated debt?

H. Pension Plans

Practice Tips

The provisions of GASB 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, apply whether a defined benefit pension plan is a single-employer, agent multiple-employer, or cost-sharing multiple-employer plan, and regardless of how or when the plan’s pension benefits are financed.

[GASB 25, par. 13 (GASB Cod. Sec. Pe5.105)]

A separate checklist, Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans, addresses stand-alone financial reports for governmental pension plans.

When GASB 25 and GASB 27, Accounting for Pensions by State and Local Governmental Employers, require similar information about defined benefit and defined contribution pension plans in the employer’s notes to the financial statements and RSI, the employer should present the information in a manner that avoids unnecessary duplication.27

[GASB 27, fns. 15 and 19 (GASB Cod. Sec. P20, fns. 16 and 19)]

Defined Benefit Pension Plans—Sponsor and Employer Reporting

Practice Tips

A defined benefit pension plan provides retirement income and also may provide other types of postemployment benefits, including disability benefits, death benefits, life insurance, healthcare benefits, and other ancillary benefits. As used in GASB standards, the term pension benefits includes retirement income and all other types of benefits provided through a defined benefit pension plan, except postemployment healthcare benefits. For financial reporting purposes, postemployment healthcare benefits, including medical, dental, vision, and other health-related benefits, provided through a defined benefit pension plan, and the assets accumulated by the plan for the payment of postemployment healthcare benefits, are considered, in substance, a postemployment healthcare plan administered by but not part of the pension plan.28

[GASB 25, par. 12 (GASB Cod. Sec. Pe5.104)]

The provisions of GASB 25 apply whether (a) a defined benefit pension plan’s financial statements are included in a separate financial report issued by the plan or by the public employee retirement system that administers the plan (stand-alone plan financial report) or (b) the plan is included as a pension trust fund or fiduciary component unit in the fiduciary fund financial statements of the plan sponsor or employer.

[GASB 25, par. 13, as amended by GASB 34, par. 106 (GASB Cod. Sec. Pe5.105)]

The questions in the separate checklist for stand-alone plan financial reports, Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans, generally also can be applied when a plan is included as a pension trust fund or fiduciary component unit in the sponsor’s or employer’s financial statements. This section includes questions that address additional financial reporting and disclosure requirements when pension plans are included in a sponsor’s or employer’s financial statements.

If a defined benefit plan’s financial statements are presented in both an employer’s report and a publicly available GAAP financial report, and the employer discloses information about how to obtain the stand-alone plan financial report, the employer may limit its pension trust fund disclosures. Specifically, it need not include certain disclosures listed in Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans about classes of employees covered and the current membership, benefit provisions, contributions, and reserves.

[GASB 25, par. 32 (GASB Cod. Sec. Pe5.124)]

2. Is each plan considered a separate fund?  
   [GASB 25, pars. 15 and 17 (GASB Cod. Sec. Pe5.107 and .109)]

3. Are financial statements for individual defined benefit pension plans presented in the notes to the sponsor’s or employer’s financial statements if the plans have not issued separate, GAAP financial reports?  

4. If the plans have issued separate, GAAP financial reports, do the notes instead include information about how to obtain those separate reports?  
   [GASB 34, par. 106 (GASB Cod. Secs. 2200.172 and Pe5.109)]

**Defined Benefit Pension Plans—Sponsor and Employer Required Supplementary Information**

5. For each plan, are schedules of funding progress and employer contributions and notes to RSI as required by GASB 25, pars. 37, 38, and 40 (GASB Cod. Sec. Pe5.129, .130, and .132) included as RSI in the employer’s financial report unless (a) the required schedules are included with the plan’s financial statements in a publicly available, stand-alone plan financial report and (b) the employer discloses in its notes to the financial statements information about how to obtain the stand-alone plan financial report?  

6. For each single employer plan for which (a) the required schedules are included with the plan’s financial statements in a publicly available, stand-alone plan financial report and (b) the employer includes in its notes to the financial statements information about how to obtain the stand-alone plan financial report, is a schedule of funding progress and notes to RSI presented as required by GASB 25, pars. 37, 38, and 40 (GASB Cod. Sec. Pe5.129, .130, and .132) for the three most recent actuarial valuations?  
   [GASB 25, pars. 33 and 34 (GASB Cod. Sec. Pe5.125 and .126)]

8. Is each plan considered a separate fund?  
   [Generally Accepted]

9. Do the notes to the financial statements of the plan include the following disclosures when the financial statements are presented in a stand-alone report or solely in the financial report of an employer:  
   a. A plan description, including:  
      (1) Identification of the plan as a defined contribution plan and disclosure of the number of participating employers and other contributing entities?  

      (2) Classes of employees covered (for example, general employees, public safety employees) and the total current membership?
(3) Brief description of plan provisions and the authority under which they are established or may be amended?  

(4) Contribution requirements (for example, the contribution rates in dollars or as a percentage of salary) of the plan members, employers, and other contributing entities and the authority under which the requirements are established or may be amended?

b. A summary of significant accounting policies, including the basis of accounting, fair value of plan assets (unless plan assets are reported at fair value), and a brief description of how the fair value is determined?

c. Identification of concentrations in investments (other than those issued or guaranteed by the U.S. government or those in mutual funds) in any one organization that represent 5 percent or more of plan net assets***

10. When a plan's financial statements are presented in both an employer’s report and a publicly available stand-alone plan financial report that includes all disclosures indicated in Question 9 above, and the employer limits its plan disclosures to those in Questions 9a(1), 9b, and 9c above, has the employer disclosed information about how to obtain the stand-alone plan financial report?

[GASB 25, par. 41 (GASB Cod. Sec. Pe6.104); Q&A, item 5.79]

I. Pensions—Employer Reporting

Practice Tips

The pension plans to which employers contribute may be defined benefit or defined contribution plans. Defined benefit plans may be single-employer (sole), agent multiple-employer (agent), cost-sharing, or insured plans. Those types of plans are defined in GASB 27.

[GASB 27 (GASB Cod. Sec. P20)]

Some governments are legally responsible for contributions to pension plans that cover the employees of another entity. In those cases, the entity that is legally responsible for the contributions should comply with all applicable provisions of GASB 27 for recognition, measurement, display, note disclosures, and RSI. If the plan is a defined benefit pension plan and the entity with legal responsibility for contributions is the only contributing entity, the requirements of GASB 27 for sole employers apply, regardless of the number of entities whose employees are covered by the plan.

[GASB 27, par. 28 (GASB Cod. Sec. P20.125)]

GASB 25 requires that certain note disclosures for pension trust funds be included in the employer’s financial reports. When similar disclosures are made for the employer and the pension trust fund, the employer should present the disclosures in a manner that avoids unnecessary duplication.

[GASB 27, fns. 15 and 19 (GASB Cod. Sec. P20, fns. 16 and 19)]29

Assets and Liabilities

1. Are pension liabilities and assets to different plans not offset in the financial statements?

   [GASB 27, pars. 17, 19, and 25 (GASB Cod. Sec. P20.114, 116, and .121)]

*** GASB 40 supersedes GASB 25, par. 41c, to clarify that this disclosure requirement does not apply to investments in mutual funds, external investment pools, and other pooled investments. GASB 40 is effective for financial statements for periods beginning after June 15, 2004, with earlier application encouraged. See the further discussion and questions about GASB 40 in Appendix B.

Assets and Liabilities—Sole and Agent Defined Benefit Plans

For pensions relating to governmental funds, is a positive (negative) year-end balance in the net pension obligation (NPO) not reported in the governmental funds but as a general long-term liability (asset) only in the governmental activities column in the government-wide statement of net assets?

Disclosures—Defined Contribution Plans

8. Is the following information disclosed for each plan to which the employer is required to contribute:
   a. Name of the plan, identification of the public employee retirement system or other entity that administers the plan, and identification of the plan as a defined contribution plan?  
   b. Brief description of the plan provisions and the authority under which they are established or may be amended?  
   c. Contribution requirements (for example, the contribution rate in dollars or as a percentage of salary) of the plan members, employer, and other contributing entities and the authority under which the requirements are established or may be amended?  
   d. The contributions actually made by plan members and the employer?  

Required Supplementary Information

Practice Tips
Presentation of the schedule of funding progress as RSI is not required if the employer elects to disclose the required information for all three valuations in the notes to the financial statements. If a sole employer includes the plan in its financial statements and presents the RSI required for that plan by GASB 25, the following RSI for the employer is not also required. For agent employers, the following RSI should be presented only for the employer’s individual plan, even if the aggregate multiple-employer plan (all employers) is included in the employer’s report and the RSI required for the aggregate plan is presented. However, when similar RSI is required for the employer and the plan, the employer should present it in a manner that avoids unnecessary duplication.  

For RSI required for plans presented in an employer’s report, see the separate checklist, Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans, that addresses stand-alone plan financial reports.

1. Do sole and agent employers present as RSI the following for the most recent actuarial valuation and the two preceding valuations, unless the aggregate actuarial cost method was used:
   a. A schedule of funding progress, including
      (1) The actuarial valuation date?  
      (2) The actuarial value of plan assets?  
      (3) The actuarial accrued liability?  
      (4) The total unfunded actuarial liability or funding excess?  
      (5) The actuarial value of assets as a percentage of the actuarial accrued liability (funded ratio)?
Financial Statements and Notes Checklist

(6) The annual covered payroll?
(7) The ratio of the unfunded actuarial liability (or funding excess) to annual covered payroll?

b. Factors that significantly affect the identification of trends in the amounts reported, including, for example, changes in benefit provisions, the size or composition of the population covered by the plan, or the actuarial methods and assumptions used.

J. Postemployment Healthcare Plans Administered by Defined Benefit Pension Plans—Sponsor and Employer Reporting†††

Practice Tips

The provisions of GASB 26, Financial Reporting for Postemployment Healthcare Plans Administered by Defined Benefit Pension Plans, apply whether a postemployment healthcare plan is a single-employer, agent multiple-employer, or cost-sharing multiple-employer plan and regardless of whether it is funded on an actuarially determined basis or in some other manner. GASB 26 applies whether the defined benefit pension plan (a) issues a separate financial report or is included in the financial report of the public employee retirement system that administers the pension plan (stand-alone plan financial report) or (b) is included as a pension trust fund or fiduciary component unit in the statement of fiduciary net assets and statement of changes in fiduciary net assets of the plan sponsor or employer.

[GASB 26, par. 4, as amended by GASB 34, par. 106 (GASB Cod. Sec. Po50.102)]

A separate checklist, Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans, addresses stand-alone financial reports when defined benefit pension plans administer postemployment healthcare plans. The questions in that checklist also can be applied when such a plan is included as a pension trust fund or fiduciary component unit in the sponsor’s or employer’s financial statements. This section includes questions that address additional financial reporting and disclosure requirements when such plans are included in a sponsor’s or employer’s financial statements.

1. Are postemployment healthcare plans administered by defined-benefit pension plans reported in the entity’s financial statements as pension (and other employee benefit) trust funds?
   [GASB 26, par. 4, as amended by GASB 34, par. 106 (GASB Cod. Sec. Po50.102)]

2. Is each postemployment healthcare plan considered a separate pension (and other employee benefit) trust fund?
   [GASB 26, par. 7 (GASB Cod. Sec. Po50.105)]

3. Are the net assets in the combined statement of fiduciary net assets subdivided and reported as, respectively, net assets held in trust for employees’ pension benefits and net assets held in trust for employees’ postemployment healthcare benefits?

