# Accountants' Index—1982

THIRTY-FIRST SUPPLEMENT

The only reference of its kind, the *Accountants' Index* should have a prominent place in the reference collection of every accounting firm, business corporation, government agency, college and public library. It offers invaluable help to everyone who may be concerned with accounting and associated fields.

Just published, the 31st Supplement to the *Accountants' Index* is an easy-to-use business tool that enables the user to locate accounting and related business materials that have been published during 1982. It provides ready access to a wide range of books, articles, pamphlets, speeches and government documents—many of which do not have public or widespread distribution. It therefore makes it easy to

locate material that will be helpful in research, business writing, source retrieval, management information and many other uses—both for business professionals and researchers.

The 14,600 items in this

A TIME-SAVING REFERENCE FOR EVERYONE INVOLVED WITH ACCOUNTING AND RELATED SUBJECTS.

Accounting practitioners  
Accountants in industry  
Financial executives  
Government accountants  
Management consultants  
Economists  
Attorneys  
Teachers and students

new supplement are each listed by author and subject, including the relevant business, industry or trade. Books and pamphlets are also listed by title.

In addition, every entry in the *Accountants' Index* supplies full citations for complete bibliographic information including the name of the publication in which the item appeared...country of origin (if foreign)...date of publication...volume number...page numbers. As a special service, the current addresses of over 800 book and journal publishers are provided in a separate directory.

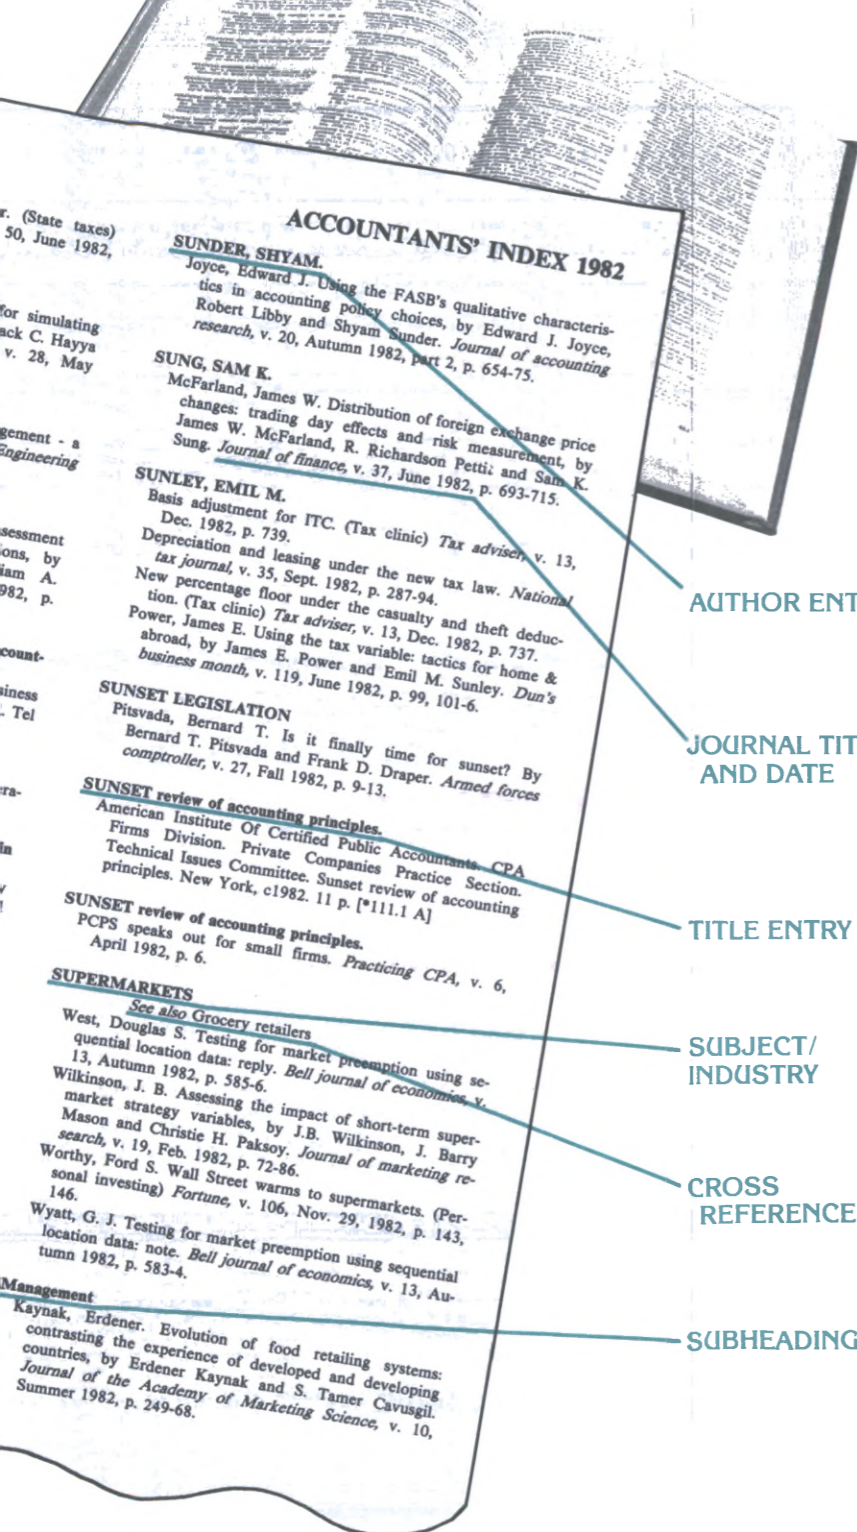

The *Accountants' Index* is sure to be an expediting aid to any business research need. It has been used with great success as a means of achieving quick, accurate and thorough access to a wide range of business topics—thereby freeing researchers and busy executives from tedious library searches—and enabling them to devote their valuable time to the problem or question at hand.

Two Volumes \$60.00
