## **Achieve Your Financial Goals**

It's important to focus on planning for retirement. For those employees eligible to join the 401(K) Plan (eligibility begins after one full year of service) we urge you to submit your enrollment forms by Monday, June 20 in order to begin participation as of July 1, 1994.

Current 401(K) participants are reminded that the deadline for making changes in their investment selections and/or contributions is also Monday, June 20. All forms should be submitted to Financial Management or placed in the drop box in the Payroll Department at the Harborside office.

Remember, the AICPA 401(K) Savings Plan is a valuable employee benefit and a worthwhile way to save for your retirement and long-term financial needs. If you have any questions about the plan, please contact Financial Management at ext. 3482.

## **Dependent Coverage**

Since graduation time is upon us, we'd like to remind you of the PruCare and US Healthcare plan provisions.

Under PruCare, an unmarried child is eligible as a dependent until age 19 or, if a full-time student, until age 25. Under US Healthcare, an unmarried child is eligible as a dependent until age 19 or, if a full-time student, until age 23. Upon reaching the limiting age or graduating from college, your dependent is no longer eligible for dependent coverage but can at his/her own expense continue coverage for up to three years.

In the event that your dependent is no longer eligible, you must notify Human Resources immediately in writing so that the proper forms can be generated. If you have any questions, please contact Chris Miller, Benefits Administrator at ext. 3354.

## **Pollen Hotline**

Do you love the weather this time of year, but hate what it does to your sinuses?

Do you wake up in the morning and say "What a beautiful day" and then wonder if the morning dew is going to make you feel like an armored truck just parked in your head?

Well wonder no more! Now you can wake up each morning and know whether or not you should leave the antihistamine at home.

**You can now call the Multidata Pollen Forecast Hotline. This Hotline provides weekly up-to-date forecasts of pollen levels for 50 locations throughout the United States. To make sure you're ready for those days when you feel like sending your sinuses to Arizona, call 1-800-Pollens.**