4. Is the net increase or decrease for the year in net assets similarly subdivided in the statement of changes in fiduciary net assets?

††† GASB 43, which supersedes GASB 26, establishes accounting and financial reporting standards for plans that provide postemployment benefits other than pension benefits (known as other postemployment benefits or OPEB). The provisions of GASB 43 are effective in three phases starting in periods beginning after December 15, 2005, based on the implementation phase of the employer (for single-employer plans) or of the largest participating employer in the plan (for multiple-employer plans) for purposes of applying GASB 43. See the further discussion and questions about GASB 43 in Appendix B.
5. Are the financial statements for individual postemployment health-care plans presented in the notes to the financial statements of the primary government if separate, GAAP financial reports have not been issued?  

6. If separate, GAAP financial reports have been issued, do the notes include information about how to obtain those reports?  

[GASB 26, fn. 4, as amended by GASB 34, par. 70 (GASB Cod. Sec. Po50, fn. 4); GASB 34, par. 106 (GASB Cod. Secs. 2200.712 and Po50, fn. 4)]

K. Postemployment Benefits Other Than Pensions—Employer Reporting

Practice Tips

Ordinarily, postemployment benefits other than pensions (OPEB) are postemployment benefits provided by an employer to plan participants, beneficiaries, and covered dependents through a plan or other arrangement that is separate from a plan to provide retirement income. However, GASB standards provide that OPEB also include postemployment healthcare benefits provided through a defined benefit pension plan. In addition to postemployment healthcare benefits (such as illness, dental, vision, and hearing), OPEB may include, for example, life insurance, disability income, tuition assistance, legal services, and other assistance programs. Except for postemployment healthcare (always OPEB), whether a particular type of benefits should be considered pension benefits or OPEB depends on how the benefits are provided. That is, if the postemployment benefits (other than postemployment healthcare) are provided through a defined benefit pension plan, those benefits are pension benefits rather than OPEB.31

[GASB 12, par. 3 (GASB Cod. Sec. P50.103)]

1. If the entity is a sole or agent employer that has elected to apply the measurement and recognition requirements of GASB 27 to postemployment healthcare benefits, has it:
   a. Provided the notes to the financial statements required by GASB 27 (see the subsection on pensions—employer reporting in this section of this checklist) instead of the note disclosures required by GASB 12 (as provided in Question 2 below)?
   b. Disclosed the healthcare inflation assumption?
   c. Disclosed all information provided on postemployment healthcare benefits separately from information on pension benefits?  

   [GASB 27, par. 24 (GASB Cod. Sec. P50.106)]

2. Except as addressed in Question 1 above, does the entity disclose, at a minimum, the following information, either separately for one or more types of benefits or in the aggregate for all OPEB provided:
   a. A description of the OPEB provided; employee groups covered; eligibility requirements; and the employer and participant obligations to contribute, quantified in some manner (such as the approximate percentage of the total obligation to contribute that is

31 For postemployment benefits that are not OPEB, see the separate subsection on pensions—employer reporting in this section of this checklist.
borne by the employer and the participants, respectively, or the dollar or percentage contribution rates?  

b. A description of the statutory, contractual, or other authority under which OPEB provisions and obligations to contribute are established?  

c. A description of the accounting and financing or funding policies followed (such as a statement that the employer’s contributions are financed on a pay-as-you-go basis or are advance-funded on an actuarially determined basis)?  

d. If OPEB are advance-funded on an actuarially determined basis:  

(1) The actuarial cost method and significant actuarial assumptions (including the interest rate and, if applicable, the projected salary increase and health inflation assumptions) used to determine funding requirements?  

(2) The method used to value plan assets?  

e. The following expenditure/expense information, depending on how OPEB are financed:  

(1) If OPEB are financed on a pay-as-you-go basis or if the employer sets aside assets for future OPEB payments but does not advance-fund OPEB on an actuarially determined basis:  

(a) The amount of OPEB expenditures/expenses recognized during the period by the employer (net of participant contributions)?  

(b) The number of participants currently eligible to receive benefits?  

(c) If expenditures/expenses for OPEB cannot readily be separated from expenditures/expenses for similar types of benefits provided to active employees and their dependents, and a reasonable approximation cannot be made, is it stated that OPEB expenditures/expenses cannot be reasonably estimated?  

(d) The amount of net assets available for future benefit payments?  

(2) If OPEB are advance-funded on an actuarially determined basis:  

(a) The number of active plan participants?  

(b) The employer’s actuarially required and actual contributions for the period (net of participant contributions)?  

(c) The amount of net assets available for future benefit payments?  

(d) The actuarial accrued liability and unfunded actuarial accrued liability for OPEB according to the actuarial cost method in use?  

f. A description (and the dollar effect, if measurable) of any significant matters that affect the comparability of these disclosures with those for the previous period (for example, a change in benefit provisions)?  

g. Any additional information that the employer believes will help users assess the nature and magnitude of the cost of the employer’s commitment to provide OPEB?  

[ GASB 12, par. 10 and fn. 4 (GASB Cod. Sec. P50.105 and fn. 4)]
L. Public Entity Risk Pools

Practice Tip
A public entity risk pool is a cooperative group of governmental entities joining together to finance an exposure, liability, or risk. A pool may be a stand-alone entity or part of a larger governmental entity that acts as the pool’s sponsor. If a government provides insurance or risk management coverage separate from its own risk management activities to individuals or organizations outside its reporting entity and there is material transfer or pooling of risk among the participants, it should report that activity as a public entity risk pool. A governmental entity that is a pool’s sponsor also may participate in the pool for its own risk management function. If a government provides risk transfer or pooling coverage combined with its own risk management activities to individuals or organizations outside its reporting entity, those activities should be reported as a public entity risk pool if the sponsoring government is not the predominant participant in the activity. [GASB 10, pars. 10, 11, and 76 (GASB Cod. Secs. Po20.109 and .110)]

Basic Financial Statements

1. Does the public entity risk pool account for its activities in an enterprise fund, regardless of whether there is a transfer or pooling of risk? [GASB 10, par. 18 (GASB Cod. Sec. Po20.115)]
   Yes No N/A

2. Do the pool’s financial statements apply all applicable GASB pronouncements as well as private-sector standards as provided in GASB 20, as amended? [GASB 20, pars. 6 and 7, as amended (GASB Cod. Sec. Po20.115)]
   Yes No N/A

3. Does the pool report include an MD&A; a statement of net assets; a statement of revenues, expenses, and changes in net assets; a statement of cash flows; notes to the financial statements; and RSI other than MD&A, as applicable? [GASB 34, par. 138 (GASB Cod. Sec. Po20.114)]
   Yes No N/A

4. If a portion of premiums is specifically identified as being collected for future catastrophe losses, is that amount separately identified as a reservation of pool equity if it is contractually restricted for that specific future use or if it is legally restricted for that specific use by an organization or individual outside the entity? [GASB 10, par. 21 (GASB Cod. Sec. Po20.118)]
   Yes No N/A

5. If the pool purchases annuity contracts in the claimant’s name to satisfy a claim liability, and the likelihood that the pool will be required to make future payments on the claim is remote, are the contracts not reported in, and the related liability removed from, the pool’s statement of net assets? [GASB 10, par. 26 (GASB Cod. Sec. Po20.123)]
   Yes No N/A

6. If no accrual is made for an insured event, or if an exposure to loss exists in excess of the accrual, is a loss contingency disclosed if there is at least a reasonable possibility that a loss or an additional loss may have been incurred?
   Yes No N/A
   a. Does the disclosure indicate the nature of the contingency and give an estimate of the possible loss or range of loss or state that such an estimate cannot be made?
      Yes No N/A

32 This question and the remaining questions in this subsection do not apply to a public entity risk pool that does not involve any transfer or pooling of risk among pool participants. In those situations, the pool is acting as a claims servicer, not as an insurer. Instead, the activity statement of this type of pool should report claims-servicing revenue and administrative costs. Amounts collected or due from pool participants, including capitalization contributions, and paid or to be paid to settle claims should be netted and reported as an asset or a liability, as appropriate. [GASB 10, par. 51, and GASB 4, par. 13 (GASB Cod. Sec. Po20.149)]
Financial Statements and Notes Checklist

10. Are premium deficiencies in excess of unamortized acquisition costs reported as a premium deficiency liability and as a premium deficiency expense?

13. Are estimated amounts recoverable from reinsurers that relate to the liabilities for unpaid claims and claim adjustment expenses deducted from those liabilities rather than reported as assets?

14. Are unearned premiums on contracts ceded to a reinsurer by a pool netted with related premiums paid to but not yet earned by the reinsurer?

15. Are receivables and payables from the same reinsurer, including amounts withheld, netted? [GASB 10, par. 37 (GASB Cod. Sec. Po20.134)]

16. Does the pool report a liability if it has agreed to service ceded insurance contracts without reasonable compensation? [GASB 10, par. 38 (GASB Cod. Sec. Po20.135)]

17. To the extent that a reinsurance or excess insurance contract does not, despite its form, provide for indemnification of the pool by the reinsurer against loss or liability, is the premium paid less the premium to be retained by the reinsurer reported as a deposit (or as a liability, if a net credit)? [GASB 10, par. 39 (GASB Cod. Sec. Po20.136)]

18. Does the pool report capitalization contributions to another public entity risk pool as provided for proprietary funds in GASB Cod. Sec. J50.113); GASB 4, par. 10 and fn. 9 (GASB Cod. Sec. Po20.137)]

Required Supplementary Information

Practice Tips

In separate pool financial reports, the following RSI should be presented immediately after the notes to the financial statements. Pools that are included as part of a governmental reporting entity and that do not issue separate financial reports also should present the following RSI after the notes to the reporting entity's financial statements. However, if such a reporting entity issues a comprehensive annual financial report (CAFR), the entity may present the RSI for the pool with the statistical information.

[GSB 30, par. 7 (GSB Cod. Sec. Po20.148 and fn. 10)]

If the ten years of information about claims liabilities and claim adjustment expenses is not available (see Question 23a below), all required information should be presented only for as many years as that information is available. If changes in a pool's loss, expense, reinsurance, excess insurance, or other transactions materially affect pool revenue, expenses, or liabilities in a manner not fairly disclosed or presented in the RSI tables, the pool should expand the information to show additional detail (such as separate information for each type of contract) to keep the schedules from being misleading or to keep trends from becoming obscured.

[GSB 30, par. 7 (GSB Cod. Sec. Po20.148)]

23. Is the following claims development information presented as RSI:

a. A table that presents:

(2) Amount of reported unallocated claim adjustment expenses and reported other costs for each of the past ten fiscal years including the latest fiscal year?

(3) Total gross amount of incurred claims and allocated claim adjustment expenses (both paid and accrued before the effect of loss assumed by excess insurers or reinsurers), loss assumed by excess insurers or reinsurers (both paid and accrued), and total net amount of incurred claims and allocated claim adjustment expenses (both paid and accrued)?

(4) The cumulative net amount paid as of the end of the accident year, report year, or policy year (as appropriate) and each succeeding year for each of the incurred claims and allocated expense amounts presented in Question (3) above?

(5) The reestimated amount for loss assumed by excess insurers or reinsurers as of the end of the current year for each of the
accident years, report years, or policy years (as appropriate) presented in Question (3) above?

(6) The reestimated amount for net incurred claims and claim adjustment expenses as of the end of each succeeding year for each of the accident years, report years, or policy years (as appropriate) presented in Question (3) above?

