.060 Reference to Other Auditors—Successor Auditor's Unqualified Report When Predecessor's Report That included an Explanatory Paragraph Is Not Presented

Independent Auditor's Report

Addressee:

We have audited the balance of ABC Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of ABC Company as of December 31, 20X1, were audited by other auditors whose report dated March 1, 20X2, on those statements included an explanatory paragraph that described the change in the Company's method of computing depreciation discussed in Note X to the financial statements.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the 20X2 financial statements referred to above present fairly, in all material respects, the financial position of ABC Company as of December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

.070 Reference to Other Auditors—Successor Auditor’s Report When Prior Year Financial Statements Have Been Restated Following Issuance of the Predecessor’s Report

Independent Auditor’s Report

Addressee:

We have audited the balance sheet of ABC Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of ABC Company as of December 31, 20X1, before the restatement described in Note X, were audited by other auditors whose report dated March 31, 20X2, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 20X2 financial statements referred to above present fairly, in all material respects, the financial position of ABC Company as of December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We also audited the adjustments described in Note X that were applied to restate the 20X1 financial statements. In our opinion, such adjustments are appropriate and have been properly applied.*

[Signature]

[Date]

[Source: SAS No. 58, paragraph 74, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.74).]

* This paragraph may be added to the report when the successor auditor is engaged to audit and applies sufficient procedures to satisfy himself as to the appropriateness of the restatement adjustment.

.080 Reference to Other Auditors—Prior Year Financial Statements Restated Following a Pooling of Interests*

Independent Auditor's Report

Addressee:

We have audited the accompanying consolidated balance sheet of XYZ Company as of December 31, 20X2, and the related consolidated statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of XYZ Company as of [at] December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We previously audited and reported upon the consolidated statements of income and cash flows of XYZ Company and subsidiaries for the year ended December 31, 20X1, prior to their restatement for the 20X2 pooling of interests. The contribution of XYZ Company and subsidiaries to revenues and net income represented _____ percent and _____ percent of the respective restated totals. Separate financial statements of the other companies included in the 20X1 restated consolidated statements of income and cash flows were audited and reported upon separately by other auditors. We also audited the combination of the accompanying consolidated statements of income and cash flows for the year ended December 31, 20X1, after restatement for the 20X2 pooling of interests; in our opinion, such consolidated statements have been properly combined on the basis described in Note A of notes to consolidated financial statements.

.090 Change in Accounting Principles or Method of Accounting**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20XX, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentations. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20XX, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note X to the financial statements, the Company changed its method of computing depreciation in 20XX.

.100 Going Concern—Uncertainty**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20XX, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20XX, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note X to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note X. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

[Signature]

[Date]

[Source: SAS No. 59, paragraph 13, as amended by SAS No. 77 and with conforming changes due to SAS No. 93 (AU section 341.13).]

Note: In a going-concern explanatory paragraph, the auditor should not use conditional language in expressing a conclusion concerning the existence of substantial doubt about the entity's ability to continue as a going concern.

.110 Liquidation Basis of Accounting—Single Year Financial Statements**Independent Auditor's Report**

Addressee:

We have audited the accompanying statement of net assets in liquidation of X Company as of December 31, 20X2, and the related statement of changes in net assets in liquidation for the period from April 26, 20X2 to December 31, 20X2. In addition, we have audited the statements of income, retained earnings, and cash flows for the period from January 1, 20X2 to April 25, 20X2. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note X to the financial statements, the stockholders of X Company approved a plan of liquidation on April 25, 20X2, and the company commenced liquidation shortly thereafter. As a result, the company has changed its basis of accounting for periods subsequent to April 25, 20X2 from the going-concern basis to a liquidation basis.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation of X Company as of December 31, 20X2, the changes in its net assets in liquidation for the period from April 26, 20X2 to December 31, 20X2, and the results of its operations and its cash flows for the period from January 1, 20X2 to April 25, 20X2, in conformity with accounting principles generally accepted in the United States of America applied on the bases described in the following paragraph.

.120 Liquidation Basis of Accounting—Comparative Financial Statements**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20X1, and the related statements of income, retained earnings, and cash flows for the year then ended, and the statements of income, retained earnings, and cash flows for the period from January 1, 20X2 to April 25, 20X2. In addition, we have audited the statement of net assets in liquidation as of December 31, 20X2, and the related statement of changes in net assets in liquidation for the period from April 26, 20X2 to December 31, 20X2. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note X to the financial statements, the stockholders of X Company approved a plan of liquidation on April 25, 20X2, and the company commenced liquidation shortly thereafter. As a result, the company has changed its basis of accounting for periods subsequent to April 25, 20X2 from the going-concern basis to a liquidation basis.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X1, and the results of its operations and its cash flows for the year then ended and for the period from January 1, 20X2 to April 25, 20X2, its net assets in liquidation, as of December 31, 20X2, and the changes in its net assets in liquidation for the period from April 26, 20X2 to December 31, 20X2, in conformity with accounting principles generally accepted in the United States of America applied on the bases described in the following paragraph.

.130 Comparative Financial Statements—Unqualified Opinion on the Current Year’s Financial Statements With Disclaimer of Opinion on the Prior Year’s Statements of Income, Retained Earnings, and Cash Flows

Independent Auditor’s Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as explained in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We did not observe the taking of the physical inventory as of December 31, 20X0, since that date was prior to our appointment as auditors for the Company, and we were unable to satisfy ourselves regarding inventory quantities by means of other auditing procedures. Inventory amounts as of December 31, 20X0, enter into the determination of net income and cash flows for the year ended December 31, 20X1.

Because of the matter discussed in the preceding paragraph, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the results of operations and cash flows for the year ended December 31, 20X1.

In our opinion, the balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the year ended December 31, 20X2, present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the year ended December 31, 20X2, in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 67, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.67).]

Note: This report assumes that the independent auditor has been able to satisfy himself as to the consistency of application of generally accepted accounting principles.

.140 Comparative Financial Statements—Subsequent Restatement of Prior-Period Financial Statements to Conform With Generally Accepted Accounting Principles

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our report dated March 1, 20X2, we expressed an opinion that the 20X1 financial statements did not fairly present financial position, results of operations, and cash flows in conformity with generally accepted accounting principles because of two departures from such principles: (1) the Company carried its property, plant, and equipment at appraisal values, and provided for depreciation on the basis of such values, and (2) the Company did not provide for deferred income taxes with respect to differences between income for financial reporting purposes and taxable income. As described in Note X, the Company has changed its method of accounting for these items and restated its 20X1 financial statements to conform with accounting principles generally accepted in the United States of America. Accordingly, our present opinion on the 20X1 financial statements, as presented herein, is different from that expressed in our previous report.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

.150 Comparative Financial Statements—Current Year's Statements Audited and Prior Year's Statements Reviewed

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The 20X1 financial statements were reviewed by us (other accountants) and our (their) report thereon, dated March 1, 20X2, stated we (they) were not aware of any material modifications that should be made to those statements for them to be in conformity with generally accepted accounting principles. However, a review is substantially less in scope than an audit and does not provide a basis for the expression of an opinion on the financial statements taken as a whole.

[Signature]

[Date]

[Source: SAS No. 26, paragraph 17 (AU section 504.17).]

Notes: When unaudited financial statements are presented in comparative form with audited financial statements, the unaudited financial statements should be clearly marked to indicate their status.

When the financial statements are those of a public entity, the separate paragraph should include a disclaimer of opinion or a description of a review. (A sample of a disclaimer of opinion is provided in AAM section 10,210.170.)

.160 Comparative Financial Statements—Current Year's Statements Audited and Prior Year's Statements Compiled

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The 20X1 financial statements were compiled by us (other accountants) and our (their) report thereon, dated March 1, 20X2, stated we (they) did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

[Signature]

[Date]

Note: When unaudited financial statements are presented in comparative form with audited financial statements, the unaudited financial statements should be clearly marked to indicate their status.

.170 Comparative Financial Statements—Current Year's Statements Audited and Disclaimer on Prior Year's Unaudited Statements**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The 20X1 financial statements were not audited by us and, accordingly, we do not express an opinion on them.

[Signature]

[Date]

Notes: The above report illustrates a disclaimer of opinion as described in SAS No. 26, paragraph 17 (AU section 504.17) when the financial statements are those of a public entity. For a nonpublic entity, see AAM section 10,210.150 and .160.

When unaudited financial statements are presented in comparative form with audited financial statements, the unaudited financial statements should be clearly marked to indicate their status.

.180 U.S.-Style Report Modified to Report on Financial Statements Prepared in Conformity With Accounting Principles Generally Accepted in Another Country That Are Intended for Use Only Outside the United States

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheet of International Company as of December 31, 20XX, and the related statements of income, retained earnings, and cash flows for the year then ended which, as described in Note X, have been prepared on the basis of accounting principles accepted in *[name of country]*. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (and in *[name of country]*). U.S. standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of International Company as of December 31, 20XX, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in *[name of country]*.

[Signature]

[Date]

Note: The above illustrates a report as described in SAS No. 51, paragraph 10, as amended and with conforming changes due to SAS No. 93 (AU section 534.10).

.190 Report on Financial Statements Prepared in Conformity With the Accounting Principles Generally Accepted in Another Country That Will Have More Than Limited Distribution in the United States

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheet of International Company as of December 31, 20XX, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note X to the financial statements, the Company has recorded fixed assets in excess of historical cost using appraised value as the basis for adjustment in accordance with accounting principles generally accepted in *[name of country]*. If the fixed assets had been recorded at historical cost, fixed assets and retained earnings would be decreased by \$XXX,XXX and \$XXX,XXX respectively, as of December 31, 20XX, and net income and earnings per share would be increased by \$X,XXX and \$X.XX respectively for the year then ended.

In our opinion, except for the effects of recording the fixed assets in excess of historical costs, discussed in the preceding paragraph, the financial statements present fairly, in all material respects, the financial position of International Company as of December 31, 20XX, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

(Optional Paragraph)

In our opinion, the financial statements referred to above present fairly the financial position of the International Company at December 31, 20XX, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in *[name of country]*.

[Signature]

[Date]

Note: The above illustrates a report as described in SAS No. 51, paragraphs 14 and 15, as amended and with conforming changes due to SAS No. 93 (AU section 534.14 and .15). This report does not apply to reports on financial statements of U.S. subsidiaries of foreign registrants presented in SEC filings of foreign parent companies where the subsidiaries' financial statements have been prepared on the basis of accounting used by the parent company.

.200 Correction of an Error, Not Involving an Accounting Principle**Independent Auditor's Report**

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note X to the financial statements, certain errors resulting in an understatement of previously reported expenses for the years ended December 31, 20X1 and 20X0 were discovered by the Company's management during the current year. Accordingly, the 20X1 financial statements have been restated and an adjustment has been made to retained earnings as of January 1, 20X1 to correct the errors.

Note: This report would be used when the issuance of financial statements accompanied by the auditor's report for a subsequent period is imminent so that disclosure is not delayed (SAS No. 1, section 561, paragraph .06b [AU section 561.06b]).

.210 Subsequent Event Prior to Issuance of Auditor's Report**Independent Auditor's Report**

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note X to the financial statements, on March 1, 20X3, the Company entered into an agreement to sell Subsidiary A. This Subsidiary represents X% of the Company's total assets and X% of its revenues.

.220 Reissued Report Due to Subsequent Discovery of Facts Existing at the Date of the Auditor's Report

Independent Auditor's Report

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 10 to the financial statements, the Company's 20X2 [*specify account corrected*] previously reported as \$XX,XXX should have been \$X,XXX. This discovery was made subsequent to the issuance of the financial statements. The financial statements have been restated to reflect this correction.

AAM Section 10,220

Adverse Opinions

.01 Departures from GAAP

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note X to the financial statements, the Company carries its property plant, and equipment accounts at appraisal values, and provides depreciation on the basis of such values. Further, the Company does not provide for income taxes with respect to differences between financial income and taxable income arising because of the use, for income tax purposes, of the installment method of reporting gross profit from certain types of sales. Accounting principles generally accepted in the United States of America require that property, plant and equipment be stated at an amount not in excess of cost, reduced by depreciation based on such amount, and that deferred income taxes be provided.

Because of the departures from accounting principles generally accepted in the United States of America identified above, as of December 31, 20X2 and 20X1, inventories have been increased \$_____ and \$_____ by inclusion in manufacturing overhead of depreciation in excess of that based on cost; property, plant, and equipment, less accumulated depreciation, is carried at \$_____ and \$_____ in excess of an amount based on the cost to the Company; and deferred income taxes of \$_____ and \$_____ have not been recorded, resulting in an increase of \$_____ and \$_____ in retained earnings and appraisal surplus of \$_____ and \$_____, respectively. For the years ended December 31, 20X2 and 20X1, cost of goods sold has been increased \$_____ and \$_____, respectively, because of the effects of the depreciation accounting referred to above and deferred income taxes of \$_____ and \$_____ have not been provided, resulting in an increase in net income of \$_____ and \$_____, respectively.

In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of X Company as of December 31, 20X2 and 20X1, or the results of its operations or its cash flows for the years then ended.

AAM Section 10,230

Disclaimers of Opinion

.01 Beginning Inventory Not Observed (First Examination)

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.*

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Because we were not engaged as auditors until after December 31, 20X1, we were not present to observe the physical inventory taken at that date and we were not able to apply other auditing procedures to satisfy ourselves as to inventory quantities. Accordingly, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the accompanying statements of income, retained earnings and cash flows for the year ended December 31, 20X2.

In our opinion, the balance sheet referred to above presents fairly, in all material respects, the financial position of X Company as of December 31, 20X2, in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 26, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.26).]

* Although the introductory paragraph of the standard disclaimer of opinion begins with "We were engaged to audit ..." and the scope paragraph of the report is omitted, SAS No. 58, paragraph 67, as amended by SAS No. 79 (AU section 508.67), shows that the introductory paragraph does not need to be modified nor does the scope paragraph need to be omitted when the disclaimed financial statements are with audited financial statements.

.02 Inability to Obtain Sufficient Competent Evidential Matter Due to a Scope Limitation**Independent Auditor's Report**

Addressee:

We were engaged to audit the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management.

The Company did not make a count of its physical inventory in 20X2 or 20X1, stated in the accompanying financial statements at \$_____ as of December 31, 20X2, and at \$_____ as of December 31, 20X1. Further, evidence supporting the cost of property and equipment acquired prior to December 31, 20X1, is no longer available. The Company's records do not permit the application of other auditing procedures to inventories or property and equipment.

Since the Company did not take physical inventories and we were not able to apply other auditing procedures to satisfy ourselves as to inventory quantities and the cost of property and equipment, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these financial statements.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 63, as amended by SAS No. 79 (AU section 508.63).]

.03 Scope Limitation—Inventory and GAAP Departure—Capitalized Lease Obligations**Independent Auditor's Report**

Addressee:

We were engaged to audit the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management.

The Company has excluded, from property and debt in the accompanying balance sheets, certain lease obligations that, in our opinion, should be capitalized in order to conform with accounting principles generally accepted in the United States of America. If these lease obligations were capitalized, property would be increased by \$_____ and \$_____, long-term debt by \$_____ and \$_____, and retained earnings by \$_____ and \$_____ as of December 31, 20X2 and 20X1, respectively. Additionally, net income would be increased (decreased) by \$_____ and \$_____ and earnings per share would be increased (decreased) by \$_____ and \$_____, respectively, for the years then ended.

The Company did not make a count of its physical inventory in 20X2 or 20X1, stated in the accompanying financial statements at \$_____ as of December 31, 20X2, and at \$_____ as of December 31, 20X1. Further, evidence supporting the cost of property and equipment acquired prior to December 31, 20X1, is no longer available. The Company's records do not permit the application of other auditing procedures to inventories or property and equipment.

Since the Company did not take physical inventories and we were not able to apply other auditing procedures to satisfy ourselves as to inventory quantities and the cost of property and equipment, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these financial statements.

Note: This report would be used if the GAAP departure is not so material to require an adverse opinion. See AAM section 10,220.01 for an example of an adverse opinion.

[The next page is 10,371.]

AAM Section 10,240

Qualified Opinions

.010 Scope Limitation—Investment in Foreign Affiliate (Assuming Effects Are Such That Qualification Rather Than Disclaimer is Appropriate)

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We were unable to obtain audited financial statements supporting the Company's investment in a foreign affiliate stated at \$_____ and \$_____ at December 31, 20X2 and 20X1, respectively, or its equity in earnings of that affiliate of \$_____ and \$_____, which is included in net income for the years then ended as described in Note X to the financial statements; nor were we able to satisfy ourselves as to the carrying value of the investment in the foreign affiliate or the equity in its earnings by other auditing procedures.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding the foreign affiliate investment and earnings, the financial statements referred to in the first paragraph above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

.020 Departure from GAAP—Leases Not Capitalized**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The Company has excluded, from property and debt in the accompanying balance sheets, certain lease obligations that, in our opinion, should be capitalized in order to conform with accounting principles generally accepted in the United States of America. If these lease obligations were capitalized, property would be increased by \$_____ and \$_____, long-term debt by \$_____ and \$_____, and retained earnings by \$_____ and \$_____ as of December 31, 20X2 and 20X1, respectively. Additionally, net income would be increased (decreased) by \$_____ and \$_____ and earnings per share would be increased (decreased) by \$_____ and \$_____, respectively, for the years then ended.

In our opinion, except for the effects of not capitalizing certain lease obligations as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

.030 Departure from GAAP—Leases Not Capitalized—Pertinent Facts Disclosed in Note**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As more fully described in Note X to the financial statements, the Company has excluded certain lease obligations from property and debt in the accompanying balance sheets. In our opinion, accounting principles generally accepted in the United States of America require that such obligations be included in the balance sheets.

In our opinion, except for the effects of not capitalizing certain lease obligations as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

.040 Inadequate Disclosure—Omission of Disclosures**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheet of X Company as of December 31, 20XX, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Company's financial statements do not disclose [*describe the nature of the omitted disclosures*]. In our opinion, disclosure of this information is required by accounting principles generally accepted in the United States of America.

In our opinion, except for the omission of the information discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20XX, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 42, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.42).]

Note: This report assumes the effects are such that the auditor has concluded an adverse opinion is not appropriate.

.050 Inadequate Disclosure—Omission of Statement of Cash Flows**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income and retained earnings for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The Company declined to present a statement of cash flows for the years ended December 31, 20X2 and 20X1. Presentation of such statement summarizing the Company's operating, investing, and financing activities is required by accounting principles generally accepted in the United States of America.

In our opinion, except that the omission of a statement of cash flows results in an incomplete presentation as explained in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations for the years then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 44, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.44).]

.060 Change in Accounting Principle Without Reasonable Justification**Independent Auditor's Report**

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As disclosed in Note X to the financial statements, the Company adopted, in 20X2, the first-in, first-out method of accounting for its inventories, whereas it previously used the last-in, first-out method. Although use of the first-in, first-out method is in conformity with accounting principles generally accepted in the United States of America, in our opinion the Company has not provided reasonable justification for making this change as required by those principles.

In our opinion, except for the change in accounting principle discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 52, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.52).]

Note: If the change was from an accounting principle that is not generally accepted to one that is generally accepted it would be a correction of an error and would require recognition in the auditor's report as to consistency. However, because the middle paragraph contains all of the information required in an explanatory paragraph (following the opinion paragraph) as required by SAS No. 58, paragraphs 16–18, as amended by SAS No. 79 (AU section 508.16–.18), an explanatory paragraph is not required in this instance.

.070 Change to an Accounting Principle Not in Conformity With Generally Accepted Accounting Principles

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The company previously recorded its land at cost but adjusted the amounts to appraised values during the year, with a corresponding increase in stockholders' equity in the amount of \$_____. In our opinion, the new basis on which land is recorded is not in conformity with accounting principles generally accepted in the United States of America.

In our opinion, except for the change to recording appraised values as described above, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 58, paragraph 55, as amended by SAS No. 79 and with conforming changes due to SAS No. 93 (AU section 508.55).]

.080 More than One Reason—Qualified Opinion on Prior Year's Financial Statements With the Current Year Qualified for the Same Reason and an Additional Reason

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We were unable to obtain audited financial statements supporting the Company's investment in a foreign affiliate stated at \$_____ and \$_____ at December 31, 20X2 and 20X1, respectively, or its equity in earnings of that affiliate of \$_____ and \$_____, which is included in net income for the years then ended as described in Note X to the financial statements; nor were we able to satisfy ourselves as to the carrying value of the investment in the foreign affiliate or the equity in its earnings by other auditing procedures.

The Company has excluded, from property and debt in the accompanying 20X2 balance sheet, certain lease obligations that were entered into in 20X2, which in our opinion, should be capitalized in order to conform with accounting principles generally accepted in the United States of America. If these lease obligations were capitalized, property would be increased by \$_____, long-term debt by \$_____, and retained earnings by \$_____, as of December 31, 20X2. Additionally, net income would be increased (decreased) by \$_____ and earnings per share would be increased (decreased) by \$_____ for the year then ended.

In our opinion, except for the effects on the 20X2 and 20X1 financial statements of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding the foreign affiliate investment and earnings, and except for the effects of the 20X2 financial statements of not capitalizing certain lease obligations as discussed in the preceding paragraph, the financial statements referred to in the first paragraph above present fairly, in all material respects, the financial position of X Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

AAM Section 10,245

Information Accompanying Audited Financial Statements

.010 Omission of Supplementary Information Required by the FASB

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Company has not presented [*describe the supplementary information required by GAAP*¹] that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

.015 Omission of Supplementary Information Required by the GASB**Independent Auditor's Report**

Addressee:

We have audited the accompanying general-purpose financial statements of City of Example, Any State as of and for the year ended December 31, 20XX. These general-purpose financial statements are the responsibility of City of Example, Any State management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State as of December 31, 20XX, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The City of Example, Any State has not presented [*describe the supplementary information required by GAAP*²] that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

**.080 Qualification on Basic Financial Statements and Accompanying Information
(Departure From GAAP)**

Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The Company has excluded, from property and debt in the accompanying balance sheets, certain lease obligations that, in our opinion, should be capitalized in order to conform with accounting principles generally accepted in the United States of America. If these lease obligations were capitalized, property would be increased by \$_____ and \$_____, long-term debt by \$_____ and \$_____, and retained earnings by \$_____ and \$_____ as of December 31, 20X2 and 20X1, respectively. Additionally, net income would be increased (decreased) by \$_____ and \$_____ and earnings per share would be increased (decreased) by \$_____ and \$_____, respectively, for the years then ended.

In our opinion, except for the effects of not capitalizing certain lease obligations as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules of property and related depreciation (page X), and long-term debt with related interest (page Y), as of December 31, 20X2, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information in such schedules has been subjected to the auditing procedures applied in the audit of the basic financial statements; and, in our opinion, except for the effects on the schedule of property of not capitalizing certain lease obligations as explained in the third paragraph of this report, such information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note: The report on the accompanying information may be added to the auditor's standard report on the basic financial statements or may appear separately in the auditor-submitted document.

.090 Supplementary Information Required by the FASB Included in Auditor-Submitted Document
Independent Auditor's Report

Addressee:

We have audited the accompanying balance sheets of X Company as of December 31, 20X2 and 20X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of X Company as of [at] December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The [identify the supplementary information] on page XX is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Notes: The report on the accompanying information may be added to the auditor's standard report on the basic financial statements or may appear separately in the auditor-submitted document.

When supplementary information required by GAAP is presented outside the basic financial statements in an auditor-submitted document, the auditor should (a) express an opinion on the information if the auditor has been engaged to examine the information, (b) report on the information using the guidance in paragraphs 12 and 14 of SAS No. 29 (AU section 551.12–.14), provided such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, or (c) disclaim an opinion on the information.⁵

In certain circumstances, the auditor's report should be expanded in accordance with SAS No. 52, paragraphs 8 and 9, as amended by SAS No. 98 (AU section 558.08 and .09). The illustrative reports at AAM section 10,245.010–.045 are assembled from illustrative reporting language in SAS No. 52, paragraph 8 (AU section 558.08).

⁵ The auditor may identify the body requiring the information, such as the Financial Accounting Standards Board in this example.

.095 Supplementary Information Required by the GASB Included in Auditor-Submitted Documents
Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose financial statements of City of Example, Any State as of and for the year ended December 31, 20XX. These general-purpose financial statements are the responsibility of City of Example, Any State management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State as of December 31, 20XX, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The [*identify the supplementary information*] on page XX is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

[Source: SAS No. 29, paragraph 15, as amended by SAS No. 52 and SAS No. 98 (AU section 551.15).]

Notes: The report on the accompanying information may be added to the auditor's standard report on the basic financial statements or may appear separately in the auditor-submitted documents.

When supplementary information required by GAAP is presented outside the basic financial statements in an auditor-submitted document, the auditor should (a) express an opinion on the information if the auditor has been engaged to examine the information, (b) report on the information using the guidance in paragraphs 12 and 14 of SAS No. 29 (AU section 551.12 and .14), provided such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, or (c) disclaim an opinion on the information.⁶

In certain circumstances, the auditor's report should be expanded in accordance with SAS No. 52, paragraphs 8 and 9 (AU section 558.08 and .09). The illustrative reports at AAM section 10,245.010-.045 are assembled from illustrative reporting language in SAS No. 52, paragraph 8 (AU section 558.08).

⁶ The auditor may identify the body requiring the information, such as the Governmental Accounting Standards Board in this example.

.100 Consolidating Information Not Separately Audited**Independent Auditor's Report**

Addressee:

We have audited the accompanying consolidated balance sheets of X Company and subsidiaries as of December 31, 20X2 and 20X1, and the related consolidated statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of X Company and subsidiaries as of [at] December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations, and cash flows of the individual companies. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

[Signature]

[Date]

[Source: SAS No. 29, paragraph 18, as amended by SAS No. 52 (AU section 551.18).]

Notes: The report on the consolidating information may be added to the auditor's standard report on the basic financial statements or may appear separately in the auditor-submitted document.

When the auditor is engaged to express an opinion only on the consolidated financial statements and consolidating information is also included, the auditor should be satisfied that the consolidating information is suitably identified. For example, when the consolidated financial statements include columns of information about the components of the consolidated group, the balance sheets might be titled, "Consolidated Balance Sheet—December 31, 20X1, with Consolidating Information," and the columns including the consolidating information might be marked, "Consolidating Information." When the consolidating information is presented in separate schedules, the schedules presenting balance sheet information of the components might be titled, for example, "Consolidating Schedule, Balance Sheet Information, December 31, 20X1."

.110 Unqualified Opinion on Selected Financial Data in a Client-Prepared Document That Includes Audited Financial Statements

Independent Auditor's Report

Addressee:

We have audited the accompanying consolidated balance sheets of X Company and subsidiaries as of December 31, 20X5 and 20X4, and the related consolidated statements of income, retained earnings, and cash flows for each of the three years in the period ended December 31, 20X5. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of X Company and subsidiaries as of December 31, 20X5 and 20X4, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 20X5 in conformity with accounting principles generally accepted in the United States of America.

We have also previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheets as of December 31, 20X3, 20X2, and 20X1, and the related consolidated statements of income, retained earnings, and cash flows for the years ended December 31, 20X2 and 20X1 (none of which are presented herein); and we expressed unqualified opinions on those consolidated financial statements.

In our opinion, the information set forth in the selected financial data for each of the five years in the period ended December 31, 20X5, appearing on page XX, is fairly stated, in all material respects, in relation to the consolidated financial statements from which it has been derived.

AAM Section 10,250

Engagements to Report on Internal Control

.010 Accountant's Report When Expressing an Opinion Directly on the Effectiveness of an Entity's Internal Control as of a Specified Date

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*]. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, W Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].¹

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.48 (AT section 501.48)]

¹ For example, "criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

.020 Accountant's Report When Expressing an Opinion on a Written Assertion About the Effectiveness of an Entity's Internal Control as of a Specified Date

Independent Accountant's Report

We have examined management's assertion, included in the accompanying [*title of management report*], that W Company maintained effective internal control over financial reporting as of December 31, 20XX based on [*identify criteria*].¹ W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that W Company maintained effective internal control over financial reporting as of December 31, 20XX is fairly stated, in all material respects, based on [*identify criteria*].²

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.50 (AT section 501.50).]

Note: Nothing precludes the practitioner from examining an assertion but opining directly on the effectiveness of internal control. SSAE No. 10, chapter 5, paragraph 5.51 (AT section 501.51).

¹ The practitioner should identify the responsible party's report examined by referring to the title used by the responsible party in its report. Further, he or she should use the same description of the entity's internal control as the responsible party uses in its reports, including the kinds of controls (that is, control over the preparation of annual financial statements, interim financial statements, or both) on which the responsible party is reporting. If the presentation of the assertion does not accompany the practitioner's report, the phrase "included in the accompanying [*title of responsible party's report*]" would be omitted.

² For example, "criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

.030 Modified Report With Explanatory Language, That a Practitioner Should Use When There Is a Material Weakness in an Entity's Internal Control and, Based on Its Significance and Its Effect on the Achievement of the Objectives of the Control Criteria, the Practitioner Concludes That a Qualified Opinion Is Appropriate

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

[Include sentence(s) describing the material weakness and its effect on the achievement of the objectives of the control criteria.] We believe such condition represents a material weakness. A material weakness is a condition that precludes the entity's internal control from providing reasonable assurance that material misstatements in the financial statements will be prevented or detected on a timely basis.¹

In our opinion, except for the effect of the material weakness described in the preceding paragraph on the achievement of the objectives of the control criteria, W Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.55 (AT section 501.55).]

Note: If the practitioner's report on his or her examination of the effectiveness of the entity's internal control is included within the same document that includes his or her audit report on the entity's financial statements, the following sentence should be included in the paragraph of the examination report that describes the material weakness:

These conditions were considered in determining the nature, timing, and extent of audit tests applied in our audit of the 20XX financial statements, and this report does not affect our report dated *[date of report]* on these financial statements.²

[Source: SSAE No. 10, chapter 5, paragraphs 5.55 and 5.58 (AT section 501.55 and .58).]

¹ This description of a material weakness differs from the definition of material weakness discussed in SSAE No. 10, chapter 5, paragraph 5.37 (AT section 501.37). Although a practitioner should consider the definition contained in SSAE No. 10, chapter 5, paragraph 5.37 (AT section 501.37) when determining whether a material weakness exists, the description above should be used to describe a material weakness in the practitioner's report.

² The practitioner may also include the preceding sentence in situations where the two reports are not included within the same document.

.040 Adverse Opinion on When a Material Weakness in Internal Control Exists and, in the Practitioner's Judgment, the Material Weakness(es) Is (Are) So Pervasive That the Entity's Internal Control Over Financial Reporting Does Not Achieve the Control Objectives

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

[Include sentence(s) describing the material weakness and its effect on the achievement of the objectives of the control criteria.] We believe such condition represents a material weakness. A material weakness is a condition that precludes the entity's internal control from providing reasonable assurance that material misstatements in the financial statements will be prevented or detected on a timely basis.¹

In our opinion, because of the effect of the material weakness described above on the achievement of the objectives of the control criteria, W Company has not maintained effective internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.56 (AT section 501.56).]

Note: If the practitioner's report on his or her examination of the effectiveness of the entity's internal control is included within the same document that includes his or her audit report on the entity's financial statements, the following sentence should be included in the paragraph of the examination report that describes the material weakness:

These conditions were considered in determining the nature, timing, and extent of audit tests applied in our audit of the 20XX financial statements, and this report does not affect our report dated *[date of report]* on these financial statements.²

[Source: SSAE No. 10, chapter 5, paragraphs 5.56 and 5.58 (AT section 501.56 and .58).]

¹ This description of a material weakness differs from the definition of a material weakness discussed in SSAE No. 10, chapter 5, paragraph 5.37 (AT section 501.37). Although a practitioner should consider the definition contained in SSAE No. 10, chapter 5, paragraph 5.37 (AT section 501.37) when determining whether a material weakness exists, the description above should be used to describe a material weakness in the practitioner's report

² The practitioner may also include the preceding sentence in situations where the two reports are not included within the same document.

.050 Qualified Opinion on the Effectiveness of an Entity's Internal Control, or Written Assertion Thereon, Due to a Scope Limitation

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Except as described below, our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of the internal control over financial reporting, testing, and evaluating the design and operating effectiveness of the internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Prior to December 20, 20XX, W Company had an inadequate system for recording cash receipts, which could have prevented the Company from recording cash receipts on accounts receivable completely and properly. Therefore, cash received could have been diverted for unauthorized use, lost, or otherwise not properly recorded to accounts receivable. We believe this condition was a material weakness in the design or operation of the internal control of W Company in effect at *[date]*. A material weakness is a condition that precludes the entity's internal control from providing reasonable assurance that material misstatements in the financial statements will be prevented or detected on a timely basis. Although the Company implemented a new cash receipts system on December 20, 20XX, the system has not been in operation for a sufficient period of time to enable us to obtain sufficient evidence about its operating effectiveness.

Because of the inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, except for the effect of matters we may have discovered had we been able to examine evidence about the effectiveness of the new cash receipts system, W Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.60 (AT section 501.60).]

.060 Disclaimer of Opinion When Restrictions That Significantly Limit the Scope of the Examination Are Imposed by the Client or the Responsible Party

Independent Accountant's Report

We were engaged to examine the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting.

[Scope paragraph should be omitted.]

[Explanatory paragraph.]

[Include paragraph to describe scope restrictions.]

Since management *[describe scope restrictions]* and we were unable to apply other procedures to satisfy ourselves as to the entity's internal control over financial reporting, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the effectiveness of the entity's internal control over financial reporting.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.62 (AT section 501.62).]

.070 Unqualified Opinion When the Practitioner Decides to Make Reference to the Report of Another Practitioner as a Basis, in Part, for the Practitioner's Opinion

[In these circumstances, the practitioner should disclose this fact when describing the scope of the examination and should refer to the report of the other practitioner when expressing the opinion.¹]

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination. We did not examine the effectiveness of internal control over financial reporting of B Company, a wholly owned subsidiary, whose financial statements reflect total assets and revenues constituting 20 and 30 percent, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 20XX. The effectiveness of B Company's internal control over financial reporting was examined by other accountants whose report has been furnished to us, and our opinion, insofar as it relates to the effectiveness of B Company's internal control over financial reporting, is based solely on the report of the other accountants.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control and performing such other procedures as we considered necessary in the circumstances. We believe that our examination and the report of the other accountants provide a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, based on our examination and the report of the other accountants, W Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX, based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.64 (AT section 501.64).]

¹ Whether the other practitioner's opinion is expressed on the responsible party's assertion or on the effectiveness of internal control does not affect the determination of whether the principal practitioner's opinion is expressed on the assertion or on the subject matter itself.

.080 Unqualified Opinion on the Effectiveness of Only a Segment of an Entity's Internal Control

[For example, internal control over financial reporting of an entity's operating division or its accounts receivable]

Independent Accountant's Report

We have examined the effectiveness of W Company's internal control over financial reporting for its retail division as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of the inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, W Company's retail division maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.69 (AT section 501.69).]

.090 Unqualified Opinion About the Suitability of Design of the Entity's Internal Control**Independent Accountant's Report**

We have examined the suitability of W Company's design of internal control over financial reporting to prevent or detect material misstatements in the financial statements on a timely basis as of December 31, 20XX, based on *[identify criteria]*. W Company's management is responsible for the suitable design of internal control over financial reporting. Our responsibility is to express an opinion on the design of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, evaluating the design of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, W Company's internal control over financial reporting is suitably designed, in all material respects, to prevent or detect material misstatements in the financial statements on a timely basis as of December 31, 20XX, based on *[identify criteria]*.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.71 and footnote 24 (AT section 501.71).]

Notes: This report assumes that the control criteria of the regulatory agency are both suitable and available to users as discussed in SSAE No. 10, chapter 1, *Attest Engagements*, paragraphs 1.23 through 1.33 (AT section 101.23–.33). Therefore, there is no restriction on the use of this report.

When reporting on the suitability of design of the entity's internal control that has already been placed in operation, the report should be modified by adding the following to the scope paragraph:

We were not engaged to examine and report on the operating effectiveness of W Company's internal control over financial reporting as of December 31, 20XX, and, accordingly, we express no opinion on operating effectiveness.

.100 Unqualified Opinion Based on an Examination on the Adequacy of an Entity's Internal Control Over Financial Reporting Based on Criteria Established by a Regulatory Agency That Are Not Suitable for General Use

Independent Accountant's Report

We have examined the adequacy of W Company's internal control over financial reporting as of December 31, 20XX, based on the criteria established by _____ agency, as set forth in its audit guide dated _____. W Company's management is responsible for maintaining adequate internal control over financial reporting. Our responsibility is to express an opinion on whether the internal control is adequate to meet such criteria based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of internal control over financial reporting, testing, and evaluating the design and operating effectiveness of internal control and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over financial reporting to future periods are subject to the risk that internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

We understand that the agency considers the controls over financial reporting that meet the criteria referred to in the first paragraph of this report adequate for its purpose. In our opinion, based on this understanding and on our examination, W Company's internal control over financial reporting is adequate, in all material respects, based on the criteria established by _____ agency.

This report is intended solely for the information and use of the board of directors and management of W Company and [agency] and is not intended to be and should not be used by anyone other than these specified parties.

[Source: SSAE No. 10, chapter 5, *Reporting on an Entity's Internal Control Over Financial Reporting*, paragraph 5.74 (AT section 501.74).]

.110 Communication of Internal Control Matters Noted in an Audit

Addressee:

In planning and performing our audit of the financial statements of the ABC Corporation for the year ended December 31, 20XX, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control. However, we noted certain matters involving the internal control and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the organization's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

[Include paragraphs to describe the reportable conditions noted.]

This report is intended solely for the information and use of the audit committee (board of directors, board of trustees, or owners in owner-managed enterprises), management, and others within the organization (or specified regulatory agency) and is not intended to be and should not be used by anyone other than these specified parties.

[Signature]

[Date]

THE AUDITOR SHOULD NOT ISSUE A REPORT REPRESENTING THAT NO REPORTABLE CONDITIONS WERE NOTED.

[Source: SAS No. 60, paragraphs 12 and 17, as amended by SAS No. 87 (AU section 325.12 and .17).]

.120 Communication of Internal Control Related Matters Noted in an Audit When One or More Reportable Conditions Were Identified, But None is Deemed to be a Material Weakness

Addressee:

In planning and performing our audit of the financial statements of the ABC Corporation for the year ended December 31, 20XX, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control. However, we noted certain matters involving the internal control and its operations that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the organization's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

[Include paragraphs to describe the reportable conditions noted.]

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, none of the reportable conditions described above is believed to be a material weakness.

This report is intended solely for the information and use of the audit committee (board of directors, board of trustees, or owners in owner-managed enterprises), management, and others within the organization (or specified regulatory agency) and is not intended to be and should not be used by anyone other than these specified parties.

.130 Report on Controls Placed in Operation at a Service Organization

To XYZ Service Organization:

We have examined the accompanying description of controls related to the (payroll) application of XYZ Service Organization. Our examination included procedures to obtain reasonable assurance about whether (1) the accompanying description presents fairly, in all material respects, the aspects of XYZ Service Organization's controls that may be relevant to a user organization's internal control as it relates to an audit of financial statements, (2) the controls included in the description were suitably designed to achieve the control objectives specified in the description, if those controls were complied with satisfactorily,¹ and (3) such controls had been placed in operation as of (date). The control objectives were specified by the (board of directors). Our examination was performed in accordance with standards established by the American Institute of Certified Public Accountants and included those procedures we considered necessary in the circumstances to obtain a reasonable basis for rendering our opinion.

We did not perform procedures to determine the operating effectiveness of controls for any period. Accordingly, we express no opinion on the operating effectiveness of any aspects of XYZ Service Organization's controls, individually or in the aggregate.

In our opinion, the accompanying description of the aforementioned application presents fairly, in all material respects, the relevant aspects of XYZ Service Organization's controls that had been placed in operation as of (date). Also, in our opinion, the controls, as described, are suitably designed to provide reasonable assurance that the specified control objectives would be achieved if the described controls were complied with satisfactorily.

The description of controls at XYZ Service Organization is as of (date) and any projection of such information to the future is subject to the risk that, because of change, the description may no longer portray the controls in existence. The potential effectiveness of specific controls at the Service Organization is subject to inherent limitations and, accordingly, errors or fraud may occur and not be detected. Furthermore, the projection of any conclusions, based on our findings, to future periods is subject to the risk that changes may alter the validity of such conclusions.

This report is intended solely for use by the management of XYZ Service Organization, its customers, and the independent auditors of its customers.

[Source: SAS No. 70, paragraph 38 (AU section 324.38).]

Notes: This report should have an attachment containing a description of the service organization's controls that may be relevant to a user organization's internal control.

This report is illustrative only and should be modified as appropriate to suit the circumstances of individual engagements.

See SAS No. 70, paragraph 39 (AU section 324.39), for an example explanatory paragraph and modification to the opinion paragraph when the service auditor concludes that the description is inaccurate or insufficiently complete for user auditors.

See SAS No. 70, paragraph 40 (AU section 324.40), for an example explanatory paragraph and modification to the opinion paragraph when the service auditor concludes that there are sufficient deficiencies in the design or operation of the service organization's controls.

¹ If the application of controls by user organizations is necessary to achieve the stated control objectives, the service auditor's report should be modified to include the phrase "and user organizations applied the controls contemplated in the design of XYZ Service Organization's controls" following the words "complied with satisfactorily" in the scope and opinion paragraphs.

.140 Report on Controls Placed in Operation at a Service Organization and Tests of Operating Effectiveness

To XYZ Service Organization:

We have examined the accompanying description of controls related to the (payroll) application of XYZ Service Organization. Our examination included procedures to obtain reasonable assurance about whether (1) the accompanying description presents fairly, in all material respects, the aspects of XYZ Service Organization's controls that may be relevant to a user organization's internal control as it relates to an audit of financial statements, (2) the controls included in the description were suitably designed to achieve the control objectives specified in the description, if those controls were complied with satisfactorily,¹ and (3) such controls had been placed in operation as of (date). The control objectives were specified by the (board of directors). Our examination was performed in accordance with standards established by the American Institute of Certified Public Accountants and included those procedures we considered necessary in the circumstances to obtain a reasonable basis for rendering our opinion.

In our opinion, the accompanying description of the aforementioned application presents fairly, in all material respects, the relevant aspects of XYZ Service Organization's controls that had been placed in operation as of (date). Also, in our opinion, the controls, as described, are suitably designed to provide reasonable assurance that the specified control objectives would be achieved if the described controls were complied with satisfactorily.

In addition to the procedures we considered necessary to render our opinion as expressed in the previous paragraph, we applied tests to specific controls, listed in Schedule X, to obtain evidence about their effectiveness in meeting the control objectives, described in Schedule X, during the period from (date) to (date). The specific controls and the nature, timing, extent, and results of the tests are listed in Schedule X. This information has been provided to user organizations of XYZ Service Organization and to their auditors to be taken into consideration, along with information about the internal control at user organizations, when making assessments of control risk for user organizations. In our opinion the controls that were tested, as described in Schedule X, were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives specified in Schedule X were achieved during the period from (date) to (date). [However, the scope of our engagement did not include tests to determine whether control objectives not listed in Schedule X were achieved; accordingly, we express no opinion on the achievement of control objectives not included in Schedule X.]²

The relative effectiveness and significance of specific controls at XYZ Service Organization and their effect on assessments of control risk at user organizations are dependent on their interaction with the controls and other factors present at individual user organizations. We have performed no procedures to evaluate the effectiveness of controls at individual user organizations.

The description of controls at XYZ Service Organization is as of (date), and information about tests of the operating effectiveness of specific controls covers the period from (date) to (date). Any projection of such information to the future is subject to the risk that, because of change, the description may no longer portray the system in existence. The potential effectiveness of specific controls at the Service Organization is subject to inherent limitations and, accordingly, errors or fraud may occur and not be detected. Furthermore, the projection of any conclusions, based on our findings, to future periods is subject to the risk that changes may alter the validity of such conclusions.

This report is intended solely for use by the management of XYZ Service Organization, its customers, and the independent auditors of its customers.

¹ If the application of controls by user organizations is necessary to achieve the stated control objectives, the service auditor's report should be modified to include the phrase "and user organizations applied the controls contemplated in the design of XYZ Service Organization's controls" following the words "complied with satisfactorily" in the scope and opinion paragraphs.

² This sentence should be added when all of the control objectives listed in the description of controls placed in operation are not covered by the tests of operating effectiveness. This sentence would be omitted when all of the control objectives listed in the description of controls placed in operation are included in the tests of operating effectiveness.

[Source: SAS No. 70, paragraph 54 (AU section 324.54).]

Notes: This report should have two attachments: (a) a description of the service organization's controls that may be relevant to a user organization's controls and (b) a description of controls for which tests of operating effectiveness were performed, the control objectives the controls were intended to achieve, the tests applied, and the results of these tests.

This report is illustrative only and should be modified as appropriate to suit the circumstances of individual engagements.

See SAS No. 70, paragraph 55 (AU section 324.55), for an example explanatory paragraph and modification to the opinion paragraph when the service auditor concludes that the description is inaccurate or insufficiently complete for user auditors.

See SAS No. 70, paragraph 56 (AU section 324.56), for an example explanatory paragraph and modification to the opinion paragraph when the service auditor concludes that there are sufficient deficiencies in the design or operation of the service organization's controls.

.150 Reports on Internal Control Required by SEC Rule 17a-5

Board of Directors

Standard Stockbrokerage Co., Inc.

In planning and performing our audit of the consolidated financial statements of Standard Stockbrokerage Co., Inc. (the Company) for the year ended December 31, 20X1, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(11) and the reserve required by rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications and comparisons, and the recodation of differences required by rule 17a-13^{*}
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their

^{*} If the broker or dealer is exempt from compliance with Rule 15c3-3, does not maintain customer accounts and does not handle securities this report should be modified as stated in the AICPA Audit and Accounting Guide *Brokers and Dealers in Securities*, appendix E.

assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.¹

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 20X1, to meet the SEC's objectives.²

This report is intended solely for the information and use of the Board of Directors, management, the SEC, [Designated self-regulatory organization], and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Accounting Firm
New York, New York
February 15, 20X2

[Source: AICPA Audit and Accounting Guide *Brokers and Dealers in Securities*, Appendix D.]

Note: AAM section 10,650 illustrates the auditor's reports on the financial statements of brokers and dealers in securities.

¹ If conditions believed to be material weaknesses are disclosed, the report should describe the weaknesses that have come to the auditor's attention and may state that these weaknesses do not affect the report on the financial statements. The last sentence of the fifth paragraph of the report should be modified as follows:

However, we noted the following matters involving the [control environment, accounting system, control activities, or control activities for safeguarding securities] and its [their] operation that we consider to be material weaknesses as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the consolidated financial statements of Standard Stockbrokerage Co., Inc. for the year ended December 31, 20X1, and this report does not affect our report thereon dated February 15, 20X2.
[A description of the material weaknesses that have come to the auditor's attention and corrective action would follow.]

² Whenever inadequacies are described, the report should include the last sentence of the fifth paragraph as modified in the note above. The report should also describe material inadequacies that the auditor becomes aware of that existed during the period but were corrected prior to the end of the period unless management already has reported them to the SEC.

.160 Letter to SEC When the Broker-Dealer Has Not Made the Required Notification

Securities and Exchange Commission

Washington D.C. and Appropriate

Regional Office

Designated Examining Authority

Dear Sirs:

Our most recent audit of the consolidated financial statements of Standard Stockbrokerage Co., Inc. (the Company) was as of December 31, 20X0, and for the year then ended, which we reported on under date of February 15, 20X1. We have not audited any financial statements of the Company as of any date or for any period subsequent to December 31, 20X0. Although we are presently performing certain procedures as part of our audit of the consolidated financial statements of the Company as of December 31, 20X1, and for the year then ending, these procedures do not constitute all the procedures necessary in an audit conducted in accordance with auditing standards generally accepted in the United States of America or all procedures necessary to (1) consider the Company's internal control as required by generally accepted auditing standards or (2) study the Company's practices and procedures relevant to the objectives stated in rule 17a-5(g) of the Securities and Exchange Commission as required by rule 17a-5.

The management of the Company is responsible for establishing and maintaining internal control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls. The objectives of internal control are to provide management with reasonable but not absolute assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America.

Because of inherent limitations in internal control, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of the design and operation of controls may deteriorate.

The purpose of performing certain procedures prior to the date of the financial statements is to facilitate the expression of an opinion on the Company's financial statements. It must be understood that the procedures performed would not necessarily disclose all material weaknesses in internal control, including control activities for safeguarding securities.

However, pursuant to the requirements of rule 17a-5(h)(2), we are to call to the attention of the chief financial officer any weaknesses that we believe to be material and that were disclosed during the course of interim work. We have made such notification to the chief financial officer of Standard Stockbrokerage Co., Inc. and we believe the following additional information is required pursuant to the requirements of the rule.

[List and describe all instances where the independent auditor did not agree with the notification of the broker or dealer or where the required notification was not made.]

Accounting Firm

.170 Independent Auditor's Report on Internal Control Required by Regulation 1.16 of the Commodity Futures Trading Commission

Board of Directors

ABC Commodities Corporation

In planning and performing our audit of the consolidated financial statements of ABC Commodities Corporation (the Corporation) for the year ended December 31, 20X1, we considered its internal control, including control activities for safeguarding customer and firm assets, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by Regulation 1.16 of the Commodity Futures Trading Commission (CFTC), we have made a study of the practices and procedures followed by the Corporation including tests of such practices and procedures that we considered relevant to the objectives stated in Regulation 1.16 in making the following:

1. The periodic computations of minimum financial requirements pursuant to Regulation 1.17
2. The daily computations of the segregation requirements of section 4d(2) of the Commodity Exchange Act and the regulations thereunder, and the segregation of funds based on such computations
3. The daily computations of the foreign futures and foreign options secured amount requirements pursuant to Regulation 30.7 of the CFTC.

The management of the Corporation is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the CFTC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Corporation has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Regulation 1.16 lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding customer and firm assets, that we consider to be material weaknesses as defined above.¹

¹ If conditions believed to be material weaknesses are disclosed, the report should describe the weaknesses that have come to the auditor's attention and may state that these weaknesses do not affect the report on the financial statements. The last sentence of the fifth paragraph of the report should be modified as follows:

However, we noted the following matters involving the [(control environment, accounting system, control activities, or control activities for safeguarding customer and firm assets)] and its [(their)] operation that we consider to be material weaknesses as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the consolidated financial statements of the Corporation for the year ended December 31, 20X1, and this report does not affect our report thereon dated February 15, 20X2.
[A description of the material weaknesses that have come to the auditor's attention and corrective action would follow]

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the CFTC to be adequate for its purposes in accordance with the Commodity Exchange Act and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Corporation's practices and procedures were adequate at December 31, 20X1, to meet the CFTC's objectives.²

This report is intended solely for the use of the Board of Directors, management, the CFTC, and other regulatory agencies that rely on Regulation 1.16 of the CFTC and is not intended to be and should not be used by anyone other than these specified parties.

Accounting Firm

[The next page is 10,521.]

² Whenever inadequacies are described, the report should include the last sentence of the fifth paragraph as modified in the note above. The report should also describe material inadequacies the auditor becomes aware of that existed during the period but were corrected prior to the end of the period unless management already has reported them to the CFTC.

AAM Section 10,260

Special Reports

.010 Cash Basis Statements

Independent Auditor's Report

Addressee:

We have audited the accompanying statements of assets and liabilities arising from cash transactions of XYZ Company as of December 31, 20X2 and 20X1, and the related statements of revenue collected and expenses paid for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note X, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of XYZ Company as of December 31, 20X2 and 20X1, and its revenue collected and expenses paid during the years then ended, on the basis of accounting described in Note X.

.020 Income Tax Basis Statements**Independent Auditor's Report**

Addressee:

We have audited the accompanying statements of assets, liabilities, and capital—income tax basis of ABC Partnership as of December 31, 20X2 and 20X1, and the related statements of revenue and expenses—income tax basis and of changes in partners' capital accounts—income tax basis for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note X, these financial statements were prepared on the basis of accounting the Partnership uses for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and capital of ABC Partnership as of December 31, 20X2 and 20X1, and its revenue and expenses and changes in partners' capital accounts for the years then ended, on the basis of accounting described in Note X.

Note: See the AICPA publication, *Preparing and Reporting on Cash- and Tax-Basis Financial Statements*, for further guidance on the unique recognition, measurement, and disclosure issues for OCBOA (other comprehensive basis of accounting) financial statements, including illustrative financial statements and notes. Call the AICPA at (888) 777-7077 and ask for product number 006701, to order.

.030 Regulatory (Statutory) Basis Statements**Independent Auditor's Report**

Addressee:

We have audited the accompanying statements of admitted assets, liabilities and surplus—statutory basis of XYZ Insurance Company as of December 31, 20X2 and 20X1, and the related statements of income and cash flows—statutory basis and changes in surplus—statutory basis for the years then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note X, these financial statements were prepared in conformity with the accounting practices prescribed or permitted by the Insurance Department of [State], which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities and surplus of XYZ Insurance Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note X.

This report is intended solely for the information and use of the board of directors and management of XYZ Insurance Company and [name of regulatory agency] and is not intended to be and should not be used by anyone other than these specified parties.

.040 Report Relating to Amount of Sales for the Purpose of Computing Rental**(Report on one or more specified elements, accounts, or items of a financial statement)****Independent Auditor's Report**

Addressee:

We have audited the accompanying schedule of gross sales (as defined in the lease agreement dated March 4, 20XX, between ABC Company, as lessor, and XYZ Stores Corporation, as lessee) of XYZ Stores Corporation at its Main Street store, [City], [State], for the year ended December 31, 20X2. This schedule is the responsibility of XYZ Stores Corporation's management. Our responsibility is to express an opinion on this schedule based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of gross sales is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the schedule of gross sales. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the schedule of gross sales referred to above present fairly, in all material respects, the gross sales of XYZ Stores Corporation at its Main Street store, [City], [State], for the year ended December 31, 20X2, as defined in the lease agreement referred to in the first paragraph.

This report is intended solely for the information and use of the boards of directors and managements of XYZ Stores Corporation and ABC Company and is not intended to be and should not be used by anyone other than these specified parties.

.050 Royalties

(Report on one or more specified elements, accounts, or items of a financial statement)

Independent Auditor's Report

Addressee:

We have audited the accompanying schedule of royalties applicable to engine production of the Q Division of XYZ Corporation for the year ended December 31, 20X2, under the terms of a license agreement dated May 14, 20XX, between ABC Company and XYZ Corporation. This schedule is the responsibility of XYZ Corporation's management. Our responsibility is to express an opinion on this schedule based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of royalties is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the schedule. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

We have been informed that, under XYZ Corporation's interpretation of the agreement referred to in the first paragraph, royalties were based on the number of engines produced after giving effect to a reduction for production retirements that were scrapped, but without a reduction for field returns that were scrapped, even though the field returns were replaced with new engines without charge to customers.

In our opinion, the schedule of royalties referred to above presents fairly, in all material respects, the number of engines produced by the Q Division of XYZ Corporation during the year ended December 31, 20X2, and the amount of royalties applicable thereto, under the license agreement referred to above.

This report is intended solely for the information and use of the boards of directors and managements of XYZ Corporation and ABC Company and is not intended to be and should not be used by anyone other than these specified parties.

.060 Profit Participation¹

(Report on one or more specified elements, accounts, or items of a financial statement)

Independent Auditor's Report

Addressee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of XYZ Company for the year ended December 31, 20X1, and have issued our report thereon dated March 10, 20X2. We have also audited XYZ Company's schedule of John Smith's profit participation for the year ended December 31, 20X1. This schedule is the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit of the schedule in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of profit participation is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the schedule. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

We have been informed that the documents that govern the determination of John Smith's profit participation are (a) the employment agreement between John Smith and XYZ Company dated February 1, 20X0, (b) the production and distribution agreement between XYZ Company and Television Network Incorporated dated March 1, 20X0, and (c) the studio facilities agreement between XYZ Company and QRX Studios dated April 1, 20X0, as amended November 1, 20X0.

In our opinion, the schedule of profit participation referred to above presents fairly, in all material respects, John Smith's participation in the profits of XYZ Company for the year ended December 31, 20X1, in accordance with the provisions of the agreements referred to above.

This report is intended solely for the information and use of the boards of directors and managements of XYZ Company and John Smith and is not intended to be and should not be used by anyone other than these specified parties.

¹ If a specified element, account, or item is, or is based upon, an entity's net income or stockholder's equity or the equivalent thereof (e.g., profit participation), the auditor should have audited the complete financial statements to express an opinion on the specified element, account, or item.

.070 Report on Federal and State Income Taxes in Financial Statements¹**(Report on one or more specified elements, accounts, or items of a financial statement)****Independent Auditor's Report**

Addressee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of XYZ Company, Inc., for the year ended June 30, 20XX, and have issued our report thereon dated August 15, 20XX. We have also audited the current and deferred provision for the Company's federal and state income taxes for the year ended June 30, 20XX, included in those financial statements, and the related asset and liability tax accounts as of June 30, 20XX. This income tax information is the responsibility of the Company's management. Our responsibility is to express an opinion on it based on our audit.

We conducted our audit of the income tax information in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the federal and state income tax accounts are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures related to the federal and state income tax accounts. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the federal and state income tax accounts. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the Company has paid or, in all material respects, made adequate provision in the financial statements referred to above for the payment of all federal and state income taxes and for related deferred income taxes that could be reasonably estimated at the time of our audit of the financial statements of XYZ Company, Inc., for the year ended June 30, 20XX.

[Signature]

¹ If a specified element, account, or item is, or is based upon, an entity's net income or stockholder's equity or the equivalent thereof (e.g., Federal and State Income Taxes), the auditor should have audited the complete financial statements to express an opinion on the specified element, account, or item.

.080 Proposed Acquisition

**Independent Accountant's Report
on Applying Agreed-Upon Procedures**

To the Board of Directors and Management of X Company:

We have performed the procedures enumerated below, which were agreed to by the Board of Directors and Management of X Company, solely to assist you in connection with the proposed acquisition of Y Company as of December 31, 20XX. Y Company is responsible for its cash and accounts receivable records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

Cash

1. We obtained confirmation of the cash on deposit from the following banks, and we agreed the confirmed balance to the amount shown on the bank reconciliations maintained by Y Company. We mathematically checked the bank reconciliations and compared the resultant cash balances per book to the respective general ledger account balances.

<u>Bank</u>	<u>General Ledger Account Balances as of December 31, 20XX</u>
ABC National Bank	\$ 5,000
DEF State Bank	13,776
XYZ Trust Company—regular account	86,912
XYZ Trust Company—payroll account	5,000
	<u>\$110,688</u>

We found no exceptions as a result of the procedures.

Accounts Receivable

2. We added the individual customer account balances shown in an aged trial balance of accounts receivable (identified as exhibit A) and compared the resultant total with the balance in the general ledger account.

We found no difference.

3. We compared the individual customer account balances shown in the aged trial balance of accounts receivable (exhibit A) as of December 31, 20XX, to the balances shown in the accounts receivable subsidiary ledger.

We found no exceptions as a result of the comparisons.

4. We traced the aging (according to invoice dates) for 50 customer account balances shown in exhibit A to the details of outstanding invoices in the accounts receivable subsidiary ledger. The balances selected for tracing were determined by starting at the eighth item and selecting every fifteenth item thereafter.

We found no exceptions in the aging of the amounts of the 50 customer account balances selected. The sample size traced was 9.8 percent of the aggregate amount of the customer account balances.

5. We mailed confirmations directly to the customers representing the 150 largest customer account balances selected from the accounts receivable trial balance, and we received responses as indicated below. We also traced the items constituting the outstanding customer account balance to invoices and supporting shipping documents for customers from which there was no reply. As agreed, any individual differences in a customer account balance of less than \$300 were to be considered minor, and no further procedures were performed.

Of the 150 customer balances confirmed, we received responses from 140 customers; 10 customers did not reply. No exceptions were identified in 120 of the confirmations received. The differences disclosed in the remaining 20 confirmation replies were either minor in amount (as defined above) or were reconciled to the customer account balance without proposed adjustment thereto. A summary of the confirmation results according to the respective aging categories is as follows:

<i>Accounts Receivable December 31, 20XX</i>			
<u><i>Aging Categories</i></u>	<u><i>Customer Account Balances</i></u>	<u><i>Confirmations Requested</i></u>	<u><i>Confirmation Replies Received</i></u>
Current	\$156,000	\$ 76,000	\$ 65,000
Past due:			
Less than one month	60,000	30,000	19,000
One to three months	36,000	18,000	10,000
Over three months	48,000	48,000	8,000
	<u>\$300,000</u>	<u>\$172,000</u>	<u>\$102,000</u>

We were not engaged to, and did not conduct an audit, the objective of which would be the expression of an opinion on cash and accounts receivable. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the board of directors and management of X Company and is not intended to be and should not be used by anyone other than these specified parties.

[Source: SSAE No. 10, chapter 2, Appendix, "Additional Illustrative Reports" (AT section 201.48).]

.090 Claims of Creditors**Independent Accountant's Report
on Applying Agreed-Upon Procedures**

To the Trustee of XYZ Company:

We have performed the procedures described below, which were agreed to by the Trustee of XYZ Company, with respect to the claims of creditors solely to assist you in determining the validity of claims of XYZ Company as of May 31, 20XX, as set forth in accompanying Schedule A. XYZ Company is responsible for maintaining records of claims submitted by creditors of XYZ Company. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the party specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. Compare the total of the trial balance of accounts payable at May 31, 20XX, prepared by XYZ Company, to the balance in the related general ledger account.

The total of the accounts payable trial balance agreed with the balance in the related general ledger account.

2. Compare the amounts for claims received from creditors (as shown in claim documents provided by XYZ Company) to the respective amounts shown in the trial balance of accounts payable. Using the data included in the claims documents and in XYZ Company's accounts payable detail records, reconcile any differences found to the accounts payable trial balance.

All differences noted are presented in column 3 of Schedule A. Except for those amounts shown in column 4 of Schedule A, all such differences were reconciled.

3. Obtain the documentation submitted by creditors in support of the amounts claimed and compare it to the following documentation in XYZ Company's files: invoices, receiving reports, and other evidence of receipt of goods or services.

No exceptions were found as a result of these comparisons.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion on the claims of creditors set forth in the accompanying Schedule A. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Trustee of XYZ Company and is not intended to be and should not be used by anyone other than this specified party.

[Source: SSAE No. 10, chapter 2, Appendix, "Additional Illustrative Reports" (AT section 201.48).]

.100 Compliance With Contractual Provisions (Separate Report)

We have audited, in accordance with auditing standards generally accepted in the United States of America, the balance sheet of XYZ Company as of December 31, 20X2, and the related statement of income, retained earnings, and cash flows for the year then ended, and have issued our report thereon dated February 16, 20X3.

In connection with our audit, nothing came to our attention that caused us to believe that the Company failed to comply with the terms, covenants, provisions, or conditions of sections XX to XX, inclusive, of the Indenture dated July 21, 20X0, with ABC Bank insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

This report is intended solely for the information and use of the boards of directors and management of XYZ Company and ABC Bank and is not intended to be and should not be used by anyone other than these specified parties.

[Source: SAS No. 62, paragraph 21, with conforming changes due to SAS No. 87 and No. 93 (AU section 623.21).]

Note: When this report is included in the auditor's standard report accompanying financial statements, the last two paragraphs are examples of the paragraphs that should follow the opinion paragraph of the auditor's report on the financial statements.

.110 Report on Financial Statements Prepared Pursuant to Loan Agreements That Results in a Presentation Not in Conformity With Generally Accepted Accounting Principles or an Other Comprehensive Basis of Accounting

Independent Auditor's Report

Addressee:

We have audited the accompanying special-purpose statement of assets and liabilities of ABC Company as of December 31, 20X1, and the related special-purpose statements of revenues and expenses and of cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying special-purpose financial statements were prepared for the purpose of complying with section 4 of a loan agreement between DEF Bank and the Company as described in Note X, and are not intended to be a presentation in conformity with generally accepted accounting principles.

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the assets and liabilities of ABC Company as of December 31, 20X1, and the revenues, expenses and cash flows for the year then ended, on the basis of accounting described in Note X.

This report is intended solely for the information and use of the boards of directors and managements of ABC Company and DEF Bank and is not intended to be and should not be used by anyone other than these specified parties.

.120 Report on a Schedule of Gross Income and Certain Expenses to Meet Regulatory Requirements and to be Included in a Document Distributed to the General Public

Independent Auditor's Report

Addressee:

We have audited the accompanying Historical Summaries of Gross Income and Direct Operating Expenses of ABC Apartments, City, State (Historical Summaries), for each of the three years in the period ended December 31, 20XX. These Historical Summaries are the responsibility of the Apartments' management. Our responsibility is to express an opinion on the Historical Summaries based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summaries are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summaries. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summaries. We believe that our audits provide a reasonable basis for our opinion.

The accompanying Historical Summaries were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the registration statement on Form S-11 of DEF Company) as described in Note X, and are not intended to be a complete presentation of the Apartments' revenues and expenses.

In our opinion, the Historical Summaries referred to above present fairly, in all material respects, the gross income and direct operating expenses described in Note X of ABC Apartments for each of the three years in the period ended December 31, 20XX, in conformity with accounting principles generally accepted in the United States of America.

.121 Report on a Statement of Assets Sold and Liabilities Transferred to Comply With a Contractual Agreement

Independent Auditor's Report

Addressee:

We have audited the accompanying statement of net assets sold of ABC Company as of June 8, 20XX. This statement of net assets sold is the responsibility of ABC Company's management. Our responsibility is to express an opinion on the statement of net assets based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of net assets sold is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of net assets sold. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement was prepared to present the net assets of ABC Company sold to XYZ Corporation pursuant to the purchase agreement described in Note X, and is not intended to be a complete presentation of ABC Company's assets and liabilities.

In our opinion, the accompanying statement of net assets sold presents fairly, in all material respects, the net assets of ABC Company as of June 8, 20XX, sold pursuant to the purchase agreement referred to in Note X, in conformity with accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the boards of directors and managements of ABC Company and XYZ Corporation and is not intended to be and should not be used by anyone other than these specified parties.

.130 Report on the Application of Accounting Principles*

Introduction

We have been engaged to report on the appropriate application of accounting principles generally accepted in the United States of America to the specific transaction described below. This report is being issued to ABC Company for assistance in evaluating accounting principles for the described specific transaction. Our engagement has been conducted in accordance with standards established by the American Institute of Certified Public Accountants.

Description of Transaction

The facts, circumstances, and assumptions relevant to the specific transaction as provided to us by the management of ABC Company are as follows:

[Describe transaction]

Appropriate Accounting Principles

[Text discussing generally accepted accounting principles]

Concluding Comments

The ultimate responsibility for the decision on the appropriate application of accounting principles generally accepted in the United States of America for an actual transaction rests with the preparers of financial statements, who should consult with their continuing accountants. Our judgment on the appropriate application of accounting principles generally accepted in the United States of America for the described specific transaction is based solely on the facts provided to us as described above; should these facts and circumstances differ, our conclusion may change.

Restricted Use

This report is intended solely for the information and use of the board of directors and management of ABC Company and is not intended to be and should not be used by anyone other than these specified parties.

[Source: SAS No. 50, as amended, paragraph 11, as amended by SAS No. 97 (AU section 625.11).]

Notes: This illustrative report is intended for a reporting accountant either in connection with a proposal to obtain a new client or otherwise, should apply when preparing a written report on (1) The application of accounting principles to specified transactions, either completed or proposed, involving facts and circumstances of a specific entity ("specific transactions"), or (2) The type of opinion that may be rendered on a specific entity's financial statements.

[Source: SAS No. 50, as amended, paragraph 3, as amended by SAS No. 97 (AU section 625.03).]

Because of the nature of a transaction not involving facts or circumstances of a specific entity ("hypothetical transaction"), a reporting accountant cannot know, for example, whether the continuing accountant has reached a different conclusion on the application of accounting principles for the same or similar transaction, or how the specific entity has accounted for similar transactions in the past. Therefore an accountant should not undertake an engagement to provide a written report on the application of accounting principles to a hypothetical transaction.

[Source: SAS No. 97, paragraph 4 (AU section 625.04)]

* In June 2002, the Auditing Standards Board issued SAS No. 97, *Amendment to Statement on Auditing Standards No. 50, Reports on the Application of Accounting Principles* (AU section 625). This Statement revises SAS No. 50 (AU section 625) to prohibit an accountant from providing a written report on the application of accounting principles not involving facts and circumstances of a specific entity.

**.140 Report on Financial Statements Presented in Conformity With a Prescribed Basis of Accounting
(Property and Liability Insurance Company)**

Independent Auditor's Report

To the Board of Directors
ABC Insurance Company

We have audited the accompanying statutory statements of admitted assets, liabilities, and surplus of ABC Insurance Company as of December 31, 20X2 and 20X1, and the related statutory statements of income and changes in surplus, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described more fully in Note X to the financial statements, the Company prepared these financial statements using accounting practices prescribed or permitted by the Insurance Department of the State of [state of domicile], which practices differ from generally accepted accounting principles. The effects on the financial statements of the variances between statutory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of ABC Insurance Company as of December 31, 20X2 and 20X1, or the results of its operations or its cash flows for the years then ended.

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and surplus of ABC Insurance Company as of December 31, 20X2 and 20X1, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note X.

Unaudited Financial Statements of a Public Entity

(When an accountant is associated with the financial statements but has not audited or reviewed such statements)

.01 Disclaimer

Addressee:

The accompanying balance sheet of X Company as of December 31, 20X1, and the related statements of income, retained earnings, and cash flows for the year then ended were not audited by us, and, accordingly, we do not express an opinion on them.

[Signature]

[Date]

[Source: SAS No. 26, paragraph 5 (AU section 504.05).]

Notes: The disclaimer may accompany the unaudited financial statements or it may be placed directly on them. In addition, each page of the financial statements should be clearly and conspicuously marked as unaudited.

If the unaudited financial statements are those of a privately held (nonpublic) company, this example is not appropriate. See AAM sections 2510 and 2520.

.02 Current Period Financial Statements Unaudited—Prior Period Financial Statements Audited

Addressee:

The accompanying balance sheet of ABC Company as of December 31, 20X2, and the related statements of income, retained earnings, and cash flows for the year then ended were not audited by us and, accordingly, we do not express an opinion on them.

The financial statements for the year ended December 31, 20X1, were audited by us (other accountants) and we (they) expressed an unqualified opinion on them in our (their) report dated March 1, 20X2, but we (they) have not performed any auditing procedures since that date.

[Signature]

[Date]

[Source: SAS No. 26, paragraphs 5 and 16 (AU section 504.05 and .16).]

Notes: The disclaimer may accompany the unaudited financial statements or it may be placed directly on them. In addition, each page of the financial statements should be clearly and conspicuously marked as unaudited.

If the unaudited financial statements are those of a privately held (nonpublic) company, this example is not appropriate. See AAM sections 2510 and 2520.

.03 Disclaimer—Cash Basis Statements

(When an accountant is associated with unaudited financial statements of a public entity prepared in accordance with a comprehensive basis of accounting other than generally accepted accounting principles)

Addressee:

The accompanying statement of assets and liabilities resulting from cash transactions of XYZ Corporation as of December 31, 20X1, and the related statement of revenues collected and expenses paid during the year then ended were not audited by us and, accordingly, we do not express an opinion on them.

[Signature]

[Date]

[Source: SAS No. 26, paragraph 7 (AU section 504.07).]

Notes: A note to the financial statements should describe how the basis of presentation differs from generally accepted accounting principles, but the monetary effect of such differences need not be stated.

The disclaimer may accompany the unaudited financial statements or it may be placed directly on them. In addition, each page of the financial statements should be clearly and conspicuously marked as unaudited.

If the unaudited financial statements are those of a privately held (nonpublic) company, this example is not appropriate. See AAM sections 2510 and 2520.

.04 Disclaimer—Regulatory (Statutory) Basis Statements

(When an accountant is associated with unaudited financial statements of a public entity prepared in accordance with a comprehensive basis of accounting other than generally accepted accounting principles)

Addressee:

The accompanying statement of admitted assets, liabilities, and surplus—statutory basis of XYZ Insurance Company as of December 31, 20XX, and the related statements of income—statutory basis, cash flows—statutory basis, and changes in surplus—statutory basis for the year then ended were not audited by us and, accordingly, we do not express an opinion on them.

[Signature]

[Date]

[Source: SAS No. 26, paragraph 7 (AU section 504.07).]

Notes: A note to the financial statements should describe how the basis of presentation differs from generally accepted accounting principles, but the monetary effect of such differences need not be stated.

The disclaimer may accompany the unaudited financial statements or it may be placed directly on them. In addition, each page of the financial statements should be clearly and conspicuously marked as unaudited.

If the unaudited financial statements are those of a privately held (nonpublic) company, this example is not appropriate. See AAM sections 2510 and 2520.

[The next page is 10,621.]

AAM Section 10,280

Lack of Independence

.01 Disclaimer

Addressee:

We are not independent with respect to XYZ Company, and the accompanying balance sheet as of December 31, 20X1 and the related statements of income, retained earnings, and cash flows for the year then ended were not audited by us and, accordingly, we do not express an opinion on them.

[Signature]

[Date]

[Source: SAS No. 26, paragraph 10 (AU section 504.10).]

Notes: When an accountant is not independent, any procedures he or she might perform would not be in accordance with generally accepted auditing standards and he or she would be precluded from expressing an opinion on the financial statements. Accordingly, he or she should disclaim an opinion with respect to the financial statements and state specifically that he or she is not independent. The accountant should not include in his or her disclaimer the reasons for the lack of independence or any description of the procedures he or she has performed; including such matters might confuse readers concerning the importance of the lack of independence.

If the financial statements are those of a nonpublic entity, the guidance in Statements on Standards for Accounting and Review Services (SSARS) should be followed. (See AAM section 2510.03.)

[The next page is 10,671.]

AAM Section 10,300

Review of Interim Financial Information

.01 Independent Accountant's Report

Independent Accountant's Report

Addressee:

We have reviewed the accompanying *[describe the interim financial information or statements reviewed]* of ABC Company and consolidated subsidiaries as of September 30, 20X1, and for the three-month and nine-month periods then ended. This (these) interim financial information (statements) is (are) the responsibility of the company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial information (statements) for it (them) to be in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: SAS No. 100, paragraph 38 (AU section 722.38).]

Note: SAS No. 100, *Interim Financial Information* (AU section 722), provides guidance on the nature, timing, and extent of the procedures to be performed by an independent accountant when conducting a review of interim financial information, as that term is defined in paragraph 2 of SAS No. 100 (AU section 722.02). SAS No. 100 (AU section 722) is effective for interim periods within fiscal years beginning after December 15, 2002, with earlier application permitted. The accountant should refer to the SAS to determine its applicability.

[The next page is 10,701.]

AAM Section 10,400

Accountants' Reports on Condensed Financial Statements and Selected Financial Data

.01 Unqualified Opinion on Condensed Financial Statements¹

Independent Auditor's Report

Addressee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of X Company and subsidiaries as of December 31, 20X0, and the related consolidated statements of income, retained earnings, and cash flows for the year then ended (not presented herein); and in our report dated February 15, 20X1, we expressed an unqualified opinion on those consolidated financial statements.

In our opinion, the information set forth in the accompanying condensed consolidated financial statements is fairly stated, in all material respects, in relation to the consolidated financial statements from which it has been derived.

[Signature]

[Date]

[Source: SAS No. 42, paragraph 6, with conforming changes due to SAS No. 93 (AU section 552.06).]

¹ This report is appropriate when reporting in a client-prepared document on condensed financial statements (either for an annual or an interim period) that are derived from audited financial statements of a public entity that is required to file, at least annually, complete audited financial statements with a regulatory agency (See SAS No. 42, paragraph 1a [AU section 552.01a]).

.02 Adverse Opinion on Condensed Financial Statements Due to Inadequate Disclosure²**Independent Auditor's Report**

Addressee:

We have audited the consolidated balance sheet of X Company and subsidiaries as of December 31, 20X0, and the related earnings and cash flows for the year then ended (not presented herein). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The condensed consolidated balance sheet as of December 31, 20X0, and the related condensed consolidated statements of income, retained earnings, and cash flows for the year then ended, presented on pages XX-XX, are presented as a summary and therefore do not include all of the disclosures required by accounting principles generally accepted in the United States of America.

In our opinion, because of the significance of the omission of the information referred to in the preceding paragraph, the condensed consolidated financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of X Company and subsidiaries as of December 31, 20X0, or results of their operations and their cash flows for the year then ended.

[Date]

[Source: SAS No. 42, paragraph 7, footnote 6, with conforming changes due to SAS No. 93 (AU section 552.07).]

² This report is appropriate if a statement naming the auditor and stating that condensed financial statements have been derived from audited financial statements is made in a client-prepared document that does not include audited financial statements and the client is not a public entity that is required to file complete audited financial statements with a regulatory agency at least annually (See SAS No. 42, paragraph 7, footnote 6 [AU section 552.07]).

.03 Review Report on Condensed Financial Statements**Independent Auditor's Report**

Addressee:

We have reviewed the condensed consolidated balance sheet of ABC Company and subsidiaries as of March 31, 20X1, and the related condensed consolidated statements of income and cash flows for the three-month periods ended March 31, 20X1 and 20X0. These financial statements are the responsibility of the company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of ABC Company and subsidiaries as of December 31, 20X0, and the related consolidated statements of income, retained earnings, and cash flows for the year then ended (not presented herein); and in our report dated February 15, 20X1, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 20X0, is fairly stated in all material respects, in relation to the consolidated balance sheet from which it has been derived.

AAM Section 10,500

Reports on Personal Financial Statements

.01 Auditor's Standard Report

Independent Auditor's Report

Addressee:

I (We) have audited the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended. These financial statements are the responsibility of James and Jane Person. My (our) responsibility is to express an opinion on these financial statements based on my (our) audit.

I (We) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall financial statement presentation. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

In my (our) opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of James and Jane Person as of [date] and the changes in their net worth for the [period] then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.14.]

.02 Audit Report—Statement of Financial Condition Only**Independent Auditor's Report**

Addressee:

I (We) have audited the statement of financial condition of James and Jane Person as of [date]. This financial statement is the responsibility of James and Jane Person. My (our) responsibility is to express an opinion on this financial statement based on my (our) audit.

I (We) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting amounts and disclosures in the statements of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall presentation of the statement of financial condition. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

In my (our) opinion, the financial statement referred to above presents fairly, in all material respects, the financial condition of James and Jane Person as of [date] in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.21.]

.03 Audit Report—Departure From GAAP—Inappropriate Valuation Methods—Adverse Opinion**Independent Auditor's Report**

Addressee:

I (We) have audited the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended. These financial statements are the responsibility of James and Jane Person. My (our) responsibility is to express an opinion on these financial statements based on my (our) audit.

I (We) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall financial statement presentation. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

As discussed in Note X to the financial statements, assets amounting to \$XX,XXX (XX percent of total assets) as of [date] have been valued at estimated current value as determined by James Person. I (We) have reviewed the procedures applied by James Person in valuing the assets and have inspected the underlying documentation. In my (our) opinion those procedures are not appropriate to determine the estimated current values of the assets in conformity with generally accepted accounting principles. The effects on the financial statements of not applying appropriate procedures to determine the estimated current values of the assets are not reasonably determinable.

In my (our) opinion, because of the effects of the matters discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial condition of James and Jane Person as of [date] and the changes in their net worth for the [period] then ended.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.19.]

.04 Audit Report—Departure From GAAP—Inappropriate Valuation Methods—Qualified Opinion**Independent Auditor's Report**

Addressee:

I (We) have audited the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended. These financial statements are the responsibility of James and Jane Person. My (our) responsibility is to express an opinion on these financial statements based on my (our) audit.

I (We) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall financial statement presentation. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

As discussed in Note X to the financial statements, assets amounting to \$XX,XXX (XX percent of total assets) as of [date] have been valued at estimated current value as determined by James Person. I (We) have reviewed the procedures applied by James Person in valuing the assets and have inspected the underlying documentation. In my (our) opinion, those procedures are not appropriate to determine the estimated current values of the assets in conformity with generally accepted accounting principles. The effects on the financial statements of not applying appropriate procedures to determine the estimated current values of the assets are not reasonably determinable.

In my (our) opinion, except for the effects of the valuation of assets determined by James Person as described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial condition of James and Jane Person as of [date], and the changes in their net worth for the [period] then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.18.]

.05 Audit Report—Disclaim Opinion Because of Scope Limitation—Inadequate Records**Independent Auditor's Report**

Addressee:

I (We) was engaged to audit the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended. These financial statements are the responsibility of James and Jane Person.

James and Jane Person do not maintain accounting records sufficient to assure that all transactions are recorded. Accordingly, it was not practicable for me (us) to extend my (our) auditing procedures sufficiently to determine that all of their assets and liabilities and the changes in their net worth are recorded in the financial statements referred to above.

Because James and Jane Person do not maintain certain accounting records and supporting documentation, and I was (we were) unable to apply adequate auditing procedures regarding the recording of transactions, the scope of my (our) work was not sufficient to enable me (us) to express, and I (we) do not express, an opinion on these financial statements.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.17.]

.06 Audit Report—Scope Limitation—Inadequate Records**Independent Auditor's Report**

Addressee:

I (We) have audited the accompanying statement of financial condition of James and Jane Person as of *[date]*, and the related statement of changes in net worth for the *[period]* then ended. These financial statements are the responsibility of James and Jane Person. My (our) responsibility is to express an opinion on these financial statements based on my (our) audit.

Except as explained in the following paragraph, I (we) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall financial statement presentation. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

James and Jane Person do not maintain accounting records sufficient to assure that all transactions are recorded. Accordingly, it was not practicable for me (us) to extend my (our) auditing procedures sufficiently to determine that all of their assets and liabilities and the changes in their net worth are recorded in the financial statements referred to above.

In my (our) opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had I (we) been able to determine that all assets and liabilities and changes in net worth were recorded in the financial statements, the financial statements referred to in the first paragraph above present fairly, in all material respects, the financial condition of James and Jane Person as of *[date]*, and the changes in their net worth for the *[period]* then ended in conformity with accounting principles generally accepted in the United States of America.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.16.]

.07 Audit Report—Income Tax Basis**Independent Auditor's Report**

Addressee:

I (We) have audited the accompanying statement of assets and liabilities—income tax basis of James and Jane Person as of *[date]*, and the related statement of changes in net worth—income tax basis for the *[period]* then ended. These financial statements are the responsibility of James and Jane Person. My (Our) responsibility is to express an opinion on these financial statements based on my (our) audit.

I (We) conducted my (our) audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I (we) plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by James and Jane Person, as well as evaluating the overall financial statement presentation. I (We) believe that my (our) audit provides a reasonable basis for my (our) opinion.

As described in Note X, these financial statements were prepared on the basis of accounting James and Jane Person use for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In my (our) opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities of James and Jane Person as of *[date]*, and the changes in their net assets for the *[period]* then ended on the basis of accounting described in Note X.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.20.]

.08 Accountant's Standard Compilation Report

Addressee:

I (We) have compiled the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.04.]

.09 Compilation Report—Statement of Financial Condition Only

Addressee:

I (We) have compiled the accompanying statement of financial condition of James and Jane Person as of [date], in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the accompanying statement of financial condition and, accordingly, do not express an opinion or any other form of assurance on it.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.21.]

.10 Compilation Report—Omission of Substantially All Disclosures

Addressee:

I (We) have compiled the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

James and Jane Person have elected to omit substantially all of the disclosures required by generally accepted accounting principles. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial condition of James and Jane Person and changes in their net worth. Accordingly, these financial statements are not designed for those who are not informed about such matters.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.05.]

Note: When personal financial statements omit substantially all disclosures and do not disclose that the assets are presented at their estimated current values and that the liabilities are presented at their estimated current amounts, the accountant should include the following sentence at the end of the first paragraph of his or her report:

The financial statements are intended to present the assets of James and Jane Person at estimated current values and their liabilities at estimated current amounts.

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.06.]

.11 Compilation Report—GAAP Departure—Material Assets at Cost

Addressee:

I (We) have compiled the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them. However, I (we) did become aware of a departure from generally accepted accounting principles that is described in the following paragraph.

As disclosed in Note X to the financial statements, generally accepted accounting principles require that assets be presented at their estimated current values and that liabilities be presented at their estimated current amounts. James and Jane Person have informed me (us) that their investment in ABC Company is stated in the accompanying financial statements at cost and that the effects of this departure from generally accepted accounting principles on their financial condition and the changes in their net worth have not been determined.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.13.]

.12 Compilation Report—Income Tax Basis

Addressee:

I (We) have compiled that accompanying statement of asset and liabilities—income tax basis of James and Jane Person as of *[date]*, and the related statement of changes in net assets—income tax basis for the *[period]* then ended, in accordance with Statement on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.20.]

Note: When personal financial statements are prepared in accordance with a comprehensive basis of accounting other than generally accepted accounting principles, the notes ordinarily would state the basis of presentation and describe how that basis differs from generally accepted accounting principles. [Source: Accounting and Review Services Interpretation No. 12 of SSARS 1 (AR section 9100.42).]

.13 Compilation Report—Financial Statements Included in a Prescribed Form

Addressee:

I (We) have compiled the *[identification of financial statements, including period covered and name of individual(s)]* included in the accompanying prescribed form, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

My (Our) compilation was limited to presenting in the form prescribed by *[name of body]* information that is the representation of the individuals whose financial statements are presented. I (We) have not audited or reviewed the financial statements referred to above and, accordingly, do not express an opinion or any other form of assurance on them.

These financial statements (including related disclosures) are presented in accordance with the requirements of *[name of body]*, which differ from generally accepted accounting principles. Accordingly, these financial statements are not designed for those who are not informed about such differences.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.09.]

.14 Accountant's Standard Review Report

Addressee:

I (We) have reviewed the accompanying statement of financial condition of James and Jane Person as of [date], and the related statement of changes in net worth for the [period] then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of James and Jane Person.

A review of personal financial statements consists principally of inquiries of the individuals whose financial statements are presented and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I (we) do not express such an opinion.

Based on my (our) review, I am (we are) not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.11.]

.15 Review Report—Statement of Financial Condition Only

Addressee:

I (We) have reviewed the accompanying statement of financial condition of James and Jane Person as of [date], in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in this financial statement is the representation of James and Jane Person.

A review of personal financial statements consists principally of inquiries of the individuals whose financial statements are presented and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I (we) do not express such an opinion.

Based on my (our) review, I am (we are) not aware of any material modifications that should be made to the accompanying statement of financial condition in order for it to be in conformity with generally accepted accounting principles.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.21.]

.16 Review Report—GAAP Departure—Failure to Include a Provision for Estimated Income Taxes on the Differences Between the Estimated Current Values of Assets and the Estimated Current Amounts of Liabilities and Their Tax Bases

Addressee:

I (We) have reviewed the accompanying statement of financial condition of James Person as of *[date]*, and the related statement of changes in net worth for the *[period]* then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of James Person.

A review of personal financial statements consists principally of inquiries of the individual whose financial statements are presented and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I (we) do not express such an opinion.

Based on my (our) review, with the exception of the matter described in the following paragraph, I am (we are) not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

Generally accepted accounting principles require that personal financial statements include a provision for estimated income taxes on the differences between the estimated current values of assets and the estimated current amounts of liabilities and their tax bases. The accompanying financial statements do not include such a provision and the effect of this departure from generally accepted accounting principles has not been determined.

[Signature]

[Date]

[Source: AICPA *Personal Financial Statements Guide*, paragraph 5.13.]

.17 Review Report—Historical Cost Basis

Addressee:

I (We) have reviewed the accompanying statement of assets and liabilities—historical cost basis of James and Jane Person as of *[date]*, and the related statement of changes in net worth—historical cost basis for the *[period]* then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of James and Jane Person.

A review of personal financial statements consists principally of inquiries of the individuals whose financial statements are presented and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I (we) do not express such an opinion.

Based on my (our) review, I am (we are) not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the historical cost basis of accounting described in Note X.

AAM Section 10,600

Reports on Employee Benefit Plans

.01 Unqualified Opinion—Defined Benefit Plan Assuming End-of-Year Benefit Information Date

Independent Auditor's Report

Addressee:

We have audited the accompanying statements of net assets available for benefits and of accumulated plan benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 20X2. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 20X2 and 20X1, and the changes in its financial status for the year ended December 31, 20X2 in conformity with accounting principles generally accepted in the United States of America.

Note: Department of Labor Regulations, section 2520.103-1 requires the accountant's report to be dated, manually signed, indicate the city and state where issued and identify the financial statements and schedules covered by the report.

.02 Unqualified Opinion—Defined Benefit Plan Assuming Beginning-of-Year Benefit Information Date

Independent Auditor's Report

Addressee:

We have audited the accompanying statements of net assets available for benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 20X1, and the related statement of changes in accumulated plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 20X2, and changes therein for the year then ended and its financial status as of December 31, 20X1, and changes therein for the year then ended in conformity with accounting principles generally accepted in the United States of America.

.05 Unqualified Opinion—Supplemental Schedules Required by ERISA and DOL Regulations**Independent Auditor's Report**

Addressee:

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (*identify*) are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

[Signature of Firm]

[City and State]

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.11.]

Notes: This paragraph can be shown separately in the auditor-submitted document or as a separate paragraph, after the opinion paragraph, of the auditor's standard report, when the auditor's report covers additional information and the auditor has applied auditing procedures and is expressing an opinion on the additional information.

Examples of paragraphs that should be added to the standard auditor's report when the report on the supplemental schedules is modified because of omitted information or an omitted schedule required by DOL regulations are presented in AAM section 10,600.07, .08, and .18.

.06 Unqualified Opinion—Defined Benefit Pension Plan Prepared on the Modified Cash Basis**Independent Auditor's Report**

Addressee:

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 20X2. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note X, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and the accumulated plan benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the changes in net assets available for benefits and changes in accumulated plan benefits for the year ended December 20X2, on the basis of accounting described in Note X.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules (modified cash basis) of (1) Schedule H, line 4i—Schedule of Assets (Held at End of Year), (2) Schedule G, Part I—Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible, (3) Schedule G, Part II—Schedule of Leases in Default or Classified as Uncollectible, (4) Schedule H, line 4j—Schedule of Reportable Transactions, and (5) Schedule G, Part III—Schedule of Nonexempt Transactions as of or for the year ended December 31, 20X2, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.21.]

