DISCLOSURE CHECKLISTS AND ILLUSTRATIVE FINANCIAL STATEMENTS
FOR CREDIT UNIONS

The checklists and illustrative financial statements included in this
section have been developed by the staff of the Technical Information
Division of the AICPA as nonauthoritative technical practice aids.
Readers should be aware of the following:

- The checklists and illustrative financial statements are "tools" and in no way represent official positions or pronouncements of the AICPA.
- The checklists and illustrative financial statements have been updated through SAS No. 63, FASB Statement of Financial Accounting Standards No. 102, FASB Interpretation No. 38, and FASB Technical Bulletin No. 88-2.
- The checklists and illustrative financial statements should be used by or under the supervision of persons having adequate technical training and proficiency in the application of generally accepted accounting principles, generally accepted auditing standards, and statements on standards for accounting and review services.
- The checklists and illustrative financial statements do not represent minimum requirements and do not purport to be all-inclusive. The referenced standard should be reviewed if clarification is desired as to whether the disclosure indicated is required or suggested, and to what extent the disclosure is relevant to the statements being examined.

Users of these checklists and illustrative financial statements are urged to refer directly to applicable authoritative pronouncements when appropriate. If you have further questions, call the AICPA Technical Hotline (see back cover).

The author wishes to acknowledge the assistance of his colleague, Jean M. McNally, CPA, who served as consultant on this project.

This checklist is updated through FASB Statement No. 102. At the time of this checklist's publication, the FASB was in the final stages of issuing a Statement on Financial Accounting Standards that would require all entities to disclose information about (1) financial instruments with off-balance-sheet risk and (2) financial instruments with concentrations of credit risk. Those disclosures would be required for financial statements issued for fiscal years ending after June 15, 1990, and will be reflected in Section 10400 of the AICPA Financial Statement Preparation Manual that will be mailed to subscribers before June 1990.

INTRODUCTION

Credit unions are cooperatives owned and directed by its members. The credit union industry operates under federal and state supervision and regulation. Those regulations influence the accounting and financial reporting.

Credits unions are subject to periodic examinations by supervisory agency examiners in addition to examinations by the credit unions own supervisory committee.

Common accounting and reporting by credit unions include:

- Accrual basis of accounting is the only acceptable basis of accounting under GAAP, although some credit unions may report certain revenue and expenses items on a cash or modified cash basis.

- Credit unions usually prepare a non-classified statement of financial condition.

- The first item on the asset side of the statement of financial condition is loans to members.

- For GAAP purposes, members savings (share) accounts are classified as liabilities. For regulatory purposes those accounts are considered equity.

- Provision for loan losses should be reported as expense.

- Note disclosure should include information on loan maturities, and the amount of loans at fixed rates of interest.

- Accrued loan interest can be reported separately or in "other assets".

- Accumulated undistributed earnings should be reported as a single amount captioned retained earnings.

- Credit unions are exempt from federal income taxes and most are exempt from state and local income taxes.
Disclosure Checklists--General

Many auditors and accountants find it helpful to use checklists as practice aids to prepare financial statements and reports. Some firms have developed their own checklists for internal use, and may also have specialized checklists to meet the needs of their practices, such as checklists for clients in particular industries or clients that report to the SEC. Some state CPA societies have developed checklists as practice aids that may be available to other practitioners as well as to their own members. Some commercial publishers also include checklists in certain of their publications. However, authoritative literature does not require the use of such checklists, nor does it prescribe their format or content, which may vary.

Checklists typically consist of a number of brief questions or statements that are accompanied by references to Statements on Auditing Standards, Statements on Standards for Accounting and Review Services, Statements of Financial Accounting Standards, Accounting Principles Board Opinions and Accounting Research Bulletins. Some checklists also include references to FASB Interpretations, and Industry Audit Guides. The extent of detail included in checklists varies with the judgment of the preparers on how extensively to refer to and highlight authoritative literature without developing a checklist that is too long and unwieldy. Accordingly, checklists may serve as convenient memory aids but cannot be used as a substitute for direct references to the authoritative literature.

Checklists usually provide for checking off or initialling each question or point to show that it has been considered. The format used in this booklet is a typical one; it provides for "yes," "no," and "not applicable" answers and presumes that remarks would be prepared on separate cross-referenced memorandums. Some preparers, however, prefer to include space for remarks in the body of the checklist while others prefer alternative checklist formats. For example, a checklist format may provide for the following set of answers: "not applicable," "not material," "in statements," and "in notes" (with provisions for indicating a cross reference to the specific statement caption or note). Another format may provide for only two answers, "disclosed" and "not applicable." Firms and practitioners who develop their own checklists should adopt formats that suit their needs and preferences.

Disclosure checklists generally are accompanied by caveats that include all of the following points:

- Use of the checklists requires the exercise of individual professional judgment and may likely require some modification based on the circumstances of individual engagements.

- The checklists are not all-inclusive and are not intended to present minimum requirements.
- Users need to modify the checklists for any pronounce-
  ments issued subsequent to those mentioned in the
  checklist.

If widespread circulation is expected, the preparers generally also
stress the nonauthoritative or unofficial status of the checklists and
disclaim responsibility for the way they may be used.

   d. Financial information that requires a prescribed form of auditor's report?  
      [SAS 62, pars. 22-26 (AU 623.22-.26)]
14. If information is to accompany the basic financial statements and auditor's report in an auditor-submitted document (long-form report):

a. Is there a clear distinction between the client's representations and auditor's representations? [SAS 29, par. 20 (AU 551.20)]

b. Does the auditor's report on the accompanying information:

(1) State that the examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole?