(7) The change in net incurred claims and claim adjustment expenses from the original estimate, based on the difference between the latest reestimated amount presented in Question (6) above for each of the accident years, report years, or policy years (as appropriate) and the original net incurred claims and claim adjustment amounts reported in Question (3) above?

b. A table that reconciles claims liabilities by type of contract, including an analysis of changes in liabilities for claims and claim adjustment expenses for the current fiscal year and the prior year, in the same tabular format required by Question 22? M. Risk Financing and Related Financing Issues—Entities Other Than Risk Pools

1. Are accrued liabilities for claims and judgments reported in the government-wide and proprietary and fiduciary fund financial statements, but only reported in the governmental fund financial statements to the extent the liabilities are “normally expected to be liquidated with expendable available financial resources”?

   [GASB 34, pars. 16, 82, 92, and 107 (GASB Cod. Sec. C50.120 and 124); GASB I 6, par. 14 (GASB Cod. Sec. C50.124)]

2. If a single fund is used in the fund financial statements to account for the entity’s risk financing activities, is that fund either the general fund or an internal service fund? [GASB 10, par. 63 (GASB Cod. Sec. C50.124)]

3. If the entity uses the general fund to account for its risk financing activities and allocates loss expenditures/expenses to the other funds of the entity:

   a. Are amounts charged to other funds from the general fund reported as interfund reimbursements (that is, as expenditures or expenses in the paying fund and as reductions of the expenditure or expense in the general fund)?

   b. If the total amounts charged to the other funds (including the general fund itself) exceed total expenditures and liabilities determined in accordance with Cod. Sec. C50.110–114, are the excess amounts reported as transfers? [GASB 10, par. 64, as amended by GASB 34, par. 112 (GASB Cod. Sec. C50.125)]

---

33 The practice tip in the subsection on public entity risk pools in this section of this checklist discusses how an entity that provides insurance or risk management coverage to individuals or organizations outside the governmental reporting entity should report that activity.

34 Stand-alone entities that engage only in business-type activities or fiduciary activities and that are not considered to be a part of another financial reporting entity should not use an internal service fund to report their own risk-financing activities. [GASB 10, fn. 12, as amended by GASB 14, par. 66 and GASB 34, pars. 138 and 139 (GASB Cod. Sec. 50, fn. 8)]
4. If the entity uses an internal service fund to account for its risk financing activities:
   a. Are charges made by the internal service fund to the other funds calculated in accordance with the provisions of GASB Cod. Sec. C50.127 reported as revenue by the internal service fund and as expenditures or expenses in the paying funds?
   b. Is the excess of charges greater than the amount resulting from the application of GASB Cod. Sec. C50.127 reported in both the internal service fund and the paying funds as a transfer?
   c. If the charge by the internal service fund to the other funds fails to recover the full cost of claims over a reasonable period of time, is any deficit fund balance in the internal service fund charged back to the other funds and reported as an expenditure or expense of those funds?
   d. Do the notes to the financial statements disclose a deficit net asset balance in the internal service fund?
   e. Are net assets in the internal service fund resulting from a charge by the internal service fund to the other funds for a reasonable provision for expected future catastrophe losses disclosed in the notes to the financial statements as equity designated for future catastrophe losses?

[GASB 10, pars. 67, as amended by GASB 34, par. 98 (GASB Cod. Sec. C50.128); GASB 10, par. 68, as amended by GASB 34, par. 112 (GASB Cod. Sec. C50.129)]

5. Are risk financing internal service fund asset and liability balances that are not eliminated in the statement of net assets reported in the governmental activities column unless enterprise funds are the predominant or only participants in the risk financing internal service fund?

[GASB 34, par. 62 (GASB Cod. Sec. C50.122)]

6. Are eliminations made in the government-wide statement of activities to remove the “doubling-up” effect of risk financing internal service fund activity?

[GASB 34, par. 59 (GASB Cod. Sec. C50.123)]

7. If no accrual is made for a loss contingency, or if an exposure to loss exists in excess of the accrual, is a loss contingency disclosed if there is at least a reasonable possibility that a loss or an additional loss may occur?
   a. Does the disclosure indicate the nature of the contingency and give an estimate of the possible loss or range of loss or state that such an estimate cannot be made?

[GASB 10, par. 58 (GASB Cod. Sec. C50.115)]

8. If the entity purchases an annuity contract in a claimant’s name to satisfy a claim liability and the likelihood that the entity will be required to make future payments on the claim is remote, is the annuity contract not reported in, and the related liability removed from, the entity’s government-wide and proprietary fund financial statements, as appropriate? (If it is later determined that the primary liability will revert back to the entity, the liability should be reinstated on the entity’s financial statements.)

   [GASBI 4, par. 4 (GASB Cod. Sec. C50.133)]
   d. If it is not probable that a capitalization contribution will be returned:
      (1) In governmental funds, is the entire amount of the contribution reported as an expenditure in the period of the contribution; or reported initially as prepaid insurance (an asset), and reported as expenditures over the periods for which the pool is expected to provide coverage and fund balance reserved to indicate that the amount is not appropriable for expenditure?
      (2) In the government-wide and proprietary fund financial statements, is the contribution reported initially as prepaid insurance (an asset), and reported as expenses over the periods for which the pool is expected to provide coverage?
   [GASBI 4, pars. 5–7 (GASB Cod. Sec. C50.134, .136, and .137); GASBI 4, par. 6, as amended by GASB 34, par. 6 (GASB Cod. Sec. C50.135)]

   [GASB 10, par. 71, and GASBI 4, par. 9 (GASB Cod. Sec. C50.138)]

Retrospectively Rated Insurance Policies

11. If the entity is insured under a retrospectively rated insurance policy whose ultimate premium or required contribution is based primarily on the entity’s loss experience, does it disclose in the notes to the financial statements a contingency if it cannot estimate losses from reported and unreported claims?
   [GASB 10, par. 73 (GASB Cod. Sec. C50.140)]

12. If the entity is insured under a retrospectively rated insurance policy with premiums or required contributions that are based primarily on the experience of a group of entities, does it disclose in the notes to the financial statements:
a. The fact that it is insured under a retrospectively rated insurance policy?

b. That premiums are accrued based on the ultimate cost of the experience to date of a group of entities?

c. A contingency if it cannot estimate losses from reported and unreported claims?

[ GASB 10, par. 74 (GASB Cod. Sec. C50.141) ]

Other Disclosures

(Annuity contracts used to settle claims for which the claimant has signed an agreement releasing the entity from further obligation and for which the likelihood that the pool will be required to make future payments on those claims is remote should not be included in this disclosure.)

   d. A reconciliation of changes in the aggregate liabilities for claims for the current fiscal year and the prior fiscal year, in the following tabular format:

### B. Budgetary Comparison Schedules

**Practice Tips**

In general, governments may elect to report the required budgetary comparison information in budgetary comparison statements as part of the basic financial statements, rather than as RSI. (Governments that present their budgetary comparison information based on the fund, organization, or program structure that it uses for its legally adopted budget are required to present the information as RSI and can not choose to present it in the basic financial statements.) If presented in the basic financial statements, the budgetary comparison statement and notes to the financial statements should include the same items of information indicated below for RSI.

[GASB 34, fn. 53, as amended by GASB 41, par. 3 (GASB Cod. Secs. 2200, fn. 35, and 2400, fn. 1); GASB 34, fn. 56 (GASB Cod. Secs. 2200, fn. 38, and 2400, fn. 5)]

Chapter 11 of the Audit and Accounting Guide *State and Local Governments* discusses the auditor’s responsibility for and procedures on budgetary comparison information, which may differ depending on whether the information is presented as RSI or as a basic financial statement.

---

1. Does the entity present budgetary comparison schedules for the general fund and for each major special revenue fund that has a legally adopted annual budget?  
   [GASB 34, par. 130 (GASB Cod. Secs. 2200.179 and 2400.102)]

   a. If the entity has significant budgetary perspective differences that result in its not being able to present budgetary comparisons for the general fund and each major special revenue fund, does it present budgetary comparison schedules for the activities reported in those funds based on the fund, organization, or program structure that the government uses for its legally adopted budget?  
   [GASB 41, par. 3 (GASB Cod. Secs. 2200.179 and fn. 36, and 2400.102 and fn. 2)]

   b. If a budget is not adopted for the general or a major special revenue fund because it is not legally required and, therefore, presentation of budgetary comparison information is not required, is that situation disclosed in the notes to RSI?  
   [AAG-SLV, pars. 11.16 and 14.55]

2. Does the budgetary comparison schedule present:
   a. The original appropriated budgets for the reporting period?  
   b. The final appropriated budgets for the reporting period?  
   c. Actual inflows, outflows, and balances, stated on the government’s budgetary basis?  
   [GASB 34, par. 130 (GASB Cod. Secs. 2200.179 and 2400.102)]

3. Is the budgetary comparison schedule presented either using the same format, terminology, and classifications as the budget document, or using the format, terminology, and classifications in a statement of revenues, expenditures, and changes in fund balances?  
   [GASB 34, par. 131 (GASB Cod. Secs. 2200.180 and 2400.103)]

4. Are individual fund budgetary comparisons presented at the legal level of budgetary control? (If the government presents budgetary comparisons at the legal level of control as supplementary information or in a separate budgetary report that is referred to from the notes to RSI, the presentation of required budgetary comparison information in

Appendix A: Applying Post-November 30, 1989 FASB and AICPA Pronouncements to Enterprise Funds and Business-Type Activities

GASB 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, as amended by GASB 34, Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments, provides guidance on the applicability of FASB pronouncements in government-wide and proprietary fund financial statements. It provides that those financial statements should apply FASB pronouncements issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements. GASB 20, paragraph 7, also provides that enterprise funds and the resulting reporting as business-type activities in the government-wide financial statements may elect to apply all FASB pronouncements issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements. The following chart lists FASB pronouncements issued after November 30, 1989, and, for those issued through December 2003, indicates their applicability to governments that apply paragraph 7 of GASB 20, as amended. This chart is adapted from the nonauthoritative chart that is available on the GASB Web site at www.gasb.org, which is periodically updated for new FASB pronouncements. Check the GASB Web site for updated information about the applicability of FASB pronouncements issued after December 2003 as well as for any changes to the following guidance.

They should not apply FASB Statements and Interpretations whose provisions are limited to not-for-profit organizations, such as SFAS 117 and SFAS 124, or address issues concerning primarily such organizations, such as SFAS 116.

**Applicability of AICPA Pronouncements under GASB 20, paragraph 7**

Paragraph 33 in the Basis for Conclusions of GASB 20 also provides that AICPA pronouncements issued after November 30, 1989, and not

<sup>41</sup> This Interpretation does not apply to reinsurance transactions of public entity risk pools, however, which are addressed in GASB 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues.

<sup>42</sup> See footnote 37.

