Recommended Citation

Haskins & Sells Bulletin, Vol. 12, no. 08 (1929 November), p. 68

This Article is brought to you for free and open access by the Deloitte Collection at eGrove. It has been accepted for inclusion in Haskins and Sells Publications by an authorized administrator of eGrove. For more information, please contact egrove@olemiss.edu.

of stock are distributed," and the profit on sale of the new shares is computed on the basis of such allocated cost. In cases of the last-named variety one of our large clients who otherwise calculates profits in accordance with the tax regulations, does not allocate the cost between old and new stock, but takes in the entire proceeds of sale as income.