(2) Specifically identify the accompanying information?

(3) State that the accompanying information is presented for purposes of additional analysis and is not part of the basic financial statements?

(4) State whether the additional information has been subjected to the auditing procedures applied in examining the basic financial statements and whether the appropriate expression or disclaimer of opinion is included? [SAS 29, pars. 6-11 (AU 551.06-.11)]

15. If an auditor-submitted document with accompanying information (long-form report) is co-existing with a document that includes just the basic financial statements and the auditor's report:

a. Do the basic financial statements in all co-existing documents consistently include all the information necessary for a fair presentation in conformity with generally accepted accounting principles? [SAS 29, par. 21 (AU 551.21)]

b. Are any additional comments or explanations by the auditor consistent with
the description of the scope of the examination in the auditor's standard (or modified) report?
[SAS 29, par. 20 (AU 551.20)]

16. If the document contains interim financial information, has the auditor's report been expanded if required?
[SAS 36, pars. 24-30 (AU 722.24-.30)]

17. If supplementary information required by the FASB is presented outside the basic financial statements in an auditor-submitted document, has an opinion been disclaimed on such information unless it has been audited?
[SAS 27, pars. 8 and 11 as amended by SAS 52, par. 3 (AU 558.03 and AU 551.15)]

18. If a report on internal accounting control is to be issued [Material weaknesses in internal accounting control ("reportable condition") that come to the auditor's attention must be communicated, preferably in writing, to the audit committee or the board of directors] [SAS 60, (AU 325.04)] is the appropriate form used for:

a. A report for the restricted use of management, specified regulatory agencies, or other specified third parties based solely on a study and evaluation made as part of an audit of financial statements but not sufficient for expressing an opinion on the system?
[SAS 30, pars. 47-53 (AU 642.47-.53)]

b. Communication to the audit committee of internal control structure related matters noted in an audit or other agreed-upon matters?
[SAS 60, pars. 12-19 (AU 325.12-.19)]

Illustrative Financial Statements
Illustrative Report of the Independent Auditor
and Illustrative Credit Union
Financial Statements

(The following illustrates the auditor’s standard report and one form of currently acceptable financial statements. Other forms of financial statements may be acceptable. More or less detail should appear in the financial statements or in the notes, depending on the circumstances. The CPA should be guided by existing auditing standards concerning the report.)

Independent Auditor’s Report

To the Board of Directors
Sample Credit Union
Sampletown, U.S.A.

We have audited the accompanying statement of financial condition of Sample Credit Union as of December 31, 19X2 and 19X1, and the related statements of income, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the credit union’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sample Credit Union at December 31, 19X2 and 19X1, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

SIGNIFICANT ACCOUNTING POLICIES

Investments. Investment securities are stated at cost adjusted for amortization of premiums and accretion of discounts, which are recognized as adjustments to interest income on investments. Gains or losses on disposition are based on the net proceeds and the adjusted carrying amount of the securities sold, using the specific identification method.

Loans to members and allowance for possible loan losses. Loans are stated at the amount of unpaid principal, reduced by an allowance for possible loan losses. Interest on loans is recognized over the term of the loan and is calculated using the simple-interest method on principal amounts outstanding. The allowance for possible loan losses is established through a provision for possible loan losses charged to expenses. Loans are charged against the allowance for possible loan losses when management believes that the collectibility of the principal is unlikely. The allowance is an amount that management believes will be adequate to absorb possible losses on existing loans that may become uncollectible, based on evaluations of the collectibility of loans and prior loan loss experience. The evaluations take into consideration such factors as changes in the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, and current economic conditions and trends that may affect the borrowers’ ability to pay. Accrual of interest is discontinued on a loan when management believes, after considering economics, business conditions, and collection efforts, that the borrowers’ financial condition is such that collection of interest is doubtful.

Property and equipment. Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets.

Pension plan. The credit union has a noncontributory pension plan covering substantially all employees. The credit union’s policy is to fund accrued pension costs.

Retained Earnings

The Sample Credit Union is required by regulation to maintain a statutory reserve. This reserve, which represents a regulatory restriction of retained earnings, is not available for the payment of dividends.

Other appropriated retained earnings represent a restriction on the payment of dividends as established by the board of directors.

The Sample Credit Union is exempt, by statute, from federal and state income taxes.

Commitments and Contingent Liabilities

Outstanding mortgage loan commitments at December 31, 19X2, total approximately $600. These commitments are not reflected in the financial statements.

The credit union is a party to various legal actions normally associated with financial institutions, the aggregate effect of which, in management’s and legal counsel’s opinion, would not be material to the financial condition of Sample Credit Union.

Pension Plan

Effective as of January 1, 19X1 the credit union adopted Statement of Financial Accounting Standards No. 87, "Employers' Accounting for Pensions." Adoption of the statement, which is accounted for prospectively without adjustment to prior years, increased the credit union’s 19X1 net income by $50.

The weighted average discount rate and rate of increase in future compensation levels in determining the actuarial present value of the projected benefit obligation were 5% and 4.5%, respectively. The expected long-term rate of return on assets was 8%.

In 19X2 and 19X1, $5 and $7, respectively, of the vested benefit portion of the projected benefit obligation were settled through the purchase of nonparticipating annuity contracts for certain retired participants and lump sum payments for certain terminated participants. As a result, the company recognized gains of $2 and $1 in 19X2 and 19X1, respectively.