<sup>43</sup> GASB and FASB Technical Bulletins are issued by the GASB and FASB staff. In the hierarchy of generally accepted accounting principles (GAAP), Technical Bulletins constitute level b GAAP guidance, after Statements and Interpretations. Technical Bulletins may be issued if a majority of the Board does not object to their issuance.
specifically made applicable to governmental entities should be applied using the same logic used in the application of FASB pronouncements. Many of the AICPA pronouncements issued after November 30, 1989, provide guidance on specialized industries. However, preparers should note these AICPA pronouncements in particular:

- Audit and Accounting Guide Depository and Lending Institutions: Banks and Savings Institutions, Credit Unions, Finance Companies and Mortgage Companies
- Statement of Position (SOP) 94-6, Disclosure of Certain Risks and Uncertainties
- SOP 96-1, Environmental Remediation Liabilities
- SOP 97-1, Accounting by Participating Mortgage Loan Borrowers
- SOP 97-3, Accounting by Insurance and Other Enterprises for Insurance-Related Assessments
- SOP 98-1, Accounting for Computer Software Developed or Obtained for Internal Use
- SOP 98-5, Reporting on the Costs of Start-Up Activities

The Audit and Accounting Guides Audits of Property and Liability Insurance Companies and Audits of Providers of Health Care Services, and SOP 98-2, Accounting for Costs of Activities of Not-for-Profit Organizations and State and Local Governmental Entities That Include Fund Raising, were cleared by the GASB and include governmental entities in their scope. For this reason, these Guides constitute level b guidance in the hierarchy of generally accepted accounting principles for all business-type activities regardless of the provisions of GASB 20.

Transition Provisions of FASB and AICPA Pronouncements

Governments should report all changes in accounting principles to apply FASB and AICPA pronouncements as restatements of beginning net assets, not as a separately identified cumulative effect in the current-period statement of revenues, expenses, and changes in fund net assets (or statement of activities, if provided). Footnote 13 of GASB 34 codifies this approach historically used in GASB Statements.

Appendix B: GASB 40, GASB 42, and GASB 43

GASB 40

The provisions of GASB 40, Deposit and Investment Risk Disclosures, are effective for financial statements for periods beginning after June 15, 2004, with earlier application encouraged. The disclosures in this appendix should be included in an entity’s notes to the financial statements if GASB 40 is early implemented. In addition, GASB 40 rescinds or supersedes certain disclosure requirements of GASB 3, Deposits With Financial Institutions, Investments (Including Repurchase Agreements), and Reverse Repurchase Agreements, GASB 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and GASB 28, Accounting and Financial Reporting for Securities Lending Transactions, as noted earlier in this checklist. Note that the disclosure requirements below are not included in the June 30, 2002, GASB Codification. Appendix D of GASB 40 provides instructions for codifying the pronouncement’s standards.

2. Are the disclosures required by GASB 40 made for the primary government, including its blended component units, with the risk disclosures also made for governmental and business-type activities, individual major funds, nonmajor funds in the aggregate, or fiduciary funds when the risk exposures are significantly greater than the deposit and investment risks of the primary government?  
   [GASB 40, par. 5]  
   Yes  No  N/A

4. Are the following disclosures made:
   
   a. The credit quality ratings of investments in debt securities (including investments in external investment pools, money market funds, bond mutual funds, and other pooled investments of fixed income securities) as described by rating agencies as of the financial statement date? (In general, obligations of the U.S. government and obligations explicitly guaranteed by the U.S. government do not require this disclosure. In addition, if a credit quality disclosure is required and the investment is unrated, the disclosure should indicate that fact.)  
      [GASB 40, par. 7]  
      Yes  No  N/A

   b. If the entity has deposits as of the financial statement date that are exposed to custodial credit risk as defined by GASB 40, par. 8, the amount of the bank balances, the fact those balances are uninsured, and the basis on which the balances are exposed to custodial credit risk?  
      [GASB 40, par. 8]  
      Yes  No  N/A

   c. If the entity has investment securities (including securities underlying repurchase agreements) as of the financial statement date that are exposed to custodial credit risk as defined by GASB 40, par. 9, the investments’ type, the reported amount, and how the securities are held? (Investments in external investment pools, investments in open-end mutual funds, and securities underlying reverse repurchase agreements do not require this disclosure.)  
      [GASB 40, par. 9]  
      Yes  No  N/A

   d. Custodial credit risk for collateral and underlying securities for securities lending transactions as provided by GASB 40, par. 10?

(Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments do not require this disclosure.)  
      [GASB 40, pars. 11–13]  
      Yes  No  N/A

   f. Information about the interest rate risk of debt investments using a disclosure method described in GASB 40, par. 15, with information about assumptions regarding cash flows, interest rate factors, and other factors that affect interest rate risk?  
      [GASB 40, pars. 14 and 15]  
      Yes  No  N/A
g. The terms of investments with fair values that are highly sensitive to changes in interest rates?
   [GASB 40, pars. 14 and 16]  

h. U.S. dollar balances of deposits and investments that are exposed to foreign currency risk, organized by currency denomination and, if applicable, investment type?
   [GASB 40, par. 17]  

**GASB 42**

The provisions of GASB 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, are effective for financial statements for periods beginning after December 15, 2004, with earlier application encouraged. The disclosures in this appendix should be included in an entity’s notes to the financial statements if GASB 42 is early implemented. Note that the disclosure requirements below are not included in the June 30, 2003, GASB *Codification*. Appendix F of GASB 42 provides instructions for codifying the pronouncement’s standards.

1. Are impairment losses (and accounting gains that result from insured impairments) reported in the statement of activities and statement of revenues, expenses, and changes in fund net assets, if appropriate, as a program or operating expense, special item, or extraordinary item, as appropriate?
   [GASB 42, par. 17 and fn. 6]  

2. Are impairment losses appropriately reported as program expense generally reported as a direct expense of the program that uses or used the impaired capital asset?  

3. If not otherwise apparent from the face of the financial statements, do the notes to the financial statements disclose a general description, the amount, and the financial statement classification of the impairment loss?
   [GASB 42, par. 17]  

4. Is the carrying amount of impaired capital assets that are idle at year-end disclosed, regardless of whether the impairment is considered permanent or temporary?
   [GASB 42, par. 20]  

5. In governmental fund financial statements, is the restoration or replacement of an impaired capital asset reported as a transaction separate from the associated insurance recovery?
   a. Is the insurance recovery reported as another financing source or extraordinary item, as appropriate?  

6. In governmental and business-type activities in government-wide financial statements and in proprietary fund financial statements, is the restoration or replacement of an impaired capital asset reported as a transaction separate from the impairment loss and associated insurance recovery?
   a. Is the impairment loss reported net of the associated insurance recovery when the recovery and loss occur in the same year?  
   b. Are insurance recoveries reported in subsequent years reported as a program revenue, nonoperating revenue, or extraordinary item, as appropriate?
   [GASB 42, par. 21]
7. Are insurance recoveries other than those related to impairment of capital assets, such as for theft or embezzlement of cash or other monetary assets, reported as described in Questions 5 and 6?  
[GASB 42, par. 22]

8. If not otherwise apparent in the financial statements, do the notes to the financial statements disclose the amount and financial statement classification of insurance recoveries?  
[GASB 42, par. 21]

**GASB 43**

GASB 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes accounting and financial reporting standards for plans that provide postemployment benefits other than pension benefits (known as other postemployment benefits or OPEB). GASB 43 defines OPEB as (a) postemployment healthcare benefits and (b) other types of postemployment benefits (for example, life insurance) if provided separately from a pension plan. The term *plans* refers to trust or other funds through which assets are accumulated to finance OPEB, and benefits are paid as they come due. GASB 43 applies if the OPEB plan is reported in the financial statements of a participating employer or plan sponsor or separately reported by a public employee retirement system (PERS) or other entity that administers the plan.  
[GASB 43, par. 1]

GASB 43 supersedes GASB 26, *Financial Reporting for Postemployment Healthcare Plans Administered by Defined Benefit Pension Plans*, and amends various other GAAP requirements relating to the financial reporting for OPEB plans. The provisions of GASB 43 are effective (1) in three phases based on the implementation phase for the employer (for single-employer plans) or for the largest participating employer in the plan (for multiple-employer plans) for purposes of applying GASB 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, and (2) one year prior to the effective date of the related GASB Statement, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, which the GASB is expected to issue in June 2004 as GASB 45. Specifically:

Early implementation of GASB 43 is encouraged. A future edition of the separate checklist, *Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans*, will address GASB 43 requirements for stand-alone financial reports for governmental OPEB plans. The questions in that checklist about GASB 43 generally also will be able to be applied when such plans are included in the sponsor’s or employer’s financial statements. This appendix includes questions that address additional financial reporting and disclosure requirements when such plans are included in a sponsor’s or employer’s financial statements.
If a defined benefit OPEB plan’s financial statements are presented in both an employer’s report and a publicly available stand-alone plan financial report that complies with the provisions of GASB 43, and the employer discloses information about how to obtain the stand-alone plan financial report, the employer may limit its OPEB trust fund disclosures. Specifically, it need not include certain disclosures that will be listed in Checklists and Illustrative Financial Statements for Governmental Employee Benefit Plans about classes of employees covered and the current membership, benefit provisions, contributions, reserves, funded status, and funding progress. [GASB 43, pars. 30 and 41]

The disclosures in this appendix should be included if an entity is required to or does implement GASB 43. Note that the disclosure requirements below are not included in the June 30, 2003, GASB Codification. Appendix F of GASB 43 provides instructions for codifying the pronouncement’s standards.

**Defined Benefit OPEB Plans—Sponsor and Employer Reporting**

1. Are defined benefit OPEB plans, including those that are fiduciary component units, included as employee benefit trust or agency funds in the entity’s financial statements? (Note that trust fund reporting is limited to plans that are administered as trusts or equivalent arrangements and in which (a) employer contributions to the plan are irrevocable, (b) plan assets are dedicated to providing benefits to their retirees and their beneficiaries in accordance with the terms of the plan, and (c) plan assets are legally protected from creditors of the employer(s) or the plan administrator.) [GASB 43, pars. 4, 8, 17, and 41]

2. Is each plan considered a separate fund?

3. Are the financial statements for individual plans presented in the notes to the sponsor’s or employer’s financial statements if the plans have not issued separate financial reports that include financial statements prepared in conformity with GAAP and, if applicable, required supplementary information (RSI)?

4. If the plans have issued separate financial reports that include financial statements prepared in conformity with GAAP and, if applicable, RSI, do the notes instead include information about how to obtain those separate reports? [GASB 43, par. 15]

**Required Supplementary Information—Sponsor and Employer Reporting**

5. For each plan that is administered as a trust or equivalent arrangement, are schedules of funding progress and employer contributions and notes to RSI as required by GASB 43, pars. 35–37, included as RSI in the employer’s financial report unless (a) the required schedules are included with the plan’s financial statements in a publicly available, stand-alone plan financial report and (b) the employer discloses in its notes to the financial statements information about how to obtain the stand-alone plan financial report?

6. For each single employer plan for which (a) the required schedules are included with the plan’s financial statements in a publicly available, stand-alone plan financial report and (b) the employer includes
in its notes to the financial statements information about how to obtain the stand-alone plan financial report, is a schedule of funding progress and notes to RSI presented as required by GASB 43, pars. 35 and 37, for the three most recent actuarial valuations? [GASB 43, par. 32]

**Defined Contribution OPEB Plans—Employer Reporting**

7. Are defined contribution OPEB plans included as employee benefit trust funds in the entity’s financial statements?  
[GASB 43, par. 42]

8. Is each plan considered a separate fund?  
[Generally Accepted]

9. Do the notes to the financial statements of the plan include the following disclosures when the financial statements are presented in a stand-alone report or solely in the financial report of an employer:
   a. A plan description, including:
      1. Identification of the plan as a defined contribution plan and disclosure of the number of participating employers and other contributing entities?  
         (1) Classes of employees covered (for example, general employees, public safety employees) and the total current membership?  
         (3) Brief description of plan provisions and the authority under which they are established or may be amended?  
         (4) Contribution requirements (for example, the contribution rates in dollars or as a percentage of salary) of the plan members, employers, and other contributing entities and the authority under which the requirements are established or may be amended?  
   b. A summary of significant accounting policies, including the basis of accounting, fair value of plan assets (unless plan assets are reported at fair value), and a brief description of how the fair value is determined?  
   c. Identification of concentrations in investments (other than those issued or guaranteed by the U.S. government or those in mutual funds) in any one organization that represent 5 percent or more of plan net assets?  