Note: When reporting on financial statements prepared in conformity with a basis of accounting other than generally accepted accounting principles (OCBOA), the auditor should consider whether the financial statements and notes thereto include all informative disclosures that are appropriate for the basis

of accounting used. The Interpretation, "Evaluating the Adequacy of Disclosure in Financial Statements Prepared on the Cash, Modified Cash, or Income Tax Basis of Accounting" (AU section 9623.88), states that if cash, modified cash, or income tax basis financial statements contain elements, accounts, or items for which GAAP would require disclosure, the statements should either provide the relevant disclosure that would be required for those items in a GAAP presentation or provide information that communicates the substance of that disclosure. That may result in substituting qualitative information for some of the quantitative information required for GAAP presentations. Regardless of the basis of accounting used (GAAP or OCBOA), accumulated plan benefits disclosures should be made. If such disclosures are not made, the auditor should comment in his or her report on the lack of such disclosures and should express a qualified or adverse opinion on the financial statements. [Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.22.]

.07 Modified Report—Omitted Information or Omitted Schedule Required Under DOL Regulations

Following are examples of paragraphs that should be added to the auditor's report when the auditor should modify his or her report on the supplemental schedules because of omitted information or an omitted schedule which is required under DOL regulations.

Independent Auditor's Report

Addressee:

[Same first, second, and third paragraphs as the standard report. See AAM section 10,600.01–.03.]

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of *[identify]* are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed plan assets held by the Plan trustee [or custodian]. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

or

The Plan has not presented the supplemental Schedule H, line 4j—Schedule of Reportable Transactions. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

.08 Qualified Opinion—Omitted or Incomplete Schedule or Material Inconsistency

The following paragraphs should be added to the auditor's report when the auditor concludes that his or her opinion on the supplemental schedules should be qualified because a schedule, or information thereon, was omitted (when the schedules are not covered by a trustee's certification as to completeness and accuracy), or because information in a required schedule is materially inconsistent with the financial statements.

Independent Auditor's Report

Addressee:

[Same first, second, and third paragraphs as the standard report. See AAM section 10,600.01–.03.]

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) that accompanies the Plan's financial statements does not disclose that the Plan had loans to participants which are considered assets held for investment purposes. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of *[identify]* are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the omission of the information discussed in the preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.16.]

.09 Qualified Opinion—Disclosure of Material Prohibited Transaction With Party in Interest Omitted**

The following paragraphs should be added to the auditor's report on the plan's financial statements when the auditor concludes that his or her opinion on the supplemental schedules should be qualified because disclosure of a material prohibited transaction with a party in interest is omitted.

Independent Auditor's Report

Addressee:

[Same first, second, and third paragraphs as the standard report. See AAM section 10,600.01–.03.]

The supplemental Schedule G, Part III—Schedule of Nonexempt Transactions that accompanies the plan's financial statements does not disclose that the Plan [*describe prohibited transaction*]. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules [*identify*] are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the omission of the information discussed in the preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

[Signature of Firm]

[City and State]

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13 17.]

** *Note:* If a material party in interest transaction that is not disclosed in the supplementary schedule is also considered a related-party transaction and if that transaction is not properly disclosed in the notes to the financial statements, the auditor should express a qualified or adverse opinion on the financial statements as well as on the supplemental schedule. See AAM section 10,600 12.

.10 Adverse Opinion—Disclosure of Material Prohibited Transaction With Party in Interest Omitted

The following paragraphs should be added to the auditor's report on the plan's financial statements when the auditor decides that an adverse opinion should be expressed on the supplemental schedules because disclosure of a material prohibited transaction with a party in interest is omitted.

Independent Auditor's Report

Addressee:

[Same first, second, and third paragraphs as the standard report. See AAM section 10,600.01-.03.]

The supplemental Schedule G, Part III—Schedule of Nonexempt Transactions that accompanies the plan's financial statements does not disclose that the Plan *[describe prohibited transaction]*. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of *[identify]* are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, because of the omission of the information discussed in the preceding paragraph are not fairly stated in all material respects in relation to the basic financial statements taken as a whole.

[Signature of Firm]

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.17.]

.11 Modified Report—Disclosure of Immaterial Prohibited Transaction With Party in Interest Omitted

The following paragraphs should be added to the auditor's report on the plan's financial statements when the auditor decides to modify his or her report on the supplemental schedules because disclosure of a prohibited transaction with a party in interest that is not material to the financial statements has been omitted.

Independent Auditor's Report

Addressee:

[Same first, second, and third paragraphs as the standard report. See AAM section 10,600.01–.03.]

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of [identify] are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplemental Schedule G, Part III—Schedule of Nonexempt Transactions that accompanies the plan's financial statements does not disclose that the Plan [describe prohibited transaction]. Disclosure of this information, which is not considered material to the financial statements taken as a whole, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**.12 Qualified Opinion—Disclosure of Material Prohibited Transaction With Party in Interest
Omitted—Related-Party Transaction**

Independent Auditor's Report

Addressee:

We have audited the accompanying statement of net assets available for benefits of XYZ Company Profit-Sharing Plan as of December 31, 20X1 and 20X0, and the related statement of changes in net assets available for benefits for the year ended December 31, 20X1. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The Plan's financial statements do not disclose that the Plan *[describe related-party transaction]*. Disclosure of this information is required by accounting principles generally accepted in the United States of America.

In our opinion, except for the omission of the information discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 20X1 and 20X0, and the changes in net assets available for benefits for the year ended December 31, 20X1 in conformity with accounting principles generally accepted in the United States of America.

The supplemental Schedule G, Part III—Schedule of Nonexempt Transactions that accompanies the plan's financial statements does not disclose that the plan *[describe prohibited transaction]*. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of *[identify]* are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the omission of the information discussed in the preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

.13 Limited-Scope Audits Under DOL Regulations**Independent Auditor's Report**

Addressee:

We were engaged to audit the financial statements and supplemental schedules of XYZ Pension Plan as of December 31, 20X1 and 20X0, and for the year ended December 31, 20X1, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note X, which was certified by ABC Bank, the trustee (or custodian) of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee (or custodian) holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee (or custodian) as of December 31, 20X1 and 20X0 and for the year ended December 31, 20X1 that the information provided to the plan administrator by the trustee (or custodian) is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee or custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

[Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.25.]

Note: If the plan's financial statements are prepared on the cash basis or a modified cash basis of accounting, the auditor's report should also include a paragraph stating the basis of presentation and that cash basis is a comprehensive basis of accounting other than GAAP (see paragraph 13.21 of the AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, for wording of such a paragraph). [Source: AICPA Audit and Accounting Guide *Audits of Employee Benefit Plans*, paragraph 13.25, footnote 6.]

.14 Limited-Scope Audit in Prior Year**Independent Auditor's Report**

Addressee:

We have audited the accompanying statements of net assets available for benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the related statement of changes in net assets available for benefits for the year ended December 31, 20X2, and the statements of accumulated plan benefits as of December 31, 20X2 and 20X1, and the related statement of changes in accumulated plan benefits for the year ended December 31, 20X2. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as explained in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by ABC Bank, the trustee (or custodian) of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 20X1 financial statements, except for comparing the information provided by the trustee (or custodian), which is summarized in Note X, with the related information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the Plan's financial statements as of December 31, 20X1. The form and content of the information included in the 20X1 financial statements, other than that derived from the information certified by the trustee (or custodian), have been audited by us and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

In our opinion, the financial statements, referred to above, of XYZ Pension Plan as of December 31, 20X2, and for the year then ended present fairly, in all material respects, the financial status of XYZ Pension Plan as of December 31, 20X2, and changes in its financial status for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements as of and for the year ended December 31, 20X2, was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of (1) Schedule H, line 4i—Schedule of Assets (Held at End of Year), (2) Schedule G, Part I—Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible, (3) Schedule G, Part II—Schedule of Leases in Default or Classified as Uncollectible, (4) Schedule H, line 4j—Schedule of Reportable Transactions, and (5) Schedule G, Part III—Nonexempt Transactions as of or for the year ended December 31, 20X2, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 20X2, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

.15 Limited-Scope Audit in Current Year**Independent Auditor's Report**

Addressee:

We were engaged to audit the accompanying statement of net assets available for benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1, and the related statement of changes in net assets available for benefits for the year ended December 31, 20X2 and the supplemental schedules of (1) Schedule H, line 4i—Schedule of Assets (Held at End of Year), (2) Schedule H, line 4j—Schedule of Reportable Transactions, and (3) Schedule G, Part I—Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible as of or for the year ended December 31, 20X2. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note X, which was certified by ABC Bank, the trustee (or custodian) of the Plan, except for comparing the information with the related information included in the 20X2 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee (or custodian) holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee (or custodian) as of and for the year ended December 31, 20X2, that the information provided to the plan administrator by the trustee (or custodian) is complete and accurate.

Because of the significance of the information in the Plan's 20X2 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of or for the year ended December 31, 20X2. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee (or custodian), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of XYZ Pension Plan as of December 31, 20X1 and, in our report dated May 20, 20X2, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of XYZ Pension Plan as of December 31, 20X1, in conformity with accounting principles generally accepted in the United States of America.

.16 Multiemployer Defined Benefit Pension Plan Assuming Limited-Scope Audit**Independent Auditor's Report**

Addressee:

We were engaged to audit the statements of (*identify*) of XYZ Multiemployer Pension Plan as of December 31, 20X2 and 20X1, and for the years then ended. These financial statements are the responsibility of the Plan's management.

The Plan's records and procedures are not adequate to assure the completeness of participants' data on which contributions and benefit payments are determined, and the Board of Trustees did not engage us to perform, and we did not perform, any other auditing procedures with respect to participants' data maintained by the sponsor companies or individual participants.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these financial statements.

.17 Modified Report—Omitted Information or Omitted Schedule Required Under DOL Regulations in a Limited Scope Engagement

Independent Auditor's Report

Addressee:

[Same first and second paragraphs as the limited-scope report. See AAM section 10,600.13.]

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) that accompanies the Plan's financial statements does not disclose that the Plan has loans to participants which are considered assets held for investment purposes. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

or

The Plan has not presented the supplemental Schedule H, line 4j—Schedule of Reportable Transactions. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except for the omission of the information discussed in the preceding paragraph, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

[Signature of Firm]

.18 Trust Established Under an Employee Benefit Plan**Independent Auditor's Report**

Addressee:

We have audited the accompanying statement of net assets of ABC Pension Trust as of December 31, 20X2, and the related statement of changes in net assets and trust balance for the year then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of ABC Pension Trust as of December 31, 20X2, and the changes in its net assets and trust balance for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying statements are those of ABC Pension Trust, which is established under XYZ Pension Plan; the statements do not purport to present the financial status of XYZ Pension Plan. The statements do not contain certain information on accumulated plan benefits and other disclosures necessary for fair presentation of the financial status of XYZ Pension Plan in conformity with accounting principles generally accepted in the United States of America. Furthermore, these statements do not purport to satisfy the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 relating to the financial statements of employee benefit plans.

.19 Defined Benefit Plan Assuming Inadequate Procedures to Value Investments**Independent Auditor's Report**

Addressee:

We have audited the accompanying statements of net assets available for benefits of XYZ Pension Plan as of December 31, 20X2 and 20X1 and of accumulated plan benefits as of December 31, 20X2, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 20X2. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note X, investments amounting to \$_____ (_____ percent of net assets available for benefits) as of December 31, 20X2, have been valued at estimated fair value as determined by the Board of Trustees. We have reviewed the procedures applied by the trustees in valuing the securities and have inspected the underlying documentation. In our opinion, those procedures are not adequate to determine the fair value of the investments in conformity with accounting principles generally accepted in the United States of America. The effect on the financial statements and supplemental schedules of not applying adequate procedures to determine the fair value of the securities is not determinable.

In our opinion, except for the effects of the procedures used by the Board of Trustees to determine the valuation of investments as described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial status of XYZ Pension Plan as of December 31, 20X2, and information regarding the plan's net assets available for benefits as of December 31, 20X1, and the changes in its financial status for the year ended in December 31, 20X2 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of (1) Schedule H, line 4i—Schedule of Assets (Held at End of Year), (2) Schedule G, Part I—Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible, (3) Schedule G, Part II—Schedule of Leases in Default or Classified as Uncollectible, (4) Schedule H, line 4j—Schedule of Reportable Transactions, and (5) Schedule G, Part III—Nonexempt Transactions as of or for the year ended December 31, 20X2, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. That additional information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 20X2; and in our opinion, except for the effects of the valuation of investments, as described above, the additional information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AAM Section 10,650

Reports on Financial Statements of Brokers and Dealers in Securities

.01 Unqualified Opinion on Financial Statements and Supplementary Schedules Required by the SEC

Independent Auditor's Report

Addressee:

We have audited the accompanying consolidated statement of financial condition of Standard Stockbrokerage Co., Inc. and Subsidiaries (the Company) as of December 31, 20X1, and the related consolidated statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Standard Stockbrokerage Co., Inc. and Subsidiaries at December 31, 20X1, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes: SEC Regulation S-X section 210.2-02 requires the accountant's report to be dated, signed manually, indicate the city and state where issued, and identify without detailed enumeration the financial statements covered by the report.

AAM section 10,250.150 and .160 contain illustrative reports on internal control required by SEC Rule 17a-5.

.02 Qualified Opinion—Departure From GAAP**Independent Auditor's Report**

Addressee:

We have audited the accompanying consolidated statement of financial condition of Standard Stockbrokerage Co., Inc. and Subsidiaries (the Company) as of December 31, 20X1, and the related consolidated statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, investment securities not readily marketable amounting to \$10,730,685 (27 percent of stockholders' equity) at December 31, 20X1, have been valued at fair value as determined by the Board of Directors. We have reviewed the procedures applied by the directors in valuing such securities and investments and have inspected underlying documentation. In our opinion, those procedures are not reasonable, and the documentation is not appropriate to determine the fair value of the securities in conformity with accounting principles generally accepted in the United States of America. The effect on the financial statements of not applying adequate valuation procedures is not readily determinable.*

In our opinion, except for the effects on the financial statements of the valuation of investment securities determined by the Board of Directors, as described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Standard Stockbrokerage Co., Inc. and Subsidiaries as of December 31, 20X1, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, except for the effects on *[identify the schedules affected]* of the valuation of investment securities determined by the Board of Directors, as described in the second preceding paragraph, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

* SEC regulations require auditors to state if they have reviewed the procedures applied by the directors in valuing the securities, if they have inspected the underlying documentation, and if they believe the procedures are reasonable and documentation appropriate.

Notes: In certain circumstances, depending on materiality, the qualification could apply only to the income statement.

AAM section 10,250.150 and .160 contain illustrative reports on internal control required by SEC Rule 17a-5.

.03 Separate Report on Supplementary Schedules**Independent Auditor's Report on Supplementary Information
Required by Rule 17a-5 of the Securities and Exchange Commission**

Addressee:

We have audited the accompanying consolidated financial statements of Standard Stockbrokerage Co., Inc. and Subsidiaries as of and for the year ended December 31, 20X1, and have issued our report thereon dated February 15, 20X2. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AAM Section 10,700

Reports for Investment Companies

.01 Unqualified Opinion on the Financial Statements of a Registered Investment Company

Independent Auditor's Report

Addressee:

We have audited the accompanying statement of assets and liabilities of XYZ Investment Company, including the schedule of investments, as of December 31, 20X4, and the related statements of operations and cash flows* for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 20X4, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of XYZ Investment Company as of December 31, 20X4, the results of its operations and its cash flows* for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

[Source: AICPA Audit and Accounting Guide *Audits of Investment Companies*, paragraph 11.04.]

Note: The reference to "and brokers" in the fourth sentence of the scope paragraph is not normally required if the investment company's financial statements do not show an amount payable for securities purchased. Also, if securities were "verified by examination," the report should be modified to state that.

* FASB Statement No. 102, *Statement of Cash Flows—Exemption of Certain Enterprises and Classification of Cash Flows from Certain Securities Held for Resale*, amends FASB Statement No. 95, *Statement of Cash Flows*, to exempt highly liquid companies that meet specified conditions from the requirement to provide a statement of cash flows.

.02 Unqualified Opinion on the Financial Statements for a Multicolumnar Presentation of the Portfolios Constituting the Series

Independent Auditor's Report

Addressee:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of XYZ Series Investment Company comprising the Foreign, Domestic Common Stock, Long-Term Bond, and Convertible Preferred Portfolios as of December 31, 20X4, and the related statements of operations and cash flows* for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 20X4, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of each of the portfolios constituting the XYZ Series Investment Company as of December 31, 20X4, the results of their operations and their cash flows* for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

* FASB Statement No. 102, *Statement of Cash Flows—Exemption of Certain Enterprises and Classification of Cash Flows from Certain Securities Held for Resale*, amends FASB Statement No. 95, *Statement of Cash Flows*, to exempt highly liquid companies that meet specified conditions from the requirement to provide a statement of cash flows.

.03 Unqualified Opinion on the Financial Statements Presenting One of the Portfolios or Entities Constituting the Series

Independent Auditor's Report

Addressee:

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of the Convertible Preferred Portfolio (one of the portfolios constituting the XYZ Series Investment Company [the Company]) as of December 31, 20X4, and the related statements of operations and cash flows* for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 20X4, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Convertible Preferred Portfolio of the XYZ Series Investment Company as of December 31, 20X4, and the results of its operations and cash flows* for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

* FASB Statement No. 102, *Statement of Cash Flows—Exemption of Certain Enterprises and Classification of Cash Flows from Certain Securities Held for Resale*, amends FASB Statement No. 95, *Statement of Cash Flows*, to exempt highly liquid companies that meet specified conditions from the requirement to provide a statement of cash flows.

**.04 Qualified Opinion on the Financial Statements Due to Absence of Ascertainable Market Values
(Documentation Does Not Support Valuation)**

Independent Auditor's Report

Addressee:

We have audited the accompanying statement of assets and liabilities of XYZ Investment Company, including the schedule of investments, as of December 31, 20X4, and the related statements of operations and cash flows* for the year then ended, the statement of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 20X4, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As explained in Note 2, the financial statements include securities valued at \$____ (____% of net assets), whose fair values have been estimated by the Board of Directors in the absence of readily ascertainable values. We have reviewed the procedures used by the Board of Directors in arriving at its estimate of fair value of such securities and have inspected underlying documentation. In our opinion, those procedures are not reasonable, and the documentation is not appropriate to determine the securities' estimated fair values. The effect on the financial statements of not applying adequate valuation procedures is not readily determinable.

In our opinion, except for the effects on the financial statements and financial highlights of the valuation of investment securities determined by the Board of Directors, as described in the preceding paragraph, that financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of XYZ Investment Company as of December 31, 20X4, the results of its operations and its cash flows* for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

AAM Section 11,100

Quality Control—General

AICPA Requirements

.01 Article VI—*Scope and Nature of Services*—of the AICPA’s *Principles of Professional Conduct* (ET section 57), requires that “members should practice in firms that have in place internal quality-control procedures to ensure that services are competently delivered and adequately supervised.” Because of the public interest in the services provided by and the reliance placed on the objectivity and integrity of CPA’s, a CPA firm should have a system of quality control for its practice.

.02 The AICPA has issued statements on quality control standards to give firms improved guidance for establishing and maintaining a quality control system for their accounting and auditing practices. The statements include: Statement on Quality Control Standards (SQCS) No. 2, *System of Quality Control for a CPA Firm’s Accounting and Auditing Practice*, as amended by SQCS No. 6, *Amendment to Statement on Quality Control Standards No. 2, System of Quality Control for a CPA Firm’s Accounting and Auditing Practice* (QC section 20), SQCS No. 3, *Monitoring a CPA Firm’s Accounting and Auditing Practice* (QC section 30), SQCS No. 4, *System of Quality Control for a CPA Firm’s Accounting and Auditing Practice* (QC section 20), and SQCS No. 5, *The Personnel Management Element of a Firm’s System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement* (QC section 40). SQCS No. 2 (QC section 20) supersedes SQCS No. 1, *System of Quality Control for a CPA Firm*, issued in 1979. SQCS No. 4 amends paragraph 18 of SQCS No. 2. SQCS No. 6 amends paragraph 3 of SQCS No. 2.

.03 Presented in AAM section 11,200 is a *Guide for Establishing and Maintaining a System of Quality Control for a CPA Firm’s Accounting and Auditing Practice*.^{*} Following the guide, in AAM section 11,300, are sample quality control forms to aid practitioners in implementing a quality control system.

[The next page is 11,201.]

^{*} Currently the Audit and Attest Standards Team has a task force working on updating the Quality Control Guide. Practitioners should be alert to the issuance of a revised Guide sometime in the Fall of 2003.

AAM Section 11,200

Guide for Establishing and Maintaining a System of Quality Control for a CPA Firm's Accounting and Auditing Practice

NOTICE TO READERS

This Guide presents recommendations of the AICPA Joint Task Force on Quality Control Standards (task force) on the application of Statements on Quality Control Standards. This Guide has not been approved, disapproved, or otherwise acted on by the Auditing Standards Board, the membership, or the governing body of the American Institute of Certified Public Accountants. Therefore, the contents of the Guide, including the recommendations, are not authoritative.

The suggested policies and procedures presented herein are illustrative only and firms are encouraged to consider these examples in designing and maintaining a quality control system that is appropriate for their accounting and auditing practice. A firm's policies and procedures should be sufficient for it to obtain reasonable assurance of complying with the requirements of Statements on Quality Control Standards, which, in turn, should be sufficient for a firm to obtain reasonable assurance of complying with professional standards. In considering an appropriate quality control system for its accounting and auditing practice, a firm should be aware that although some of the illustrative procedures are not explicitly required by professional standards, they present the views of the task force regarding an appropriate quality control system. The views of the task force are provided through illustrative examples of four hypothetical firms and their systems of quality control.

Note: This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250.

For handy paperback version of this guide call the AICPA Order Department at (888) 777-7077.

Chapter 1

OVERVIEW OF STATEMENTS ON QUALITY CONTROL STANDARDS

.01 Statement on Quality Control Standards (SQCS) No. 2, *System of Quality Control for a CPA Firm's Accounting and Auditing Practice* (QC section 20), provides that a CPA firm shall have a system of quality control for its accounting and auditing practice and describes the elements of quality control and other matters essential to the effective implementation and maintenance of the system. A system of quality control is broadly defined as a process to provide the firm with reasonable assurance that its personnel comply with applicable professional standards and the firm's standards of quality.¹

.02 SQCS No. 2, paragraph 4 (QC section 20.04), provides that the nature, extent, and formality of a firm's quality control policies and procedures depend on a number of factors, such as its size, the number of its offices, the degree of authority allowed its personnel and its offices, the knowledge and experience of its personnel, the nature and complexity of its practice, and appropriate cost-benefit considerations.

.03 A firm should establish a system of quality control that includes policies and procedures related to each of the five elements of quality control identified in SQCS No. 2 (QC section 20), which are as follows:

- a. *Independence, Integrity, and Objectivity*
- b. *Personnel Management*
- c. *Acceptance and Continuance of Clients and Engagements*
- d. *Engagement Performance*
- e. *Monitoring*

.04 The monitoring element of quality control is further described in SQCS No. 3, *Monitoring a CPA Firm's Accounting and Auditing Practice* (QC section 30). The personnel management element of quality control is further described in SQCS No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*.

.05 The elements of quality control are interrelated. For example, the maintenance of *Integrity, Objectivity*, and, where required, *Independence* requires a continuing assessment of client relationships that affect policies and procedures for the acceptance and continuance of clients and engagements. Similarly, the element of *Personnel Management* encompasses criteria for professional development, hiring, advancement, and assignment of the firm's personnel to engagements, which affect policies and procedures developed to meet the objectives of the quality control element of *Engagement Performance*. Similarly, policies and procedures for the quality control element of *Monitoring* evaluate whether the policies and procedures that are required by the firm related to each of the other four elements of quality control are suitably designed and are being effectively applied.

.06 When a firm merges, acquires, sells or otherwise changes a portion of its practice, the surviving firm should evaluate and, as necessary, revise, implement, and maintain firm-wide quality control policies and procedures appropriate in light of the changed circumstances.

Independence, Integrity, and Objectivity

.07 The objective of the *Independence, Integrity, and Objectivity* element of a system of quality control is to provide the firm with reasonable assurance that personnel maintain independence (in fact and in appearance)

¹ Deficiencies in individual audit, attest, review, and compilation engagements do not, in and of themselves, indicate that the firm's system of quality control is insufficient to provide it with reasonable assurance that its personnel comply with applicable professional standards.

in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities.

- .08 This objective ordinarily would be satisfied by establishing and maintaining policies such as—
- Requiring that personnel adhere to applicable independence, integrity, and objectivity requirements. Regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, the Securities and Exchange Commission (SEC), and other regulatory agencies should be considered where applicable.
 - Communicating policies and procedures relating to independence, integrity, and objectivity to personnel.
 - Confirming the independence of another firm engaged to perform part (or parts) of an engagement, or when acting as principal auditor.

Personnel Management*

.09 The objective of the *Personnel Management* element of a system of quality control is to provide the firm with reasonable assurance that all personnel have the proficiency to perform their assigned responsibilities. Attributes or qualities that enhance the proficiency of personnel who perform, supervise, or review work include integrity, objectivity, intelligence, judgment, competence, experience, and motivation.

- .10 This objective ordinarily would be satisfied by establishing and maintaining policies such as—
- Hiring personnel who possess the appropriate characteristics to enable them to perform competently.
 - Assigning personnel who have the degree of technical training and proficiency required in the circumstances. In making assignments, the nature and extent of supervision to be provided should be considered. Generally, the more qualified and experienced the personnel assigned to a particular engagement, the less direct supervision is needed. Conversely, the less qualified and less experienced the personnel assigned, the more direct supervision generally is needed.
 - Having personnel participate in general and industry-specific continuing professional education and professional development activities that enable them to fulfill responsibilities assigned, and satisfy applicable continuing professional education requirements of the AICPA and regulatory agencies.
 - Selecting for advancement only those who have the qualifications necessary for fulfillment of the responsibilities they will be called on to assume.

Acceptance and Continuance of Clients and Engagements

.11 The objective of the *Acceptance and Continuance of Clients and Engagements* element of a system of quality control is to establish criteria for deciding whether to accept or continue a client relationship and whether to perform a specific engagement for that client. Such policies and procedures should provide the firm with reasonable assurance that (a) the likelihood of association with a client whose management lacks integrity is minimized, (b) the firm undertakes only those engagements that can be completed with professional competence, (c) the risks associated with providing professional services in particular circumstances are appropriately considered, and (d) an understanding is reached with the client regarding the services to be performed.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

.12 These objectives ordinarily would be satisfied, both with respect to the initial period for which the firm is performing its service and for subsequent periods, by establishing and maintaining policies such as—

- Evaluating factors that have a bearing on management's integrity.
- Evaluating whether the engagement the firm will perform can be completed with professional competence and, accordingly, undertaking only those engagements that can be completed with professional competence; and appropriately considering the risk associated with providing professional services in particular circumstances.
- Obtaining an understanding with the client regarding the services to be performed.

Engagement Performance

.13 The objective of the *Engagement Performance* element of a system of quality control is to provide the firm with reasonable assurance that the work performed by engagement personnel meets the applicable professional standards, regulatory requirements, and the firm's standards of quality. Policies and procedures for engagement performance encompass all phases of the design and execution of the engagement. To the extent appropriate and as required by applicable professional standards, these policies and procedures should cover planning, performing, supervising, reviewing, documenting, and communicating the results of each engagement. Where applicable, these policies and procedures should also address the concurring partner review requirements applicable to SEC engagements as set forth in membership requirements of the SEC Practice Section of the AICPA. Policies and procedures should also provide that personnel refer to authoritative literature or other sources and consult, on a timely basis, with individuals within or outside the firm, when appropriate.

.14 This objective ordinarily would be satisfied by establishing and maintaining policies such as—

- Requiring that all engagements be planned to meet professional, regulatory, and the firm's requirements.
- Requiring that the work performed and the reports and other communications issued meet professional, regulatory, and the firm's requirements.
- Identifying areas and specialized situations where consultation is necessary and requiring personnel to refer to authoritative literature or other sources or consult, on a timely basis, with individuals within or outside the firm, when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

Monitoring

.15 The objective of the *Monitoring* element of a system of quality control is to provide the firm with reasonable assurance that the policies and procedures relating to the other elements of quality control are suitably designed and being effectively applied. Monitoring is an ongoing consideration and evaluation process.

.16 This objective ordinarily would be satisfied by establishing and maintaining policies for considering and evaluating, on an ongoing basis—

- The relevance and adequacy of the firm's quality control policies and procedures.
- The appropriateness of the firm's guidance materials and any practice aids.
- The effectiveness of professional development activities.
- Compliance with the firm's policies and procedures.

Illustrative Examples

.17 The remainder of this Guide provides illustrative examples of the types of policies a firm should consider for each of the elements of quality control. Each chapter provides examples of procedures that a firm might consider in implementing and maintaining such policies. The specific policies and procedures used by a firm would not necessarily include all those described or be limited to those illustrated. Most firms will find it appropriate to communicate their policies and procedures in writing. These examples are based on the assumption that each firm's quality control policies and procedures are in writing and distributed to all personnel. The illustrative examples are provided through four hypothetical firms—National CPA Firm, Regional Accountants, AnyCity CPAs, and Jane Brown, CPA—with the following characteristics:

- a. National CPA Firm is one of the largest firms in the country. It has sixty offices, eight hundred partners, five thousand professionals, five hundred publicly held clients, and it performs services for clients in a variety of industries. (Chapter 2)
- b. Regional Accountants has ten offices in three states and is centrally managed. Regional has thirty-five partners, two hundred professionals, and twenty-five SEC clients. In addition to servicing SEC clients, it has a concentration in audit and attest services for financial institutions. (Chapter 3)
- c. AnyCity CPAs is a local, one-office firm with three partners and ten professionals. Its accounting and auditing practice includes a concentration in employee benefit plan audits. AnyCity CPAs has no SEC clients. (Chapter 4)
- d. Jane Brown, CPA, is a sole owner without any professional staff, who occasionally hires per diem professionals. Her accounting practice consists only of services performed under Statements on Standards for Accounting and Review Services (SSARs). (Chapter 5)

Chapter 2

NATIONAL CPA FIRM'S SYSTEM OF QUALITY CONTROL FOR ITS ACCOUNTING AND AUDITING PRACTICE

.18 This chapter describes how National CPA Firm implements each element of quality control for its accounting and auditing practice. National CPA Firm is a hypothetical firm. It is presumed to be one of the largest firms in the country. It has sixty offices, eight hundred partners, five thousand professionals, and five hundred publicly held clients, and performs services for clients in a variety of industries.

Independence, Integrity, and Objectivity

.19 The objective of the *Independence, Integrity, and Objectivity* element of a system of quality control is to provide the firm with reasonable assurance that personnel maintain independence (in fact and in appearance) in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities.

.20 National CPA Firm satisfies this objective by establishing and maintaining the following policies and procedures.

.21 Policy 1

Personnel will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, the Securities and Exchange Commission, and other regulatory agencies where applicable.

.22 National CPA Firm implements this policy by—

- a. Developing and maintaining a Professional Practice Manual that contains policies and procedures relating to independence, integrity, and objectivity. Such policies and procedures contain the firm's interpretations of professional and regulatory requirements, and guidance for identifying and resolving potential issues.
- b. Designating a quality assurance partner in each office to provide guidance, answer questions, and resolve matters.
- c. Designating a partner in its national office to answer more complex matters and determine the circumstances that might require consultation with sources outside the firm.
- d. Identifying circumstances where documentation of the resolution of matters is appropriate.
- e. Obtaining written representations from personnel, upon hire and on an annual basis, stating whether they are familiar with and are in compliance with professional standards and the firm's policies and procedures regarding independence, integrity, and objectivity. The quality assurance partner in each office is responsible for obtaining such representations and reviewing compliance files for completeness. A partner in its national office is responsible for resolving reported exceptions.
- f. Requiring the managing partner in each office to periodically review unpaid fees from clients to ascertain whether any outstanding amounts impair the firm's independence.

.23 Policy 2

Personnel will be familiar with policies and procedures relating to independence, integrity, and objectivity.

.24 National CPA Firm implements this policy by—

- a. Providing each of its personnel with access to a personal computer and software that has access to databases containing professional and regulatory literature and advising them that they are expected to be familiar with that literature.
- b. Emphasizing the concepts of independence, integrity, and objectivity in its professional development meetings, in the acceptance and continuance of clients and engagements, and in the performance of engagements, including discussing the types of nonattest services that could impact independence.
- c. Informing personnel on a timely basis of those entities to which independence policies apply, by—
 1. Preparing and maintaining lists of entities to which independence policies apply.
 2. Making the lists available to personnel who need them to determine their independence (including personnel new to the firm or to an office, and certain former partners²).
 3. Notifying personnel of changes in the lists on a timely basis via a memorandum or the firm's E-mail system.

.25 Policy 3

Confirm the independence of another firm performing parts of an engagement, or when we act as principal auditor.

.26 National CPA Firm implements this policy by—

- a. Describing in its Professional Practice Manual the form, content, and frequency of independence representations that are to be obtained.
- b. Requiring that such representations be documented.

Personnel Management*

.27 The objective of the *Personnel Management* element of a system of quality control is to provide the firm with reasonable assurance that all personnel have the proficiency to perform their assigned responsibilities. Attributes or qualities that enhance the proficiency of personnel who perform, supervise, or review work include integrity, objectivity, intelligence, judgment, competence, experience, and motivation.

.28 National CPA Firm satisfies this objective by establishing and maintaining the following policies and procedures.

.29 Policy 1

Personnel who are hired will possess the appropriate characteristics to enable them to perform competently.

.30 National CPA Firm implements this policy by—

- a. Maintaining a national human resource function that establishes the firm's hiring objectives and evaluates the firm's personnel needs, including—

² AICPA's *Professional Standards*, volume 2, ET section 101.04, discusses circumstances when activities of a former practitioner could affect the firm's independence.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

- Designating a partner in its national office to be responsible for evaluating the firm's overall personnel needs and establishing hiring objectives based on factors such as clientele, anticipated growth, personnel turnover, and individual advancement.
 - Developing and maintaining a Human Resource Manual that identifies attributes, achievements, and experiences desired in entry-level and experienced personnel.
 - Establishing criteria to evaluate personal characteristics such as integrity, competence, and motivation.
 - Setting guidelines for additional procedures that are necessary when hiring experienced personnel, such as performing background checks and inquiring about any outstanding regulatory actions.
- b. Designating a qualified individual in each practice office to be responsible for managing the human resource function. This individual's responsibilities include—
- Preparing budgets of personnel needs for all levels.
 - Identifying sources of employment candidates such as universities and executive recruiters, and coordinating the hiring process within the practice office.
 - Selecting and training those individuals who will be interviewing candidates or otherwise participating in the hiring process.
 - Summarizing and evaluating the results of the hiring process for each candidate and providing final approval for hiring.

.31 Policy 2

The firm will make personnel assignments based on the degree of technical training and proficiency required in the circumstances and the nature and extent of supervision to be provided.

.32 National CPA Firm implements this policy by designating an appropriate person in each office to be responsible for assigning personnel to engagements based on such factors as—

- Engagement size and complexity.
- Specialized experience or expertise required.
- Personnel availability and involvement of supervisory personnel.
- Timing of the work to be performed.
- Continuity and rotation of personnel.
- Opportunities for on-the-job training.
- Situations where independence or objectivity concerns exist.

For partner and manager assignments, such person shall be a partner, and in the case of high-risk engagements, approval of the partner assignment is to be obtained from the industry partner or the quality assurance partner.

.33 Policy 3

Personnel will participate in general and industry-specific continuing professional education and professional development activities that enable them to satisfy responsibilities assigned and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

.34 National CPA Firm implements this policy by—

- a. Maintaining a national professional development group to develop firm requirements and program materials for professional development and assigning responsibility for the professional development function to the Director of Professional Development. The group's responsibilities include—
 - Setting guidelines for participation by personnel in professional development programs and considering the requirements of the AICPA, state boards of accountancy, and regulatory agencies in establishing the firm's CPE requirements.
 - Maintaining appropriate documentation evidencing that personnel have met the professional educational requirements of the firm, the AICPA, and other regulatory bodies.
 - Providing an orientation program and training for newly employed personnel to inform them of their professional responsibilities and the firm's policies.
 - Preparing publications and programs designed to inform personnel of their responsibilities and opportunities.
 - Developing in-house staff training programs that focus on general and industry-specific accounting and auditing subject matter.
- b. Assigning responsibility to an office or industry partner to establish a professional development program that provides that personnel in the office or those serving clients in an industry participate in professional development activities in accordance with firm guidelines and in subjects that are relevant to their responsibilities.
- c. Communicating and distributing to personnel changes in accounting, auditing, and independence, integrity, and objectivity requirements and the firm's guidance with respect to them.
- d. Encouraging participation in other professional development activities for personnel at each level within the firm, such as participation in external professional development programs, including graduate-level university and self-study courses, membership in professional organizations, serving on professional committees, and writing for professional publications.

.35 Policy 4

Personnel selected for advancement will have the qualifications necessary to fulfill the responsibilities they will be called on to assume.

.36 National CPA Firm implements this policy by—

- a. Maintaining a national human resource function to identify and communicate, in the firm's Human Resource Manual, the qualifications necessary to fulfill responsibilities at each professional level within the firm by—
 1. Establishing the criteria for evaluating personnel at each professional level and for advancement to the next higher level of responsibility.
 2. Developing evaluation forms for each professional staff classification.
- b. Assigning responsibility to a partner in each office for making advancement and termination decisions for staff and recommendations for manager- and partner-level advancements and terminations to the firm's management committee. Such responsibilities should include—
 1. Identifying responsibilities and requirements for evaluations at each level indicating who will prepare the evaluations and when they will be prepared.
 2. Reviewing evaluations with the individual being evaluated on a timely basis.

- c. Counseling personnel regarding their progress and career opportunities by—
 - 1. Annually summarizing and reviewing with personnel the evaluation of their performance, including an assessment of their progress with the firm. Considerations should include performance, future objectives of the firm and the individual, assignment preferences, and career opportunities.
 - 2. Annually evaluating partners by means of counseling, peer evaluation, or self-appraisal, as appropriate, regarding whether they continue to have the qualifications to fulfill their responsibilities or to assume added responsibilities.

Acceptance and Continuance of Clients and Engagements

.37 The objective of the *Acceptance and Continuance of Clients and Engagements* element of a system of quality control is to establish criteria for deciding whether to accept or continue a client relationship and whether to perform a specific engagement for that client. Such policies and procedures should provide the firm with reasonable assurance that (a) the likelihood of association with a client whose management lacks integrity is minimized, (b) the firm undertakes only those engagements that can be completed with professional competence, (c) the risks associated with providing professional services in particular circumstances are appropriately considered, and (d) an understanding with the client regarding the services to be performed is reached.

.38 National CPA Firm satisfies this objective, both with respect to the initial period for which the firm is performing its service and for subsequent periods, by establishing and maintaining the following policies and procedures.

.39 Policy 1

The firm will evaluate factors that have a bearing on management's integrity.

.40 National CPA firm implements this policy by—

- a. Developing and maintaining a Professional Practice Manual that contains policies and procedures relating to the acceptance of prospective clients and the continuance of current clients. Such policies and procedures state that the firm's clients should not present undue risks to the firm, including damage to the firm's reputation.
- b. Advising personnel that they are expected to be familiar with the firm's policies and procedures for acceptance and continuance of clients.
- c. Obtaining and evaluating information before accepting or continuing a client, as applicable:
 - 1. Available information regarding the client and its operations from sources such as annual reports, interim financial statements, registration statements, Form 10-K, Form 8-K, other reports to regulatory agencies, enforcement actions by regulatory agencies, and income tax returns.
 - 2. The nature and purpose of the services to be provided by making inquiries of client management.
 - 3. Information regarding the client and its management and principals that may have a bearing on evaluating the client by making inquiries of third parties such as bankers, legal counsel, investment bankers, underwriters, and other members of the financial or business community who may have appropriate knowledge. Inquiries might also be made about management's attitude toward compliance with outside regulatory or legislative requirements and the presence of reportable conditions, especially those that management is unwilling to correct. In certain circumstances, background checks by investigative firms are required.

- d. Communicating with the predecessor accountant when required or suggested by professional standards. This communication also includes inquiries regarding the nature of any disagreements, and other events required to be reported by Form 8-K, and whether evidence of “opinion shopping” exists.
- e. Evaluating the information obtained regarding management’s integrity.

.41 Policy 2

The firm will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

.42 National CPA Firm implements this policy by—

- a. Evaluating whether the practice office has obtained or can reasonably expect to obtain the knowledge and expertise necessary to enable it to perform the engagement, for example, through use of other practice offices’ resources.
- b. Specifying conditions that require evaluation of a specific client or engagement, obtaining relevant information to determine whether the relationship should be continued, and establishing a time period for evaluations to be made (for example, continuance decisions should be made at least annually). Conditions include the following:
 - Significant changes in the client, for example, a major change in ownership, senior personnel, directors, advisors, the nature of its business, or its financial stability.
 - Changes in the nature or scope of the engagement, including requests for additional services.
 - Changes in the strategic focus or composition of the firm, for example, a decision to discontinue services to clients in a particular industry.
 - The existence of conditions that would have caused the firm to reject the engagement had such conditions existed at the time of the initial acceptance. These conditions may include unreliable processes for making accounting estimates, questionable estimates by management, questions regarding the entity’s ability to continue as a going concern, or other factors that may increase the risk of being associated with the client.
 - Client delinquent in paying fees. (This may also affect the firm’s independence.)
 - Engagements for entities operating in highly specialized or regulated industries, including financial institutions, governmental entities, and engagements for employee benefit plans.
 - Engagements for entities in the development stage.
- c. Evaluating the information obtained regarding the acceptance or continuance of the client or engagement.
 - 1. All information obtained about the client or the specific engagement is to be evaluated by the engagement partner and a recommendation is made regarding whether the client or engagement should be accepted or continued.
 - 2. The engagement partner completes a client acceptance form and submits it to the practice office managing partner for approval.
 - 3. The engagement partner signs a step in the planning program noting client continuance, and a form documenting client continuance is completed if conditions identified in *b.* above exist.

4. The managing partner of the practice office is responsible for evaluating and approving the recommendation made by the engagement partner. In certain defined circumstances, such as new SEC engagements and high-risk engagements, documented acceptance may also require the approval of the national office.

.43 Policy 3

The firm will obtain an understanding with the client regarding the services to be performed.

.44 National CPA Firm implements this policy by requiring that all understandings with the client be in writing by obtaining an engagement letter for all engagements, thus minimizing the risk of misunderstandings regarding the nature, scope, and limitations of the services to be performed.

Engagement Performance

.45 The objective of the *Engagement Performance* element of a system of quality control is to provide the firm with reasonable assurance that the work performed by engagement personnel meets the applicable professional standards, regulatory requirements, and the firm's standards of quality. Policies and procedures for engagement performance encompass all phases of the design and execution of the engagement. To the extent appropriate and as required by applicable professional standards, these policies and procedures should cover planning, performing, supervising, reviewing, documenting, and communicating the results of each engagement. Where applicable, these policies and procedures should also address the concurring partner review requirements applicable to SEC engagements as set forth in membership requirements of the SEC Practice Section of the AICPA. Policies and procedures should also provide that personnel refer to authoritative literature or other sources and consult, on a timely basis, with individuals within or outside the firm, when appropriate.

.46 National CPA Firm satisfies this objective by establishing and maintaining the following policies and procedures.

.47 Policy 1

Planning for engagements will meet professional, regulatory, and the firm's requirements.

.48 National CPA Firm implements this policy by developing, maintaining, and providing personnel with the firm's Professional Practice Manual, which prescribes the factors to be considered in the planning process by the engagement team and the extent of documentation of the considerations which may vary depending on the size and complexity of the engagement. Planning considerations include—

- Making the engagement partner or another qualified individual responsible for planning an engagement and assigning responsibilities to appropriate personnel during the planning phase.
- Developing or updating background information.
- Requiring planning documentation that includes—
 - Development of proposed work program, tailored to the specific engagement.
 - Staffing requirements and the need for specialized knowledge, which may have to be obtained from another practice office.
 - Considering economic conditions affecting the client or its industry and their potential impacts on the conduct of the engagement.
 - Considering risks and how they may affect the procedures to be performed.
 - Preparing a budget that allocates a sufficient amount of time so the engagement will be performed in accordance with professional standards and the firm's quality control policies and procedures.

.49 Policy 2

The engagement will be performed, supervised, reviewed, documented, and communicated in accordance with the requirements of professional standards, regulatory authorities, and the firm.

.50 National CPA Firm implements this policy by—

- a. Providing personnel with the firm's Professional Practice Manual, which—**
 - 1. Prescribes the form and content of working papers, including firm-generated forms, checklists, and questionnaires that are to be used in the performance of engagements, the form in which instructions are given to other offices or correspondents, and the extent to which their work is reviewed and documented.
 - 2. Specifies the extent of overall engagement review at all professional levels so that the financial statements meet professional and firm presentation and disclosure standards.
 - 3. Specifies the extent of review that should be performed of communications to be made to management and the board of directors.
- b. Assigning responsibility for the review of all reports, financial statements, and working papers to a reviewer senior to the preparer in accordance with procedures outlined in the firm's Professional Practice Manual to obtain reasonable assurance that—**
 - 1. The nature, timing, and extent of procedures performed are consistent with risk assessments made and the approach described in the planning documentation and that exceptions are appropriately investigated. The appropriateness of planned procedures should be reconsidered when significant changes in risk factors occur or are identified between the planning phase of the engagement and the execution of substantive procedures.
 - 2. Firm-prescribed forms, checklists, and questionnaires, tailored as appropriate, are used in the performance of the engagement and reporting on it.
- c. Requiring a second review of the report, financial statements, and selected working papers by a partner or manager as prescribed in the firm's Professional Practice Manual. The extent of review varies based on the type of engagement; for example, audits of SEC clients and high-risk engagements, as defined by the firm, receive the most extensive review.**
- d. Complying with the concurring partner review requirements applicable to SEC engagements as set forth in membership requirements of the SEC Practice Section of the AICPA.**
- e. Adhering to the following guidelines set up by the firm regarding the review of working papers, financial statements, and for documentation of the review process:**
 - 1. All reviewers are to have appropriate experience, competence, and responsibility.
 - 2. All work performed and the reports and financial statements issued are to be complete and comply with professional standards and firm policy.
 - 3. Appropriate documentation is required on all engagements evidencing review of working papers, financial statements, and reports. Necessary documentation includes completion of the firm's review and approval documentation.
- f. Requiring that differences of professional judgment within an engagement team or with consultants be resolved with the assistance of the office's quality assurance partner and a designated partner in the firm's national office, where applicable. The resolution of the differences must be appropriately documented. If a member of the team continues to disagree with the resolution, he or she may disassociate himself or herself from the resolution of the matter and will be offered the opportunity to document that a disagreement still exists.**

.51 Policy 3

The firm will identify areas and specialized situations where consultation is required and will require personnel to refer to authoritative literature and practice aids and to consult, on a timely basis, with individuals within or outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.52 National CPA Firm implements this policy by—

- a. Providing personnel with the firm's Professional Practice Manual, which specifies the firm's consultation policies and procedures. Areas or specialized situations that may require consultation include—
 - Application of newly issued technical pronouncements.
 - Industries with special accounting, auditing, or reporting requirements.
 - Emerging practice problems.
 - Choices among alternative generally accepted accounting principles upon initial adoption or when an accounting change is made.
 - Reissuance of a report, consideration of omitted procedures after a report has been issued, or subsequent discovery of facts that existed at the time a report was issued.
 - Filing requirements of regulatory agencies.
 - Meetings with the SEC and other regulators, at which the firm is to be called on to support the applications of generally accepted accounting principles which have been questioned.
- b. Designating individuals within the firm as consultants in certain areas. Personnel are to consult with the appropriate individual when issues arise, as specified in the firm's manuals. When differences arise between the engagement partner and the consultant, all resolutions are determined by the office quality assurance partner and, if it continues to be unresolved, a designated national office partner.
- c. Maintaining or providing access to adequate and up-to-date reference libraries in each office, which include materials related to specific industries and regulatory requirements.
- d. Requiring that documentation of consultation include all relevant facts and circumstances, reference to professional literature used in the determination, the conclusions reached, and signatures of the engagement partner and consultant. This documentation is to be retained in the engagement working papers and, at the discretion of the consultant, entered in a retrievable database to promote consistency in the application of generally accepted accounting principles in similar circumstances.

Monitoring

.53 The objective of the *Monitoring* element of a system of quality control is to provide the firm with reasonable assurance that the policies and procedures relating to the other elements of quality control are suitably designed and being effectively applied. Monitoring is an ongoing consideration and evaluation process.

.54 National CPA Firm satisfies this objective by establishing and maintaining the following policies and procedures.

.55 Policy 1

The firm will consider and evaluate, on an ongoing basis, the relevance and adequacy of its quality control policies and procedures.

.56 National CPA Firm implements this policy by designating a partner or group in its national office to be responsible for quality assurance, including—

- a.* Assuring that the firm's quality control policies and procedures and its audit methodology remain relevant and adequate. Factors to be considered include—
 - Mergers and divestitures of portions of the practice.
 - Changes in professional standards and SEC or other regulatory requirements applicable to the firm's practice.
 - Results of annual inspections and peer reviews.
 - Review of litigation and regulatory enforcement actions against the firm and others.
 - The impact that changes in technology may have on clients' methods of doing business.
 - Changes in clients' industries that impact their operations.
 - Changes in applicable AICPA membership requirements.
- b.* Determining whether personnel have been appropriately informed of their responsibilities for maintaining the firm's standards of quality in performing their duties.
- c.* Identifying the need to—
 1. Revise policies and procedures related to the other elements of quality control because they are ineffective or inappropriately designed.
 2. Improve compliance with firm policies and procedures that are related to the other elements of quality control.

.57 Policy 2

The firm will consider and evaluate, on an ongoing basis, the appropriateness of its guidance materials and any practice aids.

.58 National CPA Firm implements this policy by—

- a.* Reviewing and updating firm practice aids, such as audit programs, forms, and checklists, based on the issuance of new professional pronouncements.
- b.* Issuing professional practice alerts to notify and provide guidance to personnel regarding new professional standards, regulatory requirements, and related changes to firm policy.
- c.* Having national office personnel periodically visit offices and interview partners and managers regarding the effectiveness of practice aids and tools.

.59 Policy 3

The firm will consider and evaluate, on an ongoing basis, the effectiveness of professional development programs.

.60 National CPA Firm implements this policy by—

- a. Having the National Professional Development Group review the summary of evaluations of national training programs to determine whether the national professional development programs are achieving their objectives.
- b. Having the National Professional Development Group review the overall professional development plan to determine whether professional staff are receiving the appropriate mix of in-house training, AICPA or state society classroom training, and self-study programs.
- c. Having the National Professional Development Group review summaries of CPE records for the firm's professional staff to determine that each practice office has established a means of tracking each professional's compliance with the requirements of the firm, the AICPA, and other regulatory bodies.
- d. Interviewing selected professional personnel regarding the effectiveness of training programs.
- e. Considering the results of the firm's inspection procedures in connection with the effectiveness of the firm's professional development program.
- f. Ascertaining whether inquiries received by individuals consulted within the firm indicate the need for additional CPE programs.

.61 Policy 4

The firm will consider and evaluate, on an ongoing basis, compliance with its policies and procedures.

.62 National CPA Firm implements this policy by making its national quality assurance partner responsible for the preparation of checklists and practice aids to be used in performing monitoring and inspection procedures. These procedures include—

- Developing and coordinating the firm's inspection program to achieve feedback about the effectiveness of the firm's policies and procedures.
- Developing a plan for an appropriate test of compliance with the firm's policies and procedures on a sample of engagements. Such a review could be preissuance or postissuance.
- Reviewing correspondence prepared by national office personnel regarding consultation on independence, integrity, and objectivity matters, acceptance and continuance decisions, and engagement performance.
- Reviewing the resolution of matters reported by professional personnel on independence circularization forms to determine that matters have been appropriately considered and resolved.
- Interviewing personnel at all professional management and staff levels to obtain information regarding operating procedures in practice offices and to determine whether personnel are knowledgeable of firm policies and procedures and whether they are being effectively communicated.
- Reviewing the following documentation to determine compliance with firm policies and procedures:
 - a. Personnel evaluations, including documentation of hiring and advancement decisions
 - b. Documentation of client acceptance and continuance decisions
 - c. Participants' evaluations of training programs
 - d. Professional development records of professional personnel
 - e. Correspondence regarding the resolution of independence matters within the practice office

- Reviewing a cross-section of engagements that have had a preissuance or postissuance review from selected practice offices using the following criteria:
 - a.* All partners and those managers who have significant accounting and auditing responsibilities in the selected offices
 - b.* Significant specialized industries with emphasis given to high-risk industries
 - c.* First-year engagements
 - d.* Level of service performed (that is, audit, review, compilation, and agreed-upon procedures)
 - e.* Level of attestation services performed (that is, examination, review, and agreed-upon procedures)
- Periodically summarizing and communicating inspection findings to firm personnel on a timely basis.
- Communicating findings to practice office personnel and determining the corrective actions to be taken on the engagements reviewed. These findings are discussed and communicated in a report issued to each office. The practice office responds regarding the specific corrective actions or steps to be taken to improve compliance with the firm's policies and procedures and professional standards.
- Communicating the need for improved compliance with or changes to the system of quality control in training programs, partner or manager meetings, and firm policy correspondence.
- Preparing a summary inspection report that evaluates the overall results of the inspection to determine whether—
 - a.* The firm as a whole needs to improve compliance with the firm's policies and procedures.
 - b.* Revisions to the firm's quality control policies and procedures are necessary.
- Periodically reviewing the system of personnel evaluation and counseling to ascertain that—
 - a.* Procedures for evaluation and documentation are being followed on a timely basis.
 - b.* Requirements established for advancement are being achieved.
 - c.* Personnel decisions are consistent with evaluations.
 - d.* Recognition is given to outstanding performance.

Chapter 3

REGIONAL ACCOUNTANTS' SYSTEM OF QUALITY CONTROL FOR ITS ACCOUNTING AND AUDITING PRACTICE

.63 This chapter describes how Regional Accountants implements each element of quality control for its accounting and auditing practice. Regional Accountants is a hypothetical firm. It is presumed to have ten offices in three states and to be centrally managed. Regional has thirty-five partners, two hundred professionals and twenty-five SEC clients. In addition to servicing SEC clients, it has a concentration in audit and attest services for financial institutions.

Independence, Integrity, and Objectivity

.64 The objective of the *Independence, Integrity, and Objectivity* element of a system of quality control is to provide the firm with reasonable assurance that personnel maintain independence (in fact and in appearance) in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities.

.65 Regional Accountants satisfies this objective by establishing and maintaining the following policies and procedures.

.66 Policy 1

Personnel will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, the Securities and Exchange Commission, and other regulatory agencies where applicable.

.67 Regional Accountants implements this policy by—

- a. Developing and maintaining a manual that contains the firm's policies and procedures relating to independence, objectivity, and integrity. Such policies and procedures contain the firm's interpretations of professional and regulatory requirements, and guidance for identifying and resolving potential issues or situations.
- b. Designating one of its partners to provide guidance, answer questions and resolve matters, and determine the circumstances that might require consultation with sources outside the firm.
- c. Identifying circumstances where documentation of the resolution of matters is appropriate.
- d. Obtaining written representations from personnel, upon hire and on an annual basis, stating whether they are familiar with and are in compliance with professional standards and the firm's policies and procedures regarding independence, integrity, and objectivity.
- e. Assigning responsibility for obtaining such representations, reviewing compliance files for completeness, and resolving reported exceptions to the firm's quality control partner.
- f. Requiring the managing partner in each office to periodically review unpaid fees from clients to ascertain whether any outstanding amounts impair the firm's independence.

.68 Policy 2

Personnel will be familiar with policies and procedures relating to independence, integrity, and objectivity.

.69 Regional Accountants implements this policy by—

- a. Providing personnel with access to a computer and software that has access to databases containing professional and regulatory literature and advising them that they are expected to be familiar with that literature.
- b. Emphasizing the concepts of independence, integrity, and objectivity in its professional development meetings, in the acceptance and continuance of clients and engagements, and in the performance of engagements, including discussing the implications regarding engagements for financial institutions, such as the prohibition of any member of the engagement team having a loan with the institution, and the types of nonattest services that could affect independence.
- c. Informing personnel on a timely basis of those entities to which independence policies apply, by—
 1. Preparing and maintaining lists of entities to which independence policies apply.
 2. Making the lists available to personnel who need them to determine their independence (including personnel new to the firm or to an office, and certain former partners³).
 3. Notifying personnel of changes in the lists on a timely basis via a memorandum or the firm's E-mail system.

.70 Policy 3

Confirm the independence of another firm performing parts of an engagement, or when we act as principal auditor.

.71 Regional Accountants implements this policy by—

- a. Describing in its policies and procedures manual the form, content, and frequency of independence representations that are to be obtained.
- b. Requiring that such representations be documented.

Personnel Management*

.72 The objective of the *Personnel Management* element of a system of quality control is to provide the firm with reasonable assurance that all personnel have the proficiency to perform their assigned responsibilities. Attributes or qualities that enhance the proficiency of personnel who perform, supervise, or review work include integrity, objectivity, intelligence, judgment, competence, experience, and motivation.

.73 Regional Accountants satisfies this objective by establishing and maintaining the following policies and procedures.

.74 Policy 1

Personnel who are hired will possess the appropriate characteristics to enable them to perform competently.

³ AICPA's *Professional Standards*, volume 2, ET section 101.04, discusses circumstances when activities of a former practitioner could affect the firm's independence.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

.75 Regional Accountants implements this policy by maintaining firm-wide hiring objectives and evaluating the firm's personnel needs, including—

- Designating a partner or a qualified individual in each office to be responsible for evaluating that practice office's overall personnel needs and establishing hiring objectives based on factors such as clientele, anticipated growth, personnel turnover, and individual advancement.
- Developing and maintaining personnel policies and procedures that identify attributes, achievements, and experiences desired in entry-level and experienced personnel.
- Establishing criteria to evaluate personal characteristics such as integrity, competence, and motivation.
- Setting guidelines as to additional procedures that are necessary when hiring experienced personnel, such as performing background checks and inquiring about any outstanding regulatory actions.
- Identifying sources of employment candidates such as universities and executive recruiters, and coordinating the hiring process within the practice office.
- Selecting and training the individuals who will be interviewing candidates or otherwise participating in the hiring process.
- Summarizing and evaluating the results of the hiring process for each candidate and providing final approval for hiring.

.76 Policy 2

The firm will make personnel assignments based on the degree of technical training and proficiency required in the circumstances and the nature and extent of supervision to be provided.

.77 Regional Accountants implements this policy by—

- a. Designating an appropriate person in each office to be responsible for assigning personnel to engagements based on such factors as—
 - Engagement size and complexity.
 - Specialized experience and expertise required.
 - Personnel availability and involvement of supervisory personnel.
 - Timing of the work to be performed.
 - Continuity and rotation of personnel.
 - Opportunities for on-the-job training.
 - Situations where independence or objectivity concerns exist.
- b. Designating the quality control partner as the person responsible for approval of the partner assignments on high-risk engagements.

.78 Policy 3

Personnel will participate in general and industry-specific continuing professional education and professional development activities that enable them to satisfy responsibilities assigned and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

.79 Regional Accountants implements this policy by—

- a. Designating one partner responsible for developing firm requirements and program materials for professional development. These responsibilities include—
- Setting guidelines for participation by personnel in professional development programs, and considering requirements of the AICPA, state boards of accountancy, and regulatory agencies in establishing the firm's CPE requirements.
 - Maintaining appropriate documentation evidencing that personnel have met the professional education requirements of the firm, the AICPA, and other regulatory bodies.
 - Providing an orientation program and training for newly employed personnel to inform them of their professional responsibilities and firm policies.
 - Preparing publications and programs designed to inform personnel of their responsibilities and opportunities.
 - Developing in-house staff training programs that focus on general and industry-specific accounting and auditing subject matter, including audits of financial institutions.
- b. Assigning responsibility to an office or industry partner to maintain a professional development program that provides that personnel in the office or those serving clients in an industry participate in professional development activities in accordance with firm guidelines and in subjects that are relevant to their responsibilities.
- c. Communicating and distributing to personnel changes in accounting, auditing, and independence, integrity, and objectivity requirements and the firm's guidance with respect to them.
- d. Encouraging participation in other professional development activities for personnel at each level within the firm, such as participation in external professional development programs, including graduate level and self-study courses, membership in professional organizations, serving on professional committees, and writing for professional publications.

.80 Policy 4

Personnel selected for advancement will have the qualifications necessary to fulfill the responsibilities they will be called on to assume.

.81 Regional Accountants implements this policy by—

- a. Appointing a Director of Human Resources to identify and communicate in the firm's policies and procedures manual the qualifications necessary to fulfill responsibilities at each professional level within the firm by—
1. Establishing the criteria for evaluating personnel at each professional level and for advancement to the next higher level of responsibility.
 2. Developing evaluation forms for each professional staff classification.
- b. Assigning responsibility to one of its partners for making advancement and termination decisions for staff and recommendations for manager- and partner-level advancements and terminations to the firm's management committee. Such responsibilities should include—
1. Identifying responsibilities and requirements for evaluation at each level and indicating who will prepare evaluations and when they will be prepared.
 2. Reviewing evaluations with the individual being evaluated on a timely basis.
- c. Counseling personnel regarding their progress and career opportunities by—

1. Annually summarizing and reviewing with personnel the evaluation of their performance, including an assessment of their progress with the firm. Considerations should include performance, future objectives of the firm and the individual, assignment preferences, and career opportunities.
2. Periodically evaluating partners by means of counseling, peer evaluation, or self-appraisal, as appropriate, regarding whether they continue to have the qualifications to fulfill their responsibilities or assume added responsibilities.

Acceptance and Continuance of Clients and Engagements

.82 The objective of the *Acceptance and Continuance of Clients and Engagements* element of a system of quality control is to establish criteria for deciding whether to accept or continue a client relationship and whether to perform a specific engagement for that client. Such policies and procedures should provide the firm with reasonable assurance that (a) the likelihood of associations with a client whose management lacks integrity is minimized, (b) the firm undertakes only those engagements that can be completed with professional competence, (c) the risks associated with providing professional services in particular circumstances are appropriately considered, and (d) an understanding with the client regarding the services to be performed is reached.

.83 Regional Accountants satisfies this objective, both with respect to the initial period for which the firm is performing its service and for subsequent periods, by establishing and maintaining the following policies and procedures.

.84 Policy 1

The firm will evaluate factors that have a bearing on management's integrity.

.85 Regional Accountants implements this policy by—

- a. Developing and maintaining a policies and procedures manual that contains policies and procedures relating to acceptance of prospective clients and the continuance of current clients. Such policies and procedures state that the firm's clients should not present undue risks to the firm, including damage to the firm's reputation.
- b. Advising personnel that they are expected to be familiar with the firm's policies and procedures for acceptance and continuance of clients.
- c. Obtaining and evaluating information before accepting or continuing a client, as applicable:
 1. Available information regarding the client and its operations from sources such as annual reports, interim financial statements, registration statements, Form 10-K, Form 8-K, other reports to regulatory agencies, enforcement actions by regulatory agencies, and income tax returns.
 2. The nature and purpose of the services to be provided by making inquiries of client management.
 3. Information regarding the client and its management and principals that may have a bearing on evaluating the client by making inquiries of third parties such as bankers, legal counsel, investment bankers, underwriters, and other members of the financial or business community who may have appropriate knowledge. Inquiries might also be made about management's attitude toward compliance with outside regulatory or legislative requirements and the presence of reportable conditions, especially those that management is unwilling to correct. In certain circumstances, background checks by investigative firms are required.

- d. Communicating with the predecessor accountant when required or suggested by professional standards. This communication also includes inquiries regarding the nature of any disagreements and other events required to be reported by Form 8-K, and whether evidence of “opinion shopping” exists.
- e. Evaluating the information obtained regarding management’s integrity.

.86 Policy 2

The firm will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

.87 Regional Accountants implements this policy by—

- a. Evaluating whether the practice office has obtained or can reasonably expect to obtain the knowledge and expertise necessary to enable it to perform the engagement, for example, through the use of another practice office’s resources.
- b. Specifying conditions that require evaluation of a specific client or engagement, obtaining relevant information to determine whether the relationship should be continued, and establishing a time period for evaluations to be made (for example, continuance decisions should be made at least annually). Conditions include the following:
 - Significant changes in the client, for example, a major change in ownership, senior client personnel, directors, advisors, the nature of its business, or its financial stability.
 - Changes in the nature or scope of the engagement, including requests for additional services.
 - Changes in the strategic focus or composition of the firm, for example, the inability to replace the loss of key personnel who are particularly knowledgeable about a specialized industry, or the decision to discontinue services to clients in a particular industry.
 - The existence of conditions that would have caused the firm to reject the engagement had such conditions existed at the time of the initial acceptance. These conditions may include unreliable processes for making accounting estimates, questionable estimates by management, questions regarding the entity’s ability to continue as a going concern, and other factors that may increase the risk of being associated with the client.
 - Client delinquent in paying fees. (This may also affect the firm’s independence.)
 - Engagements for entities operating in highly specialized or regulated industries, including financial institutions and governmental entities, and engagements for employee benefit plans.
 - Engagements for entities in the development stage.
- c. Evaluating the information obtained regarding the acceptance or continuance of the client or engagement.
 - 1. All information obtained about the client or the specific engagement is evaluated by the engagement partner and a recommendation is made regarding whether the client or engagement should be accepted or continued.
 - 2. The engagement partner completes a client acceptance form and submits it to the practice office managing partner for approval.
 - 3. The engagement partner signs a step in the planning program noting client continuance, and a form documenting client continuance is completed if conditions identified in *b.* above exist.

4. The firm's quality control partner is responsible for evaluating and approving the recommendation made by the engagement partner. In certain defined circumstances, such as new SEC engagements or high-risk engagements, documented acceptance or continuance decisions may also require the approval of the firm's managing partner.

.88 Policy 3

The firm will obtain an understanding with the client regarding the services to be performed.

.89 Regional Accountants implements this policy by requiring that all understandings with the client be in writing by obtaining an engagement letter for all engagements, thus minimizing the risk of misunderstandings regarding the nature, scope, and limitations of the services to be performed.

Engagement Performance

.90 The objective of the *Engagement Performance* element of a system of quality control is to provide the firm with reasonable assurance that the work performed by engagement personnel meets the applicable professional standards, regulatory requirements, and the firm's standards of quality. Policies and procedures for engagement performance encompass all phases of the design and execution of the engagement. To the extent appropriate and as required by applicable professional standards, these policies and procedures should cover planning, performing, supervising, reviewing, documenting, and communicating the results of each engagement. Where applicable, these policies and procedures should also address the concurring partner review requirements applicable to SEC engagements as set forth in membership requirements of the SEC Practice Section of the AICPA. Policies and procedures should also provide that personnel refer to authoritative literature or other sources and consult, on a timely basis, with individuals within or outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.91 Regional Accountants satisfies this objective by establishing and maintaining the following policies and procedures.

.92 Policy 1

Planning for engagements will meet professional, regulatory, and the firm's requirements.

.93 Regional Accountants implements this policy by developing, maintaining, and providing personnel with the firm's policies and procedures manual which prescribes the factors to be considered in the planning process by the engagement team and the extent of documentation of the considerations which may vary depending on the size and complexity of the engagement. Planning considerations include—

- Making the engagement partner responsible for planning an engagement and assigning responsibilities to appropriate personnel during the planning phase.
- Developing or updating background information.
- Requiring planning documentation that includes—
 - Development of proposed work program, tailored to the specific engagement.
 - Staffing requirements and the need for specialized knowledge, which may have to be obtained from another practice office.
 - Considering the economic conditions affecting the client or its industry and their potential impacts on the conduct of the engagement.
 - Considering the risks and how they may affect the procedures to be performed.

- Preparing a budget that allocates a sufficient amount of time so the engagement will be performed in accordance with professional standards and the firm's quality control policies and procedures.

.94 Policy 2

The engagement will be performed, supervised, reviewed, documented, and communicated in accordance with the requirements of professional standards, regulatory authorities, and the firm.

.95 Regional Accountants implements this policy by—

- a. Providing personnel with the firm's policies and procedures manual, which—
 - 1. Prescribes the form and content of working papers, including firm-generated or purchased forms, checklists, questionnaires that are to be used in the performance of engagements, the form in which instructions are given to other offices or correspondents, and the extent to which their work is reviewed and documented.
 - 2. Specifies the extent of overall engagement review, at all professional levels, so the financial statements meet professional and firm presentation and disclosure standards.
 - 3. Specifies the extent of review that should be performed of communications to be made to management and the board of directors.
- b. Assigning responsibility for the review of all reports, financial statements, and working papers to a reviewer senior to the preparer in accordance with procedures outlined in the firm's manual to obtain reasonable assurance that—
 - 1. The nature, timing, and extent of procedures performed are consistent with risk assessments made and the approach described in the planning documentation and that exceptions are appropriately investigated. The appropriateness of planned procedures should be reconsidered when significant changes in risk factors occur or are identified between the planning phase of the engagement and the execution of substantive procedures.
 - 2. Firm-prescribed forms, checklists, and questionnaires, tailored as appropriate, are used in the performance of the engagement and reporting on it.
- c. Requiring a second review of the report, financial statements, and selected working papers by a partner or manager as prescribed in the firm's policies and procedures manual. The extent of review varies based on the type of engagement; for example, audits of SEC clients, engagements for financial institutions and high-risk engagements, as defined by the firm, receive the most extensive review.
- d. Complying with the concurring partner review requirements applicable to SEC engagements as set forth in membership requirements of the SEC Practice Section of the AICPA.
- e. Adhering to guidelines set up by the firm regarding the review of working papers, financial statements, and for documentation of the review process:
 - 1. All reviewers are to have appropriate experience, competence and responsibility.
 - 2. All work performed and the reports and financial statements issued are to be complete and comply with professional standards and firm policy.
 - 3. Appropriate documentation is required on all engagements evidencing review of working papers, financial statements, and reports. Necessary documentation includes completion of the firm's review and approval documentation.
- f. Requiring that all differences of professional judgment within an engagement team be resolved by the engagement and quality control partner. The resolution of the differences must be appropriately documented. If a member of the engagement team continues to disagree with the resolution, he or she may disassociate himself or herself from the resolution of the matter and will be offered the opportunity to document that a disagreement still exists.

.96 Policy 3

The firm will identify areas and specialized situations where consultation is required and will require personnel to refer to authoritative literature and practice aids and to consult, on a timely basis, with individuals within or outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.97 Regional Accountants implements this policy by—

- a. Providing personnel with the firm's policies and procedures manual, which specifies the firm's consultation policies and procedures. Areas or specialized situations that may require consultation include—
 - Application of newly issued technical pronouncements.
 - Industries with special accounting, auditing, or reporting requirements.
 - Emerging practice problems.
 - Choices among alternative generally accepted accounting principles upon initial adoption or when an accounting change is made.
 - Reissuance of a report, consideration of omitted procedures after a report has been issued or subsequent discovery of facts that existed at the time a report was issued.
 - Filing requirements of regulatory agencies.
 - Meetings with the SEC and other regulators at which the firm is to be called upon to support the application of generally accepted accounting principles which have been questioned.
- b. Designating individuals within the firm as consultants in certain areas. Personnel are to consult with the appropriate individual when issues arise. When differences arise between the engagement partner and the consultant, the matter is resolved by the firm's quality control partner.
- c. Maintaining or providing access to adequate and up-to-date reference libraries in each office which include materials related to specific industries, specialties, and regulatory requirements.
- d. Requiring that documentation of consultation include all relevant facts and circumstances, reference to professional literature used in the determination, the conclusion reached, and signatures of the engagement partner and consultant. This documentation is to be retained in the engagement working papers, and at the discretion of the consultant, entered in a retrievable database to promote consistency in the application of generally accepted accounting principles in similar circumstances.

Monitoring

.98 The objective of the *Monitoring* element of a system of quality control is to provide the firm with reasonable assurance that the policies and procedures relating to the other elements of quality control are suitably designed and being effectively applied. Monitoring is an ongoing consideration and evaluation process.

.99 Regional Accountants satisfies this objective by establishing and maintaining the following policies and procedures.

.100 Policy 1

The firm will consider and evaluate, on an ongoing basis, the relevance and adequacy of its quality control policies and procedures.

.101 Regional Accountants implements this policy by designating a partner or a management-level individual with appropriate authority to be responsible for quality assurance, including—

- a.* Assuring that the firm's quality control policies and procedures and its audit methodology remain relevant and adequate. Factors to be considered include—
 - Mergers and divestitures of portions of the practice.
 - Changes in professional standards, and SEC or other regulatory requirements applicable to the firm's practice.
 - Results of annual inspections and peer reviews.
 - Review of litigation and regulatory enforcement actions against the firm and others.
 - Impact that changes in technology may have on clients' methods of doing business.
 - Changes in clients' industries that impact their operations.
 - Changes in applicable AICPA membership requirements.
- b.* Determining whether personnel have been appropriately informed of their responsibilities for maintaining the firm's standards of quality in performing their duties.
- c.* Identifying the need to—
 1. Revise policies and procedures related to the other elements of quality control because they are ineffective or inappropriately designed.
 2. Improve compliance with firm policies and procedures that are related to the other elements of quality control.

.102 Policy 2

The firm will consider and evaluate, on an ongoing basis, the appropriateness of its guidance materials and any practice aids.

.103 Regional Accountants implements this policy by—

- a.* Reviewing and updating firm practice aids, such as audit programs, forms, and checklists, based on the issuance of new professional pronouncements.
- b.* Issuing guidance regarding new professional standards, regulatory requirements, and related changes to firm policy.
- c.* Soliciting comments from partners and managers as to the effectiveness of practice aids and tools.

.104 Policy 3

The firm will consider and evaluate, on an ongoing basis, the effectiveness of professional development programs.

.105 Regional Accountants implements this policy by—

- a. Designating a partner or qualified individual in each office to review the summary of evaluations of in-house training programs to determine whether the programs are achieving their objectives.
- b. Designating a partner or qualified individual in each office to review summaries of CPE records for that office's professional staff to determine that the office has established a means of tracking each individual's compliance with the requirements of the AICPA and other regulatory bodies.
- c. Interviewing selected professional personnel regarding the effectiveness of training programs.
- d. Considering the results of the firm's inspection in connection with the effectiveness of the firm's professional development program.
- e. Ascertaining whether inquiries received by individuals consulted within the firm indicate the need for additional CPE programs.

.106 Policy 4

The firm will consider and evaluate, on an ongoing basis, compliance with its policies and procedures.

.107 Regional Accountants implements this policy by making its quality control partner responsible for preparing inspection checklists and guidance materials, or using materials prepared by the AICPA for performing inspection procedures. These procedures include—

- Developing and coordinating the firm's inspection program to achieve feedback about the effectiveness of the firm's policies and procedures.
- Developing a plan for an appropriate test of compliance with the firm's policies and procedures on a sample of engagements. Such a review could be preissuance or postissuance.
- Reviewing the resolution of matters reported by professional personnel on independence circularization forms to determine that matters have been appropriately considered and resolved.
- Interviewing personnel at all professional management and staff levels to obtain information regarding operating procedures in practice offices and to determine whether personnel are knowledgeable of firm policies and procedures and whether they are being effectively communicated.
- Reviewing the following documentation to determine compliance with firm policies and procedures:
 - a. Personnel evaluations, including documentation of hiring and advancement decisions
 - b. Documentation of client acceptance and continuance decisions
 - c. Participants' evaluations of practice office training programs
 - d. Professional development records of personnel
 - e. Correspondence regarding the resolution of independence matters within the practice office
- Reviewing a cross-section of engagements from selected practice offices using the following criteria:
 - a. All partners and managers who have significant accounting and auditing responsibilities in the selected offices
 - b. Engagements for financial institutions
 - c. First-year engagements
 - d. Significant specialized industries with emphasis given to high-risk industries

- e.* Level of service performed (that is, audit, review, compilation, and attestation)
 - f.* Level of attestation services performed (that is, examination, review, and agreed-upon procedures)
- Summarizing findings resulting from the inspection procedures.
- Communicating findings to practice office personnel and determining the corrective actions to be taken on the engagements reviewed. These findings are discussed and communicated in a report issued to each office. The practice office responds regarding the specific corrective actions or steps to be taken to improve compliance with the firm's policies and procedures and professional standards.
- Preparing a summary inspection report to the firm's senior management that evaluates the overall results of the inspection to determine whether—
 - a.* The firm as a whole needs to improve compliance with the firm's policies and procedures.
 - b.* Revisions to the firm's quality control policies and procedures are necessary.
- Communicating the need for improved compliance with or changes to the system of quality control in training programs, partner manager meetings, and firm policy correspondence.
- Periodically reviewing the system of personnel evaluation and counseling to ascertain that—
 - a.* Procedures for evaluation and documentation are being followed on a timely basis.
 - b.* Requirements established for advancement are being achieved.
 - c.* Personnel decisions are consistent with evaluations.
 - d.* Recognition is given to outstanding performance.

Chapter 4

ANYCITY CPAS' SYSTEM OF QUALITY CONTROL FOR ITS ACCOUNTING AND AUDITING PRACTICE

.108 This chapter describes how AnyCity CPAs implements each element of quality control for its accounting and auditing practice. AnyCity CPAs is a hypothetical firm. It is presumed to be a local, one-office firm with three partners and a total of ten professionals. Its accounting and auditing practice has a concentration of five employee benefit plan audits. AnyCity CPAs has no SEC clients. The firm uses purchased practice aids that have been subjected to peer review in accordance with standards established by the AICPA. These practice aids are supplemented by oral and written communications from the firm's partners. To enhance communications, the firm has chosen to provide its personnel with a written summary of its quality control policies and procedures that contains statements incorporated by reference to policies and procedures from its purchased practice aids, tailored to the specific needs of its practice.

Independence, Integrity, and Objectivity

.109 The objective of the *Independence, Integrity, and Objectivity* element of a system of quality control is to provide the firm with reasonable assurance that personnel maintain independence (in fact and in appearance) in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities.

.110 AnyCity CPAs satisfies this objective by establishing and maintaining the following policies and procedures.

.111 Policy 1

Personnel will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, and other regulatory agencies where applicable.

.112 AnyCity CPAs implements this policy by—

- a. Designating a partner to provide guidance, answer questions, and resolve matters.
- b. Identifying circumstances where documentation of the resolution of matters is appropriate.
- c. Obtaining written representations from personnel, upon hire and on an annual basis, stating whether they are familiar with and are in compliance with professional standards and the firm's policies and procedures regarding independence, integrity, and objectivity.
- d. Assigning responsibility for obtaining representations, reviewing compliance files for completeness, and resolving reported exceptions to a partner.
- e. Having a partner periodically review unpaid fees from clients to ascertain whether any outstanding amounts impair the firm's independence.

.113 Policy 2

Personnel will be familiar with policies and procedures relating to independence, integrity, and objectivity.

.114 AnyCity CPAs implements this policy by—

- a. Subscribing to and updating the AICPA *Professional Standards* loose-leaf service and other services pertaining to its practice, including a service that contains the Department of Labor's rules and regulations, and making these available in its office library.
- b. Emphasizing the concepts of independence, integrity, and objectivity during its staff meetings, in the acceptance and continuance of clients and engagements, and in the performance of engagements, including discussing implications of auditing employee benefit plans and the types of nonattest services that could affect independence.
- c. Informing personnel on a timely basis of those entities to which independence policies apply, by—
 1. Preparing and maintaining a list of entities to which independence applies.
 2. Making the list available to personnel who need it to determine their independence (including personnel new to the firm and certain former partners⁴).
 3. Notifying personnel of changes in the list on a timely basis via memorandum or the firm's E-mail system.

.115 Policy 3

Confirm the independence of another firm performing parts of an engagement, or when we act as principal auditor.

.116 AnyCity CPAs implements this policy by—

- a. Using its purchased practice aids, which prescribe the form, content, and frequency of independence representations that are to be obtained.
- b. Requiring that such representations be documented.

Personnel Management*

.117 The objective of the *Personnel Management* element of a system of quality control is to provide the firm with reasonable assurance that all personnel have the proficiency to perform their assigned responsibilities. Attributes or qualities that enhance the proficiency of personnel who perform, supervise, or review work include integrity, objectivity, intelligence, judgment, competence, experience, and motivation.

.118 AnyCity CPAs satisfies this objective by establishing and maintaining the following policies and procedures.

.119 Policy 1

Personnel who are hired will possess the appropriate characteristics to enable them to perform competently.

⁴ AICPA's *Professional Standards*, volume 2, ET section 101.04, discusses circumstances when activities of a former practitioner could affect the firm's independence.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

.120 AnyCity CPAs implements this policy by—

- a. Establishing a general understanding among the partners of the attributes, achievements, and experiences desired in entry-level and experienced personnel.
- b. Establishing criteria to evaluate personal characteristics such as integrity, competence, and motivation.
- c. Setting guidelines as to additional procedures that are necessary when hiring experienced personnel such as performing background checks and inquiring about any outstanding regulatory actions.
- d. Designating a qualified individual in the firm to be responsible for managing the human resource function.

.121 Policy 2

The firm will make personnel assignments based on the degree of technical training and proficiency required in the circumstances and the nature and extent of supervision to be provided.

.122 AnyCity CPAs implements this policy by conducting periodic partner and manager meetings to discuss the assignment of personnel to engagements. The factors to be considered in making such decisions include—

- Engagement size and complexity.
- Specialized experience and expertise required.
- Personnel availability and involvement of supervisory personnel.
- Timing of the work to be performed.
- Continuity and rotation of personnel.
- Opportunities for on-the-job training.
- Situations where independence or objectivity concerns exist.

.123 Policy 3

Personnel will participate in general and industry-specific continuing professional education and professional development activities that enable them to satisfy responsibilities assigned and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

.124 AnyCity CPAs implements this policy by—

- a. Assigning responsibility to a partner to maintain an office professional development program that—
 1. Provides that personnel in the office participate in professional development programs in accordance with firm guidelines and in subjects that are relevant to their responsibilities.
 2. Considers requirements of the AICPA, state boards of accountancy, and regulatory agencies in establishing the firm's CPE requirements.
- b. Encouraging participation in other professional development activities for personnel at each level within the firm, such as participation in external professional development programs, including graduate-level and self-study courses, membership in professional organizations, serving on professional committees, and writing for professional publications.
- c. Communicating and distributing to personnel, when applicable, changes in accounting, auditing, and independence requirements and the firm's guidance with respect to them.

.125 Policy 4

Personnel selected for advancement will have the qualifications necessary to fulfill the responsibilities they will be called on to assume.

.126 AnyCity CPAs implements this policy by—

- a.* Assigning responsibility to a partner for making advancement and termination decisions. Such responsibilities include—
 - Identifying responsibilities and requirements for evaluation at each level and indicating who will prepare evaluations and when they will be prepared.
 - Using forms for evaluating the performance of personnel.
 - Reviewing evaluations with the individual being evaluated on a timely basis.
- b.* Counseling personnel regarding their progress and career opportunities by—
 1. Annually summarizing and reviewing with personnel the evaluation of their performance, including an assessment of their progress with the firm. Considerations should include performance, future objectives of the firm and the individual, assignment preferences, and career opportunities.
 2. Periodically evaluating partners by means of counseling, peer evaluation, or self-appraisal, as appropriate.

Acceptance and Continuance of Clients and Engagements

.127 The objective of the *Acceptance and Continuance of Clients and Engagements* element of a system of quality control is to establish criteria for deciding whether to accept or continue a client relationship and whether to perform a specific engagement for that client. Such policies and procedures should provide the firm with reasonable assurance that (a) the likelihood of association with a client whose management lacks integrity is minimized, (b) the firm undertakes only those engagements that can be completed with professional competence, (c) the risks associated with providing professional services in particular circumstances are appropriately considered, and (d) an understanding with the client regarding the services to be performed is reached.

.128 AnyCity CPAs satisfies this objective, both with respect to the initial period for which the firm is performing its service and for subsequent periods, by establishing and maintaining the following policies and procedures.

.129 Policy 1

The firm will evaluate factors that have a bearing on management's integrity.

.130 AnyCity CPAs implements this policy by—

- a.* Informing personnel of the firm's policies and procedures, including those outlined in the firm's purchased practice aids, for accepting and continuing clients.
- b.* Obtaining and evaluating available financial information regarding the client and its operations such as annual reports, interim financial statements, reports to regulatory agencies, income tax returns, and credit reports before accepting or continuing a client.

- c. Making inquiries of the client management about the nature and purpose of services to be provided.
- d. Making inquiries of the client's bankers, factors, attorneys, credit services, and others having business relationships with the entity.
- e. Communicating with the predecessor accountant when required or suggested by professional standards.
- f. Evaluating the information obtained regarding management's integrity.

.131 Policy 2

The firm will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

.132 AnyCity CPAs implements this policy by—

- a. Evaluating whether the firm has obtained or can reasonably expect to obtain the knowledge and expertise necessary to enable it to perform the engagement.
- b. Specifying conditions that require evaluation of a specific client or engagement, obtaining relevant information to determine whether the relationship should be continued, and establishing a time period for evaluations to be made (for example, continuance decisions should be made at least annually). Conditions include the following:
 - Significant changes in the client, for example, a major change in senior client personnel, ownership, advisors, the nature of its business, or the financial stability of the client.
 - Changes in the nature or scope of the engagement, including requests for additional services.
 - Changes in the composition of the firm, for example, the inability to replace the loss of key personnel who are particularly knowledgeable about a specialized industry, or the decision to discontinue services to clients in a particular industry.
 - The existence of conditions that would have caused the firm to reject the client or engagement had such conditions existed at the time of the initial acceptance.
 - Client delinquent in paying fees. (This may also affect the firm's independence.)
 - Engagements for entities operating in highly specialized or regulated industries, including financial institutions, governmental entities, and engagements for employee benefit plans.
 - Where there is a burdensome amount of hours required to complete the engagement.
 - Engagements for entities in the development stage.
- c. Evaluating the information obtained regarding acceptance or continuance of the client or engagement.
 - 1. All information obtained about the client or the specific engagement is evaluated by the engagement partner, who makes a recommendation regarding whether the client or engagement is to be accepted or continued.
 - 2. The engagement partner completes a client acceptance form and submits it to the managing partner for approval.
 - 3. The engagement partner signs a step in the planning program noting client continuance, and a form documenting client continuance is completed if conditions identified above in *b.* above exist.

4. The managing partner is responsible for evaluating and approving the recommendation made by the engagement partner. If the managing partner recommends not accepting or discontinuing a client relationship, all partners in the firm will review all of the information and participate in the acceptance or continuance decision.

.133 Policy 3

The firm will obtain an understanding with the client regarding the services to be performed.

.134 AnyCity CPAs implements this policy by requiring that all understandings with the client be in writing by obtaining an engagement letter on all engagements, thus minimizing the risk of misunderstanding regarding the nature, scope, and limitations of the services to be performed.

Engagement Performance

.135 The objective of the *Engagement Performance* element of a system of quality control is to provide the firm with reasonable assurance that the work performed by engagement personnel meets the applicable professional standards, regulatory requirements, and the firm's standards of quality. Policies and procedures for engagement performance encompass all phases of the design and execution of the engagement. To the extent appropriate and as required by applicable professional standards, these policies and procedures should cover planning, performing, supervising, reviewing, documenting, and communicating the results of each engagement. Policies and procedures should also provide that personnel refer to authoritative literature or other sources and consult, on a timely basis, with individuals within or outside the firm, when appropriate.

.136 AnyCity CPAs satisfies this objective by establishing and maintaining the following policies and procedures.

.137 Policy 1

Planning for engagements will meet professional, regulatory, and the firm's requirements.

.138 AnyCity CPAs implements this policy by maintaining and providing personnel with the firm's purchased practice aids which prescribe the factors to be considered in the planning process by the engagement team and the extent of documentation of the considerations which may vary depending on the size and complexity of the engagement. Planning considerations include—

- Assigning responsibilities to appropriate personnel during the planning phase.
- Developing or updating background information.
- Developing a planning document that includes—
 - Proposed work programs, tailored to the specific engagement.
 - Staffing requirements and the need for specialized knowledge.
 - Considering the economic conditions affecting the client or its industry and their potential impacts on the conduct of the engagement.
 - Considering the risks and how they may affect the procedures to be performed.
 - Preparing a budget that allocates a sufficient amount of time so the engagement will be performed in accordance with professional standards and the firm's quality control policies and procedures.

.139 Policy 2

The engagement will be performed, supervised, reviewed, documented, and communicated in accordance with the requirements of professional standards, regulatory authorities, and the firm.

.140 AnyCity CPAs implements this policy by—

- a. Providing adequate supervision during the course of an engagement. This supervision is based on the training, ability, and experience of the personnel assigned.
- b. Adhering to the guidelines set forth by the firm and in its purchased practice aids for the form and content of working papers.
- c. Utilizing appropriately tailored forms, checklists, and questionnaires to assist in the performance of the specific engagement.
- d. Adhering to documentation guidelines set by the firm regarding the review of working papers, financial statements, and reports:
 1. All reviewers are to have appropriate experience, competence, and responsibility.
 2. All work performed and the reports and financial statements issued are to be complete and comply with professional standards and firm policy.
 3. All engagements require appropriate evidence of review of working papers, financial statements, and reports.
 4. All differences of professional judgment within an engagement team are to be resolved by the engagement and the managing partner. The resolution of the differences must be appropriately documented. If a member of the team continues to disagree with the resolution, he or she may disassociate himself or herself from the resolution of the matter and will be offered the opportunity to document that a disagreement still exists.

.141 Policy 3

The firm will identify areas and specialized situations where consultation is required and will require personnel to refer to authoritative literature and practice aids and to consult, on a timely basis, with individuals within or outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.142 AnyCity CPAs implements this policy by—

- a. Informing personnel of the firm's consultation policies and procedures.
- b. Consulting with appropriate individuals within and outside the firm when issues arise in certain areas.
- c. Requiring consultation in specialized areas or specialized situations, which may include—
 - Application of newly issued technical pronouncements.
 - Industries with special accounting, auditing, or reporting requirements, including unusually complex employee benefit plans.
 - Emerging practice problems.
 - Choices among alternative generally accepted accounting principles upon initial adoption or when an accounting change is made.

- Reissuance of a report, consideration of omitted procedures after a report has been issued or subsequent discovery of facts that existed at the time a report was issued.
- Filing requirements of regulatory agencies.
- d. Maintaining an adequate and up-to-date reference library that is accessible to all professional personnel and that includes materials related to clients served.
- e. Documenting all relevant facts, circumstances, professional literature used, and conclusions reached in the engagement working papers.
- f. Documenting the resolution of differences of opinion. If on some occasions there is an unresolved disagreement, an outside source may be consulted to assist in determining the appropriate application of accounting principles.

