October, 1994

Dear Chapter President:

The enclosed membership directory is your key to networking across the country with members of our organization. Networking is one of the greatest ASWA benefits. It is useful on the local level, but can be powerful when used nationwide.

Our theme this year is "Take a Risk/Share Success!". Why not take a risk and call a friend or acquaintance from a previous Area Conference or Annual Meeting? You can make plans to share a room or attend a pre-conference activity for an upcoming area or annual conference. Do you have a problem on the job? You have a gold mine of free advice and consulting available to you from members at the other end of a phone line who would be only too happy to share their successes in similar situations.

The directory contains other useful information such as the Directory of Chapter Presidents, information about the Educational Foundation, future conference dates, sites and locations, and handy forms and applications you can duplicate for your use. Please review the table of contents to familiarize yourself with all the helpful information available to you.

Please encourage the members of your chapter to contact National Headquarters at 800-326-2163 with their change of address or phone number. We want to have the most current information available to help our members stay in touch with each other. We also encourage your feedback on what to maintain or change about the directory as you use it throughout your year as chapter president. We hope it will be a tool for you and your chapter as you achieve successes and share them with others!

Sincerely,

Shirley J. Laird,
National President

PROFILE

The American Society of Women Accountants was founded in 1938 to increase the opportunities for women in all fields of accounting. Today, we have more than 7,300 members in 117 chapters throughout the United States.

Our members include partners in national, regional and local CPA firms, financial officers, controllers, academicians, financial analysts and data processing consultants, recent college graduates, students and women returning to the work force. Many of our members have attained professional certifications such as CPA, CMA, CIA, CISA, or have become Enrolled Agents.

MISSION

The mission of the American Society of Women Accountants is to enable women in all fields of accounting to achieve their personal, professional and economic potential and to contribute to the future development of the profession.

OBJECTIVES

- * To develop technical leadership and management skills and to provide training in career planning and goal setting.
- * To promote active participation in developing, implementing and maintaining accounting standards that serve the profession, the business community and the general public.
- * To educate accounting professionals in the value of addressing quality-of-life issues.
- * To cooperate with other accounting and business organizations in joint projects which support the mission of the society.
- * To ensure the continuation of ASWA as a strong and viable organization supporting members in achieving successful careers.

1994-1995 NATIONAL THEME

As ASWA enters its 56th year of service to women in accounting, we are focusing on the risk-taking and resulting successes of our members and chapters. We hope to build membership this year by challenging members to "take a risk" in the supportive environment of ASWA membership and participation. By building membership, we hope to strengthen the chapters, thereby strengthening the organization as a whole.

TAKE A RISK/SHARE SUCCESS!