10. When a plan’s financial statements are presented in both an employer’s report and a publicly available stand-alone plan report that includes all disclosures indicated in Question 9 above, and the employer limits its plan disclosures to those in Questions 9a(1), 9b, and 9c above, has the employer disclosed information about how to obtain the stand-alone plan financial report?  
[GASB 25, par. 41 (GASB Cod. Sec. Pe6.104); GASB 43, par. 42; Q&A, item 5.79]

---

GASB 40 supersedes GASB 25, par. 41c, to clarify that this disclosure requirement does not apply to investments in mutual funds, external investment pools, and other pooled investments. GASB 40 is effective for financial statements for periods beginning after June 15, 2004, with earlier application encouraged. See the further discussion and questions about GASB 40 in this appendix.

Auditors’ Reports Checklist

.01 This checklist can be used by auditors in reporting on audits of financial statements in accordance with generally accepted auditing standards (GAAS). Illustrative auditor’s reports are in the Audit and Accounting Guide State and Local Governments. This checklist does not address:

- The requirements for reporting on audits of financial statements in accordance with Government Auditing Standards (also referred to as the Yellow Book), issued by the Comptroller General of the United States, or on audits performed under the Single Audit Act Amendments of 1996 in accordance with OMB Circular A-133 (See the checklist for reporting on those audits at FSP section 13,300.)
- Restricted-use reports (See SAS 87, Restricting the Use of an Auditor’s Report [AU 532].)
- Auditor’s reports on special-purpose regulatory presentations (See AAG-SLV, par. 14.68.)
- Auditor’s reports on summary financial information—popular reports (See AAG-SLV, pars. 14.69–14.76 and Appendix A (par. 14.79), Example A.16.)
- Auditor’s reports on financial statements prepared in conformity with a comprehensive basis of accounting other than generally accepted accounting principles (GAAP), known as OCBOA financial statements (See AAG-SLV, chapter 15, and the AICPA Practice Aid Applying OCBOA in State and Local Governmental Financial Statements (product no. 006614.).)

<td>The auditor’s report on governmental financial statements generally is based on opinion units. Normally, the opinion units in a government’s basic financial statements are (as applicable) the governmental activities; the business-type activities; the aggregate discretely presented component units; each major governmental and enterprise fund; and the aggregate remaining fund information (nonmajor governmental and enterprise funds, the internal service fund type, and the fiduciary fund types). In certain circumstances, auditors may choose to combine the two aggregate opinion units—the one for the aggregate discretely presented component units and the one for the aggregate remaining fund information—into a single opinion unit. The resulting combined unit is referred to as the aggregate discretely presented component unit and remaining fund information opinion unit. The AICPA’s fourth standard of reporting requires that the auditor’s report contain either an expression of opinion regarding the financial statements, taken as a whole, or an assertion to the effect that an opinion cannot be expressed. In reporting on a government’s basic financial statements, this fourth standard generally is applied by expressing opinions on the financial statements for each opinion unit required to be presented in those financial statements, or asserting that an opinion on one or more opinion units cannot be expressed. The auditor may express an unqualified opinion on the financial statements of one or more opinion units and modified opinions or disclaimers of opinion on one or more of the other opinion units. Further, the auditor’s evaluation of the results of audit procedures that would lead to an opinion modification on one opinion unit may or may not result in an opinion modification on another opinion unit.    b. Identify in the introductory paragraph each opinion unit covered by the report? [AAG-SLV, par. 14.13]

The Public Company Accounting Oversight Board (PCAOB) establishes standards for audits of “issuers,” as that term is defined by the Sarbanes-Oxley Act of 2002 (the Act) or whose audit is prescribed by the rules of the SEC. Other entities, including state and local governments, are referred to as “nonissuers.” Interpretation 17, “Clarification in the Audit Report of the Extent of Testing of Internal Control Over Financial Reporting in Accordance With Generally Accepted Auditing Standards,” of SAS 58, Reports on Audited Financial Statements, as amended (AU 9508.85–88), provides language that may be added to the auditor’s standard report on the financial statements of a nonissuer to clarify differences between a GAAS audit and an audit conducted in accordance with the standards of the PCAOB. Interpretation 18, “Reference to PCAOB Standards in an Audit Report on a Nonissuer,” of SAS 58, as amended (AU 9508.89–92), explains how the auditor should report if engaged to also follow PCAOB auditing standards in the audit of a nonissuer.

6. Does the auditor’s report include:

   a. The appropriate addressee? [SAS 58, par. 9 (AU 508.09)]

   b. A title that includes the word independent? [SAS 58, par. 8a (AU 508.08a)]

   c. A statement that the financial statements identified in the report were audited? [SAS 58, par. 8b (AU 508.08b)]

   d. A statement that the financial statements are the responsibility of management and that the auditor’s responsibility is to express opinion(s) on the financial statements based on his or her audit? [SAS 58, par. 8c (AU 508.08c); AAG-SLV, pars. 14.13 and 14.14]

   e. A statement that the audit was conducted in accordance with GAAS and an identification of the United States of America as the country of origin of those standards? [SAS 58, par. 8d, as amended (AU 508.08d)]

   f. A statement that those standards require that the auditor plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement? [SAS 58, par. 8e (AU 508.08e)]

   g. A statement that an audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation? [SAS 58, par. 8f (AU 508.08f)]

   h. A statement that the auditor believes that his or her audit provides a reasonable basis for his or her opinion(s)? [SAS 58, par. 8g (AU 508.08g); AAG-SLV, par. 14.14]

   i. 3 When the auditor performs an audit with another auditor on a subcontract, joint audit, or joint venture basis, considerations should be given to how the report is signed. See AAG-SLV, pars. 14.29–14.31.

4 If the auditor concludes that the entity’s disclosures with respect to its ability to continue as a going concern for a reasonable period of time are inadequate, this represents a departure from generally accepted accounting principles that may result in either a qualified or an adverse opinion. Reporting guidance for such situations is provided in AU 508. [SAS 59, par. 14 (AU 341.14)]

5 The auditor should express a qualified or an adverse opinion on the financial statements of the affected opinion unit(s) (a) if a newly adopted accounting principle is not a generally accepted accounting principle (GAAP), (b) the method of accounting for the effect of the change is not in conformity with GAAP, or (c) management has not provided reasonable justification for the change in accounting principle [SAS 58, pars. 50–57, as amended and as affected by AAG-SLV, par. 14.04 (AU 508.50–57)].

6 The standards for selecting major funds could result in different funds being reported as major each year. Such changes should not be considered a change in accounting principles affecting consistency, and thus no modification to the auditor’s report is needed. [AAG-SLV, par. 14.39]

7 The adoption of GASB 34 constitutes a change in accounting principles that, unless immaterial, will require the auditor’s report to include an explanatory paragraph regarding consistency. [AAG-SLV, par. 14.77]

**Practice Tip**
Scope limitations are restrictions on the scope of the audit, whether imposed by the client or by circumstances, such as the timing of the auditor's work, the inability to obtain sufficient competent evidential matter, or an inadequacy in the accounting records. Scope limitations include situations in which the auditor is unable to obtain sufficient evidential matter to support management's assertions about the nature of a matter involving an uncertainty and its presentation or disclosure in the financial statements. Scope limitations should be differentiated from situations in which the auditor concludes that the financial statements are materially misstated due to departures from GAAP. 11. If a qualified opinion is expressed because of a scope limitation:
   a. Are all of the substantive reasons for the qualification disclosed in one or more explanatory paragraphs preceding the opinion paragraph(s)?
      
   b. Is the situation described and referred to in both the scope and opinion paragraphs?
      
   c. Does the qualified opinion include the word except or exception in a phrase such as except for or with the exception of?
      
   d. Does the wording in the opinion paragraph indicate that the qualification pertains to the possible effects on the financial statements of the affected opinion unit(s) and not to the scope limitation itself? (That is, the qualification should indicate that the auditor is unable to reach a conclusion on one or more matters material to the financial statements of the affected opinion unit(s), rather than that the auditor’s procedures were restricted.)
      
[SAS 58, pars. 21, 25, and 26, as amended (AU 508.21, .25, and .26); AAG-SLV, par. 14.19 and Appendix A (par. 14.79), Example A.4]

12. If an opinion is disclaimer because of a scope limitation:
   a. Is the introductory paragraph modified to state that “we were engaged to audit” rather than “we have audited” the affected opinion unit(s) and to indicate, in the last sentence, the extent of the auditor’s responsibility to express opinions on the financial statements?
      
[SAS 58, fn. 21, as amended and as affected by AAG-SLV, par. 14.04 (AU 508, fn. 21)]

   b. Are all of the substantive reasons for the disclaimer stated in a separate paragraph(s)?
      
   c. Does the report state that the scope of the audit was not sufficient to warrant the expression of an opinion?
      
   d. Does the report avoid identifying procedures that were performed?
      
   e. Is the scope paragraph omitted if the disclaimer is on the financial statements taken as a whole? (See Question 16.)
      
   f. Does the report describe the auditor’s reservations about fair presentation in conformity with GAAP?
      
[SAS 58, pars. 62 and 63, as amended (AU 508.62 and .63); AAG-SLV, pars. 14.20, 14.21, and Appendix A (par. 14.79), Example A.4]

See also chapter 14 of AAG-SLV, especially par. 14.22, for descriptions of GAAP departures in governmental financial statements.

13. Is a qualified or an adverse opinion considered in the following circumstances:
   a. The financial statements contain a material departure from GAAP, including inadequate disclosure, inappropriate accounting principles, or unreasonable accounting estimates?

Practice Tip
Consult the AU Topical Index to the AICPA Professional Standards, under “Departures From Standard Report,” for additional references to specific auditor’s report modifications.

Financial Statements That Include Only Part of the Reporting Entity

19. Does the auditors’ report disclose that the entity is a component unit of a financial reporting entity, if applicable?

\textit{d. Consider the extent to which the financial statement presentation may be misleading to financial statement users who might misunderstand that the financial statements are meant to represent the overall government? (For example, if a government presents a complete set of fund financial statements, that results in a misleading presentation that should result in the auditor expressing an adverse opinion on the financial statements taken as a whole. See Question 16.)}

\[ \text{[AAG-SLV, pars. 14.63, 14.64, 14.66, and Appendix A (par. 14.79), Example A.14]} \]

21. Does the auditor’s report on GAAP-basis financial statements for governmental departments, agencies, or programs:\textsuperscript{13}

\begin{itemize}
\item[a.] Report on the audit based on the involved opinion units?
\item[b.] Include an explanatory paragraph after the scope paragraph indicating that the financial statements do not purport to, and do not, present the government’s financial position, changes in financial position, and, where applicable, cash flows?\textsuperscript{14}
\end{itemize}

\[ \text{[AAG-SLV, par. 14.67 and Appendix A (par. 14.79), Example A.15]} \]

\textbf{Practice Tip}

The Audit and Accounting Guide \textit{State and Local Governments}, includes flowcharts that summarize auditor procedures and reporting on RSI and SI.