Monitoring

.143 The objective of the *Monitoring* element of a system of quality control is to provide the firm with reasonable assurance that the policies and procedures relating to the other elements of quality control are suitably designed and being effectively applied. Monitoring is an ongoing consideration and evaluation process.

.144 AnyCity CPAs satisfies this objective by establishing and maintaining the following policies and procedures.

.145 Policy 1

The firm will consider and evaluate, on an ongoing basis, the relevance and adequacy of its quality control policies and procedures.

.146 AnyCity CPAs implements this policy by designating a partner or a management-level individual with appropriate authority to be responsible for quality assurance, including—

- Assuring that the firm's quality control policies and procedures and its audit methodology remain relevant and adequate. Factors to be considered include—
 - Mergers and divestitures of portions of the practice.
 - Changes in professional standards or other regulatory requirements applicable to the firm's practice.
 - Results of annual inspections and peer reviews.
 - Review of litigation and regulatory enforcement actions against the firm and others.
 - Impact that changes in technology may have on clients' methods of doing business.
 - Changes in clients' industries that impact their operations.
 - Changes in applicable AICPA membership requirements.
- Determining whether personnel have been appropriately informed of their responsibilities for maintaining the firm's standards of quality in performing their duties.
- Identifying the need to—
 - a. Revise policies and procedures related to the other elements of quality control because they are ineffective or inappropriately designed.

- b. Improve compliance with firm policies and procedures that are related to the other elements of quality control.

.147 Policy 2

The firm will consider and evaluate, on an ongoing basis, the appropriateness of its guidance materials and any practice aids.

.148 AnyCity CPAs implements this policy by—

- a. Reviewing and evaluating firm practice aids, such as audit programs, forms, and checklists, based on the issuance of new professional pronouncements.
- b. Providing guidance during staff meetings regarding new professional standards, regulatory requirements, and related changes to firm practice aids.

.149 Policy 3

The firm will consider and evaluate, on an ongoing basis, the effectiveness of professional development programs.

.150 AnyCity CPAs implements this policy by—

- a. Designating a management-level individual with the responsibility for reviewing the professional development policies and procedures to determine whether they are appropriate, effective, and meeting the needs of the firm.
- b. Designating a management-level individual to review summaries of CPE records for the firm's personnel to determine that the office has established a means of tracking each individual's compliance with the requirements of the AICPA and other regulatory bodies.
- c. Soliciting information from the firm's personnel during staff meetings regarding the effectiveness of training programs.

.151 Policy 4

The firm will consider and evaluate, on an ongoing basis, compliance with its policies and procedures.

.152 For purposes of illustration, two scenarios are described. Scenario I illustrates how AnyCity CPAs satisfies the objective of Policy 4 without performing an inspection of individual engagements. Scenario II illustrates how AnyCity CPAs implements Policy 4 through the use of engagement inspection.

.153 In determining which scenario is appropriate, consideration should be given to SQCS No. 3, *Monitoring a CPA Firm's Accounting and Auditing Practice*, paragraphs 3–7 (QC section 30.03–.07), which sets forth guidance that should be consulted in determining the extent of inspection procedures to be performed, including those related to individual engagements. Also, consideration should be given to time pressures such as report due dates and time budgets when considering whether a firm can effectively monitor its compliance with its policies and procedures through preissuance or postissuance engagement reviews.

Scenario I

.154 AnyCity CPAs implements Policy 4 by—

- a. Designating a partner or management-level individual not previously associated with the engagement to perform a preissuance review of the engagement or a postissuance review of the engagement shortly after the release of the report. Deficiencies identified as a result of this process will be continuously summarized and evaluated to determine whether—
 1. Additional emphasis should be placed on the specific areas or industries in future engagements.
 2. Existing policies and procedures should be modified so any deficiencies noted do not recur.
- b. Reviewing correspondence regarding consultation on independence, integrity, and objectivity matters, and acceptance and continuance decisions.
- c. Reviewing the resolution of matters reported by professional personnel on independence circularization forms to determine that matters have been appropriately considered and resolved.
- d. Summarizing the deficiencies noted resulting from the preissuance and postissuance reviews.
- e. Preparing a summary of the deficiencies noted for the partner or management group in order to set forth any recommended changes to the firm's policies and procedures.
- f. Communicating the deficiencies noted and the agreed-upon quality control changes to all professional personnel.

Scenario II

.155 AnyCity CPAs implements Policy 4 by—

- a. Designating a partner to be responsible for performing an annual inspection using guidance prepared by the AICPA for performing inspection procedures. These procedures include reviewing a cross-section of engagements using the following criteria:
 1. Significant specialized industries with emphasis given to high-risk engagements
 2. Engagements for employee benefits
 3. First-year engagements
 4. Level of service performed (that is, audit, review, compilation, and attest)
 5. All partners and other management level personnel having accounting and auditing responsibilities
- b. Reviewing correspondence regarding consultation on independence, integrity, and objectivity matters, and acceptance and continuance decisions.
- c. Reviewing the resolution of matters reported by professional personnel on independence circularization forms to determine that matters have been appropriately considered and resolved.
- d. Summarizing findings resulting from the inspection procedures.
- e. Preparing a summary inspection report for the partner or management group that evaluates the overall results of the inspection and that sets forth any recommended changes to the firm's policies and procedures.
- f. Communicating inspection findings and agreed-upon quality control changes to all professional personnel.

Chapter 5

JANE BROWN, CPA'S SYSTEM OF QUALITY CONTROL FOR HER ACCOUNTING PRACTICE

.156 This chapter describes how Jane Brown, CPA implements each element of quality control for her accounting practice. Jane Brown, CPA is a hypothetical firm that is presumed to be a sole owner without any professional staff who occasionally hires per diem professionals. Her accounting practice consists only of engagements subject to the Statements on Standards for Accounting and Review Services. She uses purchased practice aids that have been subjected to peer review in accordance with standards established by the AICPA. Jane Brown, CPA recognizes that her policies and procedures will have to be changed if she hires full-time or part-time professional staff.

Independence, Integrity, and Objectivity

.157 The objective of the *Independence, Integrity, and Objectivity* element of a system of quality control is to provide the firm with reasonable assurance that personnel maintain independence (in fact and in appearance), in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities.

.158 Jane Brown, CPA satisfies this objective by establishing and maintaining the following policy and procedures.

.159 Policy 1

I will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, and other regulatory agencies where applicable.

.160 Jane Brown, CPA implements this policy by—

- a. Purchasing AICPA *Professional Standards* annually.
- b. Reviewing unpaid fees from clients to ascertain whether any outstanding amounts impair the firm's independence.
- c. Reviewing relevant pronouncements relating to independence, integrity, and objectivity in the *Journal of Accountancy* and retaining copies of them.
- d. Signing a step on each engagement program attesting to her independence and requiring per diem personnel to do the same.
- e. Complying with *Statements on Standards for Accounting and Review Services* with respect to disclosing instances where the firm is not independent in the accountant's compilation report.

Personnel Management*

.161 The objective of the *Personnel Management* element of a system of quality control is to provide the firm with reasonable assurance that all personnel have the proficiency to perform their assigned responsibilities. Attributes or qualities that enhance the proficiency of personnel who perform, supervise, or review work include integrity, objectivity, intelligence, judgment, competence, experience, and motivation.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

.162 Jane Brown, CPA satisfies this objective by establishing and maintaining the following policies and procedures.

.163 Policy 1

I will maintain the degree of technical training and proficiency required in the circumstances.

.164 Jane Brown, CPA implements this policy by—

- a. Evaluating the knowledge and expertise required to perform the engagement prior to accepting the client or engagement.
- b. Accepting only those engagements that can be performed with professional competence.

.165 Policy 2

I will participate in general and industry-specific continuing professional education and professional development activities that enable me to satisfy my responsibilities and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

.166 Jane Brown, CPA implements this policy by—

- a. Developing a professional development program and considering the requirements of the AICPA and state boards of accountancy.
- b. Participating in external professional development programs, including graduate-level and self-study courses.
- c. Joining and becoming an active member of professional organizations.
- d. Serving on professional committees, writing for professional publications, when appropriate, and participating in other professional activities.
- e. Considering changes in the applicable professional standards when determining her professional development program.

Acceptance and Continuance of Clients and Engagements

.167 The objective of the *Acceptance and Continuance of Clients and Engagements* element of a system of quality control is to establish criteria for deciding whether to accept or continue a client relationship and whether to perform a specific engagement for that client. Such policies and procedures should provide the firm with reasonable assurance that (a) the likelihood of association with a client whose management lacks integrity is minimized, (b) the firm undertakes only those engagements that can be completed with professional competence, (c) the risks associated with providing professional services in particular circumstances are appropriately considered, and (d) an understanding with the client regarding the services to be performed is reached.

.168 Jane Brown, CPA satisfies this objective, both with respect to the initial period for which the firm is performing its service and for subsequent periods, by establishing and maintaining the following policies and procedures.

.169 Policy 1

I will evaluate factors that have a bearing on management's integrity.

.170 Jane Brown, CPA implements this policy by—

- a. Obtaining information such as the following before accepting or continuing a client:
 - Available information regarding the client and its operations from sources such as prior-year reports, internally generated financial statements (if applicable), income tax returns, and credit reports.
 - The nature and purpose of the services to be provided.
- b. Inquiring of third parties such as bankers, factors, legal counsel.
- c. Communicating with the predecessor accountant when required or suggested by professional standards.
- d. Evaluating the information obtained regarding management's integrity.

.171 Policy 2

I will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

.172 Jane Brown, CPA implements this policy by—

- a. Considering conditions that require evaluation of a client or specific engagement and obtaining the relevant information to determine whether the relationship should be continued. Conditions include—
 - Establishing a time period for evaluations to be made (before the current-year engagement work begins).
 - Significant changes in the client, for example, a major change in ownership, senior client personnel, directors, advisors, the nature of the business, or the financial stability of the client.
 - Changes in the nature or scope of the engagement, including requests for additional services.
 - The existence of conditions that would have caused the firm to reject the client or engagement had such conditions existed at the time of the initial acceptance.
 - Client delinquent in paying fees. (This may also affect the firm's independence.)
- b. Determining if the knowledge and expertise necessary to perform the engagement exists or can reasonably be obtained.
- c. Evaluating the information obtained regarding the engagement and making the acceptance decision and documenting her evaluation or conclusion in a memorandum.
- d. Evaluating the information obtained regarding the engagement and making the continuance decision.

.173 Policy 3

I will obtain an understanding with the client regarding services to be performed.

.174 Jane Brown, CPA implements this policy by—

- a. Adhering to all requirements set forth in professional standards regarding obtaining an understanding with the client.
- b. Requiring that the understanding with the client be documented either through an engagement letter or in a memorandum.

Engagement Performance

.175 The objective of the *Engagement Performance* element of a system of quality control is to provide the firm with reasonable assurance that the work performed by engagement personnel meets the applicable professional standards, regulatory requirements, and the firm's standards of quality. Policies and procedures for engagement performance encompass all phases of the design and execution of the engagement. To the extent appropriate and as required by applicable professional standards, these policies and procedures should cover planning, performing, supervising, reviewing, documenting, and communicating the results of each engagement. Policies and procedures should also provide that personnel refer to authoritative literature or other sources and consult, on a timely basis, with individuals within or outside the firm, when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.176 Jane Brown, CPA satisfies this objective by establishing and maintaining the following policies and procedures.

.177 Policy 1

I will plan engagements to meet professional and the firm's requirements.

.178 Jane Brown, CPA implements this policy by adhering to professional standards regarding the planning process and the extent of documentation, if applicable. Engagement planning considerations may include, when applicable—

- Developing or updating background information.
- Obtaining an engagement letter.
- Reviewing prior financial statements and accountant's report.
- Using work programs.

.179 Policy 2

I will perform, supervise, review, document, and communicate in accordance with the requirements of professional standards and the firm.

.180 Jane Brown, CPA implements this policy by requiring the use of purchased practice aids on all appropriate engagements including—

- Maintaining availability of purchased practice aids and AICPA professional standards.
- Preparing all working papers and checklists in accordance with firm policy in order to document work performed in accordance with professional standards.
- Reviewing and initialing all engagement working papers in situations where per diem staff are utilized.

.181 Policy 3

I will identify areas and specialized situations where consultation is required and I will require personnel to refer to authoritative literature and practice aids and will consult, on a timely basis, with individuals outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

.182 Jane Brown, CPA implements this policy by—

- a.* Maintaining a technical reference library to assist in resolving practice problems. The library is updated as needed.
- b.* Referring to the AICPA's Technical Hotline when a practice problem arises for which the firm needs additional expertise.
- c.* Requiring that documentation of consultation include all relevant facts and circumstances and references to professional literature used in the determination and conclusion reached. This documentation is to be retained in the engagement working papers.

Monitoring

.183 The objective of the *Monitoring* element of a system of quality control is to provide the firm with reasonable assurance that the procedures relating to the other elements of quality control are suitably designed and being effectively applied. Monitoring is an ongoing consideration and evaluation process.

.184 Jane Brown, CPA satisfies this objective by establishing and maintaining the following policies and procedures.

.185 Policy 1

I will consider and evaluate, on an ongoing basis, the relevance and adequacy of my quality control policies and procedures.

.186 Jane Brown, CPA implements this policy by reviewing procedures that identify the need to—

- a.* Revise policies and procedures that are ineffective due to changes in professional standards or the nature of the practice.
- b.* Improve compliance with firm policies and procedures that are related to the other elements of quality control.

.187 Policy 2

I will consider and evaluate, on an ongoing basis, the appropriateness of my guidance materials and any practice aids.

.188 Jane Brown, CPA implements this policy by reviewing and determining that the firm's purchased practice aids are up-to-date based on the issuance of new professional pronouncements.

.189 Policy 3

I will consider and evaluate, on an ongoing basis, the effectiveness of professional development activities.

.190 Jane Brown, CPA implements this policy by—

- a.* Reviewing CPE records to determine whether the programs (AICPA or state society classroom training and self-study programs) are appropriate for the firm's practice.
- b.* Reviewing CPE records to determine compliance with the requirements of the AICPA and other regulatory bodies.

.191 Policy 4

I will consider and evaluate, on an ongoing basis, compliance with my policies and procedures.

.192 Jane Brown, CPA implements this policy by performing a postissuance review of selected engagements, in order to—

- a.* Summarize findings resulting from such reviews.
- b.* Place additional emphasis on certain deficient areas in future engagements.
- c.* Determine if existing policies and procedures should be modified so any deficiencies noted do not recur.

Glossary of Selected Terms

Accounting and auditing practice. All audit, attest, accounting and review, and other services for which standards have been established by the AICPA Auditing Standards Board or the AICPA Accounting and Review Services Committee under Rule 201 or 202 of the AICPA Code of Professional Conduct (ET sections 201.01 and 202.01). Standards may be also established by other AICPA technical committees; engagements that are performed in accordance with those standards are not encompassed in the definition of an accounting and auditing practice.

Firm. Defined in the AICPA Code of Professional Conduct as “a form of organization permitted by state law or regulation whose characteristics conform to resolutions of Council that is engaged in the practice of public accounting, including the individual owners thereof” (ET section 92.05).

Personnel. All individuals who perform professional services for which the firm is responsible, whether or not they are CPAs.

Policy. A definite course or method of action to guide and determine present and future decisions. It is a guide to decision making under a given set of circumstances within the framework of a firm’s objectives, goals, and management philosophies.

Procedure. A particular way of accomplishing something, an established way of doing things, a series of steps followed in a definite regular order. It provides for the consistent and repetitive approach to actions.

AAM Section 11,250

SQCS No. 5, The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement

.01 SQCS No. 5 (QC section 40) clarifies the requirements of the personnel management element of a firm's system of quality control. In light of the significant responsibilities during the planning and performance of accounting, auditing, and attestation engagements of individuals who are responsible for supervising accounting, auditing, and attestation engagements and signing or authorizing an individual to sign the accountant's report on such engagements, a firm's policies and procedures related to the personnel management element of quality control should be designed to provide a firm with reasonable assurance that such individuals possess the kinds of competencies that are appropriate given the circumstances of individual client engagements. For purposes of SQCS No. 5 (QC section 40), such an individual is referred to as the practitioner-in-charge of the engagement.

Competencies

.02 Competencies are the knowledge, skills, and abilities that enable a practitioner-in-charge to be qualified to perform an accounting, auditing, or attestation engagement. A firm is expected to determine the kinds of competencies that are necessary in the individual circumstances.

Gaining Competencies

.03 A firm's policies and procedures would ordinarily require a practitioner-in-charge of an engagement to gain the necessary competencies through recent experience in accounting, auditing, and attestation engagements. In a number of cases, however, a practitioner-in-charge will have obtained the necessary competencies through disciplines other than the practice of public accounting, such as in relevant industry, governmental, and academic positions. If necessary, the experience of the practitioner-in-charge should be supplemented by continuing professional education (CPE) and consultation.

Competencies Expected in Performing Accounting, Auditing, and Attestation Engagements

.04 In practice, the kinds of competency requirements that a firm should establish for the practitioner-in-charge of an engagement are necessarily broad and varied in both their nature and number. However, the firm's quality control policies and procedures should ordinarily address the following competencies for the practitioner-in-charge of an engagement. Firm policies and procedures should also address other competencies as necessary in the circumstances.

- Understanding the role of a system of quality control and the AICPA Code of Professional Conduct
- Understanding of the service to be performed

- Technical proficiency
- Familiarity with the industry
- Professional judgment
- Understanding the organization's information technology systems

Further Guidance

.05 Readers should refer to the full text of SQCS No. 5 (QC section 40) for complete guidance and an explanation of the material presented above. SQCS No. 5 (QC section 40) was printed in the May 2000 edition of the AICPA *Journal of Accountancy* and can also be obtained at www.cpa2biz.com.

AAM Section 11,300

Sample Quality Control Forms

.01 In determining the need for—and the extent of—documenting the firm’s quality control policies and procedures, the size, structure, and nature of the practice should be considered. The quality control standards do not require documentation of the quality control system; however, documentation of the monitoring of compliance with the quality control system is required. Whenever a firm performs monitoring procedures, it should document them.

.02 To meet the requirement to document the monitoring of a firm’s quality control system, a small firm should set up a quality control system monitoring file to record its performance of the monitoring procedures. AAM section 11,300.23 contains an example of a summary control checklist a firm could use as the control document in such a file. Naturally, the form and content of the documentation are a matter of judgment. The extent of the documentation may vary from firm to firm based on firm size, number of offices, degree of authority allowed its personnel, nature and complexity of the firm’s practice, firm organization, and appropriate cost-benefit. Documentation of compliance with the firm’s policies and procedures must be retained long enough to enable those performing the firm’s monitoring procedures and peer review to evaluate its compliance with its system of quality control.

.03 Presented below is a sample quality control document for a sole practitioner with no professional staff and a sample quality control document for a multipartner, local, CPA firm. Also presented below are sample quality control forms. These sample documents and forms will help practitioners maintain documentation evidencing the monitoring of a quality control system.

.04 Sample Quality Control Document for a Sole Practitioner Without Professional Staff¹

Independence, Integrity, and Objectivity

Policy 1

I will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, and other regulatory agencies where applicable.

1.1 A current edition of the AICPA’s *Professional Standards*, which contains the profession’s interpretations related to potential issues or situations related to independence, integrity, and objectivity, is maintained in my library.

1.2 A subscription to the AICPA’s *Journal of Accountancy* is maintained. The magazine is reviewed monthly for relevant pronouncements related to independence, integrity, and objectivity.

1.3 My per diem staff and I document our independence on each engagement on a program step maintained in the workpapers. In addition, my per diem staff completes an independence checklist when they are hired. When completing the checklist, staff are made aware that the following financial or other relationships may be prohibited:

¹ Per diem professionals are occasionally hired.

- a. Business relationships with clients or with nonclients that have investor or investee relationships with clients.
- b. Loans from client financial institutions.
- c. Family members in director, officer, manager or audit sensitive positions with client entities, including not-for-profit organizations.
- d. Past due fees for professional services.
- e. Accounting or advisory services that have evolved into situations where the CPA has assumed some of the responsibilities of management.
- f. Bookkeeping services to SEC clients.

1.4 Accounts receivable that are past due are reviewed monthly to ascertain whether any outstanding amounts take on some of the characteristics of loans and may, therefore, impair the firm's independence.

1.5 In situations where another CPA firm audits segments of an engagement, the independence of that other CPA firm is confirmed for every reporting engagement using a standard form maintained in my library. (See AAM section 11,300.06.)

1.6 I communicate with the AICPA Ethics Division in resolving independence questions. A memorandum documenting the resolution of independence matters is prepared and retained. Per diem staff reviews and initials the memorandum, as appropriate.

Personnel Management^{*}

Policy 1

I will maintain the degree of technical training and proficiency required in the circumstances.

1.1 I evaluate the knowledge and expertise required to perform the engagement prior to accepting an engagement, and accept only those engagements that can be performed with professional competence.

1.2 Per diem staff are interviewed and their backgrounds are investigated to reasonably ensure the employment of people with qualifications adequate to perform engagements competently. (See AAM section 11,300.13 and .14.)

Policy 2

I will participate in general and industry-specific continuing professional education and professional development activities that enable me to satisfy my responsibilities and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

2.1 I am a member of the AICPA and the [state] CPA Society and participate in professional activities.

2.2 I have a professional development program in which I complete a minimum of 40 hours of formal continuing professional education each year in areas related to my practice. [Firms should determine the specific requirements of their State Board of Accountancy and other bodies, as appropriate.] A record

^{*} This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

of professional development hours is maintained, updated, and periodically reviewed. (See AAM section 11,300.15–.17.) The types of programs qualifying for the fulfillment of the forty-hour requirement include:

- a. Continuing professional education programs of the AICPA and the [state] CPA Society. These include sessions attended and (with written evidence of completion) video cassette/workbook, or workbook programs.
- b. College courses related to the profession.

2.3 I receive and review statements relating to current developments in accounting and auditing including statements and interpretations issued by the Financial Accounting Standards Board, the Governmental Accounting Standards Board, the AICPA Auditing Standards Board, and other AICPA technical committees. Changes to professional standards are considered in developing my professional development program.

2.4 When per diem staff are utilized on an engagement, my background investigation into such staff includes a determination of whether they are in compliance with the professional education requirements of the AICPA and the [state] CPA Society [and other bodies as appropriate].

Acceptance and Continuance of Clients and Engagements

Policy 1

I will evaluate factors that have a bearing on management's integrity.

1.1 I obtain and review available information, such as prior-year reports, internally generated financial statements, income tax returns, and credit reports, about a prospective client and its operations.

1.2 I obtain and review information about the nature and purpose of the services to be provided to the prospective client by making inquiries of client management.

1.3 I make inquiries about a potential client and its management to bankers, attorneys, credit services, and others having business relationships with the company.

1.4 I contact predecessor auditors, where applicable, and make inquiries in accordance with generally accepted auditing standards, including the nature of any disagreements. I document these communications and whether evidence of "opinion shopping" exists.

1.5 I obtain and evaluate information regarding management's integrity.

Policy 2

I will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

2.1 Clients are evaluated at the end of specific periods or upon the occurrence of certain events to determine whether the relationship should be continued. Evaluations of existing clients are made:

- a. Every three years, unless the following conditions exist, in which case the evaluation is made annually.
 1. When significant changes in the client occur (such as change in ownership, senior personnel, directors, nature of business, or the financial stability of the client).
 2. When the client is delinquent in paying fees.

3. When the client operates in a specialized industry.
4. When the engagement requires a burdensome number of hours to complete.
5. When the client is in the development stage.
6. When there are changes in the nature or scope of the engagement, including requests for additional services.
7. When conditions arise that would have caused the firm to reject the client or engagement had such conditions existed at the time of initial acceptance.

2.2 I determine if the knowledge and expertise necessary to perform the engagement exists or if it can be reasonably obtained.

2.3 I evaluate the information obtained regarding the engagement and make the acceptance or continuance decision. The evaluation and conclusion are documented in a memorandum. (See AAM section 11,300.22.)

Policy 3

I will obtain an understanding with the client regarding services to be performed.

3.1 All requirements set forth in professional standards are adhered to regarding obtaining an understanding with the client. Professional standards are maintained in my library and are reviewed as necessary.

3.2 An engagement letter is obtained for every engagement annually. This letter documents my understanding with the client regarding the services to be performed.

Engagement Performance

Policy 1

I will plan engagements to meet professional and the firm's requirements.

1.1 Every engagement will be planned in accordance with professional standards. Planning considerations will include:

- a. Developing or updating background information on the client.
- b. Obtaining an engagement letter.
- c. Reviewing prior financial statements and accountant's report.
- d. Using audit programs, as necessary.

Policy 2

I will perform, supervise, review, document, and communicate in accordance with the requirements of professional standards and the firm.

2.1 Purchased practice aids (including audit programs, disclosure checklists, etc.) are utilized on all engagements. These practice aids are available, together with AICPA professional standards in my library.

2.2 Workpapers, checklists, and other practice aids are prepared on all engagements, in accordance with firm policy, to document the work performed in accordance with professional standards.

2.3 The following items are required to be documented in the workpapers on all engagements:

- a. Consideration of internal control in planning and performing the engagement.
- b. Assessment of control risk.
- c. Consideration of audit risk and materiality when planning and performing an audit.
- d. Audit sampling techniques.
- e. Consideration of fraud in the financial statement audit.
- f. Conduct of and degree of reliance placed on analytical procedures.

2.4 All engagement workpapers prepared by per diem staff are reviewed and initialed prior to issuing the report.

Policy 3

I will identify areas and specialized situations where consultation is required and I will require personnel to refer to authoritative literature and practice aids and will consult, on a timely basis, with individuals outside the firm when appropriate (for example, when dealing with complicated, unusual, or unfamiliar issues).

3.1 A technical reference library is maintained, and I have made arrangements to use the libraries of other practicing CPAs. The AICPA library is also used.

3.2 When presented with a practice question or problem that I may lack the expertise to resolve, I refer to the AICPA's Technical Hotline.

3.3 I consult with other practicing CPAs based on the following factors:

- a. The materiality of the matter.
- b. My experience in a particular industry or functional area.
- c. Whether generally accepted accounting principles or generally accepted auditing standards in the area:
 1. Are based on authoritative pronouncements that are subject to varying interpretations.
 2. Are based on varied interpretations of prevailing practice.
 3. Have yet to be developed.
 4. Are under active consideration by an authoritative body.
 5. Have not previously been interpreted by the firm.

3.4 All consultations are documented, including all relevant facts and circumstances and references to professional literature used in the determination of the conclusion reached. This documentation is retained in the engagement workpapers.

Monitoring

Policy 1

I will consider and evaluate, on an ongoing basis, the relevance and adequacy of my quality control policies and procedures.

1.1 Every year I evaluate the firm's quality control policies and procedures for compliance with professional standards. (See AAM section 11,300.23.) Ineffective policies and procedures are revised.

1.2 During the evaluation, I review administrative, personnel, and engagement files in order to obtain reasonable assurance that quality control policies and procedures are being complied with. Compliance with firm policies and procedures that are related to the other elements of quality control are improved.

Policy 2

I will consider and evaluate, on an ongoing basis, the appropriateness of my guidance materials and any practice aids.

2.1 I keep abreast of recently issued authoritative pronouncements (see AAM section 11,300.25) and periodically evaluate my purchased practice aids to determine that they reflect new guidance. New practice aids are purchased every year to keep them up-to-date.

Policy 3

I will consider and evaluate, on an ongoing basis, the effectiveness of professional development activities.

3.1 Every year I review my CPE records and determine whether the courses I took and the courses I plan to take are appropriate in consideration of the firm's practice.

3.2 Every year I review my CPE records to determine that I am in compliance with the requirements of the AICPA and my State Board of Accountancy.

Policy 4

I will consider and evaluate, on an ongoing basis, compliance with my policies and procedures.

4.1 I perform timely postissuance reviews of selected engagements. (See AAM section 11,300.24.)

4.2 I summarize any findings noted on the postissuance reviews.

4.3 Areas which are identified as deficient are targeted for improvement on future engagements.

4.4 When deficiencies are identified, I review the related policies and procedures to determine if they should be modified, in light of the deficiencies.

4.5 On an ongoing basis, I review the firm's policies and procedures for independence, integrity, and objectivity, personnel management, acceptance and continuance of clients and engagements, and engagement performance.

.05 Sample Quality Control Document for a Multipartner Local CPA Firm

Independence, Integrity, and Objectivity

Policy 1

Personnel will adhere to applicable independence, integrity, and objectivity requirements. These requirements include regulations, interpretations, and rulings of the AICPA, state CPA societies, state boards of accountancy, state statutes, and other regulatory agencies where applicable.

1.1 The managing partner is responsible for resolving questions relating to independence matters and is available to provide guidance when needed.

1.2 A memorandum documenting the resolution of independence questions is prepared and retained by the managing partner. The other firm personnel involved in the questions review and initial the memorandum.

1.3 Written representations are obtained upon hire and annually from firm personnel by the administrative partner confirming that:

- They are familiar with and are in compliance with professional standards and the firm's policies and procedures regarding independence, integrity, and objectivity.
- Prohibited investments are not held and were not held during the period.
- Prohibited relationships do not exist.
- Transactions prohibited by the firm have not occurred.

1.4 The managing partner is responsible for the resolution of exceptions to the firm's independence policies and procedures.

1.5 The managing partner designates a partner to perform an annual review each July of the independence compliance files for completeness and the firm's independence policies and procedures for compliance with professional standards. A report of findings is presented to all the partners.

1.6 Accounts receivable that are past due are reviewed monthly by the managing partner to ascertain whether any outstanding amounts take on some of the characteristics of loans and may, therefore, impair the firm's independence.

Policy 2

Personnel will be familiar with policies and procedures relating to independence, integrity, and objectivity.

2.1 The firm's library will maintain a subscription to the AICPA's *Professional Standards* loose-leaf service, and other services pertaining to its practice, including a service that contains the Department of Labor's rules and regulations.

2.2 Independence of mental attitude, integrity, and objectivity are emphasized during training sessions, in the supervision and review of engagements, and in the acceptance and continuance of clients.

2.3 In engagements involving employee benefit plans and in engagements involving nonattest services that could affect independence, any special implications attendant to those types of engagements are discussed in training sessions, during the acceptance and continuance of the client phase, and during the performance of the engagement.

2.4 The client list, which is updated and distributed to all professional personnel biannually, is reviewed by all partners and professional employees to ensure that they are aware of those entities to which our independence policies apply. The managing partner is responsible for maintenance and distribution of the list.

Policy 3

Confirm the independence of another firm performing parts of an engagement, or when the firm acts as principal auditor.

3.1 The form and content of the independent representation that is to be obtained from a firm that has been engaged to perform segments of an engagement is part of the firm's accounting and auditing manual. (See AAM section 11,300.06.)

3.2 An annual representation of independence should be obtained from an affiliate or associate on a repeat engagement.

Personnel Management*

Policy 1

Personnel who are hired will possess the appropriate characteristics to enable them to perform competently.

1.1 The firm seeks to employ individuals who possess high levels of intelligence, integrity, honesty, motivation, and aptitude for the profession.

1.2 The firm normally employs college and business college graduates with a concentration in accounting as full-time and part-time members of our professional and paraprofessional staff.

1.3 Newly employed staff members are from the top half of their college class, unless other factors such as personal achievements, work experience, and personal interests indicate the likelihood of adequate professional development.

1.4 The firm requires a professional staff applicant to have the academic background that will enable him to meet the requirements to sit for the CPA examination administered by the (state) Board of Accountancy.

1.5 The approval of the managing partner is required before making an employment offer in atypical situations, such as hiring relatives of personnel or clients, rehiring former employees, or hiring clients' employees.

1.6 The background of new employees is appropriately investigated to reasonably insure the hiring of persons with acceptable qualifications. Background investigations include, but are not limited to, obtaining completed application forms, obtaining college transcripts, receiving personal references, and inquiring about any outstanding regulatory actions. (See AAM section 11,300.13.)

1.7 The administrative partner is responsible for managing the firm's personnel function. All applicants for positions at the firm are interviewed by him. Applicants for positions above entry level are interviewed and approved by the managing partner in addition to the administrative partner before an employment decision is made.

1.8 When applicants for a professional position in the firm are evaluated on their personal characteristics, such as integrity, competence, motivation, etc., the rating system and interview forms maintained in the Personnel Manual shall be utilized for all applicants. (See AAM section 11,300.14.)

Policy 2

The firm will make personnel assignments based on the degree of technical training and proficiency required in the circumstances and the nature and extent of supervision to be provided.

2.1 On a quarterly basis all partners submit to the administrative partner a projection containing anticipated manpower requirements for engagements during the coming quarter for which they have client responsibilities. (See AAM section 11,300.07.) Such projections are detailed as to number and classification of individuals required and are supported by preliminary engagement time estimates. The administrative partner prepares a summary schedule of assignments to be made for approval by the partners.

* This Guide is currently being updated to reflect the provisions of Statement on Quality Control Standard (SQCS) No. 5, *The Personnel Management Element of a Firm's System of Quality Control—Competencies Required by a Practitioner-in-Charge of an Attest Engagement*. Practitioners should be alert to the issuance of the revised Guide sometime in the Fall of 2003. In the interim, the provisions of SQCS No. 5 are enumerated in AAM section 11,250. SQCS No. 5 provides additional guidance on the personnel management element of a system of quality control. As such, readers should be familiar with the requirements of SQCS No. 5.

2.2 For every engagement where the anticipated time exceeds five man-days, a time budget is normally prepared under the direction of the engagement partner at least two weeks prior to the scheduled commencement of field work. Time budgets for smaller engagements are prepared as considered necessary by the engagement partners. The budgets provide detail as to appropriate staff level and time required by function such as cash, accounts receivable, inventory, and so forth.

2.3 The engagement partner *considers* the following factors to achieve a balance of engagement manpower requirements, personnel skills, individual development, and utilization:

- Engagement size and complexity.
- Specialized experience and expertise required.
- Personnel availability and involvement of supervisory personnel.
- Timing of the work to be performed.
- Continuity and rotation of personnel.
- Opportunities for on-the-job training.
- Situations where independence or objectivity concerns exist.

Policy 3

Personnel will participate in general and industry-specific continuing professional education and professional development activities that enable them to satisfy responsibilities assigned and fulfill applicable continuing professional education requirements of the AICPA and regulatory agencies.

3.1 The administrative partner is responsible for the formulation and implementation of firm policy regarding the guidelines and requirements for the firm's professional development programs.

3.2 Each partner and professional employee is required to complete a minimum of ____ hours of continuing professional education each year. (Firms should consider the requirements of the AICPA, state boards of accountancy, and regulatory agencies in establishing the firm's CPE requirements.) Partners and professional employees will participate in courses that are relevant to their responsibilities.

3.3 Partners and professional personnel complete the record of professional development form and forward it to the administrative partner. The administrative partner is responsible for having the personnel files of every partner and professional employee updated to include a current record of hours of professional development completed. (See AAM section 11,300.15–.17.)

3.4 The types of courses qualifying for the firm's professional development program include:

- Continuing professional education programs of the AICPA and the (State) Society of CPAs. This includes both sessions attended and cassette/workbook or workbook programs.
- Other accredited courses related to the profession.

3.5 As part of their orientation, newly employed personnel are informed of their professional responsibilities and opportunities by the administrative partner.

3.6 Newly employed personnel with limited experience are sent to introductory level training sessions of the AICPA or the (state) CPA Society during their first year of employment with the firm.

3.7 Personnel are reimbursed for membership dues paid to the AICPA, the (state) Society of CPAs and the local chapter of the state society.

3.8 Personnel are encouraged to participate in external professional development programs, including graduate-level and self-study courses, membership in professional organizations, serving on professional committees, and writing for professional publications.

3.9 It is the responsibility of the administrative partner to distribute information about current developments in accounting, auditing, and independence requirements to all personnel who do not receive them directly. This distribution includes statements and interpretations issued by the Financial Accounting Standards Board, Governmental Accounting Standards Board, the AICPA Auditing Standards Board, and other AICPA technical committees.

3.10 Pronouncements relating to areas of specific interest, such as those issued by the Securities and Exchange Commission, Internal Revenue Service, and other regulatory agencies are distributed by the appropriate specialist to persons who have responsibilities in such areas.

3.11 The administrative partner, as the firm's lead technician, is responsible for maintaining an accounting and auditing manual containing firm policies and procedures on technical matters. Updates are prepared and issued to the staff as new developments and conditions arise.

3.12 The firm does not, at present, conduct formal in-house training programs other than in specialized areas. However, from time to time personnel participate in the training programs of the AICPA and (firm name) CPAs.

3.13 A library of staff training cassette/workbook programs published by the AICPA and (state) Society of CPAs is maintained by the administrative partner for self-study and reference purposes and is available to all personnel.

Policy 4

Personnel selected for advancement will have the qualifications necessary to fulfill the responsibilities they will be called on to assume.

4.1 The administrative partner is responsible for making advancement and termination recommendations, determining who conducts the evaluation interviews, documenting the results of the interviews, and maintaining appropriate records. The administrative partner also ensures that the appropriate evaluation forms maintained in the firm's Personnel Manual are utilized and that the evaluation is completed no later than one month after an individual completes his particular engagement. (See AAM section 11,300.18–21.)

4.2 The responsibilities and requirements for evaluation at each level are enumerated in the firm's staff classification guidelines contained in the Personnel Manual. The administrative partner is responsible for identifying those responsibilities and requirements.

4.3 The firm's Personnel Manual provides the staff with information regarding the firm's advancement policies and procedures. The administrative partner issues updates from time to time to reflect changes made by the partnership in the policies and procedures.

4.4 Professional employees assigned to an engagement for a period in excess of five days must be evaluated by their immediate superior on the engagement by use of the appropriate evaluation form. These evaluation forms are reviewed with the employee at the end of the engagement and are approved by the engagement partner. (See AAM section 11,300.18.)

4.5 Personnel with the responsibility for the preparation of evaluations are counseled (at least annually) by the administrative partner to ensure that they understand the firm's objectives.

4.6 All professional employees receive an evaluation of their performance at least once a year. (See AAM section 11,300.21.) Such counseling interviews are conducted by the administrative partner. These evalua-

tions summarize the evaluations received on engagements during the year. The individual's progress, strengths, weaknesses, future objectives, and the firm's future objectives are among the items discussed. The interviews are documented in each individual's personnel file.

4.7 Annually, each partner completes a partner evaluation form evaluating each of the partners, including himself. The completed forms are submitted to the managing partner who summarizes and reviews them with each partner.

Acceptance and Continuance of Clients and Engagements

Policy 1

The firm will evaluate factors that have a bearing on management's integrity.

1.1 All professional personnel are informed annually of the firm's policies and procedures for accepting and continuing clients.

1.2 Available financial information regarding new and continuing clients will be obtained and reviewed. Such information may include annual reports, interim financial statements, reports to regulatory agencies, income tax returns, and credit reports. This information will be used in determining whether to accept or continue a client relationship.

1.3 Inquiries will be made of a client's or a potential client's bankers, attorneys, credit services, factors, and others having business relationships with the entity.

1.4 Predecessor auditors (if applicable) are contacted and inquiries are made in accordance with generally accepted auditing standards.

1.5 When deciding to accept a new client or continue an existing client relationship, an evaluation of the information obtained regarding management's integrity is made and documented. (See AAM section 11,300.22.)

Policy 2

The firm will evaluate whether the engagement can be completed with professional competence and accordingly undertake only those engagements that can be completed with professional competence and appropriately consider the risk associated with providing professional services in particular circumstances.

2.1 The firm's independence and ability to adequately serve a potential or existing client are evaluated prior to acceptance or continuance. In evaluating the firm's ability, consideration is given to the requirements for technical skills, knowledge of the industry, and availability of qualified personnel.

2.2 Reevaluations of existing client relationships occur every three years, or annually if any of the conditions listed in 2.3 below exist.

2.3 Consideration is given to circumstances that would cause the firm to regard the engagement as one requiring special attention. These circumstances include:

- Significant changes in the client, for example, a major change in senior client personnel, ownership, advisors, the nature of its business, or the financial stability of the client.
- Changes in the nature or scope of the engagement, including requests for additional services.
- Changes in the composition of the firm, for example, the inability to replace the loss of key personnel who are particularly knowledgeable about a specialized industry, or the decision to discontinue services to clients in a particular industry.

- The existence of conditions that would have caused the firm to reject the client or engagement had such conditions existed at the time of the initial acceptance.
- Client delinquent in paying fees.
- Engagements for entities operating in highly specialized or regulated industries, including financial institutions, governmental entities, and engagements for employee benefit plans.
- Engagements where the expected man-hour requirement exceeds 300 hours.

2.4 Procedures for acceptance of a new engagement or continuance of an existing engagement are as follows:

- All information obtained about the client or the specific engagement is evaluated by the engagement partner, who makes a recommendation regarding whether the client or engagement is to be accepted or continued.
- The engagement partner completes a client acceptance form and submits it to the managing partner for approval.
- The engagement partner signs a step in the planning program noting client continuance, and a client continuance form is completed if circumstances identified in 2.3 above exist.
- The managing partner is responsible for evaluating and approving the recommendation made by the engagement partner. If the managing partner recommends not accepting or discontinuing a client relationship, all partners in the firm will review all of the information and participate in the acceptance or continuance decision.

2.5 A review is made to ensure that acceptance of a new client or continuance of an existing client relationship would not violate applicable regulatory agency requirements and the Code of Professional Conduct of the AICPA and/or the (state) CPA Society.

Policy 3

The firm will obtain an understanding with the client regarding the services to be performed.

3.1 A written engagement letter is obtained on all engagements. Additionally, all significant understandings with clients are to be obtained in writing.

3.2 Engagement letters for continuing clients should be updated every three years, unless significant changes (like those described in 2.2 above) to the engagement circumstances have occurred, in which case an annual engagement letter is required.

Engagement Performance

Policy 1

Planning for engagements will meet professional, regulatory, and the firm's requirements.

1.1 The firm maintains and provides its professional personnel with an Audit and Accounting Manual and various other practice aids. Professional personnel involved in the planning for an engagement will follow the planning procedures discussed in the Manual and practice aids and will follow the factors to be considered in the planning process, which are prescribed in the Manual and practice aids.

1.2 For all engagements (unless the manpower requirements are below five man-days), the in-charge accountant or manager reviews with the engagement partner the following documents from the prior year's files to help determine the current year's activities.

- Engagement letter.
- Time budget compared with actual time expended.
- Evaluation of internal control.
- Audit or work programs.
- Engagement memoranda.
- Financial statements and report.
- Management letters.
- Planning memorandum.

1.3 For all engagements (unless the manpower requirements are below five man-days), the in-charge accountant or manager submits to the engagement partner the following (as applicable) for his written approval:

- Engagement letter.
- Time budget.
- Preliminary evaluation of internal control.
- Audit or work programs.
- Planning memorandum.

1.4 The planning memorandum includes the following:

- Staffing requirements and the need for specialized knowledge.
- Consideration of the economic conditions affecting the client or its industry and their potential impacts on the conduct of the engagement.
- Consideration of risks and how they may affect the procedures to be performed.

Policy 2

The engagement will be performed, supervised, reviewed, documented, and communicated in accordance with the requirements of professional standards, regulatory authorities, and the firm.

2.1 Depending upon every individual's background in relationship to his assignment, varying degrees of supervision are provided by proper engagement staffing.

2.2 Every staff member receives an Accounting and Auditing Manual upon joining the firm and is responsible for the proper filing of updates as they are issued.

2.3 The form and content of all workpapers will adhere to the guidelines established in the firm's Accounting and Auditing Manual. Furthermore, all applicable checklists, questionnaires and other forms prepared and maintained by the firm will be utilized during an engagement.

2.4 The in-charge accountant and/or manager reviews and initials all working papers he did not prepare (including those prepared by a partner). The engagement partner reviews the overall engagement (initialing all working papers not reviewed by a manager and working papers dealing with difficult and complex subjects) including financial statements and the report. The engagement partner discusses with the in-charge accountant and/or manager any critical areas and unusual accounting matters encountered during the engagement. These discussions are documented by a memorandum to the working papers, when appropriate.

2.5 In certain circumstances (as described in the firm's policies and procedures manual) prior to the issuance of the financial statements and the auditor's report thereon, a second partner not otherwise associated with the engagement evaluates the appropriateness of financial statement disclosures and the report.

2.6 On all SEC engagements, the engagement team follows the concurring partner review requirements as set forth in the membership requirements of the SEC Practice Section of the AICPA.

2.7 The manager and partner on the engagement, when reviewing the working papers, will determine that all of the work performed and all the reports and financial statements are complete and comply with professional standards and firm policy.

2.8 Differences of professional judgment within an engagement team are to be resolved by the engagement partner, and the managing partner, if necessary. The resolution of the matter must be documented in a memorandum to the working papers. If a member of the team continues to disagree with the resolution, he may disassociate himself from the resolution of the matter and will be offered the opportunity to document, in the working papers, that a disagreement still exists.

Policy 3

The firm will identify areas and specialized situations where consultation is required and will require personnel to refer to authoritative literature and practice aids and to consult, on a timely basis, with individuals within or outside the firm when appropriate (for example, when dealing with complex, unusual, or unfamiliar issues).

3.1 All personnel are advised of the firm's consultation policies and procedures. These policies and procedures are incorporated into the firm's Accounting and Auditing Manual.

3.2 A listing of certain areas or specialized situations, which because of the nature or complexity of the subject have been identified as requiring consultation, is updated semiannually by the administrative partner for inclusion in the Accounting and Auditing Manual. The following areas and situations receive special consideration in preparing the list:

- Application of newly issued technical pronouncements.
- Industries with special accounting, auditing, or reporting requirements, including unusually complex employee benefit plans.
- Emerging practice problems.
- Choices among alternative generally accepted accounting principles upon initial adoption or when an accounting change is made.
- Reissuance of a report, consideration of omitted procedures after a report has been issued or subsequent discovery of facts that existed at the time a report was issued.
- Filing requirements of regulatory agencies.

3.3 A technical reference library is maintained to assist personnel in resolving practice problems. The administrative partner is responsible for reviewing semiannually the library contents and making necessary additions to ensure that the library is up-to-date and includes material related to the clients served.

3.4 The engagement working papers includes all relevant facts, circumstances, professional literature used, and conclusions reached on an engagement.

3.5 A listing of firm designated specialists and their areas of expertise is updated semiannually and included in the Accounting and Auditing Manual.

3.6 The following procedures are used to resolve differences of opinion on practice problems:

- Differences of opinion between a professional employee and an engagement partner are brought before the appropriate designated specialist.
- If the specialist agrees with the engagement partner, the matter is resolved.
- If the specialist disagrees with the engagement partner and they are unable to agree on an appropriate resolution, the managing partner is consulted in order to resolve the matter.

3.7 The engagement partner is responsible for the preparation of a memorandum documenting the considerations involved in the resolution of differences of opinion. The original memorandum is filed with the engagement working papers and a reference copy without identification of the client is placed in the subject file maintained in the library. Any party to the discussion who disagrees with the conclusion has the option of preparing a memorandum and filing it with the working papers.

3.8 Supervisory personnel are encouraged to seek advice from partners and managers the firm has designated as specialists in particular areas when confronted with a situation in the specialist's area of expertise.

3.9 When expertise is not available within the firm, a practice question or problem is referred by the engagement partner to the AICPA's Technical Hotline or other outside expertise for consultation.

3.10 The firm maintains a consultation agreement with the local office of (firm name) CPAs to provide the firm with additional expertise. Inquiries to that firm are channeled through the administrative partner.

3.11 The results of outside consultation are reviewed by the engagement partner and the managing partner before a decision is reached on the matter in question. (See AAM section 11,300.11 and .12.)

3.12 The Accounting and Auditing Manual is used to inform personnel of documentation required and the responsibility for its preparation.

Monitoring

Policy 1

The firm will consider and evaluate, on an ongoing basis, the relevance and adequacy of its quality control policies and procedures.

1.1 Every year a partner and manager, not otherwise directly involved in firm administration, are appointed by the managing partner as a monitoring team to evaluate the firm's quality control policies and procedures for compliance with professional standards.

1.2 While monitoring the firm's quality control system, the partner and manager team obtain assurance that the firm's quality control policies and procedures and its audit methodology remain relevant and adequate. (See AAM section 11,300.23.) Among the factors to be considered when making that assessment are the following:

- Mergers and divestitures of portions of the practice.
- Changes in professional standards or other regulatory requirements applicable to the firm's practice. (See AAM section 11,300.25.)
- Results of annual inspections and peer reviews.
- Review of litigation and regulatory enforcement actions against the firm and others.

- Impact that changes in technology may have on client's methods of doing business.
- Changes in client's industries that impact their operations.
- Changes in applicable AICPA membership requirements.

1.3 Once a year, all professional personnel will be provided with a form describing their responsibilities for maintaining the firm's standards of quality in performing their duties. Personnel will read and sign the form.

1.4 In assessing the firm's quality control system, the partner and manager team will identify (as applicable) ineffective or inappropriate policies and procedures that require revision. Necessary improvements in compliance with the firm's policies and procedures that are related to the other elements of quality control will also be identified.

Policy 2

The firm will consider and evaluate, on an ongoing basis, the appropriateness of its guidance materials and any practice aids.

2.1 The partner and manager team described in 1.1 above will also review and evaluate the firm's practice aids, such as audit programs, forms and checklists, based on the issuance of new professional pronouncements.

2.2 A staff meeting of all professional personnel will be held once a month. New professional standards, regulatory requirements and related changes to the firm's practice aids will be discussed in order to keep personnel informed of such matters.

Policy 3

The firm will consider and evaluate, on an ongoing basis, the effectiveness of professional development programs.

3.1 The managing partner annually reviews the firm's professional development policies and procedures (including personnel participation records) to determine whether it is adequately meeting the firm's needs, providing for the professional growth of individuals, and meeting mandatory continuing education requirements. An annual report is made to the partners.

3.2 At the monthly staff meeting, professional personnel will be solicited for information about the effectiveness of the firm's training program.

Policy 4

The firm will consider and evaluate, on an ongoing basis, compliance with its policies and procedures.

4.1 The partner and manager team described in 1.1 above will be responsible for performing an annual review (see AAM section 11,300.25) of a cross-section of engagements using guidance prepared by the AICPA for performing inspection procedures. Engagements will be selected using the following criteria:

- Significant specialized industries with emphasis given to high-risk engagements.
- Engagements for employee benefits.
- First-year engagements.
- Level of service (audit, review, compilation, attest)
- All partners and other management personnel having accounting and auditing responsibilities.

4.2 The monitoring/inspection team will also review the following material for propriety, as part of their annual review:

- Correspondence regarding consultation on independence, integrity, and objectivity matters, and acceptance and continuance decisions.
- The resolution of matters reported by professional personnel on independence circularization forms.

4.3 The results of the annual monitoring and inspection procedures are summarized in a report, together with corrective actions planned or taken. This report is presented to the partners of the firm. The partners of the firm set forth any recommended changes to the firm's policies and procedures. This report is retained by the managing partner.

4.4 The results of the engagement reviews are discussed with the supervisory personnel responsible for the engagements.

4.5 The final results of the all monitoring activities are communicated to all professional personnel in the firm.

4.6 The managing partner has the responsibility to determine that planned corrective actions were taken and to report the extent of compliance to all partners.

.06 Independence and Representation Checklist for Other Auditors

Office _____

Firm name _____

In order to determine that your firm is in compliance with the independence standards, regulations, interpretations and rulings of the AICPA, the (*name of State*) CPA Society, the (*name of State*) Board of Accountancy, and (*name of State*) statutes the following must be completed by _____ (*date*) and returned to _____ as noted. If there are any questions you have related to the completion of the form, or if there is a matter that has come to your attention which may impair your firm's independence, please contact (*name of Partner*) to resolve the problem.

.18 Performance Evaluation*[To be completed after each engagement of forty hours or more.]*

Name _____ Classification _____

Client _____ From _____ To _____

Describe work assigned: _____

In your opinion based on the staff member's classification, should this assignment be considered:

Demanding ☐Routine ☐This individual is ☐ is not ☐ ready for increased responsibility. Explain _____

Rating: Enter comments which describe the staff member's performance on this engagement. Rate the staff member on each of the items below as Outstanding (O), Very High (VH), Good (G), Below Normal (BN), or Not Applicable (NA).*[Support each caption with specific incidents or remarks.]***Technical Knowledge:** Did the staff member possess adequate knowledge to function effectively at the level assigned? Did this knowledge encompass accounting principles, auditing standards, and tax accounting? Has the staff member kept current on recent developments and new pronouncements on professional practice matters as they affected this engagement?

O VH G BN NA

Rating: ☐ ☐ ☐ ☐ ☐_____

_____**Analytical Ability and Judgment:**

How well did the staff member recognize problems, develop relevant facts, formulate alternative solutions, and decide on appropriate conclusions? Did the staff member distinguish between material and immaterial items? Was the staff member practical in adapting theory and experience to the individual circumstances of this client?

O VH G BN NA

Rating: ☐ ☐ ☐ ☐ ☐_____

_____**Written and Oral Expression:**

Evaluate the effectiveness of the staff member's letters, memoranda, and other forms of written communication. In conversation, did the staff member communicate intentions effectively? Were instructions understood the first time? Did the staff member sell ideas, obtain acceptance and action?

O VH G BN NA

Rating: ☐ ☐ ☐ ☐ ☐_____

_____**Note:** See the AICPA MAP Handbook for alternatives.

Performance: Can you depend on the staff member for sustained, productive work? Were assignments organized and completed accurately in a reasonable amount of time? Did the staff member readily assume responsibility? Did the staff member meet time estimates and document work papers properly?

O V H G B N NA

Rating: ☐ ☐ ☐ ☐ ☐

Development of Personnel: In assigning work, did the in-charge member make the most effective use of available talent in terms of getting the work done and in terms of developing staff members performing the work? Did the in-charge staff member tend to make assignments which were either too easy or too hard for his subordinates? Was the staff member readily accepted as a leader? Was the staff member effective in on-the-job coaching?

O V H G B N NA

Rating: ☐ ☐ ☐ ☐ ☐

Client Relations: How well did the staff member relate to this client and gain his acceptance? How well did the staff member recognize and take advantage of practice development opportunities, through extension of services to this client?

O V H G B N NA

Rating: ☐ ☐ ☐ ☐ ☐

Attitude: Did the staff member demonstrate a positive and professional approach to the assignment? Was this demonstrated by sustained effort in completing work? Was the assignment undertaken with enthusiasm and zest? Did the staff member respond in a positive way to suggestions and guidance from superiors? To what degree did the staff member make personal sacrifices to meet client requirements? Was the staff member a helpful member of the team? Did the staff member go out of his way to help an associate?

O V H G B N NA

Rating: ☐ ☐ ☐ ☐ ☐

Personal Characteristics: Did the staff member possess self-confidence and was this confidence projected in an acceptable way? Were positive impressions created with this client and with associates? Did the staff member have a keen sense of what to do or say (tact)? Were clothes appropriate to professional work? Was the staff member well groomed?

O V H G B N NA

Rating: ☐ ☐ ☐ ☐ ☐

JOB EVALUATION REPORT
[For Assignments of Thirty (30) Hours or More]

Name _____
 Location _____
 Engagement _____
 Assistant _____ In-Charge _____

Compared to Others in Peer Group						
A	A-	B+	B	3-	C+	C
SUPERIOR	EXCELLENT	ABOVE AVERAGE	SATISFACTORY	IMPROVEMENT DESIRED	IMPROVEMENT REQUIRED	UNSATISFACTORY
NOT APPLICABLE						

A. PERFORMANCE ON THE JOB1. *Technical Ability Demonstrated*

- a) The purpose of the audit procedures planned was understood
 b) Materiality was neither underestimated nor overestimated
 c) Accounting theory and current releases of the profession were applied correctly
 d) Federal and state income tax regulations were applied correctly

2. *Working Paper Evidence*

- a) Documentation of work performance, including adequate indexing and cross referencing . . .
 b) Sound explanations and conclusions
 c) Use of standard work papers
 d) Legibility
 e) Accuracy — absence of mathematical errors

3. *Completing This Job*

- a) Meeting planned time estimates
 b) Completing reports and tax returns
 c) Following up the reviewer's comments and making the necessary changes

4. *Client Reaction on This Job*

- a) Getting along with the client's employees
 b) Interest in the client's business

B. ENGAGEMENT ADMINISTRATION — (For In-Charge Accountants Only)1. *Effectiveness of Proper Planning*

- a) Extent that the scope of the work related to internal control
 b) Developing the work program

2. *Utilizing Staff Effectively and Efficiently*

- a) Advance planning to minimize crises
 b) Efficient use of staff on the job
 c) On-the-job training of assistants

3. *Meeting Deadlines*

- a) Completing the engagement in the planned time
 b) Delivering completed pencil copies of the report and tax returns to the supervisor as agreed

4. *The Product*

- a) Quality of report preparation, including adequate and informative disclosures
 b) Quality of the management advice recommendations

5. *Practice Management*

- a) Extending service
 b) Ease of collecting for services performed

.21 Employee Annual Performance Appraisal

Time Period Involved			<input type="checkbox"/> EXEMPT <input type="checkbox"/> NON-EXEMPT	
From	To			
Name		Position Title	Number	
Hire Date	Present Position Date	Days Absent From: _____ To: _____ Charged To _____ Sick Time: _____ Disability: _____		
Strengths		Development Needs		
		Suggested Plan for Performance Improvement		
Summary				
Overall Rating on Having Met Job Requirements				
Non-Exempt - Circle One			Exempt - Circle One	
1	2	3	1	2
1 = Did Not Meet Job Requirements			1 = Did Not Meet Job Requirements	
2 = Met All			2 = Met Most	
3 = Exceeded			3 = Met All	
			4 = Exceeded	
			5 = Far Exceeded	

Review the following questions before answering them, using the following criteria:

- A “yes” answer should be considered for possible mention as a “strength”. If so, refer to it on the first page of this evaluation.
- A “no” answer should be considered for possible mention as a “development need”. If so, refer to it on the first page of this evaluation.

All answers should be considered in arriving at an overall rating on having met job requirements.

	CHECK AS APPROPRIATE				
	Strength	Yes	N/A	No	Development Need

.22 Client/Engagement Acceptance and Continuation Checklist³

Note: Acceptance of a new client normally is of critical importance to a small firm. Depending on the type of industry and the services to be provided, accepting a new client can affect nearly all aspects of a firm's quality control system: Are the firm's library and practice aids adequate? Do personnel have appropriate CPE? Does the firm need an outside consultant? The best time to document the acceptance decision is when a new audit or attestation client or engagement is signed, using a form such as the one below.

Name of prospective client: _____

Address and Phone No.: _____

Name and title of contact at prospective client: _____

Form completed by: _____ Date: _____

Instructions

This form provides for information necessary to assess whether to accept a prospective client. The information should be obtained from discussions with the prospective client's management, bankers, attorneys, credit services, and if applicable current or former independent CPA, from reviewing the client's financial statements, regulatory agency reports, credit reports, and tax returns, and from other sources such as industry or accounting journals, etc. As much information as possible should be obtained before visiting the potential client. Depending on the type of engagement involved, some information requested on this form may not be applicable, or additional information may be necessary and should be attached.

Services and Reports Required

1. Describe the service and reports requested. _____

2. Describe the reason the service is needed, including any regulatory requirements or third parties for which the service or report is intended. _____

3. What is the required completion date? _____

4. Describe any other services not requested for which there appears to be a need. _____

5. What is the preliminary estimate of hours to complete the engagement? _____

6. Has the client imposed any restrictions on the scope of the engagement that might preclude expression of an unqualified report? _____

7. Do we have the necessary expertise and staff to perform the engagement? (If not, how will we overcome this problem?) _____

³ Certain items in this checklist have been reprinted from the *Journal of Accountancy*, Copyright © 1997 by AICPA.

Industry Practices and Conditions

8. In what industry does the company operate? _____

9. Describe any specialized tax or accounting practices applicable to the industry. _____

10. Describe any economic, technological or competitive conditions or other recent developments in the industry that may affect the company's operations. _____

11. Describe any special regulatory requirements applicable to the industry. _____

12. Is the company in the development stage? _____

Organization and Personnel

13. Company's Legal Name: _____ Fiscal Year End: _____
14. Type of legal entity (Corporation, S Corporation, partnership, proprietorship, etc.): _____
15. List the major stockholders (partners or owners) of the company and their percentage of ownership. If applicable, obtain and attach a copy of the company's organization chart.

Name and (if applicable) Title

% Ownership

_____	_____
_____	_____
_____	_____

16. List the principal members of management.

Name and Title

Stated Qualifications (education, training, and experience)

_____	_____
_____	_____
_____	_____

17. Briefly describe any existing or contemplated employee bonus arrangement (individual, title, method of computation), stock option, or pension (profit sharing) plans that may affect the engagement.

18. List each location maintained by the company (including foreign locations, if any), the nature of the activity performed at each, and the approximate number of employees at each, i.e., plant, sales office, executive offices, etc.

Location	Activity	No. of Employees
_____	_____	_____
_____	_____	_____

19. Inquire about possible transactions with related parties that may affect the engagement.

Name of Related Party	Relationship	Type of Transaction

Operations

20. Describe the nature of the company's major assets and liabilities. _____

21. What are the company's sources of revenue and marketing methods? (Describe major products, customers, etc.). _____

22. If the company is economically dependent on a major customer, name the customer and approximate percentage of total revenue generated by this customer. _____

23. Describe the components of cost of goods sold and the company's production process. _____

24. What are the major expenses of the company other than cost of goods sold? _____

25. Describe the company's compensation methods, i.e., salary , hourly wage, commissions, piece work, union scale, etc. _____

26. What are the company's major sources of financing, i.e., working capital loans, long term debt, leasing, equity, etc. Describe restrictive covenants on any loan agreements. _____

27. Is management sufficiently knowledgeable about its activities and financial condition? _____

28. Does it appear that the entity's activities or resources are heavily concentrated in one or a few high-risk areas? _____

Accounting

29. Does the company maintain the following items? [Attach description, if appropriate.]

- a. Accounting manual? _____
- b. Budget? _____
- c. Cost accounting system? _____
- d. Information technology? (indicate type of equipment and software) _____
- e. Written credit policy? _____

30. Briefly describe the accounting system and accounting responsibilities.

Description of Accounting Record	Name of Person Who is Responsible	Information Technology	Manual	N/A
General Ledger	_____	_____	_____	_____
Subsidiary Ledgers:				
Accounts receivable	_____	_____	_____	_____
Fixed assets	_____	_____	_____	_____
Loans payable	_____	_____	_____	_____
Accounts payable	_____	_____	_____	_____
Perpetual inventory	_____	_____	_____	_____

_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
Journals:				
Cash receipts	_____	_____	_____	_____
Cash disbursements	_____	_____	_____	_____
Sales/purchase/voucher	_____	_____	_____	_____
Payroll	_____	_____	_____	_____
General journal entries	_____	_____	_____	_____
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
Financial Reporting				
[Indicate basis of accounting]:				
Annual financial statements	_____	_____	_____	_____
Monthly financial statements	_____	_____	_____	_____
Management reports	_____	_____	_____	_____
_____	_____	_____	_____	_____
Other:				
Bank reconciliations	_____	_____	_____	_____
_____	_____	_____	_____	_____

31. Describe the company's completeness procedures and methods to insure that accounting transactions enter into the accounting system, i.e., that all shipments or services are invoiced, that all cash sales are recorded, and that all disbursements are recorded. _____

32. Describe any unusual features of the accounting system. _____

33. Are sufficient records available to perform the engagement? _____

34. Is management sufficiently knowledgeable about applicable accounting principles? _____

35. Does management understand accounting matters adequately to assume responsibility for proper valuation, presentation, and disclosure? _____

Tax Matters

36. Who prepares the tax returns? _____
37. Describe major differences between book and tax income, unusual tax elections, carry forwards or IRS examinations in process. If possible, review copies of the most recent 3 years of tax returns and attach them to this form. _____

Other Matters

38. Describe any significant problems that could affect the engagement, such as litigation or other contingencies, unusual agreements, and plans to acquire or dispose of significant assets, merge with another entity, enter a new area of business, convert to or expand use of information technology, etc. _____

39. Give the name of a current or former independent CPA. _____
- a. Describe any disputes over accounting matters. _____

40. Describe any apparent problems or areas for improvement that were noted where our firm could provide additional service or recommendations. _____

41. Is the client relatively free from controversy and media coverage? _____

Independence

42. Would service to this client cause problems of independence or conflicts of interest because of relationships with other clients or members of the staff? _____

Fees

43. Based on inquiries with a current or former independent CPA, if applicable, indicate the amount of any unpaid fees and the reason for nonpayment. _____

44. If possible indicate the amount of fees charged by an existing or former independent CPA for the service being proposed. (The CPA or the potential client may be willing to furnish this information, or it might be obtainable from the financial statements or tax return.) _____
45. Describe any other indications that our firm might have a problem billing or collecting our fees. _____

46. Does the prospective fee justify pursuing this engagement? _____

Management Integrity

47. Have any of the following sources raised any concerns about management's integrity?
- a. Difficulty in obtaining information from management, or evasive, guarded or glib responses to inquiries. _____

 - b. Apparent difficulty in meeting financial operations or a deteriorating financial position that might predispose management to commit fraud or make a misrepresentation. _____

 - c. Disputes about accounting principles, engagement procedures or similarly significant matters with an existing or former accountant, or doubts of the predecessor accountant about management's integrity. _____

 - d. Comments by bankers, attorneys, creditors, or others having a business relationship with a potential client. _____

48. If management is changing accountants, why is the change being made, and is the reason for the change acceptable? _____

49. Is there any reason to suspect that management would be uncooperative, unreasonable or otherwise unpleasant to work with? _____

50. Does the general integrity of the client seem satisfactory? _____

Other Comments or Observations

51. Give any other comments or observations that might affect our decision whether to prepare a proposal letter or its contents. Add attachments to this form, if necessary. _____

Conclusion

52. Should we accept/continue this client/engagement? _____

.23

Summary Control Checklist			
Firm Name _____ Quality Control Monitoring System Summary Year Ended _____			
Monitoring Procedure	Reviewed		Location of Documentation
	By	Date	
Analysis of the relevance of new professional pronouncements			
Continuing professional education and other professional development activities			
Independence confirmations			
Client/engagement acceptance and continuation decisions			
Interviews of firm personnel			
Review of engagements			
Inspection (describe procedures performed)			
Other procedures (describe)			
Determine that the above procedures have adequately considered and evaluated:			
1. The firm's management philosophy.			
2. Its practice environment.			
3. The relevance and adequacy of firm policies and procedures.			
4. Compliance with firm policies and procedures			
5. Appropriateness of the firm's guidance materials and practice aids.			
6. Effectiveness of professional development activities.

.24 Summary Monitoring/Inspection Report**I. *Planning the Inspection***

A. Inspection period _____

B. Composition of Inspection Team:

1. Captain _____ Position _____

2. Team Member _____ Position _____

3. Team Member _____ Position _____

C. Indicate matters that may require additional emphasis in the inspection and explain why.

D. Development of Inspection Program:

1. Describe programs used and indicate any deviations therefrom.

2. Describe basis for selection of engagements:

E. Timing of Inspection:

Commencement _____

Completion of work _____

Issuance of report _____

II. *Scope of Work Performed*

A. Indicate elements of quality control not addressed and give reasons.

B. Engagements Reviewed:

	Firm Totals		Engs. Reviewed	
	Hrs.	No. of Engs.	Hrs.	No. of Engs.
Audits:				
SEC Clients				
Government ¹				
ERISA				
Other				
Reviews				
Compilations				
Attestations				
Other Accounting Services				
Comments:				

III. Engagement Conclusions

A. Did the inspection disclose any situation that led the reviewers to conclude that the firm or office should consider:

1. Taking action to prevent future reliance on a previously issued report, pursuant to SAS No. 1 (AU section 561)? Yes _____ No _____
2. Performing additional auditing procedures to provide a satisfactory basis for a previously expressed opinion, pursuant to SAS No. 46 (AU section 390)? Yes _____ No _____

B. Did the inspection team conclude in any instances that the firm or office lacked a reasonable basis under the standards for accounting and review services for the report issued? Yes _____ No _____

If any of the answers above are yes, attach a description of such situations, including actions the firm or office has taken or plans to take.

IV. Findings and Recommendations:

Attach a copy of any reports issued, including a summary of any inspection findings and recommendations for improvement or list such findings and recommendations below.

Supervisory Partner _____
Date _____

¹ Includes only audits conducted pursuant to the *Government Auditing Standards*, issued by the Comptroller General of the United States ("yellow book").

.25

Note: A firm should make the analysis and assessment of the relevance of new professional pronouncements that can affect its practice, and consequently its quality control system, an ongoing activity. The AICPA's *Journal of Accountancy* publishes many of the new pronouncements in its Official Releases column. Thus, a practitioner can review the new pronouncements monthly (or after tax season for the first three months of the year) and record that review on a checklist similar to the one below.

New Pronouncements Checklist						
Firm Name _____						
Analysis of New Professional Pronouncements						
The purpose of this checklist is to document the firm's analysis and assessment of the relevance of new professional pronouncements to the firm practice.						
Professional Pronouncement	Effective Date	Reviewed		Relevant?		Comment, Reference
		By	Date	Yes	No	
Auditing Standards Statement on Auditing Standards No. 94, <i>The Effect of Information Technology on the Auditor's Consideration of Internal Control in a Financial Statement Audit</i>	Audits of financial statement for periods beginning on or after 6/1/01					
Attestation Standards						
Auditing Interpretations						
Attestation Interpretations						
Standards for Accounting and Review Services						
Other AICPA Official Releases Statement of Position 01-2, <i>Accounting and Reporting by Health and Welfare Benefit Plans</i>	Financial statements for plan years beginning after 12/15/00					
Other Professional Pronouncements Office of Management and Budget Circular A-133, <i>Audits of Institutions of Higher Education and Other Non-Profit Institutions</i>	Years ending on or after 6/30/97					

Professional Pronouncement	Effective Date	Reviewed		Relevant?		Comment, Reference
		By	Date	Yes	No	
Financial Accounting Standards Board <i>Statement No. 139, Rescission of FASB Statement No. 53 and amendments to FASB Statements No. 63, 89, and 121</i>	Years beginning after 12/15/00					
Governmental Accounting Standards Board						
Other Pronouncements

AAM Section 12,000

State and Local Governments

TABLE OF CONTENTS

Note: This edition of the Audit and Accounting Manual has *not* been revised for the effects of the following Governmental Accounting Standards Board (GASB) pronouncements:

- Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*
- Statement No. 35, *Basic Financial Statements—and Management’s Discussion and Analysis—for Public Colleges and Universities*
- Statement No. 37, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments: Omnibus*
- Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*

GASB Statement No. 34, as amended by GASB Statement No. 35 and 37, fundamentally changes the format and content of financial statements (the financial reporting model) for all governmental entities. GASB Interpretation No. 6 clarifies the application of modified accrual recognition in governmental funds. The effective date to implement the requirements of GASB Statement No. 34, as amended, and, simultaneously, GASB Interpretation No. 6, is based on the total annual revenues of a government’s governmental and enterprise funds. See the AICPA Audit Risk Alert, *State and Local Governmental Developments—2003*, for further information about these standards. The Risk Alert is in AAM section 8070.

This edition of the Audit and Accounting Manual also has *not* been revised for the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, which addresses the audits of financial statements prepared using the provisions of GASB Statement No. 34, as amended.

A future AICPA Practice Aid will consider the effects of the above cited GASB pronouncements and AICPA Audit and Accounting Guide on the materials in this State and Local Governments section of the Audit and Accounting Manual.

AAM Section 12,010

*Internal Control Form— Governmental Units*¹

.01 This section and AAM sections 12,020 and 12,030 contain illustrative internal control forms you might use to document your understanding of internal control sufficient to plan an audit of the general purpose financial statements of a state or local government.^{2,3} The illustrative questions are numbered merely for organizational purposes. The numbers are in no way intended to infer completeness or a preferred sequence. These forms may require modifications to meet the needs, preferences, and circumstances of individual firms and their clients. Whenever you use standardized forms, checklists, or questionnaires, you should recognize that important matters in a particular set of circumstances may not be covered.

Instructions

.02 In every audit, you should obtain an understanding of each of the components of internal control sufficient to plan the audit. These forms should be used as a tool in documenting your understanding of internal control, how internal control is designed, and whether controls have been placed in operation.

.03 This form should be used in conjunction with other forms in the following circumstances:

- *Computer Applications Form—Governmental Units* [AAM section 12,020]. To be used to document your understanding of how the entity uses computers and information technology to process significant accounting information.
- *Financial Reporting Information Systems and Controls Forms—Governmental Units* [AAM section 12,030]. To be used for each significant account and transactions cycle.

.04 These forms are appropriate whenever you plan a primarily substantive approach to the financial statement audit (see the caution at paragraph .06 below). That is, their completion generally results in control risk being assessed at or slightly below the maximum for all assertions related to account balances and transactions.⁴

.05 If you plan a lower control risk assessment for certain assertions you are required to—

¹ The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. In addition, the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, addresses the audits of financial statements prepared in conformity with those GASB pronouncements. This form does not incorporate changes that might be needed as a result of those GASB pronouncements or that Guide. See the discussion of those GASB pronouncements, that Guide, and the planned AICPA Practice Aid in the headnote in AAM section 12,000.

² Neither this section nor AAM sections 12,020 or 12,030 specifically address internal control considerations for audits conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. For such considerations, the auditor is advised to see AAM section 12,350, *Government Auditing Standards Requirements*, chapters 4 and 5 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, and the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*.

³ See also AAM section 12,040, *Internal Control Checklist—Federal Awards* (OMB Circular A-133 Single Audits), which can be used to evaluate internal control over compliance requirements for major programs in an audit in accordance with Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

⁴ As discussed at AAM section 12,040, OMB Circular A-133 requires the auditor to plan the testing of internal control over compliance with major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program. Therefore, a substantive approach to the single audit is not permitted.

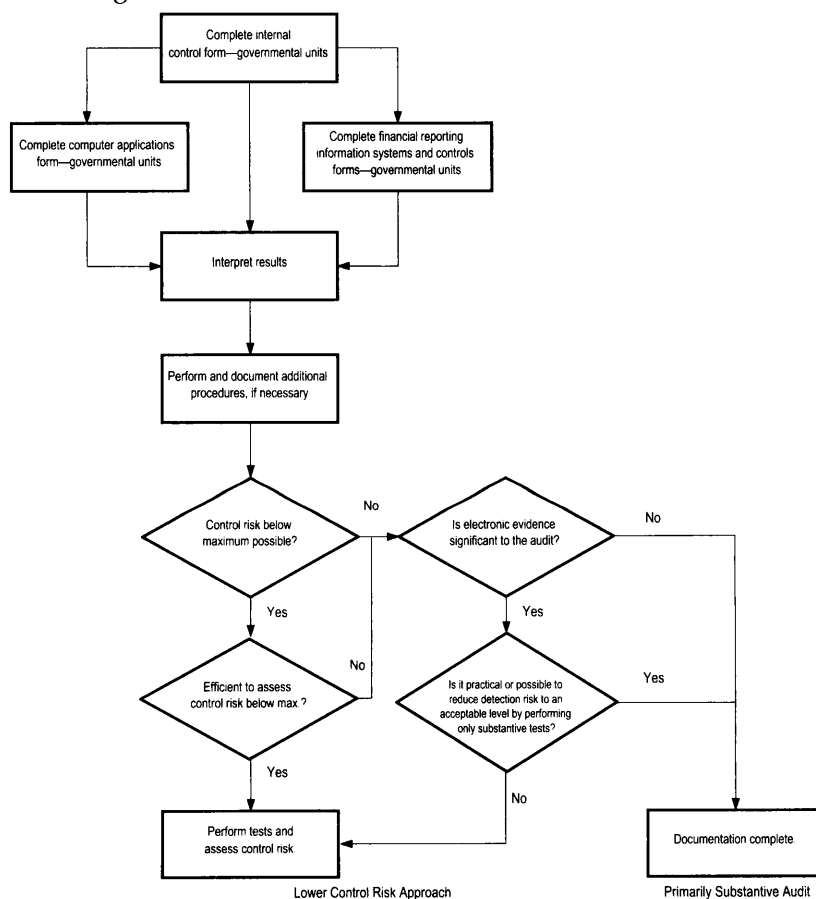

- Identify specific controls relevant to specific assertions that are likely to prevent or detect material misstatements in those assertions, and
- Perform tests of controls to evaluate their effectiveness.

The form at AAM section 12,030 identifies the financial statement assertions to which those specific controls apply.

.06 In situations where significant audit evidence is transmitted, processed, maintained, or accessed electronically, it generally will be necessary to test the internal control surrounding the electronic evidence (for example, controls over generation, storage, manipulation, and transmission), even if a primarily substantive audit approach is followed. (This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form.) This is because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness. In those situations, the auditor should perform tests of controls to gather evidence to support an assessed level of control risk below the maximum for affected assertions. If the auditor concludes control risk must be assessed at the maximum in such situations or the evidence gathered through tests of controls and substantive tests is insufficient, the auditor should qualify or disclaim an opinion because of the scope limitation. (See AU section 326, *Evidential Matter*.)

.07 These forms are organized to conform to the control components and overall internal control framework described in the Audit Guide *Consideration of Internal Control in a Financial Statement Audit*. This framework is a way for you to consider the impact of internal control on an audit. The classification of any specific control into a particular component should not be your primary concern. Rather, your primary consideration is whether a specific control affects financial statement assertions.

.08 The following flowchart describes how this form can be used in conjunction with the other forms to document your understanding of internal control.

Interpreting the Results

.09 When obtaining an understanding of internal control, you should consider the *collective* effect of the strengths and weaknesses in various control components. Management's strengths and weaknesses may have a pervasive effect on internal control. For example, strong management oversight may mitigate a lack of segregation of duties. However, human resource policies and practices directed toward hiring competent financial and accounting personnel may not mitigate a strong bias by management to overstate results of operations.

.10 Answers that fall toward the right side of this form ("Strongly Agree" or "Somewhat Agree") indicate areas of strength in the entity's internal control. You should consider whether these areas of strength indicate that a control risk assessment below the maximum may be possible for some assertions. Answers that fall toward the left side of this form ("Strongly Disagree" or "Somewhat Disagree") indicate areas of weakness in the entity's internal control. You should assess how these areas of weakness affect the planning of the audit. This assessment should be documented in section V of this form. In making this assessment, you normally focus on—

- The types of material misstatement that could occur as a result of the identified weakness, and
- The risk that those misstatements will occur.

.11 SAS No. 99, *Consideration of Fraud in a Financial Statement Audit* (AU section 316), establishes standards and provides guidance to auditors in fulfilling their responsibility to plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Issued in October 2002 and effective for audits of financial statements for periods beginning on or after December 15, 2002, the requirements of SAS No. 99 (AU section 316) will affect the auditor's consideration of internal control. For example, paragraph 20 of SAS No. 99 (AU section 316.20) requires auditors to ask management about programs and controls the entity has established to mitigate specific fraud risks the entity has identified, or that otherwise help to prevent, deter, and detect fraud, and how management monitors those programs and controls. Appendix A to chapter 3 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, describes the requirements of SAS No. 99 (AU section 316) and discusses government-specific considerations.

Documenting a Conclusion

.12 After completing this form and the forms at AAM sections 12,020 and 12,030, you should document your conclusion regarding internal control. To perform a primarily substantive audit, you must understand the entity's internal control sufficiently—

- To assess the risk of material misstatement in assertions related to material financial statement components, and
- To design effective substantive procedures.

.13 If the completion of this form is not sufficient for you to obtain the necessary level of understanding discussed in paragraph .10 above, you should perform and document the results of additional procedures to gain that level of understanding.

.14

I. Document Your Understanding of the Control Environment

In the space provided below, indicate whether you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with the following statements concerning internal control components with a pervasive effect on the entity. Your answers should be based on—

- Your previous experience with the entity.
- Inquiries of appropriate management, supervisory, and staff personnel.
- Inspection of documents and records.
- Observation of the entity's activities and operations.

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
A. Control Environment					
<i>Integrity and Ethical Values</i>					
1. Management has high ethical and behavioral standards.	_____	_____	_____	_____	_____
2. The entity is not subject to external forces or pressures that make it vulnerable to errors.	_____	_____	_____	_____	_____
3. The public perceives this entity to be ethically managed and adequately controlled.	_____	_____	_____	_____	_____
4. Management has communicated (either formally through written policies or informally through its own behavior) the ethical and behavioral standards for the entity and employees have received and understood that message.	_____	_____	_____	_____	_____
5. Management reinforces its ethical and behavioral standards.	_____	_____	_____	_____	_____
6. Management appropriately deals with signs that problems exist even when the fiscal or political cost of identifying and solving the problem could be high.	_____	_____	_____	_____	_____
7. Management has removed or reduced incentives and temptations that might prompt personnel to engage in dishonest, illegal, or unethical acts. For example, there is generally no—					
a. Pressure to meet unrealistic performance targets.	_____	_____	_____	_____	_____
b. High performance-dependent rewards.	_____	_____	_____	_____	_____
c. Upper and lower cutoffs on bonus plans.	_____	_____	_____	_____	_____
8. Management has provided guidance on the situations and frequency with which intervention of established controls is appropriate.	_____	_____	_____	_____	_____
9. Management intervention is documented and explained appropriately.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
<i>Commitment to Competence</i>					
10. Management has appropriately considered the knowledge, experience, and skill levels necessary to accomplish management, financial reporting, and other essential tasks.	_____	_____	_____	_____	_____
11. Employees with management, financial reporting, and other essential responsibilities generally have the knowledge, experience, and skills necessary to accomplish those tasks.	_____	_____	_____	_____	_____
<i>Governing Board and Audit Committee</i>					
12. The governing board constructively challenges management's planned decisions.	_____	_____	_____	_____	_____
13. Members of the governing board have sufficient knowledge, experience, and time to serve effectively.	_____	_____	_____	_____	_____
14. The board members regularly receive the information they need to monitor management's objectives and strategies.	_____	_____	_____	_____	_____
15. The audit committee reviews the scope of activities of the internal and external auditors annually.	_____	_____	_____	_____	_____
16. The audit committee meets privately with the chief financial and/or accounting officers, internal auditors, and external auditors to discuss the—					
a. Reasonableness of the financial reporting process.	_____	_____	_____	_____	_____
b. System of internal control.	_____	_____	_____	_____	_____
c. Uncorrected audit adjustments.	_____	_____	_____	_____	_____
d. Significant comments and recommendations.	_____	_____	_____	_____	_____
e. Management's performance.	_____	_____	_____	_____	_____
17. The board takes steps to ensure an appropriate "tone at the top."	_____	_____	_____	_____	_____
18. The board or committee takes action as a result of its findings.	_____	_____	_____	_____	_____
<i>Management's Philosophy and Operating Style</i>					
19. Management moves carefully, proceeding only after carefully analyzing the risks and potential benefits of its actions.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
20. Management is generally cautious or conservative in financial reporting matters (such as the selection of accounting policies; application of accounting principles, the development of estimates, and the disclosure of important financial information).	_____	_____	_____	_____	_____
21. There is relatively low turnover of key personnel (such as operating, accounting, data processing, and internal audit).	_____	_____	_____	_____	_____
22. There is no undue pressure to meet budget or other financial and operating goals.	_____	_____	_____	_____	_____
23. Management views the accounting and internal audit function as a vehicle for exercising control over the entity's activities.	_____	_____	_____	_____	_____
24. Management is concerned about the presence of strong data processing controls.	_____	_____	_____	_____	_____
25. Management is committed to reliable financial reporting and the safeguarding of assets.	_____	_____	_____	_____	_____
26. Operating personnel review and "sign off" on reported results.	_____	_____	_____	_____	_____
27. There is frequent interaction between senior management and operating management, particularly for geographically removed units.	_____	_____	_____	_____	_____
28. There is a long-range planning process.	_____	_____	_____	_____	_____
29. Goals and objectives for the entity are current and in writing.	_____	_____	_____	_____	_____
Organizational Structure					
30. The entity's organization chart is current.	_____	_____	_____	_____	_____
31. The entity's organizational structure facilitates the appropriate flow of information relating to its activities.	_____	_____	_____	_____	_____
32. Organizational relationships are appropriate.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
33. Organizational modifications are made when needed due to changing conditions.	_____	_____	_____	_____	_____
34. There are sufficient quantities of employees, particularly in management and supervisory capacities.	_____	_____	_____	_____	_____
35. The organizational structure is appropriate given the entity's program/budget structure.	_____	_____	_____	_____	_____
<i>Assignment of Authority and Responsibility</i>					
36. Written job descriptions are current.	_____	_____	_____	_____	_____
37. Personnel have copies of their own job descriptions and those of their subordinates.	_____	_____	_____	_____	_____
38. Job descriptions are consistent with the organization chart.	_____	_____	_____	_____	_____
39. Delegations of authority and responsibility reflect the segregation of duties concept.	_____	_____	_____	_____	_____
40. Job descriptions are descriptive of the jobs actually performed.	_____	_____	_____	_____	_____
41. Job descriptions contain specific references to control-related responsibilities.	_____	_____	_____	_____	_____
42. Members of management fully understand their control responsibilities.	_____	_____	_____	_____	_____
43. The entity's principal accounting officer has adequate authority over accounting employees and principal accounting records locations.	_____	_____	_____	_____	_____
44. Delegations of authority and responsibility give personnel necessary authority to carry out the functions for which they are responsible.	_____	_____	_____	_____	_____
45. There is an adequate definition of key managers' responsibilities and an appropriate understanding of those responsibilities.	_____	_____	_____	_____	_____
46. Financial reporting responsibilities are clearly defined and reasonably aligned.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
47. Personnel are given proper resources to carry out their duties.	_____	_____	_____	_____	_____
48. Personnel are held accountable for performance and results achieved.	_____	_____	_____	_____	_____
49. Managers routinely follow-up on delegations of authority and responsibility to subordinates.	_____	_____	_____	_____	_____
50. Personnel understand the entity's objectives and know how their individual actions interrelate and contribute to those objectives.	_____	_____	_____	_____	_____
<i>Human Resource Policies and Practices</i>					
51. There are written personnel policies, including for hiring, training, promoting, and compensating employees.	_____	_____	_____	_____	_____
52. Payroll and personnel policies governing compensation are in accordance with the requirements of grant agreements.	_____	_____	_____	_____	_____
53. The entity generally hires the most qualified people for the job.	_____	_____	_____	_____	_____
54. Hiring and recruiting practices emphasize educational background, prior work experience, past accomplishments, and evidence of integrity and ethical behavior (including background checks for prior actions or activities considered to be unacceptable by the entity).	_____	_____	_____	_____	_____
55. Recruiting practices include formal, in-depth employment interviews.	_____	_____	_____	_____	_____
56. Policies regarding conflicts of interest and code of conduct are established, documented, and distributed.	_____	_____	_____	_____	_____
57. New employees receive orientation training, which includes information about the entity's history, culture, and operating style.	_____	_____	_____	_____	_____
58. There are accurate and up-to-date performance standards.	_____	_____	_____	_____	_____
59. The entity's performance standards are consistent with its operating plan.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
60. Management performance standards include provisions for maintaining adequate internal control.	_____	_____	_____	_____	_____
61. Employees are made aware of their responsibilities and expectations of them.	_____	_____	_____	_____	_____
62. The entity provides training opportunities, and employees are well-trained.	_____	_____	_____	_____	_____
63. There are adequate employee retention and promotion criteria, and related information gathering techniques, related to compliance with the code of conduct or other behavioral guidelines.	_____	_____	_____	_____	_____
64. There are periodic performance appraisals of all employees.	_____	_____	_____	_____	_____
65. Promotions and rotation of personnel are based on periodic performance appraisals.	_____	_____	_____	_____	_____
66. Methods of compensation, including bonuses, are designed to motivate personnel and reinforce outstanding performance.	_____	_____	_____	_____	_____
67. Appropriate remedial action is taken in response to departures from approved controls and violations of the code of conduct.	_____	_____	_____	_____	_____
68. Employees are adequately supervised.	_____	_____	_____	_____	_____
69. Staffing levels are adequate.	_____	_____	_____	_____	_____
70. Turnover is low.	_____	_____	_____	_____	_____
71. Employees have the right to communicate with any official of rank higher than their immediate supervisor.	_____	_____	_____	_____	_____
B. Risk Assessment					
1. Management has a process to identify and analyze risks relating to circumstances such as new laws or regulations that affect the entity and new or redesigned services or activities.	_____	_____	_____	_____	_____
2. Special action is taken to ensure new personnel understand their tasks.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
3. Management appropriately considers the control activities performed by personnel who change jobs or leave the entity.	_____	_____	_____	_____	_____
4. Management evaluates the risks relevant to the preparation of financial statements and management takes appropriate steps to manage those risks.	_____	_____	_____	_____	_____
5. Management assesses how new accounting and information systems will impact entity risks and internal control.	_____	_____	_____	_____	_____
6. There are mechanisms to identify and react to changes as a result of new technology integrated into the information system.	_____	_____	_____	_____	_____
7. Employees are adequately trained when accounting and information systems are changed or replaced.	_____	_____	_____	_____	_____
8. Accounting and information system capabilities are upgraded when the volume of information increases significantly.	_____	_____	_____	_____	_____
9. Accounting and data processing personnel are expanded as needed when the volume of information increases significantly.	_____	_____	_____	_____	_____
10. Controls exist for approving decisions regarding financing alternatives and accounting principles, practices, and methods.	_____	_____	_____	_____	_____
11. The entity has the ability to reasonably forecast operating and financial results.	_____	_____	_____	_____	_____
C. General Control Activities					
1. The entity prepares operating and capital budgets and cash flow projections.	_____	_____	_____	_____	_____
2. Budgets and projections lend themselves to effective comparison with actual results.	_____	_____	_____	_____	_____
3. Significant variances between budgeted or projected amounts and actual results are reviewed and explained.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
4. The entity has adequate written statements and explanations of its accounting controls, including—					
a. A chart of accounts accompanied by explanations of the items to be included in various accounts.	_____	_____	_____	_____	_____
b. Identification and description of the principal accounting records, recurring standard entries, and requirements for supporting documentation. (For example, this may include information about the general ledger, source journals, subsidiary ledgers, and detail records for each significant class of transactions.)	_____	_____	_____	_____	_____
c. Expression of the assignment of responsibilities and delegation of authority including identification of the individuals or positions that have authority to approve various types of recurring and nonrecurring entries.	_____	_____	_____	_____	_____
d. Explanations of documentation and approval requirements for various types of recurring and nonrecurring transactions and journal entries. (Documentation requirements, for example, would include the basis and supporting computations required for adjustments and write-offs.)	_____	_____	_____	_____	_____
e. Instructions for determining an adequate cutoff and closing of accounts for each reporting period.	_____	_____	_____	_____	_____
5. Internal control manuals are updated as necessary.	_____	_____	_____	_____	_____
6. Internal control manuals are distributed to appropriate personnel.	_____	_____	_____	_____	_____
7. There are written procedures to test and implement new systems and modifications to existing systems.	_____	_____	_____	_____	_____
8. There is general ledger control over all assets and transactions of all departments of the entity.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
9. All journal entries are reviewed and supported by adequate descriptions or documentation.	_____	_____	_____	_____	_____
10. Controls exist that ensure that only authorized individuals can initiate entries into the accounting system.	_____	_____	_____	_____	_____
11. Procedures exist to ensure the orderly and effective accumulation of financial data, including that received from departments and other accounting units.	_____	_____	_____	_____	_____
12. Valuation reserves or other account balances based on estimates are reviewed and approved.	_____	_____	_____	_____	_____
13. The flow of expenditures or commitments is controlled through the use of an encumbrance or other allotment system.	_____	_____	_____	_____	_____
14. Measures are implemented to correct internal control weaknesses.	_____	_____	_____	_____	_____
15. Appropriate insurance coverage is maintained in amounts required by statutes or entity policy. (Such insurance may include coverage for loss of records and assets as well as fidelity bonding of employees in positions of trust.)	_____	_____	_____	_____	_____
16. The entity has adequate safekeeping facilities for custody of the accounting records such as fire-resistant locked cabinets, vaults, physical barriers, separate rooms, limited access to work areas, alarms, and other detection devices.	_____	_____	_____	_____	_____
17. The entity has a suitable record retention plan.	_____	_____	_____	_____	_____
18. There is adequate segregation of duties among those responsible for authorizing transactions, recording transactions, and maintaining custody of assets.	_____	_____	_____	_____	_____
19. Access to the general ledger and related records is restricted to those who are assigned general ledger responsibilities.	_____	_____	_____	_____	_____
20. The entity considers the applicable provisions of laws, regulations, grants, and contracts in establishing its general control activities.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
D. Information and Communication					
1. Management receives the information they need to carry out their responsibilities.	_____	_____	_____	_____	_____
2. Information is provided at the right level of detail for different levels of management.	_____	_____	_____	_____	_____
3. Plans and budgets are effectively communicated throughout the entity.	_____	_____	_____	_____	_____
4. Information is available on a timely basis.	_____	_____	_____	_____	_____
5. Accounting and financial reporting policies and procedures are current, in writing, consistent with legal and contractual provisions, and support internal control.	_____	_____	_____	_____	_____
6. All journal entries are adequately explained and supported.	_____	_____	_____	_____	_____
7. All journal entries are subject to controls over completeness of processing (such as pre-numbering of journal vouchers and accounting for all numbers used, accumulation of control totals of dollar amounts debited and credited, and standard identification numbers for recurring entries).	_____	_____	_____	_____	_____
8. All journal entries include adequate identification of the accounts in which they are to be recorded.	_____	_____	_____	_____	_____
9. Controls for closing the accounts for a reporting period are sufficient to ensure that accounts are closed, adjusted, and reviewed on a timely basis.	_____	_____	_____	_____	_____
10. Procedures exist to ensure that the financial reporting information system has included all transactions applicable to the reporting period.	_____	_____	_____	_____	_____
11. Procedures exist to ensure that financial reports are supported by either underlying account records or other documentation.	_____	_____	_____	_____	_____
12. Procedures exist providing reasonable assurances that all data required to be included in reports are properly disclosed.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
13. Procedures exist to permit the recording and review of special entries generated in the process of developing financial statements.	_____	_____	_____	_____	_____
14. Reporting controls exist for in-progress and completed construction projects.	_____	_____	_____	_____	_____
15. Procedures exist to ensure that financial reports are prepared on a consistent basis.	_____	_____	_____	_____	_____
16. Performance and financial reports are reviewed and approved at appropriate levels of management and, if appropriate, by the governing board before public release.	_____	_____	_____	_____	_____
17. There are procedures to ensure that all requirements for filing of financial reports are met.	_____	_____	_____	_____	_____
18. There are channels of communication for people to report suspected improprieties (for example, an ability to contact someone other than a direct supervisor with anonymity permitted).	_____	_____	_____	_____	_____
19. Feedback is provided to personnel who report suspected improprieties and they have immunity from reprisals.	_____	_____	_____	_____	_____
20. Management is receptive to reports of suspected improprieties.	_____	_____	_____	_____	_____

E. Monitoring

1. There is timely and appropriate follow-up action by management resulting from external party communications, such as customer complaints, notification of errors in billings, and notification of inappropriate behavior by an employee.	_____	_____	_____	_____	_____
2. Communications from bankers, regulators, or other outside parties are monitored for items of accounting significance.	_____	_____	_____	_____	_____
3. Program evaluations and management reviews are routinely performed.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
4. Employees are required to "sign off" to evidence the performance of critical control functions.	_____	_____	_____	_____	_____
5. Management periodically reviews internal control to ensure that it is appropriate and being enforced.	_____	_____	_____	_____	_____
6. Accounting managers and personnel are supervised at all locations.	_____	_____	_____	_____	_____
7. Audits are routinely performed.	_____	_____	_____	_____	_____
8. The internal auditors are independent of the activities they audit.	_____	_____	_____	_____	_____
9. Internal auditors have adequate training and experience.	_____	_____	_____	_____	_____
10. Internal auditors document the planning and execution of their work by such means as audit programs and working papers.	_____	_____	_____	_____	_____
11. Internal audit reports are submitted to the governing board or audit committee.	_____	_____	_____	_____	_____
12. Management responds appropriately to auditor recommendations on ways to strengthen internal control.	_____	_____	_____	_____	_____
13. Procedures exist requiring prompt implementation of recommendations from audit findings, program evaluations, and management reviews.	_____	_____	_____	_____	_____

II. Determine Other Areas For Evaluation

Section I of this form is the first of several forms that may be used to document your understanding of internal controls sufficiently to plan a primarily substantive audit. It is important to remember that in entities where significant information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of the controls surrounding the electronic environment may not be enough. This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gain competent evidential matter—even in a primarily substantive approach. (See paragraph .06.) An auditor also should obtain an understanding of internal control over significant account balances and transactions. In the space provided below, determine which of the following areas apply. A "Yes" answer generally indicates you should complete the related form.

