Dear Dr. Jim:

After a 2 week vacation my hands do not seem to go where I am looking on this typewriter, so will practice a bit on you and answer your letter. The fact that I ahve been gone explains why you have not received an answer. First, don't worry about the article. We will fill up the space with trivia and that will be no problem. In fact, as far as I can see by talking with Carl just a few minutes this AM this is the least of our worries. So - you concentrate on your paper and when you recover send us the next installment. Don't forget to send us a copy of your paper. I amy not be able to understand it, but would very much like to have a copy anyhow. I wish we could hear your talk, but guess that is sort of out of the question. When you go on vacation, especially to play with your grandson, you sort of get out of touch with the world, and I was very much shocked and sick at the developments at Birginingham. I just heard it on the news at noon. Gad, where will this all end. As I have said before being from up here I cannot quite grasp all of it and therefore do not try to judge, but seems there is going to have to be a break through.

Do hope you can get a bit of rest and get your mind rested after the 25th.

Sincerely,

Laurie

Good luck!
