**Storm
Warning**

It's not too early to get prepared...

In the event of a severe storm, widespread transportation disruption, or other emergency, to find out whether the office will be closed, dial:

(212) 575-3825

You will hear a recorded message authorized by President Chenok announcing whether or not the office will be closed. This message, which is accessible 24 hours a day, represents the official word on office operations. The responsibility for calling this number to determine whether or not the office will be closed rests with each member of the staff.

For handy reference, the back of your I.D. card indicates the emergency telephone number. If your I.D. card was issued prior to 1986, a sticker bearing the number should be affixed to it.

Staff members can also tune in to News Radio 88 on the AM dial for office closing information.

If it becomes necessary to shut down during regular business hours, the information will be broadcast internally over our public address system.