	No	Yes	W/P References
Computers or Outside Computer Service Bureaus⁵			
1. The entity uses computers or outside computer service bureaus to process significant accounting information (see form at AAM section 12,020).			
Significant Account Balances and Transaction Cycles			
1. The following account balances or transaction cycles are significant to the entity's financial statements.			
a. Budgetary process (see form at AAM section 12,030.01).			
b. Revenue cycle, including revenue, accounts receivable, and cash receipts (see form at AAM section 12,030.13). (Normally considered significant for governmental entities.) ⁶			
c. Purchasing cycle, including expenditures/expenses, payables, and cash disbursements (see form at AAM section 12,030.25). (Normally considered significant for governmental entities.)			
d. Cash and investments (see form at AAM section 12,030.37).			
e. Fixed assets (see form at AAM section 12,030.49).			
f. Payroll cycle (see form at AAM section 12,030.61). (Normally considered significant for governmental entities.)			
g. Others (list): _____			

III. Assess Segregation of Duties

An appropriate segregation of duties often appears to present difficulties in small governmental entities or accounting offices with only a few personnel. However, even smaller entities can usually divide responsibilities to achieve the necessary checks and balances. But if that is not possible—as may occasionally be the case—direct oversight of the incompatible activities by management or the governing board can provide the necessary control. For example, it is not uncommon, where there is a risk of improper cash payments in a small entity, for the governing board to periodically review a listing of all checks written. In the space provided below, assess risk due to a lack of segregation of duties for the entity, based on the completion of sections I and II of this form. Your comments should address—

- The person with incompatible responsibilities and the nature of those responsibilities.
- Any mitigating factors or controls, such as direct management oversight.
- The risk that material misstatements might occur as a result of a lack of segregation of duties, and the type of those misstatements.

⁵ Governments also often use service organizations other than computer service bureaus. For example, governments use service organizations to invest bond proceeds and pension plan assets, to serve as third party administrators for employee health insurance programs, and to collect taxes. Sometimes services organizations may be other governments. For example, a county may collect property taxes for cities, towns, villages, and school districts within the county and a state may collect income and sales taxes for other governments within the state. When an entity obtains services from another organization and those services are part of the entity's information system, SAS No. 70, *Service Organizations*, as amended by SAS No. 88, *Service Organizations and Reporting Consistency* (AU section 324), provides guidance to the auditor about the situations in which and how to consider the effect of the service organization's controls on user organization's controls. The AICPA Audit Guide *Service Organizations: Applying SAS No. 70, as Amended* also provides guidance. The Audit Guide can be obtained by calling the AICPA Order Department at 1-888-777-7077 and asking for product number 012772.

⁶ SAS No. 99, *Consideration of Fraud in a Financial Statement Audit* (AU section 316), requires the auditor ordinarily to presume that there is a risk of material misstatement due to fraud relating to revenue recognition and to provide specific documentation if the auditor does not identify improper revenue recognition as a risk of material misstatement due to fraud in a particular circumstance. SAS No. 99 (AU section 316) is effective for audits of financial statements for periods beginning on or after December 15, 2002, with early application permitted.

- How substantive procedures will be designed to limit the risk of those misstatements to an acceptable level.

IV. Assess the Risk of Management Override

Even in effectively controlled entities—those with generally high levels of integrity and control consciousness—a manager might be able to override controls. The term “management override” means overruling prescribed policies or procedures for *illegitimate* purposes with the intent of personal gain or enhanced presentation of an entity’s financial condition or compliance status.

Management might override the control system for many reasons: to increase reported revenue or reduce reported deficits, to meet budgeted revenues or expenditures/expenses, to bolster bonus pay-outs tied to performance, to appear to cover violations of debt covenant agreements, or to hide lack of compliance with legal or contractual requirements. Override practices include deliberate misrepresentations to bankers, lawyers, accountants, and vendors, and intentionally issuing false documents. An active, involved governing board can significantly reduce the risk of management override.

Management override is different from management intervention, which is the overrule of prescribed policies or procedures for *legitimate* purposes. For example, management intervention is usually necessary to deal with non-recurring and non-standard transactions or events that otherwise might be handled by the system.

In the space below, assess the risk of management *override* for this entity. This assessment should come, in part, from the results of discussions among the audit team members, as required by SAS No. 99 (AU section 316), about the susceptibility of the entity’s financial statements to material misstatement due to fraud. You should consider the risk that management override possibilities exist, the risk that management will take advantage of those possibilities, and any evidence that management has engaged in override practices. If the risk of management override is greater than low, indicate how planned audit procedures will reduce this risk to an acceptable level.

V. Interpret Results

You should consider the *collective* effect of the strengths and weaknesses in various control components. Management’s strengths and weaknesses may have a pervasive effect on internal control. For example, management controls may mitigate a lack of segregation of duties. However, human resource policies and practices directed toward hiring competent financial and accounting personnel may not mitigate a strong bias by management to overstate results of operations.

III. Computer Control Environment

In the space provided below, indicate whether you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with the following statements. Your answers should be based on—

- Your previous experience with the entity.
- Inquiries of appropriate management, supervisory, and staff personnel.
- Inspection of documents and records.
- Observation of the entity's activities and operations.

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
Acquisition of Hardware					
1. The entity has a coherent management plan for the purchase of and continued investment in computer hardware.	_____	_____	_____	_____	_____
2. The computer hardware is sufficient to meet the entity's needs.	_____	_____	_____	_____	_____
3. The entity's computer hardware is safely and properly installed.	_____	_____	_____	_____	_____
4. The entity has standard, regular hardware maintenance procedures.	_____	_____	_____	_____	_____
Acquisition of Software					
5. The entity has a coherent management plan for the purchase of and continued investment in computer software.	_____	_____	_____	_____	_____
6. The entity researches software products to determine whether they meet the needs of the intended users.	_____	_____	_____	_____	_____
7. The entity's application programs are compatible with each other.	_____	_____	_____	_____	_____
8. The entity obtains recognized software from reputable sources.	_____	_____	_____	_____	_____
9. Entity policy prohibits the use of unauthorized programs introduced by employees.	_____	_____	_____	_____	_____
10. Entity policy prohibits the downloading of untested software from sources such as dial-up bulletin boards.	_____	_____	_____	_____	_____
11. The entity uses virus protection software to screen for virus infections.	_____	_____	_____	_____	_____
Program Development					
12. Users are involved in the design and approval of systems.	_____	_____	_____	_____	_____
13. Users review the completion of various phases of the application.	_____	_____	_____	_____	_____
14. New programs are thoroughly tested.	_____	_____	_____	_____	_____

Program Changes					
17. Users are involved in the design and approval of program changes.	_____	_____	_____	_____	_____
18. Program changes are thoroughly tested.	_____	_____	_____	_____	_____
19. Users are involved in the review of tests of program changes.	_____	_____	_____	_____	_____
20. Adequate procedures exist to transfer changed programs from development to production libraries.	_____	_____	_____	_____	_____
Logical Access					
21. The entity has controls to limit access to computer hardware, software, and documentation to authorized employees.	_____	_____	_____	_____	_____
22. Management has identified confidential and sensitive data for which access should be restricted.	_____	_____	_____	_____	_____
23. Procedures are in place to restrict access to confidential and sensitive data.	_____	_____	_____	_____	_____
24. Procedures are in place to reduce the risk of unauthorized transactions being entered into processing.	_____	_____	_____	_____	_____
25. The use of utility programs is controlled or monitored carefully.	_____	_____	_____	_____	_____
26. Procedures are in place to detect unauthorized changes to programs supporting the financial statements.	_____	_____	_____	_____	_____
27. Programmer access to production programs, live data files, and job control language is controlled.	_____	_____	_____	_____	_____
28. Operator access to source code and individual elements of data files is controlled.	_____	_____	_____	_____	_____
29. Users have access only to defined programs and data files.	_____	_____	_____	_____	_____
Physical Security					
30. Procedures exist to protect against loss of important files, programs, and equipment.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
31. The entity has established procedures for the periodic back-up of files.	_____	_____	_____	_____	_____
32. Back-up procedures include multiple generations.	_____	_____	_____	_____	_____
33. Back-up files are stored in a secure, off-site location.	_____	_____	_____	_____	_____
34. Equipment, programs, and data files are covered by insurance.	_____	_____	_____	_____	_____
Data Processing Operations					
35. Procedures to be followed by computer operators are documented.	_____	_____	_____	_____	_____
36. A job accounting system (or console logs) is used to ensure that scheduled programs are processed and proper procedures are followed.	_____	_____	_____	_____	_____
37. Operations management reviews lists of regular and unscheduled batch jobs.	_____	_____	_____	_____	_____
38. Job control instruction sets are menu-driven.	_____	_____	_____	_____	_____
39. Jobs are executed only from the operator's terminal.	_____	_____	_____	_____	_____
40. Controls exist over the preparation and approval of input transactions outside the data processing department and the department is prohibited from initiating transactions.	_____	_____	_____	_____	_____
41. The user departments exercise control procedures over input to ensure that all approved input is processed correctly through the system and only once.	_____	_____	_____	_____	_____
42. Appropriate data entry and program controls exist (for example, to edit and validate input data, to prevent documents from being keyed into the system more than once, to permit tracing from computer output to data source and vice versa, and to balance transaction and master files).	_____	_____	_____	_____	_____
43. Controls exist over changes to master files, such as requiring preparation of specific forms indicating data to be changed, approval by a supervisor in the user department, and verification against a printout of changes.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
44. The data processing and user departments have controls over rejected transactions.	_____	_____	_____	_____	_____
45. Procedures exist to properly control data between the user and the data processing departments.	_____	_____	_____	_____	_____
46. Controls exist relating to the review and distribution of output.	_____	_____	_____	_____	_____
47. Computer operators are supervised on all shifts.	_____	_____	_____	_____	_____
48. Clear job descriptions exist for data processing personnel.	_____	_____	_____	_____	_____
49. There is adequate program and system documentation.	_____	_____	_____	_____	_____

Segregation of Duties

50. The data processing department is independent of the accounting and operating departments for which it processes data.	_____	_____	_____	_____	_____
51. Appropriate segregation of duties exist within the data processing function for					
a. Systems development (design and programming).	_____	_____	_____	_____	_____
b. Technical support (maintenance of system software).	_____	_____	_____	_____	_____
c. Operations.	_____	_____	_____	_____	_____
52. In smaller and minicomputer installations with limited opportunities for segregation of duties, procedures exist for user departments to—					
a. Use batch or other input controls	_____	_____	_____	_____	_____
b. Control master file changes	_____	_____	_____	_____	_____
c. Balance master files between processing cycles.	_____	_____	_____	_____	_____
53. The personnel policies of the data processing function includes such procedures as reference checks, security statements, rotation of duties, and terminated employee security measures that enhance segregation of duties and otherwise improve controls.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
Training					
54. Management periodically assess the training needs of computer operators and personnel who use microcomputers to process significant accounting information.	_____	_____	_____	_____	_____
55. Computer operators and personnel who use microcomputers to process significant accounting information are adequately trained.	_____	_____	_____	_____	_____

IV. Outside Computer Service Organizations

This section should be used to document your understanding of how the entity uses an outside computer service organization to process significant accounting information. Guidance on auditing entities that use computer service organizations is contained in SAS No. 70, *Service Organizations* (AU section 324), as amended. The AICPA Audit Guide *Service Organizations: Applying SAS No. 70, as Amended* also provides guidance. The Audit Guide can be obtained by calling the AICPA Order Department at 1-888-777-7077 and asking for product number 012772.

1. List the name of the service organization and the general types of services it provides.

2. Are the general ledger and other primary accounting records processed by an outside service organization? _____ Yes _____ No

If yes, describe the source documents provided to the service organization, the reports and other documentation received from the organization, and the controls maintained by the user over input and output to prevent or detect material misstatement.

3. List the type and date of the most recent service auditor report.

AAM Section 12,030

Financial Reporting Information Systems and Control Forms—Governmental Units^{1, 2}

Budgetary Process

.01 This form may be used on any audit engagement of a governmental entity when the budgetary process is significant.

.02 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of the budgetary process should be sufficient for you to understand—

- How the budget is developed and adopted.
- How the approved budget and budgetary amendments are incorporated into the accounting system and financial statements.
- How the entity ensures its budgetary process complies with laws and regulations.

Interpreting Results

.03 This form documents your understanding of how internal control over the budgetary process is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control risk assessment for certain assertions relating to the budgetary process, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

E = Existence or occurrence

C = Completeness

¹ Neither this section nor AAM sections 12,010 or 12,020 specifically address internal control considerations for audits conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. For such considerations, the auditor is advised to see AAM section 12,350, *Government Auditing Standards Requirements*, chapters 4 and 5 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, and the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*.

² The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. In addition, the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, addresses the audits of financial statements prepared in conformity with those GASB pronouncements. These forms do not incorporate changes that might be needed as a result of those GASB pronouncements or that Guide. See the discussion of those GASB pronouncements, that Guide, and the planned AICPA Practice Aid in the headnote in AAM section 12,000.

R = Rights and obligations

V = Valuation or allocation

P = Presentation and disclosure

.04 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

.05

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
I. Budget Preparation				
1. Responsibilities for budget preparation, adoption, execution, and reporting are segregated. (E, C, R, V, P)	_____	_____	_____	_____
2. Budgets are prepared for all significant activities regardless of whether mandated by law. (E, C)	_____	_____	_____	_____
3. The budgeting system is integrated with the planning process.	_____	_____	_____	_____
4. The budget is prepared in sufficient detail to provide a meaningful tool with which to monitor subsequent performance. (E, C, P)	_____	_____	_____	_____
5. The type of budgeting performed is compatible with the accounting system. (E, C, P)	_____	_____	_____	_____
6. Interfund and interdepartmental transfers are included in the budget. (E, C, R, P)	_____	_____	_____	_____
7. Procedures have been adopted and communicated to establish authority and responsibility for transfers between budget categories. (E, C, R, P)	_____	_____	_____	_____
II. Budget Approval				
8. Controls exist to ensure that the original budget and any budgetary amendments (including supplemental appropriations and, if required, budget transfers) are submitted to the governing body for approval. (E, C, R, V, P)	_____	_____	_____	_____
9. A budget calendar is used for the orderly submission and approval of the budget. (E, C)	_____	_____	_____	_____
10. Proposed budgets are published and subject to public hearings, if required by law. (E, P)	_____	_____	_____	_____
11. There is a process to clearly communicate to operating departments and agencies the effects of legislatively mandated budget amendments. (E)	_____	_____	_____	_____
III. Budget Accounting and Reporting				
12. Estimated revenues and appropriations are recorded in the accounting records for later comparison to actual amounts realized or incurred. (E, C, R, V, P)	_____	_____	_____	_____
13. Actual expenditures are compared to the budget on a timely basis with reasonable (monthly) frequency. (C, V, P)	_____	_____	_____	_____

Procedures and Controls Over End User Computing

.10 Answer the following questions relating to procedures and controls over end user computing related to the budgetary process.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
Budgetary Processes				
1. End user applications listed in paragraph .09 of this form have been adequately tested before use.	_____	_____	_____	_____
2. The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.	_____	_____	_____	_____
3. Access controls limit access to the end user application.	_____	_____	_____	_____
4. A mechanism exists to prevent or detect the use of incorrect versions of data files.	_____	_____	_____	_____
5. The output of the end user applications is reviewed for accuracy or reconciled to the source information.	_____	_____	_____	_____

Information Processed by Outside Computer Service Organizations

.11 Computer Applications Form—Governmental Units (AAM section 12,020) was used to document your understanding of the entity’s use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to the budgetary process.

.12 In the space below, describe the budgetary process information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.
- The nature of the service organization’s responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

Revenue Cycle—Revenue, Accounts Receivable, and Cash Receipts

.13 This form may be used on any audit engagement of a governmental entity when the revenue cycle is significant. The revenue cycle is usually significant in governmental audit engagements.

.14 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of the revenue cycle should be sufficient for you to understand—

- How revenues are assessed and levied.
- How cash receipts are recorded.
- How revenues and cash receipts are processed by the accounting system.
- The accounting records and supporting documents involved in processing and reporting revenues, accounts receivable, and cash receipts.
- The processes used to prepare significant accounting estimates and disclosures.

Interpreting Results

.15 This form documents your understanding of how internal control over the revenue cycle is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control risk assessment for certain assertions relating to the revenue cycle, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

E = Existence or occurrence

C = Completeness

R = Rights and obligations

V = Valuation or allocation

P = Presentation and disclosure

.16 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

.17

I. Revenue and Accounts Receivable³

A. General

1. Tax, fee, and service rates are authorized and periodically reviewed by the governing board. (E, R, V)
2. Procedures exist for the timely billing of amounts due. (E, C, R, V)
3. Updated records are used as the basis for billing persons subject to payment. (E, C, R, V)
4. Procedures exist to providing reasonable assurance that interest and penalties are properly charged on delinquent receivables. (E, C, R, V)
5. Procedures exist to timely notify the accounting department when billings are prepared and mailed. (E, C, R, V)
6. Procedures exist to prevent the interception or alteration by unauthorized persons of billings or statements after preparation but before mailing. (E, C, R, V)
7. An individual independent of receivables record keeping promptly investigate disputes with billing amounts that are reported by taxpayers or service recipients. (E, C, R, V)
8. Delinquent accounts are reviewed and considered for charge-off on a timely basis. (E, R, V)
9. Write-offs or other reductions of receivables are formally approved by senior personnel not involved in the collection function. (E, R, V)
10. Procedures exist to use all legal remedies to collect delinquent, charged-off, or uncollectible accounts. (E, C, R, V)
11. Aged accounts receivable balances are periodically reviewed by supervisory personnel. (E, C, R, V)
12. Controls exist that provide assurance that individual receivable records are posted only from authorized source documents. (E, C, R, V)
13. Aggregate collections on accounts receivable are reconciled against postings to individual receivable accounts. (E, R, V)
14. Trial balances of individual receivable accounts are prepared on a timely basis. (R, V)
15. Trial balances are reconciled with general ledger control accounts and reconciling items are investigated by someone other than accounts receivable clerks. (E, C, R, V)
16. The responsibility of billing revenues is segregated from collection and accounting. (E, C, R, V)
17. The responsibility for maintaining detail accounts receivable records is segregated from collections and general ledger posting. (E, C, R, V)

<i>Personnel</i>	<i>N/A</i>	<i>No</i>	<i>Yes</i>
------------------	------------	-----------	------------

_____ **NAME** _____ **DATE** _____

³ For grants received, see also AAM section 12,030.29, item III

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
18. Current year revenues are compared to prior-year revenues and current-year estimates and senior officials review explanations of variations. (E, C, R, V)	_____	_____	_____	_____
19. Revenues collected for the entity by another government (or other collection agent) are monitored to assure timely receipt, and the amounts received are reviewed for reasonableness. (E, C, R, V)	_____	_____	_____	_____
20. Amounts collected by the entity for other governments are segregated and remitted on a timely basis. (E, C, R, V)	_____	_____	_____	_____
B. Taxes				
21. Controls exist to ensure that all taxable property is assessed and billed. (E, C, R, V)	_____	_____	_____	_____
22. Controls exist to ensure that additions, deletions, transfers, and abatements are properly and timely reflected in property tax records. (E, C, R, V)	_____	_____	_____	_____
23. Procedures exist to make property assessments in accordance with the law or legislative intent with prompt adjustment of records. (E, C, R, V)	_____	_____	_____	_____
24. Controls exist to ensure that tax bills are accurate and that special charges are considered in preparing tax bills. (E, C, R, V)	_____	_____	_____	_____
25. Property tax assessment rolls are maintained by personnel not engaged in any accounting or collection function. (E, C, R, V)	_____	_____	_____	_____
26. Procedures exist providing for the timely filing of liens on property for nonpayment in all cases permitted by law. (C, R)	_____	_____	_____	_____
27. Controls exist to recognize property tax receivables and revenues in the proper period in conformity with generally accepted accounting principles based on the entity's enforceable legal claim to the amounts, time requirements, and resource "availability," as appropriate. (P)	_____	_____	_____	_____
28. Self-assessed tax returns are cross-referenced against a database of previous taxpayers. (C)	_____	_____	_____	_____
29. Self-assessed tax returns are reviewed for mathematical accuracy. (E, C, R, V)	_____	_____	_____	_____
30. Self-assessed tax refund claims are reviewed and approved. (E, C, R, V)	_____	_____	_____	_____
31. Self-assessed tax returns are audited to provide reasonable assurance that taxable transactions are properly reported. (E, C, R, V)	_____	_____	_____	_____
32. Controls exist to recognize self-assessed tax receivables and revenues in the proper period in conformity with generally accepted accounting principles based on when the underlying exchange transaction occurs and resource "availability," as appropriate. (P)	_____	_____	_____	_____
33. Records are organized and integrated in such a fashion that probable taxpayers are identified as a result of reporting of other governmental activities, such as licensing. (C)	_____	_____	_____	_____

	<i>Personnel</i>	<i>N/A</i>	<i>No</i>	<i>Yes</i>
34. Controls exist to ensure that tax exemptions are within the law and properly approved. (E, C, R, V)	_____	_____	_____	_____
35. Tax exemption and relief programs are periodically reviewed and approved by the governing board. (C, R, V)	_____	_____	_____	_____
C. Usage Fees and Service Charges				
36. Controls ensure that the customer database and usage records are accurately maintained so that all amounts due are billed. (E, C, R, V)	_____	_____	_____	_____
37. If billing is based on usage, service readings are performed in a timely fashion. (E, C, R)	_____	_____	_____	_____
38. Assignments of meter readers are periodically rotated. (E, C, R)	_____	_____	_____	_____
39. Procedures exist to identify and investigate unusual patterns of use. (E, C)	_____	_____	_____	_____
40. There are controls for extending credit to customers, such as a written policy and supervisory review of such situations. (R, V)	_____	_____	_____	_____
D. Fines and License Fees				
41. Records of payments due are maintained and used as a basis for collections. (E, C, R, V)	_____	_____	_____	_____
42. Controls exist surrounding the issuance and disposition of traffic violations to ensure that amounts due are assessed and collected. (E, C, R, V)	_____	_____	_____	_____
43. Procedures exist correlate amounts collected with records of court proceedings. (E, C, R, V)	_____	_____	_____	_____
44. Tickets for fines, arrests, and so forth are sequentially numbered and satisfactorily accounted for. (E, C)	_____	_____	_____	_____
45. Licenses are sequentially numbered and satisfactorily accounted for. (E, C)	_____	_____	_____	_____
46. If annual payments are involved, procedures exist to ensure that previous years' records are properly updated for new registrants and withdrawals. (E, C, R)	_____	_____	_____	_____
47. Controls exist to recognize fine and fee receivables and revenues in the proper period in conformity with generally accepted accounting principles based on the underlying exchange, the entity's enforceable legal claim to the amounts, time requirements, and resource "availability," as appropriate. (P)	_____	_____	_____	_____
II. Cash Receipts				
1. A restrictive endorsement is placed on each incoming check upon receipt. (C)	_____	_____	_____	_____
2. Facilities exist for protecting undeposited cash receipts. (C)	_____	_____	_____	_____
3. Receipts are accounted for and balanced to reported collections on a daily basis. (E, C, V)	_____	_____	_____	_____
4. Receipts are deposited intact and on a timely basis (preferably daily). (C)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
5. Cash receipts are deposited in separate bank accounts when required. (E, C, R)	_____	_____	_____	_____
6. Reported collections are compared on a test basis to bank statements to verify that deposits are accurate and timely. (E, C, R, V)	_____	_____	_____	_____
7. Personnel who handle cash receipts are adequately bonded. (E, C, R)	_____	_____	_____	_____
8. Local office accounts used for branch office collections are subject to withdrawal only by the home office. (C)	_____	_____	_____	_____
9. Procedures exist that provide for timely and direct notification of the accounting department of collection activities. (E, C, R, V)	_____	_____	_____	_____
10. If payments are made in person, receipts for payment are used and accounted for and balanced to collections. (E, C, R, V)	_____	_____	_____	_____
11. If checks received are forwarded to be used as posting media to taxpayers' or customers' accounts, controls exist to ensure that checks are returned promptly for deposit. (C)	_____	_____	_____	_____
12. "Not sufficient funds" checks are delivered to someone independent of processing and recording of cash receipts. (E, C, R, V)	_____	_____	_____	_____
13. Procedures exist for followup of "not sufficient funds" checks. (E, C, R, V)	_____	_____	_____	_____
14. Timely bank reconciliations are prepared and reviewed by someone independent of the cash receipts function. (E, C, R, V)	_____	_____	_____	_____
15. Controls exist over the collection, timely deposit, and recording of collections in the accounting records in each collection location. (E, C, R, V)	_____	_____	_____	_____
16. The responsibility for collecting, controlling, and depositing funds is segregated from maintaining accounting records. (E, C, R, V)	_____	_____	_____	_____
17. Responsibilities for cash receipts are segregated from those for cash disbursements. (E, C, R)	_____	_____	_____	_____

End User Computing in the Revenue Cycle

.18 End user computing occurs when the user is responsible for developing and executing a computer application that generates the information used by that same person. For example, an accounting clerk updates a database that calculates early payment discounts to taxpayers, and that calculation is the source of a journal entry.

.19 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of computer applications operated by the entity's data processing department. In this section of the Financial Reporting Information Systems and Controls Form, you may document your understanding of how end user computing is used in the revenue cycle to process significant accounting information outside of the data processing department.

.20 You should obtain an understanding of any spreadsheet application, database, or separate computer system that has been developed by end users to—

- Process significant accounting information outside of the data processing department—operated accounting application. For example, a spreadsheet accumulates invoices to customers for batch processing.
- Make significant accounting decisions. For example, a spreadsheet ages accounts receivable and helps in determining write-offs.
- Accumulate footnote information. For example, a database of property tax levies and collections provides information for note disclosure.

.21 In the space provided below, describe how end user computing is used in the revenue cycle. Describe—

- The person or department who performs the computing.
- A general description of the application and its type (for example, spreadsheet).
- The source of the information used in the application.
- How the results of the application are used in further processing or decision making.

Procedures and Controls Over End User Computing

.22 Answer the following questions relating to procedures and controls over end user computing related to the revenue cycle.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
Revenue Cycle				
1. End user applications listed in paragraph .21 of this form have been adequately tested before use.	_____	_____	_____	_____
2. The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.	_____	_____	_____	_____
3. Access controls limit access to the end user application.	_____	_____	_____	_____
4. A mechanism exists to prevent or detect the use of incorrect versions of data files.	_____	_____	_____	_____
5. The output of the end user applications is reviewed for accuracy or reconciled to the source information.	_____	_____	_____	_____

Information Processed by Outside Computer Service Organizations

.23 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of the entity's use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to the revenue cycle.

.24 In the space below, describe the revenue cycle information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.
- The nature of the service organization's responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

Purchasing Cycle—Expenditures/Expenses, Payables, and Cash Disbursements

.25 This form may be used on any audit engagement of a governmental entity when the purchasing cycle is significant. The purchasing cycle is usually significant in governmental audit engagements.

.26 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of the purchasing cycle should be sufficient for you to understand—

- How purchases are initiated and goods are received.
- How cash disbursements are recorded.
- How purchases and cash disbursements are processed by the accounting system.
- The accounting records and supporting documents involved in processing and reporting purchases, accounts payable, and cash disbursements.
- How the entity controls compliance with budgetary and grant requirements.
- The processes used to prepare significant accounting estimates and disclosures.

Interpreting Results

.27 This form documents your understanding of how internal control over the purchasing cycle is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control risk assessment for certain assertions relating to the purchasing cycle, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

E = Existence or occurrence

C = Completeness

R = Rights and obligations

V = Valuation or allocation

P = Presentation and disclosure

.28 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
I. Purchases and Accounts Payable				
A. Initiating Purchases and Receipts of Goods				
1. Access to the master vendor file is limited to employees authorized to make changes. (E, C)	_____	_____	_____	_____
2. Responsibilities for the requisitioning and receiving functions are segregated from the purchasing, invoice processing, accounts payable, and general ledger functions. (E, C)	_____	_____	_____	_____
3. Purchasing authorizations are structured to give appropriate recognition to the nature and size of purchases and the experience of the purchasing personnel. (E, C)	_____	_____	_____	_____
4. If practical, contract or purchasing officer's areas of responsibility are rotated on a regular basis. (E, C)	_____	_____	_____	_____
5. A qualified employee or independent firm is engaged to inspect and monitor technically complex projects. (E, C, V)	_____	_____	_____	_____
6. Approval procedures exist for purchase order and contract issuance. (E, C)	_____	_____	_____	_____
7. Purchase requisitions are pre-numbered and those numbers are controlled. (E, C)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
8. Purchases of goods and services are initiated by properly authorized requisitions bearing the approval of officials designated to authorize requisitions. (E, C)	_____	_____	_____	_____
9. The appropriation to be charged is indicated on the purchase requisition by the person requesting the purchase. (E, C, P)	_____	_____	_____	_____
10. Before commitment, unobligated funds remaining under the appropriation are verified by the accounting or budget department as sufficient to meet the proposed expenditure. (P)	_____	_____	_____	_____
11. Procedures exist to ensure that funds received are spent in accordance with legal requirements and spending restrictions. (C, P)	_____	_____	_____	_____
12. Encumbrance (obligation) entries are recorded only on the basis of approved purchase orders. (E, P)	_____	_____	_____	_____
13. Competitive bidding procedures are used. (V)	_____	_____	_____	_____
14. Price lists and other appropriate records of price quotations are maintained by the purchasing department. (V)	_____	_____	_____	_____
15. Requests for special purpose (nonshelf items) materials or personal services are accompanied by technical specifications. (E, V)	_____	_____	_____	_____
16. Procedures exist for public advertisement of procurements in accordance with legal requirements. (E, V)	_____	_____	_____	_____
17. Provisions in contracts for materials, services, or facilities acquired on other than a fixed price basis provide for an audit of contractors' costs, with payments subject to audit results. (E, V)	_____	_____	_____	_____
18. The right to audit contractor records during project performance is exercised. (E, V)	_____	_____	_____	_____
19. Predetermined selection criteria exist for awarding personal service contracts and adequate documentation of the award process is required. (E)	_____	_____	_____	_____
20. Purchase orders and contracts are issued under numerical or some other suitable control. (E, C)	_____	_____	_____	_____
21. Splitting orders to avoid higher levels of approval is prohibited. (P)	_____	_____	_____	_____
22. Purchases made for the accommodation of employees are prohibited or adequately controlled. (E, V)	_____	_____	_____	_____
23. Changes to contracts or purchase orders are subjected to the same controls and approvals as the original agreement. (E, C, V)	_____	_____	_____	_____
24. Controls exist to notify department heads of payments made against encumbrances (obligations). (E, V, P)	_____	_____	_____	_____
25. An adequate record of open purchase orders and purchase agreements is maintained to ensure knowledge of outstanding commitments. (E, C, R, V, P)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
26. Trial balances of reserves for encumbrances (obligations) are prepared on a regular basis. (E, V, P)	_____	_____	_____	_____
27. Receiving reports are prepared for all purchased goods. (E, C)	_____	_____	_____	_____
28. Someone other than the individual that approves payments verifies that goods and services have been received, prices are as ordered, and the goods and services meet quality standards. (E, C, R, V)	_____	_____	_____	_____
29. Receiving reports are numerically accounted for or otherwise controlled to ensure that all receipts are reported to the accounting department. (E, C, R, V)	_____	_____	_____	_____
30. Copies of receiving reports are sent directly to purchasing, accounting, and, if appropriate, inventory record keeping. (E, C, R, V)	_____	_____	_____	_____
31. There are controls to record and follow up on partial deliveries. (E, C, R, V)	_____	_____	_____	_____
32. Controls exist for filing claims against carriers or vendors for shortages or damaged materials. (E, R, V)	_____	_____	_____	_____
33. The accounting and purchasing departments are promptly notified of returned purchases, and such purchases are correlated with vendor credit advices. (E, R, V)	_____	_____	_____	_____
34. A permanent record of material received is maintained. (E, C, R, V)	_____	_____	_____	_____
B. Processing Purchases				
35. Responsibilities for the invoice processing and accounts payable functions are segregated from those for recording cash disbursements and general ledger entries. (E, C, R, V, P)	_____	_____	_____	_____
36. All invoices are received from vendors in a central location, such as the accounting department. (E, C)	_____	_____	_____	_____
37. Invoice processing controls provide for—				
a. Obtaining copies of purchase orders and receiving reports directly from issuing departments. (E, C)	_____	_____	_____	_____
b. Comparing invoice quantities, prices, and terms with those indicated on the purchase order. (E, C, V)	_____	_____	_____	_____
c. Comparing invoice quantities with those indicated on the receiving reports. (E, C, V)	_____	_____	_____	_____
d. Checking the accuracy of calculations. (V)	_____	_____	_____	_____
38. A senior employee reviews and approves invoices by checking the clerical accuracy and examining the supporting documentation. (E, C, V)	_____	_____	_____	_____
39. Differences in invoice and purchase order prices, terms, shipping arrangements, and quantities are referred to purchasing for review and approval. (E, C, V)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
40. If an invoice is received from a supplier not previously dealt with, steps are taken to ascertain that the supplier actually exists. (E)	_____	_____	_____	_____
41. Controls exist for submission and approval of reimbursements to employees for travel and other expenses. (E, V)	_____	_____	_____	_____
42. Controls exist for processing invoices not involving materials or supplies (for example, lease or rental payments and utility bills). (E, C)	_____	_____	_____	_____
43. Control is established by the accounting department over invoices received before releasing them for departmental approval and other processing. (E, C, V)	_____	_____	_____	_____
44. Controls exist ensuring accurate account distribution of all entries resulting from invoice processing. (E, V, P)	_____	_____	_____	_____
45. Entries are posted to the accounting system on a timely basis. (E, C, R, V, P)	_____	_____	_____	_____
46. Responsibility is fixed for seeing that all cash discounts are taken and, if applicable, that exemptions from sales, federal excise, and other taxes are claimed. (V)	_____	_____	_____	_____
47. Statements from vendors are compared on a regular basis with recorded amounts payable. (E, C, V)	_____	_____	_____	_____
48. Responsibilities for the disbursement approval function are segregated from those for the disbursement preparation function. (E, C, V)	_____	_____	_____	_____
49. Controls exist ensuring that the accounts payable system is properly accounting for unmatched receiving reports and invoices. (E, C, R, V)	_____	_____	_____	_____
50. The accounting department maintains a current list of those authorized to approve expenditures. (E)	_____	_____	_____	_____
51. The program and expenditure account to be charged is reviewed for propriety and budget conformity. (P)	_____	_____	_____	_____
52. Procedures exist to ensure adjustment of the reserve for encumbrances (obligations) when invoices are prepared for payment. (E, V, P)	_____	_____	_____	_____
53. Controls exist ensuring that department heads are notified of payments made against accounts payable and encumbrances (obligations). (E, V, P)	_____	_____	_____	_____
54. Transactions between funds are posted in all affected funds in the same accounting period and on a timely basis. (E, C, R, V, P)	_____	_____	_____	_____
55. Trial balances of accounts payable are prepared on a regular basis. (C, R, V, P)	_____	_____	_____	_____
56. Trial balances of accounts payable are checked and traced to the individual items as well as compared in total to the general ledger balance by an employee other than the accounts payable clerk. (E, C, R, V, P)	_____	_____	_____	_____

<i>Personnel</i>	<i>N/A</i>	<i>No</i>	<i>Yes</i>

II. Cash Disbursements

1. Procedures exist for disbursement approval and warrant or check-signing. (E, C, V)
2. Responsibilities for the disbursement approval function are segregated from those for the disbursement, voucher preparation, and purchasing functions. (E, C, V)
3. Responsibilities for entries in the cash disbursement records are segregated from those for general ledger entries. (E, C, V)
4. Controls are maintained over the supply of unused and voided warrants or checks. (E, C)
5. Original invoices and supporting documents are furnished to the signer prior to signing the warrant or check. (E, C, V)
6. Warrants or checks are cross-referenced to invoices. (E, V)
7. Invoices and supporting documents are canceled by or in the presence of the check signer at the time of signing. (E, V)
8. Controls exist to ensure that warrants or checks that have been signed and issued are recorded promptly. (E, C, R, V, P)
9. The drawing of warrants or checks to cash or bearer is prohibited. (E)
10. Control exists over warrant or check-signing machines as to signature plates and usage. (E)
11. The check-signing machine is read by the signer or an appropriate designee to ascertain that all checks or warrants signed are properly accounted for by comparison to document control totals. (E)
12. Reasonable limits are set on amounts that can be paid by a check-signing machine. (E)
13. Two signatures are required on warrants or checks over a stated amount. (E)
14. Signed warrants or checks are delivered directly to the mailroom making them inaccessible to persons who requested, prepared, or recorded them. (E)
15. Controls exist to notify banks when a new signer is authorized or a previous signer leaves the employ of the government or is otherwise no longer authorized to sign. (E)
16. Responsibilities for entries in the cash disbursement records are segregated from those for general ledger entries. (E, C, R, V, P)

III. Grants Received and Made⁴				
1. Grant disbursements are processed under the same degree of controls applicable to the organization's other transactions (budget, procurement, and so forth). (E, C, R, V, P)	_____	_____	_____	_____
2. Procedures are modified when funds are disbursed under grant or loan agreements and related regulations impose requirements that differ from the entity's normal policies. (E, C, P)	_____	_____	_____	_____
3. Controls are established to ensure that costs charged to grants are in compliance with grant agreements. (E, C, P)	_____	_____	_____	_____
4. There a system for obtaining grantor approval before incurring expenditures in excess of budgeted amounts or for unbudgeted expenditures. (E, C, P)	_____	_____	_____	_____
5. Procedures exist to identify, before order entry, costs and expenditures that are not allowable under grant programs. (E, C, P)	_____	_____	_____	_____
6. If an indirect cost allocation plan is established, it has been developed in accordance with grantor requirements and approved as required by the grantor. (E, C, V, P)	_____	_____	_____	_____
7. Grant activity is accounted for so that it can be separated from the accounting for locally funded activities. (E, C, V, P)	_____	_____	_____	_____
8. Procedures and controls exist to monitor compliance with grant requirements. (E, C, P)	_____	_____	_____	_____
9. The level of authority for approving grants and subgrants appears appropriate. (E, C, P)	_____	_____	_____	_____
10. Controls exist to ensure that statistics or data used to allocate grant or subgrant funds to recipients are accurately accumulated (for example, census bureau forms). (E, C, V, P)	_____	_____	_____	_____
11. Compliance requirements are defined (for example, regulations) and communicated to recipients. (C, P)	_____	_____	_____	_____
12. The responsibility for monitoring recipient activities is properly fixed. (C, P)	_____	_____	_____	_____
13. Grant and subgrant activity is monitored from a centralized location. (E, C, R)	_____	_____	_____	_____
14. Grant and subgrant payments are disbursed only on the basis of approved applications. (E, C, V)	_____	_____	_____	_____
15. Funds are disbursed to recipients only on an as needed basis. (C, P)	_____	_____	_____	_____
16. Procedures exist to monitor recipient compliance with grant terms. (C, P)	_____	_____	_____	_____

⁴ This section need not be completed if the auditor is conducting an audit in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, concurrently with the financial statement audit, and the scope of that A-133 audit is sufficient to provide reasonable assurance concerning the entity's compliance with grant requirements that have a direct and material effect on financial statement amounts. See instead AAM section 12,040.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
17. Recipients are subject to periodic and timely audits. (E, C, R, V, P)	_____	_____	_____	_____
18. Recipients are required to correct previously detected deficiencies before a grant or subgrant is extended or renewed. (E, R, P)	_____	_____	_____	_____
19. Recipients are required to file statements of compliance with entitlement conditions and a responsible official reviews them. (C, P)	_____	_____	_____	_____
20. Audited financial statements and other reports from recipients are reviewed on a timely basis and unusual items are investigated. (E, C, R, V, P)	_____	_____	_____	_____
21. Audits of contractors cover compliance with regulations (such as the Equal Employment Opportunity and Davis-Bacon Acts) and contract terms, in addition to costs. (E, C, R, V, P)	_____	_____	_____	_____
22. Controls exist to recognize grant receivables, revenues, expenditures/expenses, and payables in the proper period in conformity with generally accepted accounting principles based on the underlying exchange, the receipt of the resources, the entity's enforceable legal claim to the amounts, time requirements, and resource "availability," as appropriate. (P)	_____	_____	_____	_____

End User Computing in the Purchasing Cycle

.30 End user computing occurs when the user is responsible for developing and executing a computer application that generates the information used by that same person. For example, an accounting clerk prepares a spreadsheet that calculates the difference between lease expenditures and cash disbursements for leases, and that difference is the source of a journal entry.

.31 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of computer applications operated by the entity's data processing department. In this section of the Financial Reporting Information Systems and Controls Form, you may document your understanding of how end user computing is used in the purchasing cycle to process significant accounting information outside of the data processing department.

.32 You should obtain an understanding of any spreadsheet application, database, or separate computer system that has been developed by end users to—

- Process significant accounting information outside of the data processing department-operated accounting application. For example, a database calculates the cash disbursement for lease payments based on the provisions of the lease agreement.
- Make significant accounting decisions. For example, a spreadsheet calculates the journal entry to be made for lease expenditures based on generally accepted accounting principles.
- Accumulate footnote information. For example, a database of lease obligations provides information for note disclosure.

.33 In the space provided below, describe how end user computing is used in the purchasing cycle. Describe—

- The person or department who performs the computing.
- A general description of the application and its type (for example, spreadsheet).

- The source of the information used in the application.
- How the results of the application are used in further processing or decision making.

Procedures and Controls Over End User Computing

.34 Answer the following questions relating to procedures and controls over end user computing related to the purchasing cycle.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
Purchasing Cycle				
1. End user applications listed in paragraph .33 of this form have been adequately tested before use.				
2. The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.				
3. Access controls limit access to the end user application.				
4. A mechanism exists to prevent or detect the use of incorrect versions of data files.				
5. The output of the end user applications is reviewed for accuracy or reconciled to the source information.				

Information Processed by Outside Computer Service Organizations

.35 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of the entity’s use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to the purchasing cycle.

.36 In the space below, describe the purchasing cycle information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.

- The nature of the service organization’s responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

Cash and Investments^{5, 6}

.37 This form may be used on any audit engagement of a governmental entity when cash and investment balances or transactions are significant.

.38 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of cash and investments should be sufficient for you to understand—

- How the entity ensures compliance with legal and contractual requirements over cash and investment transactions.
- How cash accounts are managed and reconciled.
- How investment decisions are authorized and initiated.
- How investment transactions are processed by the accounting system.
- The accounting records and supporting documents involved in the processing and reporting of investments.
- The processes used to prepare financial statement disclosures and presentations relating to cash and investments.

Interpreting Results

.39 This form documents your understanding of how internal control over cash and investments is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or

⁵ SAS No. 92, *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (AU section 332), provides guidance in planning and performing auditing procedures for assertions about those items. SAS No. 92 (AU section 332) explains that the auditor may need special skill or knowledge to plan and perform auditing procedures for certain assertions about derivatives and securities. It also provides guidance on obtaining an understanding of internal control, assessing inherent and control risk, and designing substantive procedures. The AICPA Audit Guide *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (product number 012520), is an essential companion guide to SAS No. 92 (AU section 332). The guide provides practical guidance and case studies for implementing SAS No. 92 (AU section 332). To order the guide call the AICPA Order Department at 888-777-7077.

⁶ Generally accepted accounting principles (GAAP) require fair value measurements and disclosures for many investments and investment-related transactions. In January 2003, the AICPA Auditing Standards Board (ASB) issued SAS No. 101, *Auditing Fair Value Measurements and Disclosures* (AU section 328), to establish standards and provide guidance on auditing fair value measurements and disclosures in financial statements. SAS No. 101 (AU section 328) is effective for audits of financial statements for periods beginning on or after June 15, 2003. Earlier application is permitted.

accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control risk assessment for certain assertions relating to cash and investments, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

E = Existence or occurrence

C = Completeness

R = Rights and obligations

V = Valuation or allocation

P = Presentation and disclosure

.40 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

.41

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
I. Cash and Investments				
1. Controls exist to ensure that cash and investment transactions are recorded on a timely basis. (E, C, R, V)	_____	_____	_____	_____
2. Procedures exist for reconciling detailed cash and investment accounting records with the general ledger. (E, C, R, V)	_____	_____	_____	_____
3. Individuals with access to cash accounts and investments are bonded. (C, R, V)	_____	_____	_____	_____
4. There is adequate control over the allocation among funds of pooled cash and investments. (R, P)	_____	_____	_____	_____
II. Cash				
1. Bank accounts are properly authorized. (C)	_____	_____	_____	_____
2. Depositories are periodically reviewed and formally reauthorized. (C)	_____	_____	_____	_____
3. Procedures exist to review bank balances for appropriate insurance and collateral on a periodic basis. (R, P)	_____	_____	_____	_____
4. Procedures exist for authorizing and recording inter-bank transfers and for providing for proper accounting for those transactions. (E, C, R, V, P)	_____	_____	_____	_____
5. Responsibilities for preparing and approving bank account reconciliations are segregated from those for other cash receipt or disbursement functions. (E, C, V)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
6. Bank statements and paid warrants or checks are delivered in unopened envelopes directly to the employee preparing the reconciliation. (E, C, V)	_____	_____	_____	_____
7. Procedures exist for steps essential to an effective bank statement reconciliation, particularly—				
a. Comparison of warrants or checks in appropriate detail with disbursement records. (C, V)	_____	_____	_____	_____
b. Examination of signature and endorsements, at least on a test basis. (E, R)	_____	_____	_____	_____
c. Accounting for numerical sequence of warrants or checks used. (C)	_____	_____	_____	_____
d. Comparison of book balances used in reconciliations with general ledger accounts. (E, C, V)	_____	_____	_____	_____
e. Comparison of deposit amounts and dates with cash receipt entries. (C, V)	_____	_____	_____	_____
f. Footing of cash books. (C, V)	_____	_____	_____	_____
8. All reconciliations and investigations of unusual reconciling items are reviewed and approved (by signature) by an official who is not responsible for receipts and disbursements. (E, C, R, V)	_____	_____	_____	_____
9. Checks outstanding for a considerable time periodically are reviewed for propriety. (E)	_____	_____	_____	_____
10. Cancelled checks are subject to appropriate escheat procedures. (R, P)	_____	_____	_____	_____
11. Controls and physical safeguards exist surrounding petty cash funds. (E, C)	_____	_____	_____	_____

III. Investments

1. Investment policies are formally established and periodically reviewed. (R, P)	_____	_____	_____	_____
2. Procedures are adequate to ensure that only investments that are permitted by law are acquired. (R, P)	_____	_____	_____	_____
3. The entity's investment program is integrated with its cash management program and expenditure requirements. (E, C, V)	_____	_____	_____	_____
4. Authority and responsibility has been established for investment opportunity evaluation and purchase. (E, V)	_____	_____	_____	_____
5. Procedures have been established governing the level and nature of approvals required to purchase or sell investments. (E, V)	_____	_____	_____	_____
6. Competitive bids are sought for investment purchases. (E, V)	_____	_____	_____	_____
7. Responsibilities for initiating, evaluating, and approving investment transactions are segregated from those for detail accounting, general ledger, and other related functions. (E, C, R, V, P)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
8. Responsibilities for initiating investment transactions are segregated from those for final approvals that commit government resources. (E)	_____	_____	_____	_____
9. Adequate physical safeguards and custodial procedures exist over—				
a. Negotiable and nonnegotiable securities owned. (E, C, R)	_____	_____	_____	_____
b. Legal documents or agreements evidencing ownership or other rights. (E, C, R)	_____	_____	_____	_____
10. Dual signatures or authorizations are required to obtain the release of securities from safekeeping or to obtain access to the entity's safe deposit box. (E, C, R)	_____	_____	_____	_____
11. Persons with access to securities are authorized by the governing board. (E, C, R)	_____	_____	_____	_____
12. Custodial responsibilities for securities and other documents evidencing ownership or other rights are assigned to an official who has no accounting duties. (E, C, R)	_____	_____	_____	_____
13. All securities are registered or held in the name of the entity. (E, R)	_____	_____	_____	_____
14. Securities are periodically inspected or confirmed with safekeeping agents. (E, C, R)	_____	_____	_____	_____
15. Periodic comparisons are made between income received and the amount specified by the terms of the security or publicly available investment information. (E, C, V)	_____	_____	_____	_____
16. Responsibilities for monitoring investment fair values and performance are segregated from those for investment acquisition. (R, V)	_____	_____	_____	_____
17. The performance of the investment portfolio is periodically evaluated by persons independent of the investment portfolio management activities. (E, C, R, V)	_____	_____	_____	_____
18. Detailed accounting records are maintained for investments. (E, C, R, V, P)	_____	_____	_____	_____
19. Responsibilities for maintaining detail investment accounting records are segregated from those for general ledger entries. (E, C, R, V, P)	_____	_____	_____	_____
20. Detailed accounting records for investments are periodically agreed (or reconciled) to the general ledger records and that agreement/reconciliation is reviewed by a person independent of the investment management and accounting functions. (E, C, R, V, P)	_____	_____	_____	_____
21. Procedures exist to ensure that transactions arising from investments are properly processed, including income and amortization entries. (E, C, R, V, P)	_____	_____	_____	_____
22. Controls exist to ensure that investment earnings are credited to the appropriate fund. (E, C, R, V, P)	_____	_____	_____	_____
23. Appropriate procedures exist to determine the fair value of investments (including, if deemed necessary, confirmation of those fair values with a second source). (V)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
24. Controls exist to review investments carried at cost-based measures for other-than-temporary declines and to appropriately write down the values of those investments. (V)	_____	_____	_____	_____
25. Management periodically reviews the fair values of investments. (V)	_____	_____	_____	_____
26. The entity has an established policy for reporting investments as cash and cash equivalents. (P)	_____	_____	_____	_____

End User Computing for Cash and Investments

.42 End user computing occurs when the user is responsible for developing and executing a computer application that generates the information used by that same person. For example, an accounting clerk prepares a spreadsheet that calculates the journal entry to amortize purchased discounts and premiums for investments that are reported using cost-based measures.

.43 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of computer applications operated by the entity’s data processing department. In this section of the Financial Reporting Information Systems and Controls Form, you may document your understanding of how end user computing is used for cash and investments to process significant accounting information outside of the data processing department.

.44 You should obtain an understanding of any spreadsheet application, database, or separate computer system that has been developed by end users to—

- Process significant accounting information outside of the data processing department–operated accounting application. For example, a spreadsheet calculates the daily investment purchases and sales for a single journal entry into the general ledger.
- Make significant accounting decisions. For example, a spreadsheet calculates the journal entry to amortize purchased discounts and premiums for investments that are reported using cost-based measures.
- Accumulate footnote information. For example, a database of insurance and collateral on depository accounts provides information for note disclosure.

.45 In the space provided below, describe how end user computing is used for cash and investments. Describe—

- The person or department who performs the computing.
- A general description of the application and its type (for example, spreadsheet).
- The source of the information used in the application.
- How the results of the application are used in further processing or decision making.

Procedures and Controls Over End User Computing

.46 Answer the following questions relating to procedures and controls over end user computing related to cash and investments.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
Cash and Investments				
1. End user applications listed in paragraph .45 of this form have been adequately tested before use.	<div></div>	<div></div>	<div></div>	<div></div>
2. The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.	<div></div>	<div></div>	<div></div>	<div></div>
3. Access controls limit access to the end user application.	<div></div>	<div></div>	<div></div>	<div></div>
4. A mechanism exists to prevent or detect the use of incorrect versions of data files.	<div></div>	<div></div>	<div></div>	<div></div>
5. The output of the end user applications is reviewed for accuracy or reconciled to the source information.	<div></div>	<div></div>	<div></div>	<div></div>

Information Processed by Outside Computer Service Organizations

.47 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of the entity’s use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to cash and investments.

.48 In the space below, describe the cash and investments information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.

- The nature of the service organization's responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

Fixed Assets

.49 This form may be used on any audit engagement of a governmental entity when fixed assets are significant.

.50 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of controls over fixed assets should be sufficient for you to understand—

- How fixed asset transactions are authorized and initiated. (Additional information on the acquisition of fixed assets is documented in the form for the purchasing cycle—AAM section 12,030.25.)
- How fixed asset transactions and depreciation is processed by the accounting system.
- The accounting records and supporting documents involved in the processing and reporting of fixed assets and depreciation.
- The process used to prepare significant accounting estimates and disclosures.

Interpreting Results

.51 This form documents your understanding of how internal control over fixed assets is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control

risk assessment for certain assertions relating to fixed assets, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

E = Existence or occurrence

C = Completeness

R = Rights and obligations

V = Valuation or allocation

P = Presentation and disclosure

.52 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

.53

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
I. Fixed Assets				
A. Authorization and Initiation				
1. A separate capital budget is prepared. (P)	_____	_____	_____	_____
2. Written executive or legislative approval is required for all significant fixed asset projects or acquisitions. (E)	_____	_____	_____	_____
3. Responsibilities for initiating, evaluating, and approving capital expenditures, leases, and maintenance or repair projects are segregated from those for project accounting, property records, and general ledger functions. (E)	_____	_____	_____	_____
4. Those individuals authorized to initiate fixed asset transactions are identified and there is clear definition of the limits of their authority. (E)	_____	_____	_____	_____
5. Responsibilities for initiating fixed asset transactions are segregated from those for final approvals that commit government resources. (E)	_____	_____	_____	_____
6. Controls exist to—				
a. Distinguish between capital budget expenditures and operating budget expenditures. (E, C, P)	_____	_____	_____	_____
b. Identify operating budget expenditures to be capitalized as fixed assets. (P)	_____	_____	_____	_____
c. Distinguish between capital and operating leases. (P)	_____	_____	_____	_____
7. An adequate number of price quotations are obtained before placing orders not subject to competitive bidding. (V)	_____	_____	_____	_____
8. Guidelines are established with respect to key considerations for fixed asset acquisitions, such as prices to be paid, acceptable vendors and terms, asset quality standards, and the provisions of grants or bonds that may finance the expenditures. (E, R, V, P)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
9. Controls exist ensuring that purchased materials and services for capital expenditure and repair projects are subject to the same levels of controls as exist for all other procurements (for example, receiving, approval, checking). (E, C)	_____	_____	_____	_____
10. Controls exist providing for obtaining grantor approval, if required, for the use of grant funds for fixed asset acquisitions. (C, P)	_____	_____	_____	_____
11. Grant-funded authorizations are subject to the same controls as internally funded acquisitions. (E, C, R, V, P)	_____	_____	_____	_____
12. Supplemental authorizations are required, including, if appropriate, those of the grantor agency, for expenditures in excess of originally approved amounts. (E, C, P)	_____	_____	_____	_____
13. If construction contracts are to be awarded, bid and performance bonds are considered. (E)	_____	_____	_____	_____
14. Predetermined selection criteria exist for awarding construction contracts and adequate documentation of the award process is required. (E)	_____	_____	_____	_____
15. Lease transactions are subject to control procedures similar to those required for other capital expenditures. (E, C, R, V, P)	_____	_____	_____	_____

B. Processing and Documentation

1. The general ledger and detailed fixed assets records are updated for fixed asset transactions (including the completion of construction projects) on a timely basis. (E, C, R, V, P)	_____	_____	_____	_____
2. The accounting distribution is reviewed to ensure proper allocation of charges to fixed asset and expenditure projects. (V, P)	_____	_____	_____	_____
3. If construction work is performed by contractors, controls exist to provide for and maintain control over construction projects and progress billings (for example, requests for progress payments relate to contractors' efforts and they are formally approved). (E, R, V)	_____	_____	_____	_____
4. Project cost records are established and maintained for capital expenditure and repair projects. (E, C, V)	_____	_____	_____	_____
5. Responsibilities for project accounting and property records are segregated from the general ledger and custodial functions. (E, C, R, V, P)	_____	_____	_____	_____
6. Detailed property records are maintained for all significant self-constructed, donated, purchased, or leased assets. (E, C, R, V, P)	_____	_____	_____	_____
7. The accountability for each asset is established. (E, C)	_____	_____	_____	_____
8. Physical safeguards over assets exist. (E, C)	_____	_____	_____	_____
9. Equipment is properly identified by metal numbered tags or other means of positive identification. (E)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
10. Procedures exist to ensure that fixed assets are adequately insured. (E, C)	_____	_____	_____	_____
11. Periodic inventories of fixed assets are taken and inventory results are compared to the detailed property records. (E, C, R)	_____	_____	_____	_____
12. Responsibilities for the periodic physical inventories of fixed assets is assigned to responsible officials who have no custodial or record keeping responsibilities. (E, C, R)	_____	_____	_____	_____
13. Differences between records and physical counts are investigated, the records adjusted to reflect differences, and adjustments are reviewed by management. (E, R, V)	_____	_____	_____	_____
14. Controls exist for periodic inventory of documents evidencing property rights (for example, deeds, leases, and the like). (E, C, R)	_____	_____	_____	_____
15. Detailed property records are periodically reconciled with the general ledger control accounts. (E, C, V)	_____	_____	_____	_____
16. Controls exist to govern depreciation methods and practices. (V)	_____	_____	_____	_____
17. If costs are expected to be charged against federal grants, depreciation policies or methods of computing allowances are in compliance with the standards outlined in OMB circulars or grantor agency regulations or depreciation charged to grants is adjusted accordingly. (R, V, P)	_____	_____	_____	_____
18. Fully depreciated assets are carried in the accounting records as a means of providing accounting control. (E, C)	_____	_____	_____	_____
C. Dispositions				
1. Controls exist for authorizing, approving, and documenting sales or other dispositions of fixed assets. (E)	_____	_____	_____	_____
2. Controls exist for monitoring the appropriate disposition of property acquired with grant funds. (E, R, P)	_____	_____	_____	_____
3. The accounting records are adjusted promptly—both the asset and related allowance for depreciation—when fixed assets are retired, sold, or transferred. (E, R, V)	_____	_____	_____	_____

End User Computing for Fixed Assets

.54 End user computing occurs when the user is responsible for developing and executing a computer application that generates the information used by that same person. For example, an accounting clerk prepares a spreadsheet that calculates depreciation for fixed assets.

.55 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of computer applications operated by the entity's data processing department. In this section of the Financial Reporting Information Systems and Controls Form, you may document your understanding of how end user computing is used for fixed assets to process significant accounting information outside of the data processing department.

.56 You should obtain an understanding of any spreadsheet application, database, or separate computer system that has been developed by end users to—

- Process significant accounting information outside of the data processing department—operated accounting application. For example, a spreadsheet accumulates the monthly fixed assets purchases and sales for a single journal entry into the general ledger.
- Make significant accounting decisions. For example, a spreadsheet calculates the depreciation charge for fixed assets.
- Accumulate footnote information. For example, a database of detailed fixed asset records provides information for disclosure of the major classes of fixed assets.

.57 In the space provided below, describe how end user computing is used for fixed assets. Describe—

- The person or department who performs the computing.
- A general description of the application and its type (for example, spreadsheet).
- The source of the information used in the application.
- How the results of the application are used in further processing or decision making.

Procedures and Controls Over End User Computing

.58 Answer the following questions relating to procedures and controls over end user computing related to fixed assets.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
Fixed Assets				
1. End user applications listed in paragraph .57 of this form have been adequately tested before use.	_____	_____	_____	_____
2. The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.	_____	_____	_____	_____
3. Access controls limit access to the end user application.	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
4. A mechanism exists to prevent or detect the use of incorrect versions of data files.	_____	_____	_____	_____
5. The output of the end user applications is reviewed for accuracy or reconciled to the source information.	_____	_____	_____	_____

Information Processed by Outside Computer Service Organizations

.59 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of the entity's use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to fixed assets.

.60 In the space below, describe the fixed asset information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.
- The nature of the service organization's responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

Payroll Cycle

.61 This form may be used on any audit engagement of a governmental entity when the payroll cycle is significant. The payroll cycle is usually significant in governmental audit engagements.

.62 The purpose of this form is to document your understanding of controls for significant classes of transactions. Your knowledge of controls over the payroll cycle should be sufficient for you to understand—

- How salaries and hourly rates are established.
- How the time worked by employees is captured by the accounting system.

- How payroll and the related withholdings are calculated.
- The accounting records and supporting documents involved in the processing and reporting of payroll.

Interpreting Results

.63 This form documents your understanding of how internal control over the payroll cycle is designed and whether it has been placed in operation. It should help you in planning a primarily substantive approach. In entities where a significant amount of information is transmitted, processed, maintained, or accessed electronically, just gaining an understanding of internal control may not be enough (even in a primarily substantive approach). This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. Because the competence of electronic evidence usually depends on the effectiveness of internal control over its validity and completeness, an auditor may have to test the internal control surrounding that evidence to gather evidence to support an assessed level of control risk below the maximum for affected financial statement assertions. In situations where the auditor decides to rely on internal control and assess control risk below the maximum for certain assertions (including instances where the preponderance of electronic evidence necessitates it), tests of controls will need to be designed and then specific controls will need to be tested to determine the effectiveness of their design and operation. If you plan a lower control risk assessment for certain assertions relating to the payroll cycle, the following checklist uses the following coding to identify parenthetically after the control the financial statement assertions to which that control applies:

- E = Existence or occurrence
- C = Completeness
- R = Rights and obligations
- V = Valuation or allocation
- P = Presentation and disclosure

.64 The processes, documents, and controls listed on this questionnaire are typical for governmental entities but are by no means all-inclusive. The preponderance of "No" or "N/A" responses may indicate that the entity uses other processes, documents, or controls in their information and communication systems. You should consider supplementing this questionnaire with a memo or flowchart to document significant features of the entity's system that are not covered by this questionnaire. See AAM section 4500 for example flowcharting techniques.

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
I. Payroll				
A. Initiating Payroll Transactions				
1. Wages and salaries are approved by the governing board as part of the budget process. (E, V)	_____	_____	_____	_____
2. Bonuses and employee benefits are authorized by the governing board. (E, V)	_____	_____	_____	_____
3. All changes in employment (additions and terminations), salary and wage rates, and payroll deductions are properly authorized, approved, and documented. (E, C, V)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
4. Notices of additions, separations, and changes in salaries, wages, and deductions are promptly reported to the payroll-processing function. (E, C, V)	_____	_____	_____	_____
5. Changes to the master payroll file are approved and documented. (E, V)	_____	_____	_____	_____
6. Access to the master payroll file is limited to employees who are authorized to make changes. (E, V)	_____	_____	_____	_____
7. Wages are at or above the federal minimum wage. (V)	_____	_____	_____	_____
8. Responsibilities for supervision and timekeeping functions are segregated from personnel, payroll processing, disbursement, and general ledger functions. (E, C)	_____	_____	_____	_____
9. Records and controls exist for timekeeping and attendance. (E, C)	_____	_____	_____	_____
10. If time cards are used, they are punched only by the employees to whom they are issued. (E)	_____	_____	_____	_____
11. The time clock is placed in a position where it can be observed by a supervisor. (E)	_____	_____	_____	_____
12. Hours worked, overtime hours, and other special benefits are reviewed and approved by the employee's supervisor. (E, C, V)	_____	_____	_____	_____
13. Appropriate payroll records are maintained for accumulated employee benefits (vacation, pension data, and so forth). (E, C, R)	_____	_____	_____	_____
14. Procedures exist for authorizing, approving, and recording vacations, holidays, sick leave, and compensatory time. (E, C, R, V, P)	_____	_____	_____	_____
15. Terminating employees are interviewed by the personnel department as a check on departure and as a final review of any termination settlement. (E, C, V)	_____	_____	_____	_____
B. Processing Payroll				
1. Controls exist over payroll preparation. (E, C, R, V, P)	_____	_____	_____	_____
2. Responsibilities for the payroll processing function are segregated from the general ledger function. (E, C, R, V)	_____	_____	_____	_____
3. Payroll is calculated using authorized pay rates, payroll deductions, and time records. (E, C, R, V)	_____	_____	_____	_____
4. There are adequate account coding procedures to ensure proper classification of employee compensation and benefit costs in general ledger accounts. (P)	_____	_____	_____	_____
5. Controls exist to ensure that employee benefit and compensation costs do not exceed appropriated or budgeted amounts. (V, P)	_____	_____	_____	_____
6. The distribution of costs to general ledger accounts is balanced with the payroll registers, and reviewed by someone independent but knowledgeable in this area. (V, P)	_____	_____	_____	_____

	<i>Personnel</i>	<i>N/A</i>	<i>No</i>	<i>Yes</i>
7. Completed payroll registers are reviewed and approved before disbursements are made. (E, C, R)	_____	_____	_____	_____
8. Comparisons (reconciliations) of gross pay of current and prior period payrolls are reviewed for reasonableness by a knowledgeable person not otherwise involved in payroll processing. (E, C, R, V)	_____	_____	_____	_____
9. The payroll (including an examination of authorization of changes on reconciliations) is reviewed by an employee not involved in its preparation. (E, C, R, V)	_____	_____	_____	_____
10. Payroll advances to officials and employees are prohibited or they are subject to appropriate review. (E)	_____	_____	_____	_____
11. Responsibilities for initiating payments under employee benefit plans are segregated from accounting and general ledger functions. (E, C, V)	_____	_____	_____	_____
12. Accrued liabilities for unpaid employee compensation and benefit costs are properly recorded and disclosed. (E, C, R, V, P)	_____	_____	_____	_____
13. Documents supporting employee benefit payments (such as accumulated vacation or sick leave) are reviewed before disbursements are made. (E, C, V)	_____	_____	_____	_____
14. The counter on the check-signing machine is reconciled with the number of checks issued in each payroll. (E, C)	_____	_____	_____	_____
15. Signature plates and the use of the payroll check-signing machines are kept under control of the official whose name appears on the signature plate (or his/her designee). (E)	_____	_____	_____	_____
16. The supply of unused payroll checks is controlled. (E, C)	_____	_____	_____	_____
17. A separate, imprest-basis, payroll bank account is maintained. (E, C, V)	_____	_____	_____	_____
18. The payroll bank account is reconciled regularly by employees independent of all other payroll transaction processing activities. (E, C, V)	_____	_____	_____	_____
19. Payroll check endorsements are compared, on a test basis, with signatures on file by someone independent of the payroll department. (E)	_____	_____	_____	_____
20. Responsibilities for payroll distribution are segregated from personnel, timekeeping, and payroll processing functions. (E)	_____	_____	_____	_____
21. Payroll checks are periodically distributed by the internal auditors to ascertain that employees exist for all checks prepared. (E)	_____	_____	_____	_____

	<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
22. Employees are required to provide identification before being given checks or pay envelopes. (E)	_____	_____	_____	_____
23. Employees are prohibited from accepting another employee's pay. (E)	_____	_____	_____	_____
24. Unclaimed wages are returned to a custodian independent of the payroll department. (E, P)	_____	_____	_____	_____
25. Employees who distribute checks or pay envelopes make a report of unclaimed wages directly to the accounting department. (E, P)	_____	_____	_____	_____
26. Unclaimed wages are paid at a later date only upon presentation of appropriate evidence of employment and those payments are approved by an officer or employee who is not responsible for payroll preparation or time reporting. (E)	_____	_____	_____	_____
27. W-2 forms are compared to payroll records and mailed by employees not otherwise involved in the payroll process. (E, V)	_____	_____	_____	_____
28. Procedures exist for investigating returned W-2s. (E, V)	_____	_____	_____	_____

End User Computing in the Payroll Cycle

.66 End user computing occurs when the user is responsible for developing and executing a computer application that generates the information used by that same person. For example, a payroll clerk prepares a spreadsheet that calculates the first payroll for newly hired employees that provides the basis for manual checks and a journal entry into the accounting system.

.67 *Computer Applications Form—Governmental Units* [AAM section 12,020] was used to document your understanding of computer applications operated by the entity's data processing department. In this section of the Financial Reporting Information Systems and Controls Form, you may document your understanding of how end user computing is used for the payroll cycle to process significant accounting information outside of the data processing department.

.68 You should obtain an understanding of any spreadsheet application, database, or separate computer system that has been developed by end users to—

- Process significant accounting information outside of the data processing department-operated accounting application. For example, a spreadsheet accumulates time card information for batch processing.
- Make significant accounting decisions. For example, a spreadsheet calculates the compensated absences liability.
- Accumulate footnote information.

.69 In the space provided below, describe how end user computing is used in the payroll cycle. Describe—

- The person or department who performs the computing.
- A general description of the application and its type (for example, spreadsheet).

- The source of the information used in the application.
- How the results of the application are used in further processing or decision making.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

Procedures and Controls Over End User Computing

.70 Answer the following questions relating to procedures and controls over end user computing related to the payroll cycle.

Payroll Cycle		<u>Personnel</u>	<u>N/A</u>	<u>No</u>	<u>Yes</u>
1.	End user applications listed in paragraph .69 of this form have been adequately tested before use.	_____	_____	_____	_____
2.	The application has an appropriate level of built-in controls, such as edit checks, range tests, or reasonableness checks.	_____	_____	_____	_____
3.	Access controls limit access to the end user application.	_____	_____	_____	_____
4.	A mechanism exists to prevent or detect the use of incorrect versions of data files.	_____	_____	_____	_____
5.	The output of the end user applications is reviewed for accuracy or reconciled to the source information.	_____	_____	_____	_____

Information Processed by Outside Computer Service Organizations

.71 Computer Applications Form—Governmental Units [AAM section 12,020] was used to document your understanding of the entity's use of an outside computer service organization to process entity-wide accounting information such as the general ledger. In this section you will document your understanding of how the entity uses an outside computer service organization to process information relating specifically to the payroll cycle.

.72 In the space below, describe the payroll information processed by the outside computer service bureau. Discuss—

- The general nature of the application.
- The source documents used by the service organization.
- The reports or other accounting documents produced by the service organization.
- The nature of the service organization's responsibilities. Do they merely record entity transactions and process related data, or do they have the ability to initiate transactions on their own?
- Controls maintained by the entity to prevent or detect material misstatement in the input or output.

AAM Section 12,040

Internal Control Checklist—Federal Awards (OMB Circular A-133 Single Audits)

.01 The A-102 Common Rule and OMB Circular A-110, *Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Nonprofit Organizations*, require the auditee to maintain internal control over federal programs that provides reasonable assurance that it is managing its federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its federal programs.

.02 Circular A-133 also requires the auditor—in addition to the requirements of generally accepted auditing standards and *Government Auditing Standards*¹ issued by the Comptroller General—to:

- Perform procedures to obtain an understanding of internal control over compliance for federal programs that is sufficient to plan the audit to support a low assessed level of control risk for major programs.
- Plan the testing of internal control over compliance for major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program.
- Perform testing of the internal control over compliance as planned unless internal control over some or all of the compliance requirements for a major program are likely to be ineffective in preventing or detecting noncompliance. (However, if such internal control is likely to be ineffective, Circular A-133 requires the auditor to report a reportable condition [including whether any such condition is a material weakness], assess the related control risk at the maximum, and consider whether additional compliance tests are required because of ineffective internal control.)

.03 The auditor has no responsibility under Circular A-133 to obtain an understanding of internal control over compliance for programs that are not considered major, or to plan or perform any testing of internal control over compliance for those programs except for (a) any procedures the auditor may choose to perform as part of the risk assessment process in determining major programs and (b) follow-up on prior-year findings. However, a program that is not considered major could still be material to the financial statements. In that situation, in conjunction with the financial statement audit, the auditor may need to obtain an understanding of the internal control over financial reporting that is relevant to the program.

.04 Following are examples of characteristics of internal control that could reasonably assure compliance with federal laws, regulations, and program compliance requirements that are common to the fourteen types of compliance requirements identified in Part 6 of the March 2003 OMB *Compliance Supplement*. Internal control objectives and examples of characteristics specific to each of those fourteen types of compliance requirements are in paragraph .05. Answers that fall toward the right side of this checklist (“Strongly Agree” or “Somewhat Agree”) indicate areas of strength in the entity’s internal control. Answers that fall toward the left side of this checklist (“Strongly Disagree” or “Somewhat Disagree”) indicate areas of weakness in the entity’s internal control.

¹ For the requirements of *Government Auditing Standards* issued by the Comptroller General of the United States, see AAM section 12,350, *Government Auditing Standards Requirements*, chapters 4 and 5 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, and the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*.

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
A. Control Environment					
1. The entity has a sense of conducting operations ethically, as evidenced by a code of conduct or other verbal or written directive.	_____	_____	_____	_____	_____
2. The governing Board has established an Audit Committee or equivalent that is responsible for engaging the auditor, receiving all reports and communications from the auditor, and ensuring that audit findings and recommendations are adequately addressed.	_____	_____	_____	_____	_____
3. Management has responded positively to prior questioned costs and control recommendations.	_____	_____	_____	_____	_____
4. Management has respect for and adheres to program compliance requirements.	_____	_____	_____	_____	_____
5. Key managers' responsibilities are clearly defined.	_____	_____	_____	_____	_____
6. Key managers have adequate knowledge and experience to discharge their responsibilities.	_____	_____	_____	_____	_____
7. Staff is knowledgeable about compliance requirements and are given responsibility to communicate all instances of noncompliance to management.	_____	_____	_____	_____	_____
8. Management's commitment to competence ensures that staff receives adequate training to perform their duties.	_____	_____	_____	_____	_____
9. Management supports adequate information and reporting systems.	_____	_____	_____	_____	_____
B. Risk Assessment					
1. Program managers and staff understand and have identified key compliance objectives.	_____	_____	_____	_____	_____
2. The entity's organizational structure helps to identify risks of non-compliance—					
a. Key managers have been given responsibility to identify and communicate changes in program objectives and procedures.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. Employees who require close supervision (such as, those who are inexperienced) are identified.	_____	_____	_____	_____	_____
c. Management has identified and assessed complex operations, programs, or projects.	_____	_____	_____	_____	_____
d. Management is aware of results of monitoring, audits, and reviews and considers related risk of noncompliance.	_____	_____	_____	_____	_____
3. Management has established a process to implement changes in program objectives and procedures.	_____	_____	_____	_____	_____
C. Control Activities					
1. Operating policies and procedures are clearly written and communicated.	_____	_____	_____	_____	_____
2. The entity has procedures in place to implement changes in laws, regulations, guidance, and funding agreements affecting federal awards.	_____	_____	_____	_____	_____
3. Management has a prohibition against intervention or overriding established controls.	_____	_____	_____	_____	_____
4. There is adequate segregation of duties provided between performance, review, and recordkeeping of tasks.	_____	_____	_____	_____	_____
5. Computer and program controls include—					
a. Data entry controls, such as, edit checks.	_____	_____	_____	_____	_____
b. Exception reporting.	_____	_____	_____	_____	_____
c. Access controls.	_____	_____	_____	_____	_____
d. Reviews of input and output data.	_____	_____	_____	_____	_____
e. Computer general controls and security controls.	_____	_____	_____	_____	_____
6. Supervision of employees is commensurate with their level of competence.	_____	_____	_____	_____	_____
7. Personnel have adequate knowledge and experience to discharge their responsibilities.	_____	_____	_____	_____	_____
8. Equipment, inventories, cash, and other assets are physically secured and periodically counted and compared to recorded amounts.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
9. The governing Board conducts regular meetings, for which written documentation is maintained, where financial information is reviewed and the results of program activities and accomplishments are discussed.	_____	_____	_____	_____	_____
D. Information and Communication					
1. The accounting system provides for separate identification of federal and non-federal transactions and the allocation of transactions applicable to both.	_____	_____	_____	_____	_____
2. Adequate source documentation exists to support amounts and items reported.	_____	_____	_____	_____	_____
3. The entity has established a record-keeping system to ensure that accounting records and documentation are retained for the time period required by applicable requirements.	_____	_____	_____	_____	_____
4. Reports are provided to managers on a timely basis for review and appropriate action.	_____	_____	_____	_____	_____
5. Accurate information is accessible to those who need it.	_____	_____	_____	_____	_____
6. There are reconciliations and reviews to ensure the accuracy of reports.	_____	_____	_____	_____	_____
7. There are established internal and external communication channels, such as—					
a. Staff meetings.	_____	_____	_____	_____	_____
b. Bulletin boards.	_____	_____	_____	_____	_____
c. Memos, circulation files, e-mail.	_____	_____	_____	_____	_____
d. Surveys, suggestion box.	_____	_____	_____	_____	_____
8. Employees' duties and control responsibilities are effectively communicated.	_____	_____	_____	_____	_____
9. The entity has established channels of communication for people to report suspected improprieties.	_____	_____	_____	_____	_____
10. Actions are taken as a result of communications received.	_____	_____	_____	_____	_____
11. The entity has established channels of communication with its subrecipients.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
E. Monitoring					
1. Ongoing monitoring is built-in through the use of independent reconciliations, staff meeting feed back, rotating staff, supervisory review, and management review of reports.	_____	_____	_____	_____	_____
2. Periodic site visits are performed at decentralized locations (including subrecipients) and checks are performed to determine whether procedures are being followed as intended.	_____	_____	_____	_____	_____
3. The entity follows up on irregularities and deficiencies to determine the cause.	_____	_____	_____	_____	_____
4. Internal quality control reviews are performed.	_____	_____	_____	_____	_____
5. Management meets with program monitors, auditors, and reviewers to evaluate the condition of the program and controls.	_____	_____	_____	_____	_____
6. Internal audit routinely tests for compliance with federal requirements.	_____	_____	_____	_____	_____
7. The governing Board reviews the results of all monitoring or audit reports and periodically assesses the adequacy of corrective action.	_____	_____	_____	_____	_____

.05

A. Activities Allowed or Unallowed and B. Allowable Costs/Cost Principles

1. *Control objectives*—To provide reasonable assurance that federal awards are expended only for allowable activities and that the costs of goods and services charged to federal awards are allowable and in accordance with the applicable cost principles.
2. *Control Environment*—
 - a. Management sets reasonable budgets for federal and non-federal programs so that no incentive exists to miscode expenditures. _____
 - b. Management enforces appropriate penalties for misappropriation or misuse of funds. _____
 - c. There is organization-wide awareness of the need for separate identification of allowable federal costs. _____
 - d. Management provides personnel who approve and pre-audit expenditures with a list of allowable and unallowable expenditures. _____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
3. Risk Assessment—					
a. There is a process for assessing risks resulting from changes to cost accounting systems.	_____	_____	_____	_____	_____
b. A key manager has a sufficient understanding of staff, processes, and controls to identify where unallowable activities or costs could be charged to a federal program and not be detected.	_____	_____	_____	_____	_____
4. Control Activities—					
a. Accountability is provided for charges and costs between federal and non-federal activities.	_____	_____	_____	_____	_____
b. There is a process in place for timely updating of procedures for changes in activities allowed and cost principles.	_____	_____	_____	_____	_____
c. Computations are checked for accuracy.	_____	_____	_____	_____	_____
d. Supporting documentation is compared to list of allowable and unallowable expenditures.	_____	_____	_____	_____	_____
e. Adjustments to unallowable costs are made where appropriate and follow-up action is taken to determine the cause.	_____	_____	_____	_____	_____
f. There is adequate segregation of duties in review and authorization of costs.	_____	_____	_____	_____	_____
g. Accountability for authorization is fixed in an individual who is knowledgeable of the requirements for determining activities allowed and allowable costs.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. Reports, such as a comparison of budget to actual, are provided to appropriate management on a timely basis for review.	_____	_____	_____	_____	_____
b. The entity has established internal and external communication channels on activities and costs allowed.	_____	_____	_____	_____	_____
c. Training programs, both formal and informal, provide knowledge and skills necessary to determine activities and costs allowed.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
d. There is interaction between management and staff regarding questionable costs.	_____	_____	_____	_____	_____
e. Grant agreements (including program laws, regulations, handbooks, and so forth) and cost principles circulars are available to the staff responsible for determining activities allowed and allowable costs under federal awards.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management reviews supporting documentation of allowable cost information.	_____	_____	_____	_____	_____
b. There is flow of information from federal agency to appropriate management personnel.	_____	_____	_____	_____	_____
c. Budget to actual comparisons of allowable costs are made.	_____	_____	_____	_____	_____
d. Analytic reviews (such as, comparison of budget to actual or prior year to current year) and audits are performed.	_____	_____	_____	_____	_____
C. Cash Management					
1. <i>Control objectives</i> —To provide reasonable assurance that the draw down of federal cash is only for immediate needs, an entity that is a state complies with applicable Treasury agreements, and recipients limit payments to subrecipients to immediate cash needs.					
2. <i>Control Environment</i> —					
a. There are appropriate assignments of responsibility for approving cash draw downs and payments to subrecipients.	_____	_____	_____	_____	_____
b. Budgets for draw downs are consistent with realistic cash needs.	_____	_____	_____	_____	_____
3. <i>Risk Assessment</i> —					
a. Mechanisms exist to anticipate, identify, and react to routine events that affect cash needs.	_____	_____	_____	_____	_____
b. The entity routinely assesses the adequacy of subrecipient cash needs.	_____	_____	_____	_____	_____
c. Management has identified programs that receive cash advances and is aware of cash management requirements.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
4. Control Activities—					
a. Cash flow statements by program are prepared to determine essential cash flow needs.	_____	_____	_____	_____	_____
b. The accounting system is capable of scheduling payments for accounts payable and requests for funds from Treasury to avoid a time lapse between draw down of funds and actual disbursements of funds.	_____	_____	_____	_____	_____
c. There is an appropriate level of supervisory review of cash management activities.	_____	_____	_____	_____	_____
d. The entity has a written policy that provides—					
(1) Procedures for requesting cash advances as close as is administratively possible to actual cash outlays.	_____	_____	_____	_____	_____
(2) Monitoring of cash management activities.	_____	_____	_____	_____	_____
(3) Repayment of excess interest earnings where required.	_____	_____	_____	_____	_____
e. For state programs subject to a Treasury-State agreement, a written policy exists that includes—					
(1) Programs covered by the agreement.	_____	_____	_____	_____	_____
(2) Methods of funding to be used.	_____	_____	_____	_____	_____
(3) Method used to calculate interest.	_____	_____	_____	_____	_____
(4) Procedures for determining check clearing patterns (if applicable for the funding method).	_____	_____	_____	_____	_____
5. Information and Communication—					
a. The entity performs variance reporting of expected versus actual cash disbursements of federal awards and draw downs of federal funds.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. There is an established channel of communication between the entity and its subrecipients regarding cash needs.	_____	_____	_____	_____	_____
6. Monitoring—					
a. There are periodic independent evaluations (such as by internal audit or top management) of entity cash management, budget and actual results, repayment of excess interest earnings, and federal draw down activities.	_____	_____	_____	_____	_____
b. Subrecipients' requests for federal funds are evaluated for propriety.	_____	_____	_____	_____	_____
c. Compliance with Treasury-State agreements is reviewed.	_____	_____	_____	_____	_____

D. Davis-Bacon Act

1. *Control objectives*—To provide reasonable assurance that contractors and subcontractors were properly notified of the Davis-Bacon Act requirements and the required certified payrolls were submitted to the non-Federal entity.
2. *Control Environment*—
 - a. Management understands and communicates to staff, contractors, and subcontractors the requirements to pay wages in accordance with the Davis-Bacon Act.

	_____	_____	_____	_____	_____
--	-------	-------	-------	-------	-------
 - b. Management understands its responsibility for monitoring compliance.

	_____	_____	_____	_____	_____
--	-------	-------	-------	-------	-------
3. *Risk Assessment*—
 - a. Mechanisms are in place to identify contractors and subcontractors that are the most at risk of noncompliance.

	_____	_____	_____	_____	_____
--	-------	-------	-------	-------	-------
 - b. Management has identified how compliance will be monitored and the related risks of failure to monitor for compliance with Davis-Bacon Act.