22. If the auditor is so engaged, does the report render an opinion on whether either or both RSI and SI are fairly presented, in all material respects, in conformity with GAAP?\textsuperscript{15}

\[ \text{[SAS 8, par. 3 (AU 550.03); SAS 52, par. 2, as amended (AU 558.02); AAG-SLV, par. 14.51]} \]

\begin{itemize}
\item[a.] Is the reporting on the results of the audit based on the terms of the engagement?
\end{itemize}

\[ \text{[AAG-SLV, par. 14.51]} \]

23. For unaudited RSI:

\begin{itemize}
\item[a.] Does the report include an explanatory paragraph if:
\item[1] Applicable RSI is omitted?\textsuperscript{16}

\textit{\textsuperscript{14} See footnote 2.}

\textit{\textsuperscript{15} Unless the auditor is engaged to express an opinion whether RSI or SI is fairly presented in conformity with GAAP, this checklist refers to the information as unaudited, even though GAAS require the auditor to perform specific procedures and perhaps to report on the information.}

\textit{\textsuperscript{16} This includes situations in which all of the required budgetary comparison information is omitted or if only part of the required budgetary comparison information is presented as RSI. If, however, the government chooses to present required budgetary comparison information as a basic financial statement and presents only part of the required information, the omission constitutes a departure from GAAP in the basic financial statements that the auditor should consider in evaluating his or her opinions on the opinion units for which budgetary presentations are required but not made. b. If the RSI is presented in an auditor-submitted document, or if the auditor chooses to or is engaged to report on the RSI in a client-prepared document, does the report:

24. For unaudited SI:

a. If the SI is materially inconsistent with information appearing in the financial statements, has it been determined whether the financial statements, the auditor’s report, or both require revision?
[SAS 8, par. 4 (AU 550.04); SAS 58, par. 11h (AU 508.11h); AAG-SLV, par. 14.57]

b. If the SI is presented in an auditor-submitted document, or if the auditor chooses to or is engaged to report on the SI in a client-prepared document, does the report:

(1) State that the audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the entity’s basic financial statements?

(2) Specifically identify the SI?

(3) State that the SI is presented for purposes of additional analysis and is not a required part of the basic financial statements?

(4) Include either or both an opinion on whether the SI is fairly stated in all material respects in relation to the basic financial statements taken as a whole or a disclaimer of opinion?

(5) Consider the effect of any modifications in the report on the basic financial statements?
[SAS 8, par. 7, as amended (AU 550.07); SAS 29, pars. 6, 10, and 12–14 (AU 551.06, .10, and .12–14); AAG-SLV, pars. 14.58–14.60 and Appendix A (par. 14.79), Example A.1]

c. If the SI on which the report provides an “in relation to” opinion includes prior-year information and the basic financial statements for the prior year are not also presented in the financial report:

(1) And a continuing auditor subjected the prior-year SI to the auditing procedures applied in the audit of the basic financial statements in the prior year, does the report include:

(i) A statement that the prior-year basic financial statements are not included in the current-year presentation?

(ii) The date of the auditor’s report on the prior-year financial statements?

(iii) The types of opinions expressed on those prior-year financial statements?

(2) And a predecessor auditor audited the basic financial statements in the years for which the prior-year SI is presented, and that auditor subjected the prior-year SI to the auditing procedures applied in the audit of the basic financial statements in the prior year and expressed an “in relation to” opinion on that information, does the report include:

(i) Statements that the prior-year basic financial statements are not included in the current-year presentation and that those financial statements were audited by another auditor?

(ii) The date of the predecessor auditor’s report?
(iii) The types of opinions expressed on those prior-year financial statements and on the SI?
[AAG-SLV, par. 14.62]

25. If the auditor is relying on another auditor’s work on RSI or SI, is the report modified to refer to the work of the other auditor?
[AAG-SLV, par. 14.61 and Appendix A (par. 14.79), Example A.9]

Other Auditor Communications

26. Does the auditor follow the reporting requirements of SAS 60, paragraphs 9–19, when communicating internal control-related matters noted in an audit? (The auditor must communicate reportable conditions in internal control, preferably in writing, to the audit committee or to individuals with a level of authority and responsibility equivalent to an audit committee in organizations that do not have one. The auditor also may identify matters that, in his or her judgment, are not reportable conditions and choose to communicate such matters for the benefit of management and other recipients, as appropriate.)
[SAS 60, pars. 1–3 and 9–19, as amended (AU 325.01-.03 and .09-.19); AAG-SLV, par. 4.60]

27. Does the auditor follow the reporting requirements of SAS 61, as amended, when communicating specific matters related to the conduct of an audit to the entity’s audit committee or other formally designated group equivalent to an audit committee, such as a finance committee or a budget committee. (If there is no such committee, the auditor could consider making the required communication to the entity’s governing board.)
[SAS 61, pars. 1, 3 and 6–16, as amended (AU 380.01,.03, and .06-.16); AAG-SLV, par. 13.24]

28. If the auditor has determined that there is evidence that fraud may exist, has the auditor complied with the reporting requirements of SAS 99, paragraphs 79–82?
[SAS 99, pars. 79–82 (AU 316.79-.82)]

29. Has the auditor adequately informed the audit committee, or others with equivalent authority and responsibility, with respect to illegal acts that come to the auditor’s attention?
[SAS 54, par. 17 (AU 317.17)]

30. If during a GAAS audit of the financial statements the auditor becomes aware that the entity is subject to an audit requirement that may not be encompassed in the terms of the engagement, has the auditor communicated to management and the audit committee, or to others with equivalent authority and responsibility, that an audit in accordance with GAAS may not satisfy the relevant legal, regulatory, or contractual requirements?

   a. Does the auditor consider how the client’s actions in response to such communication relate to other aspects of the audit, including the potential effect on the financial statements and on the auditor’s report on those financial statements?
[SAS74, pars. 22 and 23 (AU 801.22 and .23); AAG-GSA, pars. 1.10 and 1.11]
FSP Section 13,300

Auditors’ Reports on Audits Performed in Accordance With Government Auditing Standards and Circular A-133 Checklist

.01 Government Auditing Standards (also referred to as the Yellow Book), issued by the Comptroller General of the United States of the U.S. Government Accountability Office (GAO), applies to the audits of governmental entities, programs, activities, and functions, and of governmental assistance administered by contractors, not-for-profit organizations (NPOs), and other nongovernmental entities, when required by statute or other mandates or when auditors hold themselves out as following those standards.¹ The Single Audit Act Amendments of 1996 (the Single Audit Act) and Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133), require a single or program-specific audit for entities that expend $500,000 or more of federal awards in a fiscal year. The Single Audit Act requires single audits and program-specific audits of federal awards to be performed in accordance with Government Auditing Standards. Similarly, Government Auditing Standards requires the use of its standards when auditing compliance with regulations relating to federal award expenditures and other governmental financial assistance in conjunction with or as a byproduct of a financial statement audit.

.02 This checklist has two parts: Part I is for auditor’s reports on financial statement audits performed in accordance with Government Auditing Standards. (This checklist does not address the performance auditing or attestation standards of Government Auditing Standards. It also does not address types of financial audits other than financial statement audits, except for Circular A-133 audits.) Part II contains the additional requirements for auditor’s reports on audits performed in accordance with the Single Audit Act and Circular A-133. For audits performed in accordance with Circular A-133, both Parts I and II of this checklist must be completed. Illustrative auditor’s reports on financial statement audits performed in accordance with Government Auditing Standards and illustrative auditor’s reports and an illustrative schedule of findings and questioned costs for Circular A-133 audits are in the AICPA Audit Guide Government Auditing Standards and Circular A-133 Audits.

.03 The OMB issues an annual Circular A-133 compliance supplement for conducting single audits. That supplement is available from the Government Printing Office by calling (202) 512-1800 and on the OMB’s

¹ The standards and requirements of the 2003 revision of Government Auditing Standards are effective for financial audits for periods ending on or after January 1, 2004, with early application permissible. For a checklist on audits in accordance with the 1994 revision of Government Auditing Standards, as amended, auditors should refer to the August 2003 edition of this checklist.

⁻ As discussed in paragraph 4.24 of the AICPA Audit Guide Government Auditing Standards and Circular A-133 Audits, paragraph 5.07 of Government Auditing Standards acknowledges that an auditee may need a financial statement audit for purposes other than to comply with a requirement calling for an audit in accordance with Government Auditing Standards. For example, the auditee may need a financial statement audit to issue bonds. In that case, Government Auditing Standards permits auditors to issue a separate report on the financial statements conforming only to the requirements of generally accepted auditing standards (GAAS). The AICPA Audit and Accounting Guide State and Local Governments, discusses auditor association with municipal securities filings and the use of Government Auditing Standards reports and references in the official statement. That Guide states that the official statement should not include the reports required by Government Auditing Standards and that Guide states that it generally is advisable for the official statements to use an auditor’s report on the financial statements that does not refer to the Government Auditing Standards audit or to those reports.

⁻ The June 27, 2003, revisions to Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133), raised the threshold for the applicability of the Single Audit Act Amendments of 1996 and Circular A-133 from $300,000 to $500,000 effective for audits of fiscal years ending after December 31, 2003. Early implementation is not permitted.
.04 As explained in chapter 14 of the AICPA Audit and Accounting Guide State and Local Governments, and the first Practice Tip in FSP section 13,200, the auditor generally expresses or disclaims an opinion on a government’s basic financial statements by providing an opinion or disclaimer of opinion on each opinion unit required to be presented in those financial statements. This checklist sometimes uses the singular terms opinion and disclaimer of opinion to encompass the multiple opinions and disclaimers of opinions that generally will be provided on a government’s financial statements.

.05 Checklist Questionnaire:

Part I—Reports on Audits Performed in Accordance With Government Auditing Standards

1. In a financial statement audit performed in accordance with Government Auditing Standards, has the auditor issued the following reports:
   a. A report on the entity’s financial statements that provides an opinion or disclaimer of opinion on the financial statements? [GAS, par. 5.03; AAG-GSA, pars. 4.03 and 4.21]  
   b. A report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Government Auditing Standards? [GAS, pars. 5.08 and 5.12; AAG-GSA, pars. 4.03, 4.07, and 4.25]

Report on the Financial Statements

2. In addition to the elements listed in the checklist for the auditor’s report on the financial statements at FSP section 13,200, does the auditor’s report on the financial statements contain:²
   a. A statement that the audit was conducted in accordance with the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States?³ [GAS, par. 5.05; AAG-GSA, pars. 4.04a, 4.21d, and 4.23]  
   b. A reference to the separate report on internal control over financial reporting and on compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters prepared in accordance with Government Auditing Standards,⁴ which includes:
      (1) A statement that the purpose of that report is to describe the scope of testing of internal control over financial reporting

² If an auditee prepares financial statements in conformity with comprehensive bases of accounting other than generally accepted accounting principles (GAAP), known as other comprehensive bases of accounting, or OCBOA, the auditor still is required to express or disclaim an opinion and should follow the reporting in SAS 62 (AU 623), as amended. [AAG-GSA, fn. 21 to par. 4.21h]

³ When personal, external, and organizational impairments to independence exist, a government auditor who cannot decline to perform the work because of a legislative requirement or for other reasons should report the impairment in the scope section of the auditor’s report. [GAS, par. 5.05; AAG-GSA, fn. 20 to par. 4.21d]

⁴ If the reporting on internal control over financial reporting and on compliance and other matters is included in the report on the financial statements, the reference to the separate report is not required. The Audit Guide Government Auditing Standards and Circular A-133 Audits, recommends separate reporting. [AAG-GSA, pars. 4.04b and 4.21b]
and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance?  

(2) A statement that the separate report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of the audit?  