	_____	_____	_____	_____	_____
--	-------	-------	-------	-------	-------

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
4. Control Activities—					
a. Contractors are informed in the procurement documents of the requirements for prevailing wage rates.	_____	_____	_____	_____	_____
b. Contractors and subcontractors are required by contract to submit certifications and copies of payrolls.	_____	_____	_____	_____	_____
c. Contractors' and subcontractors' payrolls are monitored to ensure certified payrolls are submitted.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. Prevailing wage rates are appropriately communicated.	_____	_____	_____	_____	_____
b. Reports provide sufficient information to determine if requirements are being met.	_____	_____	_____	_____	_____
c. Channels are established for staff to report noncompliance.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management performs reviews to ensure that contractors and subcontractors are properly notified of the Davis-Bacon Act requirements.	_____	_____	_____	_____	_____
b. Management performs reviews to ensure that certified payrolls are properly received.	_____	_____	_____	_____	_____

E. Eligibility

1. *Control objectives*—To provide reasonable assurance that only eligible individuals and organizations receive assistance under federal award programs, that subawards are made only to eligible subrecipients, and that amounts provided to or on behalf of eligibles were calculated in accordance with program requirements.
2. Control Environment—
 - a. Staff size and competence provides for proper eligibility determinations. _____
 - b. The entity establishes realistic caseload/performance targets for eligibility determinations. _____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
c. Lines of authority are clear for determining eligibility.	_____	_____	_____	_____	_____
3. Risk Assessment—					
a. The entity identifies the risk that eligibility information prepared internally or received from external sources could be incorrect.	_____	_____	_____	_____	_____
b. Conflict-of-interest statements are maintained for individuals who determine eligibility.	_____	_____	_____	_____	_____
c. There is a process for assessing risks resulting from changes to eligibility determination systems.	_____	_____	_____	_____	_____
4. Control Activities—					
a. Written policies provide direction for making and documenting eligibility determinations.	_____	_____	_____	_____	_____
b. The entity's procedures to calculate eligibility amounts are consistent with program requirements.	_____	_____	_____	_____	_____
c. Eligibility objectives and procedures are clearly communicated to employees.	_____	_____	_____	_____	_____
d. Authorized signatures (manual or electronic) on eligibility documents are periodically reviewed.	_____	_____	_____	_____	_____
e. Access to eligibility records is limited to appropriate persons.	_____	_____	_____	_____	_____
f. Manual criteria checklists or automated process are used in making eligibility determinations.	_____	_____	_____	_____	_____
g. There is a process for periodic eligibility redeterminations in accordance with program requirements.	_____	_____	_____	_____	_____
h. Information used in eligibility determinations is verified for accuracy.	_____	_____	_____	_____	_____
i. There are procedures to ensure that accurate and complete data are used to determine eligibility requirements.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
5. Information and Communication—					
a. The information system meets the needs of eligibility decision-makers and program management.	_____	_____	_____	_____	_____
b. The processing of eligibility information is subject to edit checks and balancing procedures.	_____	_____	_____	_____	_____
c. Training programs inform employees of eligibility requirements.	_____	_____	_____	_____	_____
d. Channels of communication exist for people to report suspected eligibility improprieties.	_____	_____	_____	_____	_____
e. Management is receptive to suggestions to strengthen the eligibility determination process.	_____	_____	_____	_____	_____
f. Program personnel document eligibility determinations in accordance with program requirements.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management performs periodic analytical reviews of eligibility determinations.	_____	_____	_____	_____	_____
b. Program quality control procedures are performed.	_____	_____	_____	_____	_____
c. There are periodic audits of detailed transactions.	_____	_____	_____	_____	_____

F. Equipment and Real Property Management

1. *Control objectives*—To provide reasonable assurance that proper records are maintained for equipment acquired with federal awards, equipment is adequately safeguarded and maintained, disposition or encumbrance of any equipment or real property is in accordance with federal requirements, and the federal awarding agency is appropriately compensated for its share of any property sold or converted to non-federal use.
2. *Control Environment*—
 - a. Management is committed to providing proper stewardship for property acquired with federal awards. _____
 - b. No incentives exist to undervalue assets at time of disposition. _____
 - c. Sufficient accountability exists to discourage temptation of misuse of federal assets. _____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
3. Risk Assessment—					
a. Procedures exist to identify the risk of misappropriation or improper disposition of property acquired with federal awards.	_____	_____	_____	_____	_____
b. Management understands requirements and operations sufficiently to identify potential areas of noncompliance (such as, decentralized locations, departments with budget constraints, transfers of assets between departments).	_____	_____	_____	_____	_____
4. Control Activities—					
a. Accurate records are maintained on all acquisitions and dispositions of property acquired with federal awards.	_____	_____	_____	_____	_____
b. Property tags are placed on equipment.	_____	_____	_____	_____	_____
c. A physical inventory of equipment is periodically taken and compared to property records.	_____	_____	_____	_____	_____
d. Property records contain descriptions, including serial number or other identification number, source, who holds title, acquisition date and cost, percentage of federal participation in the cost, location, condition, and disposition data.	_____	_____	_____	_____	_____
e. Procedures are established to ensure that the federal awarding agency is appropriately reimbursed for dispositions of property acquired with federal awards.	_____	_____	_____	_____	_____
f. Policies and procedures are in place for responsibilities of recordkeeping and authorities for disposition.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. The accounting system provides for separate identification of property acquired wholly or partly with federal funds and with non-federal funds.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. A channel of communication exists for people to report suspected improprieties in the use or disposition of equipment.	_____	_____	_____	_____	_____
c. Program managers are provided with applicable requirements and guidelines.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management reviews the results of periodic inventories and follows up on inventory discrepancies.	_____	_____	_____	_____	_____
b. Management reviews dispositions of property to ensure appropriate valuation and reimbursement to federal awarding agencies.	_____	_____	_____	_____	_____

G. Matching, Level of Effort, Earmarking

1. *Control objectives*—To provide reasonable assurance that matching, level of effort, and earmarking requirements are met using only allowable funds or costs that are properly calculated and valued.
2. *Control Environment*—
 - a. There is a commitment from management to meet matching, level of effort, and earmarking requirements (such as, adequate budget resources to meet a specified matching requirement or maintain a required level of effort).
 - b. The budgeting process addresses and provides adequate resources to meet matching, level of effort, or earmarking goals.
 - c. An official written policy exists outlining—
 - (1) Responsibilities for determining required amounts or limits for matching, level of effort, and earmarking.
 - (2) Methods of valuing matching requirements, such as “in-kind” contributions of property and services, and calculations of levels of effort.

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(3) Allowable costs that may be claimed for matching, level of effort, and earmarking.	_____	_____	_____	_____	_____
(4) Methods of accounting for and documenting amounts used to calculate amounts claimed for matching, level of effort, and earmarking.	_____	_____	_____	_____	_____
3. Risk Assessment—					
a. The entity identifies areas where estimated values will be used for matching, level of effort, and earmarking.	_____	_____	_____	_____	_____
b. Management has sufficient understanding of the accounting system to identify potential recording problems.	_____	_____	_____	_____	_____
4. Control Activities—					
a. Evidence is obtained (such as a certification from the donor) or other procedures are performed to identify whether matching contributions—					
(1) Are from non-federal sources.	_____	_____	_____	_____	_____
(2) Involve federal funding, directly or indirectly.	_____	_____	_____	_____	_____
(3) Were used for another federally-assisted program. (Note: Generally, matching contributions must be from a non-federal source and may not involve federal funding or be used for another federally-assisted program.)	_____	_____	_____	_____	_____
b. There is adequate review of monthly cost reports and adjusting entries.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. The entity has an accounting system capable of—					
(1) Separately accounting for data used to support matching, level of effort, and earmarking amounts, limits, or calculations.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(2) Ensuring that expenditures or expenses, refunds, and cash receipts or revenues are properly classified and recorded only once as to their effect on matching, level of effort, and earmarking.	_____	_____	_____	_____	_____
(3) Documenting the value of "in-kind" contributions of property or services, including—					
(i) Basis for local labor market rates for valuing volunteer services.	_____	_____	_____	_____	_____
(ii) Payroll records or confirmation from other organizations for services provided by their employees.	_____	_____	_____	_____	_____
(iii) Quotes, published prices, or independent appraisals used as the basis for donated equipment, supplies, land, buildings, or use of space.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Supervisory reviews of matching, level of effort, and earmarking activities are performed to assess the accuracy and allowability of transactions and determinations (such as, at the time reports on federal awards are prepared).	_____	_____	_____	_____	_____

H. Period of Availability of Federal Funds

1. *Control objectives*—To provide reasonable assurance that federal funds are used only during the authorized period of availability.
2. Control Environment—
 - a. Management understands and is committed to complying with period of availability requirements. _____
 - b. Entity's operations are such that it is unlikely there will be federal funds remaining at the end of the period of availability. _____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
3. Risk Assessment—					
a. The budgetary process considers period of availability of federal funds as to both obligation and disbursement.	_____	_____	_____	_____	_____
b. The entity identifies and communicates period of availability cut-off requirements as to both obligation and disbursement.	_____	_____	_____	_____	_____
4. Control Activities—					
a. The accounting system prevents obligation or expenditure of federal funds outside of the period of availability.	_____	_____	_____	_____	_____
b. A person knowledgeable of period of availability of funds requirement reviews disbursements.	_____	_____	_____	_____	_____
c. End of grant period cut-offs are met by such mechanisms as advising program managers of the impending cut-off dates and reviewing expenditures just before and after the cut-off date.	_____	_____	_____	_____	_____
d. The entity cancels unliquidated commitments at the end of the period of availability.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. Period of availability requirements and expenditure deadlines are timely communicated to individuals responsible for program expenditures, including through automated notifications of pending deadlines.	_____	_____	_____	_____	_____
b. Unliquidated balances are periodically reported to appropriate levels of management and followed up on.	_____	_____	_____	_____	_____
6. Monitoring—					
a. The entity periodically reviews expenditures before and after the cut-off date to ensure compliance with period of availability requirements.	_____	_____	_____	_____	_____
b. Management reviews reports showing budget and actual for the period.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
I. Procurement and Suspension and Debarment					
1. <i>Control objectives</i> —To provide reasonable assurance that procurement of goods and services are made in compliance with the provisions of the A-102 Common Rule or OMB Circular A-110, as applicable, and that no subaward, contract, or agreement for purchases of goods or services is made with any debarred or suspended party.					
2. <i>Control Environment</i> —					
a. Codes of conduct and other policies regarding acceptable practice, conflicts-of-interest, or expected standards of ethical and moral behavior for making procurements exist and are implemented.	_____	_____	_____	_____	_____
b. The entity has a procurement manual that incorporates federal requirements.	_____	_____	_____	_____	_____
c. There is an absence of pressure to meet unrealistic procurement performance targets.	_____	_____	_____	_____	_____
d. Management has a prohibition against intervention or overriding established procurement controls.	_____	_____	_____	_____	_____
e. Board or governing body oversight is required for high dollar, lengthy, or other sensitive procurement contracts.	_____	_____	_____	_____	_____
f. Key procurement managers have adequate knowledge and experience in light of their responsibilities for procurements for federal awards.	_____	_____	_____	_____	_____
g. There is a clear assignment of authority for issuing purchasing orders and contracting for goods and services.	_____	_____	_____	_____	_____
3. <i>Risk Assessment</i> —					
a. There are procedures to identify risks arising from vendor inadequacy, such as, quality of goods and services, delivery schedules, warranty assurances, and user support.	_____	_____	_____	_____	_____
b. The entity has established procedures to identify risks arising from conflicts-of-interest, such as kickbacks, related party transactions, and bribery.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
c. Management understands the requirements for procurement and suspension and debarment, and, given the entity's staff, departments, and processes, has identified where noncompliance could likely occur.	_____	_____	_____	_____	_____
d. Conflict-of-interest statements are maintained for individuals with responsibility for procurement of goods or services.	_____	_____	_____	_____	_____
4. Control Activities—					
a. There are job descriptions or other means of defining tasks that comprise particular procurement jobs.	_____	_____	_____	_____	_____
b. The entity monitors and documents contractors' performance with the terms, conditions, and specifications of the contracts.	_____	_____	_____	_____	_____
c. The entity segregates duties between employees responsible for contracting, accounts payable, and cash disbursing.	_____	_____	_____	_____	_____
d. Procurement actions are appropriately documented in the procurement files.	_____	_____	_____	_____	_____
e. Supervisors review procurement and contracting decisions for compliance with federal procurement policies.	_____	_____	_____	_____	_____
f. Procedures are established to verify that vendors providing goods and services under the award have not been suspended or debarred by the federal government.	_____	_____	_____	_____	_____
g. The entity has an official written policy for procurement and contracts establishing—					
(1) Contract files that document significant procurement history.	_____	_____	_____	_____	_____
(2) Methods of procurement that are authorized, including selection of contract type, contractor selection or rejection, and the basis of contract price.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(3) Verification that procurements provide full and open competition.	_____	_____	_____	_____	_____
(4) Requirements for cost or price analysis, including for contract modifications.	_____	_____	_____	_____	_____
(5) Requirements to obtain and react to suspension and debarment certifications.	_____	_____	_____	_____	_____
(6) Other applicable requirements for procurements under federal awards.	_____	_____	_____	_____	_____
<i>h.</i> The entity has an official written policy for suspensions and debarments that—					
(1) Contains or references the federal requirements.	_____	_____	_____	_____	_____
(2) Prohibits the award of a subaward, covered contract, or any other covered agreement for program administration, goods, services, or any other program purpose with any suspended or debarred party.	_____	_____	_____	_____	_____
(3) Requires staff to obtain certifications from entities receiving subawards (contract and subcontract) over \$100,000 certifying that the recipient organization and its principals are not suspended or debarred.	_____	_____	_____	_____	_____
5. Information and Communication—					
<i>a.</i> The entity has a system in place to assure that procurement documentation is retained for the time period required by the A-102 Common Rule, OMB Circular A-110, award agreements, contracts, and program regulations and that such documentation includes—					
(1) The basis for contractor selection.	_____	_____	_____	_____	_____
(2) Justification for lack of competition when competitive bids or offers are not obtained.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(3) The basis for award cost or price.	_____	_____	_____	_____	_____
b. Employees' procurement duties and control responsibilities are effectively communicated.	_____	_____	_____	_____	_____
c. Procurement staff are provided a current <i>List of Parties Excluded from Federal Procurement or Non-procurement Programs</i> , issued by the General Services Administration, or have on-line access.	_____	_____	_____	_____	_____
d. Channels of communication are provided for people to report suspected procurement and contracting improprieties.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management periodically conducts independent reviews of procurements and contracting activities to determine whether policies and procedures are being followed as intended.	_____	_____	_____	_____	_____
J. Program Income					
1. <i>Control objectives</i> —To provide reasonable assurance that program income is correctly earned, recorded, and used in accordance with the program requirements.					
2. Control Environment—					
a. Management recognizes its responsibilities for program income.	_____	_____	_____	_____	_____
b. Management prohibits intervention or overriding controls over program income.	_____	_____	_____	_____	_____
c. There are realistic performance targets for the generation of program income.	_____	_____	_____	_____	_____
3. Risk Assessment—					
a. Mechanisms are in place to identify the risk of unrecorded or mis-coded program income.	_____	_____	_____	_____	_____
b. Variances between expected and actual income are analyzed.	_____	_____	_____	_____	_____
4. Control Activities—					
a. Pricing and collection policies procedures are clearly communicated to personnel responsible for program income.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. Mechanism are in place to ensure that program income is properly recorded as earned and deposited in the bank as collected.	_____	_____	_____	_____	_____
c. Policies and procedures provide for correct use of program income in accordance with federal program requirements.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. Information systems identify program income collections and usage.	_____	_____	_____	_____	_____
b. A channel of communication exists for people to report suspected improprieties in the collection or use of program income.	_____	_____	_____	_____	_____
6. Monitoring—					
a. There is an internal audit of program income.	_____	_____	_____	_____	_____
b. Management compares program income to budget and investigates significant differences.	_____	_____	_____	_____	_____

K. Real Property Acquisition and Relocation Assistance

1. <i>Control objectives</i> —To provide reasonable assurance of compliance with the real property acquisition, appraisal, negotiation, and relocation requirements.					
2. Control Environment—					
a. Management is committed to ensuring compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA).	_____	_____	_____	_____	_____
b. Written policies exist for handling relocation assistance and real property acquisition.	_____	_____	_____	_____	_____
3. Risk Assessment—					
a. The entity identifies the risk that relocation will not be conducted in accordance with the URA (for example, that improper payments will be made to individuals or businesses that relocate).	_____	_____	_____	_____	_____
4. Control Activities—					
a. Employees handling relocation assistance and real property acquisition have been trained in the requirements of the URA.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. Employees knowledgeable in the URA review expenditures pertaining to real property acquisition and relocation assistance.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. A system is in place to adequately document relocation assistance and real property acquisition.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Management monitors relocation assistance and real property acquisition for compliance with the URA.	_____	_____	_____	_____	_____

L. Reporting

1. <i>Control objectives</i> —To provide reasonable assurance that reports of federal awards submitted to the federal awarding agency or pass-through entity include all activity of the reporting period, are supported by underlying accounting or performance records, and are fairly presented in accordance with program requirements.					
2. Control Environment—					
a. Persons preparing, reviewing, and approving the reports possess the required knowledge, skills, and abilities.	_____	_____	_____	_____	_____
b. Management's attitude toward reporting promotes accurate and fair presentation.	_____	_____	_____	_____	_____
c. Management appropriately assigns responsibility and delegates authority for reporting decisions.	_____	_____	_____	_____	_____
3. Risk Management—					
a. Mechanisms exist to identify risks of faulty reporting caused by such items as lack of current knowledge of, inconsistent application of, or carelessness or disregard for standards and reporting requirements of federal awards.	_____	_____	_____	_____	_____
b. The entity identifies underlying source data or analyzes performance or special reporting that may not be reliable.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
4. Control Activities—					
a. A written policy exists that establishes responsibility and provides the procedures for periodic monitoring, verification, and reporting of program progress and accomplishments.	_____	_____	_____	_____	_____
b. There is a tracking system that reminds staff when reports are due.	_____	_____	_____	_____	_____
c. The general ledger or other reliable records are the basis for the reports.	_____	_____	_____	_____	_____
d. Supervisory review of reports are performed to ensure the accuracy and completeness of the data and information included in the reports.	_____	_____	_____	_____	_____
e. The required accounting method is used (for example, cash or accrual).	_____	_____	_____	_____	_____
5. Information and Communication—					
a. There is an accounting or information system that provides for the reliable processing of financial and performance information for federal awards.	_____	_____	_____	_____	_____
6. Monitoring—					
a. Communications from external parties corroborate information included in the reports for federal awards.	_____	_____	_____	_____	_____
b. The entity periodically compares reports to supporting records.	_____	_____	_____	_____	_____

M. Subrecipient Monitoring

1. *Control objectives*—To provide reasonable assurance that federal award information and compliance requirements are identified to subrecipients, subrecipient activities are monitored, subrecipient audit findings are resolved, and the impact of any subrecipient noncompliance on the pass-through entity is evaluated. Also, the pass-through entity performs procedures to provide reasonable assurance that the subrecipient obtained required audits and takes appropriate corrective action on audit findings.
2. Control Environment—
 - a. Management establishes a “tone at the top” indicating its commitment to monitoring subrecipients.

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. Management is intolerant of overriding established procedures to monitor subrecipients.	_____	_____	_____	_____	_____
c. The entity's organizational structure and its ability to provide the necessary information flow to monitor subrecipients are adequate.	_____	_____	_____	_____	_____
d. Sufficient resources are dedicated to subrecipient monitoring.	_____	_____	_____	_____	_____
e. The entity has defined the knowledge, skills, and abilities needed to accomplish subrecipient monitoring tasks.	_____	_____	_____	_____	_____
f. The individuals performing subrecipient monitoring possess the knowledge, skills, and abilities required.	_____	_____	_____	_____	_____
g. Subrecipients demonstrate that—					
(1) They are willing and able to comply with the requirements of the award.	_____	_____	_____	_____	_____
(2) They have accounting and internal control systems adequate to administer the award.	_____	_____	_____	_____	_____
(3) Their accounting systems include the use of applicable cost principles.	_____	_____	_____	_____	_____
h. Appropriate sanctions are taken for subrecipient noncompliance.	_____	_____	_____	_____	_____
3. Risk Assessment—					
a. Key managers understand the subrecipients' environments, systems, and controls sufficiently to identify the level and methods of monitoring required.	_____	_____	_____	_____	_____
b. Mechanisms exist to identify risks arising from external sources affecting subrecipients, such as risks related to—					

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(1) Economic conditions.	_____	_____	_____	_____	_____
(2) Political conditions.	_____	_____	_____	_____	_____
(3) Regulatory changes.	_____	_____	_____	_____	_____
(4) Unreliable information.	_____	_____	_____	_____	_____
c. Mechanisms exist to identify and react to changes in subrecipients, such as—					
(1) Financial problems that could lead to diversion of grant funds.	_____	_____	_____	_____	_____
(2) Loss of essential personnel.	_____	_____	_____	_____	_____
(3) Loss of license or accreditation to operate program.	_____	_____	_____	_____	_____
(4) Rapid growth.	_____	_____	_____	_____	_____
(5) New activities, products, or services.	_____	_____	_____	_____	_____
(6) Organizational restructuring.	_____	_____	_____	_____	_____
4. Control Activities—					
a. The entity provides subrecipients with federal award information (such as, CFDA title and number, award name, name of federal agency, amount of award) and applicable compliance requirements.	_____	_____	_____	_____	_____
b. The entity includes in its subrecipient agreements the requirement to comply with the compliance requirements applicable to the federal program, including the audit requirements of OMB Circular A-133.	_____	_____	_____	_____	_____
c. The entity monitors the subrecipients' compliance with audit requirements using techniques such as the following—					
(1) The entity determines by inquiry and discussions whether subrecipients met thresholds requiring an audit under Circular A-133.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(2) If an audit is required, the entity assures that the subrecipient submits the report, report package, or the documents required by OMB circulars or its own requirements.	_____	_____	_____	_____	_____
(3) If a subrecipient was required to obtain an audit in accordance with Circular A-133 but did not do so, the entity follows up with the subrecipient until the audit is completed and takes appropriate actions such as withholding further funding until the subrecipient meets the audit requirements.	_____	_____	_____	_____	_____
d. The entity monitors subrecipients' compliance with federal program requirements by, for example—					
(1) Issuing timely management decisions for audit and monitoring findings to inform the subrecipient whether the corrective action planned is acceptable.	_____	_____	_____	_____	_____
(2) Maintaining a system to track and follow up on reported deficiencies related to programs funded by the entity and to ensure that timely corrective action is taken.	_____	_____	_____	_____	_____
(3) Regularly contacting subrecipients and making appropriate inquiries concerning the federal program.	_____	_____	_____	_____	_____
(4) Reviewing subrecipient reports and follows up on areas of concern.	_____	_____	_____	_____	_____
(5) Monitoring subrecipient budgets.	_____	_____	_____	_____	_____
(6) Performing site visits to subrecipients to review financial and programmatic records and to observe operations.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
(7) Offering subrecipients technical assistance where needed.	_____	_____	_____	_____	_____
e. Official written policies exist requiring or establishing—					
(1) The communication of federal award requirements to subrecipients.	_____	_____	_____	_____	_____
(2) The monitoring of subrecipients.	_____	_____	_____	_____	_____
(3) Processes and procedures for monitoring subrecipients.	_____	_____	_____	_____	_____
(4) A methodology for resolving findings of subrecipient noncompliance or internal control weaknesses.	_____	_____	_____	_____	_____
(5) Subrecipient audits and their processing, including appropriate adjustment of pass-through entity's accounts.	_____	_____	_____	_____	_____
5. Information and Communication—					
a. Standard award documents used by the entity contain—					
(1) A listing of federal requirements that the subrecipient must follow, either as part of the award document, attached as an exhibit to the document, or incorporated by reference to specific criteria.	_____	_____	_____	_____	_____
(2) The description and program number for each program as stated in the CFDA. If the program funds include pass-through funds from another recipient, the pass-through program information also should be identified.	_____	_____	_____	_____	_____
(3) A statement signed by an official of the subrecipient stating that the subrecipient was informed of, understands, and agrees to comply with the applicable compliance requirements.	_____	_____	_____	_____	_____

	<u>No Opinion</u>	<u>Strongly Disagree</u>	<u>Some- what Disagree</u>	<u>Some- what Agree</u>	<u>Strongly Agree</u>
b. A recordkeeping system is in place to assure that documentation is retained for the time period required by the federal agency.	_____	_____	_____	_____	_____
c. Procedures are in place to provide channels for subrecipients to communicate concerns to the entity.	_____	_____	_____	_____	_____
6. Monitoring—					
a. The entity has established a tracking system to assure timely submission of required reporting (such as financial reports, performance reports, and audit reports), on-site monitoring reviews of subrecipients, and timely resolution of audit findings.	_____	_____	_____	_____	_____
b. Supervisory reviews are performed to determine the adequacy of subrecipient monitoring.	_____	_____	_____	_____	_____

N. Special Tests and Provisions

The specific requirement for special tests and provisions are unique to each federal program and are found in the laws, regulations, and the provisions of contracts or grant agreements pertaining to each program. Therefore, standardized internal control objectives and examples of characteristics specific to this type of compliance requirement cannot be provided.

AAM Section 12,100

Designing the Audit Program

.01 The objective of an audit is to express an opinion on whether financial statements present fairly in all material respects, an entity's financial position, results of operations, and cash flows in conformity with generally accepted accounting principles.^{1,2} This conclusion may be expressed only when the auditor has formed such an opinion on the basis of an audit performed in accordance with generally accepted auditing standards. The procedures that the auditor plans to use to gather evidence are outlined in an audit program.

.02 Since the audit program describes the evidence-gathering steps to be used in the audit, it should be carefully designed. Designing an audit program involves three major considerations:

- a. Deciding *what* procedures to apply—the *nature* of audit tests
- b. Deciding *when* to apply the procedures—the *timing* of audit tests
- c. Deciding *which* items to apply the procedures to—the *extent* of audit tests

.03 Flowchart 1 presents an overview of the structure of the audit process. To design an audit program that is efficient and effective, the auditor should—

- a. Identify the client's assertions regarding each material component of the financial statements.
- b. Consider the risk of material misstatement due to error or fraud, and illegal acts that have a direct and material effect on the financial statements.³
- c. Establish specific audit objectives relating to the assertions in the financial statements.
- d. Determine the audit procedures to be performed to accomplish the audit objectives.
- e. Determine when to perform the audit procedures.
- f. Determine which items to apply audit procedures to.

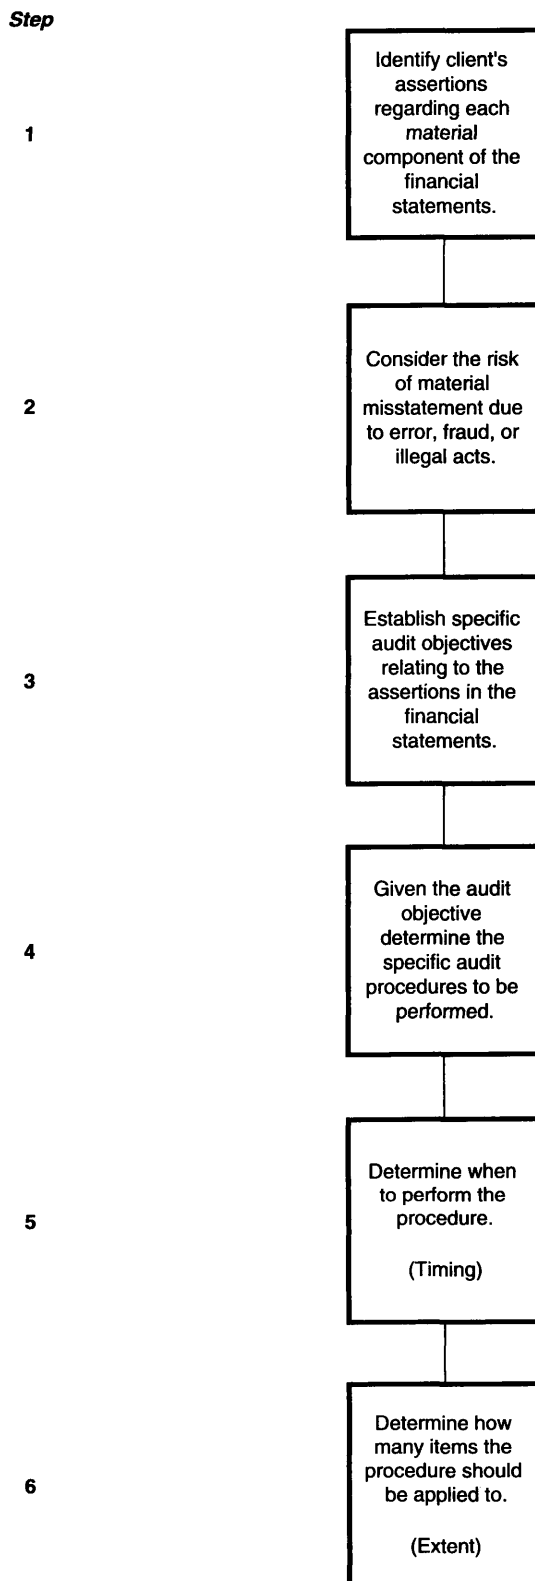

¹ The AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition) (With Conforming Changes as of May 1, 2003)*, paragraph 3.12, states that audit scope should be set and materiality evaluations should be applied at the fund type, account group, and discretely presented component unit column(s) when reporting on the general purpose financial statements (GPFS), or at the individual fund statement level when reporting on the GPFS and combining and individual fund financial statements in a comprehensive annual financial report (CAFR). However, that guidance changes in the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)* as a result of the issuance of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. See the discussion of GASB Statement No. 34 and that Guide in the headnote in AAM section 12,000.

² This section does not specifically address considerations necessary to design programs for audits conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States or Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (single audits). For such considerations, the auditor is advised to see AAM section 12,350, *Government Auditing Standards Requirements*, chapters 4 and 5 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, and the AICPA Practice Aid, *Auditing Recipients of Federal Awards: Practical Guidance for Applying OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations."*

³ Auditing Interpretation 1 of SAS No. 47, *Audit Risk and Materiality in Conducting an Audit* (AU section 9312.01-.04), defines a misstatement as something that causes the financial statements not to be in conformity with generally accepted accounting principles (GAAP). Misstatements may consist of (1) difference between the amount, classification, or presentation of a reported financial statement element, account, or item and the amount, classification, or presentation that would have been reported under GAAP, (2) the omission of a financial statement element, account, or item, (3) a financial statement disclosure that is not presented in accordance with GAAP, or (4) the omission of information required to be disclosed in accordance with GAAP.

.04 The six steps illustrated in flowchart 1 result in a determination of the nature, timing, and extent of audit tests.

Flowchart 1
Audit Logic Process

Financial Statement Assertions

.05 According to SAS No. 31, *Evidential Matter*, as amended by SAS No. 48 and SAS No. 80 (AU section 326), the independent auditor's work in forming an opinion on financial statements consists of obtaining and evaluating evidential matter concerning the assertions in such financial statements. These assertions are embodied in the account balance, transaction class, and disclosure components of financial statements and are classified according to the following broad categories:

- a. *Existence or Occurrence.* Reported assets and liabilities actually exist at the balance-sheet date, and transactions reported in the income statement actually occurred during the period covered.
- b. *Completeness.* All transactions and accounts that should be included in the financial statements are included, or there are no undisclosed assets, liabilities, or transactions.
- c. *Rights and Obligations.* The entity owns and has clear title to assets and liabilities are obligations of the company.
- d. *Valuation or Allocation.* The assets and liabilities are valued properly, and the revenues and expenses are measured properly.
- e. *Presentation and Disclosure.* The assets, liabilities, revenues, and expenses are properly classified, described, and disclosed in the financial statements.

Developing Audit Objectives

.06 A misrepresentation of any of the five financial statement assertions could cause a material misstatement in the financial statements. The auditor should consider the risk of material misstatement for each assertion in the financial statements, and then obtain evidence to support the financial statement assertions to reduce the risk of material misstatement to an acceptably low level. To determine what type of evidence to obtain, the auditor develops specific audit objectives related to each assertion.

.07 In determining audit objectives, the auditor should evaluate each of the five assertions as they relate to the specific account balance or class of transactions being examined. For example, if the auditor is attempting to gather evidence on the assertion of *existence* of inventory, the auditor's objective would be to gather evidence that inventory included in the balance sheet physically existed at the date of the balance sheet. An example of the relationship between financial statement assertions and audit objectives is shown in Figure 1.

Figure 1

Relationship of Assertions and Objectives for Inventory

<u>Financial Statement Assertion</u>	<u>Illustrative Audit Objectives</u>
Existence or occurrence	—Inventories included in the balance sheet physically exist.
Completeness	—Inventory quantities include all products, materials, and supplies on hand.
	—Inventory quantities include all products, materials, and supplies owned by the client that are in transit or stored at outside locations.
	—Inventory listings are accurately compiled and the totals are properly included in the inventory accounts.
Rights and obligations	—The entity has legal title or similar rights of ownership to the inventory.
Valuation or allocation	—Inventories are properly stated at cost (except when market is lower).
Presentation and disclosure	—Inventories are properly classified in the balance sheet as current assets.

Audit Tests

.08 After the auditor has determined the audit objectives, the method of achieving the objectives should be selected. Although these methods are referred to by various names such as audit procedures, audit techniques, and audit tests, they represent the evidence-gathering methods auditors use. The basic requirement for determining audit procedures, according to SAS No. 31, paragraph 13, as amended (AU section 326.13), is that:

The procedures adopted should be adequate to achieve the auditor's specific objectives and reduce detection risk to a level acceptable to the auditor. The evidential matter obtained should be sufficient for the auditor to form conclusions concerning the validity of the individual assertions embodied in the components of financial statements.

.09 Some audit procedures can satisfy a combination of audit objectives for a given account balance or class of transactions. For example, the auditor's observation of a physical inventory count can provide evidence that inventories physically exist and that inventory quantities include all products, materials, and supplies on hand.

.10 Audit tests or procedures can be classified or categorized in a variety of ways. The most common classifications are by purpose of the test or by type of test.

Purpose of the Test

.11 According to SAS No. 55, *Consideration of Internal Control in a Financial Statement Audit*, as amended by SAS No. 78 and SAS No. 94 (AU section 319), the purpose of performing audit tests are:

- a. To evaluate the effectiveness of the design and operation of internal controls. These tests are referred to as tests of controls.
- b. To detect material misstatements in financial statement assertions. These tests are referred to as substantive tests.

.12 Substantive tests are procedures applied to account balances or classes of transactions to determine if there are material misstatements in the financial statements. The substantive test that the auditor performs consists of tests of details of transactions and balances and analytical procedures. In assessing control risk, the auditor also may use tests of details of transactions as tests of controls. The objective of tests of details of transactions performed as substantive tests is to detect material misstatements in the financial statements. The objective of tests of details of transactions as tests of controls is to evaluate whether controls operated effectively. Although these objectives are different, both may be accomplished concurrently through performance of a test of details on the same transaction.

.13 If the control risk is assessed at less than the maximum level, the auditor should obtain sufficient evidential matter to support that assessed level. The evidential matter that is sufficient to support a specific assessed level of control risk is a matter of auditor judgment. The type of evidential matter obtained all bear on the degree of assurance provided. Since the auditor's substantive testing is affected by the quality of the controls, the auditor is concerned with whether the controls established are designed and operating effectively. The role of tests of controls is to justify this assertion.

.14 The nature, timing, and extent of substantive tests are generally based on the assessment of inherent risks, control risk, and other risk assessments made during the planning phase of the engagement. For example, the higher the assessment of control risk, the more comprehensive the substantive tests should be. If analytical procedures performed during the planning phase of the engagement suggest that some account balances are unexpectedly high or low, the auditor may determine that those balances warrant more testing. Tests' effectiveness can be modified by changing their nature (for example, tests of balances versus analytical

procedures), timing (testing as of the balance-sheet date versus an interim date), or extent (testing 100 percent versus sampling). Similarly, the auditor may be able to change the same factors to make audits more efficient. While the main objective is to perform an effective audit, if alternative tests are equally effective, the auditor should choose the most efficient one.

.15 Planning occurs throughout the engagement and as a result the auditor might have to reassess risk as the engagement unfolds. For example, even if tests of controls indicated that an area had low risk and the auditor planned substantive tests accordingly, information might come to the auditor's attention during the audit that requires reassessment of the risk. Such information might include, for example, unexpected deviations from control procedures, misstatements that the internal controls should have caught, or new information about transactions or balances.

.16 The most effective and efficient audit strategy for a small entity engagement, without a significant electronic environment, generally is to assess the control risk at the maximum level (the greatest probability that a material misstatement that could occur in an assertion will not be prevented or detected on a timely basis by an entity's internal control). In this case, the auditor will use the knowledge obtained from the understanding of internal control and the assessed level of control risk in designing substantive tests for financial statement assertions. In situations where electronic evidence (i.e., information transmitted, processed, maintained, or accessed by electronic means—for example, using a computer, scanner, sensor, or magnetic media) will be significant in gaining competent evidential matter regarding financial statement assertions, the ability to rely solely on substantive tests may not be present inasmuch as the competence of electronic evidence depends on the effectiveness of internal control over its validity and completeness. This is especially the case when evidence of an entity's initiation, recording, or processing of financial data exists only in electronic form. In such circumstances, the auditor should perform tests of controls to gather evidence to support an assessed level of control risk below the maximum for affected assertions. If the auditor concludes control risk must be assessed at the maximum in such circumstances, or the evidence gathered through tests of controls and substantive tests is insufficient, the auditor should qualify or disclaim an opinion because of the resulting scope limitation. (See SAS No. 31, as amended [AU section 326.12–.14 and .25].)

Type of Test

.17 Auditors perform four types of tests:

- a. Analytical procedures
- b. Inquiry and observation
- c. Tests of transactions
- d. Tests of balances

The relationship of audit tests by purpose to audit tests by type is shown in figure 2.

Matrix of Audit Tests by Purpose and Type

Figure 2

		Purpose of Test	
		Substantive Test	Test of Controls
Type of Test	Analytical Procedures	Yes Example A	No
	Inquiry and Observation	Yes Example H	Yes Examples B, C, I
	Tests of Transactions	Yes Example D	Yes Examples E, F
	Tests of Balances	Yes Examples G, H	No

Examples:

- A—Comparison of this year's expenses with last year's expenses
 - B—Observation by auditor that cash is deposited daily by a specific clerk
 - C—Inquiry by auditor about who deposits cash and how often
 - D—Examination of invoices to support additions (specific transactions) to fixed assets account during year
 - E—Examine sales invoices to see if initials of credit manager are there to indicate a credit file and credit approval (Inspection Test)
 - F—Vouch from sales invoices to credit files to see if customer has a credit file and has been approved for credit (Reperformance Test)
 - G—Confirmation of year-end balances in accounts receivable
 - H—Observation of the existence of a building
 - I—Extended walk-through of an application
-

Analytical Procedures

.18 Analytical procedures are tests applied to the *total* recorded amounts and are based on the existence of plausible and consistent relationships among financial statement elements or between financial and nonfinancial amounts. Analytical procedures are used for the following purposes:

- a. To assist the auditor in planning the nature, timing, and extent of other auditing procedures.
- b. As a substantive test to obtain evidential matter about particular assertions related to account balances or classes of transactions.
- c. As an overall review of the financial information in the final review stage of the audit.

.19 Analytical procedures can be effective:

- For certain types of assertions (for example, the completeness assertion, which cannot be tested directly using a test of balances on recorded amounts).
- When the relationships between amounts are very predictable.
- When the data used to develop expectations based on the relationship are reliable.
- When relatively precise expectations can be developed.

.20 Analytical procedures can provide evidence supporting financial statement assertions and, thus, can be used as substantive tests. Because analytical procedures are often the least expensive tests, they should be used whenever practical.

.21 SAS No. 56, *Analytical Procedures*, as amended (AU section 329), describes analytical procedures as follows:

Analytical procedures involve comparisons of recorded amounts, or ratios developed from recorded amounts, to expectations developed by the auditor. The auditor develops such expectations by identifying and using plausible relationships that are reasonably expected to exist based on the auditor's understanding of the client and of the industry in which the client operates. Following are examples of sources of information for developing expectations:

- a. Financial information for comparable prior period(s) giving consideration to known changes.
- b. Anticipated results—for example, budgets, or forecasts including extrapolations from interim or annual data.
- c. Relationships among elements of financial information within the period.
- d. Information regarding the industry in which the client operates—for example, cost of funds information.
- e. Relationships of the financial information with relevant nonfinancial information.

.22 Whenever analytical procedures are applied as substantive tests, the auditor must apply the following procedures:⁴

- a. Consider whether the relationship is plausible and predictable.
- b. Consider whether the data used for the comparison is reliable.
- c. Consider whether the account balance tested is consistent with the auditor's expectations. If it is not consistent, obtain the client's explanation for the variance and get evidence to corroborate the client's explanation.

.23 SAS No. 56, as amended (AU section 329), also requires that analytical procedures be performed at the planning and final review stages of the audit.

Inquiry and Observation

.24 Testing of controls that leave no audit trail of documentary evidence is usually tested by inquiry and observation. Auditors make inquiries of different individuals and conduct observation tests to determine who performs a particular activity or how or when the activity is done. For example, the auditor may ask different individuals about who posts to the receivables ledger, the auditor may observe who prepares the bank reconciliation, or the auditor may observe when cash is deposited in the bank. Typically, inquiry alone is not sufficient evidence of effective operation of controls.

.25 Inquiry and observation can also be used as substantive tests. For example, an audit procedure such as an observation of a *physical asset* to determine that it exists is a substantive test relating to the existence assertion. Likewise, inquiries regarding subsequent events would be a substantive test because they provide evidence regarding the adequacy of disclosures in the financial statements.

Tests of Transactions

.26 Tests of transactions consist of the examination of the documents and accounting records involved in the processing of specific transactions. Such procedures can accomplish both testing of controls and substantive testing and are sometimes used concurrently.

.27 Tests of controls are accomplished when the auditor examines transaction documentation to determine if controls have been applied as prescribed. Tests of transactions as tests of controls can be classified as either inspection tests or reperformance tests. If the auditor examines documentation, the tests of controls are classified as an inspection test. Alternatively, if the auditor repeats controls performed by the client, the tests of controls are classified as reperformance tests. For example, a control may require employees to match vendors' invoices with purchase orders and receiving reports and then initial the invoices to indicate that the procedure was performed. If the auditor tests the control by examining invoices for initials, the test is an inspection test. If the auditor tests the control by comparing vendors' invoices with purchase orders and receiving reports, the test is a reperformance test. Reperformance tests may also take the form of simulated

⁴ SAS No. 96, *Audit Documentation* (AU section 339), amends SAS No. 56, *Analytical Procedures* (AU section 329), to require specific audit documentation when an analytical procedure is used as the principal substantive test of a significant financial statement assertion.

processing, or processing of test data. Regardless of whether the auditor tests by inspection or reperformance, the test of control is a test of transactions.

.28 The substantive objective of tests of transactions is accomplished when the auditor examines transaction documentation to determine if dollar errors exist in a balance. For example, if the auditor examines documentation supporting individual charges (debits) to an equipment account to determine that the account balance is fairly stated, the test is classified as a substantive test of transactions.

Tests of Balances

.29 Tests of balances are procedures applied to the *individual items* that compose an account balance or class of transactions. The tests involve confirmation, inspection, or observation procedures to provide evidence about the recorded amount. Tests of balances are substantive tests designed to identify misstatements by a direct test of the ending balance rather than by testing the transactions that make up that balance.

.30 Substantive tests of transactions and tests of balances are interrelated in that each class of transactions affects a related account balance. Since financial statement amounts are the accumulation of transactions, an auditor may test the transactions that enter the account (that is, the debits and credits), the account balance itself (that is, the ending balance), or both.

Linking Audit Procedures to Objectives

.31 To design an audit program, the audit should select audit procedures that achieve specific audit objectives developed from the five broad assertions for each material account balance in the financial statements.

.32 In selecting audit procedures to achieve the audit objectives developed, an auditor considers the following, according to SAS No. 31, as amended (AU section 326):

- a. The risk of material misstatement of the financial statements including the assessed levels of control risk.
- b. The expected efficiency and effectiveness of possible audit procedures.
- c. The nature and materiality of the items being tested.
- d. The kinds and competence of available evidential matter.
- e. The nature of the audit objective to be achieved.

The Completeness Assertion

.33 SAS No. 31, paragraph 5, as amended (AU section 326.05), discusses the completeness assertion:

Assertions about completeness address whether all transactions and accounts that should be presented in the financial statements are so included. For example, management asserts that all purchases of goods and services are recorded and are included in the financial statements. Similarly, management asserts that notes payable in the balance sheet include all such obligations of the entity.

.34 Substantive tests that provide assurance regarding the completeness assertion are those that provide evidence about whether all transactions have been captured by the client's accounting system and are included in the financial statements.

.35 Gathering evidence about whether all transactions have been recorded is one of the most difficult audit objectives to achieve. Evidence of completeness can be even more difficult to obtain when a client does not have good internal control or has only an informal record-keeping system. Because these two characteristics often apply to small entities, satisfying the completeness objective can be difficult for the auditor in a small entity engagement.

.36 Completeness relates to whether all items have been included in the financial statements. The completeness assertion is violated if a transaction or account is omitted from the financial statements. If a transaction is merely recorded in the wrong account, there is no violation of the completeness assertion since the transaction is still recorded in the financial statements. In such a situation, the accounts are not incorrect because of a completeness error; rather, they are incorrect because of a classification error. A classification error is a violation of the presentation and disclosure assertion.

.37 For many accounts, the completeness assertion is the most difficult to test. The difficulty arises because the auditor must gather evidence about potential unrecorded items. Sources of audit evidence regarding unrecorded items often are not readily available.

Lack of Evidence

.38 To give an unqualified opinion, the auditor must gather sufficient, competent evidential matter to reduce the level of audit risk to an appropriately low level. SAS No. 31, paragraph 22, as amended (AU section 326.25), provides the following guidance when the auditor is unable to gather sufficient evidence to be satisfied regarding the completeness assertion:

To the extent the auditor remains in substantial doubt about any assertion of material significance, he must refrain from forming an opinion until he has obtained sufficient competent evidential matter to remove such substantial doubt, or the auditor must express a qualified opinion or a disclaimer of opinion.

.39 SAS No. 1, section 110, *Responsibilities and Functions of the Independent Auditor*, as amended by SAS No. 82 (AU section 110.02), states:

The auditor has a responsibility to plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Because of the nature of audit evidence and the characteristics of fraud, the auditor is able to obtain reasonable, but not absolute, assurance that material misstatements are detected. The auditor has no responsibility to plan and perform the audit to obtain reasonable assurance that misstatements, whether caused by errors or fraud, that are not material to the financial statements are detected.

.40 SAS No. 31, as amended (AU section 326), requires the auditor to obtain evidence concerning inclusion in the financial statements of all types of transactions that the auditor has reason to believe has occurred based on the auditor's knowledge of the client and the industry in which it operates. Utilizing professional skepticism while performing the audit, the auditor should question transactions that are peculiar to the client or industry as well as questioning the lack of specific types of transactions.

.41 Auditors sometimes accept management representations as sufficient audit evidence when completeness of recorded transactions cannot be substantiated. Management representations are part of the evidential matter the auditor gathers, but they should not be used as a substitute for the performance of those procedures considered necessary to form an opinion on the financial statements. An auditor cannot rely on management representations alone as sufficient audit evidence to substantiate the completeness of account balances and classes of transactions. Obtaining such representations complements but does not replace other auditing procedures that the auditor should perform. [See Auditing Interpretation No. 3 of SAS No. 31, "The Auditor's Consideration of the Completeness Assertion" (AU section 9326.18–.21).] When an auditor is unable to form an opinion, even though representations from the management have been received, there is a limitation on the scope of the audit that precludes the auditor from issuing an unqualified opinion (SAS No. 85, *Management Representations*, paragraph 14 [AU section 333.14]).

Controls for Completeness

.42 Controls for completeness are designed (1) to count or otherwise identify transactions executed by the entity and (2) to provide reasonable assurance that all transactions have been accurately recorded by the accounting system. For example, completeness controls over purchases can include reconciliation of all pre-numbered receiving reports that are missing, not recorded, or not otherwise accounted for. Many auditors prefer to rely on controls gathering evidence of completeness since extensive substantive tests for completeness may be more difficult to design than those for other SAS No. 31 assertions.

.43 If the auditor desires to assess control risk at less than the maximum level, tests of controls should be performed to determine that the controls are working as prescribed to make that control risk assessment. Once the control risk is assessed at less than maximum, the auditor may restrict substantive procedures designed to obtain evidential matter regarding the completeness assertion. Taken alone, the assessed level of control risk, ordinarily, is not sufficiently low to eliminate the need to perform any substantive tests. In addition, small entities often lack segregation of duties, which usually prevents the auditor from assessing control risk at a low level. As a result, it is necessary to perform substantive tests of the completeness assertion.

Substantive Tests

.44 Many substantive tests are of limited usefulness in detecting errors of omission because they are usually applied to recorded amounts. Unrecorded transactions are not included in the account balances or classes of transactions to which the auditor applies substantive tests.

.45 Of all the financial statement assertions, only completeness involves consideration of whether there are material amounts that are not included in the account balance or class of transactions being tested. Therefore, substantive tests of the completeness assertion differ somewhat from substantive tests of other financial statement assertions. The difference is highlighted by the following excerpt from SAS No. 31, paragraph 11, as amended (AU section 326.11):

In designing substantive tests to achieve an objective related to the assertion of existence or occurrence, the auditor selects from items contained in a financial statement amount and searches for relevant evidential matter. On the other hand, in designing procedures to achieve an objective related to the assertion of completeness, the auditor selects from evidential matter indicating that an item should be included in the relevant financial statement amount and investigates whether that item is so included.

.46 Substantive tests can be designed to provide evidential matter to support a conclusion that specific account balances are not misstated by amounts that would cause the financial statements, taken as a whole,⁵ to be materially misstated because of unrecorded transactions.

.47 Important sources of evidential matter for completeness include source documents, such as order logs, shipping and receiving documents, and checks. One common test of completeness involves tracing amounts from source documents to amounts recorded in the accounting records. For example, the auditor may vouch selected cash disbursements after the end of the audit period to test the completeness of amounts recorded as accounts payable at the balance-sheet date. Other substantive procedures that provide evidence concerning the completeness of financial statement account balances include the following:

- a. Sales-and-purchases cutoff procedures that include tracing shipping and receiving documents processed after the audit period to accounting records for the proper period.
- b. Analytical procedures in which the auditor investigates relationships among data that indicate a financial statement account or balance may be understated. For example, the auditor may obtain evidence that all interest-bearing debt is recorded by examining the relationship between recorded

⁵ See footnote 1.

interest expense and the average balance of interest-bearing debt outstanding for the period. Disproportionate relationships based on the auditor's knowledge of interest rates should be investigated. Other examples include: a comparison of investment income to average investments for the period to test whether income earned on investments is recorded; the relationship of average pay times number of employees to payroll expense to substantiate that salaries are recorded; and the relationship of membership fee revenue to the number of members of an organization.

- c. Confirmations of balances or transactions designed to identify unrecorded amounts, such as accounts payable confirmations that request the creditor to specify the amount of the client's obligation.
 - d. Tests of bank reconciliations, including examination of checks clearing the bank after the audit period to identify cash disbursements processed but not recorded or inappropriately recorded in the subsequent period.
 - e. Reading the minutes of the meetings of the governing board and tracing transactions authorized in the minutes to amounts recorded in the accounting records.
 - f. Overall reconciliations using financial and nonfinancial data, such as "proofs" of cash and sales.
-

AAM Section 12,200

Illustrative Audit Programs for State and Local Governmental Units

Note: The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. In addition, the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, addresses the audits of financial statements prepared in conformity with those GASB pronouncements. These audit programs do not incorporate changes that might be needed as a result of those GASB pronouncements or that Guide. See the discussion of those GASB pronouncements, that Guide, and the planned AICPA Practice Aid in the headnote in AAM section 12,000.

The material included in this section relates only to the general purpose financial statements of state and local governments (that is, not to the additional requirements of comprehensive annual financial reports) and is presented for illustrative purposes only. The illustrative audit objectives and illustrative audit procedures are neither all-inclusive nor are they prescribed minimums. The illustrative audit procedures are numbered merely to organize the materials; those numbers are not intended to imply completeness or a prescribed sequence. The nature, extent, and timing of the auditing procedures to be applied in a particular engagement are a matter of professional judgment to be determined by the auditor based on the specific facts and circumstances.

I. Engagement Planning and Administration¹

A. Engagement Planning Procedures

1. Determine whether a signed engagement letter proposal or contract covering the current engagement is on file. Read the letter/contract for any special provisions. _____
2. Determine whether the engagement letter/contract establishes an understanding with the entity regarding the services to be performed for the engagement, including that:
 - a. The objective of the audit is the expression of an opinion on the financial statements. _____

¹ This program only addresses issues related to an audit of financial statements in accordance with generally accepted auditing standards (GAAS). It does not address issues related to single audits in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* or financial statements audits in accordance with the provisions of *Government Auditing Standards* issued by the Comptroller General of the United States (the "Yellow Book"). For single audits, see AAM section 12,200.150. For Yellow Book audits other than those performed in conjunction with a single audit, see AAM section 12,350, *Government Auditing Standards Requirements*. This audit program also does not address compliance audits of state, local, or nongovernmental grants. See the AICPA's Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards (with conforming changes as of May 1, 2003)*, paragraphs 3.54 through 3.56 for a brief discussion of some of the considerations in auditing such grants.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Management is responsible for the entity's financial statements.	_____	_____	_____
c. Management is responsible for establishing and maintaining effective internal control over financial reporting.	_____	_____	_____
d. Management is responsible for identifying and ensuring that the entity complies with the laws and regulations applicable to its activities.	_____	_____	_____
e. Management is responsible for making all financial records and related information available to the auditor.	_____	_____	_____
f. At the conclusion of the engagement, management will provide the auditor with a letter that confirms certain representations made during the audit.	_____	_____	_____
g. The auditor is responsible for conducting the audit in accordance with generally accepted auditing standards, which require that the auditor obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect error or fraud that is immaterial to the financial statements.	_____	_____	_____
h. If, for any reason, the auditor is unable to complete the audit or is unable to form or has not formed an opinion, he or she may decline to express an opinion or decline to issue a report as a result of the engagement.	_____	_____	_____
i. An audit includes obtaining an understanding of internal control sufficient to plan the audit and to determine the nature, timing, and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or to identify reportable conditions. However, the auditor is responsible for ensuring that the audit committee or others with equivalent authority or responsibility are aware of any reportable conditions that come to his or her attention.	_____	_____	_____
j. Management is responsible for adjusting the financial statements to correct material misstatements and for affirming to the auditor in the representation letter that the effects of any uncorrected misstatements aggregated by the auditor during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. ²	_____	_____	_____
3. Review the suggested reference materials in AAM section 12,210 that are relevant to the scope of the engagement.	_____	_____	_____
4. If this is a new client:			
a. Perform procedures to determine the integrity of management, including inquiries of local attorneys, bankers, and other business leaders as to the entity's standing in the community and a check of the entity's credit rating.	_____	_____	_____

² See AAM section 12,100, footnote 1.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Determine whether the required communications in SAS No. 84, <i>Communications Between Predecessor and Successor Auditors</i> [AU section 315], as amended, have been made.	_____	_____	_____
c. Request the entity to communicate with the predecessor auditor authorizing that auditor to respond to our inquiries and to allow our firm to review prior year audit documentation.	_____	_____	_____
d. If the predecessor auditor provides an acknowledgment letter, determine whether our firm has signed and returned it, and file a copy in the audit documentation.	_____	_____	_____
e. Prepare a list of prior year audit documentation needed for review and communicate the list to the predecessor auditor.	_____	_____	_____
f. Make arrangements for review of prior year audit documentation.	_____	_____	_____
g. Document the results of the review of prior year audit documentation.	_____	_____	_____
5. Determine whether the decision to accept the engagement (in case of new client) or to retain the client has been documented. (See AAM section 11,200.11.)	_____	_____	_____
6. Determine the type of financial statements to be audited (comprehensive annual financial report, general purpose financial statements, and so forth) and the due dates of the auditor's reports.	_____	_____	_____
7. Determine the type of audit services to be provided—such as, a financial statement audit, an audit in accordance with <i>Government Auditing Standards</i> , an OMB Circular A-133 audit, or a compliance audit of state, local, or nongovernmental grants. ³	_____	_____	_____
8. Determine whether all applicable independence rules, particularly those related to performance of accounting and other nonaudit services and to component units, have been met for the firm and the audit team.	_____	_____	_____
9. Review accounts receivable from the entity to determine whether any outstanding amounts take on some of the characteristics of loans and may, therefore, impair the firm's independence.	_____	_____	_____
10. Determine the extent of involvement of other auditors and inquire about their independence and professional reputation. Clearly define the responsibilities of each audit firm and which firm is the principal auditor.	_____	_____	_____
11. Obtain a knowledge of matters affecting the governmental environment, including			
a. Economic conditions and developments.	_____	_____	_____
b. Regulatory and legislative conditions and developments.	_____	_____	_____
c. Changes in technology.	_____	_____	_____
d. Accounting principles and practices for governmental entities.	_____	_____	_____

³ See footnote 1.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
12. Obtain an initial, overall understanding of the entity's operations:			
a. Determine the form of government, for example, a legislative body with an elected administrator (such as a mayor) versus a legislative body with an appointed manager.	_____	_____	_____
b. Obtain a copy of the organizational structure, including the names of all elected officials and the names and experience of top management. Determine the number of employees by function.	_____	_____	_____
c. Obtain a list of all related parties.	_____	_____	_____
d. Inquire of management about its policies relative to the prevention of illegal acts and assess its identification of laws, statutes, regulations, and contracts governing the general operations of the entity.	_____	_____	_____
e. Determine whether the entity has an audit committee or other group or individual with oversight responsibility for financial reporting.	_____	_____	_____
f. Inquire of management as to factors affecting the continued functioning of the entity, for example, the presence or absence of taxpayer initiatives that limit the taxing authority's growth, expenditure growth, or the addition of services.	_____	_____	_____
g. Determine annually which legally separate entities are to be included in the financial statements as component units of the reporting entity as well as how the units are to be presented (discrete or blended).	_____	_____	_____
h. Determine whether the audit covered by the signed engagement letter will satisfy relevant legal, regulatory, and contractual requirements.	_____	_____	_____
i. If audit does not satisfy <i>h.</i> above, communicate this to management, the audit committee (or other with equivalent authority, such as the City Council or other elected officials) either in writing or orally. If orally, document in the audit documentation.	_____	_____	_____
13. Based on a review of the prior-year reports, financial statements, and audit documentation; the permanent file; interim financial statements and preliminary financial information for the current year; and discussions with appropriate entity personnel:			
a. Identify primary sources of revenue (for example, property taxes, grants, contracts, and service charges).	_____	_____	_____
b. Identify services provided by the entity.	_____	_____	_____
c. Identify services provided by separate governmental departments and component units (for example, hospitals, schools) and their relationship to the entity to be audited.	_____	_____	_____
d. Determine the number and nature of funds and account groups.	_____	_____	_____
e. Determine the entity's significant accounting policies and procedures.	_____	_____	_____
f. Determine whether any departures from generally accepted accounting principles were identified in the prior audit that could lead to report modifications in the current audit.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
14. Review the prior year audit documentation and the permanent file, particularly the following:			
a. Internal control questionnaires, memoranda, and related summary evaluation notes.	_____	_____	_____
b. Engagement time summary records.	_____	_____	_____
c. Adjusting and reclassification entries.	_____	_____	_____
d. Uncorrected financial statement misstatements included in or with the prior-period representation letter and communicated to the audit committee.	_____	_____	_____
e. Memoranda regarding consultations on accounting and auditing matters.	_____	_____	_____
f. Suggestions for the next audit.	_____	_____	_____
g. The entity's correspondence file.	_____	_____	_____
15. If the entity has an internal audit department:			
a. Obtain an understanding of the internal audit function sufficient to identify those internal audit activities that are relevant to planning the audit.	_____	_____	_____
b. If the internal auditors' work is to be considered in determining the nature, timing and extent of audit procedures, assess the competence and objectivity of the internal audit function in light of the intended effect of the internal auditors' work on the audit. (SAS No. 65 [AU section 322])	_____	_____	_____
16. Obtain copies of minutes of meetings of the governing body and relevant committees and review for items of significance.	_____	_____	_____
17. Obtain a copy (including all amendments) of the entity's current budget (for all funds legally budgeted).	_____	_____	_____
18. Obtain all documents and information required for the permanent file and remove superseded materials for filing in a closed file.	_____	_____	_____
19. Discuss the following (and other appropriate) matters with appropriate entity personnel:			
a. Changes in operations, including pending/planned changes.	_____	_____	_____
b. Debt issued or refunded during the audit period.	_____	_____	_____
c. Changes in accounting methods or accounting principles applied.	_____	_____	_____
d. Changes in key personnel, particularly those who can influence financial reporting.	_____	_____	_____
e. Principal findings of internal auditors.	_____	_____	_____
f. Personnel compensation and benefit policies.	_____	_____	_____
g. Significant accounting or reporting problems.	_____	_____	_____
h. The various locations at which the entity conducts business and provides services.	_____	_____	_____
i. Changes in information technology methods or technology.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
j. The nature and amount of the entity's related party transactions that require disclosure in the financial statements.	_____	_____	_____
k. Significant legal matters and contingencies, including environmental remediation liabilities.	_____	_____	_____
l. Known violations of legal and contractual provisions.	_____	_____	_____
m. Debt covenants and any known violations of them.	_____	_____	_____
n. Disposition of prior year management letter points, reportable conditions, and findings and questioned costs.	_____	_____	_____
o. Closing information to be prepared, such as closing journal entries and post-closing trial balance.	_____	_____	_____
p. Assistance to be provided by entity personnel.	_____	_____	_____
q. Timing of preliminary audit work, inventory observation, confirmation procedures, final audit work, and so forth.	_____	_____	_____
r. Adequacy of working space for the audit team.	_____	_____	_____
s. Access to entity records, including the entity's working hours and holidays and vacations scheduled by key personnel.	_____	_____	_____
t. The effect of new accounting and auditing pronouncements on the entity.	_____	_____	_____
u. Other matters (prepare list and attach to program).	_____	_____	_____
20. Consider the effect of the entity's information technology systems on the audit.	_____	_____	_____
21. Obtain from management a listing of the laws and regulations that have a direct and material effect on the financial statements for the working papers and obtain an understanding of the effects of such laws and regulations.	_____	_____	_____
22. Obtain preliminary financial information from the entity for the period under audit.	_____	_____	_____
a. Compute planning materiality at the appropriate level (fund type and account group or individual fund). ⁴	_____	_____	_____
b. Perform analytical procedures to identify unusual or unexpected transactions, amounts, ratios, or trends that might have planning ramifications. Compare recorded amounts with:			
(1) Prior year amounts, adjusted for known changes from the prior year to the current year.	_____	_____	_____
(2) Budgeted amounts.	_____	_____	_____
(3) Other financial and nonfinancial information for which plausible relationships exist.	_____	_____	_____
c. Document and explain (if explanations are available) any unusual or unexpected transactions, amounts, ratios, or trends noted in the preceding procedure; explain the disposition to be made of such variances and the effect thereof on the nature, timing, and extent of audit procedures. (See also Step 25b.)	_____	_____	_____

⁴ See AAM section 12,100, footnote 1.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
23. Consider factors influencing the risks of material misstatements in the financial statements due to errors, fraud, or illegal acts and assess and document those risks and their effect on the audit. (See Appendix A to chapter 3 in the AICPA Audit Guide <i>Audits of State and Local Governmental Units (Non-GASB 34 Edition)</i> , as well as other steps in this audit program relating to the risks of material misstatement due to fraud.) Factors to consider may include the following:			
a. The existence of laws, rules, and regulations that may have a direct and material effect on the financial statements.	_____	_____	_____
b. Unusual or unexpected transactions, events, amounts, ratios, or trends noted as a result of analytical procedures.	_____	_____	_____
c. The existence of material accounting estimates.	_____	_____	_____
d. Contentious or difficult accounting issues.	_____	_____	_____
e. Recent accounting/auditing pronouncements affecting the client.	_____	_____	_____
f. The existence of significant difficult-to-audit transactions.	_____	_____	_____
g. The appearance of an unduly aggressive attitude on the part of management towards financial reporting.	_____	_____	_____
h. Management's and elected officials' poor reputation in the governmental community.	_____	_____	_____
i. The circumstance that the entity is a new client and sufficient prior audit information is not available from the predecessor auditor.	_____	_____	_____
j. The potential for management misrepresentation.	_____	_____	_____
k. The susceptibility of assets to unauthorized use or disposition.	_____	_____	_____
l. The ability of the entity to operate within approved budgets and to issue timely and accurate financial reports.	_____	_____	_____
m. The appropriate segregation of duties and responsibilities.	_____	_____	_____
n. The dependence of the entity on one or more individuals to operate key programs or manage the budget or financial reporting functions.	_____	_____	_____
o. The effectiveness of the internal audit function.	_____	_____	_____
p. Turnover and qualifications of key personnel.	_____	_____	_____
q. Qualifications in auditors' reports for prior years.	_____	_____	_____
r. The ability of key subsidiary accounting systems to produce data needed to support the financial statements.	_____	_____	_____
s. Decentralized or centralized records.	_____	_____	_____
24. Hold discussion among engagement personnel, including the engagement partner, regarding the risks of material misstatement due to fraud that:			
a. Considers how and where the entity's financial statements might be susceptible to material misstatement due to fraud, and how we might respond to that susceptibility.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Considers how the entity's management could perpetrate and conceal fraudulent financial reporting.	_____	_____	_____
c. Considers how the entity's assets could be misappropriated.	_____	_____	_____
d. Reinforces the importance of adopting an appropriate mind-set of professional skepticism.	_____	_____	_____
25. Obtain information to use to identify the risks of material misstatement due to fraud by:			
a. Asking management and others within the entity (including the audit committee and internal auditors) about fraud or suspected fraud; allegations of fraud or suspected fraud; the risks of fraud; programs and controls established to prevent and detect fraud; whether management has communicated information about those programs and controls to the audit committee; and how management communicates to employees its views on business practices and ethical behavior.	_____	_____	_____
b. Considering unusual or unexpected relationships identified through planning and analytical procedures.	_____	_____	_____
c. Considering fraud risk factors in the following categories: ⁵			
(1) Incentives or pressure to perpetrate fraud.	_____	_____	_____
(2) Opportunities to carry out the fraud.	_____	_____	_____
(3) Attitude or rationalization to justify the fraudulent action.	_____	_____	_____
d. Considering other information, such as that obtained when deciding to accept the engagement or to retain the client and when assessing inherent risks for account balances or transaction classes, that may help identify risks of material misstatement due to fraud.	_____	_____	_____
26. Use the information gathered in the previous step to identify risks that may result in a material misstatement due to fraud by considering the types of risks that may exist, the significance of the risks, the likelihood of the risks, and the pervasiveness of the risks. (Note that paragraph 41 of SAS No. 99 [AU section 316.14], states that ordinarily auditors should presume a risk of material misstatement due to fraud relating to revenue recognition.)	_____	_____	_____
27. Obtain an understanding of the entity's controls over financial reporting and over compliance with laws and regulations sufficient to plan the nature, timing, and extent of audit procedures and tests.			
a. Complete questionnaires or prepare flowcharts and/or narrative descriptions relating to the entity's internal control. Consideration should be given to all five components of internal			

⁵ Appendix A, in chapter 3 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, and the AICPA Practice Aid, *Fraud Detection in a GAAS Audit—SAS No. 99 Implementation Guide*, provide government-specific example of fraud risk factors.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
control to obtain sufficient knowledge of the control structure and the design of controls and to determine whether those controls have been placed in operation.	_____	_____	_____
b. Assess control risk for financial statement assertions, including those related to compliance with laws and regulations that have a direct and material effect on the financial statements.	_____	_____	_____
(1) For each assertion for which control risks is assessed at the maximum, record that conclusion in the working papers.	_____	_____	_____
(2) In circumstances where electronic evidence is significant, reconsider the appropriateness of assessing control risk at the maximum and performing only substantive testing, given the usual dependency of competent electronic evidence on effective internal control. (See SAS No. 80 [AU section 326].)	_____	_____	_____
(3) For each assertion for which a lowering of control risk below the maximum is deemed feasible and efficient:			
(a) Identify specific control relevant to specific assertions that are likely to prevent or detect material misstatements in those assertions and that will be subjected to audit tests.	_____	_____	_____
(b) Conduct audit tests to determine how the policies and procedures were applied, and the consistency with which they were applied, and who applied them. Audit documentation relating to the tests should describe the policies and procedures tested, test objectives, sample selection, test criteria, test results, and conclusions concerning the effectiveness of the control activity being tested.	_____	_____	_____
(c) Document conclusions in the audit documentation concerning the assessed level of control risk for the assertion.	_____	_____	_____
28. Use the information obtained or developed concerning materiality levels, fraud risk factors, controls over financial reporting and compliance with laws and regulations and the related assessments of control risk, the results of analytical procedures, the entity's use of electronic information systems, and the evaluation of other factors affecting audit risk to:			
a. Plan the nature, timing, and extent of substantive tests, including procedures to address the risk of material misstatement due to fraud involving management override of controls.	_____	_____	_____
b. Determine engagement timing, staffing requirements, and related levels of supervision. (In scheduling engagement personnel, consider the engagement size and complexity, personnel knowledge and skills, personnel availability given the timing of the engagement, special expertise required, continuity and periodic rotation of personnel, and opportunities for on-the-job training.)	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
c. Determine whether the use of specialists (such as actuaries or information technology specialists) will be required for the audit.	_____	_____	_____
d. Plan the overall strategy for the conduct and scope of audit.	_____	_____	_____
e. Prepare/revise the audit programs, incorporating considerations of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specific objectives.	_____	_____	_____
29. Prepare an audit planning memorandum for review and approval by the audit partner that includes:			
a. Audit approach.	_____	_____	_____
b. Use of analytical procedures.	_____	_____	_____
c. Documentation of internal control.	_____	_____	_____
d. Approach used to audit computer generated records.	_____	_____	_____
e. Use of statistical sampling methods.	_____	_____	_____
f. Assessment of audit risk and materiality.	_____	_____	_____
g. Audit programs.	_____	_____	_____
h. Time budget, estimated completion date, and staffing of engagement, including responsibilities and supervision.	_____	_____	_____
i. Use of specialists.	_____	_____	_____
30. Discuss the audit plan with the engagement personnel. Have them review the planning memorandum.	_____	_____	_____
31. Schedule timing of work to be done on priority basis, assigning top priorities to more significant or problem areas of engagement.	_____	_____	_____
32. Prepare a listing of schedules/analyses to be prepared by the entity (and audit documentation set-ups, if considered necessary) and deliver to the entity. Perform the following on all schedules/analyses received (these steps can be performed during substantive testing):			
a. Vouch amounts to the general ledger.	_____	_____	_____
b. Reperform the footings and crossfootings (test basis may be appropriate).	_____	_____	_____
c. Trace opening balances to final balances in the prior year working papers.	_____	_____	_____
d. Determine whether the audit documentation is marked "Prepared by Client" or "PBC".	_____	_____	_____
B. Engagement Administration and Supervision Procedures⁶			
1. Accumulate all points concerning internal control related matters to be communicated to the entity (SAS No. 60, as amended by SAS Nos. 78 and 87 [AU section 325]).	_____	_____	_____

⁶ See also the Financial Reporting Audit Program at AAM section 12,200.140.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
a. Review the listing with the engagement partner and determine which points are to be included in written communications and which points are to be communicated verbally to the entity.	_____	_____	_____
b. For those items to be communicated verbally to the entity, document the communication.	_____	_____	_____
c. For all other items, prepare the written communication.	_____	_____	_____
2. Obtain written representations from management (see AAM section 12,200.140, Step A4).	_____	_____	_____
3. Determine whether all steps in all audit programs have been considered and/or completed, and whether any modifications to the programs resulting from changed conditions have been properly approved and documented.	_____	_____	_____
4. If statistical or nonstatistical sampling was used for substantive tests of details, determine whether (SAS No. 39, paragraphs 15 through 30 [AU section 350.15–.30]):			
a. Consideration was given, in planning the sampling application, to the relationship of the sample to the audit objective, preliminary judgments about materiality levels, auditor's allowable level of risk of incorrect acceptance, and characteristics of the population.	_____	_____	_____
b. The sample was selected in such a way that it could be expected to be representative of the population.	_____	_____	_____
c. The misstatement results of the sample were projected to the items from which the sample was selected.	_____	_____	_____
d. Consideration was given, in evaluating the sample, to items for which the planned substantive tests or appropriate alternate procedures could not be performed.	_____	_____	_____
e. Consideration was given, in the aggregate, to projected misstatement results from all audit sampling applications and to all known misstatements from nonsampling applications in evaluating material misstatements in the financial statements.	_____	_____	_____
f. The documentation of the foregoing considerations was in accordance with firm policy.	_____	_____	_____
5. Determine whether all audit documentation has been headed, indexed, cross-referenced, initialed, and dated.	_____	_____	_____
6. Clear all pending items, and dispose of all follow-up or "TO DO" sheets and any other similar notations in the files.	_____	_____	_____
7. Review financial statements and notes and:			
a. Determine the adequacy of evidence gathered in response to unusual or unexpected balances or transactions identified during audit planning or audit performance.	_____	_____	_____
b. Determine the existence of unusual or unexpected balances or relationships that have not been evaluated.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
c. Determine whether additional evidential matter is necessary to explain unexpected differences between reported amounts and expected amounts or relationships.	_____	_____	_____
d. Investigate and explain any unusual or unexpected balances or relationships not previously evaluated and document results in the audit documentation.	_____	_____	_____
8. Evaluate whether the accumulated results of audit procedures and other observations affect the assessment of the risks of material misstatement due to fraud made earlier in the audit.	_____	_____	_____
a. Have the engagement partner ascertain whether there has been appropriate communication about the risks of material misstatement due to fraud among team members throughout the audit.	_____	_____	_____
9. Determine whether audit documentation:			
a. Includes appropriate memoranda regarding consultations with firm specialists, outside consultations, and resolution of differences of opinion, if any, among firm personnel regarding accounting/auditing matters.	_____	_____	_____
b. Shows that the accounting records agree or reconcile with the financial statements or other information being reported on.	_____	_____	_____
c. Includes abstracts or copies of significant contracts or agreements that were examined to evaluate the accounting for significant transactions.	_____	_____	_____
d. Includes an identification of the items tested, for tests of operating effectiveness of controls and substantive tests of details that involve inspection of documents or confirmation.	_____	_____	_____
e. Documents audit findings and issues that are significant, actions taken to address them, and the basis for the final conclusions reached.	_____	_____	_____
10. Determine whether differences between the accounting records and the evidential matter gathered during the application of audit procedures have been evaluated as to both their quantitative and qualitative effects.			
a. Determine whether the audit documentation includes the nature and effect of the aggregated misstatements, and a conclusion as to whether the aggregated misstatements cause the financial statements to be materially misstated. ⁷	_____	_____	_____
11. Ensure that all work performed has been properly reviewed to determine whether it was adequately performed and to determine whether the results of the work are consistent with the conclusions presented in the auditor's report.	_____	_____	_____

⁷ See AAM section 12,100, footnote 1

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
12. If audit tests identify significant misstatements in the financial statements, determine that consideration was given to whether such misstatements may be indicative of fraud and that appropriate action was taken. (See AU section 316.77).	_____	_____	_____
13. In the event that illegal acts were noted, determine that:			
a. An understanding of the nature of the acts was obtained;	_____	_____	_____
b. The circumstances in which it occurred were evaluated;	_____	_____	_____
c. The effect of the illegal act on the financial statements was considered; and	_____	_____	_____
d. Such other auditing procedures necessary in the circumstances were performed. (See SAS No. 54, paragraphs .09 through .15 [AU section 317.09-.15].)	_____	_____	_____
14. Determine whether required communications, proper as to form and content, have been made to disclose fraud and/or illegal acts noted during the course of the audit.	_____	_____	_____
15. Determine whether the audit work performed indicates that substantial doubt exists with regard to the entity's ability to continue as a going concern for a reasonable period of time.	_____	_____	_____
16. If a substantial doubt exists with regard to the entity's ability to continue as a going concern for a reasonable period of time:			
a. Obtain information about management's plans, assess the expected effectiveness of the plans, and gather evidence to evaluate pertinent provisions of those plans and to support audit conclusions concerning the government's ability or inability to continue as a going concern.	_____	_____	_____
b. Evaluate the adequacy of the related financial statement disclosures.	_____	_____	_____
c. Consider the effects on the auditors' report.	_____	_____	_____
d. Include in the audit documentation the conditions or events that led to the belief that there is substantial doubt about the entity's ability to continue as a going concern; the work performed to evaluate management's plans; a conclusion as to whether substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time remains or is alleviated; and the consideration and effect of that conclusion on the financial statements.	_____	_____	_____
17. If the entity has an audit committee or has otherwise formally designated oversight of the financial reporting process to a group equivalent to an audit committee (such as a finance committee or budget committee), determine whether the following matters have been communicated and include audit documentation to that effect (SAS No. 61, as amended by SAS No. 89 [AU section 380]):			
a. The auditors' responsibility under generally accepted auditing standards.	_____	_____	_____

II. Budget Compliance

Financial Statement Assertions

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. An annual budget has been adopted for the general fund and, if required by law, for other funds of the entity. (Assertions 1 and 2)
- B. All amendments to the initially adopted budget have been properly approved. (Assertions 1 and 2)
- C. At a minimum, the budgetary amounts shown in the financial statements (1) include the general fund and all other governmental funds of the primary government for which annual budgets have been adopted and (2) present the initially adopted budget and all legally approved amendments thereto at no higher a level than revenue source and expenditure program or function. (Assertions 1, 2, and 5)
- D. The budget has been administered in accordance with laws and regulations and any excesses of expenditures over appropriations in individual funds and material violations of budgetary laws and regulations have been adequately disclosed in the notes to the financial statements. (Assertions 2 and 5)
- E. Budgetary amounts shown in the financial statements are shown on the budgetary basis of accounting and reconciled to the GAAP basis of accounting, if different. (Assertions 4 and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A. Audit Procedures to Test Budgetary Information				
[A] [D]	1. Discuss with management the applicable statutes and ordinances governing the legal status of the budget and its applicability to the various funds of the governmental entity.	_____	_____	_____
C D	2. Determine the level of budgetary control—that is, object, department, program, or fund, and the adequacy of the financial reporting information system to operate at that level of control.	_____	_____	_____
E	3. Determine the basis of accounting on which the budget is prepared.	_____	_____	_____
A B	4. Consider whether the budgetary process was performed in accordance with statutes and ordinances, including required public notifications and hearings.	_____	_____	_____
A	5. Review minutes of meetings of the governing body for approval of the budget.	_____	_____	_____
B	6. Determine whether amendments to the adopted budget during the audit period were approved in accordance with applicable laws and regulations.	_____	_____	_____
C	7. Determine that final budgetary amounts include all approved amendments.	_____	_____	_____
B. Audit Procedures to Test Budgetary Compliance and Reporting				
D	1. Determine whether the monitoring process for budgetary controls leads to amendments to the budget as dictated by changing circumstances and laws and regulations.	_____	_____	_____
E	2. Vouch the actual and budget amounts in the entity's budgetary report to its accounting records on a test basis.	_____	_____	_____
D	3. Determine whether the following are disclosed in the notes to the financial statements:			
	a. Any excesses of expenditures over appropriations in individual funds.	_____	_____	_____
	b. Material violations of budgetary laws and regulations and actions taken to address those violations. ¹	_____	_____	_____
C	4. Determine whether, at a minimum, the budgetary presentation in the financial statements (a) includes the general fund and all other governmental funds of the primary government for which annual budgets have been adopted and (b) presents the initially adopted budget and all legally approved amendments thereto at no higher a level than revenue source and expenditure program or function.	_____	_____	_____

¹ The disclosure of remedial actions is a requirement of GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, which is not required to be implemented until the government implements GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. However, earlier implementation is encouraged.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
E	5. If applicable, review the reconciliation of budgetary basis to GAAP basis and determine that it has been adequately disclosed in the financial statements.	_____	_____	_____
C. Overall Conclusions				
	1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
	a. An annual budget has been adopted for the general fund and, if required by law, for other funds of the entity.	_____	_____	_____
	b. All amendments to the initially adopted budget have been properly approved.	_____	_____	_____
	c. At a minimum, the budgetary amounts shown in the financial statements (1) include the general fund and all other governmental funds of the primary government for which annual budgets have been adopted and (2) present the initially adopted budget and all legally approved amendments thereto at no higher a level than revenue source and expenditure program or function.	_____	_____	_____
	d. The budget has been administered in accordance with laws and regulations and excesses of expenditures over appropriations (if any) do not constitute violations of laws and regulations and have been adequately disclosed in the financial statements, including whether they constitute violations of laws or regulations.	_____	_____	_____
	e. Budgetary amounts shown in the financial statements are shown on the budgetary basis of accounting and reconciled to the GAAP basis of accounting, if different.	_____	_____	_____

Ref.**III. Cash****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Cash balances reported in the financial statements properly represent cash and cash items on hand, in transit, or on deposit with third parties. (Assertions 1, 2, and 3)
- B. Cash is properly classified in the financial statements and adequate disclosure (by segregation or otherwise) is made of restricted or committed funds and of cash not subject to immediate withdrawal. (Assertions 2, 3, and 5)
- C. Cash deposits are made in accordance with legal and contractual provisions. (Assertions 2 and 5)
- D. Financial statement presentation and disclosure of cash are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Evaluation of Internal Control

1. Review the understanding of internal control over cash transactions and the preliminary assessment of control risk.
2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
	1. Review the planning procedures applicable to analytical procedures performed on cash and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures¹				
A	1. Where material, count cash on hand, reconcile balances on hand to recorded amounts, and obtain signature of custodian acknowledging return of funds intact.	_____	_____	_____
A	2. Confirm balances of depository accounts with banks or other depositories as of the balance-sheet date using the <i>AICPA Standard Form to Confirm Account Balance Information With Financial Institutions</i> [see AAM section 7200.04].	_____	_____	_____
[A]	3. Obtain copies of the entity's bank reconciliations at the end of the year.	_____	_____	_____
A	4. If deemed appropriate, obtain bank cutoff statements (or statements for month succeeding year end) and related supporting documents directly from the bank [see AAM section 7200.03].	_____	_____	_____
A	5. Substantiate reconciling items as follows:			
	a. Trace deposits in transit to subsequent bank statements. Determine whether there was any extraordinary delay between the date deposit was recorded on the accounting records and the date deposited per bank.	_____	_____	_____

¹ In March 2003, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 40, *Deposit and Investment Risks Disclosures*, an amendment of GASB Statement No. 3, to address disclosures for deposit and investment risks. That Statement modifies and eliminates certain disclosures required by GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*. GASB Statement No. 40 is effective for audits of financial statements for fiscal years beginning after June 15, 2004. Earlier application is permitted. Certain of these procedures will require modification if the entity has applied the provisions of GASB Statement No. 40.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	b. Trace checks in excess of \$_____ dated on or before balance-sheet date but clearing after the balance-sheet date to the list of outstanding checks.	_____	_____	_____
	c. Investigate checks in excess of \$_____ included on the list of outstanding checks that did not clear in the month following year-end.	_____	_____	_____
	d. Trace any significant transfers between banks or accounts of a bank (including investment accounts) near year-end to verify both transactions have been recorded in the same accounting period.	_____	_____	_____
	e. Investigate any remaining significant reconciling items not covered above.	_____	_____	_____
A	6. Consider reversing old outstanding checks. (Investigate those over \$_____.) Determine whether such amounts have been handled properly in accordance with state or local escheat laws.	_____	_____	_____
[A]	7. Review receipts and disbursements shortly before and shortly after year-end to determine whether all cash collected and paid has been recorded in the proper period.	_____	_____	_____
C	8. Examine legal and contractual provisions for restrictions on the use of depository accounts (such as a requirement to use in-state depositories) and review the entity's compliance with such restrictions.	_____	_____	_____
	9. Obtain copies of all collateral agreements the entity has with depositories:			
C	a. Confirm collateral with bank or agent holding the collateral securities.	_____	_____	_____
C	b. Determine whether the collateral complies with legal requirements for the entity.	_____	_____	_____
C	c. Determine whether the pledging procedures surrounding and the fair value of the collateral is adequate to secure the funds on deposit and to meet legal requirements.	_____	_____	_____
C D	d. Test collateralization throughout the year to determine its adequacy. Note instances in which the entity's uncollateralized deposits during the period significantly exceeded that category of credit risk at balance-sheet date.	_____	_____	_____
C D	e. Review the entity's classification of deposits as to credit risk for note disclosure, including the amount of deposits covered by depository insurance.	_____	_____	_____
C	10. Identify which (if any) individual funds are required by legal or contractual provisions to maintain separate bank accounts and ascertain that separate bank accounts are maintained.	_____	_____	_____
B	11. Note any withdrawal restrictions or other commitments that may exist on cash and review financial statement presentation or note disclosure regarding significant restrictions or other commitments.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B C D	12. If the entity pools cash:			
	a. Determine whether pooling of cash funds is permissible under applicable laws and contractual agreements.	_____	_____	_____
	b. Obtain records from entity personnel indicating allocation of earnings on pooled cash to individual funds.	_____	_____	_____
	c. Review for reasonableness, and test accuracy of allocations.	_____	_____	_____
	d. Determine whether the entity has conformed to GAAP in its reporting and note disclosure of the allocation of earnings on pooled cash to individual funds.	_____	_____	_____
	e. Determine whether overdrafts by individual funds and of bank accounts in total have been reported in accordance with GAAP.	_____	_____	_____
B D	13. Determine whether investments that are classified as cash equivalents conform to the entity's policy for such classification and whether the classification is consistent with the prior-year's classification. ²	_____	_____	_____

D. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:
 - a. Cash balances reported in the financial statements properly represent cash and cash items on hand, in transit, or on deposit with third parties.
 - b. Cash is properly classified in the financial statements and adequate disclosure (by segregation or otherwise) is made of restricted or committed funds and of cash not subject to immediate withdrawal.
 - c. Cash deposits are made in accordance with legal and contractual provisions.
 - d. Financial statement presentation and disclosure of cash are in conformity with GAAP consistently applied.

Ref.**IV. Investments and Investment Income^{1, 2, 3}****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Investments reported in the financial statements properly represent investments owned by the entity (or held by it for others in a fiduciary capacity) and held either on hand or in custody and safekeeping by others on behalf of the entity. (Assertions 1, 2, and 3)
- B. Investments are properly classified in the financial statements and adequate disclosure (by segregation or otherwise) is made of restricted or pledged investments. (Assertions 2, 3, and 5)
- C. Investments are made in accordance with legal and contractual provisions. (Assertions 2 and 5)

¹ This section does not specifically address investments held by external investment pools that are sponsored by governmental entities; see GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. This section also does not address investments held by pension trust funds; see AAM section 12,200.135.

² SAS No. 92, *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (AU section 332), provides guidance in planning and performing auditing procedures for assertions about those items. SAS No. 92 (AU section 332) explains that the auditor may need special skill or knowledge to plan and perform auditing procedures for certain assertions about derivatives and securities. It also provides guidance on obtaining an understanding of internal control, assessing inherent and control risk, and designing substantive procedures. The AICPA Audit Guide *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (product number 012520), is an essential companion guide to SAS No. 92 (AU section 332). The guide provides practical guidance and case studies for implementing SAS No. 92 (AU section 332). To order the guide, call the AICPA Order Department at 888-777-7077.

³ Generally accepted accounting principles (GAAP) require fair value measurements and disclosures for many investments and investment-related transactions. In January 2003, the AICPA Auditing Standards Board (ASB) issued SAS No. 101, *Auditing Fair Value Measurements and Disclosures* (AU section 328), to establish standards and provide guidance on auditing fair value measurements and disclosures in financial statements. SAS No. 101 (AU section 328) is effective for audits of financial statements for periods beginning on or after June 15, 2003. Earlier application is permitted.

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
D. Financial statement presentation and disclosure of investments and the related income are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)			
E. Reverse repurchase agreement and securities lending transactions are properly accounted for and reported. (Assertions 1, 2, 3, 4, and 5)			
<p>Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.</p>			
A. Evaluation of Internal Control			
1. Review the understanding of internal control over investments and investment transactions and the preliminary assessment of control risk.			
2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.			
3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.			
B. Analytical Procedures			
1. Review the planning procedures applicable to analytical procedures performed on investments and related income and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.			
2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.			
b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.			
c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.			

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
C. Other Auditing Procedures⁴				
[C]	1. Obtain an understanding of legal and contractual provisions governing the investment of idle funds.	_____	_____	_____
[A] [B] [D]	2. Obtain a listing of investments and accrued investment income that identifies ownership by fund and that shows:			
	a. The reported value and fair value of investments by type and the reported value of accrued investment income at the beginning and end of the period.	_____	_____	_____
	b. Investment additions, sales, and other dispositions, holding gains and losses, the amortization of discounts and premiums, and investment income received and accrued during the period.	_____	_____	_____
	c. Descriptions of the investments, including the interest rates, unamortized discounts or premiums, and maturity dates of debt securities, the numbers of shares and par values of equity securities, and so forth.	_____	_____	_____
[A] [B] [D]	3. Foot and crossfoot the listing.	_____	_____	_____
[A] [B] [D]	4. Trace beginning and ending totals to the prior period audit documentation and general ledger, respectively.	_____	_____	_____
A [B] [D]	5. For securities held on hand:			
	a. On a test basis, examine securities and trace applicable information from the security to the list of investments.	_____	_____	_____
	b. Obtain signature of custodian acknowledging return of all securities.	_____	_____	_____
	c. If inspection is performed at other than the balance-sheet date, verify all changes between date of physical inspection and date of balance sheet.	_____	_____	_____
A [B] [D]	6. For securities held by others, confirm information pertaining to securities held by them, including the name in which security is registered or held.	_____	_____	_____
A [B] [D]	7. For investments other than securities—such as investments in external investment pools and open ended mutual funds, joint ventures, and venture capital—examine appropriate evidence of the entity's ownership and confirm with the issuer.	_____	_____	_____
A [B] [D]	8. For unsettled investment transactions, confirm with the broker-dealer.	_____	_____	_____

⁴ In March 2003, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 40, *Deposit and Investment Risks Disclosures*, an amendment of GASB Statement No. 3, to address disclosures for deposit and investment risks. That Statement modifies and eliminates certain disclosures required by GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*. GASB Statement No. 40 is effective for audits of financial statements for fiscal years beginning after June 15, 2004. Earlier application is permitted. Certain of these procedures will require modification if the entity has applied the provisions of GASB Statement No. 40.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A [B] [D]	9. Consider the need to confirm settled and unsettled investment transactions with the counterparty.	_____	_____	_____
D	10. Determine the entity's policies for the valuation of its various investments, whether those policies are in accordance with generally accepted accounting principles, and whether those policies are appropriately applied to the various investments in its portfolio.	_____	_____	_____
D	11. For investments reported at fair value, determine on a test basis that recorded values represent fair values by performing the following:			
	a. For investments listed on national exchanges or over-the-counter markets, agree the fair value to quoted market prices listed in financial publications, the exchanges, or the National Association of Securities Dealers Automated Quotations System (NASDAQ).	_____	_____	_____
	b. For other investments, agree the fair value to quoted market prices obtained from broker-dealers who are market makers in those investments.	_____	_____	_____
	c. For investments that do not have available quoted market prices, obtain estimates of fair value from third-party sources based on proprietary models or obtain estimates of fair value from the entity based on internally developed or acquired models.	_____	_____	_____
	d. For fair-value estimates obtained from broker-dealers and other third-party sources, consider the applicability of the guidance in SAS No. 70, <i>Service Organizations</i> , as amended by SAS No. 88, or SAS No. 73, <i>Using the Work of a Specialist</i> .	_____	_____	_____
	e. For investments valued by the entity using a valuation model, assess the reasonableness and appropriateness of the model, and determine whether the market variables and assumptions used are reasonable and appropriately supported.	_____	_____	_____
D	12. For investments reported using cost-based measures:			
	a. Obtain evidence about the cost of those investments, through inspection and/or confirmation.	_____	_____	_____
	b. Investigate significant differences between fair values and reported values as well as management's intended holding period and liquidity requirements to determine whether any write-downs are necessary.	_____	_____	_____
D	13. For investments in joint ventures in which the entity has an equity interest, determine whether the entity has measured and reported its investment in accordance with the provisions of GASB Statement No. 14, <i>The Financial Reporting Entity</i> .	_____	_____	_____
D	14. Determine whether the changes in fair value of those investments that are reported using fair value are appropriately recognized and reported in the statement of operations.	_____	_____	_____
D	15. Test investment income (interest, dividends, and so forth) received and accrued to the balance-sheet date.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
D	16. For investments that are reported using cost-based measures, test the amortization of purchased premiums or discounts through recomputation.	_____	_____	_____
C	17. Test investment transactions during the year to determine whether investments comply with the entity's legal and contractual provisions.			
	a. If approval of investment transactions are required by legal and contractual provisions, review the minutes of meeting of the governing body or investment committee for that approval.	_____	_____	_____
	b. Review for unusual transactions.	_____	_____	_____
D	18. Verify that all investments and related income were applied to the proper funds.	_____	_____	_____
C D	19. If the entity pools investments on an internal basis:			
	a. Determine whether pooling of funds for investment purposes is permissible under the entity's legal and contractual provisions.	_____	_____	_____
	b. Obtain records from entity personnel allocating earnings on pooled investments to the individual funds.	_____	_____	_____
	c. Review the allocation of earnings for reasonableness, and test the accuracy of allocations, compliance with legal or contractual provisions or management policy.	_____	_____	_____
	d. Review the allocation of earnings for compliance with legal or contractual provisions or management policy, and for proper financial reporting (that is, as direct revenue into the recipient fund or as an operating transfer).	_____	_____	_____
D	20. Review whether the entity's disclosures about investments conform to the provisions of GASB Statement No. 31, <i>Accounting and Financial Reporting for Certain Investments and for External Investment Pools</i> .	_____	_____	_____
[C] D	21. Review the disclosures the entity makes to comply with GASB Statement No. 3, <i>Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements</i> , for the following:			
	a. The types of investments authorized by legal or contractual provisions.	_____	_____	_____
	b. Significant violations of legal or contractual provisions governing the investment of funds.	_____	_____	_____
	c. The types of investments made during the year but not owned as of the balance-sheet date.	_____	_____	_____
	d. The categories of credit risk for all investment securities. (Note that investment positions that are not represented by securities, such as positions in state investment pools and open-ended mutual funds, are disclosed but not classified.)	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	e. Credit risk for individual component units or funds that is not apparent because of the aggregation of the disclosure.	_____	_____	_____
	f. The fact of and causes for significantly higher category 3 credit risk positions during the period.	_____	_____	_____
	g. Unrealized investment losses for individual component units or funds that are not apparent because of the aggregation of the disclosure.	_____	_____	_____
	h. Losses recognized during the period due to default by counterparties to investment transactions and amounts recovered from prior-period losses if not separately displayed on the operating statement.	_____	_____	_____
	i. Commitments at the balance-sheet date to resell securities under yield maintenance repurchase agreements.	_____	_____	_____
[C] D	22. Concerning repurchase agreements:			
	a. Determine whether such transactions are allowable under the entity's legal and contractual provisions.	_____	_____	_____
	b. Review the terms of outstanding repurchase commitments, including the types and coupon rate of collateral and the repurchase date and prices.	_____	_____	_____
	c. Consider the reputation and reliability of collateral holders. Determine whether those holders are banks or trust companies that specialize in providing safekeeping services and that are independent of the broker-dealer arranging the transaction.	_____	_____	_____
	d. Examine securities held or request confirmation of securities held in safekeeping and determine who holds legal title to the securities.	_____	_____	_____
	e. Test collateral value of securities.	_____	_____	_____
	f. Review the reputation and financial position of broker-dealers or other counterparties to the transaction.	_____	_____	_____
	g. Consider the financial credibility and legal responsibility of any company or agency that is insuring completion of the transaction.	_____	_____	_____
	h. Review broker's advices and other documentation regarding the completion of the repurchase transaction during the period following the balance-sheet date.	_____	_____	_____
B	23. Determine whether restrictions on investments have been properly disclosed in the financial statements or notes thereto.	_____	_____	_____
D	24. Determine whether long-term investments reported in governmental funds are appropriately offset by a fund balance reserve.	_____	_____	_____
D	25. If derivatives or similar investments were owned during the period, determine whether the entity's disclosures are in accordance with			

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	GASB Technical Bulletin 94-1, <i>Disclosures about Derivatives and Similar Debt and Investment Transactions</i> . ⁵	_____	_____	_____
E	26. Determine whether the entity's accounting and reporting for reverse repurchase agreement transactions is in accordance with GASB Statement No. 3 and GASB Interpretation No. 3, <i>Financial Reporting for Reverse Repurchase Agreements</i> .	_____	_____	_____
E	27. Determine whether the entity's accounting and reporting for securities lending transactions is in accordance with GASB Statement No. 28, <i>Accounting and Financial Reporting for Securities Lending Transactions</i> .	_____	_____	_____

D. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:
 - a. Investments reported in the financial statements properly represent investments owned by the entity (or held by it for others in a fiduciary capacity) and held either on hand or in custody and safekeeping by others on behalf of the entity.
 - b. Investments are properly classified in the financial statements and adequate disclosure (by segregation or otherwise) is made of restricted or pledged investments.
 - c. Investments are made in accordance with legal and contractual provisions.
 - d. Financial statement presentation and disclosure of investments and the related income are in conformity with GAAP consistently applied.
 - e. Reverse repurchase agreement and securities lending transactions are properly accounted for and reported.

Except as follows:

This audit program has been completed in accordance with firm policy.

⁵ In March 2003, the GASB staff released proposed Technical Bulletin (TB) 2003-a, *Disclosure Requirements for Derivatives Not Presented at Fair Value on the Statement of Net Assets*, to supersede GASB Technical Bulletin No. 94-1, *Disclosures about Derivatives and Similar Debt and Investment Transactions*. The proposed TB would require note disclosure of the nature of derivative transactions not reported at fair value on the statement of net assets, and their significant terms, fair values, risks, and associated debt. The GASB staff expects to finalize the proposed TB as GASB Technical Bulletin 2003-1 by June 2003. It would be effective for financial statements for periods ending after June 15, 2003, with earlier application encouraged.

The material included in this section relates only to the general purpose financial statements of state and local governments (that is, not to the additional requirements of comprehensive annual financial reports) and is presented for illustrative purposes only. The illustrative audit objectives and illustrative audit procedures are neither all-inclusive nor are they prescribed minimums. The illustrative audit procedures are numbered merely to organize the materials; those numbers are not intended to imply completeness or a prescribed sequence. The nature, extent, and timing of the auditing procedures to be applied in a particular engagement are a matter of professional judgment to be determined by the auditor based on the specific facts and circumstances.

Ref.**V. Receivables and Revenues—Governmental Funds¹****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Revenues reported in the financial statements represent valid transactions and include all transactions that relate to the period. (Assertions 1 and 2)
- B. Receivables reported in the financial statements are valid, complete, and stated at the net realizable amount. (Assertions 1, 2, 3, and 4)
- C. Revenue transactions are in accordance with legal and contractual provisions. (Assertions 2 and 5)
- D. Financial statement measurement, presentation, and disclosure of receivables and revenue are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Evaluation of Internal Control

1. Review the understanding of internal control over receivable and revenue transactions and the preliminary assessment of control risk.

¹ Interest income is addressed in the program at AAM section 12,200.040.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
	1. Review the planning procedures applicable to analytical procedures performed on receivables and revenue and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Receivables and Revenues—Governmental Funds				
1. General				
[A] [B] [D]	a. Obtain or prepare a schedule of governmental fund receivables and revenue, showing opening balances, transactions during the period, and ending balances. Foot and crossfoot and agree to the prior-year audit documentation and the entity's general ledger.	_____	_____	_____
2. General Property Taxes				
[A] [C]	a. Review the computation of total assessed value for property.	_____	_____	_____
[A] [C] [D]	b. Compare the current year's assessed value to that of the prior year and obtain explanations for significant changes.	_____	_____	_____
A C	c. Determine whether the appropriate tax was properly levied.	_____	_____	_____
	(1) Determine whether property assessments have been made in compliance with laws.	_____	_____	_____
	(2) Determine whether property tax rates are in compliance with laws.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B D	d. Review the entity's policy for recognizing property tax receivables and revenue to determine whether it conforms to GAAP for nonexchange transactions.	_____	_____	_____
B D	e. For current-year taxes levied, recalculate the tax levy and compare to the recorded receivables (in total and by fund).	_____	_____	_____
B D	f. For current-year taxes not yet levied, review the reasonableness of the recorded receivables (in total and by fund).	_____	_____	_____
A B D	g. Test property tax receipts to determine whether the amounts:			
	(1) Recognized as revenues were levied to finance the current or a prior fiscal year and were received during the fiscal year or the entity's "availability" period.	_____	_____	_____
	(2) Reduced the recorded taxes receivable.	_____	_____	_____
A B D	h. Review allowance for uncollectible taxes for reasonableness and compare to prior year's computation. Obtain explanation for any unusual changes. Determine that uncollectible amounts are reported in the financial statements or the notes thereto.	_____	_____	_____
A D	i. Determine that deferred revenue has been recorded for collectible property tax receivables that have not yet been recognized as revenues.	_____	_____	_____
A B	j. Determine whether tax sales were properly authorized for nonpayment of taxes and that revenues and reductions of receivables were properly recorded.	_____	_____	_____
D	k. Determine whether property tax policies and procedures are properly disclosed in the notes to financial statements.	_____	_____	_____
B	l. Consider confirming property tax receivables.	_____	_____	_____
3. Sales Taxes				
A B	a. Review the methods used by the entity to reasonably assure that all taxes due have been remitted (for example, systems providing for the cross-referencing of returns to a database showing prior returns, registered corporations, and so forth).	_____	_____	_____
A	b. Compare current year's actual revenue with the current year's budget and prior year's actual revenue; explain any unusual fluctuations or variances.	_____	_____	_____
A B D	c. Review the entity's policy for recognizing sales tax receivables and revenue to determine whether it conforms to GAAP for nonexchange transactions.	_____	_____	_____
A B D	d. Test sales tax receipts to determine whether the amounts:			
	(1) Recognized as revenues relate to sales made during the current or a prior fiscal year and received during the fiscal year or the entity's "availability" period.	_____	_____	_____
	(2) Reduced the recorded taxes receivable, if applicable.	_____	_____	_____

[The next page is 12,231.]

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B D	e. Determine whether sales taxes receivables and deferred taxes are properly recorded at fiscal year end:			
	(1) Review the entity's methods for estimating the receivable accrual for taxes for sales made by year end but not yet recognized as revenues.	_____	_____	_____
	(2) Compare the current-year receivable accrual to the prior-year receivable accrual and investigate unusual items.	_____	_____	_____
	(3) Recalculate deferred revenue as the amount of the receivables reduced by amounts recognized as revenues.	_____	_____	_____
A B C	f. Select a sample of returns and verify that the tax liability was computed in accordance with governing laws and regulations and that related payments were properly recorded in the accounting records.	_____	_____	_____
4. Income and Other Self Assessed Taxes				
A B	a. Review the methods used by the entity to reasonably assure that all taxes due have been remitted (for example, systems providing for the cross-referencing of returns to a database showing prior returns, registered corporations, and so forth).	_____	_____	_____
A	b. Compare current year's actual revenue with the current year's budget and the prior year actual revenue; explain any unusual fluctuations or variances.	_____	_____	_____
A B D	c. Review the entity's policy for recognizing income and other self-assessed tax receivables and revenue to determine whether it conforms to GAAP for nonexchange transactions.	_____	_____	_____
A B D	d. Test tax receipts to determine whether the amounts:			
	(1) Recognized as revenues relate to taxable events and transactions that took place during the current or a prior fiscal year and received during the fiscal year or the entity's "availability" period.	_____	_____	_____
	(2) Reduced the recorded taxes receivable, if applicable.	_____	_____	_____
A B D	e. Determine whether taxes receivables, tax refund liabilities, and deferred taxes are properly recorded at fiscal year end:			
	(1) Review the entity's methods for estimating the tax receivable accrual for taxes for taxable events and transactions that took place by year end but not yet recognized as revenues.	_____	_____	_____
	(2) Review the entity's methods for estimating the tax refund liability.	_____	_____	_____
	(3) Compare the current-year receivable and liability accruals to the prior-year receivable and liability accruals and investigate unusual items.	_____	_____	_____
	(4) Recalculate deferred revenue as the amount of the receivables reduced by amounts recognized as refund liabilities and revenues.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B D	f. Select a sample of returns and verify that the taxpayer's liability was computed in accordance with governing laws and regulations and that related payments were properly recorded in the accounting records.	_____	_____	_____
5. Revenue From Grants and Contributions				
A B D	a. Review the entity's policy for recognizing receivables and revenue from grants and contributions to determine whether it conforms to GAAP for exchange and exchange-like transactions, government-mandated nonexchange transactions, and voluntary nonexchange transactions, including that revenue recognition considers the "availability" of the resources.	_____	_____	_____
[A] [B] C [D]	b. Review grant and contribution applications, agreements, contracts, budgets, and reports to determine applicable eligibility requirements and purpose restrictions.	_____	_____	_____
[A] [B] C [D]	c. Review the reasonableness of the entity's indirect cost allocation plan.	_____	_____	_____
A B C D	d. Test revenue and receivables from grants and contributions to determine whether:			
	(1) Amounts recognized conform to the entity's recognition policies.	_____	_____	_____
	(2) Applicable eligibility requirements affecting recognition were met.	_____	_____	_____
A B C D	e. Test expenditures from grants and contributions (including indirect cost allocations) to determine whether:			
	(1) Purpose restrictions were met.	_____	_____	_____
	(2) Other material compliance requirements were met.	_____	_____	_____
A B C D	f. Concerning compliance with provider stipulations:			
	(1) Review grant and contribution records and correspondence files for areas of material noncompliance and questioned costs.	_____	_____	_____
	(2) Determine whether the entity has adjusted receivables (or liabilities) and revenues (or expenditures/expenses) for grants and contributions for which provider stipulations have not or will not be met. (The accounts to be adjusted depend on the period in which the noncompliance is identified).	_____	_____	_____
A C D	g. For grant programs that generate program income, determine whether that income has been appropriately accounted for and classified in accordance with the program requirements.	_____	_____	_____
A B	h. Confirm grant and contribution receipts and receivables with grantors and contributors.	_____	_____	_____
A B D	i. Determine whether pass-through grants are appropriately accounted for.	_____	_____	_____
D	j. Determine whether grant and contribution receivables and revenues are properly classified in the financial statements.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
6. Licenses and Permits				
[A] [C]	a. Determine licenses and permits in effect and rates set by laws and regulations.	_____	_____	_____
A D	b. Compare revenue from licenses and permits by totals to current year's budget and prior year actual revenue. Explain any unusual fluctuations or variations.	_____	_____	_____
A B D	c. Review the entity's policy for recognizing receivables and revenue from licenses and permits to determine whether it conforms to GAAP for exchange and exchange-like transactions and for nonexchange transactions (as appropriate), including that revenue recognition considers the "availability" of the resources.	_____	_____	_____
A B D	d. Test receivables and revenue from licenses and permits to determine whether amounts recognized conform to the entity's recognition policies.	_____	_____	_____
A C	e. If licenses and permits constitute a material source of revenue:			
	(1) On a test basis, trace collections from persons or businesses ordinarily required to pay fees to accounting records.	_____	_____	_____
	(2) On a test basis, recompute the amounts of licenses and permits to determine whether fees are being assessed in accordance with laws and regulations.	_____	_____	_____
	(3) Where appropriate, reconcile usage of inventories of licenses and permits to revenues.	_____	_____	_____
7. Franchise Fees				
A C	a. Review franchise laws and regulations and compare fees as indicated therein with amounts received.	_____	_____	_____
A D	b. Compare revenue from franchise fees by totals to current year's budget and prior year actual revenue. Explain any unusual fluctuations or variations.	_____	_____	_____
A B D	c. Review the entity's policy for recognizing receivables and revenue from franchise fees to determine whether it conforms to GAAP for exchange and exchange-like transactions and for nonexchange transactions (as appropriate), including that revenue recognition considers the "availability" of the resources.	_____	_____	_____
A B D	d. Test receivables and revenue from franchise fees to determine whether amounts recognized conform to the entity's recognition policies.	_____	_____	_____
A B	e. Consider confirming franchise fees received or receivable during the year directly with the franchisee.	_____	_____	_____
8. Fines				
[A] C	a. Review and test the entity's procedures for accounting for tickets, and determine whether tickets are being properly disposed of through the collection of cash or authorized dismissal.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A	b. Compare fine revenue by totals to current year's budget and prior year actual revenue. Explain any unusual fluctuations or variations.	_____	_____	_____
A B D	c. Review the entity's policy for recognizing receivables and revenue from fines to determine whether it conforms to GAAP for nonexchange transactions, including that revenue recognition considers the "availability" of the resources.	_____	_____	_____
A B D	d. Test receivables and revenue from fines to determine whether amounts recognized conform to the entity's recognition policies.	_____	_____	_____
A C	e. Determine whether fines are distributed in accordance with governing regulations.	_____	_____	_____
9. Sale of Property and Equipment				
[A] C	a. Review minutes of the governing board to determine authority to sell property and equipment and that such sales have been conducted in accordance with applicable state and local laws and regulations.	_____	_____	_____
A B C D	b. Determine whether proceeds are credited to the proper fund as required by law, that any receivables are properly classified, and that amounts are supported by source documents.	_____	_____	_____
	c. Determine whether dispositions have been removed from the property and equipment records.	_____	_____	_____
10. Rentals of Property and Equipment				
[A] [C]	a. Examine authorizing laws and regulations, schedules, contracts, leases, and other documents governing the use of public property by others.	_____	_____	_____
A B C	b. On a test basis, compare the amounts of billings against terms of rental agreements.	_____	_____	_____
A B D	c. Trace billings to recording in proper fund in the accounting records.	_____	_____	_____
A B D	d. Test for classification (such as, operating, sales, and direct financing type) as well as proper accounting for leases.	_____	_____	_____
11. Special Assessments				
[A] C	a. Examine minutes of the governing body for authorization of special assessments.	_____	_____	_____
A B D	b. Review the entity's policy for recognizing receivables and revenue from special assessments to determine whether it conforms to GAAP for exchange or nonexchange transactions (as appropriate), including that revenue recognition considers the "availability" of the resources.	_____	_____	_____
A B D	c. Test receivables and revenue from special assessments to determine whether amounts recognized conform to the entity's recognition policies.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	d. Obtain a schedule of assessment installments.	_____	_____	_____
A	(1) Compare current and past-due installment receipts to revenue recorded for current year.	_____	_____	_____
A B	(2) Compare total installment receivables to deferred revenue amounts.	_____	_____	_____
A B D	e. Review allowance for uncollectible special assessments for reasonableness and compare to prior year's computation. Obtain explanation for any unusual changes.	_____	_____	_____
A C	f. Using the interest rate stated in the assessment ordinance, recompute interest revenue for the current fiscal year and compare to recorded amounts.	_____	_____	_____
B	g. Obtain a list of all assessments receivable balances and compare the total of these balances to the general ledger control accounts.	_____	_____	_____
B	h. Consider confirming unpaid assessment balances directly with property owners, especially significant or old balances.	_____	_____	_____
A B	i. Review all adjustments to the accounts for authority and propriety.	_____	_____	_____
12. Other Revenues				
A B C D	a. Schedule any other revenue accounts of material amount and perform audit procedures determined necessary.	_____	_____	_____
D. Other Auditing Procedures—Receivables—Governmental Funds				
1. Accounts Receivables²				
	a. If accounts receivable are not being confirmed, document the reason. One of the following is acceptable:			
	(1) Accounts receivable are immaterial to the financial statements.	_____	_____	_____
	(2) Use of confirmations would be ineffective.	_____	_____	_____
	(3) The combined assessed level of inherent risk and control risk is low, and the assessed level, in conjunction with the evidence expected to be provided by analytical procedures or other substantive tests of details, is sufficient to reduce audit risk to an acceptably low level for the applicable financial statement assertions.	_____	_____	_____
2. All Receivables				
B	a. Obtain an aged listing of receivables not examined in the preceding audit procedures. Test accuracy of listing and reconcile the balance with the general ledger.	_____	_____	_____
B	b. Confirm individual accounts with large or unusual balances directly with the owing party.	_____	_____	_____

² SAS No. 67, *The Confirmation Process* (AU section 330), defines accounts receivable as the entity's claims against customers that have arisen from the sale of goods or services in the normal course of business.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B	c. Obtain or list subsequent collections of past due items to date of field work.	_____	_____	_____
A B C	d. Obtain list of uncollectible receivables written off during the year and of all credits issued during the year, and review for authority and propriety.	_____	_____	_____
B	e. Review collectibility of receivables with responsible personnel and determine whether a proper allowance is established for uncollectible receivables.	_____	_____	_____

E. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:
 - a. Revenues reported in the financial statements represent valid transactions and include all transactions that relate to the period.
 - b. Receivables reported in the financial statements are valid, complete, and are stated at the net realizable value.
 - c. Revenue transactions are in accordance with legal and contractual provisions. (Assertions 2 and 5)
 - d. Financial statement measurement, presentation, and disclosure of receivables and revenue are in conformity with GAAP consistently applied.

	(5) Cancellation of documents.	_____	_____	_____
	(6) Evidence of duplicate payment, in whole or in part.	_____	_____	_____
	(7) Charge to proper expenditure/expense and appropriation accounts or reserve for encumbrances.	_____	_____	_____
	(8) That discounts were taken when offered.	_____	_____	_____
	(9) The check was signed by an authorized person.	_____	_____	_____
	(10) If the expenditure/expense was for an exchange transaction, that it was recorded in the period the good or services were received (except for those items that are capitalized, for example, as prepaid items).	_____	_____	_____
	(11) If the expenditure/expense was for a nonexchange transaction, that it was recorded in the period that the recipient met the provider's eligibility requirements (if resources have been transmitted but the eligibility requirements have not been met, those amounts should be recorded as advances).	_____	_____	_____
	(12) Whether, for expenditures/expenses charged to grant programs, the costs were allowable and otherwise complied with program requirements (such as whether the charges were incurred during the grant period). ²	_____	_____	_____
A E	c. Determine whether expenditures/expenses incurred by or on behalf of key officials are reasonable and adhere to the entity's policies.	_____	_____	_____
A F	d. Determine whether the entity properly accounts for expenditures/expenses for pass-through grants.	_____	_____	_____
A B E	e. Determine whether the entity has adjusted liabilities (or receivables) and expenditures/expenses (or revenues) for nonexchange transactions for which its stipulations have not or will not be met. (The accounts that should be adjusted depend on the period in which the noncompliance is identified).	_____	_____	_____
A F	f. Schedule any other expenditure/expense accounts of material amount or unusual nature and perform audit procedures determined necessary.	_____	_____	_____
F	g. Determine whether on-behalf payments that the entity has made for salaries and fringe benefits for the employees of other entities have been classified as it classifies similar cash grants to such entities.	_____	_____	_____

² This step is not necessary for federal grant expenditures/expenses if the auditor is conducting an audit in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, concurrently with the financial statement audit and the scope of that A-133 audit is sufficient to provide reasonable assurance concerning the entity's compliance with grant requirements that have a direct and material effect on financial statement amounts.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A F	h. Compare individual expenditure/expense accounts to current year's budget and prior year's actual. Explain any unusual fluctuations or variations.	_____	_____	_____
	2. Liabilities in General			
B	a. Accounts Payable:			
	(1) Obtain a schedule of accounts payable outstanding at the end of the audit period.	_____	_____	_____
	(2) Reconcile the detail of liabilities to the general ledger amounts.	_____	_____	_____
	(3) Consider confirming large or unusual accounts payable balances.	_____	_____	_____
	(4) For selected entries in accounts payable (those in excess of \$_____), examine underlying documentation for proper support and proper inclusion in the period being audited.	_____	_____	_____
	(5) Examine invoices received and payments made subsequent to year-end on a test basis (those in excess of \$_____) to determine if any should be included in the period being audited.	_____	_____	_____
	b. Deposit Liabilities:			
B F	(1) If deposit liabilities are not material to the financial statements, review liability for reasonableness and explain any unusual variations from prior years. Otherwise—	_____	_____	_____
B	(2) Obtain listing of deposits (with indication of purpose of deposit if not otherwise noted) and reconcile to general ledger.	_____	_____	_____
B	(3) Confirm balances on a test basis.	_____	_____	_____
	(4) If interest is paid—			
A B E	(a) Examine documentation authorizing payment of interest and determine whether proper rate is being paid/accrued.	_____	_____	_____
A B	(b) Test interest payments made during the period and accrued as of the end of the audit period.	_____	_____	_____
E	(5) Review any related legal provisions and test for compliance.	_____	_____	_____
B	(6) Determine whether records of "bid" or "good faith" deposits are maintained, including records indicating disposition of such deposits.	_____	_____	_____
	c. Taxes Levied or Collected for Other Governments:			
B	(1) Obtain a schedule of collections, payments, and balances on hand that are due other governments and vouch to supporting documents on a test basis.	_____	_____	_____
B	(2) Obtain a sample of collections during the period and trace into the accounting records.	_____	_____	_____
B F	(3) Determine whether balances on hand are recorded as liabilities due to other governments.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B	(4) Trace material amounts to settlements in subsequent period.	_____	_____	_____
	<i>d.</i> Taxes Collected Under Protest:			
B F	(1) Obtain listing of taxes collected under protest and reconcile to amounts recorded as such liabilities in the general ledger.	_____	_____	_____
B	(2) Vouch large or unusual amounts to supporting documents.	_____	_____	_____
B	(3) Evaluate the entity's process for recognizing as revenue any portion of taxes collected under protest.	_____	_____	_____
B	(4) Trace disposition of items recorded as liabilities at the beginning of the audit period.	_____	_____	_____
	<i>e.</i> Escheat Liabilities:			
B F	(1) Obtain listing of escheat liabilities and reconcile to amounts recorded as such liabilities in the general ledger.	_____	_____	_____
B	(2) Evaluate the entity's process for recognizing escheat property as liabilities or revenue.	_____	_____	_____
B	(3) Trace disposition of items recorded as liabilities at the beginning of the audit period.	_____	_____	_____
3. Payroll and Payroll Taxes				
	<i>a.</i> For selected payroll disbursements:			
A E	(1) Compare the rate of pay used in computing payroll disbursements with the employees' personnel files and with the salary and appropriation ordinances or other established pay scales.	_____	_____	_____
A	(2) Examine appropriate attendance records for the disbursements being examined.	_____	_____	_____
A	(3) Recompute gross pay and compare to amount computed by the entity.	_____	_____	_____
[A] B	(4) When applicable, verify that appropriate entries were made to the entity's leave records.	_____	_____	_____
A E	(5) For payroll charges made to grant programs, determine whether the costs were allowable and otherwise complied with program requirements (such as that appropriate time and attendance records were maintained). ³	_____	_____	_____
A F	(6) Determine whether the payroll disbursements were charged to the proper appropriation accounts and funds.	_____	_____	_____
	<i>b.</i> For selected payroll tax payments:			
A	(1) Examine the entity's calculation of payroll taxes for propriety.	_____	_____	_____
A F	(2) Determine whether the payroll tax payments were charged to the proper appropriation accounts and funds.	_____	_____	_____

³ See footnote 2.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
E	(3) If payroll tax payments were charged to grant programs, determine whether the costs were allowable and otherwise complied with program requirements. ⁴	_____	_____	_____
B E	c. Verify payment of the various payroll deductions to the proper authority.	_____	_____	_____
	(1) Review year-end accruals for reasonableness.	_____	_____	_____
	(2) Trace material liability amounts to applicable payroll reports and payment in subsequent period.	_____	_____	_____
A B F	d. Compare payroll and payroll tax accounts to budgeted amounts and to prior year's actual. Explain any unusual variations or fluctuations.	_____	_____	_____
A B E	e. Inquire whether there have been any retroactive pay increases, large overtime payments, or other unusual compensation arrangements. If so, determine authority for and propriety of such payments.	_____	_____	_____
A B	f. From a comparison of pay periods and salary payment dates, determine whether an accrual should be made at year end for payroll and payroll taxes. If so, obtain a copy of the entity's worksheets for accruals of payroll and payroll taxes and test for accuracy.	_____	_____	_____
A F	g. Determine whether on-behalf payments made by other entities for salaries for the entity's employees have been accounted for and disclosed in accordance with GASB Statement No. 24, <i>Accounting and Financial Reporting for Certain Grants and Other Financial Assistance</i> .	_____	_____	_____
4. Employee Fringe Benefits				
[A]	a. Obtain the entity's personnel policies and procedures and review the provisions relating to employee fringe benefits.	_____	_____	_____
A B	b. For employee medical insurance payments, determine by appropriate tests that: ⁵			
	(1) Payments are only made for eligible employees, including new employees only after the appropriate waiting period.	_____	_____	_____
	(2) An appropriate accrual has been made at year-end for payments owed but not yet made.	_____	_____	_____
	(3) Charges were made to the proper expenditure/expense and appropriation accounts and funds.	_____	_____	_____
	(4) Any payment refunds were appropriately credited to the proper expenditure/expense and appropriation accounts and funds.	_____	_____	_____

⁴ See footnote 2.

⁵ If the entity "self-insures" employee medical benefits, the audit program at AAM section 12,200.120 applies.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B F	<p>c. For compensated absences, obtain the entity's computation of its liability and determine by appropriate tests that:</p> <p>(1) The schedule is arithmetically correct.</p> <p>(2) All qualifying employees are included and that all employees included on the schedule are qualified.</p> <p>(3) Appropriate pay or salary rates are applied.</p> <p>(4) Leave balances shown on the schedule are reasonable and are consistent with leave records of selected employees.</p> <p>(5) The entity has accrued an additional amount as a liability for salary-related payments associated with the payment of compensated absences, using the rates in effect at the balance sheet date.</p> <p>(6) The schedule is correct as to the employing fund.</p> <p>(7) The current and long-term portions of the liability have been recorded in accordance with GASB Statement No. 16, <i>Accounting for Compensated Absences</i>.</p> <p>d. For each sole or agent employer defined benefit pension plan, obtain a copy of the entity's actuarial valuation and a schedule of its annual required contribution, annual contribution, annual pension cost, and net pension obligation (NPO) by fund.⁶</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>
A B C F	<p>(1) Determine by appropriate tests that:</p> <p>(a) The schedule is arithmetically correct.</p> <p>(b) The information in the schedule is consistent with the actuarial valuation.</p> <p>(c) Annual contributions reconcile to actual disbursements.</p> <p>(d) Annual pension cost and the NPO have been calculated in conformity with the requirements of GASB Statement No. 27, <i>Accounting for Pensions by State and Local Governmental Employers</i>.</p> <p>(e) The details of the schedule reconcile to general ledger amounts.</p> <p>(f) Amounts have been accounted for in the proper fund or in the general long-term debt account group.</p> <p>(g) Amounts recognized as pension expenditures/expenses, liabilities, and assets are in conformity with generally accepted accounting principles.</p> <p>(h) Disclosures in the notes to financial statements, required supplementary information, and notes to the required supplementary information are in conformity with generally accepted accounting principles.</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>

⁶ If the pension plan is reported as a pension trust fund in the entity's financial statements, these procedures should be coordinated with the procedures for the plan in AAM section 12,200.135.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B C	(2) For the actuarial valuation:			
	(a) Obtain information concerning the professional qualifications and reputation of the actuarial firm and other information as required by SAS No. 73 [AU section 336], as amended.	_____	_____	_____
	(b) Obtain an understanding of the actuary's methods and assumptions.	_____	_____	_____
	(c) Submit an inquiry to the actuary concerning: ⁷			
	(i) Whether the actuarial valuation considers all pertinent provisions of the plan, including any changes to the plan or other events affecting the actuarial calculations.	_____	_____	_____
	(ii) Relationships between the actuary and the plan or the entity that may impair the actuary's objectivity.	_____	_____	_____
	(iii) Aggregate and selected individual participant data amounts used in the actuarial valuations.	_____	_____	_____
	(iv) Whether the actuary has reviewed the relevant portions of the financial statements and agrees with such information as presented.	_____	_____	_____
	(d) Verify the accuracy and completeness of the participant data used in the actuarial valuation.	_____	_____	_____
A B C F	e. For each cost-sharing multiple-employer defined benefit pension plan and defined contribution pension plan, determine by appropriate tests that:			
	(1) Annual pension expenditures/expenses equal contractually required contributions to the plan.	_____	_____	_____
	(2) Annual pension expenditures/expenses have been accounted for in the proper fund or account group.	_____	_____	_____
	(3) Amounts recognized as pension expenditures/expenses, liabilities, and assets are in conformity with generally accepted accounting principles.	_____	_____	_____
	(4) Disclosures in the notes to financial statements are in conformity with generally accepted accounting principles.	_____	_____	_____
F	f. Determine whether on-behalf payments made by other entities for fringe benefits for the entity's employees have been accounted for in accordance with GASB Statement No. 24.	_____	_____	_____
A B F	g. Schedule the expenditure/expense and liability accounts of other fringe benefits of material amount or unusual nature and perform audit procedures determined necessary.	_____	_____	_____
E	h. For fringe benefits charged to grant programs, determine whether the costs were allowable and otherwise complied			

⁷ See the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix N, "Illustrative Request to Actuary for Confirmation of GASB Pension Information."

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	with program requirements (such as that the amounts charged were based on amounts paid or amounts measured on a GAAP-basis, if applicable). ⁸	_____	_____	_____
	5. Postemployment Benefits Other Than Pension Benefits (OPEB)			
A	a. If the entity provides OPEB, obtain a description of policies and a schedule of the costs for current year.	_____	_____	_____
A B C F	b. If the entity has opted to apply the provisions of GASB Statement No. 27 to postemployment healthcare benefits, determine whether the accounting and financial reporting conform to that Statement.	_____	_____	_____
F	c. Review the entity's OPEB disclosures in the notes to financial statements for conformity with generally accepted accounting principles.	_____	_____	_____
	6. Special Termination Benefits			
A B F	a. If the entity has provided special termination benefits during the period, determine the authority for and propriety of such payments and whether the accounting and financial reporting for such payments and related liabilities is in accordance with generally accepted accounting principles.	_____	_____	_____
	7. Municipal Solid Waste Landfill Closure and Postclosure Care Costs			
[A] [B]	a. Review and document the entity's policies concerning estimating and accounting for municipal solid waste landfill closure and postclosure care costs.	_____	_____	_____
A B F	b. Obtain a copy of the entity's computation of costs for the current period and the liability as of year-end.	_____	_____	_____
	(1) Compare to prior period's computation to determine whether assumptions or methods of calculation have changed. (If an engineer is used, SAS No. 73 [AU section 336], as amended, must be followed.)	_____	_____	_____
	(2) Trace cumulative capacity used to supporting documentation. Compare to prior year's amount and current year's additions.	_____	_____	_____
	(3) Determine whether computations have been adjusted for inflation and current changes in federal, state, or local laws and regulations.	_____	_____	_____
	(4) Trace current period costs and total liability to financial statements and determine whether that accounting and reporting are proper for the applicable fund type.	_____	_____	_____
	c. Compare information obtained in preceding procedure with information disclosed in notes to financial statements and determine whether disclosures are in accordance with GASB Statement No. 18, <i>Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs</i> .	_____	_____	_____

⁸ See footnote 2.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	8. Encumbrances and Other Commitments			
D	a. Obtain a schedule of encumbrances outstanding at the end of the audit period.	_____	_____	_____
D	b. Reconcile the detail of encumbrances to general ledger amounts.	_____	_____	_____
D	c. Trace encumbrances (in excess of \$_____) to unfilled purchase orders.	_____	_____	_____
D F	d. Determine whether encumbrances and other significant commitments have been properly reported and disclosed in the financial statements.	_____	_____	_____
	9. Prepaid Items			
[C]	a. Review the type and amount of prepaid items, such as:			
	(1) Unexpired insurance	_____	_____	_____
	(2) Prepaid rent	_____	_____	_____
	(3) Supplies inventories	_____	_____	_____
	(4) Advances	_____	_____	_____
	(5) Unamortized expenses	_____	_____	_____
	(6) Deposits	_____	_____	_____
	(7) Other (itemize):	_____	_____	_____

C F	b. Review amounts for reasonableness by comparison with balances at the end of the preceding period, related expense accounts, and so forth.	_____	_____	_____
C	c. For material amounts, ascertain propriety of balances by review of calculations and supporting documents.	_____	_____	_____
C	d. Consider confirmation of balances.	_____	_____	_____
C	e. Trace selected amounts to disposition in subsequent period.	_____	_____	_____
F	f. Determine whether the accounting treatment, including the presentation of fund balance reserves, is in accordance with generally accepted accounting principles.	_____	_____	_____
	D. Overall Conclusions			
	1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
	a. Expenditures/expenses reporting in the financial statements represent valid transactions and include all items that are applicable to the period.	_____	_____	_____
	b. Payable and accrued liabilities reported in the financial statements are properly authorized, represent the correct amounts of currently payable items, and reflect all outstanding obligations.	_____	_____	_____

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
c. Prepaid items reported in the financial statements are valid, complete, and stated at the proper amount.	_____	_____	_____
d. Encumbrances and other commitments are identified and recorded or disclosed.	_____	_____	_____
e. Expenditures/expenses are made in accordance with legal and contractual provisions.	_____	_____	_____
f. Financial statement presentation and disclosure of expenditures, expenses, payables, and prepaid items are in conformity with GAAP consistently applied.	_____	_____	_____
Except as follows:

VII. Inventories

Financial Statement Assertions

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Inventories physically exist, in good condition, unencumbered by pledge or lien. (Assertions 1, 2, and 3)
- B. The accounts reflect all inventory held for sale or used in the ordinary course of operations. (Assertions 3 and 5)
- C. Estimates of realizable value are carefully and consistently made. (Assertion 4)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Evaluation of Internal Control

1. Review the understanding of internal control over inventory and the preliminary assessment of control risk. _____
2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions. _____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
	1. Review the planning procedures applicable to analytical procedures performed on inventories and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures				
A B	1. Observe the taking of physical inventories.	_____	_____	_____
	a. Review client's arrangements for the physical inventory, paying particular attention to controls to ensure completeness of the physical count.	_____	_____	_____
	b. Make test counts of various items, recording description and quantities of items selected.	_____	_____	_____
	c. Inspect inventory for evidence of damaged items and/or obsolete goods and determine that such stock has been appropriately identified in the inventory count.	_____	_____	_____
	d. Inspect inventory for unusual concentration or overstocking of particular items, unusual storage that could cause difficult or impossible counts of items, and any other unusual conditions that need to be investigated.	_____	_____	_____
A B	2. Ascertain that proper cut-off is effected with respect to purchases and consumption.	_____	_____	_____
B	3. Trace quantities and descriptions per audit test counts into final inventory sheets.	_____	_____	_____
B C	4. Test clerical accuracy of inventories as to:			
	a. Unit prices	_____	_____	_____
	b. Extensions	_____	_____	_____
	c. Footings	_____	_____	_____
	d. Totals to summaries	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
C	5. Select several items included in the inventory test counts and verify prices to determine that the inventory has been consistently valued.	_____	_____	_____
A C	6. Review inventory issuance records for evidence of obsolete inventory.	_____	_____	_____
A C	7. Ascertain that obsolete and damaged stock has been identified and appropriately valued.	_____	_____	_____
B	8. Compare the dollar amount of inventory by fund to prior periods and investigate any material fluctuations.	_____	_____	_____
[C]	9. Compute and analyze turnover rates for significant inventories.	_____	_____	_____

D. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:

- a. Inventories physically exist, in good condition, unencumbered by pledge or lien.
- b. The accounts reflect all inventory held for sale or used in the ordinary course of operations.
- c. Cost of inventory items is measured in accordance with generally accepted accounting principles, consistently applied.
- d. Estimates of realizable value are carefully and consistently made.

VIII. Capital Expenditures and Related Fund and Account Group Activity¹
(for proprietary funds, use Audit Program in AAM section 5400.080)

Financial Statement Assertions

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Property and equipment recorded in the general fixed assets account group (GFAAG) represent a valid listing of the capitalized cost of assets purchased, constructed, donated, or leased and physically on hand. (Assertions 1, 2, and 3)
- B. Capital expenditures represent a complete and valid listing of all costs incurred by the acquiring fund of the property and equipment acquired during the period, and costs that meet the capitalization policy are excluded from repair and maintenance and similar expenditure accounts. (Assertions 1 and 2)
- C. Capitalized costs and, if applicable, related depreciation associated with all fixed assets no longer owned or possessed have been removed from the GFAAG. (Assertions 1 and 3)
- D. Property and equipment is stated at historical or estimated historical cost. Donated assets are recorded at their estimated fair value at the date of donation. Depreciation, if recorded, is appropriately calculated. (Assertion 4)
- E. Leases are classified properly as capital or operating; fixed assets capitalized are classified properly by major classes of assets and related sources of funding; and related disclosures are adequate. (Assertions 4 and 5)
- F. Property transferred between the GFAAG and proprietary funds is appropriately reported. (Assertions 4 and 5)

¹ See also the audit program at AAM section 12,200.060 for auditing procedures relating to cash disbursements and payables for capital expenditures.

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
G. The entity has complied with legal and contractual provisions relating to capital expenditures and capital assets. (Assertions 2 and 5)			
<p><i>Note:</i> The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedures only secondarily accomplishes the objective.</p>			
A. Evaluation of Internal Control			
1. Review the understanding of internal control over capital expenditures and capital assets and the preliminary assessment of control risk.	_____	_____	_____
2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures			
1. Review the planning procedures applicable to analytical procedures performed on capital expenditures and capital assets and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Capital Expenditures			
A B G 1. Review minutes of governing authority for approval of purchase and construction contracts and for the fund to be charged.	_____	_____	_____
[A] [B] 2. Document the entity's capitalization policy.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B D G	3. Examine invoices or other documentation for capital expenditures during the period, considering matters such as:			
	a. Whether the assets acquired conform to the terms of the purchase orders (or contracts and change orders for construction contracts).	_____	_____	_____
	b. Whether amounts are paid are in accordance with the terms of the purchase orders or contracts/change orders.	_____	_____	_____
G	4. Where applicable, review bids for compliance with state or local bid laws and regulations.	_____	_____	_____
G	5. If the capital expenditures were charged to grant programs, determine whether the costs were allowable and otherwise complied with program requirements (such as equipment and real property management and the prevailing wage rate requirements of the Davis-Bacon Act). ²	_____	_____	_____
B	6. Ascertain amounts of contracts payable, including retainage withheld, that are due but unpaid and trace to liability accounts in general ledger.	_____	_____	_____
[B]	7. Compare amounts of major contracts (including change orders) to amounts appropriated for the project. Determine if additional funds will be required for completion.	_____	_____	_____
A D E	8. Trace selected capital expenditures into the GFAAG, noting agreement of description and amount, classification, related sources of funding, and compliance with capitalization policy.	_____	_____	_____
E	9. For construction projects completed during the year, ensure that capitalized amounts are transferred from construction in process to proper classification by major class of assets.	_____	_____	_____
D. Other Auditing Procedures—Leases				
[B]	1. Obtain copies of major leases for equipment and/or facilities.	_____	_____	_____
A B G	2. Review minutes of governing body for approval of lease agreement and the fund to be charged.	_____	_____	_____
[A] E	3. From a review of the lease, determine if the lease is an operating lease or capital lease.	_____	_____	_____
A B D E	4. If lease is a capital lease:			
	a. Determine whether the transaction has been recorded in accordance with generally accepted accounting principles (GAAP) (as described in GASB Codification section L20).	_____	_____	_____
	b. Trace recording of cost of the asset to capital expenditure accounts.	_____	_____	_____

² This step is not necessary for federal grant expenditures if the auditor is conducting an audit in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, concurrently with the financial statement audit and the scope of that A-133 audit is sufficient to provide reasonable assurance concerning the entity's compliance with grant requirements that have a direct and material effect on financial statement amounts.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	c. Trace unpaid lease amounts to general long term debt account group (GLTDAG).	_____	_____	_____
B	5. Examine documentary support for lease payments.	_____	_____	_____
G	6. If lease expenditures were charged to grant programs, determine whether the costs were allowable and otherwise complied with program requirements. ³	_____	_____	_____
E	7. Determine whether the disclosures about operating and capital leases in the notes to the financial statements are in conformity with GAAP.	_____	_____	_____
E. Other Auditing Procedures—GFAAG				
A	1. Obtain detailed listing of property records and reconcile with the appropriate control accounts in the general ledger.	_____	_____	_____
A	2. Physically inspect a sample of fixed assets and agree to the detailed property records.	_____	_____	_____
D	3. Obtain a listing of fixed assets acquired during the year and vouch to documentation of the cost of the asset or the fair value at the date of donation.	_____	_____	_____
	4. Obtain a listing of fixed assets disposed of during the year:			
C G	a. Determine whether disposals were properly authorized (and, if applicable, properly advertised) and were removed from the detailed property records.	_____	_____	_____
	b. Trace proceeds into the record of cash receipts or receivables.	_____	_____	_____
G	c. Determine whether proceeds have been recorded in the proper fund in accordance with legal requirements.	_____	_____	_____
C	d. Determine whether fixed assets that have been sold, traded, demolished, or scrapped in conjunction with acquisitions during the period of new fixed assets have been appropriately reflected as disposals.	_____	_____	_____
G	e. If disposed assets were initially acquired with grant funds, determine whether the grantor's disposition requirements were followed. ⁴	_____	_____	_____
C D	5. If the entity records an allowance for depreciation on general fixed assets, review the allowance for accuracy of additions and deletions during the year and reasonableness of ending balances.	_____	_____	_____
[A]	6. Document the entity's policy regarding insurance of general fixed assets:			
[A]	a. If applicable, inspect major insurance policies to determine coverage and compliance with entity's policy.	_____	_____	_____

³ See footnote 2.⁴ See footnote 2.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
F	7. Determine whether property transfers between the GFAAG and proprietary funds are appropriately reported.	_____	_____	_____

F. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:
 - a. Property and equipment recorded in the GFAAG represent a valid listing of the capitalized cost of assets purchased, constructed, donated, or leased and physically on hand.
 - b. Capital expenditures represent a complete and valid listing of all costs incurred by the acquiring fund of the property and equipment acquired during the period, and costs that meet the capitalization policy are excluded from repair and maintenance and similar expenditure accounts.
 - c. Capitalized costs and, if applicable, related depreciation associated with all fixed assets no longer owned or possessed have been removed from the GFAAG.
 - d. Property and equipment is stated at historical or estimated historical cost. Donated assets are recorded at their estimated fair value at the date of donation. Depreciation, if recorded, is appropriately calculated.
 - e. Leases are classified properly as capital or operating; fixed assets capitalized are classified properly by major classes of assets and related sources of funding; and related disclosures are adequate.
 - f. Property transferred between the GFAAG and proprietary funds is appropriately reported.
 - g. The entity has complied with legal and contractual provisions relating to capital expenditures and capital assets.

Ref.**IX. Debt and Debt Service^{1,2}****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Debt service expenditures reported in the financial statements represent valid transactions and include all items that are applicable to the period. (Assertions 1 and 2)
- B. Debt liabilities reported in the financial statements are properly authorized and reflect all outstanding obligations. (Assertions 1, 2, and 3)
- C. Debt transactions are made in accordance with legal and contractual provisions, including federal arbitrage restriction and rebate requirements. (Assertions 2 and 5)
- D. Financial statement measurement, presentation, and disclosure of debt service transactions and balances (including restrictions, guarantees, commitments, conduit debt, and debt defeasances) are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)

¹ SAS No. 92, *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (AU section 332), provides guidance in planning and performing auditing procedures for assertions about those items. SAS No. 92 (AU section 332) explains that the auditor may need special skill or knowledge to plan and perform auditing procedures for certain assertions about derivatives and securities. It also provides guidance on obtaining an understanding of internal control, assessing inherent and control risk, and designing substantive procedures. The AICPA Audit Guide *Auditing Derivative Instruments, Hedging Activities, and Investments in Securities* (product number 012520), is an essential companion guide to SAS No. 92 (AU section 332). The guide provides practical guidance and case studies for implementing SAS No. 92 (AU section 332). To order the guide, call the AICPA Order Department at 888-777-7077.

² In March 2003, the GASB staff released proposed Technical Bulletin (TB) 2003-a, *Disclosure Requirements for Derivatives Not Presented at Fair Value on the Statement of Net Assets*, to supersede GASB Technical Bulletin No. 94-1, *Disclosures about Derivatives and Similar Debt and Investment Transactions*. The proposed TB would require note disclosure of the nature of derivative transactions not reported at fair value on the statement of net assets, and their significant terms, fair values, risks, and associated debt. The GASB staff expects to finalize the proposed TB as GASB Technical Bulletin 2003-1 by June 2003. It would be effective for financial statements for periods ending after June 15, 2003, with earlier application encouraged.

<p>Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.</p>				
A. Evaluation of Internal Control				
	1. Review the understanding of internal control over debt and debt service transactions and the preliminary assessment of control risk.	_____	_____	_____
	2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
	1. Review the planning procedures applicable to analytical procedures performed on debt and debt service and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Short-term Obligations				
B	1. Determine whether all bond, tax, and revenue anticipation notes and other short-term debt obligations have been properly authorized.	_____	_____	_____
C	2. Review applicable documents to determine interest rates, collateral, liens, and security agreements, if any.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B C	3. Confirm outstanding balances and other pertinent information (see 2. above) with note holders.	_____	_____	_____
C	4. Determine whether short-term obligations in excess of legal limitations have been issued.	_____	_____	_____
B	5. Examine supporting documents for debt service payments made during the period.	_____	_____	_____
A B	6. Review interest paid or accrued for reasonableness. Recompute on a test basis.	_____	_____	_____
C	7. Examine for compliance with legal and contractual provisions (for example, whether proceeds that were spent during the period were used for authorized purposes).	_____	_____	_____
D	8. Determine whether the entity's accounting, financial reporting, and disclosures for the notes are in conformity with GAAP.	_____	_____	_____
D. Other Auditing Procedures—Bonds				
C	1. Examine provisions of bond ordinances and tax levies for retirement of bond principal and interest and test compliance therewith, including: <ul style="list-style-type: none"> a. Compute required balances of restrictive accounts required by bond ordinance and compare to amounts actually on deposit. b. Review transactions in restrictive accounts during audit period to determine whether deposits/transfers are being made at intervals/dates required by the bond ordinance. 	_____	_____	_____
A B	2. Obtain the entity's maturity schedule for outstanding bonds: <ul style="list-style-type: none"> a. Trace amounts maturing currently to expenditure/expense accounts for interest and principal. b. Trace unmaturing bond principal to general long term debt account group (GLTDAG) or the applicable proprietary fund(s). 	_____	_____	_____
A B	3. Confirm directly with the paying agent the amounts transmitted to it during the year, the amount of bonds and interest retired during the year, and any year end balances (including canceled bonds and coupons).	_____	_____	_____
B	4. For bonds issued during the audit period: <ul style="list-style-type: none"> a. Trace approval of issuance to minutes of governing body. b. If applicable, review approval from third parties. 	_____	_____	_____
C	5. Determine whether proceeds that were spent during the audit period were used for authorized purposes.	_____	_____	_____
D	6. Determine whether cash on hand with the paying agent is recorded as both an asset and a liability.	_____	_____	_____
C	7. Determine whether the total outstanding debt exceeds legal restrictions.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
D	8. Determine whether the entity's accounting, financial reporting, and disclosures for the bonds are in conformity with GAAP.	_____	_____	_____
E. Other Auditing Procedures—Long-term Obligations Other Than Bonds				
B	1. Determine whether all obligations of this nature (such as loans and advances) have been properly authorized.	_____	_____	_____
C	2. Review applicable documents to determine interest rates, collateral, liens, and security agreements, if any.	_____	_____	_____
B C	3. Confirm outstanding balances and other pertinent information (see 2. above) with the creditor.	_____	_____	_____
C	4. Determine whether proceeds that were spent during the audit period were used for authorized purposes.	_____	_____	_____
A B	5. Examine supporting documents for debt service payments made during the period.	_____	_____	_____
A B	6. Review interest paid or accrued for reasonableness. Recompute on a test basis.	_____	_____	_____
D	7. Determine whether the entity's accounting, financial reporting, and disclosures for the obligations are in conformity with GAAP.	_____	_____	_____
F. Other Auditing Procedures—Federal Arbitrage Requirements and Arbitrage Refund Liabilities³				
C	1. Identify the specialist who will be involved in the examination of the entity's compliance with federal arbitrage restriction and rebate requirements and obtain information concerning the professional qualifications and reputation of the specialist, the nature of the work to be performed, and other information as required by SAS No. 73 [AU section 336].	_____	_____	_____
C	2. Review, as appropriate, the methods and assumptions used by the specialist in his or her evaluation of the entity's compliance with federal arbitrage restriction and rebate requirements.	_____	_____	_____
B C D	3. Obtain the entity's worksheets for computing its arbitrage liability.	_____	_____	_____
	a. Trace date and amount of deposits and disbursements to supporting accounting records.	_____	_____	_____
	b. Review the entity's computations for reasonableness.	_____	_____	_____
	c. Determine whether arbitrage liabilities have been recorded in the fund that will make the payment or the GLTDAG.	_____	_____	_____
D	4. Determine whether the entity has made appropriate disclosures if it has been advised of the possible loss of tax exempt status on	_____	_____	_____

³ The Government Finance Officers Association (GFOA) has three publications that discuss arbitrage requirements: *The GAAFR Review Practice Guide* (1997), *Guide to Arbitrage Requirements for Governmental Bond Issues* (1992), and *1994 Supplement to the Guide to Arbitrage Requirements for Governmental Bond Issues*.

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
bond issues for failure to comply with federal arbitrage restriction and rebate requirements.	_____	_____	_____
G. Other Audit Procedures			
D 1. Determine whether conduit debt obligations are disclosed in accordance with GASB Interpretation No. 2, <i>Disclosure of Conduit Debt Obligations</i> .	_____	_____	_____
D 2. Determine whether debt defeasances are in accordance with GASB Statement No. 7, <i>Advance Refundings Resulting in Defeasance of Debt</i> , and GASB Statement No. 23, <i>Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities</i> .	_____	_____	_____
H. Overall Conclusions			
1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
a. Debt service expenditures reported in the financial statements represent valid transactions and include all items that are applicable to the period.	_____	_____	_____
b. Debt liabilities reported in the financial statements are properly authorized and reflect all outstanding obligations.	_____	_____	_____
c. Debt transactions are made in accordance with legal and contractual provisions, including federal arbitrage restriction and rebate requirements.	_____	_____	_____
d. Financial statement measurement, presentation, and disclosure of debt service transactions and balances (including restrictions, guarantees, commitments, conduit debt, and debt defeasances) are in conformity with generally accepted accounting principles (GAAP) consistently applied.	_____	_____	_____

Ref.**X. Interfund Transactions and Fund Equity****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Interfund transactions and changes in reserved, designated, and undesignated fund equity reported in the financial statements represent valid transactions and include all items that are applicable to the period. (Assertions 1 and 2)
- B. Interfund balances and fund equity reserves and designations are properly authorized and reflect all outstanding balances. (Assertions 1, 2, and 3)
- C. Interfund and fund equity transactions are made in accordance with legal and contractual provisions. (Assertions 2 and 5)
- D. Financial statement measurement, presentation, and disclosure of interfund and fund equity transactions and balances are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Evaluation of Internal Control

1. Review the understanding of internal control over interfund transactions and fund equity and the preliminary assessment of control risk.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
2.	For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
3.	Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
1.	Review the planning procedures applicable to analytical procedures performed on interfund transactions and fund equity and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
2.	If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
a.	The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
b.	Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
c.	Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Interfund Transactions				
[A] [B] [D]	1. Determine the entity's policies for recognizing and classifying interfund transactions as quasi-external transactions, reimbursements, transfers, and loans.	_____	_____	_____
[A] [B]	2. Obtain or prepare a schedule of interfund transfers and loans and of all interfund account balances at year end.	_____	_____	_____
B D	3. Determine whether interfund receivables equal interfund payables.	_____	_____	_____
B C	4. Review minutes of the governing body, adopted budget, appropriate debt issuance documents, and other legal and contractual provisions for authorization of and any legal restrictions on interfund transactions.	_____	_____	_____
A B D	5. Determine whether interfund transactions are properly classified as quasi-external transactions, reimbursements, transfers (operating or residual equity) and loans and reported accordingly in the financial statements.	_____	_____	_____

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A B D 6. Review ending balances of interfund accounts as to:			
a. Aging of balances.	_____	_____	_____
b. Reason for transactions.	_____	_____	_____
c. Method of liquidation anticipated.	_____	_____	_____
d. Proper reporting classification (for example, as "Due to/from" and "Advance to/from").	_____	_____	_____
e. Collectibility.	_____	_____	_____
D. Other Auditing Procedures—Fund Equity			
B 1. Review minutes of the governing body, charter, and debt issu- ance documents and other similar documents to identify the authorizations for fund equity reserves and designations.	_____	_____	_____
C D 2. Determine whether fund equity reserves and designations have been made in compliance with the applicable legal and contrac- tual provisions, including purpose restrictions on nonexchange transaction resources, and are properly disclosed in the financial statements, including disclosure of deficit fund balance or deficit retained earnings of individual funds.	_____	_____	_____
A B D 3. Analyze all transactions to fund balance and retained earnings accounts for the year to determine whether all such transactions are properly reported in the financial statements or notes.	_____	_____	_____
E. Overall Conclusions			
1. In our opinion, we have obtained sufficient and competent evi- dential matter to provide reasonable assurance that:			
a. Interfund transactions and changes in reserved, designated, and undesignated fund equity reported in the financial state- ments represent valid transactions and include all items that are applicable to the period.	_____	_____	_____
b. Interfund balances and fund equity reserves and designations are properly authorized and reflect all outstanding balances.	_____	_____	_____
c. Interfund and fund equity transactions are made in accord- ance with legal and contractual provisions.	_____	_____	_____
d. Financial statement measurement, presentation, and disclo- sure of interfund and fund equity transactions and balances are in conformity with generally accepted accounting prin- ciples (GAAP) consistently applied.	_____	_____	_____

XI. Proprietary Funds—Special Topics

Note: Most of the audit procedures applicable to proprietary funds will be completed in connection with other audit programs. However, certain types of accounts and transactions found in proprietary funds have been separately addressed in this program.

Financial Statement Assertions

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Proprietary fund revenue accounts include all transactions that relate to the period. (Assertions 1 and 2)
- B. Proprietary fund receivables are valid, complete, and stated at the net realizable amount. (Assertions 1, 2, 3, and 4)
- C. The costs associated with grant financed fixed assets are allowable and otherwise comply with program requirements. (Assertions 2 and 5)
- D. Contributed capital has been accounted for in accordance with generally accepted accounting principles (GAAP). (Assertions 4 and 5)
- E. Financial statement presentation and disclosure for proprietary funds are in conformity with GAAP consistently applied. (Assertions 4 and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	A. Evaluation of Internal Control			
	1. Review the understanding of internal control over proprietary fund revenues, receivables, grant financed fixed assets, and contributed capital and the preliminary assessment of control risk.	_____	_____	_____
	2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
	B. Analytical Procedures			
	1. Review the planning procedures applicable to analytical procedures performed on proprietary fund revenues, receivables, grant financed fixed assets, and contributed capital and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
	C. Other Auditing Procedures—Operating Revenues			
[A]	1. Obtain rate schedules for services and determine whether rates have been properly authorized.	_____	_____	_____
A	a. Where charges are based on variable quantities or volumes of usage:			
	(1) Test records of usage, such as meter readers' reports, to determine reliability of usage data.	_____	_____	_____
	(2) Determine reasonableness of revenues when compared to records showing the usage or consumption of goods or services.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	(3) Compute average revenue per unit of usage or consumption and compare to average for prior years.	_____	_____	_____
	(4) Compare records of usage with records of production; investigate and explain any unusual differences between them.	_____	_____	_____
A	b. Where charges are based on direct and allocated costs:			
	(1) Determine method used by the entity to accumulate direct costs and allocate costs to each customer.	_____	_____	_____
	(2) Trace direct costs into customers' ledger to determine whether costs have been properly accumulated.	_____	_____	_____
	(3) Recompute allocated costs to determine whether they have been properly assigned to individual customers.	_____	_____	_____
A	c. If cycle billing is used, obtain the entity's computation of unbilled service revenue and—			
	(1) Review for accuracy of computation.	_____	_____	_____
	(2) Trace billings to subsequent periods.	_____	_____	_____
	(3) Agree total of unbilled service to general ledger account.	_____	_____	_____
A	2. For selected accounts:			
	a. Trace records of usage (such as meter reader reports) to usage shown on customer's bill.	_____	_____	_____
	b. Recompute billing, making sure that authorized rates are in use.	_____	_____	_____
D. Other Auditing Procedures—Receivables				
A B	1. Obtain aged listing of accounts receivable. Test accuracy of listing and reconcile the balance with the general ledger.	_____	_____	_____
B	2. Investigate individual accounts with large or unusual balances; trace to subsequent transactions.	_____	_____	_____
B	3. Consider confirming accounts receivable directly with customers. If accounts receivables are not confirmed, however, the reason for nonconfirmation must be documented. (See AAM section 12,200.050, footnote 1.) Any of the following is acceptable:			
	a. Accounts receivable are immaterial to the financial statements.	_____	_____	_____
	b. Use of confirmations would be ineffective.	_____	_____	_____
	c. Combined assessed level of inherent risk and control risk is low, and the assessed level, in conjunction with the evidence expected to be provided by analytical procedures or other substantive tests of details, is sufficient to reduce audit risk to an acceptably low level for the applicable financial statement assertions.	_____	_____	_____
B	4. Obtain or list subsequent collections of past due items to date of field work.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B	5. Obtain list of uncollectible accounts written off during the year and of all credits issued during the year, and review for authority and propriety.	_____	_____	_____
B E	6. Review collectibility of accounts with responsible personnel and determine whether a proper allowance is established for uncollectible accounts.	_____	_____	_____
E. Other Auditing Procedures—Grant Financed Fixed Assets				
C	1. If capital expenditures or capital use charges were charged to grant programs, determine whether the costs were allowable and otherwise complied with program requirements (such as equipment and real property management). ¹	_____	_____	_____
F. Other Auditing Procedures—Contributed Capital				
D	1. Determine that contributions, grants, and system development fees received during the period have been recorded as revenue.	_____	_____	_____
D	2. If depreciation on fixed assets is closed to the contributed capital equity account:			
	a. Determine whether the entity's accounting records have properly identified fixed assets recorded in the contributed capital equity account.	_____	_____	_____
	b. Review the computation of depreciation on such assets and reconcile total depreciation thereon to amounts charged to the contributed capital equity account.	_____	_____	_____
D	3. Analyze the propriety of other changes during the period in the contributed capital equity account.	_____	_____	_____
D E	4. Determine whether the entity has properly disclosed changes in the contributed capital equity account in its financial statements.	_____	_____	_____
G. Other Auditing Procedures—Reporting				
E	1. If the entity's financial statements distinguish between operating and non-operating net income, review whether its classifications are proper and consistent with the prior-year's classifications.	_____	_____	_____
E	2. If the entity presents a classified balance sheet, review whether its classifications are in conformity with GAAP ¹ and consistent with the prior-year's classifications.	_____	_____	_____
E	3. Review whether the proprietary funds' cash flows statements are in conformity with GAAP and consistent with the prior-year's statements.	_____	_____	_____

¹ This step is not necessary for federal grant expenditures if the auditor is conducting an audit in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, concurrently with the financial statement audit and the scope of that A-133 audit is sufficient to provide reasonable assurance concerning the entity's compliance with grant requirements that have a direct and material effect on financial statement amounts.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
E	4. Review whether the entity's use of Financial Accounting Standards Board pronouncements are in conformity with GAAP and consistent with the prior-year's use.	_____	_____	_____

H. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:

- Proprietary fund revenue accounts include all transactions that relate to the period.
- Proprietary fund receivables are valid, complete, and stated at the net realizable amount.
- The costs associated with grant financed fixed assets are allowable and otherwise comply with program requirements.
- Contributed capital has been accounted for in accordance with GAAP.
- Financial statement presentation and disclosure for proprietary funds are in conformity with GAAP consistently applied.

Except as follows:

Ref.**XII. Risk Financing and Related Insurance Activities****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. The entity has adopted policies to provide reasonable coverage for risks of loss. (Assertion 3)
- B. The entity has complied with legal requirements relating to risk financing and related insurance activities. (Assertions 2 and 5)
- C. Expenditures/expenses reported in the financial statements for risk financing and related insurance activities represent valid transactions and include all items that are applicable to the period. (Assertions 1 and 2)
- D. Liabilities reported in the financial statements for risk financing and related insurance activities are properly authorized, represent the correct amounts of currently payable items, and reflect all outstanding obligations. (Assertions 1, 2, 3, and 4)
- E. Financial statement presentation and disclosure of risk financing and related insurance activity transactions and balances are in conformity with generally accepted accounting principles (GAAP) consistently applied. (Assertions 3, 4, and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A. Evaluation of Internal Control				
	1. Review the understanding of internal control relative to risk financing and related insurance activities and the preliminary assessment of control risk.	_____	_____	_____
	2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
	3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
	1. Review the planning procedures applicable to analytical procedures performed on risk financing and related insurance activities and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
	2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
	a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
	b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
	c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Risk Financing and Related Insurance Activities—General				
A	1. Obtain a copy of the entity's policy relative to risk financing and related insurance activities.	_____	_____	_____
A B	2. Determine whether the policy has been considered and adopted by the governing body and is in accordance with legal and contractual provisions.	_____	_____	_____
A	3. Prepare a schedule showing the types of risks of loss to which the entity is exposed and how those risks are handled (for example, through commercial insurance, public entity risk pool, and risk retention).	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A	a. Consider whether material risks of loss have not been addressed in the entity's policies.	_____	_____	_____
E	b. Review financial statements for adequacy of disclosure regarding entity's risk policy and, if applicable, any material uninsured risks.	_____	_____	_____
	4. If the entity purchases insurance coverage for identified risks—			
A	a. Determine compliance of purchased insurance with adopted policy.	_____	_____	_____
C	b. For selected premiums, determine whether payments have been made in accordance with policy terms and whether charges have been made to the proper fund/function.	_____	_____	_____
E	c. From analysis of selected insurance policies, determine whether there has been a transfer of risks. If not, determine whether premiums and claims have been properly recorded to reflect the continuing risks of refunds or assessments.	_____	_____	_____
E	d. If the entity pays insurance premiums in advance, determine whether prepaid insurance has been properly reported in the financial statements.	_____	_____	_____
	5. If the entity participates in a public entity risk pool(s)—			
A	a. Determine the type of public entity risk pool (that is, whether it involves a transfer or pooling of risk), the type of entity risk handled by each pool, and whether participation in the pool complies with adopted policy.	_____	_____	_____
C	b. Obtain a copy of the agreement with the risk pool and determine whether required payments have been made in accordance with the agreement and have been charged to the proper fund/function.	_____	_____	_____
D E	c. Obtain a copy of the financial statements from the public entity risk pool and determine whether the auditee has any continuing contingencies (asset or liability) relative thereto. If so, determine whether the entity has recorded that asset or liability.	_____	_____	_____
E	d. Determine whether capitalization contributions are appropriately reported and disclosed in accordance with GAAP.	_____	_____	_____
E	e. Review the notes to financial statements for adequacy of disclosures regarding risks being handled by public entity risk pool(s).	_____	_____	_____
B	6. Determine on a test basis whether, for risk financing and related insurance activity expenditures/expenses charged to grant programs (including those associated with risk retention programs), the costs were allowable and otherwise complied with grant program requirements (such as whether the charges were incurred during the grant period). ¹	_____	_____	_____

¹ This step is not necessary for federal grant expenditures/expenses if the auditor is conducting an audit in accordance with the provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, concurrently with the financial statement audit and the scope of that A-133 audit is sufficient to provide reasonable assurance concerning the entity's compliance with grant requirements that have a direct and material effect on financial statement amounts.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
D. Other Auditing Procedures—Risk Retention				
A	1. Determine whether the entity's risk retention programs comply with its policies.	_____	_____	_____
D	2. For risks of loss retained by the entity, determine methods used to determine estimated losses from claims (including losses incurred but not reported).	_____	_____	_____
	a. If an actuarial report is used to record estimated losses, obtain a copy of the report and perform procedures relative thereto as required by SAS No. 73, <i>Using the Work of a Specialist</i> [AU section 336] including obtaining information concerning the professional qualifications and reputation of the actuarial firm, obtaining an understanding of the methods and assumptions used by the actuary, making appropriate tests of data provided to the actuary (taking into account the auditor's assessment of control risk), and evaluating whether the actuary's findings support the related assertions in the financial statements.	_____	_____	_____
	b. If an actuarial report is not used—			
	(1) Review methods used to determine estimated losses for reasonableness and logic.	_____	_____	_____
	(2) Trace information used in computation to historical data.	_____	_____	_____
	(3) For selected categories of loss, recompute estimated losses.	_____	_____	_____
	(4) Consider need to obtain services of a specialist.	_____	_____	_____
CDE	3. Determine whether claims and related expenditures/expenses have been recognized in accordance with GASB Codification section C50.	_____	_____	_____
C	4. Select a representative sample of claims paid and verify that the claimed losses were documented and that the payments made conform to program provisions.	_____	_____	_____
E	5. Determine whether annuity contracts purchased in a claimant's name have been properly accounted for and disclosed.	_____	_____	_____
	6. For risk retention programs accounted for within a general fund:			
DE	a. Determine whether claims payable are recorded using the modified accrual basis, with the current portion recorded as an expenditure and a fund liability and the long-term portion recorded in the general long-term debt account group.	_____	_____	_____
CE	b. Review the method of charging losses to other funds, and determine whether any amounts charged to other funds in excess of total expenditures and liabilities have been recorded as operating transfers.	_____	_____	_____
	7. For risk retention programs accounted for within an internal service fund:			

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
C D E	a. Determine whether premiums are:			
	(1) Recorded as charges for services in the internal service fund;	_____	_____	_____
	(2) Recorded as expenditures/expenses of the insured funds; and,	_____	_____	_____
	(3) Based on the loss experience (or the loss experience plus a reasonable provision for future catastrophe losses) of the internal service fund and allocated to the insured funds on a reasonable basis.	_____	_____	_____
D E	b. Determine whether total claims payable are reported as internal service funds liabilities.	_____	_____	_____
E	c. Determine whether consideration has been given to recording properly authorized interfund receivables and payables to eliminate internal service fund deficits.	_____	_____	_____
	(1) If receivables/payables have not been recorded, determine whether a feasible plan has been developed to eliminate the deficit within a reasonable period and whether such plan is properly disclosed.	_____	_____	_____
	(2) Determine whether internal service fund deficits are properly disclosed in the notes to financial statements.	_____	_____	_____
D	8. Correspond directly with the entity's attorney handling claims under the risk retention program regarding large or unusual claims that have not been settled.	_____	_____	_____
D	9. Examine claims paid subsequent to the close of the fiscal year to determine the existence of unrecorded payables.	_____	_____	_____
E	10. Determine whether assets accumulated to pay claims are appropriately reported as reserved or designated.	_____	_____	_____
E	11. Determine the accuracy and completeness of related note disclosures, including disclosure of loss contingencies and retained earnings designated for future catastrophe losses.	_____	_____	_____
E. Overall Conclusions				
	1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
	a. The entity has adopted policies to provide reasonable coverage for risks of loss.	_____	_____	_____
	b. The entity has complied with legal requirements relating to risk financing and related insurance activities.	_____	_____	_____
	c. Expenditures/expenses reported in the financial statements for risk financing and related insurance activities represent valid transactions and include all items that are applicable to the period.	_____	_____	_____

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
d. Liabilities reported in the financial statements for risk financing and related insurance activities are properly authorized, represent the correct amounts of currently payable items, and reflect all outstanding obligations.	_____	_____	_____
e. Financial statement presentation and disclosure of risk financing and related insurance activity transactions and balances are in conformity with GAAP consistently applied.	_____	_____	_____

Ref.**XIII. Fiduciary Funds (Other Than Pension and Investment Trust Funds)¹****Financial Statement Assertions**

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. Agency funds have been properly established and maintained, and are reported in accordance with generally accepted accounting principles (GAAP). (Assertions 1, 2, 3, 4, and 5)
- B. Trust funds (other than pension and investment trust funds) are being maintained in compliance with the applicable legal or contractual provisions and are reported in accordance with GAAP. (Assertions 1, 2, 3, 4, and 5)
- C. Transactions of Internal Revenue Code Section 457 deferred compensation plans are properly accounted for and the plans are reported in accordance with GAAP. (Assertions 1, 2, 3, 4, and 5)

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Evaluation of Internal Control

1. Review the understanding of internal control over fiduciary fund transactions and the preliminary assessment of control risk.

¹ See AAM section 12,200.135 for pension trust funds. The Audit and Accounting Manual does not include an audit program for investment trust funds. The accounting and financial reporting requirements for those funds are in GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
2.	For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
3.	Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures				
1.	Review the planning procedures applicable to analytical procedures performed on fiduciary funds and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
2.	If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
a.	The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
b.	Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
c.	Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—Agency Funds				
A	1. Determine the purpose of each agency fund.	_____	_____	_____
A	2. Trace collections into agency funds on a test basis.	_____	_____	_____
A	3. Trace disbursements from agency funds to supporting documentation on a test basis.	_____	_____	_____
A	4. Note and examine reports supporting payments to agency fund beneficiaries.	_____	_____	_____
A	5. Review presentation and note disclosure for conformity with GAAP.	_____	_____	_____
D. Other Auditing Procedures—Trust Funds (Other Than Pension and Investment Trust Funds)				
B	1. Obtain copies of documents establishing trust funds.	_____	_____	_____
B	2. Trace collections into trust funds on a test basis.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B	3. Trace disbursements from trust funds to supporting documentation on a test basis.	_____	_____	_____
B	4. Determine compliance of collection and disbursement transactions with terms of trust.	_____	_____	_____
B	5. Review recognition presentation, and note disclosure for conformity with GAAP.	_____	_____	_____
E. Other Auditing Procedures—IRC Section 457 Deferred Compensation Plans				
C	1. If the entity has a deferred compensation plan that meets the criteria for reporting in the financial statements:			
C	a. Confirm amounts on deposit in the plan directly with plan administrator and trace to the appropriate fund.	_____	_____	_____
C	b. Test a sample of plan deposits reported by the administrator to the entity's records.	_____	_____	_____
C	c. Confirm a sample of payments to plan participants.	_____	_____	_____
C	d. Review presentation and note disclosure for conformity with GAAP.	_____	_____	_____
F. Overall Conclusions				
	1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
	a. Agency funds have been properly established and maintained, and are reported in accordance with GAAP.	_____	_____	_____
	b. Trust funds (other than pension and investment trust funds) are being maintained in compliance with the applicable legal or contractual provisions and are reported in accordance with GAAP.	_____	_____	_____
	c. Transactions of Internal Revenue Code Section 457 deferred compensation plans are properly accounted for and the plans are reported in accordance with GAAP.	_____	_____	_____

A. Evaluation of Internal Control			
1. Review the understanding of internal control relative to pension trust funds and the preliminary assessment of control risk.	_____	_____	_____
2. For those assertions in which the auditor seeks a further reduction in the assessed level of control risk, perform tests of the effectiveness of the control activities in order to support the reduction in assessed level of control risk. This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
3. Consider the understanding of internal control, the assessed level of control risk (together with assessment of inherent risk), and the acceptable level of detection risk to determine the nature, timing, and extent of substantive tests.	_____	_____	_____
B. Analytical Procedures			
1. Review the planning procedures applicable to analytical procedures performed on pension trust funds and consider the result of the procedures in determining the nature, timing, and extent of other audit procedures.	_____	_____	_____
2. If an analytical procedure is used as the principal substantive test of a significant financial statement assertion, document:			
a. The expectation, where that expectation is not otherwise readily determinable from the documentation of the work performed, and factors considered in its development.	_____	_____	_____
b. Results of the comparison of the expectation to the recorded amounts or ratios developed from recorded amounts.	_____	_____	_____
c. Any additional auditing procedures performed in response to significant unexpected differences arising from the analytical procedure and the results of such additional procedures.	_____	_____	_____
C. Other Auditing Procedures—General			
[A] [B] [C] 1. Obtain copies of the following documents, if applicable:			
[D] [E] [F]			
a. Pension plan instruments, including amendments.	_____	_____	_____
b. State and local laws and regulations authorizing the pension plan.	_____	_____	_____
c. Minutes of meetings of the plan's governing board.	_____	_____	_____
d. Agreements with trustees, investment advisers, and insurance companies.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	e. Relevant policy and procedure manuals.	_____	_____	_____
	f. Service auditors' reports on the processing of transactions and applicable controls of service organization(s) responsible for processing data for the pension plan.	_____	_____	_____
	g. Current actuary's report on the pension plan.	_____	_____	_____
D. Other Auditing Procedures—Investments and Net Investment Income				
A E	1. Obtain a schedule of investments and determine that the investments made are in accordance with the provisions of plan instruments and laws and regulations governing the plan.	_____	_____	_____
	a. Trace selected investment transactions to approval in minutes of governing board or other documentation of authorization.	_____	_____	_____
	b. Reconcile balances to financial statements.	_____	_____	_____
A	2. Obtain evidence (by confirmation or physical count) concerning the existence and ownership of and custodial arrangements for the investments.	_____	_____	_____
A	3. Obtain information concerning any liens, pledges, or other security interests relating to the plan's investments by reviewing minutes, agreements, and confirmations.	_____	_____	_____
A E	4. Perform such procedures as necessary to satisfy the audit objectives concerning plan investments administered by trustees or other parties and reconcile the confirmed balances and transactions with amounts recorded and reported by the entity.	_____	_____	_____
D E	5. Determine that interest, dividend, and other income and investment expenses have been properly recorded and displayed in the financial statements.	_____	_____	_____
D E	6. Determine that investments are recorded at fair value and that all changes in fair value are recorded in the financial statements. [Note that unallocated insurance contracts may be reported at contract value, nonparticipating interest-earning investment contracts should be reported using cost-based measures, and allocated insurance contracts should be excluded from plan assets.]	_____	_____	_____
E	7. Review note disclosures for pension plan investments and investment income for conformity with GAAP.	_____	_____	_____
E. Other Auditing Procedures—Contributions and Related Receivables				
B	1. Obtain lists of participating employers, plan members, and contribution sources other than participating employers and plan members.	_____	_____	_____
B	2. Obtain schedules showing, by contribution source, contributions received or receivable and compare to the lists of participating employers, plan members, and other contributors.	_____	_____	_____
B	3. Test contribution reports for arithmetical accuracy, use of proper contribution rates or amounts, and use of proper payroll or salary base amount.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B	4. Test a sample of items from the contribution reports to participant records and from participant records to contribution reports.	_____	_____	_____
B	5. Reconcile contributions received to the plan's receipt records or trustee records.	_____	_____	_____
B	6. Confirm amounts contributed and receivable directly with selected contributors.	_____	_____	_____
E	7. Review the presentation of contributions in the statement of plan net assets for conformance with GAAP.	_____	_____	_____
B E	8. Review accruals of contribution receivables for conformance with GAAP and determine the reasonableness of allowances for doubtful accounts.	_____	_____	_____
E	9. Review note disclosures relative to pension plan contributions and related receivables.	_____	_____	_____
F. Other Auditing Procedures—Benefit Payments and Payables				
C	1. Obtain a schedule of pension payments made during the year (including any lump sum refunds, if applicable, to members withdrawing from the plan and certain payments to and by insurance companies for and from annuities) and reconcile to general ledger accounts.	_____	_____	_____
	a. Refer to plan provisions and recompute monthly benefits to selected members (or to their beneficiaries) for members who began to draw benefits during the period under audit.	_____	_____	_____
	b. For selected members withdrawing from the system during the year, trace refunds to supporting documentation.	_____	_____	_____
	c. Test payments made during the year to selected members who retired in prior years (or to their beneficiaries) to determine that benefits are in accordance with plan provisions.	_____	_____	_____
B	2. Evaluate the continued eligibility of plan members or beneficiaries to whom payments have been made over an unusually long period of time.	_____	_____	_____
B	3. Investigate benefit payment checks that have been outstanding for a long period of time.	_____	_____	_____
B E	4. Evaluate benefit payment accruals for conformance with GAAP.	_____	_____	_____
G. Other Auditing Procedures—Other Financial Statement Elements and Disclosures				
E	1. Test the records of plan assets used in plan operations (for example, buildings, equipment, furniture and fixtures, software and leasehold improvements) to ensure that additions, deletions, and depreciation or amortization of those assets is properly recorded.	_____	_____	_____
E	2. Determine how the administrative expenses of the plan are paid and whether there is appropriate disclosure of that financing source.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
E	3. Determine whether the plan's legally required reserves have been calculated in accordance with plan instruments and laws and regulations and whether those amounts are properly disclosed.	_____	_____	_____
E	4. Determine that the pension plan is properly described in the notes to the financial statements and that a summary of significant accounting policies is included.	_____	_____	_____
H. Other Auditing Procedures—Participants' Data and Actuarial Valuations				
B C D	1. By reviewing pertinent sections of the plan instruments, laws and regulations, and policies, identify participant data that should be tested because of its use in determining vesting, eligibility, or benefit amounts (for example, demographic data, payroll data, benefit levels and options, and so forth).	_____	_____	_____
B C D	2. For selected participants, verify relevant participant file data by comparing it to corroborative employer records (such as payrolls, employee earnings records, personnel files, and so forth).			
	a. For selected employees, recompute vesting and compare to the entity's records.	_____	_____	_____
B C D	3. For selected employees, trace payroll data to participant file data.	_____	_____	_____
B C D	4. Test whether new employees during the period were properly enrolled as plan members as provided in the plan instruments.	_____	_____	_____
D	5. With regard to actuarial valuations of defined benefit plans:			
	a. Obtain information concerning the professional qualifications and reputation of the actuarial firm and other information as required by SAS No. 73 (AU section 336).	_____	_____	_____
	b. Obtain an understanding of the actuary's methods and assumptions.	_____	_____	_____
	c. Submit an inquiry to the actuary concerning ²			
	(1) Whether the actuarial valuation considers all pertinent provisions of the plan, including any changes to the plan or other events affecting the actuarial calculations.	_____	_____	_____
	(2) Relationships between the actuary and the plan or an employer that may impair the actuary's objectivity.	_____	_____	_____
	(3) Aggregate and selected individual participant data amounts used in the actuarial valuations.	_____	_____	_____
	(4) Whether the actuary has reviewed the relevant portions of the financial statements and agrees with such information as presented.	_____	_____	_____

² See the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix N, "Illustrative Request to Actuary for Confirmation of GASB Pension Information."

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	d. Verify the accuracy and completeness of the participant data used in the actuarial valuations.	_____	_____	_____
	I. Review Procedures—Required Supplementary Information³			
F	1. With regard to historical trend information, inquire of management as to the methods used in preparing the information, including:			
	a. Whether it is measured and presented in accordance with GASB standards.	_____	_____	_____
	b. Whether the methods of measurement or presentation have been changed from those of the prior period and the reasons for such changes, if any.	_____	_____	_____
	c. Any significant assumptions or interpretations underlying the measurement or presentation.	_____	_____	_____
E F	2. Compare the historical trend information for consistency with:			
	a. Audited financial statements.	_____	_____	_____
	b. Other knowledge obtained during the examination of the financial statements.	_____	_____	_____
	c. Measurement and presentation in accordance with GASB standards.	_____	_____	_____
F	3. Consider whether representations on required supplementary information should be included in the request for the management representation letter.	_____	_____	_____
	J. Overall Conclusions			
	1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
	a. Investments reported in the financial statements are authorized and properly represent investments owned by the pension trust fund and held either on hand or in custody and safekeeping by others on behalf of the pension trust fund.	_____	_____	_____
	b. Contributions amounts received by and due to the plan have been determined in accordance with plan provisions and are valid, complete, and stated at the net realizable amount.	_____	_____	_____
	c. Benefit payment amounts and related liabilities conform to plan provisions, represent the correct amounts of currently payable items, and reflect all outstanding obligations.	_____	_____	_____
	d. Financial statement representations and disclosures are consistent with actuarial findings.	_____	_____	_____
	e. Financial statement presentation and disclosure of the pension trust fund and its transactions and balances are in conformity with GAAP consistently applied.	_____	_____	_____

³ These procedures reflect the limited procedures required by paragraph 7 of SAS No. 52, *Required Supplementary Information*, as amended (AU section 558.07). Different or additional procedures are required if the auditor's report will express an opinion whether the information is fairly presented in all material respects (a) in conformity with generally accepted accounting principles (GAAP) or (b) in relation to the financial statements taken as a whole (AU section 558.02 and .09).

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>

XIV. Financial Reporting (See also the engagement administration and supervision program at AAM section 12,200.010)

Financial Statement Assertions

1. Existence or occurrence
2. Completeness
3. Rights and obligations
4. Valuation or allocation
5. Presentation and disclosure

Audit Objectives

- A. The financial statements being reported upon are fairly stated in accordance with generally accepted accounting principles (GAAP) consistently applied (or in accordance with another comprehensive basis of accounting), including all required disclosures. (Assertions 1, 2, 3, 4, and 5)
- B. The financial statements include appropriate recognition or disclosure of events or transactions occurring after the balance-sheet date but before the date of our report (subsequent events). (Assertions 1, 2, 3, 4, and 5)
- C. Our report on the examination is appropriately worded, and in conformity with generally accepted auditing standards.

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Other Auditing Procedures

- A 1. Post all adjusting and reclassification journal entries that have properly been approved by firm and entity personnel to the audit documentation, and give a copy of appropriate entries to the entity to post to the accounting records.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
A	2. Prepare a summary of passed adjustments that reflects the net effect of such adjustments on individual fund/fund type, account group, and discretely presented component unit column assets, liabilities, equity, revenue, and expenditures.	_____	_____	_____
	a. Determine if the effects of misstatements, both individually and in the aggregate, on each fund type, account group, and discretely presented component unit column is material and state conclusion in summary.	_____	_____	_____
	b. Consider the need for additional audit adjustments.	_____	_____	_____
A	3. Extend trial balances and compare to amounts reported in the financial statements.	_____	_____	_____
A	4. Obtain a signed management representation letter from responsible entity officials. (A summary of uncorrected financial statement misstatements from step 2 should be included in or attached to the letter.) In addition to representations normally obtained in a GAAS audit (see SAS No. 85, <i>Management Representations</i> , as amended by SAS No. 89 [AU section 333]), consider obtaining additional representations regarding:			
	a. Management's acknowledgment of its responsibility for compliance with laws, regulations, and provisions of contracts and grant agreements applicable to the entity (including budget laws and ordinances).	_____	_____	_____
	b. Management's acknowledgment of its responsibility for establishing and maintaining internal control over financial reporting.	_____	_____	_____
	c. Management's acknowledgment that it has identified and disclosed to the auditor all laws, regulations, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts.	_____	_____	_____
	d. Management's acknowledgment that it has identified and disclosed to the auditor violations (or possible violations) of laws, regulations, and provisions of contracts and grant agreements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.	_____	_____	_____
	e. The financial reporting entity's financial statements to be audited.	_____	_____	_____
	f. The inclusion of all component units and the disclosure of all joint ventures and other related organizations.	_____	_____	_____
	g. The proper classification of funds and account groups.	_____	_____	_____
	h. The proper approval of reserves and designations of fund equities.	_____	_____	_____
	i. Status of environmental related matters, including identification of any known or potential contamination requiring remediation.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	j. Representations relative to GAAP-required supplementary information.	_____	_____	_____
A	5. Inquire of management as to the existence, amount, and reporting of contingencies and commitments with respect to such matters as:			
	a. Sales of assets and agreements to repurchase assets previously sold.	_____	_____	_____
	b. Guarantees of the debt of other entities.	_____	_____	_____
	c. Long-term leases.	_____	_____	_____
	d. Projects with other entities (joint ventures) that require annual payments.	_____	_____	_____
	e. Commitments to purchase large quantities of materials or services.	_____	_____	_____
	f. Commitments related to the construction, expansion, or rehabilitation of facilities.	_____	_____	_____
	g. Tax refund claims.	_____	_____	_____
	h. Possible claims for disallowed costs or expenditures incurred under a federal financial assistance program.	_____	_____	_____
	i. Contingencies related to risk financing and related insurance activities.	_____	_____	_____
A	6. Review legal fees for the period for indication of possible contingent liabilities.	_____	_____	_____
A B	7. Obtain from management a description and evaluation of litigation, claims, and assessments that existed at the audit date and during the period from the audit date to the date the information is furnished, including an identification of those matters referred to legal counsel.	_____	_____	_____
A B	8. Mail a letter of audit inquiry to the entity's attorney(s) to obtain corroboration of the information furnished by management concerning litigation, claims, and assessments.	_____	_____	_____
A B	9. Determine whether replies received from attorneys are complete, dated no more than two weeks before the date of the auditor's report (if not, obtain an oral or written update), and that all matters discussed therein have been considered for possible disclosure in the financial statements.	_____	_____	_____
A	10. Perform analytical procedures for overall review purposes, including whether the results indicate a previously unrecognized risk of material misstatement due to fraud.	_____	_____	_____

B. Other Auditing Procedures—Review of Subsequent Events

Scope of Review

From: _____ (Audit date)

To: _____ (Report date—last date of significant field work)

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
B	1. Review interim financial statements for periods subsequent to the balance-sheet date and compare them to the statements being reported on as well as to statements for comparable prior periods. Investigate any significant differences, results, events, or changes in accounting methods.	_____	_____	_____
B	2. Scan general ledger for subsequent period for any unusual entries or transactions and obtain explanation of entries noted.	_____	_____	_____
B	3. Review minutes of governing body and important committee meetings from audit date through _____ and consider whether any matters included in those minutes require further investigation to determine whether the financial statements should be adjusted or disclosure regarding subsequent events should be made in the notes to financial statements.	_____	_____	_____
B	4. Review the subsequent year's budget(s) for items that may indicate subsequent events that may require recognition or disclosure.	_____	_____	_____
B	5. Inquire of responsible officials as to the following items (attach memorandum or comments regarding significant matters discussed):	_____	_____	_____
	a. Property and equipment:			
	(1) Commitments or plans for major purchases or sales of buildings/equipment.	_____	_____	_____
	(2) Loss of buildings/equipment due to fires, abandonment, and so forth.	_____	_____	_____
	b. New debt issuances or other borrowing, including important covenants agreed to in connection therewith.	_____	_____	_____
	c. Other matters:			
	(1) Wage negotiations or strikes in progress or pending.	_____	_____	_____
	(2) Loss of significant grant funds.	_____	_____	_____
	(3) Changes in accounting and/or financial policies.	_____	_____	_____
	(4) Illegal acts.	_____	_____	_____
	d. Others (list as applicable):			
	_____	_____	_____	_____
	_____	_____	_____	_____

C. Other Auditing Procedures—Report¹

C	1. Determine whether all required disclosures are included in the financial statements or notes. See <i>AICPA Checklists and Illustrative Financial Statements for State and Local Governmental Units</i> and any disclosure standards issued since the checklists were issued.	_____	_____	_____
---	---	-------	-------	-------

¹ This program only addresses the financial statements and the auditor's report on them. For other reporting requirements of generally accepted auditing standards, see AAM section 12,200.010. For reporting requirements of *Government Auditing Standards* and OMB Circular A-133, see AAM sections 12,200.150 and 12,350.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
C	2. Determine whether the independent auditors' report is appropriately worded. (See the illustrative reports at AAM section 12,400.)	_____	_____	_____
C	3. Have the entity review and approve the final draft of the financial statements.	_____	_____	_____

D. Overall Conclusions

1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:
 - a. The financial statements being reported upon are fairly stated in accordance with GAAP consistently applied (or in accordance with an other comprehensive basis of accounting), including all required disclosures.
 - b. The financial statements include appropriate recognition or disclosure of events or transactions occurring after the balance-sheet date but before the date of our report (subsequent events).
 - c. Our report on the examination is appropriately worded, and in conformity with generally accepted auditing standards.