[GAS, par. 5.08; AAG-GSA, pars. 4.04b and 4.21i]

3. If the auditor does not follow an applicable standard of Government Auditing Standards, does the scope section of the report disclose the standard that was not followed, the reasons therefore, and how not following the standard affected, or could have affected, the results of the audit?  

[GAS, par. 5.06; AAG-GSA, par. 4.23]

4. If a component unit or fund that is material to an opinion unit is not required to have an audit in accordance with Government Auditing Standards, has the scope paragraph of the report on the financial statements been modified to indicate the portion of the entity that was not audited in accordance with Government Auditing Standards? (If it is not evident from the financial statements to which opinion unit the component unit or fund relates, the auditor should consider identifying the opinion unit in addition to the name of the component unit or fund.)  

[AAG-GSA, pars. 4.37 and 4.38 and fn. 44 to par. 4.38]

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit Performed in Accordance With Government Auditing Standards

5. Does the auditor's report on internal control over financial reporting and on compliance and other matters conform to the standard report language illustrated in AAG-GSA?  

[AAG-GSA, Examples 4-3 and 4-4 in App. A (par. 4.44)]

6. Does the auditor's report on internal control over financial reporting and on compliance and other matters contain:

   a. A statement that the auditor has audited the financial statements of the auditee's opinion units and a reference to the auditor's report on the financial statements, including a description of any departure from the standard report (for example, a qualified opinion, a modification as to consistency because of a change in accounting principle, or a reference to the report of other auditors)?  

   [AAG-GSA, par. 4.26a and fns. 20 and 21 to Example 4-3 in App. A (par. 4.44)]

   b. A statement that the audit was conducted in accordance with GAAS (with an identification of the United States of America as the country of origin of those standards) and with the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States?  

   [AAG-GSA, pars. 4.25a, 4.26a, and 4.26b]

   c. A statement that in planning and performing the audit, the auditor considered the auditee's internal control over financial reporting

---

5 Paragraph 5.08 of Government Auditing Standards permits, but does not require, an opinion on internal control over financial reporting or on compliance if sufficient work was performed. This statement should be modified if the auditor is providing an opinion on internal control over financial reporting or on compliance. [AAG-GSA, fns. 6 and 7 to par. 4.04b, par. 4.21i]

6 See footnote 3. [GAS, par. 3.05; AAG-GSA, fn. 27 to par. 4.26b]
in order to determine the auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide an opinion on the internal control over financial reporting?

7 Paragraph 5.08 of Government Auditing Standards permits, but does not require, an opinion on internal control over financial reporting or on compliance if sufficient work was performed. This statement should be modified if the auditor is providing an opinion on internal control over financial reporting. [AAG-GSA, fn. 28 to par. 4.26c]

8 For an audit in accordance with Circular A-133, all findings, including those required to be reported under Government Auditing Standards, should be included in the schedule of findings and questioned costs. Therefore, for such audits, this report should refer to the schedule of findings and questioned costs. See the questions about that schedule in Part II of this checklist. [AAG-GSA, fn. 29 to par. 4.26f and par. 12.17]

9 In reporting reportable conditions, the auditor should identify those that are individually or in the aggregate material weaknesses. [GAS, par. 5.14; AAG-GSA, par. 4.08]

10 Paragraph 5.08 of Government Auditing Standards permits, but does not require, an opinion on internal control over financial reporting or on compliance if sufficient work was performed. This statement should be modified if the auditor is providing an opinion on compliance. [AAG-GSA, fn. 30 to par. 4.26f]

1. If applicable, a statement that additional matters were communicated to the auditee in a management letter? [AAG-GSA, pars. 4.26l and 4.35, fn. 26 to Example 4-3 in App. A (par. 4.44), and fn. 40 to Example 4-4 in App. A (par. 4.44)]

m. A separate paragraph at the end of the report stating that the report is intended solely for the information and use of the audit committee, management and specified legislative or regulatory bodies\textsuperscript{12} and is not intended to be and should not be used by anyone other than these specified parties?\textsuperscript{13}

n. The manual or printed signature of the auditor's firm?

o. The date of the auditor’s report? [AAG-GSA, par. 4.26]

7. Does the report carry the same date as the report on the financial statements? [AAG-GSA, par. 4.26o]

8. If a component unit or fund that is material to an opinion unit is not required to have an audit in accordance with Government Auditing Standards, has the scope paragraph of the report been modified to indicate the portion of the entity that was not audited in accordance with Government Auditing Standards? (If it is not evident from the financial statements to which opinion unit the component unit or fund relates, the auditor should consider identifying the opinion unit in addition to the name of the component unit or fund.) [AAG-GSA, pars. 4.37 and 4.39 and fn. 45 to par. 4.39]

9. If certain pertinent information is prohibited from general disclosure (as it may be by federal, state, or local laws or regulations), does the auditor’s report state the nature of the information omitted and the requirement that makes the omission necessary? [GAS, par. 5.31; AAG-GSA, par. 4.04e]

10. Does the language in the compliance and other matters section of the report refer to findings that do or may include fraud and abuse? (That language should appear in all reports, even if the report does not describe or refer to findings of fraud or abuse or even if the only findings of fraud or abuse are described in or referred to from the section on internal control over financial reporting.) [AAG-GSA, par. 4.29]

11. Are findings that relate to both internal control over financial reporting and to compliance reported in or referred to from both the section of the report concerning internal control over financial reporting and in the section of the report concerning compliance and other matters?

\textsuperscript{11} See footnote 8. [AAG-GSA, fn. 32 to par. 4.26k]

\textsuperscript{12} For an audit in accordance with Circular A-133, this reference should include federal award winning agencies and, if applicable, pass-through entities. [AAG-GSA, fn. 34 to par. 4.26m and par. 12.17]

\textsuperscript{13} This paragraph conforms to SAS 87, Restricting the Use of an Auditor's Report (AU 532). See SAS 87 for additional guidance on restricted-use reports. [AAG-GSA, fn. 35 to par. 4.26m]
(The reporting in one section of the report or schedule may be in summary form with a reference to a detailed reporting in the other section.)

[AAG-GSA, par. 4.28]

12. Are findings of fraud and abuse reported in or referred to from the compliance and other matters section of the report, unless the primary nature of the finding is a reportable condition in internal control? (Auditors should present or refer to findings of fraud and abuse that represent reportable conditions in internal control in the internal control section.)

[AAG-GSA, par. 4.29]

13. Do the reported findings include all identified deficiencies in internal control over financial reporting considered to be reportable conditions and all fraud and illegal acts (unless clearly inconsequential), and material violations of provisions of contracts or grant agreements and material abuse that has occurred or is likely to have occurred?14, 16

[GAS, par. 5.12; AAG-GSA, pars. 4.04c, 4.08, 4.15, 4.16, 4.27, and 12.33]

a. Does the auditor limit the public reporting of fraud, illegal acts, violations of provisions of contracts or grant agreements, or abuse to matters that would not compromise investigative or legal proceedings?

[GAS, par. 5.25; AAG-GSA, par. 4.20]

14. Does each finding include a reference number? (For example, findings identified and reported in the audit of fiscal year 20X1 would be assigned reference numbers 20X1-1, 20X1-2, and so forth.)

[AAG-GSA, par. 4.32]

15. Do the reported findings place the findings in proper perspective (or context) by describing the work performed that resulted in the finding? (The identified instances should be related to the population or the number of cases examined and be quantified in terms of dollar value, if appropriate.)

[GAS, pars. 5.14 and 5.18; AAG-GSA, par. 4.30]

a. When reporting instances of fraud, illegal acts, violations of provisions of contracts or grant agreements, or abuse, are the results projected? (If the results cannot be projected, conclusions in the findings should be limited to the items tested.)

[GAS, par. 5.18; AAG-GSA, par. 4.30]

16. To the extent possible, do the reported findings present criteria, condition, cause, effect, and recommendation?

[GAS, pars. 5.15 and 5.19; AAG-GSA, par. 4.31]

---

14 In an audit conducted in accordance with Circular A-133, the auditor should apply a financial statement materiality consideration in reporting in the Government Auditing Standards report fraud and illegal acts involving federal awards that are subject to Circular A-133 reporting. [AAG-GSA, pars. 4.15, 12.16, and 12.33]

15 Although Government Auditing Standards uses the term significant in its reporting standard for violations of provisions of contracts or grant agreements and abuse, footnote 47 to paragraph 4.18 of Government Auditing Standards states that it considers the terms material and significant to be synonymous. For consistency, the Audit Guide Government Auditing Standards and Circular A-133 Audits, and this checklist use the term material when discussing that standard. [AAG-GSA, fn. 8 to par. 4.04c]

16 Government Auditing Standards requires this reporting even if the auditor disclaims an opinion on the financial statements. Government Auditing Standards also provides reporting requirements for other findings of internal control deficiencies, fraud, illegal acts, violations of provisions of contracts or grants agreements, and abuse; see Questions 18 and 19.
17. Does the auditor’s report include the views of responsible officials concerning the findings, conclusions, and recommendations, as well as planned corrective actions?\(^{17,18}\)  
\[\text{Yes} \quad \text{No} \quad \text{N/A}\]  
\[\text{[GAS, par. 5.26; AAG-GSA, pars. 4.04d and 4.33]}\]  
\(a.\) If the auditee’s views oppose the report’s findings, conclusions, or recommendations, and are not, in the auditor’s opinion, valid—or if the planned corrective actions do not adequately address the auditor’s recommendations—does the report state reasons for disagreeing with the comments or planned corrective actions?  
\[\text{[GAS, par. 5.30; AAG-GSA, par. 4.33]}\]

**Other Reporting and Communication Considerations**

18. Does the management letter communicate the following unless clearly inconsequential—deficiencies in internal control that are not reportable conditions, immaterial violations of provisions of contracts or grant agreements, and immaterial abuse?\(^{19}\)  
\[\text{Yes} \quad \text{No} \quad \text{N/A}\]  
\[\text{[GAS, pars. 5.16 and 5.20; AAG-GSA, pars. 4.17 and 4.35]}\]  
\(a.\) Are the management letter discussions worded so that readers can distinguish those matters that are required to be included by GAAS or Government Auditing Standards from matters that are recommendations for improvements or information about “best practices”?  
\[\text{[AAG-GSA, par. 4.36]}\]

\(b.\) Does the management letter not include personal identification or other potentially sensitive matters?  
\[\text{[AAG-GSA, par. 4.42]}\]

19. Has the auditor used professional judgment to determine whether and how to communicate to auditee officials deficiencies in internal control, fraud, illegal acts, violations of provisions of contracts or grant agreements, and abuse that are clearly inconsequential?\(^{20}\)  
\[\text{Yes} \quad \text{No} \quad \text{N/A}\]  
\[\text{[GAS, pars. 5.16 and 5.20; AAG-GSA, par. 4.35]}\]

20. Has the auditor reported fraud, illegal acts, violations of provisions of contracts or grant agreements, and abuse directly to parties outside

---

\(^{17}\) In an audit in accordance with Circular A-133, the auditee is required to submit a corrective action plan. For those audits, depending on the status of the development of the corrective action plan at the time the auditor’s reports are released, the auditor may be able to refer to the corrective action plan to satisfy as the required presentation of the auditee’s views and planned corrective actions. See the questions about the reporting of auditee views and the corrective action plan in Part II of this checklist. [AAG-GSA, fn. 39 to par. 4.33]