Except as follows:

This audit program has been completed in accordance with firm policy.

XV. Federal Financial Assistance (OMB Circular A-133 Single Audits)¹

Audit Objectives

- A. All federal awards received and expended and the federal programs under which they were received are identified in the entity's accounts.
- B. The entity's internal control over federal programs provides reasonable assurance that it is managing federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its major federal programs.
- C. The entity has complied with laws, regulations, and the provisions of contracts or grant agreements related to each of its major federal programs.
- D. The entity has prepared appropriate financial statements, including the schedule of expenditures of federal awards, and completed its sections of the data collection form.
- E. The single audit has been properly performed and submitted when due.
- F. The entity has followed up on and taken corrective action on audit findings, including preparing a summary schedule of prior audit findings and a corrective action plan.

Note: The letters preceding each of the above audit objectives serve as identification codes. These codes are presented in the objective column when the audit step accomplishes the specific objective. If the letter appears in brackets, that is, [A], [B], and so forth, the audit procedure only secondarily accomplishes the objective.

A. Audit Planning

- E 1. Determine whether we have communicated with the entity's management (for example, through the engagement letter or

¹ This audit program does not address program-specific audits in accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. A checklist for an A-133 program-specific audit is in the AICPA's *Practice Aid, Auditing Recipients of Federal Awards. Practical Guidance for Applying OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* (Single Audit Practice Aid). This audit program also does not address compliance audits of state, local, or nongovernmental grants, which are not covered by OMB Circular A-133. See the AICPA's Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, paragraphs 3.54 through 3.56, for a brief discussion of some of the considerations in auditing such grants.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	audit contract) that we will be performing a single audit of the entity's federal awards.	_____	_____	_____
E	2. Determine whether the amount of the entity's expenditures of federal awards makes it subject to a single audit.	_____	_____	_____
E	3. Determine whether we are restricted from conducting the single audit because we prepared the indirect cost rate proposal or the cost allocation plan.	_____	_____	_____
[E]	4. Determine whether the timing of the audit is appropriate to enable the entity to comply with the OMB Circular A-133 report submission deadline.	_____	_____	_____
E	5. Review applicable laws, regulations, and other material governing the performance of the single audit of federal financial assistance. (See the listing of reference materials at AAM section 12,210.)	_____	_____	_____
E F	6. Obtain and review a copy of the entity's prior-year single audit reporting package, determine whether it was submitted to all appropriate parties when due, and evaluate the status of corrective action on the reported findings.	_____	_____	_____
A B C	7. Review and discuss with responsible officials the policies and procedures used to account for and administer federal programs as well as the administration of federal programs during the audit period. Cover issues such as correspondence from and monitoring visits by federal agencies or pass-through entities, new or newly-administered federal programs, changes in program laws, regulations, and compliance requirements, subrecipient monitoring, the use of computer processing, and changes in entity personnel responsible for federal programs.	_____	_____	_____
D F	8. Determine whether the entity understands and is prepared to meet its reporting responsibilities under OMB Circular A-133. Discuss with the entity the format desired for the single audit reports (such as whether they are to be included in the comprehensive annual financial report or issued separately.)	_____	_____	_____
D	9. Determine whether the entity has prepared financial statements that reflect its financial position, results of operations, and, where appropriate, cash flows.	_____	_____	_____
A D E	10. Obtain the current-year schedule of expenditures of federal awards (which may only be available in draft), reconcile the schedule to the general accounting records, and:			
	a. Determine whether the period covered by the schedule is the same as that covered by the financial statements.	_____	_____	_____
	b. Determine whether the schedule:			
	(1) Includes all types of federal financial assistance as defined by OMB Circular A-133, paragraph .105.	_____	_____	_____

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	(2) Includes the minimum data elements required by OMB Circular A-133, paragraph .310(b), including notes that describe the significant accounting policies used. ²	_____	_____	_____
	(3) Reports "awards expended" based on the definitions in OMB Circular A-133, paragraph .205.	_____	_____	_____
	(4) Uses measurements or presentations that differ from those used in the prior period. (If yes, how and why?)	_____	_____	_____
	(5) Has any significant assumptions or interpretations underlying the measurements or presentation.	_____	_____	_____
	(6) Can be reconciled to the amounts presented in the financial statements.	_____	_____	_____
A D E	11. Determine the "entity" for single audit purposes (that is, whether the single audit will be an organization-wide audit or a series of audits of individual departments, agencies, and other organizational units) and whether the financial statements and the schedule of expenditures of federal awards are for the same organizational unit.	_____	_____	_____
E	12. Where appropriate, contact the cognizant agency and receive input on important areas.	_____	_____	_____
E	13. Consider any issues relating to joint audits or reliance on other auditors.	_____	_____	_____
E	14. Consider the effect of using the work of the entity's internal auditors.	_____	_____	_____
E	15. Evaluate whether the entity qualifies as a low-risk auditee.	_____	_____	_____
E	16. Consider an approach to auditing indirect costs.	_____	_____	_____
E	17. Identify those federal programs administered by the entity that constitute clusters of programs.	_____	_____	_____
[C] E	18. Risk assess federal programs as needed and determine the major federal programs, making sure that the percentage-of-coverage requirement is met and that the risk analysis process used in determining major programs is documented. ³	_____	_____	_____
E	19. Compute planning materiality for each major program.	_____	_____	_____
[C] E	20. Obtain from management the requirements of the laws, regulations, and provisions of contracts or grant agreements applicable to major programs.	_____	_____	_____
[C] E	21. Review correspondence between the entity and the federal grantor and pass-through agencies applicable to major programs.	_____	_____	_____

² A checklist of requirements for the schedule of expenditures of federal awards is in the AICPA's Single Audit Practice Aid. The schedule's requirements are also discussed in chapter 5 of the AICPA's Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*.

³ A checklist for assessing federal program risk and a worksheet for determining major programs for single audits is in the AICPA's Single Audit Practice Aid.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
[C] E	22. Consider the effect that multiple service locations will have on the compliance audit of major programs.	_____	_____	_____
[C] E	23. Identify the compliance requirements that could have a direct and material effect on each major program.	_____	_____	_____
E	24. Determine whether the audit of the financial statements has been or will be performed in accordance with <i>Government Auditing Standards</i> (GAS). If not, perform the following:			
	a. Determine that we are in conformity with the independence requirements of Government Auditing Standards Amendment 3, <i>Independence</i> , including its requirements concerning quality assurance, establishing an understanding with the audited entity, communication with management, and documentation. (Amendment 3, as affected by <i>Government Auditing Standards: Answers to Independence Questions</i> , is effective for audits for periods beginning on or after January 1, 2003.)	_____	_____	_____
	b. Determine whether we have communicated during the planning stage of the audit (for example, in the engagement letter) to appropriate officials of the entity (the head of the entity, the audit committee or board of directors, or the chief financial officer), third-parties contracting for or requesting the audit, and legislative members of staff of an oversight entity when law or regulation imposes an audit requirement on this particular entity:			
	(1) Our responsibilities in a financial statement audit, including our responsibility for testing and reporting on internal controls and compliance with laws and regulations, and whether we are planning on providing opinions on compliance with laws and regulations and internal control over financial reporting.	_____	_____	_____
	(2) The nature of any additional testing of internal controls and compliance required by laws and regulations.	_____	_____	_____
	(3) If this communication was made orally, determine whether the communication is included in the audit documentation.	_____	_____	_____
	c. Determine whether firm personnel assigned to the engagement have met the continuing education and training requirements and qualification standards of GAS.	_____	_____	_____
	d. Determine whether the firm has an appropriate internal quality control system and a current external quality control review.	_____	_____	_____
	e. Determine whether other firms, if any, that participate in the audit have met the GAS requirements for continuing education and training, an appropriate internal quality control system, and a current external quality control review.	_____	_____	_____
	f. Determine that the audit documentation includes the following for assertions related to material account balances, transaction classes, and disclosure components of financial statements when such assertions are significantly dependent upon computerized information systems:			

<u>Obj.</u>	<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
(1) The basis for assessing control risk at the maximum level.	_____	_____	_____
(2) Consideration that the planned audit procedures are designed to achieve audit objectives and to reduce audit risk to an acceptable level.	_____	_____	_____
g. Follow-up on known material findings and recommendations from previous audits that could affect the financial statement audit and determine whether the entity has taken timely and appropriate corrective action.	_____	_____	_____
h. Plan the audit to provide reasonable assurance of detecting misstatements resulting from noncompliance with provisions of contracts and grant agreements (in addition to laws and regulations) that have a direct and material effect on the determination of financial statement amounts. ⁴	_____	_____	_____
B. Internal Control Over Compliance⁵			
B 1. For each compliance requirement that could have a direct and material effect on each major program as identified above:			
a. Associate each compliance requirement to one of the fourteen types of compliance requirements listed in the OMB <i>Compliance Supplement</i> .	_____	_____	_____
b. Identify specific internal control policies and procedures relevant to each compliance requirement that are likely to prevent or detect material noncompliance and perform a preliminary assessment of control risk. (If a low assessed level of control risk for a compliance requirement cannot be planned, go to step e.)	_____	_____	_____
c. Perform tests of controls to evaluate the effectiveness of the design and operation of the controls (for example, through inquiry of appropriate personnel, inspection of documents and reports, observation of the application of specific controls, and reperformance of the application of controls), and assess control risk.	_____	_____	_____
d. Document in the working papers the internal control tests performed, the results of those tests, and the basis for conclusions concerning the level of control risk.	_____	_____	_____

⁴ SAS No. 54, *Illegal Acts by Clients* (AU section 317), requires the auditor to design the audit to provide reasonable assurance that the financial statements are free of material misstatements resulting from violations of laws and regulations that have a direct and material effect on the determination of financial statement amounts. Paragraph 4.13 of *Government Auditing Standards* refers to additional responsibilities with regard to detecting material misstatements resulting from noncompliance with the provisions of contract and grant agreements that have a direct and material effect on the determination of financial statement amounts. However, it has generally been interpreted under GAAS that the phrase "laws and regulations" in SAS No. 54 implicitly includes the provisions of contracts and grant agreements. Thus, the auditor's responsibility with regard to detecting material misstatements resulting from noncompliance with the provisions of contracts and grant agreements under *Government Auditing Standards* equates to the auditor's responsibility under GAAS.

⁵ See the internal control objectives and characteristics of internal control over compliance with federal awards in AAM section 12,040.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	e. For those compliance requirements for which a low assessed level of control risk could not be achieved, document that conclusion in the working papers and, if appropriate, draft a reportable condition or material weakness audit finding. ⁶	_____	_____	_____
B E	2. Evaluate the effect that the audit findings relating to internal control over compliance have on our report on internal control over compliance with OMB Circular A-133.	_____	_____	_____
	C. Compliance			
C	1. For each type of compliance requirement applicable to each major program:			
	a. Consider the understanding of internal control, the assessed level of control risk (together with an assessment of inherent risk), the acceptable level of detection risk, and other appropriate factors to determine the nature, timing, and extent of substantive compliance tests.	_____	_____	_____
	b. Identify audit objectives and audit procedures using the OMB <i>Compliance Supplement</i> . (See the audit program for tests of compliance requirements at AAM section 12,200.160.)	_____	_____	_____
	c. Determine the numbers and types of transactions to test.	_____	_____	_____
	d. Perform compliance tests, expanding or adjusting those tests as needed for identified noncompliance.	_____	_____	_____
	e. Document in the working papers the compliance tests performed and the results of those tests.	_____	_____	_____
	f. As appropriate, draft audit findings for identified noncompliance required to be reported.	_____	_____	_____
C E	2. Evaluate the effect that the audit findings relating to compliance with major programs have on our opinion on compliance with requirements applicable to each major program.	_____	_____	_____
E	3. If the audit of the financial statements has not been performed in accordance with GAS:			
	a. Perform tests to determine whether there are misstatements resulting from noncompliance with provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts. ⁷	_____	_____	_____
	b. If specific information comes to our attention that provides evidence of the existence of possible illegal acts related to the provisions of contracts and grant agreements that could have a material indirect effect on the financial statements, apply audit procedures specifically directed to ascertaining whether an illegal act has occurred. ⁸	_____	_____	_____

⁶ For purposes of reporting internal control audit findings in accordance with OMB Circular A-133, reportable conditions and material weaknesses are evaluated in relation to a type of compliance requirement for a major program or an audit objective identified in the OMB *Compliance Supplement*. Also, reportable conditions may individually or cumulatively be material weaknesses.

⁷ See footnote 4.

⁸ See footnote 4.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	c. As appropriate, draft audit findings related to identified noncompliance and illegal acts.	_____	_____	_____
	d. Evaluate the effect that the audit findings relating to compliance over financial reporting—including those identified during our audit of the financial statements in accordance with generally accepted auditing standards—have on our report on compliance based on an audit of financial statements performed in accordance with GAS.	_____	_____	_____
C E	4. Evaluate the effect that the audit findings relating to compliance with major programs and over financial reporting have on our opinion on the financial statements.	_____	_____	_____
D. Other Procedures				
B C	1. Determine whether indirect or allocated costs have been appropriately audited through the testing of major programs. If not, perform appropriate procedures to evaluate internal control and to determine whether the costs charged to cost pools that were used to calculate the indirect cost rate or that were allocated through the cost allocation plan or indirect cost rate agreement were proper.	_____	_____	_____
A D	2. Consider whether the information in the schedule of expenditures of federal awards is consistent with the audited financial statements and other knowledge obtained during the audit of the financial statements.	_____	_____	_____
F	3. Follow-up on prior audit findings and perform procedures to assess the reasonableness of the entity's summary schedule of prior audit findings. Draft current-year audit findings if the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding.	_____	_____	_____
D	4. Perform procedures to determine whether subsequent events relating to federal programs are appropriately reported and disclosed in the financial statements and schedule of expenditures of federal awards.	_____	_____	_____
E	5. Determine whether audit documentation for the financial statement and single audits contain sufficient information to enable an experienced auditor having no previous connection with the audit to ascertain from them the evidence that supports the auditors' significant conclusions and judgments, including the following:			
	a. The objectives, scope, and methodology, including any sampling criteria used.	_____	_____	_____
	b. Documentation of the work performed to support significant conclusions and judgments, including descriptions of transactions and records examined that would enable an experienced auditor to examine the same transactions and records.	_____	_____	_____
	c. Evidence of supervisory reviews of the work performed.	_____	_____	_____
E	6. Determine that the firm has established policies or procedures for complying with the single audit requirements concerning:			

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
	a. Retaining audit documentation and reports for a minimum of three years from the date of the audit report, unless the auditor is notified in writing by the cognizant agency to extend the retention period.	_____	_____	_____
	b. Making the audit documentation available upon request to the cognizant or oversight agency for audit (or its designee), federal agencies providing direct or indirect funding, or the GAO at the completion of the audit.	_____	_____	_____
A B C D E F	7. Obtain a signed management representation letter from responsible entity officials that covers representations relating to the single audit, dated no earlier than the date of the auditor's report. ⁹	_____	_____	_____
	8. Consider holding a closing or exit conference with senior officials of the entity upon the completion of fieldwork. Document the names of the attendees, comments made by the entity representatives, and other details.	_____	_____	_____
	E. Reporting¹⁰			
E	1. If the audit identified fraud or illegal acts, determine whether we have complied with the direct reporting requirements of GAS, paragraphs 5.21 through 5.25, even if we resigned or were dismissed from the audit.	_____	_____	_____
E	2. Prepare the independent auditor's report on the financial statements, if not previously prepared. Determine whether it states that the audit was conducted in accordance with GAS. (See the illustrative reports at AAM section 12,400.01 through .17.)	_____	_____	_____
A D E	3. Obtain a final copy of the schedule of expenditures of federal awards and compare it to information in the working papers.	_____	_____	_____
E	4. Prepare the auditor's report on the schedule of expenditures of federal awards, either as part of the report on the financial statements or as part of the report on compliance with requirements applicable to each major program and on internal control over compliance with OMB Circular A-133. (See the illustrative reports at AAM sections 12,400.17 and .20 through .23.)	_____	_____	_____
E	5. If not previously done, prepare the auditor's report on compliance and on internal control over financial reporting based on an audit of financial statements performed in accordance with GAS. (See the illustrative reports at AAM section 12,400.18 and .19.)	_____	_____	_____
E	6. Prepare the auditor's report on compliance with requirements applicable to each major program and on internal control over compliance with OMB Circular A-133. (See the illustrative reports at AAM section 12,400.20 through .23.)	_____	_____	_____

⁹ A checklist of management representations relative to single audits and an illustrative management representation letter for single audit representations is in the AICPA's Single Audit Practice Aid.

¹⁰ Audit reporting checklists for single audits are in the AICPA's Single Audit Practice Aid and the AICPA's *Checklists and Illustrative Financial Statements for State and Local Governmental Units (Non-GASB 34 Edition)*.

<u>Obj.</u>		<u>Done By</u>	<u>Date</u>	<u>W/P Ref.</u>
E	7. Prepare a schedule of findings and questioned costs ¹¹ that includes a summary of auditor's results, findings related to the financial statements that are required to be reported in accordance with GAS, and findings and questioned costs for federal awards. (See the illustrative schedule at AAM section 12,400.26.)	_____	_____	_____
E	8. Review all audit findings to determine whether they include all appropriate details.	_____	_____	_____
E	9. Determine whether the status of uncorrected material findings and recommendations from prior audits that affect the financial statement audit are reported either in the schedule of findings and questioned costs or the entity's summary schedule of prior audit findings.	_____	_____	_____
E	10. Communicate to the entity all deficiencies in internal control that are not reportable conditions, preferably in writing as a management letter to top management. Include any such oral communication in the audit documentation. If a management letter is issued, determine whether the auditor's report on compliance and on internal control over financial reporting based on an audit of financial statements performed in accordance with GAS refers to it.	_____	_____	_____
DE	11. Complete the appropriate sections of the data collection form and review the sections of the form prepared by the entity. ¹²	_____	_____	_____
E	12. Determine whether all reports and the auditor's signature in the data collection form are appropriately dated.	_____	_____	_____
	13. Review the report drafts with appropriate entity officials.	_____	_____	_____
F	14. Determine whether the entity has prepared a corrective action plan that addresses each audit finding included in the current year report.	_____	_____	_____
DEF	15. Determine whether the single audit reporting package includes all required reports and schedules.	_____	_____	_____
E	16. In accordance with paragraph 5.32 of GAS, determine whether the audit reports are distributed to the appropriate entity officials, appropriate officials of the organization requiring or arranging for the audit (unless legal restrictions prevent it), other officials who have legal oversight authority or who may be responsible for acting on audit findings and recommendations, and to others authorized to receive such reports.	_____	_____	_____
E	17. Provide the entity with a sufficient number of copies of the single audit reporting package for it to satisfy its report distribution responsibilities under OMB Circular A-133.	_____	_____	_____

¹¹ See AAM section 12,200.180.

F. Overall Conclusions			
1. In our opinion, we have obtained sufficient and competent evidential matter to provide reasonable assurance that:			
a. All federal awards received and expended and the federal programs under which they were received are identified in the entity's accounts.	_____	_____	_____
b. The entity's internal control over federal programs provides reasonable assurance that it is managing federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its major federal programs.	_____	_____	_____
c. The entity has complied with laws, regulations, and the provisions of contracts or grant agreements related to each of its major federal programs.	_____	_____	_____
d. The entity has prepared appropriate financial statements, including the schedule of expenditures of federal awards, and completed its sections of the data collection form.	_____	_____	_____
e. The single audit has been properly performed and submitted when due.	_____	_____	_____
f. The entity has followed up on and taken corrective action on audit findings, including preparing a summary schedule of prior audit findings and a corrective action plan.	_____	_____	_____
Except as follows:			

This audit program has been completed in accordance with firm policy.

XVI. Tests of Compliance Requirements (OMB Circular A-133 Single Audits)

Note: See AAM section 12,040 for an internal control checklist that allows you to obtain an understanding of internal control over the various compliance requirements for federal awards. OMB Circular A-133 requires that you plan the testing of internal control to support a low assessed level of control risk for each compliance requirement for each major program and perform the testing of internal control as planned. If internal control over a compliance requirement is likely to be ineffective, see the alternative procedures in section 500(c)(3) of OMB Circular A-133, which include assessing the control risk at the maximum and considering whether additional compliance tests and reporting are required because of ineffective internal control. You should consider the results of the testing of internal control in assessing the risk of noncompliance and as a basis for determining the nature, timing, and extent of substantive tests of compliance. Audit procedures for internal control and compliance testing may be accomplished using dual-purpose testing.

Note: The administrative requirements that apply to most federal awards to state and local governmental entities, including public institutions of higher education, arise from two sources: the *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments* (also known as the A-102 Common Rule) and OMB Circular A-110, *Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations*, including the agencies' codification of OMB Circular A-110.

States, local governments, and Indian tribal governments are to administer the federal grants and cooperative agreements under the provisions of the A-102 Common Rule, which was codified by each federal funding agency in its volume of the *Code of Federal Regulations* (CFR). Those requirements apply except grants and subgrants to public institutions of higher education and governmental hospitals and except where they are inconsistent with federal statutes or with regulations authorized in accordance with the exception provision of the A-102 Common Rule. Block grants authorized by the Omnibus Budget Reconciliation Act of 1981 and several other specifically identified programs are exempt from the A-102 Common Rule. (See Appendix I of the OMB Circular A-133 *Compliance Supplement* for those exclusions.) In some cases the A-102 Common Rule permits states to follow their own laws and procedures.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

The major source of requirements applicable to public institutions of higher education and governmental hospitals is OMB Circular A-110, which also has been codified in agency regulations. Unlike the A-102 Common Rule, agencies with OMB approval, can modify certain provisions of A-110 to meet their special needs. Circular A-110 also permits federal awarding agencies to apply less restrictive requirements when awarding small awards, except for those requirements that are statutory. Federal awarding agencies also may make exceptions on a case-by-case basis. (Appendix II of the *Compliance Supplement* contains a list of agencies that have codified OMB Circular A-110 and the CFR citations for those codifications.)

Governmental subrecipients are subject to the provisions of the A-102 Common Rule. However, that Rule permits states to impose their own requirements on their governmental subrecipients. Thus, in some circumstances, the auditor may need to refer to state rules and regulations rather than Federal requirements. All public institutions of higher education and governmental hospitals that are subrecipients, regardless of the type of organization making the subaward, are required to follow the provisions of OMB Circular A-110 as implemented by the agency when awarding or administering subgrants except under block grants authorized by the Omnibus Budget Reconciliation Act of 1981 and the Job Training Partnership Act where state rules apply instead.

OMB budgetary guidance and Public Law 107-300 (the Improper Payments Information Act of 2002) require federal agencies to estimate improper payments made under federal awards. Improper payments are any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements, including any payment to an ineligible recipient. Improper payments also are any payment for an ineligible service, any duplicate payment, payments for services not received, and any payments that does not account for credit for applicable discounts. The *Compliance Supplement* requires auditors to be alert to improper payments, particularly when testing: "A. Activities Allowed or Unallowed;" "B. Allowable Costs/Cost Principles;" "E. Eligibility;" and, in some cases, "N. Special Tests and Provisions."

A. Activities Allowed or Unallowed

Compliance Requirements—The specific requirements for activities allowed or unallowed are unique to each federal program and are found in the laws, regulations, and provisions of contract or grant agreements pertaining to the program. See Parts 4 and 5 of the *Compliance Supplement* for programs listed therein. This type of compliance requirement specifies the activities that can or cannot be funded under a specific program.

Audit Objectives—Determine whether federal awards were expended only for allowable activities.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
<i>Audit Procedures</i>			
1. Identify the types of activities that are either specifically allowed or prohibited by the laws, regulations, and provisions of contract or grant agreements pertaining to the program.	_____	_____	_____
2. When allowability is determined based upon summary level data, perform procedures to verify that:			
a. Activities were allowable.	_____	_____	_____
b. Individual transactions were properly classified and accumulated into the activity total.	_____	_____	_____
3. When allowability is determined based upon individual transactions, select a sample of transactions and perform procedures to verify that the transaction was for an allowable activity.	_____	_____	_____
4. Determine whether there were large transfers of funds from program accounts that may have been used to fund unallowable activities.	_____	_____	_____

B. Allowable Costs/Cost Principles

Note: States, local governments, and Indian tribal governments except public institutions of higher education and governmental hospitals (referred to in this section as states, local governments, and Indian tribal governments) are subject to the cost principles of OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*. However, state rules for expenditures of state funds apply for block grants authorized by the Omnibus Budget Reconciliation Act of 1981 and the Job Training Partnership Act.

Public institutions of higher education are subject to the cost principles of OMB Circular A-21, *Cost Principles for Educational Institutions*, which incorporates the four Cost Accounting Standards Board (CASB) Standards and the Disclosure Statement (DS-2) requirements.

Federal awards administered by governmental hospitals and other providers of medical care are exempt from OMB's cost principles circulars, but are subject to requirements promulgated by the sponsoring federal agencies (45 CFR part 74, Appendix E).

The cost principles applicable to a non-federal entity apply to all federal awards received by the entity, regardless of whether the awards are received directly from the federal government or indirectly through a pass-through entity. The circulars describe selected cost items, allowable and unallowable costs, and standard methodologies for calculating indirect costs rates. The cost principles in the two cost principles circulars are in most cases substantially identical but a few differences do exist. Part 3 of the *Compliance Supplement* contains an exhibit that lists the treatment of the selected costs items by the circulars.

Compliance Requirements—Allowability of Costs—General Criteria (Applicable to Both Direct and Indirect Costs)

- Costs must be reasonable and necessary for the performance and administration of federal awards.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

- Costs must be allocable to the federal awards under the provisions of the cost principles or CASB Standards, as applicable. A cost is allocable to a particular cost objective (such as a specific function, program, project, department, or the like) if the goods or services involved are charged or assigned to such cost objective in accordance with relative benefits received.
- Costs must be given consistent treatment through application of those generally accepted accounting principles appropriate to the circumstances. A cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances was allocated to the federal award as an indirect cost.
- Costs must conform to any limitations or exclusions set forth in the circulars, federal laws, state or local laws, sponsored agreements or other governing regulations as to types or amounts of cost items.
- Costs must be net of all applicable credits that result from transactions that reduce or offset direct or indirect costs. Examples of such transactions include purchase discounts, rebates or allowances, recoveries or indemnities on losses, insurance refunds or rebates, and adjustments for overpayments or erroneous charges.
- Costs must be documented in accordance with OMB Circular A-110 for public institutions of higher education or the A-102 Common Rule for state, local, and Indian tribal governments.

State, Local, and Indian Tribal Governments

Compliance Requirements—Indirect Costs

Note: See Part 3 of the *Compliance Supplement* for a discussion of the different types of indirect cost rates and the different types of cost allocation plans (CAPs) and indirect cost rate proposals (IDCRPs). Additional information on cost allocation plans and indirect cost rates is found in the Department of Health and Human Services (HHS) publications: *A Guide for State, Local and Indian Tribal Governments* (ASMB C-10); and the *Review Guide for States and Local Governments State/Local-Wide Central Service Cost Allocation Plans and Indirect Cost Rates*, which are available on the Internet at <http://rates.psc.gov>.

- These costs are subject to negotiated indirect cost rate agreements or award-specific indirect cost rates.
- States, major local governments and Indian tribal governments must prepare CAPs or IDCRPs and submit the plan to the cognizant agency for cost negotiation and approval.
- Other organizations, such as smaller local governments, must prepare the appropriate CAPs or IDCRPs, and maintain the plan on file for review.
- Concerning the billed central services costs (section II costs) in state/local-wide central service CAPs:
 1. Billed central services must be adjusted using one of four allowable methods when there is a difference between the revenue generated by each billed service and the actual allowable costs.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

2. Whenever funds are transferred from a self-insurance reserve to other accounts (such as the general fund), refunds must be made to the federal government for its share of funds transferred, including earned or imputed interest from the date of transfer.
- Concerning public assistance CAPs (PACAPs), auditors should verify that the entity complies with the approved cost allocation plan.

Audit Objectives (Both Direct and Indirect Costs)—Determine whether the organization complied with the provisions of OMB Circular A-87 as follows:

- Direct charges to federal awards were for allowable costs.
- Charges to cost pools used in calculating indirect cost rates were for allowable costs.
- Charges to cost pools allocated to federal awards through CAPs were for allowable costs.
- The methods of allocating the costs are in accordance with the applicable cost principles and produce an equitable and consistent distribution of costs (such as cost allocation bases include all allowable and unallowable base costs to which allowable indirect costs are allocable and the cost allocation methodology complies with the applicable cost principles and provides equitable and consistent allocation of indirect costs to benefitting cost objectives).
- Indirect cost rates were applied in accordance with approved rate agreements, or special award provisions or limitations, if different from those stated in negotiated rate agreements. Associated billings were the result of applying the appropriate rate to the proper base amount(s).
- Other organizations, such as smaller local governments, must prepare the appropriate CAPs or IDCPRs, and maintain the plan on file for review.

Note: The following procedures apply to direct charges to federal awards as well as to charges to cost pools that are allocated wholly or partially to federal awards or used in formulating indirect cost rates used for recovering indirect costs from federal awards. If the auditor identifies unallowable costs, the auditor should be aware that “directly associated costs” may have been charged. *Directly associated costs* are costs incurred solely as a result of incurring another cost, and would not have been incurred if the other cost had not been incurred. For example, fringe benefits are directly associated with payroll costs. When an unallowable cost is incurred, directly associated costs are also unallowable.

1. Test a sample of transactions to determine that the costs:
 - a. Are authorized or not prohibited under state or local laws or regulations.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Are approved by the federal awarding agency, if required.	_____	_____	_____
c. Conform with the allowability of costs provisions of applicable cost principles, or limitations in the program agreement, program regulations, or program statute.	_____	_____	_____
d. Conform with the allocability provisions of applicable cost principles.	_____	_____	_____
e. Represent charges for actual costs, not budgeted or projected amounts.	_____	_____	_____
f. With respect to fringe benefit allocations, charges, or rates, such allocations, charges, or rates are based on the benefits received by different classes of employees within the organization.	_____	_____	_____
g. Are applied uniformly to federal and non-federal activities.	_____	_____	_____
h. Are given consistent accounting treatment. (Note that consistency in accounting requires that costs incurred for the same purpose, in like circumstances, be treated as either direct costs only or indirect costs only with respect to final cost objectives.)	_____	_____	_____
i. Are calculated in conformity with generally accepted accounting principles, or another comprehensive basis of accounting, when required under the applicable cost principles. (Note that costs for post-employment benefits must be funded to be allowable.)	_____	_____	_____
j. Are not included as a cost or used to meet cost sharing requirements of other federally-supported activities of the current or a prior period.	_____	_____	_____
k. Are net of all applicable credits.	_____	_____	_____
l. Are not included as both a direct billing and as a component of indirect costs (that is, the costs are excluded from cost pools included in CAPs or IDCRCs if charged directly to federal awards).	_____	_____	_____
m. Are supported by appropriate documentation, such as approved purchase orders, receiving reports, vendor invoices, canceled checks, and time and attendance records, and correctly charged as to account, amount, and period. (Note that documentation requirements for salaries and wages, and time and effort distribution are described in applicable cost principles.)	_____	_____	_____
2. When material charges are made from internal service, central service, pension, or similar activities or funds, verify that the charges from these activities or funds are in accordance with the applicable cost principles by performing the following:			
a. For activities accounted for in separate funds, determine whether:			
(1) Retained earnings/fund balances (including reserves) were computed in accordance with the applicable cost principles.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
(2) Working capital was not excessive in amount (generally not greater than sixty days for cash expenses for normal operations incurred for the period exclusive of depreciation, capital costs, and debt principal costs).	_____	_____	_____
(3) Refunds were made to the federal government for its share of any amounts transferred or borrowed from internal service or central service funds for purposes other than to meet the operating liabilities, including interest on debt, of the fund.	_____	_____	_____
b. Test that all users of services are billed in a consistent manner.	_____	_____	_____
c. Test that billing rates exclude unallowable costs, in accordance with applicable cost principles.	_____	_____	_____
d. Test, where activities are not accounted for in separate funds, that billing rates (or charges) are developed based on actual costs and were adjusted to eliminate profits.	_____	_____	_____
e. For organizations that have self-insurance and a certain type of fringe benefit programs (such as pension funds), determine whether independent actuarial studies appropriate for such activities are performed at least biennially and that current period costs were allocated based on an appropriate study which is not over two years old.	_____	_____	_____

Note: An IDCRC is based upon costs that often precede the year in which the IDCRC is prepared and the resulting Indirect Cost Rate Agreement (IDCRA) is used to charge indirect costs. There is a timing consideration in that the audit (which covers the applicable cost pools) may be completed before the IDCRC is submitted. When the IDCRA is the basis for material charges to a major program, the auditor is required to obtain appropriate assurance that the costs collected in the cost pools and allocation methods are in compliance with the applicable cost principles. Part 3 of the *Compliance Supplement* describes acceptable options the auditor may use to obtain that assurance. The costs allocated through CAPs (including PACAPs) may include current year and prior year costs, therefore, the auditor should test the costs charged to cost pools in the supporting CAPs and the methods of allocating costs from CAPs in each year when those costs are material to a major program.

3. For IDCRCs and CAPs:

- | | | | |
|--|-------|-------|-------|
| a. Test the cost pools that form the basis of the IDCRC and CAP and the resulting charges to federal awards to determine whether they include only allowable costs in accordance with the applicable cost principles. (See audit procedure 1 above.) | _____ | _____ | _____ |
| b. Test the methods of allocating the costs to determine whether they are in accordance with the applicable provisions of the cost principles and produce an equitable distribution of costs. Appropriate detailed tests may include: | | | |
| (1) Test statistical data (such as square footage, case counts, salaries and wages) to determine whether the proposed | | | |

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
allocation or rate bases are reasonable, updated as necessary, and do not contain any material omissions.	_____	_____	_____
(2) Review time studies or time and effort reports (where and if used) to determine whether they are mathematically and statistically accurate, are implemented as approved, and are based on the actual effort devoted to the various functional and programmatic activities to which the salary and wage costs are charged. (For PACAPs, because the most significant cost pools in terms of dollars, are usually allocated based upon the distribution of income maintenance and social services workers efforts identified through time studies, determine whether the time studies are implemented and operated in accordance with the methodologies described in the approved CAP. Review the adequacy of the controls governing the conduct and evaluation of the study, determine that the sample observations were properly selected and performed, the documentation of the observations were properly completed, and that the results of the study were correctly accumulated and applied.	_____	_____	_____
(3) Review the allocation methodology for consistency and test the appropriateness of methods used to make changes.	_____	_____	_____
4. For IDCRA's and CAPs:			
a. Determine whether material indirect costs or centralized or administrative services costs were allocated or charged to a major program. If not, the following audit procedures <i>b</i> through <i>e</i> do not apply.	_____	_____	_____
b. Obtain and read the current IDCRA or CAP and determine the terms in effect.	_____	_____	_____
c. For IDCRA's, select a sample of claims for reimbursement and verify that the rates used are in accordance with the rate agreement, that rates were applied to the appropriate bases, and that the amounts claimed were the product of applying the rate to the applicable base. Verify that the costs included in the base(s) are consistent with the costs that were included in the base year (such as if the allocation base is total direct costs, verify that current year direct costs do not include costs items that were treated as indirect costs in the base year).	_____	_____	_____
d. For PACAPs, verify that the methods of charging costs to federal awards are in accordance with the approved PACAP and the provisions of the approval documents issued by the cognizant federal agency.	_____	_____	_____
e. For state/local-wide central service CAPs, determine whether the amounts used for reimbursement of central service costs for federal awards were in accordance with the approved CAPs or plans on file, when approval is not required.	_____	_____	_____

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

Public Institutions of Higher Education

Compliance Requirements—Indirect Costs

Note: At colleges and universities, indirect costs are accounted for through Facilities & Administration Proposals (F&A). F&A costs, for the purpose of OMB Circular A-21, means costs that are incurred for common or joint objectives and, therefore, cannot be identified readily and specifically with a particular sponsored project, an instructional activity, or any other institutional activity. As described in OMB Circular A-21, section F.1, the F&A cost categories include: building and equipment depreciation or use allowance; operation and maintenance expenses; interest expenses; general administrative expenses; departmental administration expenses; library expenses; and student administration expenses.

Additional information on indirect cost rates is found in the Department of Health and Human Services (HHS) publication: *Review Guide for Long-Form University Facilities & Administrative Cost Proposals*, which is available on the Internet at <http://rates.psc.gov>.

- Institutions must prepare IDCRCs in accordance with the guidelines provided in OMB Circular A-21 and submit the IDCRC to the cognizant agency for indirect cost negotiation for approval.
- The IDCRC must be based on the most current financial data supported by the organization's accounting system and audited financial statements.

Compliance Requirements—Disclosure Statements

- If an institution receives more than \$25 million in federal funding in a fiscal year, it should prepare and submit a Disclosure Statement (DS-2) that describes the institution's cost accounting practices, maintain an accurate DS-2, and comply with disclosed cost accounting practices. It also should file amendments to the DS-2 when it modifies disclosed practices.

Compliance Requirements—Large Research Facilities Construction Costs

- For large research facilities (those with construction costs of more than \$10 million) of which 40 percent or more of total assignable space is expected for federal use, the institution must maintain an adequate review and approval process to ensure that construction costs are reasonable. The review process shall address and document relevant factors affecting construction costs. The approval process must include review and approval of the projects by the institution's Board of Trustees or other independent entities.
- For research facilities costing more than \$25 million, of which 50 percent or more of total assignable space is expected for federal use, the institution must document the review steps performed to assure that construction costs are reasonable. The review should include an analysis of construction costs and a comparison of these costs with relevant construction data.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

Compliance Requirements—Standard Format for Long Form Proposals

- For F&A rate proposals submitted on or after July 1, 2001, institutions must use the standard format shown in OMB Circular A-21, Appendix C, to submit their F&A rate proposal to the cognizant agency for indirect costs. The cognizant agency for indirect costs may, on an institution-by-institution basis, grant exceptions from all or portions of Part II of the standard format. This requirement does not apply to institutions of higher education that use the simplified method for calculating F&A rates, as described in OMB Circular A-21, section H.

Audit Objectives (Both Direct and Indirect Costs)—Determine whether the organization complied with the provisions of OMB Circular A-21 and CASB Standards as follows:

- Direct charges to federal awards were for allowable costs.
- Charges to cost pools used in calculating indirect cost rates were for allowable costs.
- The methods of allocating the costs are in accordance with the applicable cost principles or CASB Standards and produce an equitable and consistent distribution of costs (such as cost allocation bases include all allowable and unallowable base costs to which allowable indirect costs are allocable and the cost allocation methodology complies with the applicable cost principles and provides equitable and consistent allocation of indirect costs to benefitting cost objectives).
- Indirect cost rates were applied in accordance with approved rate agreements, or special award provisions or limitations, if different from those stated in negotiated rate agreements. Associated billings were the result of applying the approved rate to the proper base amount.
- Cost accounting practice disclosures, described in the DS-2 (including amendments), if applicable, represented actual practice consistently applied.
- The institution's review of large research facilities under construction was documented as required.

Audit Procedures (Both Direct and Indirect Costs)

Note: The following procedures apply to direct charges to federal awards as well as to charges to cost pools that are allocated wholly or partially to federal awards or used in formulating indirect cost rates used for recovering indirect costs from federal awards. If the auditor identifies unallowable costs, the auditor should be aware that "directly associated costs" may have been charged. *Directly associated costs* are costs incurred solely as a result of incurring another cost, and would not have been incurred if the other cost had not been incurred. For example, fringe benefits are directly associated with payroll costs. When an unallowable cost is incurred, directly associated costs are also unallowable.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
1. Test a sample of transactions to determine that the costs:			
a. Are approved by the federal awarding agency, if required.	_____	_____	_____
b. Conform with the allowability of costs provisions of applicable cost principles, or limitations in the program agreement, program regulations, or program statute.	_____	_____	_____
c. Conform with the allocability provisions of applicable cost principles or CASB Standards.	_____	_____	_____
d. Represent charges for actual costs, not budgeted or projected amounts.	_____	_____	_____
e. With respect to fringe benefit allocations, charges, or rates, such allocations, charges, or rates are based on the benefits received by different classes of employees within the organization.	_____	_____	_____
f. Are applied uniformly to federal and non-federal activities.	_____	_____	_____
g. Are given consistent accounting treatment within and between accounting periods. (Note that consistency in accounting requires that costs incurred for the same purpose, in like circumstances, be treated as either direct costs only or indirect costs only with respect to final cost objectives.)	_____	_____	_____
h. Are calculated in conformity with CASB Standards, generally accepted accounting principles, or another comprehensive basis of accounting, when required under the applicable cost principles or CASB Standards. (Note that costs for post-employment benefits must be funded to be allowable.)	_____	_____	_____
i. Are not included as a cost or used to meet cost sharing requirements of other federally-supported activities of the current or a prior period.	_____	_____	_____
j. Are net of all applicable credits.	_____	_____	_____
k. Are not included as both a direct billing and as a component of indirect costs (that is, the costs are excluded from cost pools included in IDCSPs, if charged directly to federal awards).	_____	_____	_____
l. Are supported by appropriate documentation, such as approved purchase orders, receiving reports, vendor invoices, canceled checks, and time and attendance records, and correctly charged as to account, amount, and period. (Note that documentation requirements for salaries and wages, and time and effort distribution are described in applicable cost principles.)	_____	_____	_____
2. When material charges are made from internal service, central service, pension, or similar activities or funds, verify that the charges from these activities or funds are in accordance with the applicable cost principles by performing the following:			
a. For activities accounted for in separate funds, determine whether:			
(1) Retained earnings/fund balances (including reserves) were computed in accordance with the applicable cost principles.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
(2) Working capital was not excessive in amount (generally not greater than sixty days for cash expenses for normal operations incurred for the period exclusive of depreciation, capital costs, and debt principal costs).	_____	_____	_____
(3) Refunds were made to the federal government for its share of any amounts transferred or borrowed from internal service or central service funds for purposes other than to meet the operating liabilities, including interest on debt, of the fund.	_____	_____	_____
b. Test that all users of services are billed in a consistent manner.	_____	_____	_____
c. Test that billing rates exclude unallowable costs, in accordance with applicable cost principles.	_____	_____	_____
d. Test, where activities are not accounted for in separate funds, that billing rates (or charges) are developed based on actual costs and were adjusted to eliminate profits.	_____	_____	_____
e. For organizations that have self-insurance and a certain type of fringe benefit programs (such as pension funds), determine whether independent actuarial studies appropriate for such activities are performed at least biennially and that current period costs were allocated based on an appropriate study which is not over two years old.	_____	_____	_____
<p>Note: An IDCRC is based upon costs charged to cost pools representing costs of a base year that often precedes the year in which the IDCRC is prepared and the year the resulting Indirect Cost Rate Agreement (IDCRA) is used to charge indirect costs. (A detailed example is provided in Part 3 of the <i>Compliance Supplement</i>.) An audit timing consideration is that the audit for the base year (which covers the applicable cost pools) may be completed before the IDCRC is submitted. When the IDCRA is the basis for material charges to a major program, the auditor is required to obtain appropriate assurance that the costs collected in the cost pools and allocation methods are in compliance with the applicable cost principles. Part 3 of the <i>Compliance Supplement</i> describes acceptable options the auditor may use to obtain that assurance.</p>			
3. When material charges are made to a major program based upon an IDCRC, determine whether the IDCRC was tested in a prior year.	_____	_____	_____
a. When the testing performed in a prior year provides appropriate audit assurance, further review of the IDCRC is not required unless there have been material changes to cost accounting practices supporting the IDCRC. To determine whether there have been material changes, inquire of auditee management as to whether any changes have been made to the cost accounting practices and the likely effect of those changes.	_____	_____	_____
b. If changes in cost accounting practices are material, and the auditee is required to file the IDCRC with a cognizant agency for indirect cost negotiation, determine whether the entity notified the federal cognizant agency for indirect cost	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
negotiation of the changes in cost accounting practices. (For non-federal entities that are required to file a DS-2, this testing is performed in audit procedure 5 below.)	_____	_____	_____
4. If prior testing of the IDCRCR does not provide appropriate audit assurance (for example, of testing was not performed):			
a. Test the cost pools that form the basis of the IDCRCR and the resulting charges to federal awards to determine whether they include only allowable costs in accordance with the cost principles or CASB Standards, as applicable. (See audit procedure 1 above.)	_____	_____	_____
b. Test the methods of allocating the costs to determine whether they are in accordance with the provisions of the cost principles or CASB Standards, as applicable, and produce an equitable distribution of costs. Appropriate detailed tests may include:			
(1) Test statistical data (such as square footage, case counts, salaries and wages) to determine whether the proposed allocation or rate bases are reasonable, updated as necessary, and do not contain any material omissions.	_____	_____	_____
(2) Review time studies or time and effort reports (where and if used) to determine whether they are mathematically and statistically accurate, are implemented as approved, and are based on the actual effort devoted to the various functional and programmatic activities to which the salary and wage costs are charged.	_____	_____	_____
(3) Review the allocation methodology for consistency and test the appropriateness of methods used to make changes.	_____	_____	_____
5. For IDCRA's:			
a. Determine whether material indirect costs or centralized or administrative services costs were allocated or charged to a major program. If not, the following suggested audit procedures <i>b</i> and <i>c</i> do not apply.	_____	_____	_____
b. Obtain and read the current IDCRA and determine the terms in effect.	_____	_____	_____
c. Select a sample of claims for reimbursement and verify that the rates used are in accordance with the rate agreement, that rates were applied to the appropriate bases, and that the amounts claimed were the product of applying the rate to the applicable base. Verify that the costs included in the base(s) are consistent with the costs that were included in the base year (such as if the allocation base is total direct costs, verify that current year direct costs do not include costs items that were treated as indirect costs in the base year).	_____	_____	_____
6. Perform the following procedures for DS-2, as applicable:			
a. Read the DS-2 and its amendments and determine whether the disclosures agree with the policies prescribed in the institution's policies and procedures documents.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Test that the disclosures agree with actual practices for the period covered by audit, including whether the practices were consistent throughout the period.	_____	_____	_____
7. Perform the following procedures related to large research facilities:			
a. Determine whether the institution had large research facilities as defined in OMB Circular A-21 under construction. If not, the following suggested audit procedures <i>b</i> and <i>c</i> do not apply.	_____	_____	_____
b. For large research facilities under construction of which 40 percent or more of total assignable space is expected for federal use, review the institution's approval process that should include board minutes or other documentation to determine whether the institution's Board of Trustees or other independent entity reviewed and approved these construction projects.	_____	_____	_____
c. For research facilities under construction costing more than \$25 million of which 50 percent or more of total assignable space is expected for federal use, determine whether the institution documented the review steps performed to assure that construction costs are reasonable.	_____	_____	_____

C. Cash Management

Compliance Requirements

- When entities are funded on a reimbursement basis, program costs must be paid for by entity funds before reimbursement is requested from the federal government.
- When funds are advanced, recipients must follow procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and disbursement.
- When advance payment procedures are used, recipients must establish similar procedures for subrecipients. Pass-through entities must establish reasonable procedures to ensure receipt of reports on subrecipients' cash balances and cash disbursements in sufficient time to enable the pass-through entities to submit complete and accurate cash transactions reports to the federal awarding agency or pass-through entity. Pass-through entities must monitor cash drawdowns by their subrecipients to assure that subrecipients conform substantially to the same standards of timing and amount as apply to the pass-through entity.
- Interest earned on advances by local government grantees and subgrantees is required to be submitted promptly, but at least quarterly, to the federal agency. Up to \$100 per year may be kept for administrative expenses.
- Interest earned by non-state public institutions of higher education on federal fund balances in excess of \$250 is required to be remitted to the Department of Health and Human Services.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

- Treasury regulations at 31 CFR part 205 (which implement the Cash Management Improvement Act of 1990) require state recipients to enter into Treasury-State agreements that prescribe specific methods of drawing down federal funds for selected large programs, including the terms and conditions under which an interest liability would be incurred. Programs not covered by a Treasury-State agreement are subject to default procedures prescribed by Treasury in Subpart B of 31 CFR part 205. The U.S. Treasury, Financial Management Service, maintains a Cash Management Improvement Act page on the Internet (www.fms.treas.gov/cmia/).
- The requirements for cash management are contained in OMB Circular 102 (paragraph 2.a.), the A-102 Common Rule (section .21), OMB Circular A-110 (section .22), Treasury regulations at 31 CFR part 205, federal awarding agency regulations, and the terms and conditions of the award.

Audit Objectives

- Entities that are not states followed procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury, or pass-through entity, and their disbursement.
- Entities that are states complied with the terms and conditions of the Treasury-State agreement or default procedures prescribed by Treasury.
- The pass-through entity implemented procedures to assure that subrecipients conformed substantially to the same timing requirements that apply to the pass-through entity.
- Interest earned on advances was reported/remitted as required.

Audit Procedures

The following procedures are intended to be applied to each major program. However, due to the nature of cash management and the system of cash management in place in a particular entity, it may be appropriate and more efficient to perform these procedures for all programs collectively rather than separately for each program.

For States

1. Verify which of the state's major programs are covered by the Treasury-State agreement in accordance with the materiality thresholds in Appendix A to subpart A of 31 CFR part 205 (31 CFR section 205.4).
2. For those programs identified in audit procedure 1, determine the funding techniques used for those programs. For those funding techniques that require clearance patterns to schedule the transfer of funds to the state, review documentation supporting the clearance pattern and verify that the clearance pattern conforms to the requirements for developing and maintaining clearance patterns as specified in the Treasury-State agreement (31 CFR sections 205.8 and 205.9(b)(4)).

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
3. Select a sample of federal cash draws and verify that:			
a. The timing of the federal cash draws were in compliance with the applicable funding techniques specified in the Treasury-State agreement or Subpart B procedures, whichever is applicable (31 CFR sections 205.7 and 205.20).	_____	_____	_____
b. To the extent available, program income, rebates, refunds, and other income and receipts were disbursed before requesting additional federal cash draws as required by the A-102 Common Rule (§.21) and OMB Circular A-110 (§.22).	_____	_____	_____
4. Where applicable, select a sample of reimbursement requests and trace to supporting documentation showing that the costs for which reimbursement was requested were paid prior to the date of the reimbursement request (31 CFR section 205.7(c)(5)).	_____	_____	_____
5. Review the calculation of the interest obligation owed to or by the federal government (reported on the annual report submitted by the State) to determine whether the calculation was in accordance with Treasury regulations and the terms of the Treasury-State agreement or Subpart B procedures. Trace amounts used in the calculation to supporting documentation.	_____	_____	_____
<i>For States and Other Recipients</i>			
6. For those programs where federal cash draws are passed through to subrecipients:			
a. Select a representative sample of subrecipients and determine the procedures implemented to assure that subrecipients minimize the time elapsing between the transfer of federal funds from the recipient and the pay out of funds for program purposes (A-102 Common Rule §.37(a)(4)).	_____	_____	_____
b. Select a representative sample of federal cash draws by subrecipients and determine whether they conformed to the procedures.	_____	_____	_____
<i>For Other Recipients and Subrecipients</i>			
7. For those programs that received advances of federal funds, determine the procedures established with the federal agency or pass-through entity to minimize the time between the transfer of federal funds and the pay out of funds for program purposes.	_____	_____	_____
8. Select a sample of federal cash draws and verify that:			
a. Established procedures to minimize the time elapsing between drawdown and disbursement were followed.	_____	_____	_____
b. To the extent available, program income, rebates, refunds, and other income and receipts were disbursed before requesting additional cash payments as required by the A-102 Common Rule (§.21) and OMB Circular A-110 (§.22).	_____	_____	_____
9. Where applicable, select a sample of reimbursement requests and trace to supporting documentation showing that the costs for which reimbursement was requested were paid prior to the date of the reimbursement request.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
10. Review records to determine if interest was earned on federal cash draws. If so, review evidence to determine whether it was returned to the appropriate agency.	_____	_____	_____
D. Davis-Bacon Act			
<p><i>Compliance Requirements</i>—When required by the Davis-Bacon Act, the Department of Labor's (DOL) governmentwide implementation of the Davis-Bacon Act, or by federal program legislation, all laborers and mechanics employed by contractors or subcontractors to work on construction contracts in excess of \$2,000 financed by federal awards must be paid wages not less than those established for the locality of the project (prevailing wage rates) by the DOL. This includes a requirement for the contractor or subcontractor to submit to the non-Federal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls). This reporting is often done using Optional Form WH-347 which includes the required statement of compliance. The U.S. Department of Labor, Employment Standards Administration, maintains a Davis-Bacon and Related Acts Internet page at www.dol.gov/dol/esa/public/programs/dbra/index.html. Optional Form WH-347 and instructions are available on that Internet page.</p> <p><i>Audit Objective</i>—Determine whether the entity notified contractors and subcontractors of the requirements to comply with the Davis-Bacon Act and obtained copies of certified payrolls.</p> <p><i>Audit Procedures</i></p> <ol style="list-style-type: none"> 1. Select a sample of construction contracts and subcontracts greater than \$2,000 that are covered by the Davis-Bacon Act and: <ol style="list-style-type: none"> a. Verify that the required prevailing wage rate clauses were included. b. Verify that the contractor or subcontractor submitted weekly the required certified payrolls. 			
E. Eligibility			
<p><i>Compliance Requirements</i>—The specific requirements for eligibility are unique to each federal program and are found in the laws, regulations, and provisions of contract or grant agreements pertaining to the program. See Parts 4 and 5 of the Compliance Supplement for programs listed therein. This type of compliance requirement specifies the criteria for determining the individuals, groups of individuals, or subrecipients that can participate in the program and the amounts for which they qualify.</p> <p><i>Audit Objectives</i></p> <ul style="list-style-type: none"> • Determine whether required eligibility determinations were made, (including obtaining any required documentation/verifications) and that individual program participants or groups of participants (including area of service delivery) were determined to be eligible and participated in the program. • Determine whether subawards were made only to eligible subrecipients. 			

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
<ul style="list-style-type: none"> • Determine whether amounts provided to or on behalf of eligibles were calculated in accordance with program requirements. • Determine whether amounts provided to or on behalf of eligibles were calculated in accordance with program requirements. 			
<i>Audit Procedures</i> ^{1,2}			
1. Perform procedures to determine whether the entity's records/database includes all individuals receiving benefits during the audit period (that is, that the population of individuals receiving benefits is complete).	_____	_____	_____
2. Select a sample of individuals receiving benefits and perform tests to determine whether:			
a. The entity performed the required determination of initial eligibility (including obtaining any required documentation and verifications) and the individual was appropriately determined to be eligible.	_____	_____	_____
b. The entity performed the required determination of continuing eligibility (including obtaining any required documentation and verifications) and the individual was appropriately determined to be eligible.	_____	_____	_____
c. Benefits paid to or on behalf of the individuals were calculated correctly and in compliance with the requirements of the program.	_____	_____	_____
d. Benefits were discontinued when the period of eligibility expired.	_____	_____	_____
3. Review the entity's quality control process (if one is required by the program) and perform tests to determine whether it is operating effectively to meet the objectives of the process and in compliance with applicable program requirements.	_____	_____	_____
4. For those programs for which a population or area of service delivery needs to be eligible, perform tests to determine whether:			
a. The population or area served was eligible.	_____	_____	_____

¹ For some federal programs with a large number of people receiving benefits, the entity may use a computer system for processing individual eligibility determinations and delivery of benefits. Often these computer systems are complex and will be separate from the entity's regular financial accounting system. When eligibility is material to a major program, and a computer system is integral to eligibility compliance, the auditor should follow the guidance of SAS No. 80 (AU section 326) and consider the entity's computer processing and perform audit procedures relative to the computer system for eligibility as necessary to support the opinion on compliance for the major program. In addition, the auditor should consider the requirements of *Government Auditing Standards, Amendment No. 1, Documentation Requirements When Assessing Control Risk at Maximum for Controls Significantly Dependent Upon Computerized Information Systems*.

² Some non-federal entities pay the federal benefits to the eligible participants but arrange with another entity to perform part or all of the eligibility determination. For example, a state arranges with local government social services agencies to perform the "intake function" (that is, the meeting with the social services client to determine income and categorical eligibility) while the state maintains the computer systems supporting the eligibility determination process and actually pays the benefits to the participants. The state is fully responsible for federal compliance for the eligibility determination. Therefore, the state's auditor is responsible for meeting the audit objectives for eligibility. This may require the state's auditor to perform or arrange for additional procedures to ensure compliant eligibility determinations when another entity performs part of the eligibility determination functions. The state's auditor should ensure that eligibility testing includes all benefit payments regardless of whether another entity, by arrangement, performs part of the eligibility determination functions.

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. The benefits paid to or on behalf of the individuals or area of service delivery were calculated correctly.	_____	_____	_____
5. For those programs that use subrecipients:			
a. If the determination of eligibility is based upon an approved application or plan, obtain a copy of that document and identify the applicable eligibility requirements.	_____	_____	_____
b. Select a sample of the awards to subrecipients and perform procedures to determine whether the subrecipients were eligible and amounts awarded were within funding limits.	_____	_____	_____

F. Equipment³ and Real Property Management

Compliance Requirements

Equipment is tangible nonexpendable property, including exempt property, charged directly to a federal award having a useful life of more than one year and an acquisition cost of \$5000 or more per unit. However, a non-federal entity may establish a lower limit, consistent with its own policy.

- Title to equipment acquired by a non-federal entity with federal awards vests with the non-federal entity.
- A state is required to use, manage, and dispose of equipment acquired under a federal grant in accordance with state laws and procedures.
- Subrecipients of states that are local governments or Indian tribal governments are required to use state laws and procedures for equipment acquired under a subgrant from a state.
- For equipment acquired under federal awards received directly from a federal awarding agency, local governments and Indian tribal governments are required to follow the A-102 Common Rule and public institutions of higher education are required to follow the provisions of OMB Circular A-110. Those rules require that equipment be used in the program that acquired it or, when appropriate, other federal programs. The recipient also is required to maintain equipment records, take a physical inventory of equipment at least once every two years and reconcile it to the equipment records, institute an appropriate control system to safeguard equipment, and adequately maintain equipment. When equipment with a current per unit fair market value in excess of \$5,000 is no longer needed for a federal program, it may be retained or sold with the federal agency having a right to a proportionate amount of the current fair market value. Proper sales procedures are required to be used that provide for competition to the extent practicable and result in the highest possible return.

³ Equipment means tangible nonexpendable property, including exempt property, charged directly to a federal award having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. However, consistent with a non-federal entity's policy, lower limits may be established.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

- The requirements for equipment are contained in the A-102 Common Rule (section .32), OMB Circular A-110 (section .34), federal awarding agency program regulations, and the terms and conditions of the award.
- Title to real property acquired by non-federal entities with federal awards vests with the non-federal entity.
- Real property acquired by non-federal entities with federal awards is to be used for the originally authorized purpose as long as needed for that purpose. For public institutions of higher education, the real property may be used in other federally-sponsored projects or programs that have purposes consistent with those authorized for support by the federal awarding agency if written approval is given by the federal awarding agency. The non-federal entity may not dispose of or encumber the title to real property without the prior consent of the awarding agency.
- When real property is no longer needed for the federally-supported programs or projects, the non-federal entity is to request disposition instructions from the awarding agency, as defined in the *Compliance Supplement*. When real property is sold, sales procedures should provide for competition to the extent practicable and result in the highest possible return. If the real property is sold, the non-federal entity is normally required to remit to the awarding agency the federal portion of net sales proceeds. If the real property is retained, the non-federal entity is normally required to compensate the awarding agency for the federal portion of the current fair market value of the property. Disposition instructions may also provide for transfer of title to the federal government; if this happens, the non-federal entity is entitled to compensation for its percentage share of the current fair market value.
- The requirements for real property are contained in the A-102 Common Rule (section .31), OMB Circular A-110 (section .32), federal awarding agency regulations, and the terms and conditions of the award.

Audit Objectives

- Determine whether the entity maintains proper records for equipment and adequately safeguards and maintains equipment.
- Determine whether the disposition or encumbrance of any equipment or real property acquired under federal awards is in accordance with federal requirements and that the awarding agency was compensated for its share of any property sold or converted to non-federal use.

Audit Procedures

(Procedure 1 only applies to subrecipients of states that are local governments or Indian tribal governments. Procedure 2 only applies to states and to subrecipients of states that are local governments or Indian tribal governments.)

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
1. Obtain the entity's policies and procedures for equipment management and determine whether they comply with the state's policies and procedures.	_____	_____	_____
2. Select a sample of equipment transactions and test for compliance with the state's policies and procedures for management and disposition of equipment.	_____	_____	_____
<i>(Procedures 3-8 only apply to public institutions of higher education, governmental hospitals and federal awards received directly from a federal awarding agency by a local government or an Indian tribal government.)</i>			
3. Inquire if a required physical inventory of equipment acquired under federal awards was taken within the last two years. Test whether any differences between the physical inventory and equipment records were resolved.	_____	_____	_____
4. Identify equipment acquired under federal awards during the audit period and trace selected purchases to the property records. Verify that the property records contain the following information about the equipment: description (including serial number or other identification number), source, who holds title, acquisition date and cost, percentage of federal participation in the cost, location, condition, and, if applicable, any ultimate disposition data including, the date of disposal and sales price or method used to determine current fair market value.	_____	_____	_____
5. Select a sample of equipment identified as acquired under federal awards from the property records and physically inspect the equipment including whether the equipment is appropriately safeguarded and maintained.	_____	_____	_____
6. Determine the amount of equipment dispositions for the audit period and perform procedures to verify that dispositions were properly classified between equipment acquired under federal awards and equipment otherwise acquired.	_____	_____	_____
7. For dispositions of equipment acquired under federal awards, perform procedures to verify that the dispositions were properly reflected in the property records.	_____	_____	_____
8. For dispositions of equipment acquired under federal awards with a current per-unit fair market value in excess of \$5000, test whether the awarding agency was reimbursed for the appropriate federal share.	_____	_____	_____
<i>(Procedures 9-10 apply to states, local governments, and Indian tribal governments regardless of whether funding is received as a recipient or subrecipient.)</i>			
9. Determine real property dispositions for the audit period and whether such real property was acquired with federal awards.	_____	_____	_____
10. For dispositions of real property acquired under federal awards, perform procedures to verify that the entity followed the instructions of the awarding agency, which will normally	_____	_____	_____

require reimbursement to the awarding agency for the federal portion of net sales or fair market value at the time of disposition, as applicable.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
_____	_____	_____

G. Matching, Level of Effort, Earmarking

Compliance Requirements—Except as discussed below, the specific requirements for Matching, Level of Effort, and Earmarking are unique to each federal program and are found in the laws, regulations, and provisions of contract or grant agreements pertaining to the program. See Parts 4 and 5 of the *Compliance Supplement* for programs listed therein. Matching, level of effort and earmarking are defined as follows:

- *Matching or cost sharing* includes requirements to provide contributions (usually non-federal) of a specified amount or percentage to match federal awards. Matching may be in the form of allowable costs incurred or in-kind contributions (including third-party in-kind contributions).
- *Level of effort* includes requirements for (a) a specified level of service to be provided from period to period, (b) a specified level of expenditures from non-federal or federal sources for specified activities to be maintained from period to period, and (c) federal funds to supplement and not supplant non-federal funding of services.
- *Earmarking* includes requirements that specify the minimum and/or maximum amount or percentage of the program's funding that must/may be used for specified activities, including funds provided to subrecipients. Earmarking may also be specified in relation to the types of participants covered.

For matching, the A-102 Common Rule and OMB Circular A-110 provide the following detailed criteria for acceptable costs and contributions. They should be:

- Verifiable from the non-federal entity's records.
- Not included as contributions for any other federally-assisted project or program, unless specifically allowed by federal program laws and regulations.
- Necessary and reasonable for proper and efficient accomplishment of project or program objectives.
- Allowed under the applicable cost principles.
- Not paid by the federal government under another award, except where authorized by federal statute to be allowable for cost sharing or matching.
- Provided for in the approved budget when required by the federal awarding agency.
- In conformity with other applicable provisions of the A-102 Common Rule and OMB Circular A-110 and the laws, regulations, and provisions of contract or grant agreements applicable to the program.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

Audit Objectives

- *Matching*—Determine whether the minimum amount or percentage of contributions or matching funds was provided.
- *Level of Effort*—Determine whether specified service or expenditure levels were maintained.
- *Earmarking*—Determine whether minimum or maximum limits for specified purposes or types of participants were met.

Audit Procedures

1. For matching compliance requirements:

- | | | | |
|--|-------|-------|-------|
| a. Perform tests to verify that the required matching contributions were met. | _____ | _____ | _____ |
| b. Determine the sources of matching contributions and perform tests to verify that they were from an allowable source. | _____ | _____ | _____ |
| c. Test records to corroborate that the values placed on in-kind contributions (including third party in-kind contributions) are in accordance with the OMB cost principles circulars, the A-102 Common Rule, OMB Circular A-110, program regulations, and the terms of the award. | _____ | _____ | _____ |
| d. Test transactions used to match for compliance with the allowable costs/cost principles requirement. | _____ | _____ | _____ |

2. For level of effort compliance requirements:

- | | | | |
|--|-------|-------|-------|
| a. Identify the required level of effort and perform tests to verify that the level of effort requirement was met. | _____ | _____ | _____ |
| b. Perform test to verify that only allowable categories of expenditures or other effort indicators (such as hours or number of people served) were included in the computation and that the categories were consistent from year to year. For example, in some programs, capital expenditures may not be included in the computation. | _____ | _____ | _____ |
| c. Perform procedures to verify that the amounts used in the computation were derived from the books and records from which the audited financial statements were prepared. | _____ | _____ | _____ |
| d. Perform procedures to verify that non-monetary effort indicators were supported by official records. | _____ | _____ | _____ |
| e. Determine whether the entity used federal funds to provide services that they were required to make available under federal, state, or local law and were also made available by funds subject to a supplement not supplant requirement. | _____ | _____ | _____ |
| f. Determine whether the entity used federal funds to provide services that were provided with non-federal funds in the prior year. | | | |
| (1) Identify the federally-funded services. | _____ | _____ | _____ |
| (2) Perform procedures to determine whether the federal program funded services that were previously provided with non-federal funds. | _____ | _____ | _____ |

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
(3) Perform procedures to determine whether the total level of services applicable to the requirement increased in proportion to the level of federal contribution.	_____	_____	_____
3. For earmarking compliance requirements:			
a. Identify the applicable percentage or dollar requirements for earmarking.	_____	_____	_____
b. Perform procedures to verify that the amounts recorded in the financial records met the requirements (for example, when a minimum amount is required to be spent for a specified type of service, perform procedures to verify that the financial records show that at least the minimum amount for this type of service was charged to the program; or, when the amount spent on a specified type of service may not exceed a maximum amount, perform procedures to verify that the financial records show no more than this maximum amount for the specified type of service was charged to the program).	_____	_____	_____
c. When earmarking requirements specify a minimum percentage or amount, select a sample of transactions supporting the specified amount or percentage and perform tests to verify proper classification to meet the minimum percentage or amount.	_____	_____	_____
d. When the earmarking requirements specify a maximum percentage or amount, review the financial records to identify whether transactions for the specified activity were improperly classified in another account (for example, if only ten percent may be spent for administrative costs, review accounts for other than administrative costs to identify whether administrative costs were improperly classified elsewhere and thereby cause the maximum percentage or amount to be exceeded).	_____	_____	_____
e. When earmarking requirements prescribe the minimum number or percentage of specified types of participants that can be served, select a sample of participants that are counted toward meeting the minimum requirement and perform tests to verify that they were properly classified.	_____	_____	_____
f. When earmarking requirements prescribe the maximum number or percentage of specified types of participants that can be served, select a sample of other participants and perform tests to verify that they were not of the specified type.	_____	_____	_____

H. Period of Availability of Federal Funds

Compliance Requirements—Federal awards may specify a time period during which the non-federal entity may use the federal funds. Where a funding period is specified, a non-federal entity may charge to the award only costs resulting from obligations incurred during the funding period and any pre-award costs authorized by the federal awarding agency. Also, if authorized by the federal program, unobligated balances may be carried over and

charged for obligations of the subsequent funding period. Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the non-federal entity during the same or a future period. Entities subject to the A-102 Common Rule are required to liquidate all obligations incurred under the award not later than ninety days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status report (SF-269). The federal agency may extend this deadline upon request.

Audit Objective—Determine whether federal funds were obligated within the period of availability and obligations were liquidated within the required time period.

Audit Procedures

1. Review the award documents and regulations pertaining to the program and determine any award-specific requirements related to the period of availability and document the availability period.
2. Test a sample of transactions charged to the federal award after the end of the period of availability and verify that the underlying obligations occurred within the period of availability and that the liquidation (payment) was made within the allowed time period.
3. Test a sample of transactions that were recorded during the period of availability and verify that the underlying obligations occurred within the period of availability.
4. Select a sample of adjustments to the federal funds and verify that those adjustments were for transactions that occurred during the period of availability.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

I. Procurement and Suspension and Debarment

Compliance Requirements—

Procurement

- States and governmental subrecipients of states are to use the same state policies and procedures used for procurements from non-federal funds. They also are to ensure that every purchase order or other contract includes any clauses required by federal statutes and executive orders and their implementing regulations.
- Local governments and Indian tribal governments that are not subrecipients of states are to use their own procurement procedures provided that they conform to applicable federal law and regulations and standards identified in the A-102 Common Rule.
- Public institutions of higher education and governmental hospitals are to use procurement procedures that conform to applicable federal law and regulations and standards identified in OMB Circular A-110.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

- All entities are to follow federal laws and implementing regulations applicable to procurements, as noted in federal agency implementation of the A-102 Common Rule and OMB Circular A-110.
- Requirements for procurement are contained in the A-102 Common Rule (section .36), OMB Circular A-110 (sections .40–.48), federal awarding agency regulations, and the terms of the award.

Suspension and Debarment

- Entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. Covered transactions include procurement contracts for goods or services equal to or in excess of \$100,000 and all non-procurement transactions (such as subawards to subrecipients).
- Contractors receiving individual awards for \$100,000 or more and all subrecipients must certify that the organization and its principals are not suspended or debarred. The non-federal entities may rely upon the certification unless it knows that the certification is erroneous.
- Requirements for suspension and debarment are contained in the federal agencies' codification of the government-wide debarment and suspension common rule (see Appendix II of the *Compliance Supplement* for CFR cites), which implements Executive Orders 12549 and 12689, Debarment and Suspension, and the terms of the award.

Audit Objectives

- Determine whether procurements were made in compliance with the provisions of the A-102 Common Rule, OMB Circular A-110, and other procurement requirements specific to an award.
- Determine whether the entity obtained the required certifications for covered contracts and subawards.

Audit Procedures

(Procedures 1–4 apply only to public institutions of higher education, governmental hospitals, and federal awards received directly from a federal awarding agency by a local government or an Indian tribal government.)

1. Obtain the entity's procurement policies. Verify that the policies comply with applicable federal requirements.
2. Determine whether the entity has a policy to use statutorily or administratively-imposed in-state or local geographical preferences in the evaluation of bids or proposals. If yes, verify that these limitations were not applied to federal procurements except where applicable federal statutes expressly mandate or encourage geographic preference.
3. Examine procurement policies and procedures and verify the following:

_____	_____	_____
_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
a. Written selection procedures require that solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured, identify all requirements that the offerors must fulfill, and include all other factors to be used in evaluating bids or proposals.	_____	_____	_____
b. There is a written policy pertaining to ethical conduct.	_____	_____	_____
4. Select a sample of procurements and perform the following:			
a. Examine contract files and verify that they document the significant history of the procurement, including the rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis of contract price.	_____	_____	_____
b. Verify that procurements provide full and open competition.	_____	_____	_____
c. Examine documentation in support of the rationale to limit competition in those cases where competition was limited and determine whether the limitation was justified.	_____	_____	_____
d. Verify that contract files exist and determine whether appropriate cost or price analysis was performed in connection with procurement actions, including contract modifications and that this analysis supported the procurement action.	_____	_____	_____
e. Verify that the awarding federal agency approved procurements exceeding \$100,000 when such approval was required. Prior federal awarding agency approval may be required for procurements (1) awarded by noncompetitive negotiation, (2) awarded when only a single bid or offer was received, (3) awarded to other than the apparent low bidder, or (4) specifying a "brand name" product.	_____	_____	_____
f. Verify compliance with other procurement requirements specific to an award.	_____	_____	_____
<i>(Procedure 5 only applies to states and federal awards subgranted by a state to a local government or Indian tribal government.)</i>			
5. Test a sample of procurements to determine whether the state's laws and procedures were followed and that the policies and procedures used were the same as for non-federal funds.	_____	_____	_____
<i>(Procedures 6 applies to all entities)</i>			
6. Test a sample of procurements and subawards and determine whether the required suspension and debarment certifications were received for subawards and covered contracts. Alternatively, the auditor may test a sample of procurements and subawards to the <i>List of Parties Excluded From Federal Procurement or Nonprocurement Programs</i> issued by the General Services Administration and determine whether contracts were awarded to suspended or debarred parties.	_____	_____	_____

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

J. Program Income

Compliance Requirements

- Program income is gross income received that is directly generated by the federally-funded project during the grant period. If authorized by federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income. Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired with grant funds, the sale of commodities or items fabricated under a grant agreement, and payments of principal and interest on loans made with grant funds. Except as otherwise provided in the federal awarding agency regulations or terms and conditions of the award, program income does not include interest on grant funds (covered under Cash Management), rebates, credits, discounts, refunds, and so forth (covered under Allowable Costs/Cost Principles), or interest earned on any of them (covered under Cash Management). Program income does not include the proceeds from the sale of equipment or real property (covered under Equipment and Real Property Management).
- Program income may be used in one of three methods: deducted from outlays, added to the project budget, or used to meet matching requirements. Unless specified in the federal awarding agency regulations or the terms and conditions of the award, program income is required to be deducted from program outlays. However, for research and development activities by public institutions of higher education and governmental hospitals, the default method is to add program income to the project budget. Unless federal awarding agency regulations or the terms and conditions of the award specify otherwise, non-federal entities have no obligation to the federal government regarding program income earned after the end of the grant period.
- The requirements for program income are found in the A-102 Common Rule (sections .21 (payment) and .25), OMB Circular A-110 (sections .2 (program income definition), .22 (payment), and .24), federal awarding agency laws, program regulations, and the provisions of the contract or grant agreements pertaining to the program.

Audit Objective—Determine whether program income is correctly recorded and used in accordance with the program requirements, A-102 Common Rule, and OMB Circular A-110, as applicable.

Audit Procedures

1. Review the laws, regulations, and provisions of contract or grant agreements applicable to the program and determine whether program income was anticipated and, if so, the requirements for recording and using program income.
2. Inquire of management and review accounting records to determine whether program income was received.

_____	_____	_____
_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
3. Perform tests to verify that program income was properly determined or calculated in accordance with stated criteria, and that program income was only collected from allowable sources.	_____	_____	_____
4. Perform tests to verify that all program income was properly recorded in the accounting records.	_____	_____	_____
5. Perform tests to determine whether program income was used in accordance with the program requirements, the A-102 Common Rule, and OMB Circular A-110.	_____	_____	_____

K. Real Property Acquisition and Relocation Assistance

Compliance Requirements

- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA), provides for uniform and equitable treatment of persons displaced by federally-assisted programs from their homes, businesses, or farms. Property acquired must be appraised by qualified independent appraisers. All appraisals must be examined by a review appraiser to assure acceptability. After acceptance, the review appraiser certifies the recommended or approved value of the property for establishment of the offer of just compensation to the owner. Federal requirements govern the determination of payments for replacement housing assistance, rental assistance, and down payment assistance for individuals displaced by federally-funded projects. The regulations also cover the payment of moving-related expenses and reestablishment expenses incurred by displaced businesses and farm operations.
- Government-wide requirements for real property acquisition and relocation assistance are contained in Department of Transportation's single governmentwide rule at 49 CFR part 24, Uniform Relocation Assistance and Real Property Acquisition Regulations for Federal and Federally-Assisted Programs.

Audit Objective—Determine whether the entity complied with the real property acquisition, appraisal, negotiation, and relocation requirements.

Audit Procedures

- | | | | | | | | |
|---|---|-------|-------|-------|-------|-------|-------|
| <ol style="list-style-type: none"> 1. Inquire of management and review the records of federal programs to determine whether the entity administers federally-assisted programs that involve the acquisition of real property or the displacement of households or businesses. 2. For a sample of property acquisitions: <ol style="list-style-type: none"> a. Test records to determine whether: (1) the just compensation amount offered the property owner was determined by an appraisal process; (2) the appraisal(s) was examined by a review appraiser; and (3) the review appraiser prepared a signed statement that explains the basis for adjusting comparable sales to reach the review appraiser's determination of the fair market value. | <table border="0"> <tr> <td>_____</td> <td>_____</td> <td>_____</td> </tr> <tr> <td>_____</td> <td>_____</td> <td>_____</td> </tr> </table> | _____ | _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | | | | | |
| _____ | _____ | _____ | | | | | |

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
b. Test supporting documentation to determine whether: (1) a written offer of the appraised value was made to the property owner; and (2) a written justification was prepared if the purchase price for the property exceeded the amount offered and that the documentation (such as recent court awards, estimated trial costs, valuation problems) supports such administrative settlement as being reasonable, prudent, and in the public interest.	_____	_____	_____
c. Test supporting documentation for residential relocations to determine whether the entity made available one or more comparable replacement dwellings to the displaced persons.	_____	_____	_____
3. For a sample of replacement housing payments, test the entity's records to determine whether there is documentation that supports the following:			
a. The owner occupied the displacement dwelling for at least 180 days immediately prior to initiation of negotiations.	_____	_____	_____
b. The entity examined at least three comparable replacement dwellings available for sale and computed the payment on the basis of the price of the dwelling most representative of the displacement dwelling.	_____	_____	_____
c. The asking price for the comparable dwelling was adjusted, to the extent justified by local market data, to recognize local area selling price reductions.	_____	_____	_____
d. The allowance for increased mortgage cost "buy down" amount was computed based on the remaining principal balance, the interest rate, and the remaining term of the old mortgage on the displacement dwelling.	_____	_____	_____
e. The entity prepared written justification on the need to employ last resort housing provisions if the total replacement housing payment exceeded \$22,500.	_____	_____	_____
4. For a sample of rental and downpayment assistance, test the entity's records to determine whether there is documentation that supports the following:			
a. The displacee occupied the displacement dwelling for at least ninety days immediately prior to initiation of negotiations.	_____	_____	_____
b. The displacee rented, or purchased, and occupied a decent, safe, and sanitary replacement dwelling within one year.	_____	_____	_____
c. The entity prepared written justification if the payment exceeded \$5,250.	_____	_____	_____
5. For a sample of business relocations:			
a. Test that payments for moving and related expenses were for actual costs incurred or that fixed payments, in lieu of actual costs, were limited to a maximum of \$20,000 and computed based on the average annual net earnings of the business as evidenced by income tax returns, certified financial statements, or other reliable evidence.	_____	_____	_____

- b. For business reestablishment expenses, verify that (1) the displacee was eligible as a farm operation, a non-profit organization, or a small business to receive reestablishment assistance, and (2) the payment was for actual costs incurred and did not exceed \$10,000.

--------------------	-------------	---------------------

_____	_____	_____
-------	-------	-------

L. Reporting

Compliance Requirements

Note: See also Parts 4 and 5 of the *Compliance Supplement* for programs listed therein.

Financial Reporting—Recipients should use the standard financial reporting forms or such other forms as may be authorized by OMB. Those other forms may include financial, performance, and special reporting. Each recipient must report program outlays and program income on a cash or accrual basis, as prescribed by the federal awarding agency. The awarding agency may accept identical information from the recipient in machine-readable format, computer printouts, or electronic outputs in lieu of the prescribed formats. (The open-ended entitlement programs shown in Appendix I of the *Compliance Supplement* require quarterly reports.) The reporting requirements for subrecipients are as specified by the pass-through entity. In many cases, these will be the same as or similar to the requirements for recipients. The standard financial reporting forms are described in Part 3 of the *Compliance Supplement*. Financial reporting requirements are contained in the A-102 Common Rule (section .41), OMB Circular A-110 (section .52), and the laws, regulations, and the provisions of contract or grant agreements pertaining to the program.

Reporting Under the Payment Management System—Many recipients use the Payment Management System (PMS) operated by the Division of Payment Management (DPM) of the Department of Health and Human Services. Once a quarter, using the authorization amounts provided by the federal agency, payments requested by recipients, cash collection activity, and disbursement information provided by recipients, DPM generates PMS 272 reports, which are either mailed to the recipient or electronically downloaded by the recipient using DPM’s Electronic 272 System. (The PMS 272 series of reports are described in Part 3 of the *Compliance Supplement*.) Recipients should verify the reported amounts. If discrepancies are noted, the report is annotated (or the PMS 272-C is completed) and returned to DPM. The recipient uses the PMS 272-A to report the amount of disbursements made; then signs, dates, and returns the report to DPM. Recipients may report disbursements data electronically using the Electronic 272 process. PMS 272 reporting requirements do not apply to block grant programs; however, DPM does provide block grant recipients with quarterly report, which is provided solely for information and no action is required by the recipient.

<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
--------------------	-------------	---------------------

Performance Reporting—Recipients are required to submit performance reports at least annually but not more frequently than quarterly. Performance reports generally contain, for each award, brief information on each of the following: (1) a comparison of actual accomplishments with the goals and objectives established for the period, (2) reasons why established goals were not met, if appropriate, and (3) other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs. Performance reporting requirements are contained in the A-102 Common Rule (section .40(b), OMB Circular A-110 (section .51)), and the laws, regulations, and the provisions of contract or grant agreements pertaining to the program.

Special Reporting—Non-federal entities may be required to submit other reporting which may be used by the federal agency for such purposes as allocating program funding. Reporting requirements are contained in the laws, regulations, and the provisions of contract or grant agreements pertaining to the program.

Audit Objective—Determine whether required reports for federal awards include all activity of the reporting period, are supported by applicable accounting or performance records, and are fairly presented in accordance with program requirements.

Audit Procedures

Note: Compliance testing of performance and special reporting are only required for data that are quantifiable and meet the following criteria: (1) have a direct and material effect on the program, and (2) are capable of evaluation against objective criteria stated in the laws, regulations, contract or grant agreements pertaining to the program.

Note: For recipients using PMS to draw federal funds, the auditor should consider the audit procedures as they pertain to the PMS 272, PMS 272-A, PMS 272-B, and PMS 272-E, regardless of the source of the data included in the PMS reports. Although certain data is supplied by the federal awarding agency and certain amounts are provided by DPM, the auditor should ensure that such amounts agree with the recipient's records and are otherwise accurate.

1. Review applicable laws, regulations, and provisions of contract or grant agreements pertaining to the program for reporting requirements. Determine the types and frequency of required reports. Obtain and review federal awarding agency or pass-through entity instructions for completing the reports.
 - a. For financial reports, determine the accounting basis used in reporting the data (such as, cash or accrual).
 - b. For performance and special reports, determine the criteria and methodology used in compiling and reporting the data.
2. Perform appropriate analytical procedures and determine the reason for any unexpected differences. Examples of analytical procedures include:

_____	_____	_____
_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
a. Comparing current period reports to prior period reports.	_____	_____	_____
b. Comparing anticipated results to the data included in the reports.	_____	_____	_____
c. Comparing information obtained during the audit of the financial statements to the reports.	_____	_____	_____
3. Select a sample of each of the following report types.			
a. Financial reports:			
(1) Determine whether the financial reports were prepared in accordance with the required accounting basis.	_____	_____	_____
(2) Trace the amounts reported to accounting records that support the audited financial statements and the schedule of expenditures of federal awards and verify agreement or perform alternative procedures to verify the accuracy and completeness of the reports and that they agree with the accounting records.	_____	_____	_____
(3) For any discrepancies noted in PMS-272 reports, review subsequent PMS-272 reports to determine whether the discrepancies were appropriately resolved with the Department of Health and Human Services' Division of Payment Management.	_____	_____	_____
b. Performance and special reports:			
(1) Trace the data to records that accumulate and summarize data.	_____	_____	_____
(2) Perform tests of the underlying data to verify that the data were accumulated and summarized in accordance with the required or stated criteria and methodology, including the accuracy and completeness of the reports.	_____	_____	_____
c. When intervening computations or calculations are required between the records and the reports, trace reported data elements to supporting worksheets or other documentation that link reports to the data.	_____	_____	_____
d. Test the mathematical accuracy of the reports and supporting worksheets.	_____	_____	_____
4. Test the selected reports for completeness.			
a. For financial reports, review accounting records and determine whether all applicable accounts were included in the sampled reports (such as program income, expenditure credits, loans, interest earned on federal funds, and reserve funds).	_____	_____	_____
b. For performance and special reports, review the supporting records and determine whether all applicable data elements were included in the sampled reports.	_____	_____	_____

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
5. Obtain written representation from management that the reports provided to the auditor are true copies of the reports submitted or electronically transmitted to the federal awarding agency, the Department of Health and Human Services' Division of Payment Management, or pass-through entity.	_____	_____	_____

M. Subrecipient Monitoring

Compliance Requirements

A pass-through entity is responsible for:

- *Award Identification*—At the time of the award, identifying to the subrecipient the federal award information (such as CFDA title and number, award name, name of Federal agency) and applicable compliance requirements
- *During-the-Award Monitoring*—Monitoring the subrecipient's use of federal awards through site visits or other means to provide reasonable assurance that the subrecipient administers federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved
- *Subrecipient Audits*—Ensuring required audits are completed within nine months of the end of the subrecipient's audit period, issuing a management decision on audit findings within six months after receipt of the subrecipient's audit report, and ensuring that the subrecipient takes timely and appropriate corrective action on all audit findings (In cases of continued inability or unwillingness of a subrecipient to have the required audits, the pass-through entity is required to take appropriate action using sanctions.)
- *Pass-Through Entity Impact*—Evaluating the impact of subrecipient activities on the pass-through entity's ability to comply with applicable federal regulations

Note: Part 3 of the *Compliance Supplement* describes example factors that may affect the nature, timing, and extent of during-the-award monitoring as well as various forms of monitoring activities. It also describes when the costs of agreed-upon procedures engagements to monitor certain aspects of subrecipient activities are allowable costs to the pass-through entity. The requirements for subrecipient monitoring are contained in the 31 USC 7502(f)(2)(B) (Single Audit Act Amendments of 1996 [P. L. 104-156]), OMB Circular A-133 (sections .225 and .400(d)), A-102 Common Rule (sections .37 and .40(a)), and OMB Circular A-110 (section .51(a)), federal awarding agency program regulations, and the terms and conditions of the award.

Audit Objectives—Determine whether the pass-through entity:

- Properly identified federal award information and compliance requirements to the subrecipient, and approved only allowable activities in the award documents

	<u>Done by</u>	<u>Date</u>	<u>W/P Ref.</u>
<ul style="list-style-type: none">• Monitored subrecipient activities to provide reasonable assurance that the subrecipient administers federal awards in compliance with federal requirements• Ensures required audits are performed, issued a management decision on audit findings within six months after receipt of the subrecipient’s audit report, and ensures that the subrecipient takes timely and appropriate corrective action on all audit findings• Took appropriate action using sanctions in cases of continued inability or unwillingness of a subrecipient to have the required audits• Evaluates the impact of subrecipient activities on the pass-through entity			

Audit Procedures

Note: The auditor may consider coordinating the tests related to subrecipients performed as part of Cash Management (tests of cash reports submitted by subrecipients), Eligibility (tests that subawards were made only to eligible subrecipients), and Procurement (tests of suspension and debarment certifications) with the testing of Subrecipient Monitoring.)