\(^{18}\) The auditor is required to extend a reasonable effort to obtain and report auditee views and planned corrective actions. Government Auditing Standards does not require the auditor to delay or withhold the release of the report if the auditee does not provide the necessary information on a timely basis. If, however, the auditee does not provide the necessary information by the time the report is released, the report should indicate the status of the auditee’s response. [AAG-GSA, par. 4.34]

\(^{19}\) Generally, Government Auditing Standards requires the auditor to evaluate findings for the purpose of communication in the management letter based on their consequence to the financial statements or other financial data significant to the audit objectives. In an audit in accordance with Circular A-133, however, the auditor should evaluate findings involving federal awards for the purpose of that communication based only on their consequence to the financial statements. Further, the auditor should not communicate such findings in the management letter if they are otherwise reported as audit findings in accordance with Circular A-133. [AAG-GSA, fn. 40 to par. 4.35 and par. 12.25]

\(^{20}\) GAAS require that whenever the auditor has determined that there is evidence that fraud may exist, the auditor should bring that matter to the attention of an appropriate level of management, even if the matter might be considered inconsequential. [SAS 99, par. 79 (AU 316.79); AAG-GSA, par. 4.11 and fn. 42 to par. 4.35]
of the auditee in the situations required by Government Auditing Standards, even if the auditor has resigned or been dismissed from the audit? [GAS, pars. 5.21–5.25; AAG-GSA, pars. 4.18–4.20]

21. Has the auditor communicated the following information, preferably in a writing such as the engagement letter, to officials of the audited entity and to the individuals contracting for or requesting the audit during the planning stages of the audit:

a. The auditor’s responsibilities for testing and reporting on internal control over financial reporting and on compliance with laws, regulations, and provisions of contracts or grant agreements? 

b. The nature of any additional testing of internal control and compliance required by laws, regulations, and provisions of contracts or grant agreements or otherwise requested, and whether the auditor is planning on providing an opinion on internal control over financial reporting or on compliance with laws, regulations, and provisions of contracts or grant agreements?

c. A contrasting of the responsibilities in Questions a. and b. above with other audits of internal control and compliance?

d. Potential restrictions on the auditor’s reports? [GAS, pars. 4.06–4.11; AAG-GSA, pars. 2.18 and 2.19]

e. Additional relevant topics, such as the auditor’s fieldwork and reporting responsibilities for fraud and abuse? [AAG-GSA, par. 2.18]

22. If an audit is terminated before it is complete, is the reason for terminating the audit communicated to auditee management, the entity requesting the audit, and other appropriate officials, preferably in writing? [GAS, par. 4.09; AAG-GSA, par. 2.20]

23. If the auditor is:

a. A government auditor, does the auditor submit the auditor’s reports to the appropriate officials of the audited entity, appropriate officials of the organizations requiring or arranging for the audits (unless legal restrictions prevent it), and other officials who have legal oversight authority or who may be responsible for acting on audit findings and recommendations and to others authorized to receive such reports?

b. A nongovernment auditor, does the auditor clarify report distribution responsibilities with the party contracting for the audit and follow the agreements reached? [GAS, par. 5.34; AAG-GSA, par. 4.04f]

24. Unless the report is restricted by law or regulation, or contains privileged and confidential information, does the auditor clarify that copies are made available for public inspection? (That clarification should be made in the engagement letter and may also be made in correspondence that transmits the reports to the auditee and other recipients.) [GAS, par. 5.34; AAG-GSA, par. 4.04f and fn. 10]
Part II—Reports on Audits Performed in Accordance With
Circular A-133

1. In an audit performed in accordance with Circular A-133, has the
auditor issued the following reports in addition to those in Part I of
this checklist: 21

   a. A report on the supplementary schedule of expenditures of federal
      awards?

   b. A report on compliance with requirements applicable to each
      major program and on internal control over compliance in accord-
      ance with Circular A-133?

   c. A schedule of findings and questioned costs?
      [A-133, sec. 505; AAG-GSA, par. 12.07]

Report on the Supplementary Schedule of Expenditures of Federal
Awards

2. Is the report on the schedule (a) included in the auditor’s report on the
   financial statements, (b) included in the report on compliance with
   requirements applicable to each major program and on internal con-

   as a stand-alone report?
   [AAG-GSA, pars. 12.12, 12.15, 12.24, and 12.28]

3. If the report on the financial statements refers to the work of other
   auditors, has the auditor considered the need to refer to the major federal
   programs audited by other auditors in the report on the schedule?
   [AAG-GSA, par. 12.29]

4. If the report on the schedule is included in the auditor’s report on the
   financial statements or in the Circular A-133 report on compliance and
   on internal control over compliance, does it:

   a. Conform to the standard report language illustrated in AAG-
      GSA?
      [AAG-GSA, par. 12.13 and fn. 4 to Example 12-1 in App. A (par.
      12.54)]

   b. Identify the schedule of expenditures of federal awards as accompa-
      nying supplementary information by descriptive title or by page
      number of the document?

   c. Contain a statement that the audit was conducted for the purpose
      of forming opinions on the financial statements that collectively
      comprise the basic financial statements and that the schedule is
      presented for purposes of additional analysis and is not a required
      part of the financial statements?
      [AAG-GSA, par. 12.12 and fn. 4 to Example 12-1 in App. A (par.
      12.54)]

   d. Contain an opinion or a disclaimer of opinion as to whether the
      Schedule is fairly stated, in all material respects, in relation to the
      financial statements taken as a whole?
      [AAG-GSA, pars. 12.10 and 12.12 and fn. 4 to Example 12-1 in App.
      A (par. 12.54)]

21 Because of the requirements of Government Auditing Standards, the auditor also has other reporting and communication responsi-
    bilities in a Circular A-133 audit. See the questions in the section titled “Other Reporting and Communication Considerations” in Part
    I of this checklist.
e. Carry the same date as the report on the financial statements, even if that requires a dual date on the Circular A-133 report on compliance and on internal control over compliance? [AAG-GSA, pars. 12.26 and 12.28]  
[Yes] [No] [N/A]

f. Consider the effect of any modifications to the report on the basic financial statements? [AAG-GSA, fn. 8 to par. 12.13]  
[Yes] [No] [N/A]

5. If the report on the schedule is issued as a stand-alone report, is the guidance of SAS 58 (AU 508) followed in issuing that report?  
a. Does the report carry the same date as the Circular A-133 report on compliance and on internal control over compliance? [AAG-GSA, par. 12.28]  
[Yes] [No] [N/A]

Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With Circular A-133

[Yes] [No] [N/A]

7. Does the report contain the following elements:  
a. A statement that the auditor has audited the compliance of the auditee with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that are applicable to each of its major programs?  
[Yes] [No] [N/A]

b. A statement that the auditee’s major programs are identified in the summary of the auditor’s results section of the accompanying schedule of findings and questioned costs?  
[Yes] [No] [N/A]

c. A statement that compliance with the requirements of laws, regulations, contracts, and grants applicable to each of the auditee’s major federal programs is the responsibility of the auditee’s management, and that the auditor’s responsibility is to express an opinion on the auditee’s compliance based on the audit?  
[Yes] [No] [N/A]

d. A statement that the audit of compliance was conducted in accordance with GAAS (with an identification of the United States of America as the country of origin of those standards), the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and Circular A-133?  
[Yes] [No] [N/A]

e. A statement that those standards and Circular A-133 require that the auditor plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements that could have a direct and material effect on a major federal program occurred?  
[Yes] [No] [N/A]

f. A statement that an audit includes examining, on a test basis, evidence about the auditee’s compliance with those requirements and performing such other procedures as the auditor considered necessary in the circumstances?  
[Yes] [No] [N/A]

g. A statement that the auditor believes that the audit provides a reasonable basis for the auditor’s opinion?  
[Yes] [No] [N/A]
h. A statement that the audit does not provide a legal determination of the auditee’s compliance with those requirements?

i. If instances of noncompliance are noted that result in an opinion modification, a reference to a description in the accompanying schedule of findings and questioned costs, including:

(1) The reference number(s) of the finding(s)?

(3) A statement that compliance with such requirements is necessary, in the auditor’s opinion, for the auditee to comply with the requirements applicable to the program(s)?

j. An opinion on whether the auditee complied, in all material respects, with the types of compliance requirements that are applicable to each of its major federal programs?

k. If applicable, a statement that the results of the auditing procedures disclosed instances of noncompliance that are required to be reported in accordance with Circular A-133 and a reference to the schedule of findings and questioned costs in which they are described?

l. A statement that the auditee’s management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs?

m. A statement that in planning and performing the audit, the auditor considered the auditee’s internal control over compliance with requirements that could have a direct and material effect on a major federal program, to determine the auditing procedures for the purpose of expressing an opinion on compliance and to test and report on the internal control over compliance in accordance with Circular A-133?

n. If applicable, a statement that reportable conditions were noted and the definition of a reportable condition?

o. If applicable, a reference to a description of reportable conditions noted in the accompanying schedule of findings and questioned costs, including the reference number of the finding(s)?

p. If no reportable conditions are noted, a statement that the auditor’s consideration of the internal control over compliance would not necessarily disclose all matters in internal control that might be material weaknesses; if reportable conditions are noted, a statement that the auditor’s consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses?

q. The definition of a material weakness?

r. If applicable, a statement about whether the auditor believes any of the reportable conditions noted are material weaknesses and, if they are, a reference to a description of the material weaknesses in the schedule of findings and questioned costs, including the reference number of the finding(s)? (If there are no reportable conditions, Yes No N/A
a statement should be made that no material weaknesses were noted.)

[AAG-GSA, par. 12.19]

9. Have scope limitations on the auditor’s testing of the auditee’s compliance with laws, regulations, and the provisions of contracts or grant agreements been considered in the opinion on compliance with requirements applicable to each major program?

Program-Specific Audits

Practice Tip

When an auditee expends federal awards under only one federal program (excluding research and development) and the federal program’s laws, regulations, or grant agreements do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit. A program-specific audit may not be elected for research and development unless all federal awards expended were received from the same federal agency (or the same federal agency and the same pass-through entity) and that federal agency (or pass-through entity, in the case of a subrecipient) approves a program-specific audit in advance.  
[A-133, sec. 200; AAG-GSA, par. 13.02]

31. If a program-specific audit guide is available and current with regard to the program’s compliance requirements, has the auditor issued the reports required by the guide?  
[A-133, sec. 235(a); AAG-GSA, par. 13.04]

32. If a program-specific audit guide is not available or not current with regard to the program’s compliance requirements, has the auditor issued the following reports:  

a. A report on the federal program’s financial statements that provides an opinion or disclaimer of opinion on the financial statements?  

b. A report on compliance with requirements applicable to the federal program and on the internal control over compliance in accordance with the program-specific audit option under Circular A-133?

---

26 The data collection form and related instructions are available from the Federal Audit Clearinghouse’s (FAC’s) home page at http://harvester.census.gov/sac or by calling the FAC at (888) 222-9907. The form number is SF-SAC. The FAC prefers to receive the data collection via an online Internet Data Entry System (IDES). The Office of Management and Budget periodically revises the data collection form and its accompanying instructions. Auditors should exercise caution to make sure they use the version of the form and instructions that applies to the fiscal year audited. [AAG-GSA, par. 12.46 and fn. 27 to par. 12.46]

27 If the financial statement(s) of the program present only the activity of the federal program, the auditor is not required to issue a separate report to meet the reporting requirements of GAS. However, if the financial statement(s) of the federal program present more than the program’s activity the auditor should issue a separate GAS report and modify it so that it refers only to the financial statement(s) of the federal program. [AAG-GSA, par. 13.10]