1. Gain an understanding of the pass-through entity’s subrecipient procedures through a review of its subrecipient monitoring policies and procedures (such as its annual monitoring plan) and discussions with staff. This should include an understanding of the scope, frequency, and timeliness of monitoring activities and the number, size, and complexity of awards to subrecipients.	_____	_____	_____
2. Test award documents and agreements to determine whether (a) at the time of award the pass-through entity made subrecipients aware of the award information (such as CFDA title and number, amount of award, award name, name of federal agency) and requirements imposed by laws, regulations, and the provisions of contract or grant agreements; and (b) the activities approved in the award documents were allowable.	_____	_____	_____
3. Review the pass-through entity’s documentation of during-the-award monitoring to determine whether its monitoring provided reasonable assurance that subrecipients used federal awards for authorized purposes, complied with laws, regulations, and the provisions of contracts and grant agreements, and achieved performance goals.	_____	_____	_____
4. Review the pass-through entity’s follow-up to ensure corrective action on deficiencies noted in during-the-award monitoring.	_____	_____	_____
5. Verify that the pass-through entity receives audit reports from subrecipients required to have an audit in accordance with OMB Circular A-133, issues management decisions on audit findings			

	<i><u>Done by</u></i>	<i><u>Date</u></i>	<i><u>W/P Ref.</u></i>
within six months after receipt of the subrecipient's audit report, and ensures that subrecipients takes appropriate and timely corrective action on all audit findings.	_____	_____	_____
6. Verify that in cases of continued inability or unwillingness of a subrecipient to have the required audits, the pass-through entity took appropriate action using sanctions.	_____	_____	_____
7. Verify that the effects of subrecipient noncompliance are properly reflected in the pass-through entity's records.	_____	_____	_____
8. Verify that the pass-through entity monitored the activities of subrecipients not subject to OMB Circular A-133, using techniques such as those discussed earlier in this section (with the exception that these subrecipients are not required to have audits under OMB Circular A-133).	_____	_____	_____

.170 XVII. Appendix A—Auditing and Reporting Concerns

During an audit engagement, the auditor should be aware that often there are signals that may indicate a potential audit or reporting problem. Some signals or indicators may suggest the need to modify audit procedures.

Listed below are examples of indicators the auditor may encounter in an audit of a governmental unit. It should be noted that the existence of a particular indicator does not necessarily mean there is a problem requiring extended audit procedures. The list, however, should be considered by the auditor in performing analytical procedures and in designing his/her audit procedures. See also Appendix A to chapter 3 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, which describes the requirements of SAS No. 99, *Consideration of Fraud in a Financial Statement Audit* (AU section 316), and discusses government-specific considerations. Auditors also may wish to refer to the AICPA Practice Aid entitled *Fraud Detection in a GAAS Audit—SAS No. 99 Implementation Guide*, which explains the provisions of SAS No. 99 (AU section 316) and provides detailed implementation guidance. The Practice Aid also includes appendixes to help identify risks of material misstatement due to fraud in specialized industries, including state and local government.

Items Highlighted Through Review of Financial Ratios or Statistics

- Revenue-based indicators:
 - Decreasing value of taxable property.
 - Increasing amounts of tax-exempt property.
 - Increasing ratios of delinquent taxes to total tax levy.
 - Increasing ratios of maximum legal tax rates.
 - Increasing ratios of actual revenue below budgets.
 - Litigation relative to tax assessments.
 - Decreasing intergovernmental revenues.
- Expenditure-based indicators:
 - Increasing excesses of expenditures over revenues.
 - Increasing incidence of actual expenditures in excess of budgets.
- Cash management indicators:
 - Decreasing amounts of investments.
 - Increasing amounts of unpaid current obligations.
 - Decreasing income from investments (that are not a result of falling interest rates).
- Debt Indicators:
 - Increasing ratio of bond indebtedness to total property value.
 - Increasing need to borrow to meet debt service requirements.
 - Increasing use of long-term debt to fund current expenditures.
 - Increasing amount of short-term borrowing remaining unpaid at the end of the fiscal year.
 - Increases in amounts of long-term operating liabilities, such as compensated absences and net pension obligations.

Nonfinancial Indicators

- Client Personnel:
 - Rapid turnover.
 - Management changes.
 - Weak financial and information technology personnel.
 - Unfilled positions due to budget limitations.
 - Internal auditors performing “special tasks” rather than auditing.
- Client relationships with auditors:
 - Accounting and reporting disputes.
 - Difficulty obtaining access to top management.
- Weaknesses in accounting information system:
 - Lack of controls.
 - Poor cutoffs.
 - Reports not issued on a timely basis.
 - Inability to reconcile detailed records to general ledger balances.
 - Large number of exceptions in transactions or confirmations.
 - Client’s inability to prepare meaningful analyses of activity.
 - Lack of timely or no budget status reports.
- External Considerations (such as economy and industry):
 - Large industrial plant closing or moving from community.
 - Environmental legislation or pressures.
 - Increasing unfunded mandates.
 - Significant changes in grant regulations.

.180 XVIII. Appendix B—Criteria for Determining Questioned Costs

Criteria established to determine and report questioned costs vary from one federal agency to another. Many of the criteria are imposed by Congress at the time programs are authorized and funds are provided; however, other criteria are established through federal agency regulations. Generally, the criteria for determining questioned costs are as follows:

- *Unallowable costs.* Certain costs are specifically unallowable under the general and special award conditions or agency instructions. (They include, but are not limited to, pregrant and postgrant costs and costs in excess of the approved grant budget either by category or in total.)
 - *Undocumented costs.* Costs are charged to the grant for which adequate detailed documentation does not exist, for example, to demonstrate their relationship to the grant or the amounts involved.
 - *Unapproved costs.* Costs that are not provided for in the approved grant budget, or costs for which the grant or contract provisions or applicable cost principles require the awarding agency's approval, but for which the auditor finds no evidence of approval.
 - *Unreasonable costs.* Costs incurred that may not reflect the actions that a prudent person would take in the circumstances, or assigning an unreasonably high valuation to in-kind contributions.
-

AAM Section 12,300

Partner's Engagement Review Program Supplement for Governmental Units¹

To be completed in conjunction with Partner's Engagement Review Program [AAM section 9210]

	<u>Yes</u>	<u>No</u>	<u>N/A</u>
I. General Audit Procedures			
A. .010 General			
1. In planning the audit engagement, were the following matters properly considered:			
a. Matters affecting the government, such as specialized accounting practices, economic conditions, federal and state laws and regulations, and technological changes?	_____	_____	_____
b. Definition of the reporting entity indicating the related organizations, functions, and activities that are either included or excluded from the financial statements?	_____	_____	_____
c. Factors affecting the continued functioning of the government, such as legal limitations on revenue, expenditures, or debt service?	_____	_____	_____
2. If applicable, were adequate tests of internal controls made? This includes situations in which significant audit evidence is transmitted, processed, maintained, or accessed electronically, and the auditor has determined that it is not practical or possible to reduce detection risk to an acceptable level by performing only substantive tests for one or more financial statement assertions.	_____	_____	_____
3. Based on the assessed level of control risk, do the substantive tests (review, analysis, and detailed testwork) of account balances and transaction classes appear adequate?	_____	_____	_____
4. Did the audit appropriately consider newly issued or newly effective accounting and auditing standards?	_____	_____	_____
5. Does it appear that appropriate consideration was given to the entity's ability to continue as a going concern for a reasonable period of time?	_____	_____	_____
6. Did you (the engagement partner) participate in discussions among engagement personnel regarding the risks of material misstatement	_____	_____	_____

¹ The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. In addition, the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)* addresses the audits of financial statements prepared in conformity with those GASB pronouncements. This program does not incorporate the changes that might be needed as a result of those GASB pronouncements or that Guide. See the discussion of those GASB pronouncements, that Guide, and the planned AICPA Practice Aid in the headnote in AAM section 12,000. Those changes will be incorporated into this form in the future.

due to fraud as well as ascertain that there was appropriate communication about the risks of material misstatement due to fraud among team members throughout the audit.

Yes No N/A

II. Audit Documentation Areas

A. .020 Budgetary Compliance and Reporting

1. Were appropriate procedures performed on the entity's budgetary compliance and reporting?

B. .030 Cash

1. Does the audit documentation indicate that the following were considered:

- a.* Verification of collateral required of depository institutions for public funds?

- b.* Compliance with the laws and regulations governing the deposit of public funds?

- c.* Determination that all cash accounts have been identified and appropriately recorded?

- d.* Determination that income from pooled cash accounts were properly allocated to the individual funds?

C. .040 Investments and Investment Income

1. Were investments reviewed to determine whether they are of the types authorized by law or comply with the applicable statutes and investment policy?

2. Was the ownership of, custody arrangements for, and fair value of investments verified with third parties, as appropriate?

3. Was investment income examined for proper allocation to the individual funds?

D. .050 Receivables, Including Interfund Receivables

1. Was a summary classifying receivables (such as notes and accounts receivable, taxes receivable, and interfund receivables) prepared or obtained?

2. Were procedures performed to provide evidence that receivables have been recorded in the correct period?

3. Were procedures performed to assess the reasonableness of allowances for doubtful accounts and the collectibility of receivables, including interfund receivables?

4. Was receivable work coordinated with tests of revenues, including cutoff tests?

E. .060 Inventories and Prepaid Items

1. Does the audit documentation indicate that appropriate procedures were performed to test the entity's accounting and financial reporting for inventories and prepaid items?

	<u>Yes</u>	<u>No</u>	<u>N/A</u>
F. .070 Fixed Assets			
1. Was a review made to determine whether fixed assets are classified in the proper fund or account group and properly stated as to amount, including accumulated depreciation (if applicable)?	_____	_____	_____
G. .080 Liabilities, Including Interfund Liabilities			
1. Did procedures consider whether liabilities associated with the governmental funds are properly reported in the fund as current liabilities or included in the general long-term debt account group?	_____	_____	_____
2. Was consideration given to liabilities that might require accrual (such as payroll and fringe benefits) and to whether accrued expenses are reasonably stated?	_____	_____	_____
3. Were procedures performed to determine whether agency fund liabilities are appropriately reported?	_____	_____	_____
4. Was an examination made to determine whether:			
a. New debt issues are properly issued as required by the state constitution and state/local statutes and are recorded in the correct fund and/or account group?	_____	_____	_____
b. Debt restrictions, guarantees, and other debt commitments are properly disclosed?	_____	_____	_____
c. Conduit debt obligations and debt defeasances are recorded and disclosed in accordance with generally accepted accounting principles?	_____	_____	_____
5. Do the tests of interfund borrowings appear adequate with respect to:			
a. Legal restrictions, if any, on such borrowings?	_____	_____	_____
b. Authorization?	_____	_____	_____
c. Classification?	_____	_____	_____
H. .090 Deferred Revenue			
1. Does the audit documentation reflect consideration of whether the basis of deferring revenue is reasonable and consistent with restrictions imposed by the resource provider (including matching requirements) or by generally accepted accounting principles?	_____	_____	_____
I. .100 Commitments and Contingencies			
1. Does the audit documentation include indication of inspection of minutes of meetings of the governing board and key committees thereof, provisions of the entity's charter, and applicable statutes and changes therein?	_____	_____	_____
2. Have all material contingencies been properly considered, documented, and reported?	_____	_____	_____

	<u>Yes</u>	<u>No</u>	<u>N/A</u>
J. .110 Fund Equity			
1. Were authorizations of changes in reserves and designated balances examined?	_____	_____	_____
2. Does the audit documentation indicate that there were inquiries, where appropriate, as to proper classification, description, and disclosures of components of fund equity?	_____	_____	_____
K. .120 Revenues and Expenditures/Expenses, Including Interfund Transactions			
1. Were revenues and expenditures and/or expenses for the period compared with those of the preceding period and reviewed for reasonableness and were significant fluctuations explained?	_____	_____	_____
2. Was adequate consideration given to the entity's revenue and expenditure recognition policies?	_____	_____	_____
3. Does the audit documentation indicate that revenues and expenditures/expenses have been recognized in conformity with generally accepted accounting principles?	_____	_____	_____
4. Has it been determined that encumbrances are properly identified, supported, and recorded?	_____	_____	_____
5. Were appropriate tests of payroll performed, including account distribution?	_____	_____	_____
6. Do tests of pension expenditures/expenses and liabilities appear adequate?	_____	_____	_____
7. Was the entity's accounting and financial reporting of risk financing and related insurance activities appropriately considered?	_____	_____	_____
8. Have leases been examined to determine whether capital, sales, and direct financing leases have been properly accounted for?	_____	_____	_____
9. If a third party reimburses the entity for costs incurred in connection with providing services to others:			
a. Were pertinent sections of significant third party contracts reviewed to determine the basis for reimbursement?	_____	_____	_____
b. Were cost reimbursement reports and the underlying support reviewed?	_____	_____	_____
c. Were appropriate allocations made of indirect costs among the entity's programs?	_____	_____	_____
d. Was the effect of audits, either required or performed by third party grantors, considered?	_____	_____	_____
10. Does the audit documentation indicate that interfund transactions were properly approved and recorded?	_____	_____	_____

III. Compliance With Single Audit Requirements

A. .130 Single Audit Requirements

1. Did we discuss and agree on the scope of the engagement with the entity?	_____	_____	_____
---	-------	-------	-------

	<u>Yes</u>	<u>No</u>	<u>N/A</u>
2. Did we, by reviewing contract files and receipts and disbursements, obtain reasonable assurance that the entity appropriately identified all federal awards and included those awards within the audit scope?	_____	_____	_____
3. Does the schedule of expenditures of federal awards present all required elements?	_____	_____	_____
4. Was appropriate consideration given to the single audit guidance issued by the Office of Management and Budget, including Circular A-133, <i>Audits of States, Local Governments, and Non-Profit Organizations</i> , and the <i>Compliance Supplement</i> ?	_____	_____	_____
5. Was appropriate consideration given to the single audit guidance contained in AICPA Audit Guide <i>Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards</i> ?	_____	_____	_____
6. Did we appropriately identify major programs?	_____	_____	_____
7. For each compliance requirement that could have a direct and material effect on each major program, did we plan tests of controls to achieve a low-assessed level of control risk, perform testing as planned, and document that work (except as indicated at step 8 below)?	_____	_____	_____
8. For those compliance requirements for which a low assessed level of control risk could not be achieved, did we document that conclusion in the working papers and, if appropriate, report a reportable condition or material weakness audit finding?	_____	_____	_____
9. Were all reportable conditions in internal control disclosed in the auditor's reports?	_____	_____	_____
10. In determining whether the entity has complied with applicable laws, regulations, and provisions of contracts and grant agreements that may have a material effect on each major federal program, did we:			
a. Consult appropriate sources, such as the <i>Compliance Supplement</i> , statutes, regulations, and agreements covering individual programs to identify the compliance requirements that apply to each major program and to determine which requirements to test?	_____	_____	_____
b. Perform tests to determine whether the entity complied with each of the fourteen types of compliance requirements, if material to the particular major program?	_____	_____	_____
c. Select representative numbers and types of test items for each compliance requirement for each major program?	_____	_____	_____
d. Report audit findings in accordance with criteria of OMB Circular A-133?	_____	_____	_____
e. Consider whether tests of compliance with the programs' requirements appear adequate to support the report on compliance?	_____	_____	_____
11. If warranted, did we communicate with the cognizant agency to avoid or minimize any disagreements or problems?	_____	_____	_____

	<u>Yes</u>	<u>No</u>	<u>N/A</u>
12. Did the financial statement audit comply with the additional requirements of <i>Government Auditing Standards</i> ? ²	_____	_____	_____
13. Did we submit the report(s) to the organization audited and to those requiring or arranging for the audit within the required time?	_____	_____	_____

The audit engagement has been completed in accordance with professional standards and firm policy.

AAM Section 12,350

Government Auditing Standards *Requirements*¹

Overview

.01 This section discusses the financial statement audit requirements² of the 1994 revision to the *Government Auditing Standards*, as amended through *Government Auditing Standards Amendment 3*, "Independence," that go beyond the requirements of an audit in accordance with generally accepted auditing standards (GAAS). *Government Auditing Standards*, issued by the Comptroller General of the United States, often called the Yellow Book or generally accepted government auditing standards (GAGAS), are to be followed by auditors and audit organizations when required by law, regulation, agreement, contract, or policy. While *Government Auditing Standards* are an integral part of an audit of federal awards under the provisions of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, they also may be required in other situations. For example, a state government that provides state grants to local governments may require audits in accordance with *Government Auditing Standards* as part of the grant contract. Therefore, this section may be helpful to auditors who are conducting an audit in accordance with *Government Auditing Standards*, but not under the provisions of OMB Circular A-133. The auditor should consider using this section in conjunction with *Government Auditing Standards* and its three amendments, which are available from the U.S. General Accounting Office (GAO) Web site at www.gao.gov/govaud/ybk01.htm.³

.02 *Government Auditing Standards* incorporates all AICPA audit standards for field work and reporting and its general standards are similar to those of the AICPA. However, *Government Auditing Standards* also contains additional general, field work, and reporting standards, which are summarized in the table in the paragraph .03 and discussed in detail in this section.

¹ The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. In addition, the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, addresses the audits of financial statements prepared in conformity with those GASB pronouncements. See the discussion of those GASB pronouncements and that Guide in the headnote in AAM section 12,000. This section does not incorporate the changes that might be needed as a result of those GASB pronouncements and that Guide. Those changes will be incorporated into this section in the future.

² *Government Auditing Standards* addresses two types of audits: financial and performance. Financial audits include financial statement and financial related audits. Financial statement audits are defined as providing reasonable assurance about whether the financial statements of an audited entity present fairly the financial position, results of operations, and cash flows in conformity with generally accepted accounting principles (GAAP). Financial statement audits also include audits of financial statements prepared in conformity with other comprehensive bases of accounting discussed in paragraphs 2 through 10 of SAS No. 62, *Special Reports* (AU section 623.02-.10). This section discusses only financial statement audits.

³ Printed versions of the 1994 revision of *Government Auditing Standards* and, separately, its two amendments can be purchased from the Superintendent of Documents, U.S. Government Printing Office (GPO), Washington, DC 20401; phone (202) 512-1800; fax (202) 512-2250.

.03 Table of Additional Financial Statement Audit Requirements of *Government Auditing Standards***General Requirements**

- Continuing professional education (CPE) in subjects directly related to the government environment and to government auditing or to the specific or unique environment in which the audited entity operates (see paragraphs .05 and .06)
- Appropriate internal quality control system and external quality control review every three years (see paragraphs .07 and .08)
- Independence rules relating to personal, external, and organizational factors that are in some cases more restrictive than the AICPA's Code of Professional Conduct (AICPA, *Professional Standards*, vol. 2, ET section 101), particularly in the area of non-audit services (see paragraphs .09 through .12)

Fieldwork Requirements

- Communication with the organization or entity being audited (the auditee), the individuals contracting for or requesting audit services, and the audit committee regarding the nature of planned testing and reporting on compliance with laws and regulations and internal control over financial reporting (see paragraphs .13 through .15)
- Audit follow-up requirements on known material findings and recommendations from previous audits (see paragraph .16)
- Plan audit to provide reasonable assurance of detecting misstatements resulting from noncompliance with provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts (see paragraph .17)
- Documentation requirements when assessing control risk at maximum for controls significantly dependent upon computerized information systems (see paragraphs .18 and .19)
- Additional audit documentation requirements (see paragraphs .20 and .21)

Reporting Requirements

- Referring to *Government Auditing Standards* in the auditor's report (see paragraph .23)
- Reporting on compliance with laws and regulations and on internal control over financial reporting (see paragraphs .24 through .38)
- Consideration of privileged and confidential information (see paragraph .39)
- Report distribution (see paragraph .40)

.04 *Government Auditing Standards* also provides additional guidance on audit materiality (see paragraph .41), fraud and illegal acts (see paragraph .42), and internal control (see paragraph .43). Auditors should note that information is presented in *Government Auditing Standards* as additional guidance, and not as required standards.

General Requirements

Continuing Professional Education

.05 See *Government Auditing Standards*, paragraphs 3.6 through 3.9, for its CPE requirements. *Government Auditing Standards* requires auditors to participate in a program of CPE and training. Every two years, all auditors (whether certified or not) performing audits in accordance with *Government Auditing Standards* should complete at least eighty credit hours of training that contribute directly to their professional proficiency. At least twenty of those hours should be completed in each year of the two-year period. For auditors responsible for planning, directing, or reporting on the audit and for auditors conducting substantial portions of the audit, at least twenty-four hours should be in subjects directly related to the government environment and to government auditing. If the auditee operates in a specific or unique environment, auditors should receive training that is related to that environment. The audit organization is responsible for establishing and implementing a program to ensure that auditors meet the foregoing CPE and training requirements and for maintaining documentation of the education and training completed.

.06 *Interpretation of Continuing Education and Training Requirements*, a detailed interpretation of the foregoing CPE standards, is available from the GAO's Web site at www.gao.gov/govaud/ybk01.htm. Among other things, that interpretation discusses who is subject to the CPE requirements and what programs, activities, and subjects qualify as acceptable CPE. During engagement planning, auditors and audit organizations should ensure that members of the audit team have met or will meet the appropriate CPE requirements within two years of the start of the first audit in accordance with *Government Auditing Standards*, and every two years thereafter.

Quality Control

.07 See *Government Auditing Standards*, paragraphs 3.31 through 3.36, for its quality control requirements. *Government Auditing Standards* states that the audit organization should have in place an appropriate internal quality control system and undergo an external quality control review (for example, a peer review). An external quality control review should be conducted at least once every three years by an organization not affiliated with the organization being reviewed.

.08 *Government Auditing Standards* requires audit organizations seeking to enter into a contract to perform an audit in accordance with *Government Auditing Standards* to provide their most recent external quality control review report to the party contracting for the audit. Auditors are not required to provide separate letters of comment. Auditors should consider including in the audit documentation the provision of the quality control review report to the party contracting for the audit. Additional quality control requirements are also established by the independence rules in *Government Auditing Standards*.

Independence

.09 *Government Auditing Standards Amendment 3* (*Government Auditing Standards* paragraphs 3.11 through 3.30.10) contains independence requirements for both individual auditors and audit firms or organizations that add to those required by the AICPA for GAAS audits.* The GAO's *Government Auditing Standards: Answers to Independence Standard Questions* responds to questions related to the independence standard's implementation time frame, underlying concepts, and application in specific non-audit circumstances. Those independence requirements address when auditors and their organizations are independent from the organizations they audit by defining when personal, external, and organizational impairments to independence exist. If an audit organization is not independent, *Government Auditing Standards* states that the auditor should (a) decline to perform the work or (b) report the impairment in the scope section of the auditor's report when a government auditor cannot decline to perform the work because of a legislative requirement or for other reasons.

.10 *Government Auditing Standards* adopts an engagement-team focused approach to independence for matters such as financial interests of an individual auditor, not unlike the AICPA's requirements. It also provides criteria for when governmental audit organizations are organizationally independent from the audited entity for purposes of external and internal reporting. *Government Auditing Standards* employs a principles-based approach to independence supplemented with certain safeguards for matters such as the performance of non-audit services. With respect to non-audit services, *Government Auditing Standards* requirements are generally more restrictive than those of the AICPA.

.11 To comply with the provisions governing non-audit services, audit organizations must meet two overarching principles. The first bars audit organizations from performing management functions or making

* Amendment 3, as affected by *Government Auditing Standards. Answers to Independence Standard Questions*, is effective for audits for periods beginning on or after January 1, 2003, with early implementation encouraged. Further, in March 2003, the AICPA Professional Ethics Executive Committee released an Exposure Draft (ED) entitled *Omnibus Proposal of Professional Ethics Division Interpretations and Rulings*. Among the changes proposed in the ED are clarifications and changes relating to nonattest services to an attest client in areas such as bookkeeping services, appraisal, valuation, and actuarial services, financial information systems—design, installation, or integration services, and internal audit assistance. The changes, if finalized as proposed, would reduce some of the differences between the AICPA and *Government Auditing Standards* independence requirements.

management decisions for their clients; the second prohibits audit organizations from auditing their own work or providing non-audit services when the services are material or significant to the subject matter of the audit. If a non-audit service does not conflict with either principle, an audit organization may perform the service as long as it complies with each of the following safeguards, which are more fully described in paragraph 3.25 of *Government Auditing Standards*:

- Personnel providing the non-audit service cannot plan, conduct or review audit work related to the non-audit service. Audit and non-audit work must be performed by separate engagement teams. (When an audit organization provides 40 or fewer hours of non-audit services related to a specific audit engagement this safeguard is waived but the auditors must observe the two overarching principles and other safeguards described in this paragraph.)
- The scope and extent of audit work cannot be reduced beyond the level that would be appropriate if the non-audit work were performed by an unrelated party.
- The audit organization should document its consideration of the non-audit service, including its rationale that providing the service does not violate the two overarching principles.
- The audit organization should establish and document an understanding with management regarding the objectives, scope of work and deliverables of the non-audit service, including an understanding that management is responsible for the results of the service.
- The audit organization's quality control system should include policies and procedures that ensure consideration of the effect of the non-audit service on ongoing, planned and future audits.
- Where a non-audit service is deemed to conflict with the audit (because the service violates one or both of the overarching principles), the audit organization should communicate to management—before beginning the non-audit service engagement—that it will be unable to perform subsequent audit work related to the subject matter of the non-audit service.
- For audits selected during peer review, the audit organization should identify to its peer reviewer all related non-audit services and provide all related audit documentation.

.12 *Government Auditing Standards* describe both non-audit services that are expressly prohibited and others that are permissible (as long as the auditor complies with the two overarching principles and all required safeguards noted in paragraph .11 above). The standards also state that audit organizations can perform routine activities for the audited entity and management without impairing their independence—provided the audit organization neither makes management decisions nor perform management functions. Such ordinary services do not violate the overarching principles and are not subject to the safeguards described above.

Fieldwork Requirements

Auditor Communication

.13 See *Government Auditing Standards*, paragraphs 4.6.3 through 4.6.9, for its auditor communication requirements. *Government Auditing Standards* requires the auditor to communicate the following information to the parties identified in paragraph .14 during the planning stages of an audit:

- The auditor's responsibilities in a financial statement audit, including the responsibilities for testing and reporting on compliance with laws and regulations and internal control over financial reporting.
- The nature of any additional testing of compliance and internal control required by laws and regulations or otherwise requested, and whether the auditor is planning on providing opinions on compliance with laws and regulations and internal control over financial reporting.

To assist in communicating the limitations of the auditor's responsibilities for compliance and internal control over financial reporting, the auditor may want to contrast those responsibilities with other financial

related audits of compliance and controls. The discussion in paragraphs 4.6.8 and 4.6.9 of *Government Auditing Standards* may be helpful to auditors in explaining their responsibilities for testing and reporting on compliance with laws and regulations and internal control over financial reporting. Auditors should use professional judgment to determine the form and content of the communication, although written communication is preferred and auditors may use an engagement letter to communicate the required information.⁴ Auditors should include the communication in the audit documentation.

.14 The auditor should communicate the information in paragraph .13 to the following:

- Appropriate officials of the organization or entity being audited (the auditee) which normally would include the head of the organization, the audit committee or board of directors or other equivalent oversight body in the absence of an audit committee, and the individual who possesses a sufficient level of authority such as the chief financial officer
- In situations where the auditor is performing the audit under a contract with a party other than the auditee, or pursuant to a third-party request, the auditor should also communicate with the individuals contracting for or requesting the audit services; and
- When the auditor is performing the audit pursuant to a law or regulation, the auditor should communicate with the legislative members or staff who have oversight of the auditee. (This requirement applies only to situations where the law or regulation specifically identifies the entity to be audited. Situations where the financial statement audit mandate applies to entities not specifically identified, such as audits required by the Single Audit Act Amendments of 1996, are excluded.)

.15 Additional communication requirements related to nonaudit services are also established by the independence rules in *Government Auditing Standards*. See paragraph .11 for a description of those requirements.

Audit Follow-Up

.16 See *Government Auditing Standards*, paragraphs 4.7 and 4.10 through 4.11, for its audit follow-up requirements. *Government Auditing Standards* requires auditors to follow up on known material findings and recommendations from previous audits that could affect the financial statement audit. The purpose of this follow-up is to determine whether the auditee has taken timely and appropriate corrective actions. *Government Auditing Standards* also requires auditors to report the status of uncorrected material findings and recommendations that are from prior audits and that affect the financial statement audit.

Responsibilities With Regard to the Provisions of Contracts and Grant Agreements

.17 Paragraph 4.13 of *Government Auditing Standards* refers to additional responsibilities with regard to detecting material misstatements resulting from noncompliance with the provisions of contract and grant agreements that have a direct and material effect on the determination of financial statement amounts. However, it generally has been interpreted under GAAS that the phrase *laws and regulations* in SAS No. 54, *Illegal Acts by Clients* (AU section 317), implicitly includes the provisions of contracts and grant agreements. Thus, the auditor's responsibility with regard to detecting material misstatements resulting from noncompliance with the provisions of contracts and grant agreements under *Government Auditing Standards* equates to the auditor's responsibility under GAAS.

Internal Control Documentation Requirement

.18 See paragraphs 4.21.3 and 4.21.4 of *Government Auditing Standards* for an additional internal control standard that requires auditors, when planning the audit, to include the following in the audit documentation:

⁴ Note that using the engagement letter to make the required communication does not satisfy *Government Auditing Standards* requirements if the letter is not delivered to the parties identified in paragraph .13

- The basis for assessing control risk at the maximum level for assertions related to material account balances, transaction classes, and disclosure components of financial statements when such assertions are significantly dependent upon computerized information systems; and
- Consideration that the planned audit procedures are designed to achieve audit objectives and to reduce audit risk to an acceptable level.

.19 That additional standard does not increase the auditor's responsibility for testing controls. However, it may require additional documentation. If the auditor assesses control risk at the maximum level for assertions related to material account balances, transaction classes, and disclosure components of financial statements when such assertions are significantly dependent upon computerized information systems, the auditor should include in the audit documentation the basis for that conclusion by addressing (a) the ineffectiveness of the design and/or operation of the controls or (b) the reasons why it would be inefficient to test the controls. In such circumstances, *Government Auditing Standards* also requires the auditor to include in the audit documentation the consideration that the planned audit procedures are designed to achieve specific audit objectives and, accordingly, to reduce audit risk to an acceptable level. That documentation should address:

- The rationale for determining the nature, timing, and extent of planned audit procedures;
- The kinds and competence of available evidential matter produced outside a computerized information system; and
- The effect on the audit opinion or report if evidential matter to be gathered during the audit does not afford a reasonable basis for the auditor's opinion on the financial statements.

Audit Documentation

.20 See *Government Auditing Standards*, paragraph 4.35, for an additional standard that requires audit documentation to contain sufficient information to enable an experienced auditor having no previous connection with the audit to ascertain from them the evidence that supports the auditor's significant conclusions and judgments. *Government Auditing Standards*, paragraph 4.38, also states that auditors should provide for audit documentation access to audit documentation by other auditors. Providing for such access in contractual arrangements for *Government Auditing Standards* audits will help to facilitate reviews of audit quality and reliance by other auditors on the auditor's work.

.21 *Government Auditing Standards*, paragraph 4.37, specifically states that audit documentation should contain—

- The objectives, scope, and methodology, including any sampling criteria used.
- Documentation of the work performed to support significant conclusions and judgments, including descriptions of the transactions and records examined that would enable an experienced auditor to examine the same transactions and records. [Auditors may meet this requirement by listing voucher numbers, check numbers, or other means of identifying specific documents they examined. Auditors are not required to include in the audit documentation copies of documents they examined nor are they required to list detailed information from those documents.]
- Evidence of supervisory reviews of the work performed.

.22 Additional documentation requirements related to non-audit services are also established by the independence rules in *Government Auditing Standards*. See paragraph .11 for a description of those requirements.

Reporting Requirements

Reference to *Government Auditing Standards*

.23 When the report on the financial statements is submitted to comply with a requirement for an audit in accordance with *Government Auditing Standards*, audit reports should state that the audit was made in accordance with generally accepted government auditing standards. (See *Government Auditing Standards*, paragraphs 5.11 through 5.14.) The AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, recommends the following language be included in the auditor's report to meet this requirement: "we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States."⁵

Compliance and Internal Control Reporting⁶

.24 *Government Auditing Standards* requires the report on the audit of the financial statements to either (a) describe the scope of the auditor's testing of compliance with laws and regulations and internal control over financial reporting and present the results of those tests or (b) refer to the separate report(s) containing that information. In presenting the results of tests, the auditor should report fraud, illegal acts, other material noncompliance, and reportable conditions in internal control over financial reporting. The AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, recommends a separate, single report on compliance and on internal control over financial reporting, the elements of which are presented in a table in paragraph .38. Illustrative reports on compliance and on internal control over financial reporting are in AAM sections 12,400.18 and 12,400.19.

.25 When auditors report separately on compliance with laws and regulations and internal control over financial reporting, the report on the financial statements should state that they have issued the additional report. It also should state that the report on compliance with laws and regulations and internal control over financial reporting is an integral part of an audit performed in accordance with *Government Auditing Standards*, and in considering the results of the audit, that the report(s) should be read in conjunction with the auditor's report on the financial statements. See footnote 3 in the illustrative auditor's report on the financial statements in AAM section 12,400.01 for the language to refer to a separate report on compliance and on internal control over financial reporting. A listing of the elements of an auditor's report on a government's financial statements that is issued for an audit in accordance with GAAS and *Government Auditing Standards* is in the table in the following paragraph.

.26 Table of Elements of an Auditor's Report on Financial Statement Issued in Accordance With *Government Auditing Standards*

If the auditor's report on a government's financial statement is issued for an audit in accordance with GAAS and *Government Auditing Standards* (and not for an audit subject to Circular A-133), the standard report identifies the financial statements audited in an opening (introductory) paragraph, describes the nature of an audit in a scope paragraph, and expresses the auditor's opinion on the financial statements in a separate opinion paragraph. The basic elements of the report are—

- a. A title that includes the word *independent*.
- b. A statement that the financial statements identified in the report were audited.

(continued)

⁵ *Government Auditing Standards* acknowledges that an auditee may need a financial statement audit for purposes other than to comply with a requirement calling for an audit in accordance with *Government Auditing Standards*. For example, the auditee may need a financial statement audit to issue bonds. In this case, *Government Auditing Standards* permits auditors to issue a separate report on the financial statements conforming only to the requirements of GAAS.

⁶ See paragraphs 5.15 through 5.28 of *Government Auditing Standards*.

- c. A statement that the financial statements are the responsibility of the auditee's management and that the auditor's responsibility is to express an opinion on the financial statements based on his or her audit.
- d. A statement that the audit was conducted in accordance with GAAS and an identification of the United States of America as the country of origin of those standards (for example, auditing standards generally accepted in the United States of America or U. S. generally accepted auditing standards) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.⁷
- e. A statement that those standards require that the auditor plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.
- f. A statement that an audit includes—
 - Examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements.
 - Assessing the accounting principles used and significant estimates made by management.
 - Evaluating the overall financial statement presentation.
- g. A statement that the auditor believes that the audit provides a reasonable basis for his or her opinion.
- h. An opinion on whether the financial statements present fairly, in all material respects, the financial position of the auditee as of the balance sheet date, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the period then ended in conformity with GAAP.⁸ The opinion should include an identification of the United States of America as the country of origin of those accounting principles (for example, accounting principles generally accepted in the United States of America or U.S. generally accepted accounting principles).
- i. A reference to the separate report on compliance with certain provisions of laws, regulations, contracts, and grant agreements and on the internal control over financial reporting prepared in accordance with *Government Auditing Standards* (see paragraph .36) that includes a statement that the separate report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with the report on the financial statements in considering the results of the audit. If the reporting on compliance and internal control over financial reporting is included in the report on the financial statements, the reference to the separate report is not required. (The AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, recommends separate reporting. See paragraph .24.)
- j. A description of the accompanying required supplementary information (for example, certain pension or risk financing information) and supplementary information (for example, the combining and individual fund and account group financial statements and schedules). This identification may be by descriptive title or by page number of the document.⁹

⁷ If a material component unit or fund of a reporting entity is not required to have an audit in accordance with *Government Auditing Standards*, but the audit of the reporting entity is performed in accordance with *Government Auditing Standards*, the auditor should modify the scope paragraph of the report on the financial statements to indicate the portion of the reporting entity that was not audited in accordance with *Government Auditing Standards*. Example wording that could be used in this situation is: "We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of [name of fund or component unit] were not audited in accordance with *Government Auditing Standards*. An audit includes examining . . ."

⁸ If a government prepares its financial statements in conformity with a comprehensive basis of accounting other than GAAP, the auditor is still required to express or disclaim an opinion and should follow the reporting in SAS No. 62, *Special Reports*.

⁹ SAS No. 29, *Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents*, as amended (AU section 551), requires the elements listed in items j through l in auditor-submitted documents that contains information in addition to the client's basic financial statements and the auditor's report thereon. In addition, if the document is client prepared, the auditor may be engaged or choose to apply the guidance in SAS No. 29, as amended. Other guidance on the auditor's responsibility with respect to such information is in (a) SAS No. 8, *Other Information in Documents Containing Audited Financial Statements*, as amended (AU section 550), and (b) SAS No. 52, *Required Supplementary Information*, as amended (AU section 558).

- k. A statement that the accompanying information is presented for purposes of additional analysis and is not a required part of the financial statements.
- l. An opinion on whether the accompanying information is fairly stated, in all material respects, in relation to the financial statements taken as a whole, or a disclaimer of opinion, depending on whether the information has been subjected to the auditing procedures applied in the audit of the basic financial statements. The auditor may express an opinion on a portion of the accompanying information and disclaim an opinion on the remainder.
- m. The manual or printed signature of the auditor's firm.
- n. The date of the audit report.

Fraud, Illegal Acts, and Other Noncompliance

.27 With regard to fraud and illegal acts, *Government Auditing Standards* requires auditors to report relevant information (in writing) when the auditor concludes, based on evidence obtained, that fraud or an illegal act has occurred or is likely to have occurred. Auditors do not need to report information about fraud or illegal acts that is clearly inconsequential. Therefore, auditors are required to present in the report the same fraud and illegal acts that they report to audit committees under GAAS.¹⁰ *Government Auditing Standards* also requires auditors to report other noncompliance (for example, a violation of a contract provision) that is material to the financial statements.

.28 When auditors detect fraud, illegal acts, or other noncompliance that do not meet the criteria in paragraph 5.18 of *Government Auditing Standards* for reporting (summarized in paragraph .21), paragraph 5.20 of *Government Auditing Standards* requires auditors to communicate those findings to the auditee, preferably in writing. If auditors have communicated those findings in a management letter to top management, they should refer to that management letter when they are reporting on compliance. Auditors should document in their working papers all communications to the auditee about fraud, illegal acts, or other noncompliance.

.29 In some circumstances, *Government Auditing Standards* requires the auditor to report fraud and illegal acts directly to parties external to the audited entity. (See *Government Auditing Standards*, paragraphs 5.21 through 5.25.) In addition to any legal requirements for the direct reporting of fraud or illegal acts, auditors (even if they have resigned or been dismissed from the audit) must report fraud or illegal acts directly to parties outside the auditee in the following two circumstances:

- a. The auditee may be required by law or regulation to report certain fraud or illegal acts to specified external parties (for example, to a federal inspector general or a state attorney general). If auditors have communicated such fraud or illegal acts to the auditee, and it fails to report them, then auditors should communicate their awareness of that failure to the auditee's governing body. If the auditee does not make the required report as soon as practicable after the auditors' communication with its governing body, the auditors should report the fraud or illegal acts directly to the external party specified in the law or regulation.
- b. When fraud or an illegal act involves assistance received directly or indirectly from a government agency, auditors may have a duty to report it directly if management fails to take remedial steps. If auditors conclude that such failure is likely to cause them to depart from the standard report on the financial statement or resign from the audit, then they should communicate that conclusion to the auditee's governing body. Then, if the auditee does not report the fraud or illegal act as soon as practicable to the entity that provided the government assistance, the auditors should report the fraud or illegal act directly to that entity.

¹⁰ See SAS No. 54, *Illegal Acts by Clients* (AU section 317) and SAS No. 99, *Consideration of Fraud in a Financial Statement Audit* (AU section 316).

In both of these situations, auditors should obtain sufficient, competent, and relevant evidence (for example, by confirmation with outside parties) to corroborate assertions by management that it has reported fraud or illegal acts. If they are unable to do so, the auditors should report the fraud or illegal acts directly, as discussed previously.

.30 Paragraph 4.16 of *Government Auditing Standards* reminds auditors that under some circumstances, laws, regulations, or policies may require them to report indications of certain types of fraud or illegal acts promptly to law enforcement or investigatory authorities. When auditors conclude that this type of fraud or illegal act either has occurred or is likely to have occurred, they should ask those authorities, legal counsel, or both, if reporting certain information about that fraud or illegal act would compromise investigative or legal proceedings. Auditors should limit their reporting to matters that would not compromise those proceedings, such as information that is already a part of the public record.

Internal Control Over Financial Reporting

.31 The auditor's report on internal control over financial reporting does not express an opinion on the auditee's internal control over financial reporting, but rather describes the extent of the work performed, as required by SAS No. 55, *Consideration of Internal Control in a Financial Statement Audit* (AU section 319), as amended. The report should encompass the requirements of SAS No. 60, *Communication of Internal Control Related Matters Noted in an Audit*, as amended (AU section 325), as well as the additional requirements of *Government Auditing Standards*.

.32 *Government Auditing Standards*, paragraph 5.26, requires auditors to report deficiencies in internal control that they consider to be reportable conditions as defined by SAS No. 60, as amended, and gives examples of matters that may be reportable conditions.¹¹ In reporting reportable conditions, auditors are required to identify those that are individually or cumulatively material weaknesses. The illustrative report in AAM section 12,400.19 provides recommended language that satisfies the requirements of *Government Auditing Standards* when reportable conditions (whether or not they are considered to be material weaknesses) are noted during an audit.

.33 *Government Auditing Standards*, paragraph 5.28, states that when auditors detect deficiencies in the internal control that are not reportable conditions, they should communicate those deficiencies to the auditee, preferably in writing. If the auditors have communicated those deficiencies in internal control in a management letter to top management, they should refer to that management letter when they report on internal control. The illustrative reports in AAM section 12,400.18 and .19 illustrate such a reference to the management letter. Paragraph 5.28 of *Government Auditing Standards* also requires the auditor to document all communications to the auditee about deficiencies in internal control.

Follow-up on Prior-Audit Findings

.34 See paragraph .11 for a discussion of the auditor's responsibility for audit follow-up under *Government Auditing Standards*, including the reporting responsibility.

Findings and Report Content

.35 *Government Auditing Standards*, paragraph 5.19, states that in reporting fraud, illegal acts, other noncompliance, and reportable conditions in internal control, auditors should place their findings in proper perspective. This perspective is both quantitative and qualitative. To give the reader a basis to judge the prevalence and consequences of these conditions, the instances that are identified should be related to the universe or the number of cases examined and be quantified in terms of dollar value, if appropriate.

¹¹ Paragraph 17 of SAS No. 60, *Communication of Internal Control Related Matters Noted in an Audit* (AU section 325.17) prohibits the auditor from issuing a written report representing that no reportable conditions were noted during an audit. The illustrative report in AAM section 12,400.18 provides recommended language that satisfies the requirements of *Government Auditing Standards* when no reportable conditions are noted during an audit.

.36 *Government Auditing Standards* suggests that well-developed findings generally include criteria (what should be), the condition (what is), the effect (the difference between what is and what should be), and the cause (why it happened). *Government Auditing Standards* recognizes reportable conditions and noncompliance identified by the auditor may not always have all of the elements fully developed. However, to provide sufficient information to users to permit them to determine the effect and cause in order to take prompt and proper corrective action, auditors should identify at least the criteria, condition, and possible asserted effect.

.37 In presenting reportable conditions, fraud, illegal acts, and other noncompliance, auditors should follow the report content standards in chapter 7 of *Government Auditing Standards* that pertain to objectives, scope, and methodology; audit results; the views of responsible officials; and the reports presentation standards (as appropriate). Auditors may provide less extensive disclosure of fraud and illegal acts that are not material in either a quantitative or qualitative sense.

.38 Table of Elements of an Auditor's Report on Compliance and on Internal Control Over Financial Reporting Issued in Accordance with *Government Auditing Standards*

The basic elements of the auditor's standard report on compliance and on the internal control over financial reporting based on an audit of the financial statements in accordance with *Government Auditing Standards* (and not for an audit subject to Circular A-133), are—

- a. A statement that the auditor has audited the financial statements of the auditee and a reference to the auditor's report on the financial statements, including a description of any departure from the standard report.
- b. A statement that the audit was conducted in accordance with GAAS and an identification of the United States of America as the country of origin of those standards (for example, auditing standards generally accepted in the United States of America or U. S. generally accepted auditing standards) and with the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.¹²
- c. A statement that as part of obtaining reasonable assurance about whether the auditee's financial statements are free of material misstatement, the auditor performed tests of the auditee's compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.
- d. A statement that providing an opinion on compliance with those provisions was not an objective of the audit and that, accordingly, the auditor does not express such an opinion.
- e. A statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* and, if they are, describes the instances of noncompliance or refers to a separate schedule that summarizes the findings. (See paragraph .21 for a discussion of noncompliance matters that need to be reported under *Government Auditing Standards*.)
- f. If applicable, a statement that certain immaterial instances of noncompliance were communicated to management in a separate letter. (See paragraph .28 for a discussion of reporting other noncompliance matters to top management in accordance with *Government Auditing Standards*.)
- g. A statement that in planning and performing the audit, the auditor considered the auditee's internal control over financial reporting in order to determine the auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control over financial reporting.

(continued)

¹² If a material component unit or fund of a reporting entity is not required to have an audit in accordance with *Government Auditing Standards*, but the audit of the reporting entity is performed in accordance with *Government Auditing Standards*, the auditor should modify the scope paragraph of the report on compliance and on internal control to indicate the portion of the reporting entity that was not audited in accordance with *Government Auditing Standards*. Example wording that could be used in this situation follows: We have audited the financial statements of Example Entity as of and for the year ended June 30, XXX1, and have issued our report thereon dated August 15, XXX1. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of [name of fund or component unit] were not audited in accordance with *Government Auditing Standards*.

- h. If applicable, a statement that reportable conditions were noted and the definition of a reportable condition.
- i. If no reportable conditions are noted, a statement that the auditor's consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses; if reportable conditions are noted, a statement that the auditor's consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses.
- j. If applicable, a description of the reportable conditions noted or a reference to a separate schedule that summarizes the findings.
- k. The definition of a material weakness.
- l. If applicable, a statement about whether the auditor believes any of the reportable conditions noted are material weaknesses and, if they are, describes the material weaknesses noted or refers to a separate schedule that summarizes the findings. If there are no reportable conditions noted, a statement is made that no material weaknesses were noted.
- m. If applicable, a statement that other matters involving the internal control over financial reporting were communicated to management in a separate letter. (See paragraph .33 for a discussion of other internal control matters to be communicated to top management in accordance with *Government Auditing Standards*.)
- n. A separate paragraph at the end of the report stating that the report is intended solely for the information and use of the audit committee, management, and specified legislative or regulatory bodies and is not intended to be and should not be used by anyone other than these specified parties.
- o. The manual or printed signature of the auditor's firm.
- p. The date of the auditor's report.¹³

Privileged and Confidential Information

.39 *Government Auditing Standards*, paragraphs 5.29 through 5.31, require that if certain information is prohibited from general disclosure (that is, prohibited from general disclosure by federal, state, or local laws or regulations), the audit report should state the nature of the information omitted and the requirement that makes the omission necessary.

Report Distribution

.40 *Government Auditing Standards* requires written audit reports to be submitted by the audit organization to the appropriate officials of the auditee and to the appropriate officials of the organizations requiring or arranging for the audit (including external funding organizations), unless legal restrictions prevent it. (See *Government Auditing Standards*, paragraphs 5.32 through 5.35.) Copies of the reports also should be sent to other officials who have legal oversight authority or who may be responsible for acting on audit findings and recommendations and to others authorized to receive such reports. Unless restricted by law or regulation, copies should be made available for public inspection. When public accountants are engaged, the engaging organization should ensure that the report is distributed appropriately. If the public accountants are to make the distribution, the engagement agreement should indicate which officials or organizations should receive the report.

Additional Guidance

Audit Materiality

.41 Paragraphs 4.6.1 and 4.6.2 of *Government Auditing Standards* state that "auditors' consideration of materiality is a matter of professional judgment and is influenced by their perception of the needs of a reasonable

¹³ Because the report on compliance and internal control over financial reporting, as required by *Government Auditing Standards*, relates to the audit of the financial statements and is based on the GAAS audit procedures performed, it should carry the same date as on the report on these financial statements.

person who will rely on the financial statements. Materiality judgments are made in light of surrounding circumstances and necessarily involve both quantitative and qualitative considerations. In an audit of the financial statements of a government entity or an entity that receives government assistance, auditors may set lower materiality levels than in audits in the private sector because of the public accountability of the auditee, the various legal and regulatory requirements, and the visibility and sensitivity of government programs, activities, and functions.”

Fraud and Illegal Acts

.42 *Government Auditing Standards*, paragraphs 4.14 through 4.17, provides additional guidance on possible fraud and illegal acts. First, *Government Auditing Standards* states that auditors may find it necessary to use the work of legal counsel in (1) determining which laws and regulations might have a direct and material effect on the financial statements, (2) designing tests of compliance with laws and regulations, and (3) evaluating the results of those tests. Auditors also may find it necessary to use the work of legal counsel when an audit requires testing compliance with provisions of contracts or grant agreements. Depending on the circumstances, auditors may need to obtain information on compliance matters from others, such as investigative staff, audit officials of government entities that provided assistance to the auditee, or the applicable law enforcement authority. Second, *Government Auditing Standards* provides guidance on exercising due care in pursuing indications of possible fraud and illegal acts so as not to interfere with potential future investigations, legal proceedings, or both, as discussed in paragraph .24.

Internal Control

.43 Paragraphs 4.21 through 4.30 of *Government Auditing Standards* provide guidance on certain aspects of internal control over financial reporting that are important to the judgments auditors make about audit risk and about the evidence needed to support their opinion on the financial statements. Those aspects are summarized as follows:

- *Safeguarding of assets.* These are the controls that prevent or timely detect unauthorized transactions and unauthorized access to assets resulting in possible losses that are material to the financial statements. Therefore, the understanding of safeguarding controls assists auditors in planning the audit to detect material misappropriations as well as to assess other risks that the financial statements could be materially misstated.
- *Control over compliance with laws and regulations.* These are important to auditors in identifying the types of potential misstatements that could occur and the factors that could affect the risk of material misstatement. Such information can help provide reasonable assurance that the financial statements are free of material misstatements resulting from violations of laws and regulations that have a direct and material effect on the determination of financial statement amounts.

AAM Section 12,400

Auditors' Reports on Basic or General-Purpose Financial Statements for State and Local Governmental Units

Note: The Governmental Accounting Standards Board (GASB) has issued several pronouncements that will make significant changes in how most state and local governmental entities account for and report on their transactions and balances in the future. These auditors' reports do not incorporate the changes that will result from those GASB pronouncements. Appendix A to Chapter 14 of the AICPA Audit and Accounting Guide *Audits of State and Local Governments (GASB 34 Edition)*, contains auditors' reports reflecting the necessary changes. See the discussion of those GASB pronouncements and that Guide in the headnote in AAM section 12,000.

.01 Unqualified Opinion on General-Purpose Financial Statements¹

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations

¹ The financial statements of a component unit should acknowledge that the component unit is a component unit of another government; for example, "We have audited the accompanying general-purpose financial statements of Sample County School District, component unit of Sample County, as of and for the year ended June 30, 20X1." In addition, the notes to the component unit's financial statements should identify the primary government of the financial reporting entity and the component unit's relationship to the primary government. For reporting on the financial statements of a primary government that omit the financial data of each component unit, see the Audit and Accounting Guide *Audits of State and Local Governmental Units*, example A.4, "Report on Primary Government Financial Statements That Omit the Financial Data of Each Component Unit." (See AAM section 12,400.04.)

² When the report on the financial statements is submitted to comply with a legal, regulatory, or contractual requirement for an audit in accordance with *Government Auditing Standards*, insert the phrase "and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States." The standards applicable to financial audits include the general, fieldwork, and reporting standards described in chapters 3, 4, and 5 of *Government Auditing Standards*.

and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix A, Example A.1, with conforming changes as of May 1, 2003.]

³ When the report on the financial statements is submitted to comply with a legal, regulatory, or contractual requirement for an audit in accordance with *Government Auditing Standards*, a paragraph similar to the following should be added after the opinion paragraph:

In accordance with *Government Auditing Standards*, we have also issued our report dated [date of report] on our consideration of the City of the Example's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

.02 Unqualified Opinion on General-Purpose Financial Statements Submitted Together With Combining, Individual Fund, and Account Group Financial Statements and Supporting Schedules as Supplementary Data

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements of the City of Example, Any State. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.⁴

¹ See AAM section 12,400.01, footnote 1.

² See AAM section 12,400.01, footnote 2.

³ See AAM section 12,400.01, footnote 3.

⁴ When reporting on supplementary data, the auditor should consider the effect of any modifications in the report on the general-purpose financial statements. Furthermore, if the report on supplementary information is other than unqualified, this paragraph should be modified. Guidance for reporting in these circumstances is described in paragraphs 9 through 11, 13, and 14 of SAS No. 29, *Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents*, as amended (AU section 551.09-.11, .13, and .14).

.03 Unqualified Opinion on General-Purpose Financial Statements and Combining, Individual Fund, and Account Group Financial Statements, Presented Together With Supporting Schedules Reported on as Supplementary Data

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements and the combining and individual fund and account group financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the combining and individual fund and account group financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds and account groups of City of Example, Any State, as of June 30, 20X1, and the results of operations of such funds and the cash flows of individual proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

Our audit was conducted for the purpose of forming an opinion on the general-purpose, combining, and individual fund and account group financial statements of the City of Example, Any State. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of those financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose, combining, and individual fund and account group financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.⁴

.04 Report on Primary Government Financial Statements That Omit the Financial Data of Each Component Unit

Independent Auditor's Report

Addressee:

We have audited the accompanying primary government financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.¹ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate entities are referred to as component units. In our opinion, the primary government financial statements present fairly, in all material respects, the financial position of the primary government of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

However, the primary government financial statements, because they do not include the financial data of component units of City of Example, Any State, do not purport to, and do not, present fairly the financial position of the City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.²

² See AAM section 12,400.01, footnote 3.

.05 Qualified Opinion on General-Purpose Financial Statements That Omit One or More, But Not All, Component Units of the Financial Reporting Entity

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include financial data of the *[identify the component unit(s) omitted]*, which should be included in order to conform with accounting principles generally accepted in the United States of America. If the omitted component unit(s) had been included,³ the assets and revenues of the *[identify fund type(s)—for example, special revenue fund type—or component unit column(s)]* would have been increased by \$XXX,XXX and \$XXX,XXX, respectively, there would have been an excess of expenditures over revenues in that fund type *[or component unit(s)]* of \$XXX,XXX for the year, and the *[identify fund type(s) or discretely presented component unit column]* fund balance would have been a deficit of \$XXX,XXX.

In our opinion, except for the effects on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.⁴

¹ See AAM section 12,400.01, footnote 1.

² See AAM section 12,400.01, footnote 2.

³ If the amounts applicable to the omitted component unit have not been audited, insert the phrase *based on unaudited information*.

⁴ See AAM section 12,400.01, footnote 3.

.06 Adverse Opinion on General-Purpose Financial Statements That Omit One or More, But Not All, Component Units of the Financial Reporting Entity

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose financial statements¹ of City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include financial data of the *[identify the component unit(s) omitted]*, which should be included in order to conform with accounting principles generally accepted in the United States of America.

Because of the departure from generally accepted accounting principles identified above, as of June 30, 20X1, the assets and revenues of the *[identify fund type(s), e.g., special revenue fund type—or component unit column(s)]* would have increased by \$XXX,XXX and \$XXX,XXX, respectively, there would have been an excess of expenditures over revenues in that fund type *[or component unit(s)]* for the year of \$XXX,XXX, and the *[identify fund type(s) or component unit(s)]* fund balance would have been a deficit of \$XXX,XXX.

In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the general-purpose financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of City of Example, Any State as of June 30, 20X1, or the results of its operations or cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended.

² See AAM section 12,400.01, footnote 2.

.07 Qualified Opinion on General-Purpose Financial Statements That Omit a Fund Type or Account Group¹

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose² financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.³ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the *[identify the fund type (account group) omitted]*, which should be included in order to conform with accounting principles generally accepted in the United States of America. The omitted fund type⁴ has assets, liabilities, revenues, and expenditures of \$XXX,XXX, \$XXX,XXX, \$XXX,XXX, and \$XXX,XXX, respectively. *[The amount that should be recorded in the (identify account group) is not known.]*

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.⁵

[Signature]

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix A, Example A.6, with conforming changes as of May 1, 2003.]

¹ There may be circumstances when, based on professional judgment, the auditor may determine that an adverse opinion on the general-purpose financial statements is appropriate. In such a case, a separate explanatory paragraph should state all the substantive reasons for the adverse opinion and the principal effects of those matters. If an adverse opinion is to be rendered, the last two paragraphs of this report should be replaced with the following paragraphs:

The general-purpose financial statements referred to above do not include financial data of the *[identify the component unit(s) omitted]*, which should be included in order to conform with accounting principles generally accepted in the United States of America. Because of the departure from generally accepted accounting principles identified above, as of June 30, 20X1, the assets and revenues of the *[identify fund type(s), for example, special revenue fund type—or component unit column(s)]* would have increased by \$XXX,XXX and \$XXX,XXX, respectively, there would have been an excess of expenditures over revenues in the fund type *[or component unit(s)]* for the year of \$XXX,XXX and the *[identify fund type(s) or component unit(s)]* fund balance would have been a deficit of \$XXX,XXX.

In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the general-purpose financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of City of Example, Any State, as of June 30, 20X1, or the result of its operations or the cash flows of its proprietary fund types and nonexpendable trust funds of the year then ended.

² See AAM section 12,400.01, footnote 1.

³ See AAM section 12,400.01, footnote 2.

⁴ If the amounts applicable to the omitted fund type or account group have not been audited, insert the phrase *based on unaudited information*.

⁵ See AAM section 12,400.01, footnote 3.

.08 Qualified Opinion on General-Purpose Financial Statements That Omit a Fund From a Fund Type¹

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose² financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.³ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the *[identify the omitted fund]*, which should be included in order to conform with accounting principles generally accepted in the United States of America. If the omitted fund⁴ had been included, the *[identify fund type]* assets, liabilities, revenues, and expenditures would have increased \$XXX,XXX, \$XXX,XXX, \$XXX,XXX, and \$XXX,XXX, respectively.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.⁵

² See AAM section 12,400.01, footnote 1.

³ See AAM section 12,400.01, footnote 2.

⁴ If the amounts applicable to the omitted fund have not been audited, insert the phrase *based on unaudited information*.

⁵ See AAM section 12,400.01, footnote 3.

.09 Unqualified Opinion on General Fund Financial Statements With an Explanatory Paragraph Calling Attention to the Fact That the Financial Statements Do Not Represent the Financial Position and Results of Operations of the Financial Reporting Entity

Independent Auditor's Report

Addressee:

We have audited the accompanying financial statements of the general fund of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.¹ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note X, the financial statements present only the general fund and are not intended to present fairly the financial position and results of operations of City of Example, Any State, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund of City of Example, Any State, as of June 30, 20X1, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.²

.10 Unqualified Opinion on an Enterprise Fund's Financial Statements With an Explanatory Paragraph Calling Attention to the Fact That the Financial Statements Do Not Represent the Financial Position and Results of Operations of the Financial Reporting Entity

Independent Auditor's Report

Addressee:

We have audited the accompanying financial statements of [*identify enterprise fund*] of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.¹ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note X, the financial statements present only the [*identify enterprise fund*] and are not intended to present fairly the financial position of City of Example, Any State, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of [*identify enterprise fund*] of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.²

.11 Qualified Opinion on General-Purpose Financial Statements That Include an Unaudited Organization, Function, or Activity

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We were unable to obtain the audited financial statements supporting the financial activities of the *[identify the organization, function, or activity]*, nor were we able to satisfy ourselves as to those financial activities by other auditing procedures. Those financial activities are included in the *[identify fund type, account group, or component unit column(s)]* and represent XX percent and XX percent of the assets and revenues, respectively, of *[identify fund type, account group, or component unit column]*.

In our opinion, except for the effects of such adjustment, if any, as might have been determined to be necessary had we been able to obtain the audited financial statements of *[identify the organization, function, or activity]*, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

.12 Unqualified Opinion on General-Purpose Financial Statements With Reference to an Audit of an Organization, Function, or Activity by Other Auditors

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit. We did not audit the financial statements of *[identify organization, function, or activity]*, which represent XX percent and XX percent, respectively, of the assets and revenues of the *[identify fund type, account group, or component unit column(s)]*. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for *[identify organization, function, or activity]*, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

.13 Unqualified Opinion on General-Purpose Financial Statements and Combining, Individual Fund, and Account Group Financial Statements When One Fund or Component Unit Representing Less Than All of a Fund Type Has Been Audited by Other Auditors

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements and the combining and individual fund and account group financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the [identify fund or component unit] which statements reflect total assets of \$XXX,XXX as of June 30, 20X1, and total revenues of \$XXX,XXX for the year then ended. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the [identify fund or component unit] in the [identify fund type or component unit column(s)], is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the combining, individual fund, and account group financial statements referred to above (other than the [identify fund or component unit], whose financial statements were audited by other auditors whose report expressed an unqualified opinion) present fairly, in all material respects, the financial position of each of the individual funds and account groups of City of Example, Any State, at June 30, 20X1, and the results of operations of such funds and the cash flows of individual proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

.14 Unqualified Opinion on General-Purpose Financial Statements With Reference to an Audit of All of a Fund Type by Other Auditors

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose¹ financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit. We did not audit the financial statements of the [identify fund type]. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the general-purpose financial statements, insofar as it relates to the amounts included for the [identify fund type], is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.² Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.³

.15 Unqualified Opinion on Financial Statements Prepared in Accordance With a Comprehensive Basis of Accounting Other Than Generally Accepted Accounting Principles

Independent Auditor's Report

Addressee:

We have audited the accompanying financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.¹ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note X, City of Example, Any State, prepares its financial statements on the cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of City of Example, Any State, as of June 30, 20X1, and the revenues it received and expenditures it paid for the year then ended on the basis of accounting described in Note X.^{2,3}

[Signature]

² If the financial statements are prepared in conformity with the requirements or financial reporting provisions of a governmental regulatory agency to whose jurisdiction the entity is subject, the opinion paragraph should be followed by a paragraph that restricts the distribution of the report solely to those within the entity and for filing with the regulatory agency. See paragraphs 5f and 8 of SAS No. 62, *Special Reports* (AU section 623.05f and .08)

³ See AAM section 12,400.01, footnote 3

.16 Unqualified Opinion on Financial Statements of a Department Constituting Less Than a Fund**Independent Auditor's Report**

Addressee:

We have audited the accompanying financial statements of the Department of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These financial statements are the responsibility of the Department of Example's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.¹ Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note X, the financial statements of the Department of Example, Any State, are intended to present the financial position and results of operations and the cash flows of proprietary fund types of only that portion of the financial reporting entity of the State that is attributable to the transactions of the Department.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Department of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.²

.17 Unqualified Opinion on General-Purpose Financial Statements and Supplementary Schedule of Expenditures of Federal Awards (Non-GASB 34 Version)¹

Independent Auditor's Report

Addressee:

We have audited the accompanying general-purpose financial statements of the City of Example, Any State, as of and for the year ended June 30, 20X1, as listed in the table of contents. These general-purpose financial statements are the responsibility of the City of Example's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*,² issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Example, Any State, as of June 30, 20X1, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated [date of report] on our consideration of the City of Example's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.³

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The accompanying schedule of expenditures of federal awards⁴ is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.⁵

¹ Auditors also should refer to the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, for additional guidance on reporting on a government's general-purpose financial statements.

² The standards applicable to financial audits include the general, fieldwork, and reporting standards described in chapters 3, 4, and 5 of *Government Auditing Standards*.

³ The following paragraph should be deleted if the schedule of expenditures of federal awards is not presented with the general-purpose financial statements (that is, a separate single audit package is issued). In such a circumstance, the required reporting on the schedule may be incorporated in the report issued to meet the requirements of Circular A-133. See AAM section 12,400.20, footnote 4 and 21, footnote 5 for additional guidance

⁴ If the auditor is reporting on additional supplementary information (for example, combining and individual fund and account group financial statements and schedules), this paragraph should be modified to describe the additional supplementary information. The example reports in AAM section 12,400.02 and .03 and SAS No. 29, *Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents*, as amended (AU section 551), provide useful guidance.

⁵ When reporting on the supplementary information, the auditor should consider the effect of any modifications to the report on the general-purpose financial statements. Furthermore, if the report on supplementary information is other than unqualified, this paragraph should be modified. Guidance for reporting in these circumstances is described in paragraphs 9 through 11, 13, and 14 of SAS No. 29, as amended (AU section 551.09-11, 13, and .14).

.18 Report on Compliance and on Internal Control Over Financial Reporting¹ Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards* (No Reportable Instances of Noncompliance and No Material Weaknesses [No Reportable Conditions Identified])²

Independent Auditor's Report

Addressee:

We have audited the financial statements of Example Entity as of and for the year ended June 30, 20X1, and have issued our report thereon dated August 15, 20X1.³ We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*,⁴ issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Example Entity's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.^{5,6}

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Example Entity's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.⁷

¹ See paragraph 4.12 of the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, for a description of internal control over financial reporting.

² The auditor should use the portions of AAM section 12,400.18 and .19 that apply to a specific auditee situation. For example, if the auditor will be giving an unqualified opinion on compliance but has identified reportable conditions, the compliance section of this report would be used along with the internal control section of AAM section 12,400.19. Alternatively, if the auditor will be giving a qualified opinion on compliance but has not identified reportable conditions, the internal control section of this report would be used along with the compliance section of AAM section 12,400.19.

³ Describe any departure from the standard report (for example, a qualified opinion, a modification as to consistency because of a change in accounting principle, or a reference to the report of other auditors)

⁴ See AAM section 12,400.17, footnote 2.

⁵ See paragraphs 5.18 and 5.19 of *Government Auditing Standards* for the criteria for reporting.

⁶ If the auditor has issued a separate letter to management to communicate matters that do not meet the criteria for reporting in paragraph 5.18 of *Government Auditing Standards*, this paragraph should be modified to include a statement such as the following: "However, we noted certain immaterial instances of noncompliance, which we have reported to management of Example Entity in a separate letter dated August 15, 20X1." This reference to management is intended to be consistent with paragraph 5.20 of *Government Auditing Standards* which indicates that communications to "top" management should be referred to.

⁷ If the auditor has issued a separate letter to management to communicate other matters involving the design and operation of the internal control over financial reporting, this paragraph should be modified to include a statement such as the following: "However, we noted other matters involving the internal control over financial reporting, which we have reported to management of Example Entity in a separate letter dated August 15, 20X1." This reference is not intended to preclude the auditor from including other matters in the separate letter to management. Furthermore, the reference to management is intended to be consistent with paragraph 5.28 of *Government Auditing Standards* which indicates that communications to "top" management should be referred to.

This report is intended solely for the information and use of the audit committee, management, [*specify legislative or regulatory body*], and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.^{8, 9}

⁸ If this report is issued for an audit that is not subject to Circular A-133, this sentence should be modified as follows: "This report is intended solely for the information and use of the audit committee, management, and [*specify legislative or regulatory body*], and is not intended to be and should not be used by anyone other than these specified parties."

⁹ This paragraph conforms to SAS No. 87, *Restricting the Use of an Auditor's Report* (AU section 532). See SAS No. 87 for additional guidance on restricted-use reports.

.19 Report on Compliance and on Internal Control Over Financial Reporting¹ Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards* (Reportable Instances of Noncompliance and Reportable Conditions Identified)²

Independent Auditor's Report

Addressee:

We have audited the financial statements of Example Entity as of and for the year ended June 30, 20X1, and have issued our report thereon dated August 15, 20X1.³ We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*,⁴ issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Example Entity's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*⁵ and which are described in the accompanying schedule of findings and questioned costs as items [list the reference numbers of the related findings, for example, 20X1-2 and 20X1-5].⁶

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Example Entity's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Example Entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items [list the reference numbers of the related findings, for example, 20X1-1, 20X1-4, and 20X1-8].

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions

¹ See AAM section 12,400.18, footnote 1.

² See AAM section 12,400.18, footnote 2.

³ See AAM section 12,400.18, footnote 3.

⁴ See AAM section 12,400.17, footnote 2.

⁵ See AAM section 12,400.18, footnote 5.

⁶ If the auditor has issued a separate letter to management to communicate matters that do not meet the criteria for reporting in paragraph 5.18 of *Government Auditing Standards*, this paragraph should be modified to include a statement such as the following: "We also noted certain immaterial instances of noncompliance, which we have reported to management of Example Entity in a separate letter dated August 15, 20X1." This reference to management is intended to be consistent with chapter 5, paragraph 5.20 of *Government Auditing Standards*, which indicates that communications to "top" management should be referred to.

that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.^{7,8}

This report is intended solely for the information and use of the audit committee, management, [*specify legislative or regulatory body*], and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.^{9,10}

[Signature]

[Date]

[Source: AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, Appendix D, Example 2a, with conforming changes as of May 1, 2003.]

⁷ If conditions believed to be material weaknesses are disclosed, the report should identify the material weaknesses that have come to the auditor's attention. The last sentence of this paragraph should be replaced with language such as the following: "However, of the reportable conditions described above, we consider items [*list the reference numbers of the related findings, for example, 20X1-1 and 20X1-8*] to be material weaknesses."

⁸ If the auditor has issued a separate letter to management to communicate other matters involving the design and operation of the internal control over financial reporting, this paragraph should be modified to include a statement such as the following: "We also noted other matters involving the internal control over financial reporting, which we have reported to management of Example Entity in a separate letter dated August 15, 20X1." This reference is not intended to preclude the auditor from including other matters in the separate letter to management. Furthermore, the reference to management is intended to be consistent with paragraph 5.28 of *Government Auditing Standards* which indicates that communications to "top" management should be referred to.

⁹ If this report is issued for an audit that is not subject to Circular A-133, this sentence should be modified as follows: "This report is intended solely for the information and use of the audit committee, management, and [*specify legislative or regulatory body*], and is not intended to be and should not be used by anyone other than these specified parties." All references to the schedule of findings and questioned costs should also be removed, and instead, a description of the findings should be included in the report."

¹⁰ See AAM section 12,400.18, footnote 9.

.20 Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133 (Unqualified Opinion on Compliance and No Material Weaknesses [No Reportable Conditions Identified])¹

Independent Auditor's Report

Addressee:

Compliance

We have audited the compliance of Example Entity with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 20X1. Example Entity's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Example Entity's management. Our responsibility is to express an opinion on Example Entity's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,² issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Example Entity's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with those requirements.

In our opinion, Example Entity complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 20X1. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items [list the reference numbers of the related findings, for example, 20X1-3 and 20X1-6].³

Internal Control Over Compliance

The management of Example Entity is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Example Entity's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design

¹ The auditor should use the portions of AAM section 12,400.20 and AAM section 12,400.21 that apply to a specific auditee situation. For example, if the auditor will be giving an unqualified opinion on compliance but has identified reportable conditions, the compliance section of this report would be used along with the internal control section of AAM section 12,400.21. Alternatively, if the auditor will be giving a qualified opinion on compliance but has not identified reportable conditions, the internal control section of this report would be used along with the compliance section of AAM section 12,400.21.

² See AAM section 12,400.17, footnote 2.

³ When there are no such instances of noncompliance identified in the schedule of findings and questioned costs, the last sentence should be omitted.

or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.⁴

This report is intended solely for the information and use of the audit committee, management, [*specify legislative or regulatory body*], and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.⁵

[Signature]

[Date]

[Source: AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, Appendix D, Example 3, with conforming changes as of May 1, 2003.]

⁴ As noted in AAM section 12,400.17, footnote 3, there may be instances in which it would be appropriate to report on the schedule of expenditures of federal awards in this report (that is, a separate single audit package is issued). In such a circumstance, a new section should be added immediately following this paragraph as follows:

Schedule of Expenditures of Federal Awards

We have audited the [*general-purpose or basic*] financial statements of Example Entity as of and for the year ended June 30, 20X1, and have issued our report thereon dated August 15, 20X1. Our audit was performed for the purpose of forming an opinion on the [*general-purpose or basic*] financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the [*general-purpose or basic*] financial statements. Such information has been subjected to the auditing procedures applied in the audit of the [*general-purpose or basic*] financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the [*general-purpose or basic*] financial statements taken as a whole.

Describe any departure from the standard report (for example, a qualified opinion, a modification as to consistency because of a change in accounting principle, or a reference to the report of other auditors). Auditors should also refer to AAM section 12,400.17, footnote 5 for additional guidance.

⁵ See AAM section 12,400.18, footnote 9.

.21 Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133 (Qualified Opinion on Compliance and Reportable Conditions Identified)¹

Independent Auditor's Report

Addressee:

Compliance

We have audited the compliance of Example Entity with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 20X1. Example Entity's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Example Entity's management. Our responsibility is to express an opinion on Example Entity's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,² issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Example Entity's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with those requirements.

As described in item [list the reference numbers of the related findings, for example, 20X1-10] in the accompanying schedule of findings and questioned costs, Example Entity did not comply with requirements regarding [identify the type(s) of compliance requirement] that are applicable to its [identify the major federal program]. Compliance with such requirements is necessary, in our opinion, for Example Entity to comply with the requirements applicable to that program.

In our opinion, except for the noncompliance described in the preceding paragraph, Example Entity complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 20X1.³

Internal Control Over Compliance

The management of Example Entity is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Example Entity's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

¹ See AAM section 12,400.20, footnote 1.

² See AAM section 12,400.17, footnote 2.

³ When other instances of noncompliance are identified in the schedule of findings and questioned costs as required by Circular A-133, the following sentence should be added: "The results of our auditing procedures also disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items [list the reference numbers of the related findings, for example, 20X1-3 and 20X1-6]."

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Example Entity's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items *[list the reference numbers of the related findings, for example, 20X1-7, 20X1-8, and 20X1-9]*.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.^{4,5}

This report is intended solely for the information and use of the audit committee, management, *[specify legislative or regulatory body]*, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.⁶

.22 Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133 (Qualified Opinion on Compliance—Scope Limitation for One Major Program, Unqualified Opinion on Compliance for Other Major Programs, Reportable Conditions Identified)

Independent Auditor's Report

Addressee:

Compliance

We have audited the compliance of Example Entity with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 20X1. Example Entity's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Example Entity's management. Our responsibility is to express an opinion on Example Entity's compliance based on our audit.

Except as discussed in the following paragraph, we conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,¹ issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Example Entity's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with those requirements.

We were unable to obtain sufficient documentation supporting the compliance of Example Entity with [identify the major federal program] regarding [identify the type(s) of compliance requirement], nor were we able to satisfy ourselves as to Example Entity's compliance with those requirements by other auditing procedures.

In our opinion, except for the effects of such noncompliance, if any, as might have been determined had we been able to examine sufficient evidence regarding Example Entity's compliance with the requirements of [identify the major federal program] regarding [identify the type(s) of compliance requirement], Example Entity complied, in all material respects, with the requirements referred to above that are applicable to each of its other major federal programs for the year ended June 30, 20X1.²

Internal Control Over Compliance

The management of Example Entity is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Example Entity's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could

¹ See AAM section 12,400.17, footnote 2.

² See AAM section 12,400.21, footnote 3.

adversely affect Example Entity's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as *items* [list the reference numbers of the related findings, for example, 20X1-7, 20X1-8, and 20X1-9].

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.^{3, 4}

This report is intended solely for the information and use of the audit committee, management, [specify legislative or regulatory body], and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.⁵

.23 Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133 (Adverse Opinion on Compliance for One Major Program, Unqualified Opinion on Compliance for Other Major Programs, and Material Weaknesses Identified)

Independent Auditor's Report

Addressee:

Compliance

We have audited the compliance of Example Entity with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 20X1. Example Entity's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Example Entity's management. Our responsibility is to express an opinion on Example Entity's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,¹ issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Example Entity's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with those requirements.

As described in items [list the reference numbers of the related findings, for example, 20X1-10, 20X1-11, and 20X1-12] in the accompanying schedule of findings and questioned costs, Example Entity did not comply with requirements regarding [identify the types of compliance requirements] that are applicable to its [identify the major federal program]. Compliance with such requirements is necessary, in our opinion, for Example Entity to comply with requirements applicable to that program.

In our opinion, because of the effects of the noncompliance described in the preceding paragraph, Example Entity did not comply in all material respects, with the requirements referred to above that are applicable to [identify the major federal program]. Also, in our opinion, Example Entity complied, in all material respects, with the requirements referred to above that are applicable to each of its other major federal programs for the year ended June 30, 20X1.²

Internal Control Over Compliance

The management of Example Entity is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Example Entity's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant

¹ See AAM section 12,400.17, footnote 2.

² See AAM section 12,400.21, footnote 3.

deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Example Entity's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items *[list the reference numbers of the related findings, for example, 20X1-7, 20X1-8, and 20X1-9]*.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider items *[list the reference numbers of the related findings, for example 20X1-8 and 20X1-9]* to be material weaknesses.³

This report is intended solely for the information and use of the audit committee, management, *[specify legislative or regulatory body]*, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.⁴

.24 Unqualified Opinion on the Financial Statements of a Federal Program in Accordance With the Program-Specific Audit Option Under OMB Circular A-133

Independent Auditor's Report

Addressee:

We have audited the accompanying schedule of expenditures of federal awards for the [identify the federal program] of Example Entity for the year ended June 30, 20X1. This financial statement is the responsibility of Example Entity's management. Our responsibility is to express an opinion on the financial statement of the program based on our audit.¹

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,² issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the schedule of expenditures of federal awards referred to above³ presents fairly, in all material respects, the expenditures of federal awards under the [identify the federal program] in conformity with accounting principles generally accepted in the United States of America.^{4, 5}

[Signature]

[Date]

[Source: AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, Appendix D, Example 6, with conforming changes as of May 1, 2003.]

¹ In many cases, the financial statements of the program will consist only of the schedule of expenditures of federal awards (and notes to the schedule), which is the minimum financial statement presentation required by section 235 of Circular A-133. If the auditee issues financial statements that consist of more than the schedule, this paragraph should be modified to describe the financial statements. Also refer to paragraph 11.10 of the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, for a discussion of the possible need to issue a separate report to meet the reporting requirements of *Government Auditing Standards*.

² See AAM section 12,400.17, footnote 2.

³ If the auditee issues financial statements that consist of more than the schedule, this sentence should be modified to identify the results displayed in the financial presentation.

⁴ The auditor should follow the guidance in SAS No. 62, *Special Reports* (AU section 623), when the auditee prepares the financial statement of the program in conformity with a basis of accounting other than GAAP.

⁵ If a separate report is issued to meet the reporting requirements of *Government Auditing Standards* (see paragraph 11.10 of the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*), an additional paragraph should be added as follows: "In accordance with *Government Auditing Standards*, we have also issued our report dated [date of report] on our consideration of Example Entity's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants."

.25 Report on Compliance With Requirements Applicable to the Federal Program and on Internal Control Over Compliance in Accordance With the Program-Specific Audit Option Under OMB Circular A-133¹ (Unqualified Opinion on Compliance and No Material Weaknesses [No Reportable Conditions Identified])²

Independent Auditor's Report

Addressee:

Compliance

We have audited the compliance of Example Entity with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to [identify the federal program] for the year ended June 30, 20X1. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of Example Entity's management. Our responsibility is to express an opinion on Example Entity's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*,³ issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on [identify the federal program] occurred. An audit includes examining, on a test basis, evidence about Example Entity's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with those requirements.

In our opinion, Example Entity complied, in all material respects, with the requirements referred to above that are applicable to its [identify the federal program] for the year ended June 30, 20X1. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items [list the reference numbers of the related findings, for example, 20X1-1 and 20X1-2].⁴

Internal Control Over Compliance

The management of Example Entity is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Example Entity's internal control over compliance with requirements that could have a direct and material effect on its [identify the federal program] in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

¹ This is an example of a report on a program-specific audit under Circular A-133 when no federal audit guide applicable to the program being audited is available. When a federal audit guide applicable to the program is available, Circular A-133 requires that the auditor follow the reporting requirements of that federal audit guide (see paragraph 11.04 of the AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, for a discussion of the auditor's responsibility when a program-specific audit guide is not current).

² If issuing a qualified or adverse opinion on compliance, the auditor should modify the compliance section of this report to be consistent with the wording used in AAM section 12,400.21 or AAM section 12,400.25, accordingly. If reporting reportable conditions, including material weaknesses, the auditor should modify the internal control section of this report to be consistent with the wording used in AAM section 12,400.21.

³ See AAM section 12,400.17, footnote 2.

⁴ See AAM section 12,400.20, footnote 3.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, [*specify legislative or regulatory body*], and the federal awarding agency and pass-through entity and is not intended to be and should not be used by anyone other than these specified parties.⁵

.26 Illustrative Schedule of Findings and Questioned Costs

Example Entity
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 20X1

Section I—Summary of Auditor's Results

Financial Statements

Type of auditor's report issued [*unqualified, qualified, adverse, or disclaimer*]:

Internal control over financial reporting:

- Material weakness(es) identified? _____ yes _____ no
- Reportable condition(s) identified that are not considered to be material weaknesses? _____ yes _____ none reported

Noncompliance material to financial statements noted? _____ yes _____ no

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? _____ yes _____ no
- Reportable condition(s) identified that are not considered to be material weakness(es)? _____ yes _____ none reported

Type of auditor's report issued on compliance for major programs [*unqualified, qualified, adverse, or disclaimer*]:¹

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of Circular A-133? _____ yes _____ no

Identification of major programs:²

CFDA Number(s)³

Name of Federal Program or Cluster⁴

Dollar threshold used to distinguish between type A and type B programs: \$ _____

Auditee qualified as low-risk auditee? _____ yes _____ no

¹ If the audit report for one or more major programs is other than unqualified, indicate the type of report issued for each program. For example, if the audit report on major program compliance for an auditee having five major programs includes an unqualified opinion for three of the programs, a qualified opinion for one program, and a disclaimer of opinion for one program, the response to this question could be as follows: "Unqualified for all major programs except for [name of program], which was qualified and [name of program], which was a disclaimer."

² Major programs should generally be identified in the same order as reported on the schedule of expenditures of federal awards.

³ When the CFDA number is not available, include other identifying number, if applicable.

⁴ The name of the federal program or cluster should be the same as that listed in the schedule of expenditures of federal awards. For clusters, auditors are only required to list the name of the cluster and not each individual program within the cluster.

Section II—Financial Statement Findings

[This section identifies the reportable conditions, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with paragraphs 5.18 through 5.20 of Government Auditing Standards. Auditors should refer to those paragraphs, as well as the reports content section of chapter 7 of Government Auditing Standards, for additional guidance on preparing this section of the schedule.]

Identify each finding with a reference number.⁵ If there are no findings, state that no matters were reported. Audit findings that relate to both the financial statements and federal awards should be reported in both section II and section III. However, the reporting in one section may be in summary form with a reference to a detailed reporting in the other section of the schedule. For example, a material weakness in internal control that effects an entity as a whole, including its federal awards, would generally be reported in detail in this section. Section III would then include a summary identification of the finding and a reference back to the specific finding in this section. Each finding should be presented in the following level of detail, as applicable:

- Criteria or specific requirement
- Condition
- Context⁶
- Effect
- Cause
- Recommendation
- Management's response⁷

Section III—Federal Award Findings and Questioned Costs

[This section identifies the audit findings required to be reported by section 510(a) of Circular A-133 (for example, reportable conditions, material weaknesses, and material instances of noncompliance, including questioned costs). Where practical, findings should be organized by federal agency or pass-through entity.]

Identify each finding with a reference number.⁸ If there are no findings, state that no matters were reported. Audit findings that relate to both the financial statements and federal awards should be reported in both section II and section III. However, the reporting in one section may be in summary form with a reference to a detailed reporting in the other section of the schedule. For example, a finding of noncompliance with a federal program law that is also material to the financial statements would generally be reported in detail in this section. Section II would then include a summary identification of the finding and a reference back to the specific finding in this section. Each finding should be presented in the following level of detail, as applicable:

- Information on the federal program⁹
- Criteria or specific requirement (including statutory, regulatory, or other citation)

⁵ A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited, followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 20X1 would be assigned reference numbers of 20X1-1, 20X1-2, etc.

⁶ Provide sufficient information for judging the prevalence and consequences of the finding, such as the relation to the universe of costs and/or the number of items examined and quantification of audit findings in dollars.

⁷ See paragraphs 5.18 through 5.20 and 7.38 through 7.42 of *Government Auditing Standards* for additional guidance on reporting management's response.

⁸ See footnote 5.

⁹ Provide the federal program (CFDA number and title) and agency, the federal award's number and year, and the name of the pass-through entity, if applicable. When this information is not available, the auditor should provide the best information available to describe the federal award.

- *Condition*¹⁰
- *Questioned costs*¹¹
- *Context*¹²
- *Effect*
- *Cause*
- *Recommendation*
- *Management's response*¹³

[Source: AICPA Audit Guide *Audits of States, Local Governments, and Not-for-Profit Organizations Receiving Federal Awards*, Appendix E, with conforming changes as of May 1, 2003.]

¹⁰ Include facts that support the deficiency identified in the audit finding.

¹¹ Identify questioned costs as required by sections 510(a)(3) and 510(a)(4) of Circular A-133.

¹² See footnote 6.

¹³ To the extent practical, indicate when management does not agree with the finding, questioned cost, or both.

.27 Report on Separately Issued Summary Financial Information Prepared in Accordance With the Guidance Provided in Paragraph 18.23 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*

Independent Auditor's Report

Addressee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the general-purpose financial statements of [City of Example] as of and for the year ended June 30, 20X1 (not presented herein), and have issued our report thereon dated August 15, 20X1.¹

As explained in Note [x], the accompanying summary financial information of [City of Example], as of and for the year ended June 30, 20X1, is not a presentation in conformity with accounting principles generally accepted in the United States of America. In our opinion, however, the accompanying summary financial information is fairly stated, in all material respects, in relation to the general-purpose financial statements from which it has been derived.

[Signature]

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix A, Example A.17, with conforming changes as of May 1, 2003.]

¹ Describe any departure from the standard report.

.28 Report on Separately Issued Summary Financial Information Prepared in a Manner Inconsistent With the Guidance Provided in Paragraph 18.23 of the AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*

Independent Auditor's Report

Addressee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the general-purpose financial statements of [City of Example] as of and for the year ended June 30, 20X1 (not presented herein), and have issued our report thereon dated August 15, 20X1.¹

As explained in Note [x], the accompanying summary financial information of [City of Example], as of and for the year ended June 30, 20X1, is not a presentation in conformity with accounting principles generally accepted in the United States of America. Furthermore, the summary financial information has been prepared [specify reason(s) for adverse report, for example, using a different measurement focus and basis of accounting² from the general-purpose financial statements].

In our opinion, because of the significance of [specify reason(s) for adverse report, for example, using a different measurement focus and basis of accounting], the accompanying summary financial information, as of and for the year ended June 30, 20X1, is not fairly stated in relation to the general-purpose financial statements.

[Signature]

[Date]

[Source: AICPA Audit and Accounting Guide *Audits of State and Local Governmental Units (Non-GASB 34 Edition)*, Appendix A, Example A.18, with conforming changes as of May 1, 2003.]

[The next page is 20,001.]

¹ Describe any departure from the standard report.

² A different measurement focus and basis of accounting would include changing from a modified accrual basis of accounting to a cash basis, recording depreciation on general fixed assets through the operating statement of a governmental fund type, etc.

AICPA RESOURCE: Accounting & Auditing Literature

Your core A&A library—online!

The AICPA has created a unique online research tool by combining the power and speed of the Web with comprehensive accounting and auditing standards. *AICPA RESOURCE* includes AICPA's and FASB's libraries:

- AICPA Professional Standards
- AICPA Technical Practice Aids
- AICPA's Accounting Trends & Techniques
- AICPA Audit and Accounting Guides
- AICPA Audit Risk Alerts
- FASB Original Pronouncements
- FASB Current Text
- EITF Abstracts
- FASB Implementation Guides
- FASB's Comprehensive Topical Index

Search for pertinent information from both databases by keyword and get the results ranked by relevancy. Print out important *AICPA RESOURCE* segments and integrate the literature into your engagements and financial statements.

Available from anywhere you have Internet access, this comprehensive reference library is packed with the A & A guidance you need—and use—the most. Both libraries are updated with the latest standards and conforming changes.

AICPA & FASB Paperbacks — Indispensable to Your Core Library

AICPA Professional Standards

AICPA Professional Standards contains all of the outstanding pronouncements on professional standards issued by the AICPA, the International Federation of Accountants, and the International Accounting Standards Board. These pronouncements are arranged by subject, with amendments noted and superseded portions deleted. This edition includes all outstanding standards and statements issued through June 1, 2003.

No. 005103 / \$129.00 AICPA Member / \$161.25 Nonmember

AICPA Audit and Accounting Manual

Developed exclusively for small- and medium-sized CPA practices, this unique one-volume manual explains and demonstrates useful techniques and procedures for conducting audit, review, and compilation engagements — from planning to internal control to accountants' reports. In addition, the Manual includes: valuable practice aids, sample confirmation, engagement and representation letters, audit programs, internal control checklists and much more! The Manual has been revised as of June 1, 2003.

No. 005133 / \$109.00 AICPA Member / \$136.25 Nonmember

AICPA Technical Practice Aids

This publication contains all outstanding AICPA Statements of Position and Practice Bulletins issued through June 1, 2003. In addition, this useful reference presents a nonauthoritative section that offers carefully thought-out responses to selected inquiries received by the AICPA Technical Hotline and AICPA Technical and Industry Committees.

No. 005143 / \$109.00 AICPA Member / \$136.25 Nonmember

FASB Accounting Standards — Original Pronouncements

published by the Financial Accounting Standards Board

This set contains the original text of accounting standards pronouncements with superseded sections and amendments clearly noted. This edition has been updated for all pronouncements issued through June 1, 2003 — includes FAS 150.

No. 005123 / \$129.00 AICPA Member / Available only to AICPA members

FASB Accounting Standards — Current Text

published by the Financial Accounting Standards Board

This two-volume set is expertly prepared and updated; this edition includes current accounting standards — including FAS 150! Arranged by subject and fully indexed for easy reference, the information is organized within two logical classifications: General Standards and Industry Standards.

No. 005113 / \$119.00 AICPA Member / Available only to AICPA members

SPECIAL OFFER! A \$595.00 VALUE — FOR JUST \$475.00!

No. 005163 / \$475.00 (available only to AICPA members)

SPECIAL COMBINATION! AICPA Professional Standards and FASB Accounting Standards — Current Text

No. 005153 / \$210.00 (available only to AICPA members)
